## MOMENTOUS MATTERS BEFORE CONFERENCE

### RUPERT REAL ESTATE IS BEGINNING TO MOVE AS SHOWN BY RECENT SALES

#### Empire Defense Discussed and Stabilization of Prices on All Essential Commodities Proposed

LONDON, Oct. 16.—Empire defense is expected to occupy the main Imperial Conference for the rest of the week. In addition to the responsible ministers being heard from, it is possible that Earl Beatty, admiral of the fleet personally will outline the naval problem to the conference.

At the economic conference preliminary to the general discussion on British preference proposals, the special committee had under discussion a fifth point formulated by Premier Bruce of Australia, namely the stabilization of prices of such essential commodities as meat and wheat. Under the Australian scheme a national purchasing corporation would be established which would buy only such foreign wheat as would be necessary to make the difference between what the British and Dominion producers would be able to supply on the one hand and the needs of the British market on the other.

#### BOTH PROFESS SATISFACTION OVER STRIKE

Wheat Being Loaded 100,000 Bushels a Day at Vancouver: More Expected

VANCOUVER, Oct. 16.—The waterfront strike is proceeding with the shipping federation expressing satisfaction at the progress being made in loading ships and the striking longshoremen expressing confidence in their ultimate victory.

All railroads report there are 1029 carloads of wheat between Field or Edson on the one side and Vancouver on the other. Much of this quantity is in Vancouver yards.

The elevator is loading ships at the rate of 100,000 bushels a day and they expect to increase this to 200,000 bushels a day shortly.

#### LOG SCALING ON INCREASE

During Month of September no Less Than Twenty-Five Million Feet Measured

The provincial forestry office here has been extremely busy of late, the scalings for the month of September exceeding those of any previous month, the logs measured amounting to 25,379,156 feet in addition to quantities of poles and ties.

For the previous month the scalings were a little over nineteen millions in the Prince Rupert District.

The details of the district forester's report is as follows:

Foot.	719,571
Douglas Fir	2,945,725
Red Cedar	11,860,715
Spruce	7,542,648
Resin	1,328,917
Jackpine	236
Birch	329
Gypress	1,348
Spruce (Interior)	929,981
Cottonwood	49,640

In addition to the logs the following have been scaled:

Lineal feet.	
Poles	121,465
Cedar Piles	2,272
Railway ties	79,622
Fence Posts	48 cords

The total logs scaled for the nine months ending September 31 amounts to 112,893,203 board feet.

#### NORTH MAY GET MORE MEMBERS AS RESULT OF REDISTRIBUTION

Some Constituencies Will be Wiped Out Because of Drop in Population

VICTORIA, Oct. 16.—The number of members will likely not be changed under the Redistribution Act to be passed at the forthcoming session of the Legislature, according to Hon. John Oliver. Nothing so far has been definitely decided but it is probable that Northern British Columbia constituencies may be reduced in size with a new constituency for Peace River. The extra representation in the north may well be made up by reduction of the representation of some interior constituencies such as Greenwood, where the population has fallen.

The population of Vancouver Island has not increased as fast as places on the mainland and for that reason there is a possibility of the island losing a member. No very radical changes will be brought about, however, it is stated.

#### NAAS RIVER INDIAN SENTENCED TO YEAR OKALLA PRISON FARM

Reginald Skadeen, Aiyansh Indian, was found guilty in the County Court yesterday afternoon by Judge Young of unlawfully wounding Abel Derrick, also a native. A sentence of one year at Okalla Prison Farm was imposed.

#### LOYD GEORGE IS WELCOMED

Greatest Reception Ever Given a Foreigner at Minneapolis Extended Welshman

MINNEAPOLIS, Oct. 16.—Delivering the first speech of his American tour in the twin cities after the biggest welcome ever given a foreigner, Lloyd George told a huge audience he despaired of the future unless the United States would throw its influence into reconstruction of the post-war world in the same spirit of unselfishness and ardor which marked its entry into the war.

#### MR. LAPOINTE IS ON THE WAY TO THIS CITY

Left Vancouver Last Night Accompanied by F. G. Dawson; Luncheon Thursday

VANCOUVER, Oct. 16.—Hon. Ernest Lapointe, federal minister of fisheries; F. G. Dawson, director of the Canadian National Railways, and party sailed last night for Prince Rupert on the steamer Prince George.

The minister will be entertained at luncheon by the Board of Trade on Thursday at 4 p.m., the Rotary Club having given up their luncheon at that time for the event and joining with the Board of Trade in welcoming the minister.

The entertainment of the minister depends upon the time at which the boat arrives. He will be shown the city and harbor while here but will not address a public meeting.

Fred Stork has received a telegram from Mr. Lapointe stating that he has a bad cold and will be unable to address a public meeting here. He will be leaving Thursday evening on the regular train for Edmonton.

While here he will have a conference with the Board of Trade, the Fishermen's Union and the Fisheries Association.

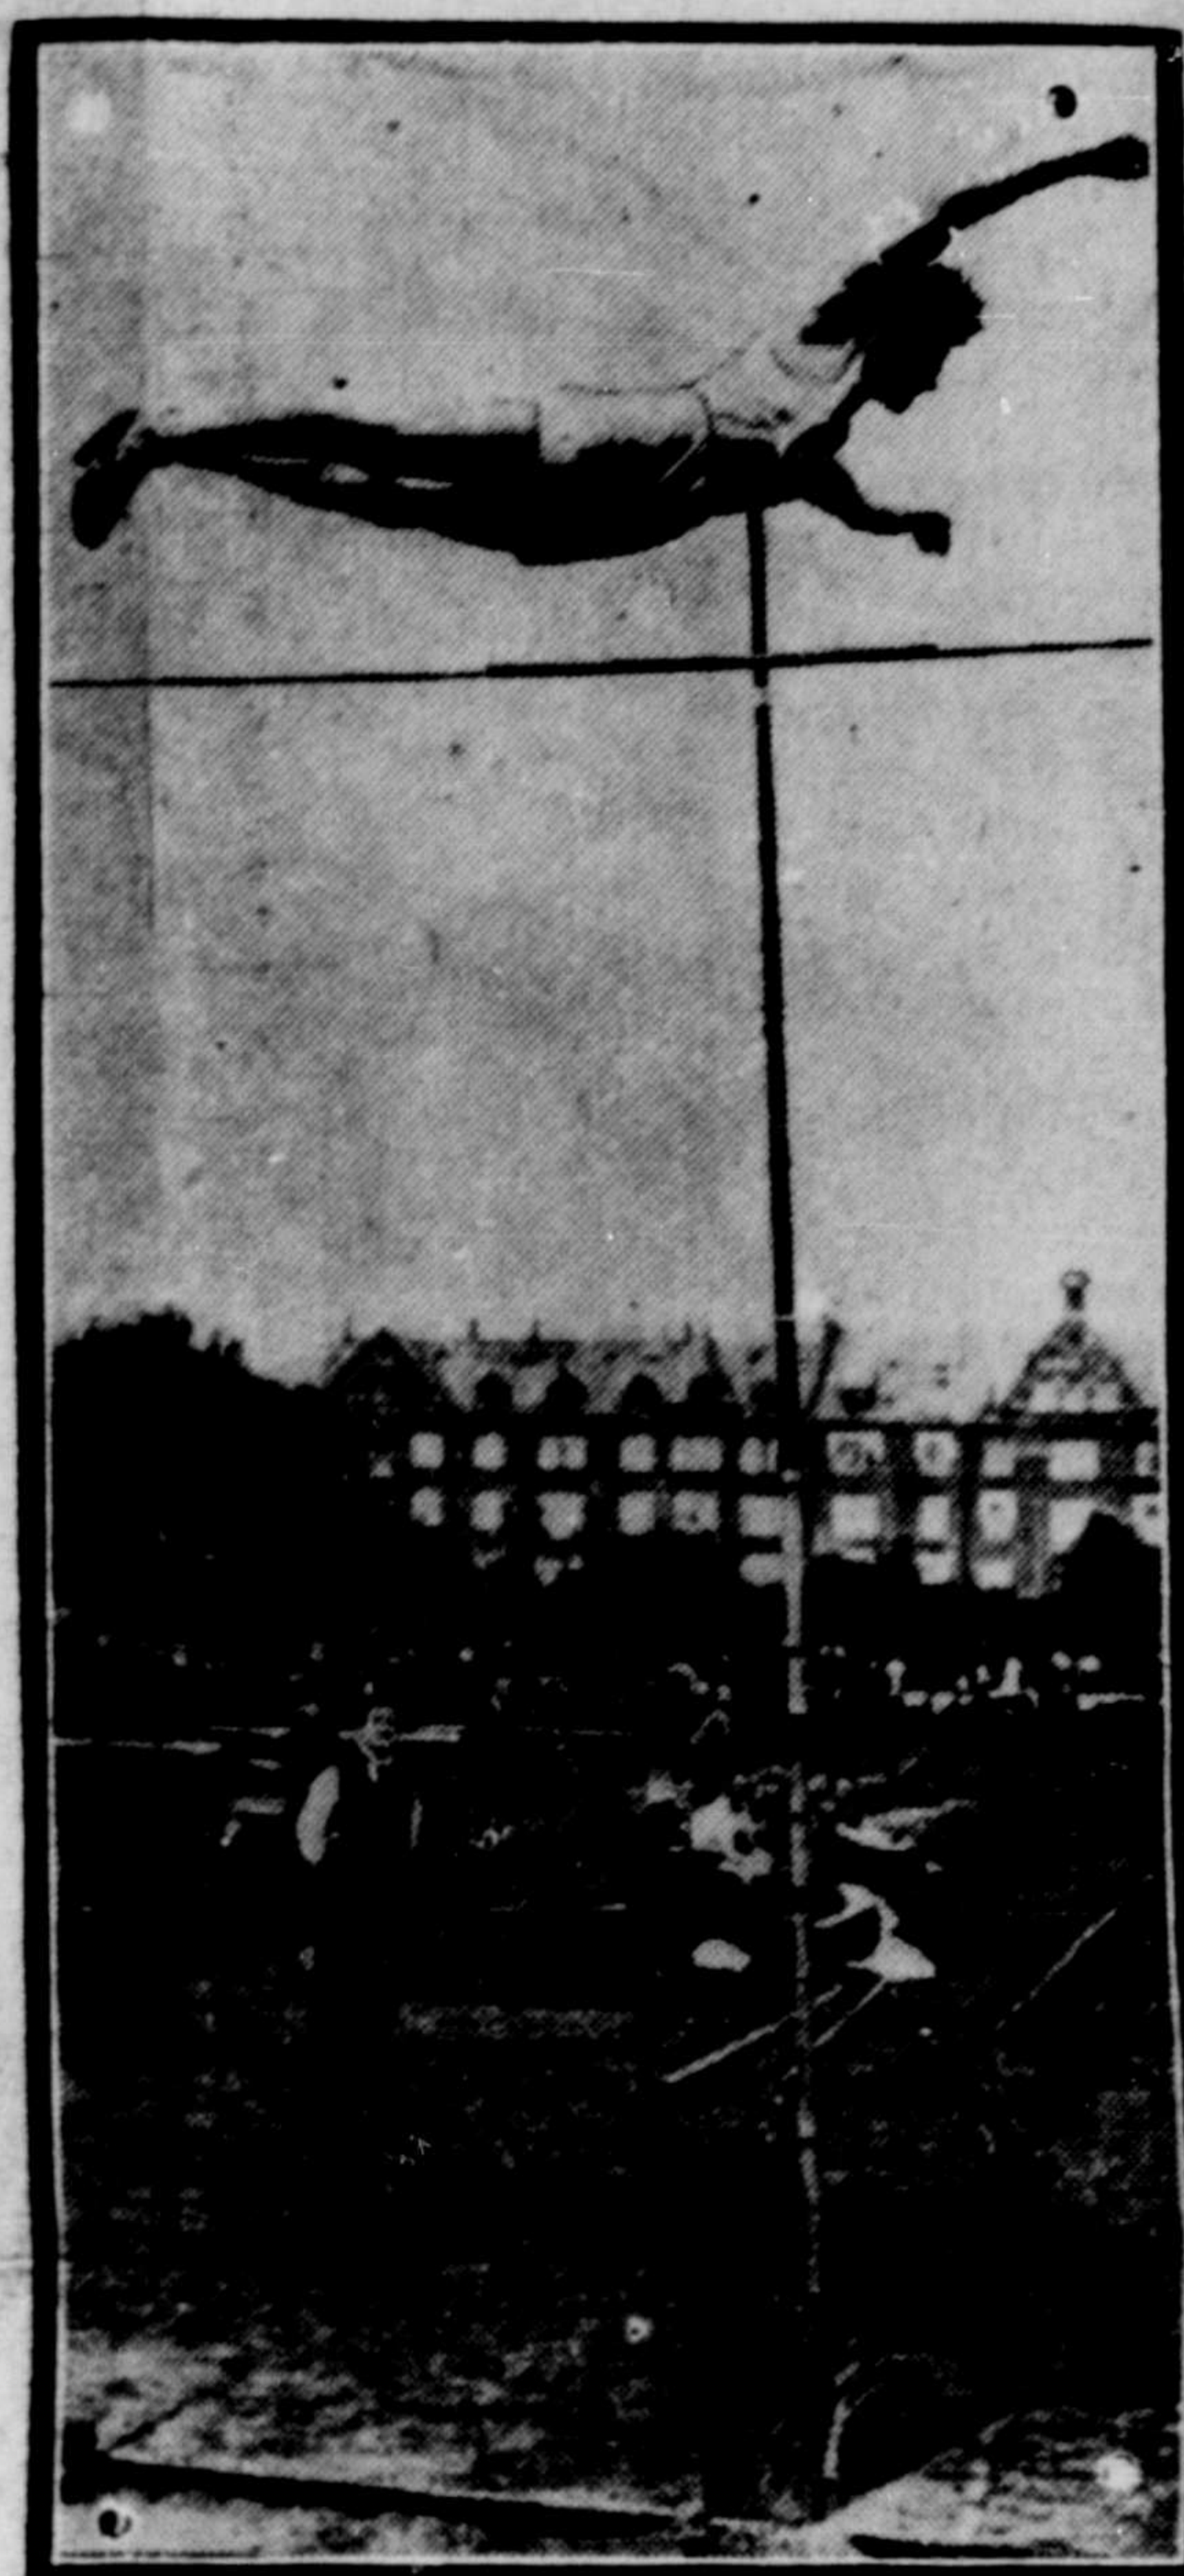

EDMONTON, Oct. 16.—Members of the local reception committee have received word from Hon. Ernest Lapointe, minister of marine and fisheries for Canada, that he will arrive in Edmonton over the Canadian National from Prince Rupert at 5:30 p.m., Sunday, Oct. 21st. The same evening he will address a meeting at Morinville, speaking in French.

Mr. Lapointe and Hon. Charles Stewart will speak at a big mass meeting in First Presbyterian church here Monday night, Oct. 22. Tuesday Mr. Lapointe will address the Canadian Club at the Macdonald Hotel, later attending a Liberal rally in Memorial Hall from 3 to 5 p.m. It is likely that Messrs. Lapointe and Stewart will leave for Calgary Tuesday night, planning to spend Wednesday and Thursday in that city. They will speak at a public meeting in Calgary Thursday evening, Oct. 25th, it is announced. Whether or not Mr. Lapointe will be able to extend his visit to Lethbridge or any other Alberta points has not yet been decided upon.

#### ATTEMPTED TO SET FIRE BIG STEAMER

Kenneth Brown, Drug Addict, Is Being Held at Seattle on Open Charge

SEATTLE, Oct. 16.—Suspected of having attempted to set fire to the coast liner Ruth Alexander of the Pacific Steamship Line, Kenneth Brown, said by the police to be a narcotic addict, is being held on an open charge. Shortly after the steamer sailed on Saturday at midnight, Brown was found as a stowaway.

Charles Hoff, famous Norwegian athlete, is said to be the greatest pole vaulter of the century. He is seen clearing the bar 4.21 meters, which is believed to be a world's record.

#### Number of Local Real Estate Deals go Through in City at Healthy Prices on Cash Basis

Two important Third Avenue real estate deals just completed represent spot cash payments by Olier Besner of \$15,500. Through the office of H. G. Helgeson & Co., Ltd., Mr. Besner purchased for \$10,500 cash the double corner to the north-east of Third Avenue and Third Street from the estate of the late J. McWilliams of Denver, Colorado. Mr. Besner plans to erect a business block on the property in the spring.

Mr. Besner's second purchase was of lots 17 and 18, block 19, section 1, between First and Second Streets on Third Avenue. The vendors were E. D. Orde and W. H. Bell of Vancouver and the price was \$5,000 cash. The deal was transacted through the office of M. M. Stephens & Co., Ltd.

Smaller Purchases  
J. E. Dyer has purchased lots 17 and 18, block 26, section 1, from G. F. Trimm for \$1,000. The lots lie on Third Avenue almost across from the Dyer apartments. The deal was made through the office of H. G. Helgeson Co., Ltd.

The house and lot on Seal Cove Circle owned by Ex-Ald. C. Perry has been sold to O. P. Smith for a figure in the neighborhood of \$3,000, this deal also being transacted through H. G. Helgeson Co., Ltd.

Through the same firm lots 13 and 14, block 12, section 6, the double corner on the north-west corner of Colton Street and Sixth Avenue, have been bought by James A. Curtis from E. E. Gomersall of Kelowna for \$900.

#### OVER MILLIONS IS TAKEN AT GATE IN BASEBALL SERIES

NEW YORK, Oct. 16.—The total receipts for the world series six games amounted to \$1,063,815 which was ten thousand dollars more than the previous record in 1921.

#### Chief Officer of Algerine is in Hospital Here with Broken Ribs Following Accident South

The local gasoline tug P.R.T., Capt. Reg. Green, returned early yesterday from the disabled salvage steamer Algerine down the coast from here having on board Frank Morain, chief officer of the Algerine, who was admitted to the local hospital suffering from broken ribs, strained back and general shaking up sustained in a fall.

A small gasoline boat, which the Algerine carried, having been lowered over-side to the water when the steamer went on the rocks, was bumping on the shore. Capt. Morain was just going over the side of the Algerine to secure the small boat when the rope slipped and he fell from the deck of the steamer on to the little craft. As a result he sustained rather serious injuries and was hurried here as soon as possible.

The gasboat Wigwag, Capt. Ketchum, which also went south from here, returned last night at 10 o'clock bringing the four scows which she and the P.R.T. took down. When the local boats reached the scene of the stranding they found the Algerine had already floated and was at anchor in Port Stevens bay. There was thus nothing for them to do.

The Algerine struck at 6 o'clock Saturday night, floated at 2:30 Sunday morning and it was four o'clock that afternoon before the local boats arrived.

Chief Officer Jimmie Thomas of the Wigwag said this morning that the Algerine was not seriously damaged although the jar had put her engines out of line so that they could not be used. The vessel is still at Port Stevens awaiting the arrival of a towboat to take her south.

Capt. W. H. Logan of the Lloyds' Underwriters, and George G. Bushby of this city are still aboard the Algerine. It still is their intention to get out to the scene of the wreck of the Kennebec on Hippo Island if at all possible.

#### URGE SETTling THIS PROVINCE

British Members of Parliament Says Has Offer From B.C. Premier

SUITABLE LAND HERE  
Scheme Would Aid in Relieving Unemployment Situation in Britain

LONDON, Oct. 16.—The taking over by the British government of some of the wealthy but undeveloped portions of the Dominions as a means of remedying unemployment in Great Britain is urged by A. Somerville, M.P., in a speech at Ascot. Mr. Somerville said he had just returned from British Columbia where Premier John Oliver was willing to place 60,000,000 acres of suitable land at the disposal of the Imperial government. If people from this country settled in British Columbia, Mr. Somerville said, it would not only relieve the unemployment situation here but would also help home industries.

#### CREW OF KENNECOTT ARE NOW AT SEATTLE

SEATTLE, Oct. 16.—Twenty-four members of the crew of the wrecked motorship Kennecott reached Seattle on the Alameda and Jefferson. The captain and nine others are remaining at the scene of the wreck aboard the Unalga.

#### STORM COMING TOWARD RUPERT

Gale Struck South Coast Yesterday and is Heading Toward Alaska

VICTORIA, Oct. 16.—The first heavy gale of the winter struck Victoria and the west coast and affects the coast as far south as Astoria, Oregon.

F. Napier Denison, Dominion meteorologist at the Gonzales Hill station, reports that the gale will bring colder weather all through British Columbia. The storm is headed for Alaska.

#### POOR FISHING GOOD WHALING

Season for Chum Salmon Extended for Week at Queen Charlottes

CANNERIES OPERATING

Final Closing for Season Will be on October 26; Two Salties Working

A. Mackie, inspector of fisheries, reports that the season for fishing on the Queen Charlotte Islands has been extended until October 26.

The fishing season there has been poor this year. Three salt-eries, McMillan's at Queen Charlotte City, Woodley's at Pacific, and the Moresby Island saltery at Jedway, have done very little this season and the two canneries Lagoon Bay and Lockport, while still operating, have put up poor packs. The Jedway saltery is not operating at present. The pack of the canneries is well below last year.

Mr. Mackie reports that there has been a prosperous whaling season at Rose Harbor this year, 193 whales having been taken at that station and a good percentage of them have been sperms. This station will close soon.

#### ALGERINE IS BADLY DAMAGED FROM BEING ASHORE BANKS ISLAND

VICTORIA, Oct. 16.—Steamer Algerine, which went aground on Brodie Rock Saturday afternoon, pulled herself off with her own power. The damage to her is considerable. The forefoot was carried away while the bottom is set up under the boilers. The port engine is totally disabled. The vessel is anchored at Port Stevens awaiting the arrival of the tug Nanoose which left Vancouver yesterday morning.

BIRTH  
There was born yesterday at the General Hospital to Mr. and Mrs. J. A. Armistutz of Swanson Bay, a son.

**Nerves So Bad That She Would Sit and Cry**

Mrs. Mary Hocking, Madoc, Ont., writes—  
 "Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine."  
 (Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")

**Sentiment Of U.S. To Britain.**

There was a time when there was a good deal of dislike of the British in the United States and to some extent it was justified. Memories of the war remained and there were other factors that kept alive a bad spirit. To a large extent that has now disappeared and there is no more anti-British feeling in the United States than there is anti-Yankee feeling in the westerner, or anti-Negro, or anti-Klan, or anti-Catholic, or anti-Protestant, or anti-prohibition, or anti-anything else.

Lloyd George is a representative Britisher and he is getting the biggest reception ever given a foreigner in the United States. He is representative of the mass of the British people and the ovations which have been given him, while largely out of respect to his personal greatness, are accentuated by the fact that he is British and that the British are the first cousins of the Americans.

**National Fish Day This Month.**

The date has been set for National Fish Day. It is the last day of this month and should be celebrated as becomes the occasion in this city. We are the fish city par excellence in the Dominion of Canada. We largely exist today because of the fact that fish is shipped from this port. Fishing will for many years be our biggest industry. In view of this fact the event should be an important one.

It seems a pity that in celebrating the national fish day, more fishermen cannot take part. At the luncheons in the past only a very few fishermen have been present. Many of them, of course, are out in their boats working as usual. They cannot be present, but there are always a number in port and of these there should be a good representation at the luncheon, if it is decided to hold it as usual. The fishermen should be present, not because the rest of the community wish it—for they do wish it—but because the fisherman should be proud of his calling and glad to celebrate the annual event.

**Prince Rupert Men Finish Their Course.**

Two Prince Rupert men have just passed on. Capt. Hills, one of the best known fishing skippers, died aboard the Tramp, and Haliburton Peck, who was formerly here, died by accident at Abbotsford. The death of both of these men is greatly regretted.

The passing of neighbors and friends reminds us that our span of life is short and that, while there should be no sadness in connection with the transfer from this life to the next, their departure should bring to mind that none of us are here permanently and that it is wise to examine our records and to see if what we are doing is worth while. As one man said, when discussing the improvement of conditions for boys recently, "Twenty years from now our boys will be carrying on in our places and the thing is to so train them that they will make good."

The span of life is too short to make it worth while carrying on in a way that would make a person ashamed of himself when he is called west.

**TO SHIP ORE BEFORE XMAS**

Outsider Mine at Maple Bay is all Ready for Business Except Bunk Houses

**TRAMLINE WORKING**

Within the neighborhood of 60 men employed throughout the summer, the Granby company have accomplished a great deal at the Outsider Mine, which property they took over from the Brown-Alaska company about a year ago, says the Portland Canal News.

The work so far has consisted of underground and surface development, and at the same time the renovation and equipment of the old plant.

A new dock has been constructed, and the old ore bunkers, with an effective capacity of 1000 tons have been repaired, and in some respects modernized. A new ore conveyor from the bunkers to the edge of the dock has been installed and is now ready for use.

**Aerial Tram Working**

The aerial gravity tram, one mile in length, constructed by the Ryelet Tramway Co. of Spokane, is now ready for operation. Being short, with its upper terminal at an elevation of 900 feet above sea level, and with the very latest attachments, a maximum of effectiveness can easily be maintained.

Hydro-electric power has been provided by the construction of a 1500 foot pipe line to the compressor and power plant at the foot of the hill, developing sufficient electrical energy for use in and around the mine, as well as supplying 1200 feet of air for the machine drills in the mine. Two Chicago Pneumatic semi-diesel engines are being installed to supplement the present power in the low water period.

**Work Two Shifts**

At the mine two shifts are at work on development, included in which is a raise, being put through from the main tunnel at the 900-foot elevation, a distance of 200 feet, on the dip of the vein, to the tunnel above. Considerable surface stripping and open cutting is being done on the higher ground, with very good results.

In addition to a number of buildings already completed, it is planned to construct this fall a two-story 100x28 bunk-house the ground floor of which will be occupied by a dry room, wash and bath rooms, laundry, heating plant and general reading room. The second floor will contain 16 two-men rooms, giving comfortable accommodation for 32 men.

**100 Tons a Day**

Sufficient ore has been blocked out, and development done, to enable the management to commence shipping 100 tons of ore per day before Christmas, this amount to be increased as soon as practicable.

In addition to the Outsider Mine, which is at Maple Bay, on Portland Canal, 36 miles south of Stewart, the Granby Company has under option several groups comprising in all 27 claims. On the Eagle group of two claims, adjoining the Outsider on the east, and owned by Wm. Noble of Stewart, W. E. Collison of Prince Rupert and John Flewin of Port Simpson, considerable diamond drilling has been done during the summer with most satisfactory results.

A. King, Remo lumberman, is registered at the Central Hotel.

**FIFTH AVENUE GRADE ADOPTED BY COUNCIL**

Question of Including Parts of Hays Cove Circle is to be Decided Tonight.

What is in a name? The city council in committee last night discussed at some length the question whether the grading of a small portion of Hays Cove Circle could be included in the bylaw for grading Fifth Ave. The frontage of four lots is interested and it was decided that the engineer should give a price for grading that small portion and the matter should be considered at a special meeting called for five o'clock this afternoon.

After deciding on a partial grading of Fifth Ave, under what was technically known as scheme two, advocated by Alderman Munro and also deciding on the selling of ten year debentures to pay for the work, the committee rose and reported progress.

**The Man in the Moon SAYS—**

At Burns Lake next month the debating society will discuss the resolution "Resolved that a Ford is of more value to a man than a wife." Those Burns Lake people are a speedy lot.

THE ground floor is a very dangerous floor. Watch your step all the time when walking there.

THE weather is getting cooler and this is a good time to begin to earn the price of your winter coat.

WE like the girls who look Demure Whose lives are like a book, Yes, sure.

WOMEN change their minds often but seldom their dispositions.

THERE are all kinds of slaves in this world. There are white slaves, and wage slaves and married men, among others.

EVERYBODY seems to be in danger. If you go to sea there are storms and fogs and rocks; if you walk there are cars to run over you; if you go to church there is a collection and perhaps a long sermon; if you visit a friend there is a photograph to jar your nerves and if you go to the club there are all sorts of pitfalls. Alackaday!

LOVE flits lightly here and there but think how he would fit if he had better binoculars and could see ahead a little further.

**ASK INVESTIGATION FREEMAN CHARGES**

Committee Appointed to Interview Fred Stork in Regard to Matter

Following the reading of a letter from Hoopes K. Freeman, the city council last night decided to appoint a committee to interview Fred Stork, M.P., with a view to having an investigation into the charges made by the captain against steambot inspectors. The mayor appointed Aldermen Perry and Munro and himself.

The suggestion was first made that the matter should be taken up directly with the minister of marine during his forthcoming visit but it was suggested that it would be discourteous to go over Mr. Stork's head. Accordingly the committee will discuss the matter with him.

The charges have to do with the licensing of the Narbethong several years ago when the boat was on the Prince Rupert-Stewart run.

**UTILITIES OF CITY FLOURISH**

Revenue From Light and Power as Shown by September Statement

The report of the superintendent of utilities for the month of September presented to the council last night showed a surplus on light account but a deficit on telephone account, the latter being caused by a capital expenditure which was charged up against the operations for the

**Puts you "On your toes"**

For the up-and-coming man who tackles the day's job with energy and vim nothing so delicious and satisfying as Shredded Wheat Biscuit eaten with hot milk and a little cream. It supplies bodily warmth and strength that fortify the body against cold—and it contains all the bran you need to stimulate bowel movement. Two Biscuits with milk make a perfect meal for breakfast, for lunch, for dinner. Delicious with sliced bananas or other fruits. Better for children than mushy porridges.

TRISCUIT is the Shredded Wheat cracker—a real whole wheat toast—eaten with butter, soft cheese or marmalades.

# FAITH HEALING OF DR. PRICE IS BEING CONTINUED EDMONTON

Number Declared by Evangelist to Have Been Healed; Eight Thousand Present.

EDMONTON, Oct. 16.—Treatment of various forms of ailments by the faith healing method practised by Rev. U. S. Price, the evangelist, was witnessed by some eight thousand persons in the Arena. Some twenty persons of a large number who had applied for relief of sufferings were treated and with the exception of three practically all of them were declared cured by the evangelist.

The huge crowd that attended was undoubtedly the largest audience that has ever been housed in any one building in Edmonton. In the central part of the huge arena every available seat was taken, and the aisles were packed to the limit and hundreds were standing. Over two hundred ushers were kept busy for some time seating the crowds.

**Crowds Refused Admission**  
After the building had been filled, the doors were closed shortly after the meeting started and additional police were called to keep back the crowds that attempted to gain entrance. It was estimated by the police that over two thousand were turned away.

The meeting was opened by singing a number of hymns. Dr. Price who was the only speaker gave a very interesting sermon illustrated by stories of Daniel in the lion's den, and others illustrating the power of faith. The speaker held the audience's attention for over a half hour when the healing of the sick was started. During the sermon there was absolute silence through the audience.

**On Stretchers**  
Sick persons suffering from many different forms of ailments were before the platform, some being carried in on stretchers while a large number came in wheel chairs or on crutches.

One by one the persons to be healed mounted the platform, some assisted by persons in attendance. The persons to be healed stood before Dr. Price with an attendant on either side. Dr. Price then put his hands on the head of the person to be healed and said, "In the name of the Lord Jesus Christ I anoint you with oil that you be cured." In practically every case with the exception of three, the persons fell backwards and were assisted to the floor. The treatment for all of the persons who went on the platform was practically the same.

**Rose to Foot**  
Some of the persons who had been treated rose to their feet a few minutes afterwards and walked off.

The nature of the diseases were not mentioned with the exception of the one case where a young man, with twisted legs who was suffering from the effects of paralysis. This man did not rise

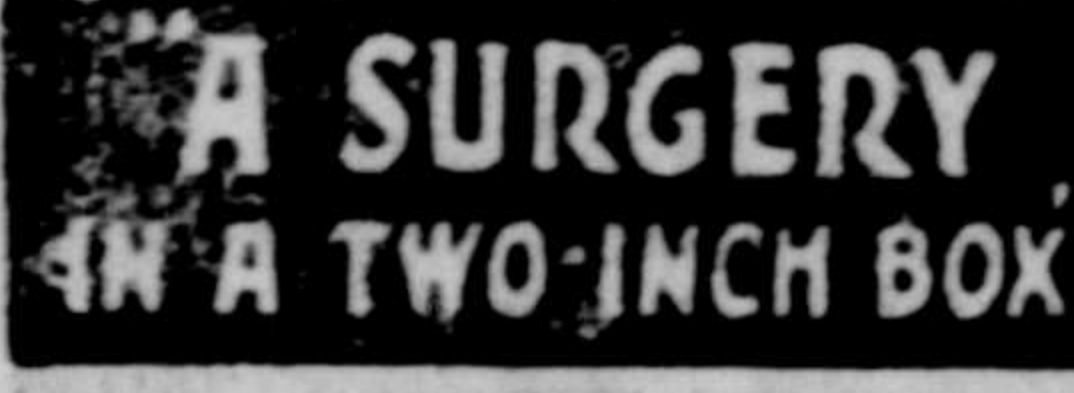

# Zam-Buk is a Blessing in the Home

**CHILD'S TERRIBLE BURNS.**—Mr. A. Summers, Postmaster of Goldboro, Sask., writes:—"Zam-Buk performed wonderful healing in the case of my little two-year-old boy who fell from his chair against a red-hot heater! One side of his face and his ear were just fried. I dressed the burns liberally with this soothing Zam-Buk daily. In two weeks Zam-Buk grew beautiful new skin."

**FROST-BITTEN EARS HEALED.**—"While going to school one morning I got both my ears badly frozen," writes Miss Mary Herrington, of Harewood, N.B. "They were swollen twice normal size and pained miserably. Fortunately I had some Zam-Buk on hand and applied it immediately to both ears and the relief Zam-Buk gave was wonderful. It stopped pain almost immediately, and quickly took out the inflammation and swelling."

**"ECZEMA ON THE HANDS** caused me three years' awful suffering," writes Mr. Angus Jossey of Spey Harbor, Halifax, N.S. "The intense itching kept me awake at nights. I had tried ointments and lotions without result before I got Zam-Buk. This wonderful healer quickly removed every trace of disease."

ZAM-BUK is medical for troubles like ring-worm, cold-sores, abscesses, poisonous wounds, chilblains, piles, ulcers, etc. Also for healing cuts, scalds and other injuries. See all druggists.

of necessity rather than of choice says the Edmonton Bulletin. Manitoba and Saskatchewan have 297 million bushels this year, against 310 millions last year. But Alberta has 119,000,000 bushels, against 65,000,000. It nine-tenths of the Alberta crop went to Pacific ports, there would still be as much prairie grown wheat to pass through Fort William and down the lakes as went that way a year ago. If anything less than that portion of the Alberta crop goes westward, the lake route will have more wheat to accommodate than it had last year,—with less than half the lake tonnage to carry it if the U.S. vessels stay away. Should they continue to refuse to carry Canadian grain there is a real possibility that only a small fraction of the Alberta crop can get out via the eastern route this fall. The Manitoba and Saskatchewan crop is claimed to be nearly five times as large as the amount which the Canadian boats can transport in the normal carrying season, and as the grain from those provinces is first to go forward, it will be Alberta grain that is shut in if the blockade occurs. It may become for the Alberta farmer and dealer a case of shipping westbound or of not being able to ship at all.

# Sport Chat

Badminton promises to become a popular sport during the coming winter. A new club was formed on Saturday night to initiate the game here and to provide quarters where club members may play during the winter months. The plan is to have a hall devoted wholly to the game. Two courts will be marked out and raquets purchased and many members will secure their own raquets. Some will play in the afternoons and some evenings and it is confidently expected that the game will engage a great deal of attention.

In addition to the new badminton club, the First B.C. Regiment athletic department will have a badminton court where the members will play the game. Other clubs may be formed and some healthy rivalry should result.

The sport of mountain climbing is still being considered. One of the school classes was to have climbed Mount Oldfield on Saturday had the weather been suitable. It is understood the event will take place soon. Other parties have been organized and plans were laid to climb the mountain back of Silver Creek on Sunday had the weather been more suitable. These long hikes are good sport and call for the display of a good deal of energy and enthusiasm. Usually they well repay for the effort.

It is over. The world series is complete and the Yankees carry off the honors. Immense crowds watched the matches at New York and the players have gathered in a good deal of coin.

# SURPRISE PARTY

Mr. and Mrs. Alex. Macdonald, Eleventh Ave. East, Honored by Friends

Some thirty friends of Mr. and Mrs. Alex. Macdonald joined in a surprise party on them at their home on Eleventh Avenue East last evening. Dancing and cards were the order of recreation and the host delighted the gathering with bagpipe selections. Delicious refreshments brought by the guests were thoroughly enjoyed.

Those present included Fire Chief and Mrs. D. H. McDonald, Mr. and Mrs. P. J. McCormick, Mr. and Mrs. N. M. McLean, Mr. and Mrs. W. G. Fortune, Mr. and Mrs. Geo. B. Casey, Mr. and Mrs. J. J. Gillis, Mr. and Mrs. Jack McKechnie, Mr. and Mrs. William Murray, Mr. and Mrs. A. O. Franks, Mr. and Mrs. R. Dowther, Mr. and Mrs. Bruce Love, Mr. and Mrs. Hugh McGilchay, Mrs. Geo. Scott, Rod Morrison, Arne Barstad and Mr. Anderson.

Hospitality is the simplest of virtues and one of the easiest to practice.

Gather your friends about you in your own home now that the nights are longer and a warm room is more comfortable than porch or veranda.

There are always inexpensive delicacies in food and drink as well as old favorites ready to be served at informal luncheons and suppers.

Games of novelty, charm and skill that will entertain and please your guests appear at this time of year. New music and new books are in the market.

Clothes for your parties need never bother you. The latest vogue or the conservative model is at your command in a hundred forms from boes to hairnets.

Any new bit of household furnishing, any personal services you may desire to save time and strength, all are provided for.

To keep in touch with all these helpers you need spend only from half an hour to an hour daily with those who advertise in your home paper.

BROKE INTO HOME CHIEF OF POLICE AT PRINCE GEORGE

PRINCE GEORGE, Oct. 16. — Fire Chief McKenzie and Assistant Chief Graham had an exciting time on Monday evening. Chief Carlow was out of the city on a hunting trip to Vanderhoof, and word was brought to the fire hall that some person had broken into his residence. The firemen at once decided to do a little sleuthing on their own account. On arriving at the house they found a front window had been broken in, through which the lock upon the front door could be manipulated.

Chief McKenzie sized the situation up in a glance. Without waiting for assistance he instructed Graham to deploy himself along the front of the building, while he reconnoitered the interior. Inserting his hand through the broken window he turned the latch and stepped fearlessly into the gloomy vastness of the dark room. There was not a sound, and the chief groped around until he located an electric switch. With the flood of light came a whirling sound from one of the rooms, and McKenzie shouted out to Graham that he had his man and to close in. It took some time to capture the intruder but in the end he was neatly trussed and taken over to the fire hall, where he was entered on the record as a full grown grouse.

The bird had come through the broken glass without a scratch. The theory of McKenzie is that Chief Carlow flushed the grouse somewhere in the vicinity of Vanderhoof, but being an orphan the bird decided to beat it for the Carlow residence as the safest place it knew of. It was waiting for the chief on his arrival home.

BURNS LAKE AND LAKES DISTRICT

At the last general meeting of the Burns Lake Citizens' Association it was decided that the association would not attempt to run a skating and hockey rink this coming winter.

It is a cause for satisfaction locally that the school pupils are at last to get the new school building which they are so urgently in need of. Tenders are now being called for the erection of a three-room school with basement.

George McKenzie, former proprietor of a general store of Burns Lake and one of the district's pioneers, accompanied by his wife arrived in Burns Lake on Friday from Los Angeles, Cal. Mr. McKenzie is a very incensed over the fact that the customs officials would only permit him to bring his auto over the line for the period of one month. Four other auto loads of U.S. tourists on the same day were turned back at the boundary owing to the same ruling, and as they wished to come up to Central British Columbia they were convinced that the time permitted was too short.

On Sunday night Mike Fenton met with an accident at Francois Lake, being found on the lake shore by A. Anderson, of the Burns Lake Garage, in an unconscious state. He was brought in to Burns Lake where Dr. Lang rendered medical attention.

Miss M. E. Garrieo and Frank Ramsden were Houston visitors on Sunday.

Mr. and Mrs. George McKenzie are visiting at the Harker Ranch at Colleymount.

Rev. Manson Doyle, Sunday School Supervisor, of Toronto, addressed a meeting of adults and children in St. Paul's Union Church on Sunday night. The address was full of interest to all engaged in Sunday School work and also to the scholars. The Burns Melody Orchestra started the program with several selections. Rev. MacCrimmon followed with a short address and called on S. Godwin to announce the prize winners in the children's garden contest. Twenty-six children were awarded prizes, the first prize being won by Gaylord Stearns.

Burns Lake Citizens' Association is in receipt of a communication from Arthur Wood, general manager of the Taltapin

IMPOSSIBLE TO GET RELIEF

Until She Started To Take "Fruit-a-tives"

The Medicine Made From Fruit

R.R. No. 1, Everett, Ont. "I had been troubled for years with Dyspepsia, Liver and Kidney Trouble, and could not get relief until I started taking 'Fruit-a-tives'. Thanks to their beneficial action, I am in normal health again."

Mrs. THOMAS EVANS "Fruit-a-tives" alone can give such happy and successful results because "Fruit-a-tives" is the famous medicine made from fruit juices and tonics. "Fruit-a-tives" is pleasant to take and will always restore the health when taken regularly as directed. 50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

A petition is now being signed for the formation of a Burns Lake municipality.

R. L. Gale, who went to Terrace on an inspection of some mining claims, is spending a few days in Prince Rupert prior to returning home.

Mrs. A. Kilpatrick who spent a few days visiting at the homes of her sons, Norman and Jack, returned to Jasper on Saturday last.

The evening classes of the Northern Polytechnic Institute which were scheduled to start here on October 8th, were, for the present at least, a failure, as no pupils put in an appearance with the exception of four enrolled for the commercial course. A special effort will be made to enroll a sufficient number to carry on, but failing the necessary quota, the project will be dropped.

Mrs. C. Reid is now visiting Hazelton.

J. Brunton, who has been confined in the local hospital with pneumonia, has recovered sufficiently to permit of his returning to his home in Winnipeg. He was accompanied by his father who came west on receipt of information of his son's illness.

H. C. Lifton returned from Victoria on Sunday, where he was called by the sudden death of his father.

J. A. Dowling has returned from Winnipeg where he went on vacation.

ROYAL YEAST CAKES Canadian Made As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market. Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass luke warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day. Send name and address for free booklet "Royal Yeast Cakes for Better Health." EW. GILLET COMPANY LIMITED WINNIPEG TORONTO CANADA MONTREAL

TERRACE NOTES

T. H. Walsh of Dorreen and C. Bingham of Usk were in town on Friday.

Morse Hatt returned from Smithers on Friday.

Dr. Petrie of Hazelton was in town on Saturday.

Mrs. Horwell of Salvas was the guest of Mrs. Sherwood last week.

G. A. Woodland of Prince Rupert was in town Friday.

Mr. and Mrs. Norrington of Prince George moved to Terrace last week and expect to make their home here in the future.

Miss Sprague and Miss James of Usk and Miss Marshall of Hanall made a trip to Terrace Saturday.

Jack Gilbert who has been visiting his parents, Mr. and Mrs. C. R. Gilbert, for the past three weeks, left on Thursday for Vancouver en route to Bellingham, Wash.

Miss Irene Stewart spent the week end with Mrs. Leslie Skinner at Copper River.

Mr. Laing of Vancouver who has been in town on business left Saturday night.

P. R. Skinner of Usk was in town Saturday.

Mrs. Hipsley returned from Rupert Saturday night.

Miss Clayton, a niece of Dr. Clayton, formerly of Prince Rupert, is visiting Mrs. Durham at Usk.

Mrs. Hagan of Vancouver was another visitor to Terrace Saturday.

There was a dance at New Town Saturday night and the guests spent a most enjoyable evening.

Mrs. Geo. Little left for Seattle on Thursday.

Mr. Martin is on a hunting trip at Shanes.

The ladies of the Catholic Church held a very successful sale on Saturday. In spite of rather unpropitious weather it was well attended.

C. Aubin who has been at Anyox for the past few months has returned to Terrace.

The St. Andrew's Society are reviving a number of the old Scotch dances and a number of rehearsals are being held so the numbers will go off well at their forthcoming dance.

Mr. Arkell who has been in the Rupert Hospital for some weeks, has recovered sufficiently to return to his pre-emption at Kalam Lake.

Most of the farmers here were busily engaged last week in potato digging. The vegetable crops have been excellent this year.

Happy Owings of Kalam Lake is in town.

STEWART

The Engineer group of claims on Marmot River have been developed during the summer and the showings there are said to be very good. It is about six miles from the salt water and is 2,600 feet above sea level.

The Chicken Inn was opened a few days ago under the management of Miss Cora Toleson.

Eugene Murphy, a well known miner, was killed on Friday night by falling from the plank road-way near the boundary line to the rocks below.

At the recent hospital dance the sum of \$300 was netted.

At the city council meeting last night a petition was received from Fred Ritchie and 85 per cent of the property owners on Fourth and Fifth Avenues where the street grading has been done asking that a new bylaw be substituted for the one already passed, the new one to provide for construction of a cinder walk instead of plank as at present proposed. The petition was granted and the new bylaw will be prepared in the regular way. The proposed new path will be five feet wide.

A liquor of Gold with neither the arrogance of wine, the self-consciousness of coffee, nor the smirking innocence of cocoa. That is well-made tea. Tea drinker or not, you cannot but enjoy NABOB TEA a tea with body and "bouquet"—a golden amber liquid, pleasing to the sight—gratifying to the senses—a potent pick-me-up for mind and muscle. Tea drinker or not, once you try Nabob, you will become a Nabob drinker. Nabob is the password. 31 Tea-as it should be KELLY DOUGLAS & CO. LTD

# TELEPHONE SPECIALS

Shop by Phone to Save Time and Money.

Convinced that by telephone we can sell for less than otherwise, we have decided to put our theory into practice by means of "The Telephone Special."

The special prices quoted in this ad. apply only on orders phoned in, as we have proven beyond doubt that the overhead cost of selling which is the largest item in the expense column of the retail grocery business today is reduced by more than one-half when orders are taken on the phone as compared to those taken on the floor of the store. In other words our records for the past six months prove that the average clerk on the phone can accomplish more than three clerks of average ability in the store, consequently we feel that it is only fair that we pass this saving along to those who shop by telephone.

Shop by Phone to Save Time and Money.

This method along the lines we have explained above, completely explodes many of the time worn and accepted trade principles of the past, and we venture to predict that just as modern inventions have supplanted the methods of olden days, effecting big reductions in cost of manufacture, so also will our policy of lower prices to those who shop by phone supplant the time-wasting method of personal shopping.

Every home should have a phone. No longer is the telephone considered a luxury. It is an absolute necessity, and no household can afford to not have a phone. Make the phone pay its way. It will save shoe leather, and possibly a big medical bill from exposure on a shopping trip when the weather is bad. It brings every merchant in this town right to your door, no matter how far away you live.

## MAMMOTH IN ALASKA ONCE

Immense Creatures in Large Numbers Roamed Northern Country

A scant 25,000 to 40,000 years ago, as geologists mark off the eons of time, the long haired mammoth dominated the larger animals living in Alaska, say the Fairbanks News Miner. His supremacy depended not alone on number for, standing as he did, about nine and one-half feet in height, weighing at least two tons, and equipped with long spiral tusks with points directed inward, so fashioned as to catch an adversary for the deadly backward toss, he roamed the lowlands free from fear of any living enemy. For protection against a rigorous climate he had an undercoat of wool and an overcoat of yellowish brown woolly hair covering the entire body. Interspersed with these was a large number of longer and thicker hairs which formed mane-like patches on the cheeks, chin and flanks of the animal.

### Rifle Useless

It is easy to read the description of animals of these proportions without actually getting a true mental picture of this great giant among all the quadrupeds. If these animals had persisted in Alaska to the present day and we should suddenly encounter one on the trail, the modern big game rifle would prove of little avail. The soft nosed bullet would be flattened and retarded in penetrating the thick tough hide and heavy flesh pads and

# Listen!

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

## Peps

only by chance would the vitals be reached.

But the mammoth did not survive and today we must visualize his great bulk from skeletal remains uncovered chiefly in the placers. Tom Smith of Nenana recently secured from near Manley Hot Springs an exceptionally well preserved thigh bone of one of these animals and this bone, which is now at the college, serves better than anything else to designate the gigantic bone structure of the mammoth. This thigh bone alone has a dry weight of about 15 pounds, is three feet in length and at the ball and socket hip joint is 34 inches in circumference. Its weight is just 15 times that of the thigh bone of a large horse.

### Bones of Horses

This animal, in a day's travel, must have met many bison and wild horses, for those who have made a study of the problem are of the opinion that during the glacial period the mammoth exceeded in numbers any other large animal in the northern part of our continent. The bison ranked second and the wild horses and the caribou existed in lesser but important numbers. The placers of Alaska have not yielded any large quantity of horse bones and the impression has generally prevailed that the horse was rare during the time of the mammoth. On the contrary, however, he probably existed in considerable numbers but his grazing area kept him out of the stream bottoms much of the time and hence his bones would not often appear in the placers.

At Hot Springs, however, two well preserved horse skulls and several leg bones were found in close association with the thigh bone of the mammoth. From these remains the expert paleontologist would be able to accurately classify this horse and designate its general relationship to our present day horse.

### Reassembled Skeletons

The College is securing an unusual collection of Pleistocene mammals and in time this collection will permit several of the species to be reassembled in skeleton form for museum and laboratory purposes.

## FISH ARRIVALS

Five Boats Sold 48,500 Pounds of Halibut at High Prices This Morning

Three American boats sold 42,500 pounds of halibut at the Fish Exchange this morning and two Canadian, 6,000 pounds, a total for the day of 48,500 pounds. Prices were high again, the top being 20.1c and 12c drawn down by the American schooner Sentinel.
