Miss Roma Caldwell, of the stenographic staff of the provincial government forestry office, was assaulted and knocked down last night about midnight on McBride Street near the corner of Second Avenue by a man who, up to early this afternoon, had not been identified by the city police. In the struggle which ensued, Miss Caldwell lost a purse containing money and papers which has not yet been recovered. The city police have been given a good description of the culprit and last night and this morning a thorough search was conducted which is still in progress this afternoon. Several suspects were examined and let go and one was landed in the lock-up.

All members of the council were present except Mayor Newton and Ald. Currie, both of whom are out of the city. Acting Mayor Hart presided. The meeting was in progress from 8 o'clock to 11.

#### ARKS LEAD IN PROHIBITION

Bars Kept Open For Foreigners in That Country Only; Sarcasm Expressed

#### YOUTHS ARRIVE AT VANCOUVER FOR FARMS

#### PRESIDENT ON DRY PLATFORM

Will Ask That Executive be Given More Money Enforce Law

WASHINGTON, June 16.—By Canadian Press.—President Harding, when he meets this month with the governors of the states in the second conference on prohibition, will have a definite and drastic dry program to propose. This is the statement made on high administration authority. The conference is to be held prior to the departure of the president on his western speaking tour and trip to Alaska.

Just at the time when the State of New York has disposed of its enforcement law and when a movement for similar action is strong in some other states, the president is preparing to make himself the leader of the dry forces and to run for re-nomination and re-election on such a program. His political advisers believe the great majority of the country is dry and that a dry policy is sure to win at the polls.

Particular features of the president's program will include recommendations to Congress that the executive be given more money and more power for rigid enforcement on the federal side. At the same time, appeal will be made to the governors to do their utmost to have the states carry out a program of rigid enforcement and co-operate fully with the federal government.

#### TENTATIVE DESIGN PROVINCIAL POLICE UNIFORMS PREPARED

VICTORIA, June 16.—A tentative design has been prepared for the provincial police under direction of Colonel McMullin, head of the organization. It will somewhat resemble that of the mounteds. The tunic is cut after the service pattern worn by officers in the war and will be decorated with green shoulder straps and green facings on the cuffs. Khaki riding breeches with a narrow strip down the side and the usual footwear. A general service cap with green band and yellow facings is suggested.

VICTIMS AND SCENE OF MAN HUNT

Days of bravado and banditry ended for Leo Rogers when he was shot dead by a squad of constables who took him unaware and peppered his body with bullets. Top left shows Leo Rogers, who had a long record of crime and who successfully evaded the police for two weeks. Left to right from Rogers are: Plainclothesman Fred Lefebvre, who was killed the day following Rogers' escape, when the desperado was in the bush; Provincial Sergeant John Urquhart, who was instantly killed on the back door step of the Rogers' home, where the bandit had returned the night before; Constable William McGovern is shown on the right. He was wounded in the hip shortly before Lefebvre met his death. Bottom left is shown the back door of Rogers' home and the broken glass which was shattered by a bullet fired from the inside by Rogers, and which resulted in Urquhart's death. Bottom right is the window through which the hunted man jumped and made his temporary escape.

#### No Further Assistance to be Given Shareholders of Grand Trunk Railway by Government

OTTAWA, June 16.—A special report of the Canadian National Railway and Canadian Government officials on the requested assistance for preferential and common stockholders of the Grand Trunk Railway finds that the Canadian Government is not responsible for further aid and Premier Mackenzie King has sent a report to Sir Alfred Smithers, as head of the committee which asked further consideration for the shareholders, in regard to the matter.

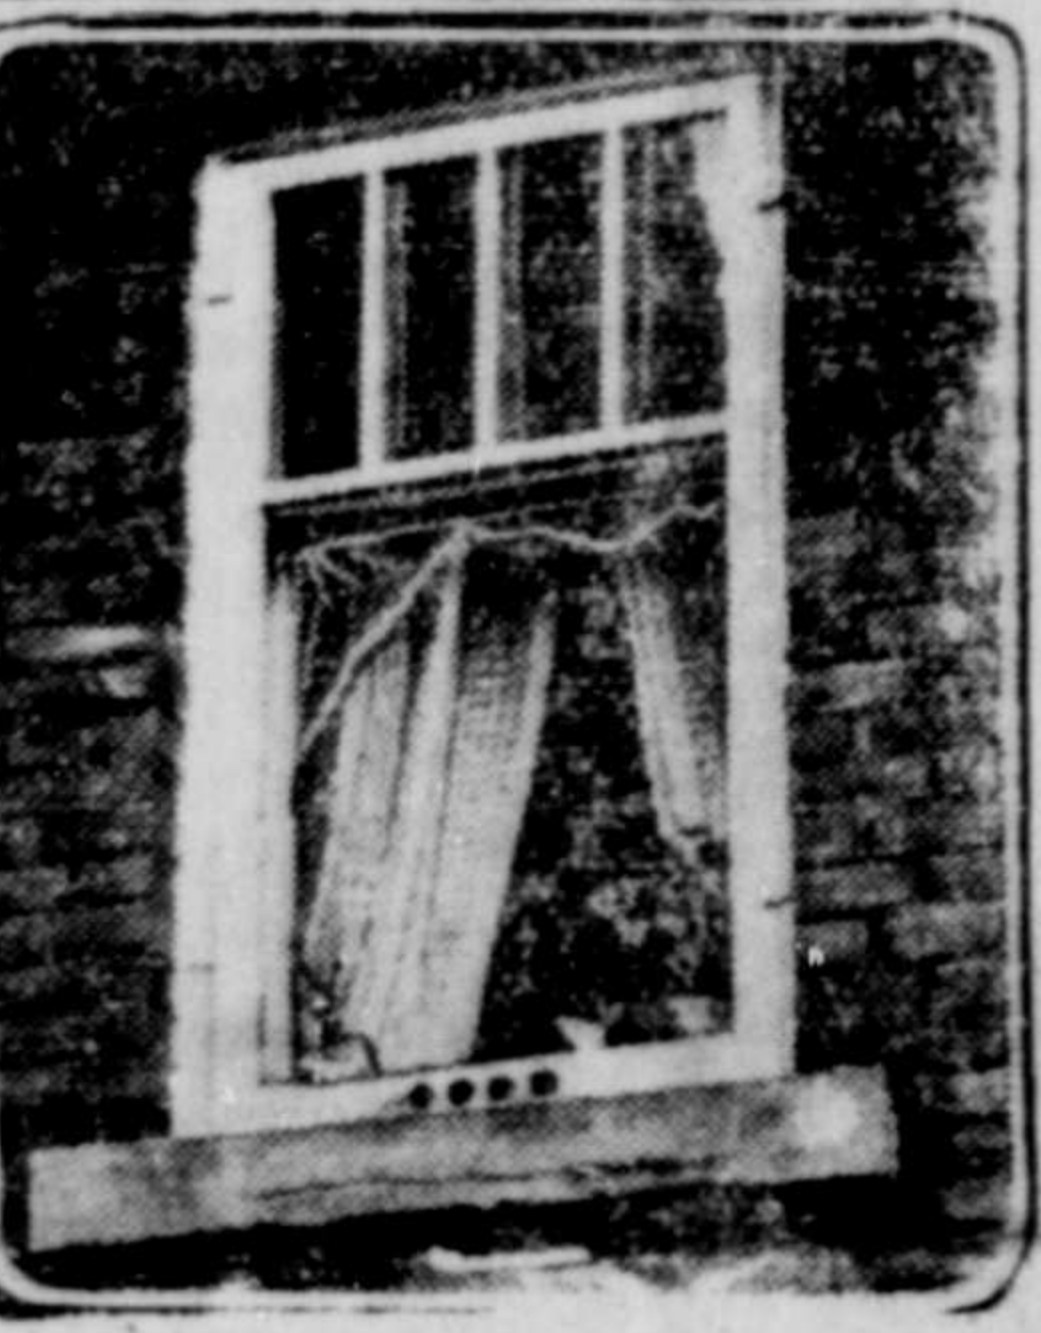

The premier points out that Canada assumed a huge debt when the railways were nationalized and cannot afford to give further payments. He says the shareholders therefore have a moral claim on the former administration for the assistance they are asking from the Canadian Government.

The amount distributed is somewhat less than the last distribution which exceeded \$500,000.

#### ANTI-UNION FIGHT GOES ON

Appeal Made by Stand Pat Brigade to Stay With Church

TORONTO, June 16.—Any impression that anti-unionist Presbyterians had given up the fight against organic union with the Methodist and Congregational churches was dispelled by the appearance in local papers of an advertisement signed by leading Ontario "antis" stating that the Presbyterian Church would continue and asking every member of the Presbyterian Church Association to continue to work for its constitutional and religious liberty.

### Unkind Words

#### Regarding Verdicts.

Judge Morrison made some very unkind and uncalled for remarks to the jury in the Port Simpson attempted murder case but they were as nothing to some of the remarks that are heard on the street every hour in regard to the action of the judge in turning a criminal loose on the community without punishment. Happily these are days when we do not have to take back talk from a judge any more than from any other person, and also a judge has to do the right thing on the bench or he will not long remain there.

While no one here would like to be over severe on any offender, there must be protection for children. Prince Rupert has been known as one of the safest places in the country for women and children and there is no reason why it should be otherwise unless it be the unwise decision of some unwise judge who would encourage such offenses by turning the criminals loose on the community without adequate punishment.

### Opinions Differ

#### On Port Simpson Case.

Judging on the evidence there can easily be a difference of opinion in the Port Simpson case. Throughout the city it is found there are differences in regard to it, and there were differences of opinion among those who sat in the court room. Today Flewin and Keys are not guilty because their peers have said so, but if the jury had not been figuratively clubbed by the judge into giving a decision, possibly contrary to the opinion of a good many of the jurors, the people would have had more respect for the verdict and for the law. The jury disagreed and well they might on the conflicting evidence and it was most out of place for the judge to castigate them because of the fact that they held honest opinions.

As it is British justice is not held in such respect as would tend to discourage lawbreakers.

### Other Cases

#### Are Remembered.

Other cases where the action of the same judge has been open to severe condemnation of the public is recalled today by many people. They remember the trial of Moses Gotsworth where the judge seemed to take the position of crown prosecutor and they look even farther back in the judicial career and find that it is no new thing for evident miscarriages of justice to take place.

The judicial bench must be above suspicion if the law is to be respected.

### Attack On Girl!

#### Unprecedented.

A case of an attack on a girl on the public streets was reported this morning, something that has in the past been almost unknown here. We, as a city, have prided ourselves on the fact that our women could walk unaccompanied and unmolested anywhere at any time. People today are ascribing the crime to the sentence given by the judge yesterday. Once let it be thought that people may commit crime with impunity and the morale of the place has broken down.

It is conditions such as have been practically illustrated here that have caused people in some other parts of the country to have recourse to lawless acts in the punishment of offenders. In Canada we have always trusted the courts to do justice and have been willing to allow them to protect the weak. Any other course is extremely dangerous and especially in a frontier town where the elements which make up the community are often anything but cohesive.

The present situation is one to be very greatly regretted. It is the one topic of conversation wherever people are gathered.

## ALL MOUNTAIN IS NOW STAKED

Mining Properties at Smithers Being Investigated by People With Money

About a dozen mining properties in Hudson's Bay mountain are being examined by people with capital today and it is quite probable several good deals will be announced this summer, according to L. S. McGill, solicitor of Smithers, who was in the city for the assizes and who returned home last night. He says that one or two options are already reported and others are likely to be taken soon.

A few weeks ago there was a rush to stake claims on the mountain. Everyone in Smithers has an interest in a piece of rock somewhere and very little of the mountain is now left unblanketed by applications for claims. In the meantime work is proceeding steadily on the Duthie properties and active shipping will commence toward the end of the summer.

## LAKELSE HOTEL CHANGES HANDS

Dr. A. H. Bayne and Capt. J. B. Coalthurst Have Taken Over Interior Summer Resort

Dr. A. H. Bayne of this city, and Capt. J. B. Coalthurst of Terrace, have taken over the interests of the Lakelse Hot Springs Ltd., in the hotel and springs at Lakelse Lake and, after making extensive improvements to the property, will operate it this year. Announcement to this effect was made this morning following negotiations which have been under way during the week between the various interests involved in the property. These negotiations, which have been rather complicated, nearly reached the stage of litigation when J. Bruce Johnstone, one of the original owners of the property, placed a writ of foreclosure in the Supreme Court against the defunct Lakelse Hot Springs Ltd. Settlement came through Dr. Bayne and Capt. Coalthurst taking over the agreement of sale for J. Bruce Johnstone's half interest from the Lakelse Hot Springs, Ltd. and leasing the remaining half interest of W. N. Boss, of Victoria.

## ENTERTAIN NURSES HONOR OF GRADUATE

Mrs. Simpson Hostess to Party of Young People at Her Home Last Evening

In honor of the graduation of her niece, Miss McLennan, Mrs. James Simpson last night entertained a number of the nurses of the hospital including the pupil nurses and some of their friends. Dancing was enjoyed and refreshments were served shortly before midnight. Those present included Misses McLennan, Roberge, Weller, Franks, Lee McAuley, White, Ludgate and Al-Linson, and Messrs. Norris and Howard Pringle, J. Mitchell, Wrigglesworth, Eddie Smith, Thornthwaite, Webster Prest, and Mr. and Mrs. Simpson.

## HOSPITAL BOARD AND COUNCIL IN DISPUTE AGAIN

The fact that the city council has struck off certain accounts of the hospital in making the per capita grant of 60c. per day reopened the question of the recent agreement between the hospital board and the council on the subsidy for the year at the meeting of the board last night. The accounts in question, it was stated, were those of persons not residing in the city.

D. C. McRae, chairman of the finance committee, stated that his recollection of the agreement was that the city was to pay 60c. per day for all patients on a similar basis to last year. Now it seemed the council was going to pay only for British subjects.

President Stewart said his

recollection was to the same effect.

T. Ross Mackay having a similar recollection, felt it should be pointed out to the council that the hospital board took exception to the council making such a distinction.

A report from the finance committee recommending that the board point out to the council that 60c. for all patients had been agreed upon was adopted.

## Ten Years Ago in Prince Rupert

June 16, 1913.

On account of the dilatoriness of the provincial government in road building, development of mines on Nine-Mile Mountain near Hazelton is practically at a standstill, the *Omineca Herald* says.

Alex. Manson, D. H. Morrison, Walter Owen and W. G. Dick left this morning for New Westminster to attend the convention of the Masonic Grand Lodge. They sailed on the steamer *Prince Rupert*.

Efforts of Hazelton shipping

Pimples and Eczema Disappear the Skin Made Soft and Smooth by Using Dr. CHASE'S OINTMENT

mine companies have resulted in a reduction being obtained on freight charges between Hazelton and Trail. The old rate was \$13.10 and a rate of \$11 will go into effect this week. Ore shipments, already large, will be materially increased as a result of the reduction, it is expected.

## The Man in the Moon SAYS--

THERE are all sorts of stories told about the early worm that got himself caught by the cock sparrow about the same time that cock robin was killed, but you can't worm any of the stories out of me. I don't get up early enough, owing to fear.

HERE lies an early riser. Who never more will squirm. He thought he was the early bird Whereas he was the worm.

MINE PLAYS ELKS AT ANYOX AND BEAT 'EM

Eight to Seven Result of Spirited Game in Baseball League

ANYOX, June 16.—The great uncertainty of baseball, of what will happen next, is the whole secret of this game's appeal to the fans. No matter how air-tight the game may be, how errorless a team may be playing for innings on end, at any moment the ballroom may rise and the fireworks be on. The last game to be staged in the Anyox League was no exception to this rule, and was certainly a mixture of good ball as well as other things too numerous to mention. The Mine and the Elks were responsible for this mixture, in which all kinds of freak plays and stunts had their place. The fans had a great time. The game was won and lost several times, and at the end of the seventh inning was tied up with a seven-seven tally.

Seven inning game is the regular game of the Anyox Baseball schedule, and the umpire started them on an extra innings. The Elks failed to get another in their half of the eighth, the Mine annexing the winning run after two men had been struck out by Fitzpatrick. Greenwell, getting a bit to centre, stole second, got third on a passed ball by catcher, and scored the winning run when C. Ferguson placed a safe hit to short right. The Elks started Draudson to pitch, and he was taken out in the sixth and replaced by Fitzpatrick. The game was then four to five in favor of the Elks. The Mine pitched Bob Matheson, formerly of Port Simpson, who showed a lot of "stuff" and had the best of them guessing at times. His arm went back on him in the seventh, however, and he was replaced by C. Ferguson. Even the umpires were not altogether satisfactory, and the base appointee was chased in the fourth and A. Sinclair substituted for the remainder of the game. The pitcher's records for the game were: Strike outs, by Draudson, four; by Fitzpatrick, three; by Ferguson, eleven. The Elks had five hits and the Mine eleven. Batteries: Mine, Matheson, Ferguson and Greenwell; Elks, Draudson, Fitzpatrick and Eody. Umpire, W. Olson. The teams:

Elks—Goal, Lee; backs, Spears and Pynnie; half backs, Valpy, Currie and Jerome; forwards, Twardle, Cane, Stewart, Greenwell and Forbes. Mine—Mealey, Greenwell, Ferguson, Anderson, Olson, Corkle, Stewart, Matheson, Pynnie. Elks—Downs, Campbell, Cody, Greenwell, McIntyre, McKenna, Draudson, Whitteker, Thorley, Fitzpatrick.

MARRIED LADIES OF ANYOX PLAY SINGLE

Unencumbered Outpoint Their More Fortunate Sisters by Twelve to Eight

ANYOX, June 15.—The event of the outdoor season was the game of baseball staged by teams representing the ladies of Anyox—Married vs. Single. This was in aid of the Union Church, and a splendid collection was secured as a result of the ladies' endeavors to show the fans how real baseball should be played. The teams looked smart in their field uniforms and some good pitching and catching was done by the batteries of both teams, while the fielders occasionally fooled the onlookers by grabbing the high ones out of the air just as well as the mere fellows do it. The batteries were: Married Ladies, Mrs. O. K. Dwyer and Mrs. Wenerstrom. Single Ladies: Miss V. Deane and Miss G. Bashleigh. Both teams showed considerable strength at the bat and hits were frequently, Victoria Deane getting two home runs during the progress of the game, and several

others came mighty nearly duplicating this. The final score at the end of the seventh innings was Married Ladies, 8; Single Ladies, 12. The biggest baseball turnout of the season watched this contest and applauded the plays, Umpires, strikes, Matheson; bases, McKeown. By the way, neither of these umpires are married men. The teams: Married Ladies—Henderson, 3b; Mattix, 1b; Shelton, 2b; Dwyer, p; Wenerstrom, c; Groms, ss; Salmon, cf; Smith, lf; Ferguson, rf. Single Ladies—Deane, p; G. Bashleigh, 3b; Zarelli, ss; Mofatt, 2b; V. Bashleigh, lf; McMillan, 1b; McDonald, cf; Champion, rf.

FOOTBALL PLAYED IN DOWNPOUR OF RAIN

ANYOX, June 16.—In another downpour of rain, the football enthusiasts watched a game that was devoid of anything sensational except possibly for the form displayed by "Baker" Robertson for the Elks, who was the bright particular star of the evening, having a happy combination of eye and toe which enabled him to place five goals for his side between the goalposts of the Mine. For the Mine, Varnes scored two of the three which that side achieved, the third being neatly placed between the posts by Currie on a penalty kick. Evans refereed. The line-up follows: Elks—Goal, Lee; backs, Balfour and Robertson; half backs, Crawford, Scott and Creerar; forwards, McKenzie, Sellars, O'Connell, Robertson and Hogben. Mine—Goal, Lee; backs, Spears and Pynnie; half backs, Valpy, Currie and Jerome; forwards, Twardle, Cane, Stewart, Greenwell and Forbes.

SONS OF CANADA DEFEAT GROTTTO

Good Senior League Baseball Game Staged Last Night—Extra Inning Required to Decide

The Grotto made their best showing so far this season in the Senior League baseball game last night with the Sons of Canada, but were unable to sustain the lead they had early in the proceedings and lost by a score of 7 to 5. It was a well played game, tight and even, and was devoid of heavy hitting. The Sons scored the first run in the opening frame and the Grotto evened up in the second. In the fourth the Grotto batters scored three and got a nice lead but were only one up at the end of the fifth in which the Canucks scored two. The Grotto made one in the sixth and the Sons two and the score was even. The game was scheduled to go seven innings but no score was made in that period and the teams were still even necessitating another inning. In the eighth the Grotto still remained scoreless while the Sons made two giving them the victory. The feature play of the evening was a spectacular one-hand catch by Louis Astoria, the Grotto centre fielder, in the seventh after a long backward run. Jack Hatchford was the batsman and two men were on bases, but the side went down as the result of the catch. D. Lidstone, pitcher for the Sons, excelled himself and had 12 strikeouts to his credit with one walk marked against him. Geo. Walls pitched five innings for the Grotto and was replaced in the sixth by Alex. Roy. Walls made five strikeouts and allowed a similar number of walks. Roy struck out one batter. There was a good crowd of spectators, P. Laporte and F. Y. Delcourt were umpires. The teams took the field as follows: Grotto—Gawthorne, cf; McDougall, 2b; Gilmour, 3b; Walls, p and ss; E. Smith, c; Roy, ss and p; Haudenschild, 1b; Clapp, lf; Astoria, cf. Sons of Canada—Farquhar, ss; Menzies, 3b; Scott, 2b; Jack Hatchford, cf; Astoria, c; R. Smith, lf; J. Kelly, 1b; A. Mitchell, rf; D.
