FINAL SCENE IN CAREER OF DIVINE SARAH

ALLIES ARE UNIT IN REPLY TO TURKISH SUGGESTION FOR PEACE TREATY

Unanimity of Allies at Peace Conference with Turkey Likely to Result in Final Settlement

LONDON, March 26.—A condition of complete unanimity has been reached by the allied delegates to the preliminary conference here on Near East affairs regarding the nature of the reply the Allies will make to Turkish counter proposals to the Lausanne conference peace treaty draft. The work of redrafting is well under way this morning and will likely be completed before tonight to allow the meeting of allied delegates to resume the conference with Turkey on April 23. Lord Curzon is not taking part but Great Britain will be represented by Lieutenant-General Sir Charles Harrington, commander of the allied forces at Constantinople, and Sir Horace Rumbold, British High Commissioner.

BUTEDALE GETS FIRST HERRING

Pauline J. and Joe Baker Sold Halibut There at Week-end and Took on Supplies

BUTEDALE, March 26.—Herring has arrived here at last, the seine boat Newcastle No. 4 having arrived at the week-end with a full load to be used for bait purposes. The schooner Pauline J. and Joe Baker are the first two halibut boats to arrive here this season, the former being the first to sell her catch to the local branch of the Canadian Fishing Co. Both boats discharged their catches here on Friday. The brine tank used in freezing ice here is under repair so no ice has been frozen yet. In a few days production will commence, however, and there will then be a permanent supply of bait and ice. R. B. Payne, superintendent of production for the Canadian Fishing Co., returned last week to Vancouver after having inspected the various plants of the company along the coast. He was very well pleased with the progress of things here and expects a very busy season at the local plant.

VICTORIA PEOPLE DEVELOPING NERVES

Several Hold-ups Recent Cause People at Capital to Get Fright

VICTORIA, Mar. 26.—The local police say that people here are developing a bad case of nerves as a result of several hold-ups and attempted hold-ups. The latest report was that E. Howard Russell, professor of Victoria College, was the victim of an attempted hold-up. He was driving home rather late at night when two men stepped in front of his car as he was driving past Roccabella, at McClure St. He stepped on the gas pedal and speeded up the car with the result that nothing happened. As soon as he reached home he telephoned the police informing them of the incident.

Mme. Sarah Bernhardt Greatest of Actresses Ends Wonderful Career

PARIS, March 26.—Late this afternoon Madame Sarah Bernhardt, the world famous actress, died. She was taken ill Saturday and from that time on her condition was seen to be helpless. The exact nature of her sickness was not revealed.

Until a recent breakdown, Madame Bernhardt, who was 78 years of age, was still working at her art and was known to every land as "the world's greatest actress." What dissent there might have been to this estimate, and however far her detractors ventured in their attempts to minimize her right to that distinction, the numberless admirers of the "Divine Sarah" remained convinced that never before had the stage produced an actress capable of soaring to such heights in the realm of emotional drama.

CANADIAN PICKS OFF LARGE STAKE AT TIA JUANA HORSE RACES

Commander J. K. L. Ross, of Toronto, Wins Cofferth Handicap and Prize of \$29,475

SAN DIEGO, Mar. 26.—Rebuke, owned by Commander J. K. L. Ross, Canadian sportsman, won the Cofferth Handicap at Tia Juana yesterday. Ross is enriched to the extent of \$29,475 as a result. This is alleged to be the largest stake ever won on the American turf.

CONCILIATION WAGES BOARD IS APPOINTED

Judge McB. Young is Chairman With W. E. Fisher and T. Ross Mackay

Defying the majority of the city council Mayor Newton on Saturday notified the Department of Labor at Ottawa that the city would agree to a conciliation board in connection with the threatened strike of civic laborers and appointed W. E. Fisher as the city representative on it. As a result the strike was called off and the men are still at work. Mr. Fisher notified the Daily News this morning that he and Mr. Mackay had held consultations Saturday and this morning had selected Judge F. McB. Young as chairman of the board and had notified F. A. Acland, deputy minister of labor to that effect in the following telegram: "Replying to telegram of 24th inst. we agreed at a conference today to recommend Judge McB. Young of this city as chairman of the conciliation board here. "W. E. FISHER, "T. ROSS MACKAY."

John Bruce is Survived by Son and Daughter Here and Another Son at Terrace

John Bruce, aged 80, a rancher at Terrace, died this morning in the General Hospital. Deceased was a native of Scotland and is survived by a son, Alex. Bruce, residing here, also a daughter here and another son, Donald, in Terrace. The remains are in care of the B.C. Undertakers and will go forward tomorrow night to Terrace, where interment will take place.

NEAR EAST IS NEARER PEACE

General Harrington Reports Excellent Prospects for Settlement

LONDON, March 26.—General Sir Charles Harrington, returning from London, reports "excellent prospect for a peaceable settlement of the Near East controversy if the Turkish Kemalists show a reasonable inclination to co-operate. Despatches from Turkish newspapers also show a more peaceable tendency on the part of the Turks.

PRINCE OBJECTS TO CHRISTENING

Cries Lustily During Ceremony Conducted by Archbishop of York

GOLDSBOROUGH, Yorks, Mar. 26.—The Archbishop of York yesterday christened Princess Maud's son in the presence of the King and Queen, the Prince of Wales and other members of the royal household. The little prince is named George Henry Hubert Caspelle. There were six sponsors including the Dowager Queen Alexandra. The quiet ceremony was attended by villagers and was marked by the lusty crying of the baby.

New Marine Invention Throws Beam of Light on Sea Bottom and Does Away with Soundings

LONDON, March 26.—The latest marine invention now in use on a Newcastle pilot boat is a machine which throws a beam of light to the sea bottom allowing a depth of water below the ship to be gauged. Soundings may thus be done away with. It is claimed the invention can be used by big liners when entering shallow waters. The searchlight is worked through a hole in the lower part of the ship while an observation window is placed nearby through which the light may be seen. A mirror is set at the end of a long observation tube running through the ship to the projected beam and by a single calculation measure the depth of the water below.

HERRING RUN IN THE HARBOR

Fredelia Took About Sixty Tons For Canadian Fish & Cold Storage Co.

For the first time in about ten years a haul of herring was made in Prince Rupert Harbor, the Fredelia taking about sixty tons for the Canadian Fish & Cold Storage Co. Saturday. The herring were taken in the neighborhood of the Salt Lakes.

In the early days herring ran into the harbor in very large numbers. It was one of the favorite spawning grounds of the immense shoals. The advent of shipping diverted them to other waters.

During the latter part of the week there was a run of herring at Metlakalla Passage inside the harbor. Boats of the Canadian Fish & Cold Storage Co., Bradbury & Yelf and the N. M. & R. Fish Co. were out and all obtained catches for their bait reserves.

JACK MILLER IS ARRESTED

Former Resident of This City Falls Into Hands of Prohibition Agents at Hollywood

Jack Miller, formerly of this city and now secretary-treasurer of a large wholesale liquor firm in Vancouver, has been arrested by prohibition agents in Los Angeles according to word received today from the south. The arrest of Miller took place in connection with a drive against the alleged source of liquor supply of the Hollywood movie colony. Oscar Lund, of Hollywood, former secretary to Earle Remington, murdered clubman and alleged liquor operator, was arrested at the same time. They were added to eight arrests at Longbeach on Thursday last when the police seized \$25,000 worth of liquor, a motorboat and five automobiles.

SKIRMISHER IS IN PORT

C.G.M.M. Freighter Arrives at Local Dry Dock For Annual Overhaul and Inspection

The Canadian Government Merchant Marine Trans-Pacific Freighter Canadian Skirmisher, Capt. Hilton, arrived at 8.45 last night from Vancouver. She is going into the local dry dock for annual overhaul and inspection and will be here for the greater part of the week, it is expected. The Skirmisher brought north a quantity of lumber which will be used in repairing the Swanson Bay car ferry which recently went ashore on Porcher Island and which is in the dock for overhaul.

LIQUOR PROFITS ARE SAID TO BE HIGHER

VICTORIA, March 26.—It is understood here that the municipal share of liquor profits will be materially increased this year, possibly fifty per cent and half of that will go direct to the hospitals while the other half will be available for general expenses of the municipality.

FISHING CIRCLES HAVE AN INTERESTING BOOK

"The Norman Invasion of the Pacific Ocean" by Bjarne Stang Depicts Career of Former Company

Halibut fishermen and other persons in that business are interested in a small book from the pen of one Bjarne Stang entitled "The Norman Invasion of the Pacific Ocean." The book depicts the rather tempestuous and troubled career of a fish company which was established here some years ago and which collapsed last year. The author claims to have been one of those who was "stung" in the venture. The book is published in Seattle and a few copies have reached here. Local persons and events are to be identified in it.

VICTORIA TAX RATE

VICTORIA, Mar. 26.—Victoria's tax rate will be 10.88 if one-third the value of buildings is taxed as was done last year. If half the value of the buildings is taxed the rate will be 36.55 mills. Last year's rate was 32.06 mills. The change is due to assessment changes and to the necessity for clearing up the \$200,000 deficit of last year.

All Benefits But Nothing In Return.

The American fishermen, some of them at any rate, get all the benefits of this port and give nothing in return. They are given practically all the privileges here that Canadians get and besides that they get about two cents a pound more for their fish than Canadian boats and as soon as they get their checks they make off for an American port to spend their money. This condition of affairs cannot continue. We do not mind co-operating. We are willing to give and take, but it cannot be all on one side. Canadian boats are being discriminated against without any corresponding advantage. Those American boats that sell their catches here and take away every dollar they receive will find that while Canadians are long suffering, a little slow, perhaps, and friendly and willing to do business at all times, yet there is a limit and that limit is very near being reached just now.

It is to the advantage of American fishermen to sell their catches here and it is to the advantage of Canadians to encourage this. At the same time we cannot sit idly by and see our own fishing vessels put out of business just for the advantage of the American boats, nor can we give the American fishing boats all the advantage of a Canadian port without getting some quid pro quo. It will be for Canadian statesmen to consider the situation carefully and take such steps as are considered necessary to protect Canadian interests.

Equal Education For All People.

Much interest was taken in the report of an address by Sir Henry Newbolt published in the Daily News Saturday. It is evident that Sir Henry is a democrat of the type that looks to a day when there will be a much greater degree of social equality than there is today. He does not see why education should unfit a person for work. He seems to be of opinion that the man who digs ditches is just as much entitled to all the advantages of life as is the man who studies law, medicine, theology or who happens to be head of a big business. The tendency is undoubtedly in that direction. The time is coming when there will be much greater equality of payment for services than is the custom today. There will perhaps be rewards for special services, but all work is honorable and should be well rewarded. The men and women who should not be paid are those who give no service.

The motto of the Prince of Wales is "I serve." A good prince serves his country and works hard at it. High position provides wider scope for effort and should never be an excuse for laziness.

Oriental Problem Before Government.

The Oriental problem is being taken up by the government of Canada and negotiations are going on with Japan with a view to an amicable settlement without abrogating the agreement between that country and Great Britain. It is to be assumed that if no arrangement can be arrived at otherwise, then the Anglo-Japanese treaty will have to be abrogated. While we all admire the energy, industry and patriotism of the Japanese people we object to an invasion of our country by them for a number of reasons which have often before been stated. The chief of these is the economic pressure from people who have a different standard of living which causes the white workers to have to compete unfairly. The western representatives in the House of Commons understand these conditions fully and are stating them frankly and forcibly. The member for this district is one of those who are on the job in this respect. Mr. Stork was one of those who led the fight for the reduction of the Japanese fishing licenses with outstanding success. We believe that the people of the west are with him, with the exception only of those who have interests at stake which may suffer from the elimination of Oriental labor in the fishing industry.

Immigration Already On The Increase.

Whatever one may think of the immigration policy of the Dominion government and especially in relation to the colonization company which has been formed to bring people to this country, there is no doubt that the very fact that the government favors bringing in people is already having its effect here. More people are coming than came last year by at least fifty per cent and the increase is very largely from Great Britain so far.

With a country so big as ours we must have more people to fill it, and it is to be hoped the Dominion will steadily but surely attract desirable residents and especially farmers with a view to settling up our waste lands.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

CANADIAN SCENES IN "CONCEIT" AT WESTHOLME

Straight-Away Modern Drama With Real People in the Characters

"Conceit," is the title of the picture to be shown at the Westholme tonight. The author, Michael Phillips, has conceived a screen story that at once arrests the interest of the spectator and moves on swiftly with an action that gains momentum as the play unfolds.

"Conceit," of course deals with that element of mental imperfection that is so often found in men and women whose inflated opinion of themselves exceed their true worth. But the subject is not handled with the spirit of levity. Instead, it is a straight-away modern drama with a variety of scenes, character and action that are most refreshing. The hero of the plot is not a gilded saint and the villain is not a cloven-hoofed fiend. They are just men with all the faults and virtues usually found in the normal average person.

The action of the story takes place equally in a large city and in British Columbia, the latter scenes being all actually photographed amid the gorgeous scenic beauties of the "Switzerland of America," Lake Louise and the International Park, Banff Canada.

"BLOOD AND SAND" IS DUE GOOD FRIDAY

One of Biggest Pictures of the Day to be Shown Here at Week End

"Blood and Sand" is the story of a bull fighter—not bull-fighting. Note the distinction. There are features of bull-fighting not pleasing to Canadian audiences—but you do not see them in "Blood and Sand." You are given all the verve, color and thrill of combat in the bull-ring,

with Valentino in front of a wild bull, minus everything not in accord with Canadian ideals. Retained in every respect are the colorful country scenes, the life in the Seville streets, the crowds in the cafes, just as Ibanez so grippingly portrayed them.

It's a story that has a thousand points of interest—contact. Picture patrons admire Valentino as a lover. Many critics called him the greatest lover the screen has ever seen. In "Blood and Sand," you see him in love with two different kinds of women, you see the warm, tender love, the passionate, surging love, and the women he loves are Lila Lee and Nita Naldi, two types as different as night is from day.

When the bull-fighters stride into the arena the crowd of thousands rises and cheers; they thrill when Valentino and his banderilleros do graceful evolutions before the bull; they lose themselves when the star himself engages at close quarters with the vicious beast.

There are human interest scenes where Gallardo is a ragged youth, when he is winning his first boy's bull-fight, when he is courting the sweet Carmen, when he pours into his old mother's lap the bandanna full of coins from his first successful venture as a torero.

Story of Modern Spain "Blood and Sand" is not a costume or historical picture. It is a story of modern Spain. You see the colorful costumes of the bull-fighters, of the rural dwellers, of the poorer classes—but the ideas and theme of the tale is strictly modern. The costumes are not an integral part of the story, but serve to provide splendid color.

SOLOIST AT WESTHOLME

Mrs. H. L. Campbell to Sing at Each Performance Tonight and Tomorrow

Tonight and tomorrow night the Westholme Theatre will supply an extra attraction to patrons. They have made arrangements for Mrs. H. L. Campbell to sing at each performance.

Mrs. Campbell is known to concert goers here but for those who have not heard her, it may be mentioned that she has a very fine soprano voice which she uses with great effect. Before leaving Victoria she was known as one of the coming singers of the capital city. She filled an engagement at one of the theatres for a week with great success. She has a most pleasant personality and will be a great addition to this evening's entertainment at the Westholme.

WIFE AGAINST WIFE

"You stole my husband's love. And I am going to show your husband what you are." And strangely, the innocent woman was unable to convince her husband that the other woman's suspicions were unfounded—that suspicion had so warped her judgment, and his, that the flimsiest circumstances seemed like veritable truths. "Wife Against Wife," the screen attraction at the mid-week show is a unique story, a painting of strange characters and situations, but an intense story of love that lost—and won.

CANNERY FOREMAN ARRIVES BUTEDALE

Jack Killington, Formerly With the Western Packers, Retained by the Canadian Fishing Co.

BUTEDALE, Mar. 26. — John Killington, for the past four years cannery foreman for the Western Packers and North Pacific Packers at Butedale and Margaret Bay, has arrived here from Vancouver where he spent the winter. He will be foreman for the Canadian Fishing Co., at the local plant. Mr. Killington is one of the pioneers of the cannery business on the coast and is an expert machinist. He holds many patents on canning machinery, his latest being a device which is used with the Iron Chink in cleaning fish ready for

PARING DOWN COSTS OAK BAY AND SAANICH

Rates Struck at 30.4 and 25 Mills Respectively for Municipalities

VICTORIA, Mar. 26. — "We must pare down everything," was the remark of one of the Saanich councillors which has been echoed and re-echoed in the council of Victoria and Oak Bay. The new Saanich tax rate is 25 mills on the dollar and Oak Bay 30.4. These rates have been secured only by cutting the expenses of all departments to the lowest possible. Oak Bay's assessment has been reduced by \$100,000, causing a slight increase in the mill rate.

EXTEND MINIMUM WAGE TO BOYS IS LATEST SUGGESTION

Doings of Trades and Labor Council at Provincial Capital

VICTORIA, Mar. 26.—An effort will be made by the Victoria Trades and Labor Council to have action taken by the Legislature to bring boys under the protective clauses of the Minimum Wage Act, on the ground that some employers are taking advantage of the regulations to the detriment of boy labor. The legislative committee was asked to bring in a report on the matter.

To ascertain the opinion of labor to the agricultural interest in the policy of co-operative marketing and similar matters, the Council decided to accept an invitation from C. E. Whitney-Griffiths, Secretary of the Advisory Board of the Farmers' Institutes, to discuss the question with him at an early date.

The Council was asked to express an opinion on the recent prosecution of J. A. Shanks, in relation to the allegation made at the trial that he had cut hair under the union rate. The Council while sympathizing with him, expressed the opinion that the ruling of the court had acquitted him, and that if action ought to be taken it should come as an effort from the barbers' union first.

The Council lodged a protest against the low rate of wages alleged to be paid on the work at the Intermunicipal Cemetery, Royal Oak, declaring that \$3.20 per day, including the cost of transportation to the cemetery property, rendered the actual wage less than \$3 per day.

The Natural Wealth of Canada

Water Powers

PRACTICALLY every industrial centre of the Dominion enjoys hydro-electric energy. Canada has potential water power resources to the extent of nearly 20,000,000 horse power, only 12 per cent of which has yet been developed. As the application of hydro-electric power is only in its infancy, Canada's wealth in water power is an asset of incalculable importance to the industrial development of this country.

DAILY ALASKA MINE OPTION

British Interests Obtain Control of Salmon River Property on American Side

VANCOUVER, Mar. 26.—British interests have obtained control of another Salmon river property by the purchase on option of the Daly Alaska, on the Alaska side of the creek, which cuts its way through what is considered one of the richest mineral zones in the world.

Maurice D. Leehay, of Seattle, attorney for the Daly Alaska, announced that the property has been optioned to H. S. Denny, mining engineer, of London, Eng. Under the agreement the ultimate consideration is \$850,000. The Daly Alaska has had the usual chequered career of mines in their early stages. It seems to resist preliminary efforts in every way. The ground was located some years ago by Bill McGrew, prospector; Dad Davis, shoemaker; and Jack Clegg, storekeeper. Charles Caldwell, who is now head of the Dowrites at Zion City, four years ago took the property over and, with Harry Howson, organized the New Alaska Mining Co. Later the property reverted to the owners again, though the Caldwell interest did considerable work.

Pat Daly Then came Pat Daly. Pat had found the ore in the Premier mine. Tying up the New Alaska ground, he came to Vancouver and, with the assistance of Jesse Kahn, of the Castle Hotel, Ed. Hambleton, of Stewart, and some old-time Alaskans, he promoted the Daly Alaska Mining Co. But they were a long way from having money to develop the ore body. So Pat went to New York, where he interested John Weir and associates. Mr. Weir visited the property last summer, and after an examination he undertook to underwrite the treasury stock.

Hand mining, which was suspended last November, accomplished results that warranted thorough development. Five parallel ore zones have been defined, some of which carry large shoots of "shipping" ore, and these can be cut by a working tunnel, starting near the Salmon River wagon road.

OBSEQUIES OBSERVED FOR LATE MRS. TINKER

Service Took Place Last Night at St. Andrew's Anglican Church, Archdeacon Rix Officiating

Obsequies for the late Mrs. George P. Tinker formed a part of the Anglican services in St. Andrew's Church last night, burial having taken place yesterday afternoon at 3:30 at Spring Hill, N.S., the parental home of deceased. Archdeacon G. A. Rix officiated at the local service and John Austin, church organist played the Dead March in Saul. Many of the school teachers, representatives of the daughters and Maids of England and personal friends of deceased were in attendance.

Had Constipation for 6 Months Was Relieved by Milburn's Laxa-Liver Pills

A free motion of the bowels daily should be the rule of everyone, and there will be no constipation, sick or bilious spells, heartburn, foul breath, sour stomach, etc.

Milburn's Laxa-Liver Pills will regulate the flow of bile to act properly on the bowels, thus making them active and regular, removing the constipation and all its allied troubles. Mrs. B. E. Hunt, Port George, N. S., writes: "I have been troubled by being constipated for the last six months. My tongue has been terribly coated, almost so that it made my breath bad. I was talking to a friend about it, and she advised me to use Milburn's Laxa-Liver Pills, which I did, and now I am perfectly well. My tongue is as smooth as it was before I got that way, and I owe it all to your pills, of which I only used two vials."

NEW SCHOOL NEEDED BURNS LAKE DISTRICT

Inspector Fraser Attends Meeting at Which Matters Are Discussed

BURNS LAKE, Mar. 26.—An effort is being made to get the Provincial Government to erect a four room school at this point and to establish a superior school at once with the possibility of a High School next year. This is the central point for the largest farming district on the G.T.P. railway and is growing rapidly.

A meeting was held last week to forward the school movement and H. C. Fraser, school inspector of Prince Rupert, was present.

WATER AND LIGHT STEWART DISTRICT

The current issue of the B.C. Gazette tells of the incorporation of a public utility company which it is proposed will provide water and electric light and possibly gas for the use of the residents of Stewart and neighborhood. Robert Stewart is head of the concern which is capitalized at \$50,000. It is said that the incorporation

The enthusiasm which was worked up in connection with the Roy-Craggs boxing match of last Friday night has lent impetus to the desire of local fans to see more exhibitions of a similar nature in the squared circle and the chances are that some other bouts may be put on before long to satisfy the demand. Another bout between Roy and Craggs is improbable for that matter has been pretty well settled to the satisfaction of all parties concerned. However, it is understood that there are other local men ready to take Roy on and there is also talk of George Russell, the referee in that bout and a boxer of skill himself, being matched.

As is the case with most boxing matches to a decision, some criticism has been voiced to the refereeing of Friday night's affair. It is said that Roy was given the best of the deal and that the men were separated in the second round when Craggs was punching Roy at close range without clinching. On account of the great amount of infighting and clinching which featured the bout, refereeing was a difficult matter and the vociferation of the fans did not help the referee in executing his duties. It must be remembered that the referee is human and is quite capable of making mistakes. Moreover, the arbiter of the match was the mutual selection of the principals and as such both must be contented with his decisions for better or for worse.

Another fact which was shown through the recent bout was that the ring was not altogether suitable. There was not sufficient clear space between the ringside seats and the ropes. The result was that one of the boxers, when forced against the ropes, would find himself among the spectators. In fact, it is said that when Craggs went to a chair and was so dazed. Such possibilities should always be guarded against for they are neither safe nor fair to the boxers.

Arrangements are under way for a boxing match between Alex. Roy, winner of the bout last Friday night, and Kid Nassau (135 pounds), late of the United States Navy and now aboard the steamer Prince George in dry dock here. Len Sherman is promoting the match and Nassau is under the management of Jack McBride, who has handled his affairs for some time past. The Prince George also possesses another promising boy in Young Farmer who has been doing some good work in and around Vancouver. Farmer is anxious to meet any boxer around his own weight 115 pounds.

FRIENDS

By James Edward Hungerford

Friends are pearls o' precious price,
 that God gives us here on earth;
 it's a gold from Paradise;
 heaven's jewels o' sterling worth,
 and I bless us for a while,
 with their lovin' ways, and true;
 with the sunshine o' their smiles,
 that God made for me and you.
 We should cherish them above
 all things else, on this o' globe,
 for they're bringin' us God's love.
 And I cheer us while we're here,
 all the silver an' the gold
 in this world o' wealth on end,
 couldn't buy for us, or hold
 for true, honest, lovin' friend.
 We are given you an' me
 bits o' love from Heaven's heart—
 we'll use 'em, an' I'll be
 our lives a lovin' part;
 we should thank the Lord each day,
 for the blessin's that He sends,
 in the love that lights our way
 to the hearts o' lovin' friends.

The Man in the Moon SAYS:

PRINCE Rupert is sadly behind the times. No word has yet been heard of a Mah Jong party among the society set.

To be really "H" Mah Jong is necessary.

OR perhaps you would rather call it Pung Chow. That is another name for the ancient Chinese game which is setting society by the heels and bowling over the four hundred in all the cities.

THE Rotary Club chose "The Mental Gateway" as a title for the city of Prince Rupert. I suggest "Pep Town" as more suitable, less languid, and decidedly applicable for after all there is a little pep in some of the residents who have stopped singing whereas the gateway exists only in the imagination.

HERE is the latest! Get a ring and the forty knots in it, then just before awakening in morning commence to read to yourself "Day by day in every way this town is getting spier and peppier" forty times, cutting off the number of times in the knots in the string, then wear the string as a talisman so that every time you look at your watch you will think of the word "pep."

COULD you ever stop to think that a city can't live in the past and build for the future.

MAZEL may not be an ideal but jazz party is better than a ting party anyway.

Ten Years Ago

March 26, 1913.
 The city fathers for the first time used the new desks that had arrived at the council chamber. The mayor occupies a head position on a raised platform, the aldermen's desks are grouped in horse-shoe formation below and desks are also provided for the city solicitor, clerk and city engineer.

The Conservative Association smoker last night. James Manson presided and William Manson, M.P.P., gave an address on recent legislation. A motion by J. C. Halsey endorsing the naval policy was unanimously adopted.

A. Cox, prominent Vancouver architect, will come to Prince Rupert shortly to prepare plans for the new court house. Advice on this effect was received yesterday by William Manson, M.P.P., from Hon. Thomas Tamm, minister of public works.

The Union steamer Chelobsin, owned by Stacey, arrived at 11 o'clock last night from Vancouver wayports and sailed shortly after midnight for Anyox, Alice Bay and the Naas and Skeena. The vessel is scheduled to arrive here from the south at 6 o'clock tomorrow evening.

Local Markets Are Essential

Equal Responsibility for Their Support Rests Upon the Farmers and Merchants MUST ASSIST EACH OTHER

The first essential in the development of any business is the possession of a market. The manufacturer must have a market for his products or he cannot succeed, no matter how valuable those products may be or how efficiently his plant may be operated. The wholesale merchant and the retail merchant may have the choicest stocks of goods, but they may as well go out of business if they have not a market where they can dispose of their stocks. The farmer may produce bumper crops, but they will rot upon the ground if he cannot find a market for them. The wage earner's skill and muscle bring him no returns unless there is a market for his labor.

The question of markets is the big one in every line of business and in every community the question is a vital one. In each community, which must be taken to include not only all the people who live in the town but the farmers who live in the surrounding country as well, there are two sides to the market question. The business men of the town must have a market for the things which they have to sell. Otherwise they cannot continue in business. At the same time the farmers must have a market for the things which they raise or they may as well go out of business.

When Either Falls Both Suffer
 The merchants of the town can provide a market for the products of the farmers and the farmers can provide a market for the goods which the merchants have to sell. As long as each class of citizens provides a market for the other class all is well and the goose hangs high, but when either class fails to provide a market for the other the goose is cooked, not only for the class which is deprived of the market but for the other as well.

The farmer has a right to expect the town which is his natural trading point to provide a market for his products, and the town is not performing its proper function as the trading centre of its community if it does not see that such a market is provided. The responsibility of looking after the fulfillment of this obligation rests largely upon the merchants of the town. The farmer is a producer and he must dispose of his products before he can become a consumer. It is, therefore, not only right but necessary from a business standpoint that the merchants should aid the farmer in turning his products into money. Otherwise the farmer naturally will have no money to spend in the stores of the town.

Obligation on Farmers
 On the other hand, the merchants of the town have a right to expect the farmers to provide a market for the merchandise which they have to sell, and the farmers are not doing their duty to their community if they do not provide such a market. In this case, also, it is not only right but it is necessary to the prosperity of the farmers that they should aid the merchants in turning their merchandise into cash. Otherwise it is obvious that the merchants will have no money with which to buy the products of the farmers.

This is a double-barreled proposition and the obligation rests equally upon both the merchants and the farmers to maintain the markets which are essential to both classes of citizens. Any town which would import from points hundreds of miles distant the farm products which it could buy at home would be pursuing a very short-sighted policy, for it would be making it impossible for the farmers in its territory to buy the goods of its merchants. As a matter of fact no town does this unless it is forced by unusual conditions to do so. A town may be located in a community which is not productive enough to meet the local demands, and in that case it is forced to import farm products, but the town which is compelled to do this is at a disadvantage from a commercial standpoint unless it is essentially a manufacturing town, in which case its products are sold to other communities and bring in enough cash to offset that which is sent away to purchase farm products.

MME. SARAH BERNHARDT GREATEST OF ACTRESSES ENDS WONDERFUL CAREER

(Continued from Page One).

in Paris, and at the age of 12 was sent to the Grand Champ Convent, Versailles, where she made her debut in a little miracle play given by the children. Even at this early age, the pale and stately child is said to have displayed the fits of temper which were characteristic of her stage career.

After a year or two at the convent, she conceived a passionate desire to become a nun. To this her mother recorded unqualified opposition, and suggested a theatrical career instead.

"She's too thin to be an actress," said her god-father. "Let her be a nun."

"I won't be an actress," little Sarah categorically exclaimed.

Early Career
But fate had determined otherwise, and at the age of 14 Bernhardt was sent to a conservatory. At the end of the first year she won second prize for tragedy. A subscription among the players at the Comedie Francaise enabled her to spend another year at the conservatory, and upon the completion of this she carried off second prize for comedy. Her first public appearance was at the Comedie Francaise in August, 1862. She took a minor part without any marked success.

Five years later she emerged from laborious obscurity with her first definite success as Cordelia in a French translation of "King Lear" at the Odéon, then as Queen in Victor Hugo's "Ruy Blas," and above all as Zanzett in Francois Coppee's "Le Passant," which she played in 1869.

Became a Nurse
Then came the Franco-Prussian war. Bernhardt increased her popularity by becoming a ward nurse. In 1871 she was made a

Six-Year-Old Had Bronchitis Every Winter

Bronchitis generally begins with chills, followed by fever and a harsh, dry, hacking cough. There is a raising of phlegm, which at first is of a light color, but, as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

All those who are troubled with bronchitis will find in Dr. Wood's Pine Syrup a remedy that will stimulate the bronchial organs, subdue the inflammation, soothe the irritated parts, and loosen the phlegm.

Mrs. Oliver C. LePage, South Rustico, P. E. I., writes: "My little six-year-old girl had very bad attacks of bronchitis every winter. In the evening and during the night, she would have fever and choke up, and had a wheezing in her chest. We tried several cough medicines, but they never seemed to do her any good. A neighbor advised us to try Dr. Wood's Norway Pine Syrup, which we did, and after she had taken two bottles she got perfectly well."

Price 35c and 66c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Mrs. Hopkin's Devil's Food

Strangely enough since the mention of "Devil's Food" Cake, a great many requests have come in. We print Mrs. Hopkin's because it is exceptionally good.

Take 1 cup brown sugar, 1/2 cup butter and the yolks of 2 eggs. Beat these until real light. Add 1/2 cup grated chocolate which has been dissolved in 2 tablespoons of boiling water. Then add 2 cups flour, 1 teaspoon baking powder, 1-3/4 cup Pacific milk, 1-3/4 cup water in which has been mixed 1/2 teaspoon of soda. Bake in slow oven. Use the egg whites for the icing.

We are grateful to Mr. Hopkin and thank her on behalf of the women who have asked for her recipe.

life member of the Comedie Francaise. She clashed repeatedly with M. Perrin, the manager, over the roles she should take, and once in a fit of pique fled from the theatre and decided to give up sculpture. Her first piece, "After the Storm"—finished some years later—won a place in the Salon. She returned to M. Perrin only to break with him again, incurring a forfeit of \$1,000, which she paid.

Invaded England
She invaded England, receiving a tremendous ovation, then toured Denmark and Russia. Next she came to America, where her success was instantaneous. She toured the United States and Canada eight times in some 35 years, and appeared several times in the larger cities of South America.

Breaking with the theatrical syndicates, which denied her the use of their theatres when she refused to come to their terms, she was compelled to appear on one of her American tours in tents, convention halls and armories. She vowed never to appear in a theatre again, but of subsequent visits she came to terms with the syndicates.

The great actress was a grandmother when she last appeared in America, and had suffered amputation of her right leg. Upon her arrival in New York, October, 1916, it was evident to the group of friends and admirers who gathered to welcome her that she walked with extreme difficulty.

The injury to her knee, which compelled the amputation of her leg in 1915 was attributed to many different causes. For years before the amputation the plays in which she appeared were altered to hide the fact that she was able to walk only with great difficulty. The operation was performed in Paris, and upon her recovery she re-appeared on the stage to receive the greatest ovation of her career. Her manager announced that henceforth she would interpret only motionless roles.

Work in War
During the World War Bernhardt made several trips to the French front and gave a number of performances for the soldiers. This, she declared, was the "incomparable event" of her life.

The memoirs of Bernhardt sedulously avoid any mention of her marital experience, and only in the middle of the bulky volume does she mention casually the existence of a son. One of her critics declared that "she never seemed to find the man who could master her."

"There was in her," he continued, "the making of a super-villain, and although she met Victor Hugo and the greatest intellectual potentates of her time, the super-man, who alone could hold her, never entered her life."

Years ago a jealous rival of her theatrical career published a satire entitled "The Story of Sarah Bernhardt," in which the "love affairs of the actress, real and alleged, were shamelessly laid bare. Bernhardt resorted to the horse-whip to punish the author.

BURNS LAKE

The house of Simon Swanson at Francois Lake was completely destroyed by fire last week.

Seventy-three Indians from various parts of the district were entertained by Andy Ruddy at a dance in the Omineca Hotel last week.

Frank Eckert, of this place, has been missing for over a week and his disappearance is causing considerable uneasiness among his friends and relatives. No clue is apparent as to his sudden departure.

HAZELTON
Rev. T. E. Ferrier, superintendent of Methodist Missions, returned last week to Brandon after having attended the funeral of the late Mrs. H. C. Winch.

H. M. Beech, of Ottawa, was here last week inquiring about the airplane service to the Omineca country. It was too early in the season to make a flight so he decided to go to Vanderhoof and go in that way. Mr. Beech was accompanied by P. O. Bangert, also of Ottawa.

Richard Smith, son of Mrs. M. E. Smith, M.L.A., has gone into Fifth Cabin on the Yukon Telegraph line.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and second-class to be \$5 an acre, second-class to be \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claim for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1/2 acre before receiving Crown Grant.

Where pre-emptor in occupation less than 5 years, and has made few or no improvements, he may, because of ill-health, or other cause, be granted a certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$20 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and evidence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption if he makes improvements to extent of \$20 per annum and records same each year without actual occupation, provided statutory improvements made and residence maintained on Crown grant land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads. Title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be used by one person or company.

Mills, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows, inaccessible or existing roads, may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The Act within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers or pre-emptors recorded after June 24, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from August 1 to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS
Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING
Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commission. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.
