GERMANY SEEMS IN THROES OF REVOLUTION

PROCLAMATION ISSUED BY PRESIDENT EBERT; CHANCELLOR CUNO TO RESIGN

Americans Involved in Assassination Affair Germany Last Night

EBERBACH, Baden, Aug 11.—Grover Cleveland Bergdoll, a German draft evader, shot down and killed one man and wounded another last night when men concealed in his hotel apartment seized him in a kidnapping attempt. The assailants were identified as Frenchmen in the service of Americans. Two other men were waiting outside in a United States army auto and were arrested after being menaced by the crowd. One was a United States lieutenant and the other a Russian prince.

NO RELEASE OF PRISONERS IN IRELAND YET

Government Has Evidence of Preparations by Republicans to Resume Onslaught

DUBLIN, Aug. 11.—It is officially announced that there will be no immediate release of political prisoners in Ireland, Kevin O'Higgins, minister for home affairs informed transport workers who called for their release, demanded freedom of speech and the press for the coming elections.

Mr. O'Higgins said the Government has evidence that Republicans are preparing to resume their onslaught on the economic life of the country.

SERIOUS EFFECT RECENT DROUGHT

Fred Stork, M.P., Says Rain Will be a Godsend Down the Coast—Swanson Bay Mill Closed

SPAWNING FISH NOT ABLE ENTER STREAMS

"The rain which started today will be a Godsend to points down the coast," said Fred Stork, M.P., who returned yesterday afternoon after visiting Bella Coola, Ocean Falls and Swanson Bay.

Swanson Bay has been compelled to close down altogether on account of water shortage and Ocean Falls is feeling the pinch but is still operating, Mr. Stork reports.

Especially has the drought been bad for the salmon because the streams have been so nearly dried up that the spawning fish have been unable to go up them. This is one reason why there have been such phenomenal catches down the coast, Mr. Stork states.

Engineers are now at Bella Coola making surveys and plans for the new $9,000 wharf which is to be put in by the federal government. It is being built on the opposite side of the bay from the present one and will eliminate a three-quarter mile trestle approach. The provincial government is to build a road connecting with the new wharf.

J. P. Forde, public works district engineer, who accompanied Mr. Stork south will return to the city on the launch Walrando tomorrow. He is to spend several weeks in the district inspecting various work proposed and under way.

REVENUE AND EXPENSES UP

Canadian Railways Increase Turnover: Passenger Department Improves

OTTAWA, Aug. 11.—Operation revenue of all Canadian railways in May showed a gain of 4.7 per cent over April and of 10.2 per cent over May of last year, it is recorded by the Bureau of Statistics.

Operating expenses of the railways for May exceeded those of April by 4.7 per cent and were 10.5 per cent higher than those for May 1922. The advance was largely due to increases in payroll.

The total operating expenses for May were $33,005,637 compared with $29,866,075 for the previous May, while the total operating revenues were $37,239,655 compared with $35,802,251.

Operating revenue for May on the Canadian National Railways were $17,551,526 against $16,046,110 in May 1922. While the operating expenses increased from $15,446,468 to $18,587,009, a betterment of 18.7 per cent in passenger revenues took place and of 8.5 per cent in earnings from the freight services.

Operating revenues on the Canadian Pacific Railway increased from $13,933,389 for May, 1922, to $14,282,877 last May, while operating expenses increased from $11,525,048 to $12,567,250.

NO SCARCITY OF WOOD FOR PULP

Russia Source Enormous Supply Says British Representative at Forestry Conference

TRADE WITHIN EMPIRE

OTTAWA, Aug. 11.—L. M. Ellis, director of the state forests in New Zealand, addressed the British Empire Forestry convention here declaring that New Zealand's policy was to trade with the Empire. New Zealand's requirements in soft woods were obtained from British Columbia, he said.

Sir James Calder, British representative, said Britain was continuing to get wood pulp in the Baltic states where the supply was still plentiful. There was no danger of a famine in wood pulp in Europe, Russia being the potential source of an enormous supply.

Mrs. L. W. Waugh and child are sailing tonight by the steamer Prince Rupert for Vancouver on a holiday trip.

The old barrel organ may ultimately be superseded by the radio. A radio barrel organ drawn by a donkey has already appeared on the streets of London, England.

Crowds Parade German Streets and Talk is of Revolution While Shooting Takes Place in One City

BERLIN, Aug. 11.—In spite of immense crowds parading Unter den Linden and adjacent streets of the city, Berlin was quiet up to two p.m. today. President Ebert and the entire cabinet attended Constitution Day ceremonies at the Richstag which were given police and troop protection. Armed patrols were assigned to the Wilhemstrasse and Government Buildings.

The United Socialists in a party caucus adopted a resolution withdrawing confidence from the Cuno government. The chancellor has been notified and it is expected he will retire before midnight.

BERLIN, Aug. 11.—Eleven persons were killed and many wounded today in a clash between striking workers and peasants at Aix-la-Chapelle, according to despatches. After yesterday's raid on nearby farms by city workers, the peasants organized self-protection squads which today repulsed the invaders who attempted to forcibly seize the crops and stores.

English Opinion

LONDON, Aug. 11.—The internal development of Germany is being watched with keen interest and anxiety here. The morning newspapers feature long special despatches from Berlin dealing with food and currency difficulties, strikes and other disturbing factors in the situation. Some correspondents dwell on the ugly spirit of the workers and express fears that revolution may possibly come out of it all. On the other hand the Daily Mail's representative in Berlin while recording the talk of revolt and asserting the communist papers are full of appeals to the people to rise and create a peasant workers government, expresses the opinion that alarm is unjustified and predicts that the situation will end in the capitulation to the Franco-Belgian pressure.

IRON ORE IS BEING EXAMINED

Party of Experts at Work on Local Deposits with View to Report

GOOD ORE AT SKIDEGATE

People of Queen Charlotte City and Skidegate are much enthused over the iron development prospect in that district. The party of geologists under Dr. G. A. Young of Ottawa, who are investigating the iron ore possibilities in the northern and central parts of the province, recently examined the ore deposits here and they are said to have been much pleased with the result. The ore which is a magnetite is said to go sixty per cent iron and is found there in large quantities.

Dr. Young is now working out of Prince Rupert and George Clothier, who arrived from the south last night, will show them around and point out the various deposits of ore.

One of the deposits is that on Porcher and Pitt Islands, supposed to be the most valuable in the province. There are immense bodies of ore there, located right on the salt water, and so situated that it can be worked with a steam shovel. It assays about seventy five per cent iron.

When these and other smaller ore bodies have been thoroughly examined the party will go to the interior, making a special trip to Copper River where is a large body of limonite which is by far the largest and most easily available in the province.

The report of Dr. Young on the ore bodies is expected to prove of great value to this part of the country and his report will be authoritative.

Mrs. C. E. Benwell of Port Simpson is sailing tonight on the Prince Rupert for Vancouver.

DAVID THOMSON BROKE HIS LEG

Sustained Painful Accident When He Fell from Ladder to Scow at Carlisle Cannery

David Thomson, secretary-treasurer of Akerberg-Thomson & Co., Ltd., broke his left leg just above the ankle and received a severe shaking up in a painful accident which he sustained at Carlisle Cannery yesterday afternoon.

Mr. Thomson had been making the rounds of Skeena River canneries on business with Geo. Frizzell in the launch "Laura F." At Carlisle, the launch moored alongside a scow. Mr. Thomson was climbing the greasy ladder leading to the wharf from the water and was about at the top when he slipped and fell backwards on the scow with the result mentioned. The distance of the fall was about eight feet.

The accident occurred about 6.30 and the launch rushed immediately to Prince Rupert where it was met by W. T. Kergin, who had received word by wire. Mr. Thomson was taken to the General Hospital where the fractured member was set. This morning he was reported to be getting along nicely but it will be several weeks before he is around again.

SECRETARY OF FORMER PRESIDENT RETIRES

MARION, Aug. 11.—George B. Christian, who has been associated with the late President Harding for 49 years and who was his secretary during his senatorship and presidency, has resigned his position as executive secretary to the president and will retire to business life.

BRITAIN WINS

COWES, Isle of Wight, Aug. 11.—Great Britain today won the British-America cup for six metre yacht racing.

President Ebert Issues a Proclamation to Germans at Berlin Forbidding Propoganda

BERLIN, Aug. 11.—A proclamation by President Ebert forbids the circulation of pamphlets demanding the overthrow of constitutional government or incitement to acts of violence that are likely to endanger public order. The penalty mentioned is three months imprisonment and a fine not exceeding half a billion marks.

LONDON, Aug. 11.—Four communists were killed and forty injured in Ratiboro, Upper Silesia, while the police were attempting to clear the streets in which communists were demonstrating, says a Berlin despatch.

Another message says Chancellor Cuno handed President Ebert his resignation today but the president refused to accept it.

ALBERTA MEETS B.C. AT CRICKET

Final Match in Interprovincial Tournament Being Played at Vancouver

VANCOUVER, Aug. 11.—Finals in the Western Canada cricket tournament here today brings together British Columbia and Alberta teams, both of which won their matches yesterday and have three victories each to their credit on the weeks play.

British Columbia defeated Saskatchewan yesterday 260 to 53. Alberta defeated Manitoba 337 to 179.

The day was productive of some very fine cricket. Victoria players were a very large factor in British Columbia's victory. Wilkinson's bowling accounted for seven wickets for fourteen runs. Wenman's steady innings included seven boundaries and he compiled 64 runs before he was bowled by Walls. Corbett and Bullen had scored 66 and 56 respectively and were not out when B.C. declared the innings at an end at 2.30 p.m. with six players still to bat.

The feature of the Alberta-Manitoba match was the batting of Weston for Manitoba, who made his 102 before he was caught and bowled by Barker Alberta's victory was attributed to steady work at the wicket and careful fielding.

STANDARD OIL HANDS FORCED

South Dakota Governor Forces Company to Reduce Price of Gasoline in his State

MARION, Ohio., Aug. 11.—One hundred and sixty thousand gallons of gasoline purchased in Chicago will be shipped to nine cities in South Dakota immediately for sale to the public at 16c a gallon, Governor McMaster of South Dakota, who was here to attend the funeral of President Harding, announced today. The governor declared that he was calling upon the surrounding states to join in the fight against high gasoline prices.

CHICAGO, Aug. 11 — A reduction in price of gasoline in South Dakota to 16c a gallon is announced by the Standard Oil Co. directors today owing to the action of Governor McMaster. The directors claim this will mean selling at a loss.

George Ness was hauled into the police court this morning by his wife on a charge of non-support. The case was adjourned until Monday morning.

ASK REMOVAL PENSION BOARD

Alleged That They Are Unfitted for Work of Administering Act of Parliament

OTTAWA, Aug. 11.—A petition for the removal of the Board of Pensions commissioners has been sent to the Governor General and Premier King by the legislative committee of the Dominion Veterans Alliance representing six veterans' organizations. It is alleged in the petition that they are "unfitted for the responsible duty of administering and interpreting and exercising their function of carrying out in a proper spirit an act of Parliament which has as its object and intent the care and provisions for disabled men and dependents."

BOOTLEGGERS KILL POLICE

Three Out of Four Prohibition Agents Murdered in Kentucky Mountains

LENNUM, Kentucky, Aug. 11.—Four prohibition agents, Alexander Gayheart, R. Stewart, G. Carpenter and G. Morrison went into Breathitt County mountains to arrest a gang of bootleggers. Gayheart returned badly wounded, crawling into town. He reported the other three dead. The officers were trapped in a small valley. Gayheart's escape is said to have been almost miraculous.

ANOTHER ATTEMPT TO SWIM ENGLISH CHANNEL

DOVER, Aug. 11.—Another attempt to conquer the English Channel, which assumes almost the character of a race, was begun this afternoon. Charles Troth and Charles Richards both from Boston and Romeo Maciel, an Argentine, entered the water this afternoon and struck for the French shore.

DEATH SENTENCE IS COMMUTED ON CANADIAN

LONDON, Aug. 11.—The home secretary has recommended that the death sentence on Alex. Campbell Mason, a former Canadian, be commuted to life servitude. Mason was convicted of the murder of a taxi driver Jacob Dickey. Many influential citizens including one hundred members of parliament signed a petition asking for clemency.

SAY THAT SCOTLAND WILL GO DRY SOON

Committee in United States Investigating Working of Prohibition Law

WASHINGTON, Aug. 11 —(By Canadian Press)—Consequent on the visit to Washington of the committee of Scots to investigate operation of the prohibition law in the United States, it has developed that the Anti-Saloon League chieftains in the U.S. expect Scotland to go dry and that at a comparatively early date. Moreover, they say that if Scotland goes dry, it will be the prelude to a dry United Kingdom.

The committee from Scotland, which will visit Canada before returning home, is being cordially received by Anti-Saloon League leaders in the U.S. and all the data they can muster in support of prohibition is being put at the disposal of the visitors. The committee, of course, is getting information from drys and wets. It is made up of both drys and wets and is expected to make a judicial and impartial finding of facts.

While there is no means of knowing what it will report, Anti-Saloon League leaders here express great confidence that it will be impelled to find that there has been a vast decrease in consumption of alcoholics in the U.S. and a great decrease in drunkenness and in poverty of families due to expenditures for drink. They express confidence, also, that if there is a report made to the Scottish people that prohibition is a success here, it will give great impetus to the dry movement in Scotland.

The committee from Scotland is not governmental. It owes its origin to desire of churches to find out the truth as to how prohibition works in the U.S. The report will possess profound interest not alone for the rest of the world but for the United States because, supposedly at least, it will represent the verdict of a body of foreign investigators of standing on a subject over which there is tremendous contention in the U.S.

ANYOX

Promises of a mighty fine game of ball in the Sopranny innings were dissippated in the last scheduled encounter of the Anyox Baseball League, when the Smelter team made a rally in the fourth and before the excitement subsided made the circuit of the bases for six runs, giving them their third consecutive win, and incidentally lifting them out of the cellar a few points ahead of the Elks, who opposed them in this game. The Elks scored but one run, in the opening of the fourth frame. In their half of the same frame, the "Gas Eaters," getting the breaks of baseball, put the game on toast and were never pressed afterwards. Both pitchers handled their games well. Fortin having much better support than Draudson. The Smelter got nine hits, the Elks two. For the Smelter, Sherman got a brace of singles and Sinclair, Loseke, Matheson and McKeown got one each. Fortin and Sheen getting two-baggers. The Elks hits were secured by Thorley, McIntyre and Draudson, all being singles.

C. W. Smith, travelling agent for the Canadian National Express Co., arrived from Vancouver on the Prince Rupert yesterday and proceeded to Stewart to which point he is making the round trip on business.

Mr. and Mrs. J. Frank Breeze were passengers going through to Stewart on the Prince Rupert yesterday afternoon.

Sport Chat

In the history of the turf, cases of jockeys winning with their first mount are rare indeed. Two years ago an Ottawa lad, Charles or "Chick" Chalmers entered turfdom's hall of fame by performing this feat on a steed named Dinty Moore at Montreal. It occurred one day when a race was called for "maiden" jockeys. Chalmers had never had a mount in a race but he had plenty of confidence and the owner of Dinty agreed to let him ride the horse. That he won is a matter of history and since then Chalmers has rapidly climbed to the front. Today he is considered a first-class rider and one of the best lightweight jockeys in Canada.

At the annual meeting of the English Rugby Union held recently in London, the Union decided to take into consideration the question of furthering rugby football among the English schools through the medium of the English Schools Rugby Union. It was pointed out that in Leicester, Coventry, Gloucester, Bristol and Davenport strenuous efforts were being made to encourage the game in the elementary institutions. At Bristol an international match had been played with the Welsh schoolboys with great success. The meeting also set the following dates for international matches: Jan. 19, England in Wales! Feb. 9, England in Ireland; Feb. 23, France in England; March 15, Scotland in England.

Betting among the thrifty Scotsmen is done on such a scale that it has shocked members of the British House of Commons, men who are accustomed to deal with millions of pounds of the government's money every year. A Glasgow bookmaker admitted to the House Committee investigating the possibilities of the government placing a tax on horse racing betting that he took in an average of $25,000 a day or more than $8,000,000 a year in bets. This particular bookmaker operates a credit account system in established offices and his business comes within the law.

GRATTON BACK FROM EUROPE

Conditions There Better Than He Expected—Visited Battlefields of France

WAS AT PRESIDENT HARDING'S FUNERAL AT SAN FRANCISCO

"I found general conditions in France and England much better than I expected," stated Wilfrid Gratton, local business man, who returned to the city yesterday afternoon by the steamer Prince Rupert, after an absence of three months during which time he visited Eastern Canada, United States, England, France and Switzerland. "These two countries seem to be on a good footing, and the people seem to live well, and hard times are not very apparent. Of course, the Ruhr situation and the difficulties attending a settlement of reparations problems tend to make the air unsettled."

In the course of his trip, Mr. Gratton visited such centres as London and Paris. He also was over the battlefields of France and was in Rheims for a time. "Marks of the war still remain, especially on the architecture of the portion of France that was occupied by the Germans, but a quick recovery is still in progress. Former battlegrounds are once again well cultivated fields. There is no difficulty in visiting these places as some people on this side think."

Mr. Gratton was in London at the time of a furious thunderstorm which was described in the Daily News lately. "Needless to say, I did not get any sleep that night," said Mr. Gratton.

London and France

London and France are very busy cities, Mr. Gratton says, and are filled with thousands of tourists.

Mr. Gratton made the passage to Europe from New York on the Cunarder Ausonia, and returned on the Aquitania to New York from Southampton.

Going east, Mr. Gratton visited Winnipeg, Toronto, Montreal and Ottawa, spending six days in the last-mentioned city which is his native home. Montreal is about the busiest city in Canada, Mr. Gratton thinks. Winnipeg is complaining of hard times and Vancouver does not seem any too bright. In Toronto there are a great many buildings for sale.

At Harding's Funeral

American cities Mr. Gratton visited were New York, Chicago, Minneapolis, St. Paul, Los Angeles and San Francisco. He was in San Francisco last week on the occasion of the late President Harding's funeral services. The scenes in and about the Palace Hotel were most impressive as the obsequies were in progress.

Mr. Gratton met his family at Los Angeles and brought them north to Vancouver. His daughter, Alice, will enter school in Vancouver, and Mrs. Gratton will return to the city in about a month's time.

A. Roy, of this city, who accompanied Mr. Gratton on his European tour, is now visiting at Albany, New York, with his son. He will be coming West in the near future to take up land near Vancouver.

PRINCE RUPERT IS HONEYMOON SHIP

Four Sets of Newlyweds Arrived from Vancouver on Steamer Yesterday Afternoon

With four pairs of blushing brides and smiling grooms aboard, the G.T.P. steamer Prince Rupert, Capt. D. Donald, on her arrival here from the south yesterday, was a real honeymoon ship. Following up enthusiastic scenes of farewell on the dock at Vancouver prior to sailing for the north, the fun was kept up throughout the voyage north mainly through the activities of the genial skipper and his merry-making officers, and the newlyweds could hardly call their lives their own.

The honeymooners, all of whom were recently in the south, were Capt. and Mrs. Jack Smith, Vancouver; Mr. and Mrs. Paul N. Whitley, Vancouver; Mr. and Mrs. Earl Kirkpatrick, Vancouver, and Mr. and Mrs. A. M. Connorton, of this city.

Capt. Smith is the son of Mrs. Mary Ellen Smith, M.L.A. He and his bride are making the round trip to Stewart as are Mr. and Mrs. Earl Kirkpatrick. Mr. Kirkpatrick is the son of Thomas Kirkpatrick, the prominent Vancouver mill man. Paul Whitley, B.A., is a member of the staff of the University of British Columbia. He and his bride are making the C.N.R. triangle tour and left for Jasper on the evening train. Mr. and Mrs. A. M. Connorton are taking up their residence here, Mr. Connorton being chief engineer on the lighthouse tender Birnie.

RAIN PROVES VERY WELCOME

Industries Have Been Hampered in Operations Because of Water Shortage

The advent last night and this morning of the first real rainstorm in two months is timely for it may possibly mark the end of a period of water shortage on this part of the coast that, continuing much longer, would have had a most serious effect on many industries. Far from bemoaning the advent of heavy precipitation, most local people will welcome it, for the drought situationn had already become acute. The Big Bay sawmill, at Georgetown, has been shut down for two months for lack of water; the Whalen pulp and lumber mill at Swanson Bay, and the Pacific Mills, at Ocean Falls, have both had to curtail operations recently, Buckley Mill has been seriously hampered, canneries on the Skeena River have felt the pinch, and just this week water had to be taken from this city to Inverness in tank cars. Other industries have also been affected more or less seriously.

Peculiarly, the interior agricultural valley during the past few weeks have had more rain than the coast. Just now rain is not wanted there for much of the hay crop has been cut and is lying in the fields to dry before being taken in. Rain at this time would perhaps mean serious losses.

Fortunately, during the recent dry spell, forest fires have been few. In the interior, on account of recent rains and those earlier in the season, the menace was not so marked as last year. However, the dry spell on the coast was partly responsible for the two serious forest fires that occurred a few weeks ago at Anyox and Buckley Bay.

The rain arriving today will be appreciated and the hope is generaly expressed that it will continue.

SONS OF CANADA WON AT SOCCER

Defeated Grotto by Score of 2 to Nil in Last Night's Gilhuly Cup Game.

The Sons of Canada took the Grotto into camp by a score of 2 to nil in last night's Gilhuly Cup senior football game.

Some very good soccer was displayed in the first half and the teams seemed very evenly matched, honors as far as play was concerned being divided. The Sons scored through Marks.

In the second half, the play was ragged with the Sons showing superiority over the tobacconists. From a corner kick well placed by Alex. Mitchell, Eddie Smith scored the second for the Canadians.

The playing of Doug. Frizzell, the young goalie for the Sons, was one of the outstanding features of the game. He was equal to the occasion at all times and saved several dangerous attempts from counting for the Grotto.

J. Campbell, Grotto forward, was ordered off the field in the second half for kicking the ball after it had been placed for a foul kick by the referee.

W. E. Williscroft was referee, A. Clapperton and J. Jackson were linesmen, and the teams took the field as follows:

Sons of Canada—D. Frizzell; H. Brown and V. Menzies; Hamilton, E. Smith and Corker; H. Astoria, Bert Long, J. Marks, W. Mitchell and A. Mitchell.

Grotto—S. Gawthorne; H. Hamilton and A. Roy; P. McGowan, J. M. Campbell and J. Andrews; F. Hardy, J. Sims, S. Erskine, J. Campbell and J. Joyce

CHIEF ENGINEER OF LIGHTHOUSE TENDER BIRNIE IS MARRIED

Mr. and Mrs. A. M. Connorton Arrived From South Yesterday and Will Make Home in City.

Angus McKenzie Connorton, chief engineer on the Dominion government lighthouse tender Bernie, and his bride, formerly Miss Caroline Walton Powers, of Victoria, arrived in the city yesterday afternoon on the steamer Prince Rupert, to make their home here.

Mr. and Mrs. Connorton were married last week in Victoria, at St. Andrew's Catholic Cathedral, by Rev. Father Wood. The bride, who was given away by her brother, wore a wedding dress of ivory crepe with veil and orange blossoms and carried a bouquet of Ophelia roses and swansonia. Miss Margaret Frank, bridesmaid, wore a dress of corn-colored taffeta and carried a bouquet of sweet peas and gypsophila. The groom was attended by his nephew, Claude Connorton.

The couple have been spending a honeymoon in Vancouver and the Sound cities, the bride travelling in a pretty dress and wrap of gray moracain with hat ensuite.

JOBS FOR FIFTY MEN AT EMPLOYMENT OFFICE

Difficulty Experienced in Obtaining Men in Prince Rupert to Work at Various District Points.

Fifty men are wanted at the Provincial Labor Bureau today to take jobs offering in various parts of the district. Loggers are wanted for the Queen Charlotte Islands, Surf Inlet and Alice Arm, teamsters, swampers and mill men are wanted for mills up the line, and laborers are wanted for Anyox. An order was received from the Duthie Mine, Smithers, last night for machine miners and men are wanted for the United Grain Growers' mill at Hutton, east of Prince George, which is about to re-open.

J. M. Campbell, superintendent of the bureau, reports difficulty in getting men to fill the requirements. No unemployed are now registered.

This week h arrivals have been brisk. shermen have been coming eir own and they are duly l. To a man the crews the jump. The Admiral fleet is in particularly ood humor because the re putting it over in good Prices throughout the have remained firm and have been marked by the rices prevailing for Canaecond class catches. Skipreport that the weather a fishing standpoint has absolutely ideal. In spots vening and early morning have interfered somewhat the business but not to any ly appreciable extent.

The trollers are all het up over nselves, that is the trollers in cinity of the Skeena. The springs is beyond expect- with the consequence the have been hauling in the lows at a rapid pace and been hauling in a little with the same motion. ipoo Island fleet of trolave been doing very good ss also.

re is still business offering waterfront shipyards al- the rush of the season assed, and the local yards cupied pretty consistently. At the McLean Yards the Tillie S. is having a new frock fitted to her frame in the way of a little paint, while the Caygeon, owned by skipper Jim, is to go up on the ways prior to leaving for the high spots again, for the purpose of having a little glue stuck here and there to keep the hull together.

Fish Business

During the week 733,000 pounds of halibut has been marketed through the local fish exchange. The highest price paid for American fish was 15c. and 11.5c. and the lowest 11c. and 8c., while for Canadian fish the highest price paid was 14c. and 11.4c. and the lowest 11.5c and 10c. The arrivals were: Helgeland, Commonwealth, Teddy J., Hi Gill, Mildred H., Reliance I., Reliance, Mars, Johanna, Pair of Jacks, Gibson, Viola, Maivin, Murineag, Tillie S., Reveille, N. & S., Kouyosu, Toodie, Yellowstone, J. P. Todd, Bravo, Star, Valorous, Hilda, Woodrow, Joe Baker, Nornen, Alliance, H. & R., Rainier, Success, Pelican, Anna J., Cape Spencer, Fisher, Birdie B., Marguerite, Taplow, Baltic, National, Tyee, Minnie V., Rosespil, Inez B., W.T., D.C.F., Caygeon, Wanderer, Grayling, Ford, Evolution, Lincoln, S. and S., Wabash, Senator, Scout, Cape Spear, Ingred B., Lillian M.

New Craft Building

A new boat is being built on the Suga ways on trolling lines. The dimensions are 28 ft. x 8 ft. beam and she will be powered with a 10-12 h.p. Fay & Bowne engine which will give a speed of seven knots. The forepart of the boat has a raised deck with ample cabin accommodation.

The launch Dixie Rupert, Capt. Geo. Newcombe, was over at Porcher Island on Wednesday with a party of sightseers, and is at present out on special duty for the admiralty.

Manufacturing Weather

The manufacture of good weather seems to be about the only stunt the boys can be up to, according to observations made by the secret service. T. C. Duncan, with the launch Nancy, accompanied by H. O. Crewe, the gentleman responsible in a degree for the very excellent brand of weather at present being enjoyed, has been making regular morning trips to the vicinity of Tucks Inlet. Suspicious looking gadgits enclosed in boxes and baskets have been noticed aboard and these have led to the belief before stated. If they are on fishing expeditions it is that they either do not get any bites or if they are getting the goods the results must be shipped home by wireless.

Bill a Sick Man

William Shrubsall, president and manager of the Shrubsall Fisheries, situated across the street from the Little Flatiron building on the waterfront, went down to business on Thursday morning, the first time for several days. Bill has been home sick with sniffleitis caused through wearing handkerchiefs in his hip pocket with holes in them. Hugh will show his appreciation of Bill's return by making the invalid a few fur lined hankys from the trimmings clipped from last winter's mitts. Everybody is happy once again now that Bill is on hand to dispense a ——— little humor.

Capt. Jimmy Thomas, on the bridge of the Eleanor Mac, is piling up records in the fish packing game. Jimmy is scouring the seas in the interests of the Canadian Fish & Cold Storage Company.

Capt. Khort Returns

Capt. Khort, skipper of the good ship Just It, has returned to port after an absence of several months during which time he has been very much occupied in chasing the salmon over at the Hippo Islands. Cap. seems very well satisfied with the world in general these days and says that even the salmon can deliver the goods when they put their minds to it. He reports that the trolling over there has been very good indeed in fact so good that he intends to return in the near future. While in port the box of works will be given the once over.

Presentation to S.S.

The chief of the secret service was presented with a beautiful model of the bust of a mermaid during the week which was nearly the cause of a bust up between this dignitary and the admiral of the fleet. When the old man saw the work of art being presented to a subordinate his eyes popped out so far that if someone slammed the door they would have fallen off completely. The presentation was made on behalf of the high boot squad as an acknowledgement of the soul inspiring paper read by the secret service chief, at the last meeting of the finance committee to settle about the sale of empties, entitled "How I Discovered the Sausage in the Roll?" The bust of the mermaid was carved by hand out of kelp, was a work of art, in fact it nearly broke several hearts to look at it, and was fitted with waves of hair designed from seaweed. After the ceremony, and several drinks, the Admiral offered the chief a couple of snorts in exchange for the gift and upon being refused became over heated. This is where the bust over the bust nearly came in but friends were able to produce a new bottle of another brand and thus keep the old boy's mind off the idea.

Freeman vs. Admiral

The following letter has been received from Capt. Hoomes K. Freeman, skipper of the launch Narbethong, in reply to the Admiral's statement in Whiffs last week re drowning man drowning. This is the end of the story absolutely and emphatically.

"Ed. Whiffs.—In his letter, contained in Whiffs last week, Admiral Johnnie Dewar somewhat forgets himself which is very unusual even when he is half seas over. The Admiral should know me well enough, after the care I took in dragging him up, to be sure I would rather have cut off his wooden leg than have stolen one of his stories. As a matter of fact I am informed that Noah told that one some 6,006 years ago, before King Tut could play a mouth organ, or before a cat had nine lives. I am reluctantly led to believe that the son of a publisher's imp prowling around the environs of the water front has been the means of getting Admiral Dewar and myself embroiled in this somewhat absorbing controversy. I am proposing to Admiral Johnnie Dewar that the gentleman in question shall be tied to a prohibitionist platform and cast adrift in the sea of scandal. Shiver his timbers. Thanking you for the space donated and with no apologies. (Signed) Hoomes K. Freeman.

The tug Peggy O'Neill is expected to arrive from Nanaimo, early in the coming week, with a barge load of coal in tow for the Albert-McCaffery interests.

The motorship Magnolia, Capt. Nordnes, arrived in port on Tuesday morning from Ketchikan with a cargo of fresh salmon for the Atlin Fisheries, Ltd. for shipment over the Canadian National Railways to New York.

Mayor of Porcher Here

Billy Miller, mayor of Porcher Island, arrived in port on Monday morning with a little of the island aboard. The portion of the island on board consisted of several crates of eggs but unfortunately the main part of the cargo was conspicious by its absence and as a consequence Bill had to go back for it. Bill reports that every little thing is O.K. but that he has had a lot of trouble with his fowls from a domestic standpoint. In some unaccountable manner the crock nest egg become mixed up with some of the setting eggs and as a consequence the hens sued for a divorce, the disappointment being too hard for them to bear.

Vic Marckland Better

Vic Marckland, of the Cub, who has been under medical care for some time past, is completely recovered. Vic has been busy trolling for the past few weeks and recently called into port to see what was doing and incidentally to get a few odds and ends for the little old floating home.

Blind Man's Buff

EVEN in this age of enlightenment soms folks spend their money blindly. They buy with their eyes shut. They grope in the dark as truly as if their eyes were bandaged.

And all the time a powerful light is being thrown on the very things they need and want!

Advertising is a beacon to guide you in buying. It shows you what to buy--- where to buy--- and when to buy. At the same time, it protects you against fraud and inferiority.

Merchants and manufacturers who advertise deliberately focus thousands of eyes upon their wares. Their values must be honest and their prices right, or they could not advertise successfully.

Don't play blind man's buff with the elusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then buy the products that have proved up in the light of advertising.

Indians Celebrate Opening Banff-Windermere Road

1. Indians, gaily caparisoned, await the judges' pleasure. 2. Lieutenant Governor Nichol smokes the pipe of peace—to the delight of the oldest members of the tribe (3). 4. Car-No-Sic-Klmeet and the Indian chief.

THE Indian, though reticent and undemonstrative, is ever ready to show his appreciation of the fact that e pale face is a friend, a brother to him. More often an not, he takes advantage of his fetedays to show this preciation and good-will in simple ceremonies which nor the white man by bestowing upon him the name one of their own, and a seat in their family and council rcles.

The opening of the Banff-Windermere Motor Highay on June 30th occasioned the gathering of a large mber of Kootenay Indians from various reserves, at Vermere, B.C. Here they entertained and were tertained by a host of visitors to the district who, aving attended the opening ceremonies were easily duced by the glories of the country to stay for a few days. n this occasion the Kootenays honored Lieutenant overnor W. C. Nichol of B.C., who had officiated, with ieutenant Governor Brett of Alberta, at the opening, by making him an honorary chief of their tribe. Robert Randolph Bruce, a leader in Windermere and Kootenay development was also asked to enter the circle, and after the smoking of the ceremonial pipe and listening to the liturgy in the Kootenay language, was dressed in all the panoply of power, head-dress and beaded clothes, and accepted into the tribe as full chieftain, being given the name of Car-No-Sic-Klmeet, which signifies "Red Sky", after a famous council chief of the tribe who has long since passed away. Mr. Bruce expressed his pleasure in a largesse of tobacco and a gift of a one-hundred dollar bank note for the celebration.

This being over the sports were resumed and prizes were awarded to the best-costumed Indian on foot, the best costumed squaw, the best caparisoned Indian on horseback, and to others for neatness of tepees and the best travois and papoose in baby trap, and for their demonstrated skill in athletic sports.

Do you enjoy your CORSET?

To wear a Gossard is to experience real corset comfort —to feel the thrill that comes from knowing that you have a graceful, well proportioned and admired figure.

Small wonder then when comfort, grace of figure, style and long wearing qualities are the prime requisites, that discriminating women choose Gossards.

There are Gossards for business, sports, and dress, both summer and winter models, and our Nine Ideal figure types classify your figure and eliminate any possibility of your not being able to be fitted with a Gossard.

Speak to the Corsetiere in charge about them.

P. WICK IS KILLED AT THURSTON HARBOR

Several Parties of That Name in District and it is Impossible to Determine Which One

John Dybhavn has received word by wire from Thurston Harbor that a man named P. Wick was killed in the Whalen logging camp there on Thursday. The wire asks Mr. Dybhavn to inform the relatives .

Mr. Dybhavn is unable to comply with the request, however, for it is impossible to determine what party it was met with the accident since there are several of the same name and initial in the district. A reply has been sent to Thurston Harbor asking for more information.

RESIGNATION GERMAN CHANCELLOR MAY TAKE PLACE IMMEDIATELY

BERLIN, Aug. 11. — Because the United Socialists are said to have decided to support a vote of no confidence in Chancellor Cuno and his cabinet when the vote is taken in the Reichstag Monday, immediate resignation of Cuno is said to be inevitable.

J. Jones was found guilty of intoxication and was fined $50 by Magistrate McClymont in the city police court this morning.

DIARRHOEA and Vomiting
Doubled Up With Pains

If you are suddenly attacked with diarrhoea, dysentery, colic, cramps or pains in the stomach or any looseness of the bowels do not waste valuable time, but at once procure a bottle of Dr. Fowler's Extract of Wild Strawberry and see how quickly it will relieve you.

Mrs. Ernest Morris, 3 Webb St., London, Ont., writes:—"I take great pleasure in recommending Dr. Fowler's Extract of Wild Strawberry for what it has done for me.

Some time ago I took an awful violent headache, then started to vomit and felt so sick I could hardly stand it all day; towards evening intense pains came in my bowels and I was just doubled up the pains were so bad; the perspiration stood out like beads on my forehead; then the diarrhoea started and I really thought I was going to die.

My husband went to the drug store and got a bottle of Dr. Fowler's Extract of Wild Strawberry; he gave me four doses, at intervals, and by noon next day the diarrhoea had stopped and the pain was all gone too.

Now I will never be without 'Dr. Fowler's' in the house."

Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

THE PROOF.

The Rev. Amoz Johnson, of the negro Baptist church, had preached a powerful sermon, stating positively that there would be no white people in Heaven.

The Rev. Jessie Wise, minister of the white church, heard of it through his gardener, and meeting the negro preacher, he asked: "Brother Johnson, you don't really believe that, do you?"

"I does, sah!"

"But I should like to have your proof. Where did you get your authority for such a statement?"

"Bruthuh Wise, I gets mah proof from de Bible, fo' in de twenty-fifth chapter ob St. Matthew an' de thirty- third verse it says de Lord will set de sheep on his right hand, an' de goats he sends away to eveh-lastin' punishment."

"Yes, but the sheep," said the minister of the white flock, "how do you make out that the colored people are the only sheep?"

"Well, sah, I ax you, who's got de wool?"

LUMBER ARRIVES
