# TURK ASSEMBLY REJECT LAUSANNE TREATY

## FOURTEEN DAYS ON ICEBERG BEFORE BEING RESCUED BY NORWEGIANS

### Turks Reject Peace Treaty and Demand Complete Independence and Evacuation of all Territory

LONDON, March 7.—The Turkish National Assembly at Ankara has rejected the Lausanne Treaty and the Turks have claimed responsibility for the result if the Allies insist on forcing either the letter or spirit of the treaty.

CONSTANTINOPLE, MARCH 7.—Advices received here from Ankara state that the National Assembly has decided that Lausanne Treaty is not acceptable. The government, however, is authorized to continue negotiations on condition that questions be settled in conformity with the complete independence of the Turkish nation and that all occupied territory be evacuated after the peace signatures are affixed.

### FORECLOSURE COPPER MINE

Final Proceedings at Vancouver Preliminary to Sale of Copper Mountain

(Special to Daily News) VANCOUVER, Mar. 7.—As a formal preliminary to the sale of the Copper Mountain mines to Granby Company, foreclosure proceedings were launched in the Supreme Court here by the trustee for the bondholders, the Equitable Trust Company of New York, who hold the bond issue of \$2,500,000 which with interest arrears now amounts to \$2,800,000. The Canada Copper Company are the defendants and the procedure is mere routine.

### IMPLICATED IN PAYROLL THEFT

Vancouver Police Hear From Sydney, Australia—Dates Are Confused

VANCOUVER, March 7.—The local police today received word from the police of Sydney, Australia, that a former member of the Canadian Expeditionary Forces named George Henderson, is being held there on a charge of vagrancy, had said that he had been implicated in a city payroll robbery here on November 2. The actual date of the robbery here was September

### ANGING CANNERY TENDER FROM STEAM TO GAS PROPULSION

The cannery tender Hope from Beaver Cannery, Rivers Inlet, at the Prince Rupert hothouse, having extensive repairs and alterations made including the changing of her engine from steam to gasoline. A 55 horsepower Atlas motor is being installed.

The Hope was towed up the coast from Rivers Inlet by Capt. Munro in the launch Panchena and arrived here on Monday. She will be here a month. Hull repairs are also being made.

### AND MINE KILLED AN IRISH DETECTIVE

DUBLIN, March 7.—A land covered with the carcass of a mine exploded at the door of the dead cow. The men arrested have come tax office. Beresford confessed to the murder.

Mr. Kelly and wrecked the office.

### MUSSOLINI OPPOSED GAMBLING IN ITALY

Allows Only State Lottery and Lotteries For Charitable Purposes

ROME, March 7.—Gambling has found no friends in the government of Premier Mussolini which, by a recent decision, has authorized the repression of the practice on the grounds that it does not promote a healthy morality in the nation and that Italian cities must find better means than "parasitism and vice" for their prosperity.

The Minister of the Interior, the portfolio of which is held by Premier Mussolini, has been given power to adopt severe measures to run down the gamblers and to abolish the traffic in any quarter where it may be found.

The regular government lottery, which takes place weekly and has been a feature of Italian life for many decades, will continue to function. Other lotteries for philanthropic and charitable purposes will be held from time to time when government regulations pertaining to them have been fulfilled.

### LEASES OPENING UP MINE AT ALICE ARM

Esperanza Will Increase its Output of High Grade Silver Ore

It is expected that the Esperanza mine will shortly increase its output of high grade silver ore to a considerable extent says the Alice Arm Herald. Leases have been let to two more crews of men. Messrs. A. L. Loftus, J. Fiva, J. Lee and "Skookum" have taken a lease on the tunnel immediately above the Baldy tunnel, and commenced work on Wednesday. Messrs. T. Gaffa, J. Freeman and Angus McDonald have also taken a lease on another vein and started work. Wm. Hutchison and Chas. Brown who have been working on a lease in the Baldy tunnel are steadily taking out high grade ore, and Rod Campbell and Angus McLeod, who are working in the upper tunnel, are working on a nice high grade vein and are well pleased with the results of their labor. The Esperanza Co. have no men now working in the mine, all work being done by leasers.

The Esperanza has shipped a considerable quantity of high grade ore in the past, and with the force now working at the mine it is expected that all previous records will be broken.

### MOONSHINERS KILL DEPUTY SHERIFFS

Murderers Arrested and Confessed—Bodies Buried in Mud Under Dead Cow

FRANKLINTON, March 7.—The bodies of Wesley Grain and Wiley Pierce, deputy sheriffs slain Saturday by moonshiners, were found today buried in mud and sand.

DUBLIN, March 7.—A land covered with the carcass of a mine exploded at the door of the dead cow. The men arrested have come tax office. Beresford confessed to the murder.

Mr. and Mrs. S. S. Magoffin returned to Winnipeg on last night's train. Shortly they are leaving for Europe on a holiday tour.

### DEFEAT FOR THIRD MEMBER LAW CABINET

Financial Secretary of Treasury Meets Political Doom At Polls

LONDON, Mar. 7.—Another member of the Bonar Law Government, J. W. Hills, financial secretary of the treasury, was defeated in the by-elections and lost his seat in Parliament.

Political circles are all agog over this third defeat which may mean a political crisis.

### FRENCH ADVANCE FAR AS MULHEIM

Given Decision on Points in Six Round Bout with Dandy Dillon

LONDON, March 7.—The French have occupied Mulheim, site of the Stumm industries, ver., was given the decision over an important manufacturing center.

SEATTLE, March 7.—Vic Foley, bantamweight of Vancouver

Dandy Dillon of Seattle on points in a six round contest.

VIC FOLEY WINS

Attempt in Germany to Re-

store Old Order is Nip-

ped in Bud

BERLIN, March 7.—An-

other effort to restore the

old order of things in Ger-

many has failed. A coup

d'état which was planned to

take place about the middle

of the present month has

been squelched by the arrest

of fifteen persons at Munich.

Today four boats arrived with

a total of 54,000 pounds. The two

Americans received 19c and 19.2c

for fish class fish and the Cana-

dians 16.3c and 16.2c.

The arrivals were:

American

Gladstone, 20,000 pounds, at

19.2c and 19c, to the Atlin Fish-

eries.

Constitution, 20,000 pounds at

19c and 19c, to the Canadian Fish

& Cold Storage Co.

Canadian

Cape Spencer, 7,000 pounds, at

16.2c and 9c, to the Canadian

Fish & Cold Storage Co.

Cape Spear, 4,000 pounds, at

16.3c and 9c, to the Atlin Fish-

eries.

VANCOUVER, Mar. 7.—The

Young Liberal amateur hockey

champions of British Columbia

defeated Blarimore the Alberta

champions, in the final game of

the series by three goals to one,

thus giving Vancouver a one

goal lead in the series.

Vancouver Young Liberals will

now play Saskatchewan in the

next step to the finals for the

Allan Cup.

The report recommends that the regulations preventing the

use of motor boats for salmon gill net fishing in District No. 2

be amended to permit their use beginning with the 1924 sea-

son; that licenses to others than whites and Indian fishermen

be reduced forty per cent; that Orientals who served with the

Canadian forces receive preference in the issue of licenses to

this class of fishermen.

The report also urges that Oriental naturalization papers

show photographs and finger prints.

It reports the signing of an agreement at Washington

closing the Fraser River to fishing for five years.

BODY OF MAN WAS AUSTRIAN

Famous Alice Arm Property Car-

ries Gold, Silver and Cop-

per Ores

The Homestake Mining Com-

pany will undoubtedly commence

operations on the Homestake

property in the early summer

says Mr. A. Davidson, who is

one of the owners of the prop-

erty, and has just returned to

Alice Arm from a trip to Van-

couver. The company are keep-

ing their payments paid up and

have great faith in the property.

The Homestake is situated at

the Kitsault Glacier, and the last

work done on the property was

in the summer of 1921, and

when the work ceased in October

a good body of ore had been

brought into, and the property

looked very promising. The ore

carries values in gold, silver and

copper—Alice Arm and Anyox

**Magazine Publishing  
And Canadian Public.**

The perennial question of the admission of foreign literature to Canada is again being discussed. Yesterday a despatch from Ottawa told of a resolution being passed in the House of Commons favoring a heavy duty on American publications and particularly on the advertising sections. As most people read American magazines here and will continue to do so even after the duty goes into effect, if it should be decided to levy it, there will be a considerable added expenditure on the reading public.

While recognizing that this is a debatable subject and one in which the case for exclusion has a great deal of merit, it must be remembered that most British writers sell their literary wares in the American market and so also do many Canadians. The Canadian demand for magazines is not yet sufficiently great to make it possible to publish purely Canadian publications of the same quality as American. Efforts are being made in the East to put out Canadian periodicals that will replace the foreign and that may be the reason for the present agitation.

**Keep Out Much Of  
Slush From This Country.**

There is a class of magazine that might well be kept out of the country. The latest craze for sex stories has resulted in the publication of dozens of magazines devoted almost wholly to sex stories of the most crude and suggestive kind. Some of them make scarcely any effort at decency. In advertising for stories for one of these magazines, the publishers ask for sex stories which would particularly appeal to young girls.

While in the past prudery has been carried to extremes and often with ill effect, the present swing in the opposite direction is scarcely in the best interests of the nation. If young people are to be taught to think and talk and read of nothing but sex matters, what will happen to the intellectual life of the country? Even the most careless people, morally speaking, will scarcely wish to have the young people fed on such trash as comes in these prominent publications. The Police Gazette was denied the use of the mails in this country, but the Police Gazette was a high class family journal compared with some of the publications that are sold here. If there were only a few of them, no one would object much, but the craze for that sort of thing is increasing and the number of sex magazines is ever on the increase. They have neither literary merit, artistic value nor any other merit. They are simply trashy delinquents of the young people and wasters of time, which might be devoted to something better and which most certainly could not be devoted to anything much worse.

**Free Trade Is  
Great Ideal.**

Free trade, as nearly as possible, is the ideal of many people in this country and it would be the best thing for the country as a whole. The more restrictions are placed upon trade, the higher prices the people have to pay. It usually is a means of making money for the big interests instead of benefitting the workers. The difficulty today is that we have a debt incurred during the war that has to be paid and the interest on which has to be kept up. This places on the country a vast overhead expense that only heavy taxes can liquidate. It is easier to collect that tax by means of an import duty than any other way, because people do not protest as strongly against that as against many other forms of taxation. Direct taxation is always an annoyance to those who have to pay. Already it is heavy enough. By placing the tax on the goods we consume the tax is not felt as keenly as it would be if each person were asked to pay a lump sum. By keeping the tax heaviest on luxuries, it is possible to make those who use those luxuries pay more than those who live plainly.

**"I Now Feel Fine"**

Mrs. P. G. Murdoch, Box 433, Portage la Prairie, Man., writes:

"I was troubled for years with biliousness, constipation, kidney and liver troubles. I tried many different kinds of medicine, but nothing did me much good until I tried Dr. Chase's Kidney-Liver Pills. I now feel fine, but am never without these pills in the house. Dr. Chase's Ointment has relieved my husband of piles, from which he used to suffer badly."

**THIS PORT  
IS GATEWAY  
FOR ALASKA**

**So Declares Juneau Publication  
in Pleading for Prosperity of  
Territory**

The fact that must be acknowledged is that for the proper, economic and logical development of southeastern Alaska, our trade facilities with Prince Rupert must be helped, says the Alaska Fisherman, published in Juneau. Even Carl Strong, the spokesman in Washington during the past winter for the Ketchikan-Seattle interests, stated that Prince Rupert is natural gateway for this district, but he singularly asked Congress to place an embargo on this natural gateway. As loyal and good citizens of the United States we regret that Prince Rupert is not the soil of our own country. As Seattle has prospered through Alaskan trade, so will Prince Rupert. But be that as it may, the gateway of southeastern Alaska is Prince Rupert and friends of this district will work to send our products through this port if they love Alaska and wish to see it grow.

Prince Rupert is about 90 miles from Ketchikan. Seattle is over 600 miles from Ketchikan. In the matter of time, S.E. Alaska is two days nearer the Chicago, St. Louis and eastern markets via Prince Rupert than via Seattle. Already it is the buying center of our fish trade and for the reason that it is the natural port and gateway of this district. Railway service begins there.

**Strong's Duplicity**

In the hearing on the repeal of the clause in the Jones Act discriminating against Alaska by making an otherwise good act apply to all the United States, except Alaska, Carl Strong represented the Ketchikan-Seattle interests. All through that hearing both Strong, the friend of Seattle who lives in Ketchikan, and Mr. Strong, not Carl, the lawyer lobbyist of the steamship companies at Washington, made it plain that Seattle cannot hold the business of S.E. Alaska with out the aid of the discriminating clause of the Jones Act, and also a further embargo against shipping to Prince Rupert or a heavy duty, a penalty to be imposed on those who ship through that port. But Carl did not tell the committee that he himself ships practically all of his canned salmon through Prince Rupert and thus saves two days in time and 25¢ per case in freight. This is the proof that S.E. Alaska products must go through the "natural gateway" just as truly as water flows downhill.

**Best Customer**

We will have something to say later of the so-called un-American policy of building up Canada and Canadian towns like Prince Rupert as against real American communities like Seattle. It is enough to say at this time, that Canada is our best customer; as Canada has grown, so has our trade with her; as she prospers, so does the United States business man; therefore, whatever of good we can do for her, let alone the fact that S.E. Alaska by its very geographical situation must trade with Chicago and the east through her, will come back to us as citizens of the United States ten fold.

**CLEAR TITLE  
DOLLY VARDEN**

**Wingfield Gets Mine When Taylor Co. Fails to Redeem Liability**

The Taylor Mining Co., Ltd., of Vancouver, lost all interest and claim in the Dolly Varden mine, Alice Arm, last week when they failed to make redemption to George Wingfield, the Nevada banker, who held a mortgage on the property. Wingfield now has a clear hold on the mine and its equipment and it is expected that he will make some disposition of the property at an early date.

Speculation is rife as to whether Mr. Wingfield will start up operations at the mine or sell it but, until his arrival on the coast, it is not expected that any definite announcement will be made.

**GRAVEYARD OF  
PACIFIC OCEAN**

**Movement to Have Proper Protection on West Coast Vancouver Island**

VICTORIA, March 7.—Better protection for the "Graveyard of the Pacific" on the west coast of Vancouver Island is being requested here. The government keeps a small power lifeboat at Banfield but it is too small to cope with the heavy seas that endanger shipping during times of stress. What is now advocated is a larger boat that will be able to go out in all weathers.

**Resolution**

The Rotary Club has taken the matter up, passing the following resolution:

"Whereas the west coast of Vancouver Island is adjacent to the most important trade route approaching the ports of Western Canada;

"And whereas said coast is well known to present grave dangers to navigators during the winter months;

"And whereas the existing provision for intercommunication between lighthouses, life saving stations and other shore points is admitted to be insufficient and unreliable, and has proved to be so;

"And whereas the life saving equipment is also inadequate and often, through said lack of intercommunication, useless;

"And whereas shipping is largely dependent for protection on the good offices of the United States government;

"Be it resolved that the Rotary Club of Victoria go on record as favoring immediate representation being made to the federal government that positive and reliable telegraph or telephone communication be installed between the lighthouses and shore points of Banfield and Ucluelet, and that a staunchly-built and well-powered vessel be placed at some suitable point, and that this vessel be equipped with modern life saving apparatus;

"And be it further resolved that copies of this resolution be forwarded to the Department of Public Works, the Department of Naval Defence, to the Premier and members of the federal cabinet, and to the senators and members representing British Columbia in the federal parliament;

"And be it further resolved that a committee be appointed to interest the Chamber of Commerce and other organizations in this city."

**The Man in the Moon  
SAYS:-**

THE difficulty with public speakers is that they keep on talking after they have finished what they had to say.

ANOTHER fault is that some of them have nothing worth while to say.

RECENTLY it was reported that in Sicily the girls get married at the age of fifteen, and since that time there have been a number of inquiries from flappers as to the cost of getting to that delectable land.

EASTER will be here soon and then we shall see some hats that are hats.

IT was away down in Minnesota that a husband extended his sympathy with the man who ran away with his wife. Here people hate to admit that they have been fooled.

HARRY Poley the politician is still talking at political meetings about the poor grade Government whiskey. Who cares? The poorer it is the less will be drunk.

Trust busting is to be the sport of the season in Canada, judging from the action being taken in the Dominion Parliament. What I am wondering is, what will the poor old trusts look like after they are busted? They have been engaged in the sport for many years in the U.S., but no great explosions have taken place so far.

IN some homes the conflict is

Croft; "Wrinkles in Practical Navigation," by S. T. S. Lecky; "A.B.C. of Aviation," by V. W. Page; "Internal Combustion Engine," by H. E. Wimperis.

**NEARLY A THOUSAND PEOPLE USE LIBRARY**

Meeting Last Night Heard Satisfactory Report from Librarian as to Work

At a meeting of the library board last night, the Librarian reported that close to a thousand people were now using the library, the exact number being 982. The average number of books taken out each day during February was 135, the highest number in any day being on Saturday, February 24 when 317 were taken out.

A number of matters were discussed formerly but left over to come up as soon as the library estimate has been passed by the city council. The bills for the month were passed including a number of which have been paid this year for putting the building into shape, such as repairs to the roof and fittings for the stove and some minor carpentry work. This puts everything in good condition except for some plastering on the chimney where the rain still comes in.

The matter of insurance for the books was left over until the estimate is passed.

In the absence of the chairman, Rev. G. G. Acker, H. F. Pullen presided and there were present Mrs. Kirkpatrick and Messrs. Wilkinson and Fuller.

President R. V. G. Lepine, Honorary Secretary Frank Dibb, Directors R. E. Benson, Thomas McMeekin, R. F. Perry, Ben Self and E. A. Mann and Manager F. W. Mackintosh.

**SKEENA CANNERRIES NOW OPENING UP****Crews Already at Balmoral and North Pacific Making Cans in Readiness for Season**

Crews have arrived at the Balmoral and North Pacific canneries on the Skeena River and are now engaged in the making of cans preparatory to opening up for the season. J. E. Lord, manager of the latter plant, has already arrived on the scene and is in the city today.

In the course of the next few days managers and crews of nearly all the Skeena River plants are expected from the south.

**PIONEER CANNERY MAN OPTIMISTIC****A. E. Noel Says There Will be a Record Salmon Pack—Is Going to Balmoral**

A. E. Noel, prominent canneryman of the Skeena River, left last night for Balmoral where he has accepted an appointment for the coming sea-

son.

Mr. Noel is an old resident of the Skeena River having lived for the past twenty-three years at Port Essington, where he conducted the business of R. Cunningham and Son. The last winter he has spent at Victoria with his family.

Mr. Noel stated that never before was he so optimistic as to prospects for the season and he looks for a record pack. The outlook for Prince Rupert this year was also good and he looked for much progress in the city.

**WHIST DRIVE****Given Last Night in Emad Hall by Oddfellows Lodge**

There were about 75 persons present at the whist drive given last night by the Oddfellows in the Emad Hall. First prizes were won by Mrs. J. McKechnie and Duncan McLean and second awards were taken off by Mrs. S. V. Cox and A. H. Love. Mr. Hilliard, Mr. Barb and Mr. Grossell made up the committee.

**FINE DANCE GIVEN BY PRINCE RUPERT CREW LAST EVENING**

The dance given last night in the De Luxe Hall by the crew of the steamer Prince Rupert proved to be a highly enjoyable affair and was attended by about 150 persons. G. H. Butterworth was master of ceremonies. Music was provided by the ship's or-

## OFFICIALS LEAVING ANYOX FOR COPPER MOUNTAIN NEW CAMP

ANYOX, March 7.—The fifteenth of the month will make the departure of the first lot of officials to be transferred from Anyox to the new operation of the Granby Company at Copper Mountain. It is not yet known just how many will leave here, but the mine, concentrator, sample mills, mechanical and stores' staff will contribute the majority of those to be transferred, neither the smelter or coke plant being called upon to furnish help for Copper Mountain, except in a small way.

## ALICE ARM WON IN HOCKEY GAME

Defeated Anyox Last Sunday by  
Score of 10 to 2—Leading  
In Northern League

ALICE ARM, March 7.—The Northern Bears of Alice Arm walked off the local ice on Sunday with a 10 to 2 hockey victory over the Anyox Mine and as a result are now leading in the Northern League three games to one. The game was played on heavy ice and Alice Arm was away in the lead all the time. At the end of the first period the local team was ahead 5 to nil and at the end of the second 9 to 2. The third period was a strenuous affair and the Anyox team tried desperately to add to their showing. The fifteen minutes was filled with hard checking and frequent spills but the rushes of the Anyox players crumbled against the team play of the Alice Arm. It was the third consecutive win for the local team.

The Alice Arm team fought hard and deserved their counters. Their teamwork was good and several times they scored on perfect passes. They showed good aggressiveness, speed and stick handling ability.

The Anyox team also showed qualities of good hockey playing but they were lacking in combination play. Several times the Anyox men essayed individual plays, some of which got through and one of which scored, but they mostly broke down on the Alice Arm defence.

H. F. Kergin, M.P.P., refereed the game in true parliamentary style and with commendable smoothness of procedure. He meted out no penalties.

The line-ups were as follows: Alice Arm—Ross, 2; Oatman, 2; T. Falconer, 4; G. Anderson, r.w.; A. Falconer, l.w.; B. Gray, sub.

Anyox—Stubbs, 2; Anderson, 2; Wilson, 4; Carlson, r.w.; Poyer, 2; Dean, sub.

Scorers—Anyox—T. Wilson, 4; E. Anderson, 1.

Alice Arm—Oatman, 4; A. Falconer, 3; G. Anderson, 2; B. Gray, 1.

A dance was to have been held in the new gymnasium on the night of March 9, but owing to the number of basket-ball games already postponed, it was thought better to cancel the dance for the present at least. It would appear from present indications that there will be no Senior Baseball League in the city this year although, in all probability, there will be an improved and larger Intermediate League. Of course, if conditions improve and more men come to town there is the chance that within the next two months there may be sufficient material to form a Senior League.

Several organizations are mentioned as possibilities for the Intermediate League including the Knights of Columbus, Colts, Sons of Canada, Elks, Grotto and Gil's. It is considered probable that at least a four team league may be organized out of the material at hand. It is yet a little early to speak definitely of the season's program, however, for the annual meeting of the Baseball League is not scheduled to take place until April.

The season will not commence as early this year as last, it is expected, because Daylight Saving will not be in effect. For the same reason the season will probably not be as long as formerly but this should do no harm. The general opinion is that a short snappy season would probably be quite as successful as past year's programs when the interest commenced to wane towards the end.

There is every reason to believe that the Junior Baseball League will equal and possibly exceed past years in interest and size. There is plenty of material in sight and sport of all kinds is being encouraged in the schools. It is reported that George Johnstone is to interest himself in this branch of sport this year following up the work that was so ably carried out for the past two or three years by W. J. Cash who is now in Seattle.

The Lacrosse League will probably be resumed this year on about the same scale as last. It is true that several of last year's players have left the city but it is believed there is still enough material for a senior League of

# How often can We Advertise?

NOT  
How often should  
WE Advertise?

**WHY** are the Canadian and American Manufacturers appropriating fifty per cent more dollars in Newspaper Advertising for the year 1923 than in 1922?

## There's a Reason

**BECAUSE** they have implicit faith in the pulling power of Newspaper Advertising and in the future trade conditions for the coming year.

The daily newspaper has proved itself worthy of this tremendous responsibility and trust.

Men who spend millions of dollars on Newspaper Advertising yearly know what it has done for them in the past and feel safe in trusting their future fortunes to the advertising columns of the daily press.

## The Daily News

P. O. Box 1723

at least two clubs. There will be also a junior organization this year if the Lacrosse Association's determination of last year is carried out.

Warrie Anderson, who was Prince Rupert's star short stop for many years and who recently left for Anyox, will go to Seattle on March 15 to join the Imperial Oil Co.'s team in the City League there this year. Billie Blyth, writing from Seattle, states this: "Warrie has always been considered one of the best ball players in Prince Rupert and no doubt he will meet with success in his first appearance in a big city."

Three former Prince Rupert athletes, Billie Blyth, Charlie Blyth and Tom Moloney, were members this winter of the Pirates' hockey team, champion of the Seattle Amateur Hockey League. The Pirates won first place in the league series and are now playing off with the Wanderers, second place team, for the city championship. They won the first game of the play-off by 10 to 1.

There is every reason to believe that the Junior Baseball League will equal and possibly exceed past years in interest and size. There is plenty of material in sight and sport of all kinds is being encouraged in the schools. It is reported that George Johnstone is to interest himself in this branch of sport this year following up the work that was so ably carried out for the past two or three years by W. J. Cash who is now in Seattle.

The Lacrosse League will probably be resumed this year on about the same scale as last. It is true that several of last year's players have left the city but it is believed there is still enough material for a senior League of

## MUCH REVENUE FROM FISHING

Alaska Gets Largest Part of its  
Territorial Income From  
That Source

JUNEAU, March 7.—In the six and one-half years from July 1, 1916, to December 31, 1922, revenues accruing to the Territory from taxes on various branches of the fisheries industry were almost three times as large as that from any other industry, according to the official audit report of the Territorial Treasury. Revenues from the fisheries of all kinds amounted in that period to \$1,850,438.30.

Second as a revenue producer is the mining industry which, during the same period, turned over the Territorial treasury the sum of \$661,694.75. The school poll tax was in third place, revenue from it amounting to \$349,971.61. Income taxes from railways brought in \$151,140.63 and from the National Forests was received \$134,224.21. Of the last named sum, the Tongass Forest returns were \$119,150.13 and the Chugach, \$14,774.08. Corporation fees in the Secretary's office contributed during the audit period almost \$65,000; ships and shipping \$56,121.44.

The fur tax law passed by the 1921 legislature proved to be a revenue producer of some import, the total for the biennium being \$42,145.75. Most of that amount was collected in 1922, when receipts under the act totalled \$10,581.18, as compared to \$1,564.57 for the first year's operations of the law.
