ARMISTICE DAY.

Five years ago an armistice was signed which led to the peace of Versailles. Five years ago fighting stopped in France and Germany and the most horrible war of history came to an end. Five years have passed and yet the countries are still discussing the terms of peace and trying to force Germany to a realization that she was the losing nation.

Today we look back on the Great War somewhat as an event in history rather than as a vital factor that is still influencing our lives. While it was necessary to fight, yet victors as well as vanquished still suffer as a result of the conflict. The world has changed and it will yet be many years before the evil effects of the great event have passed away.

We shall always remember the wonderful bravery of the men, the feats of endurance and suffering, the awful mortality. The men who fought there were heroes, whether they gave their lives or not. Once a year we remember their great deeds and then we turn again to the battle of life and carry on. It does not do to dwell too long on the past. The future is before us but now and then turn and glance back and let the mind dwell on the great deeds of the young men who fought for us.

IS ACQUITTED MURDER CHARGE

Salvadore Varin Fought With Man Who Died from Injuries Later

VANCOUVER, Nov. 10.—Salvadore Varin was acquitted yesterday by the assize jury after lengthy deliberation of the murder of Knute Hansen who died of injuries said to have been received when he fought with him over the latter's wife last July 20.

Hansen and Mrs. Varin were said to have been both intoxicated when the quarrel with Varin took place on a Vancouver street in the heart of the city. The Varins had been married two months.

In a letter written to his wife while he was hiding in Seattle after the assault on Hansen, Varin offered to take his wife back if she would "lead a better life."

In acquitting the prisoner neither the jury nor the judge added any comment to the verdict.

RUMORED SUICIDE OF GENERAL LUDENDORF

Was Paroled After His Arrest in Connection with Royalist Putsch

BERLIN, Nov. 10.—It is rumored from Munich that General Ludendorff committed suicide upon being paroled after his arrest in connection with the abortive royalist Putsch in Munich.

C.P.R. steamer Princess Beatrice, Capt. Cliffe, arrived from Vancouver and wayports at 9 o'clock this morning and returned south at 1 this afternoon.

CHIEF JUSTICE TO BE ADMINISTRATOR

OTTAWA, Nov. 10.—The Canada Gazette appoints Chief Justice James A. Macdonald of the B.C. Court of Appeal as administrator during the absence from the province of Lieut. Governor Nichol.

AMSTERDAM, Nov. 10.—The Dutch government announced today that the former Crown Prince of Germany crossed the German frontier this morning en route to Oels, Upper Silesia, where his estate is situated. It is understood he left Wieringen at four o'clock this morning.

THE HAGUE, Nov. 10.—It is officially stated here that both the Dutch and German governments granted the former German crown prince permission to return to Germany.

UTRECHT, Holland, Nov. 10.—Rumors circulating here are that the ex-crown prince of Germany has gone to Germany to put himself at the head of a monarchist movement, but verification is lacking.

PARIS, Nov. 10.—The entente allies will insist vigorously at Berlin that the former crown prince who entered Germany today be expelled from German territory. France and Britain exchanged views during the past few days on the subject.

Sensation in London

LONDON, Nov. 10.—A sensation was caused here today by the news that the former crown prince of Germany had returned to his own country, the general opinion being that he would place himself at the head of the revolutionary movement being worked up by the monarchists. The very fact that he chose this time to make the move was sufficient to rouse the interest of the British people. The general opinion is that instead of being sent back to Holland he will be placed in some more secure place to avoid a repetition of the move.

GERMAN REVOLUTION HAS BEEN QUELLED

BERLIN, Nov. 10.—The Bavarian revolution apparently has been quelled and its leaders Von Hitler and General Ludendorff are fugitives from justice. Conditions are tranquil throughout Germany with Government troops in command of the situation.

LIQUOR SALES FOR SIX MONTHS

Average for Term Was Less Than Million a Month States Attorney General

VICTORIA, Nov. 10.—Liquor sold by the Government stores from March 31 to Sept. 30 this year amounted in value to \$5,747,624.

October returns which are incomplete will augment this amount by \$930,193.

Over a six month period the Government's liquor sales were slightly under the estimate of million dollars a month. This information was given to the Legislature by Hon. A. M. Manson, attorney general, yesterday.

Searching Inquiry to be Made into all P.G.E. Railway Matters Premier Oliver tells Opposition

VICTORIA, Nov. 10.—The government has ordered a most searching investigation into the affairs of the Pacific Great Eastern Railway. Price Waterhouse, the chartered accountants, are to go to the bottom of every dollar paid out by the railway to the Northern Construction Company, the builders of the line. The investigation will also sift each of 54 charges of wrong doing in railway administration made in "The Searchlight," a Vancouver publication of the Provincial Party.

W. K. Esling, M.L.A., chief railway critic of the opposition in the Legislature, will be given every opportunity to examine the books of the P.G.E. railway. These announcements were made by Premier Oliver yesterday in answer to demands from the Conservative opposition for light on P.G.E. matters.

SALMON PACK FOR DISTRICT

Final and Complete Figures From all Points Except Islands

The total salmon pack for the 1923 season in District No. 2, which includes the Naas River, Skeena River, Central division, Bella Coola, Kimsquit, Rivers Inlet, Smith's Inlet and Queen Charlotte Islands, is estimated at 877,548 cases. The estimate is based on final and complete figures from all sections of the district with the exception of the Queen Charlotte Islands which have been delayed in arriving at the office of the inspector of fisheries on account of recent stormy weather. The total indicates that the past season has been an average one in quantity of salmon taken. The total for 1922 was 901,167; for 1921, 416,323 cases; 1920, 881,113 cases and 1919, 884,999.

Sockeyes Plentiful

For the district as a whole an increase in the sockeye pack of about 60,000 cases is indicated comparing 1923 with 1922. The pack of sockeyes was somewhat lower than last year and there was a slight decrease in steelheads. Cohoes show a slight increase while the pink pack is down something over twenty-five per cent. The chum pack in 1923 is some 10,000 cases higher than last year.

Figures per species for the two years are as follows:

	1923	1922
Sockeye	286,173	225,279
Springs	18,490	21,123
Steelheads	1,645	1,652
Cohoes	59,568	52,790
Pinks	330,119	479,119
Chums	161,553	120,950

Totals 857,548 901,167

In total pack of all species the Naas River shows a falling off this year of 25,000 cases as compared with 1922. Skeena district shows a decrease of 23,000 cases which, of course, does not amount to as high a percentage as the Naas River decrease. Rivers Inlet including Smith Inlet shows a large increase with the total for 1923 standing at 127,741 cases as compared with a total of 92,696 cases in 1922. The central division pack this year is about double of last, while the Bella Coola pack is just slightly lower. The Queen Charlotte Island pack stands at 11,129 cases to date with an estimated 15,000 or 20,000 cases yet to be accounted for. The total for the Islands this year will be just about a quarter of last year's.

Comparative figures for the 1923 and 1922 packs in various sections of the district follows:

Naas River	1923	1922
Cases	17,798	31,327
Springs	3,400	2,104
Steelheads	472	193
Cohoes	7,868	3,533
Pinks	44,166	75,687
Chums	25,708	11,277

99,410 124,121

It will be noted that there was a large drop in the sockeye and pink pack on the Naas River this year while less important varieties show an increase.

Skeena River

On the Skeena River this year there was a large increase of 31,000 cases in the sockeye pack while the pink pack shows a

FARRIS ASKS MORE LIBERAL REGULATIONS FOR BEER DRINKING

VICTORIA, Nov. 10.—Strong advocacy of more liberal regulations whereunder beer may be sold was voiced by J. W. DeB. Farris, former attorney general, in the Legislature yesterday. He declared frankly he did not like the present situation, which he held encouraged drinking of stronger liquors under conditions which placed before the youth of the province temptations which the government should no longer allow to exist. "Experience has shown that beer drinking must go hand in hand with opportunities for drinking," said Mr. Farris. Increased government assistance for the mining industries of British Columbia was urged by J. B. Schofield of Trail.

YOUNG HUNTER LOST IN WOODS

Police Search Party Leaves for Grenville Channel in Quest of Bartell Hedstrom

Having been missed by his comrades while on a hunting trip in Grenville Channel about 20 miles down the coast from here, Bartell Hedstrom, a youth in the employ of Akerberg & Thomson, is the object of a search party headed by Special Provincial Constable George Grate and Capt. John Hansen of the fishing boat Fisher which left the city this morning. Capt. Hanson reported to the provincial police last night that young Hedstrom had been missing from the hunting party for a couple of days and that they had searched a day and a half for him but without avail. The boat then left for Prince Rupert to obtain further assistance in making the search and a man was left behind to keep on the watch for the youth if he should make his appearance.

CONSUL SPEAKS BEFORE SCOTS

Gave Interesting Address Last Night on Twenty-Five Years in Diplomatic Service

Telling of his experiences during 25 years in the United States consular service, E. A. Wakefield, U.S. consul, delivered a highly instructive and interesting address before the St. Andrew's Society. Over half of Mr. Wakefield's time in consular work has been spent in Canada, for he started out in Orillia, Ontario, in 1898 and spent ten years there. He served two years at Raigoon, British Burma, and eight years at Port Elizabeth, South Africa, before coming to Prince Rupert. The consul referred to the fact that his entire service had been in British territory and he expressed his special liking for Canada. While speaking of Raigoon, Mr. Wakefield made the statement that more rice was exported from that centre than from all other rice exporting ports of the world put together. Over two million tons was exported during a year he was there.

FORMER EMPEROR OF GERMANY MAY BE SENT TO A SAFER PLACE

PARIS, Nov. 10.—Holland may not be regarded as a sufficiently secure retreat for the former emperor of Germany in view of the flight of the ex-crown prince, it is said at the foreign office and a second St. Helena may be chosen for him.

H. F. Kergin, member for Atlin in the Legislature has been appointed a member of the public accounts and the mining committees of the legislature.

Must Laws All Be Enforced?

It seems that there is such a thing as law breaking by consent. Laws become obsolete or are found unworkable and are allowed to drop. But that of course is contrary to the real intent and contrary to the oath of the officers who carry out the law.

Just now in Toronto there is a case in point. A certain law has been openly broken and the Globe newspaper wants to know who is responsible. The paper points out that the chief of police is sworn to enforce the law all the time and so are the constables. The police commissioners similarly are bound to insist that the law be enforced. What the Globe wishes to know is who is responsible for allowing a law to be ignored. Following from that is the question whether the police commission has any right to ignore any part of the law. The answer to this is that they have not. They have but one duty and that is to see that the police carry out the law in its entirety.

Law Enforcement Is Often Spasmodic.

The Daily News has drawn attention to the fact that law enforcement is often very spasmodic. This has no more reference to Prince Rupert than to any other place. It is common to the whole country. People who are watching for opportunities to make easy money find there is a laxity along certain lines of law enforcement and they immediately take advantage of it. They find that others are not prosecuted and they reason that if others can break the law they may do the same.

One of the most glaring of these cases was seen recently in the football competitions. They were allowed to carry on long enough for those who conducted the competitions to make an immense lot of money. They advertise very generally and people who patronize them think everything legal. Then suddenly they are stopped. Prosecution is launched and they are convicted and fined and closed up.

We are not discussing the right or wrong of this form of gambling but simply pointing out that for a year or two people did not know it was contrary to law to engage in that form of amusement until those who conducted the competitions were prosecuted. If it was wrong to conduct them this year it was wrong last year. To allow lawbreakers to continue unhindered for months or perhaps years and then to suddenly become active does not tend to create that respect for the law which is desirable.

It will be quite easy to think of many other forms of law breaking. The law breakers are allowed to continue for months until it would almost seem that there was no intention to stop them and then without notice there is a raid.

Chief Duty To Prevent Crime.

The chief duty of the police department is to prevent crime. Detecting criminals is but secondary and is done simply to prevent recurrence of crime. There was a case recently where a police chief was dismissed from office because of the large number of prosecutions and convictions within his district. Usually habitual lawbreakers know when the police department means business and they try other hunting grounds where the police are more amenable to persuasion.

An interesting example of what may be done occurred in Victoria years ago. For many years there were a number of respectable houses operated there, one of the most openly glaring being the Savoy vaudeville and bar. It was a low vaudeville with girls of doubtful reputation in the boxes and two bars, one upstairs and one down. Drinks were served in the boxes during the progress of the show. Rooms were also set aside in the building for other forms of entertainment. It was one of the scandals of the city for many years and every mayor and police commission declared nothing could be done under the law to remove it. Then Mayor Morley was elected and the Savoy and other gambling joints disappeared in a very short time, never to return. There were no raids but they simply went out of business.

Despaired of Life at 50 Strong and Well at 70

Mr. Jacob H. Macksey, 336 Midland Ave., Midland, Ont. writes:—

"I have used Dr. Chase's Kidney-Liver Pills for over 20 years and I feel that I owe my life to them. I suffered severely from rheumatism and heart failure. One doctor just gave me one year to live, and even told me I might be found dead at any time. A neighbor advised Dr. Chase's Kidney-Liver Pills and I have been using them as needed ever since. ALD. COLLART RETURNS LOT

Asks that Council Have Transfer to Him Declared Void and Request is Met

Offering to pay all legal costs necessary to the proceedings, Ald. Theo. Collart at a special meeting of the council yesterday afternoon asked the city to co-operate with him in action he is taking towards having transferred back to the city lot 76, block 20, section 2, which he acquired last spring for \$150 following the acceptance by the council of an offer from Paul Taillandier who failed to go through with the deal. The council acceded to the request and took the steps asked by Ald. Collart.

Was 'No Sale'

The following statement on the matter was submitted to the council by Ald. Collart:

"In the matter of lot 76, block 20, section 2, after consulting my solicitors they have advised me that said transfer is void and that I acquired no interest in the property under said transfer. Having acquired no interest I cannot quit claim back and the only remedy is for me to sue the city for a declaration of the court that the transfer is void, for cancellation of the registration and for the return of money paid.

"I asked the mayor to call this meeting because I want action at once. I would ask the council to instruct some solicitor to admit that the transfer is void and to have the registration cancelled at once.

"I will pay the cost of the action and the city solicitor's fee. In any event I will have to go ahead with the matter and I am asking the council to assist me in getting it settled at once."

After making the above declaration, Ald. Collart retired from the council chamber and the following motion was offered by Ald. Perry:

Resolution Passed

"That W. E. Fisher be appointed solicitor to take up the case regarding lot 76, block 20, section 2, to give the city's consent to the admission that the transfer to Theo. Collart is void, and to the cancellation of the registration of said transfer and also that money paid on account of the purchase of said lot be returned."

Ald. Munro, who moved at last Monday's council meeting that the transfer to Ald. Collart be rescinded, seconded Ald. Perry's motion and it was carried unanimously, a clause being added that any taxes paid by Ald. Collart on the lot be also returned to him.

FINAL LIQUOR CASE IS OVER

Mrs. Biddlecome Alias Peggy Stevens is Sentenced to Six Months at Okalla

Mrs. Biddlecome alias Peggy Stevens, 848 Fraser Street, was found guilty of selling liquor and sentenced to six months at Okalla Prison Farm by Magistrate McClymont in the police court yesterday afternoon. Owing to the physical condition of prisoner, His Worship indicated that he would recommend that the case be taken up with the Attorney General with a view to having some arrangements made for serving of sentence other than in prison. W. E. Fisher, crown prosecutor, intimated that he would be pleased to make such a recommendation. The case, which was the last charge of liquor selling arising out of the activities of dry squad men in the city recently, was defended by Milton Gonzales. Defence, under protection, admitted that there was a sale of beer but maintained that the gin alleged to have been sold was merely an exchange and could not be taken under the act as a sale.

James Stewart, provincial constable, first witness for the prosecution, told of buying a bottle of gin from accused at her residence for \$6 on October 5 at 9 p.m. The bottle was produced in court and identified by witness from his marks. Some beer had been purchased first but there was an argument that too much had been paid for it and it was

returned to accused. On the occasion of the sale, Constables Huggard and Ruggles and four other men accompanied witness.

Lights Were Out

Under cross examination, Stewart stated that the lights in the room where the transaction took place were out. Matches were lit by Constable Ruggles. Two separate purchases were made of beer and gin and the latter was not exchanged for the former.

Constable Ruggles under examination-in-chief, corroborated the evidence of Constable Stewart but, under cross-examination, was not positive as to whether the beer and gin had been purchased at the same time although nothing was purchased by the party when they returned with the beer.

Constable Huggard testified that the beer and gin had been bought at the same time. Six dollars was paid both for a dozen bottles of beer and a bottle of gin. The beer was returned.

Simply an Exchange

Peggy Stevens' story was that the constables bought a dozen bottles of beer from her for which they paid \$6. They came back and said the beer was too bulky and asked if they could have whiskey. She had no whiskey but gave them a bottle of gin in exchange for the beer. It was simply an exchange and she was paid only once—for the beer.

Milton Gonzales, in argument, stated the case depended entirely on whether the court believed that accused sold or exchanged the gin—whether the evidence of the crown or defence was accepted. An exchange of beer for gin did not, under the act, constitute a sale of gin. An individual could not be held responsible for an exchange. He would be prepared to argue this point successfully if the court believed it was an exchange rather than a direct sale.

Exchange Means Sale

W. E. Fisher, prosecutor, referred to the fact that the evidence of the crown witnesses had been corroborative. They had nothing to lose or gain in connection with the case while accused knew what was facing her. Therefore she would put up the best defence possible. There was no reason to believe the constables were not telling the truth. The question was which evidence was the most worthy of belief. Crown counsel maintained that an exchange would constitute a sale under the act even if the story

of accused was accepted. Magistrate McClymont decided that a direct sale for cash and not an exchange had been made and gave his finding accordingly. Six months was the minimum sentence he could make under the act. He could not be swayed by his sympathies in finding his judgment from the evidence presented.

NO MORE WEAK AND DIZZY SPELLS

Since She Used MILBURN'S HEART AND NERVE PILLS

Miss Bertha Charrette, Regina, Sask., writes:—"I have had a lot of trouble lately, with what I thought was heart trouble, and after any unusual exertion I always felt sick."

My doctor advised a complete rest and change, but this I was unable to take.

I became interested in Milburn's Heart and Nerve Pills, so started taking them.

I have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down."

ARMISTICE DAY BE COMMEMORATED TWO MINUTES SILENCE

Churches Will All Have Special Mention of Event at Services

Tomorrow is Armistice Day and to commemorate the important event all citizens are asked to observe a two minutes silence at eleven o'clock. Trains and steamships will stop during that time and some of the churches of the province have arranged for services at 10:45 to enable the event to be fittingly impressive. This is the case at the Anglican Church here. The Presbyterian church service commences at ten to eleven. The Northern B.C. Regiment will attend service at St. Andrew's tomorrow and the band will be in attendance.

At the Methodist Church there is a special song service in the evening and other churches are also marking the occasion suitably.

At the Presbyterian Church there will be special music by the choir and vocal solos in the evening.

TURKEY DINNER

Turkey dinner at the Methodist Church Monday night at 6.30. Good musical program. Debate: Resolved, that fat men are more successful than thin men. Adult tickets \$1.00. Children 50c.

A MUSICAL TREAT

If you like good singing and music, come to the Methodist Church, Sunday night at 7.30. Orchestra of twelve pieces. Anthems and solos.

Church Notices

Presbyterian Church
Morning worship at 10.50 o'clock. Subject: "Some thoughts on the Armistice." Sunday School at 12.30. Evening service at 7.30. Subject: "Thanksgiving." Special music by the choir. Preacher, Rev. H. R. Grant, D.D.

Jewellery--- The Gift of Gifts

It's so. For a gift ought to be something more than the mere presentation of something worth about so much. The fitness of the gift to the occasion ought to be considered. Thus you always find jewellery and Xmas together. The Xmas gift should be jewellery because it always keeps its appearance and value. We have many new things this year.

MOURNERS FROM FAR AND NEAR ATTENDED FUNERAL AT TELKWA

Mrs. J. S. Brayfield's Death is Lamented by Entire Bulkley Valley

TELKWA, Nov. 11.—St. Stephen's Anglican Church was filled to its doors last Thursday by crowds of mourners from points far and near in the Bulkley Valley who came to pay their last respects to the late Mrs. J. S. Brayfield, wife of the Anglican minister here. There was a profusion of floral tributes testifying to the esteem in which deceased was held by all with whom she had become acquainted during her residence here. Archbishop F. H. DuVernet of Prince Rupert officiated at the obsequies and was assisted by Rev. R. E. W. Biddell of Smithers. The remains found their last resting place in the new cemetery here.

ANYOX IS PREPARING FOR CHRISTMAS AND OTHER FESTIVITIES

Proposal For Skating Ring Proves Too Expensive; Tobogganing Planned

ANYOX, Nov. 9.—At the meeting of the Community League council this week it was decided to make a number of changes in plans for the Christmas festivities. The secretary's report had to do with the progress made in connection with the big sports concert and banquet billed for Wednesday, November 14, when the Community League would be hosts at a gathering of some hundred and fifty sportsmen.

A figure for altering the lower tennis court into a skating rink for the coming winter was presented. The cost had been figured by J. Smith and would amount to approximately \$1,200. This did not cover the cost of putting the court in shape for tennis in the spring.

Children's Dance

The matter of the Xmas dance for grown-ups and the entertainment for children was again brought up. Mrs. Dwyer, chairman of the committee, had suggested at an interim meeting that the original plan for the children's day should be altered, that a separate day should be set aside and that the younger children should be entertained during the afternoon and the older ones in the evening, the afternoon to be devoted to games, and the evening to games and dancing, and to be a costume affair, the league to offer prizes. This new arrangement made it necessary to alter the date for the grown-ups dance from December 21 to December 17. The pictures arranged for the children's party under the original scheme had been cancelled, but it was not too late to rectify this if the council didn't see its way clear to endorse the new suggestions. It might not be advisable for the Community League, owing to the general reduction in wages, to sponsor anything of a competitive nature, whereby parents, who like to see their children the equal of others in every respect, would have to provide money for costumes in order that they might be able to attend the affair. The Secretary recommended that this phase be carefully considered before any decision was made.

The council agreed to change the date for the annual Xmas dance to December 17 and that the children's day should be a separate one, the date being December 28. The nature of the entertainment caused some discussion, and it was finally agreed that the league would not foster any competition by offering prizes for costumes, that the affair in the evening would not be a fancy costume affair, but that the children could attend in any way their parents desired.

Rink Voted Down

The proposal for a skating rink at the estimate presented was voted down. A letter in connection with the kindergarten

For the fourth successive time Miss Joyce Wethered has succeeded in winning the English Ladies' Close Golf Championship, and the pre-eminence of Miss Wethered among lady golfers was never more apparent than in the 36 holes final for the championship, played at Ganton last month.

It was just three years ago that the young girl who was destined to become the most famous lady player of all time defeated Miss Cecil Leitch in the ladies' close championship. This was at Sheringham. When, on an epoch-making day Miss Wethered defeated the hitherto invincible champion and in doing so paved the way to her own unprecedented success. Since that time Miss Wethered has always been the British native champion, although Miss Leitch has avenged herself in the open championships.

The winners of the British native championship since 1912 are as follows:

- 1912—Miss M. Gardner.
- 1913—Mrs. F. W. Brown.
- 1914—Miss Cecil Leitch.
- 1915-18—No championship.
- 1919—Miss Cecil Leitch.

GREAT INCREASES IN TIMBER EXPORT

VICTORIA, Nov. 10.—In a statement issued by Mr. T. D. Pattullo, minister of lands, the overseas shipments of timber from British Columbia for the first six months of 1923 total 220,824,894 board feet, as against 142,628,779 for the corresponding period in 1922. It will be seen that these figures represent an increase of 78,196,115 board feet, or 54%.

It is to be noted that the greatest increase in the foregoing is represented by shipments to the Atlantic seaboard, via the Panama Canal, namely, 90 millions this year as against 15 millions last year. In this connection Australia has taken 43 millions as against 25 1/2 millions, and California 28 millions as against 16 millions. These represent the most important increases in the turnover.

As Metropolitan for the province of British Columbia, Archbishop F. H. DuVernet is leaving on the steamer Prince Rupert tomorrow night for Victoria, his business being in connection with provincial church matters. He will be away a week or ten days.

Will you be One of the 2,000,000?

Ten years ago almost every woman baked her own bread. Today, in most of the United States, the majority patronize the baker.

Five years ago almost all washing was done in the home. Today almost 2,000,000 send their entire family bundle to the laundry.

And nowhere is this modern method more popular than right here in our own city. If you were to call any day at our laundry, we could show you proof.

Why? Because the service we offer takes all the washing completely out of your home.

Think of it—no laundress to bother with; no water, tubs, and soiled clothes to struggle with. Just a minute at the phone, and your washing is taken off your hands.

We have a number of services for you to select from—telephone and have us explain all about them. Regardless of whether you employ a laundress or do your own washing, you will find this service will save you time, and money, too.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

The Admiral of the Mosquito fleet reports that the antics of the weather clerk have been much against the halibut fishing during the past week. The extremely bad weather experienced locally over last week end was general throughout the northern part of the province. The deep sea fishing grounds, according to the opinion of incoming skippers, came in for more than their share of wind and rain which greatly interfered with fishing activities. As a result the landings of halibut have been on the light side. The halibut schooners have kept up against some tough going but have pulled through safely thanks to the trustworthiness of the crews and boats. The bad weather experienced has kept a number of the small Canadian fishing schooners storm bound in sheltered anchorage while many of the American boats deemed it advisable to suspend operations until better weather had broken. Consequently upon the bad weather Wednesday landings only amounted to 7,000 pounds brought in by the Canadian schooner Tramp, while with better weather conditions prevailing on Thursday the landings jumped to 125,000 pounds, including the catches of the trawlers G. E. Foster and Carruthers owned by the Canadian Fish & Cold Storage Co. With the trapping season well advanced several of the little fellows have put out during the week for distant fields of exploration.

Natives in Port

The Cow Bay anchorage has been crowded over the week end owing to the influx of native boats from the Skeena river. These Indians have been busy fishing in the rivers and creeks for salmon which they have smoked and salted down for winter consumption. While in port they have taken the opportunity to do mechanical work on their boats and also to purchase necessities for use during the cold weather in the way of stoves, heaters, lamps, etc. A number of the boats left port on Thursday last loaded down to the waterline with implements of comfort. Prior to winter beaching several of the halibut boats have been put into commission during the past week for hunting purposes.

Local Shipyards

The N. M. McLean yards report business as very brisk. With two boats on the ways, the Doreen Brother's new 65 foot halibut schooner in course of construction and the Lillian M. for overhaul, and fourteen boats contemplating repair work Mac expects to put in a particularly busy winter season. This popular yard resounds with the zip of saw and the thud of hammers. The Doreen boat is rapidly taking shape and the keel and forms are now in place. The Lillian M. is undergoing a thorough "spring" clean and will be off the ways in about two weeks. It will be a case of first come first serve for the other boats on the list.

J. Myer, of Ocean Falls, has just had his 32 ft. logging hull rebuilt at the Suga Yards. A new upper deck and cabin has been put on the boat and the whole has been repainted. It will undoubtedly be a useful acquisition to logging operations. The boat measures 32 ft. long x 6 ft. 6 in. beam and will be fitted with an eight horse power engine on its arrival at Ocean Falls.

Goldbloom Visits Fleet

W. Goldbloom, the honest fur buyer, visited the Mosquito fleet on Wednesday morning on a tour of inspection. During the inspecting end of the business a kindly disposed trapper offered some beautiful furs at wonderful prices and the great Goldbloom took a chance. With the result of the purchase snugly stowed away in his pocket the

fur buyer got into an argument with the old man. The Admiral of the fleet invited Bill to step aboard the flagship of the fleet and discuss what form the fleet Thanksgiving entertainment should take but the noon hour struck at the psychological moment and Bill hastily beat it to cater to the inner man, offering no apologies for the sudden departure.

Cement and Lime Arrives

The tug R.F.M., owned by the Marpole Towing Company of Vancouver, arrived in port on Thursday morning with 500 tons of "black diamonds" while the Prince John unloaded 150 barrels of lime for the Albert-McCaffery interests. The tug Gunner was also in with 175 tons of cement, 3,000 sacks of which was shipped to Terrace for use in connection with the building of the new bridge over the Skeena at that point.

Capt. Louis Locker on the bridge of the good boat Lewis Island arrived in port during the week from Grenville Channel. Louis was in after grocery and other supplies to tide him over the cold and dreary winter days. It is on the cards that Cap will do a little trapping in the vicinity of the Channel just to show that there is no hard feeling toward the fur bearing creatures.

Another Sawmill

Capt. Swedemark, managing director of the Murder Cove sawmill situated on Macauley Island, has been in the city during the greater part of the week on business. It is understood that Cap has been negotiating to get into the baby square export business. According to secret service reports the odds are ten to one in his favor.

The halibut schooner Rosepoint, Capt. Pete Rorvik, left port on Tuesday morning with George Clothier, provincial government mining engineer aboard. Mr. Clothier is on a regular departmental inspection trip.

Eldia in Port

The power boat Eldia, Capt. Jack Oland, was in port during the week from Lewis Island. Jack is one of the several successful ranchers on Lewis Island and is taking a prominent part in the marketing of the products of the fertile island. While in the city Cap took the opportunity to renew old acquaintances at which he is very proficient.

The sailing schooner Kelpie, owned by skipper Bill Shelim, and which has been anchored in the Cow Bay lagoon for the past few months, has been recently beached in Bone Yard creek. It is reported that the old original is to be given the twice over by her skipper during the winter months in readiness for the spring regatta.

Dustie Makes Rescue

The troller Dustie, Capt. Brydon, came into port on Thurs-

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

day morning having the troller Pete in tow. The Pete having lost her rudder. Capt. Brydon was enroute from Bella Bella to Prince Rupert and found the Pete in mechanical difficulties minus a rudder in Kumelia Inlet, Ellis Island, where he had put in for anchorage. Cap made a thorough diagnosis of the mechanical works which proved that the timer was in a very unhealthy condition. Even after this important member of the box of tricks had been fixed the sprocket did not time properly with the jinxette, and therefore the flywheel would not fly. The Pete is to undergo a thorough overhaul. Capt. Brydon is in port for the benefit of his health.

Ducks Galore

The waters around the Prince Rupert Rowing and Yacht Club headquarters are swarming with all kinds of fat and prosperous looking ducks, according to an official report just issued by Sandy Finlayson, pumper in chief. The report further states that the ducks have become so tame they wander into Sandy's kitchen and help themselves to the delicious dainties contained in the colossal larder. The tide has also been getting very tame recently and wandered into the old Hazelton to the tune of one and a half foot on Wednesday last. Sandy states that he was compelled to stand at the door of the Hazelton all night to keep the various row boats and skiffs stored therein from creeping into the bay.

The power boat Wigwam, Capt. Claude Ketchum, has been busily engaged during the week towing lumber from the Georgetown mill to the Big Bay Lumber Company.

New Engine Contemplated

The power boat Oswego, Capt. Wilson McKinnon, is to have a new engine installed. The present five horse power Vivian engine is to be replaced with a seven horse power engine of the same make.

Fish Business

During the week 376,300 pounds of halibut has been marketed on the Fish Exchange. Americans were high at 19.1c and 11.5c and low at 17.7c and 10c. Canadians were high at 16.7c and 12.5c and low at 16c and 10c. The arrivals were: Forward, Fairway, Augusta, Commonwealth, Virginia, Agnes B., Cape Spencer, Caygeon, Rosepit, Tramp, Rolfe, Tatoonsh, Lincoln, Nomand, Point May, G.E. Foster, James Carruthers, Seattle, N. and S.

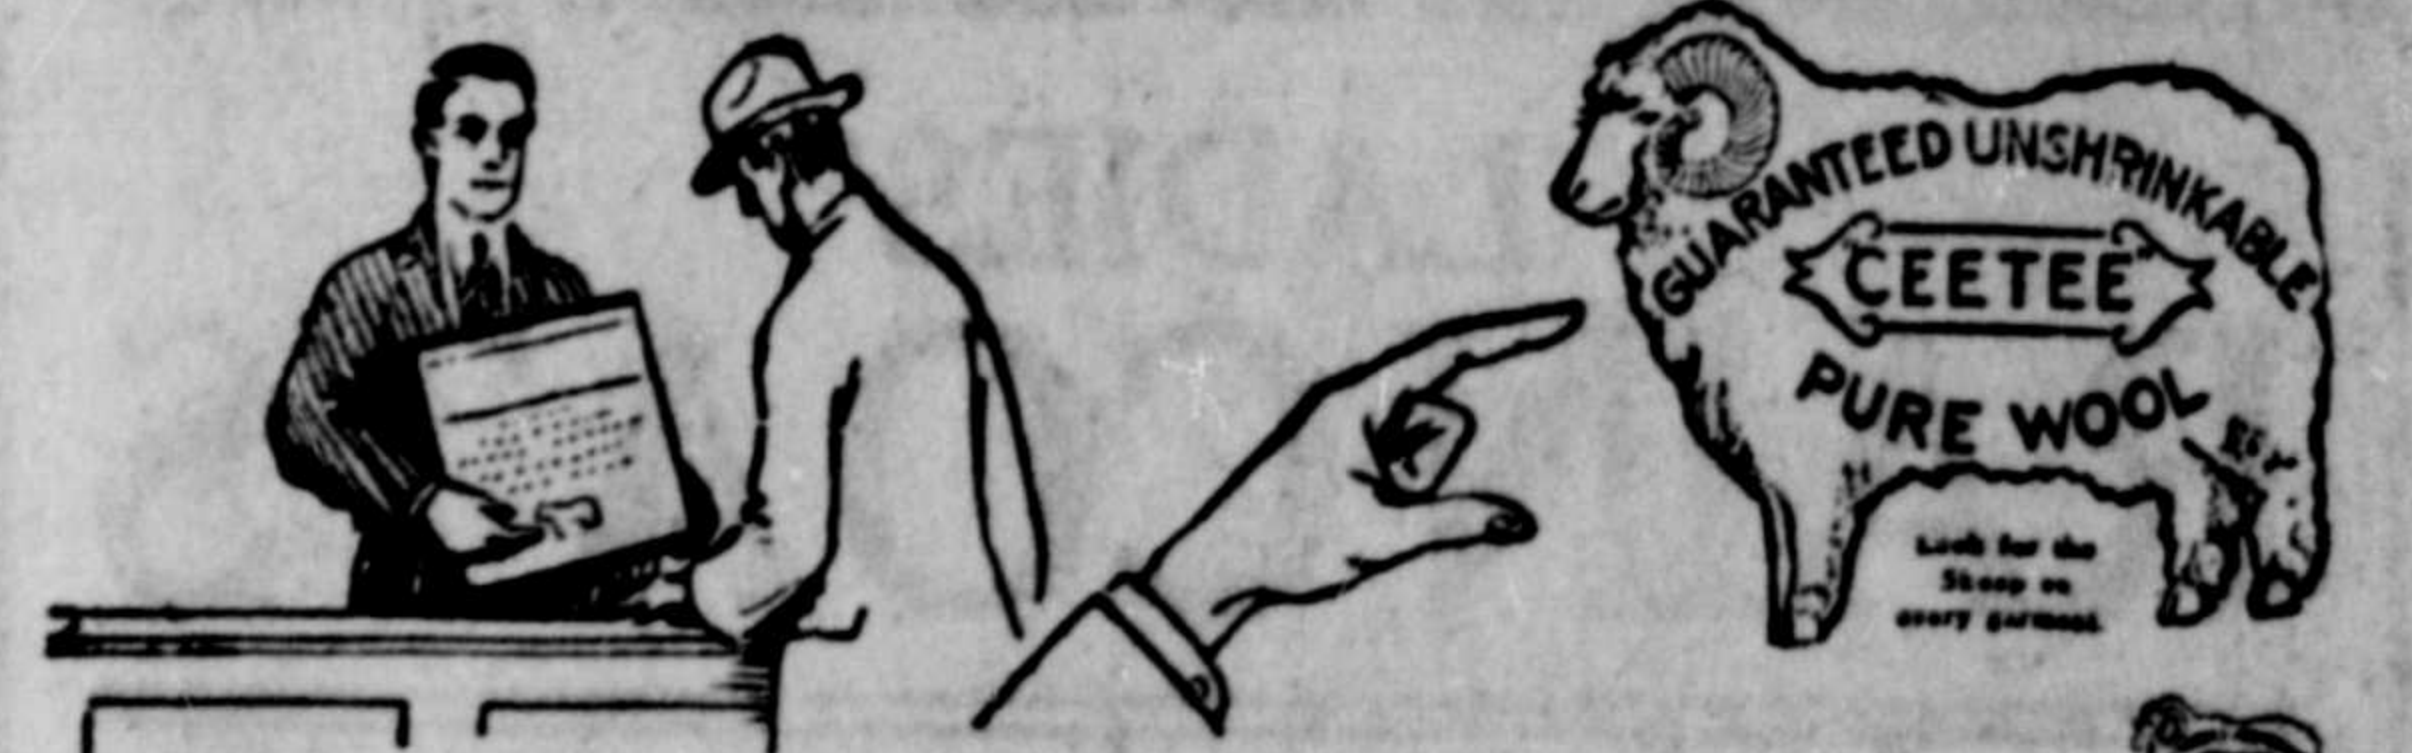

Bill Shruballs Away

Bill Shruballs, managing director of the Shruballs Fisheries, left on the Canadian National boat for Vancouver on Sunday night last on a combined pleasure and business trip. Bill considers that a change of water—for washing—does him more good than anything else. During his absence Ted Shruballs will be the man at the wheel at the Shruballs Fisheries.

The Canadian halibut schooner Caygeon, Capt. Jim Morrison, will be overhauled on her next trip in. Cap is leaving over the week end for the high spots and on his return the mechanical end of the business is to be thoroughly gone over. The engine is a 30 h.p. Frisco-Standard. Jim had at one time thought of building a Caygeon II, but now that Xmas is looming very near he is postponing the building idea and will hang up his stocking instead. He probably thinks that maybe some kindly disposed person will either put a new boat or the price for building one in his stocking.

Paddy to Entertain

It is reported that Paddy Raymond, vice-admiral of the Mosquito fleet and chief of the Lookout Point Irish colony, is to stage a Thanksgiving spread on Monday next. Invitations have already been sent out to the fleet officers and the event will doubtless prove to be the hit of the season. The feast is to be absolutely Irish in atmosphere and potato cocktails will be a feature. The gravities of the various dishes will be suitably colored to match the vests of the guests. The old man (meaning the admiral) will give an appropriate address during the evening upon the advisability

The waterfront crib tournament now in session for a brand new Thanksgiving turkey has been hanging fire during the week owing to several ties having to be replayed. Doc Glaperton, skipper of the tournament, has been experiencing some difficulty in getting the various opponents together. However, it is hoped to get the play completed to-day in time for the winner to purchase the bird for Monday.

PADDY KILMARTIN IS ARRESTED AT FERNIE: IN JAIL AT NANAIMO

Paddy Kilmartin was arrested in Fernie on October 28 on a charge of selling liquor at Port Alberni. He was lodged in jail at Nanaimo but a writ of habeas corpus in his favor was granted by Mr. Justice D. A. Macdonald in Vancouver requiring the authorities to produce their prisoner and prove their right to hold him. W. C. Thomson of Vancouver is his lawyer.

ONE CAR FOR THIRTEEN IN THE PROVINCE

There are 39,000 Autos in Use in B.C. It is Announced

VICTORIA, Nov. 10.—Some idea of the increase in the prosperity of the people of British Columbia is reflected in the fact that there are at the present time 39,000 automobiles under the provincial registry. This is all the more striking when it is considered that even as recently as 1916 there were very few more than 8,000 automobiles. This compilation of statistics recently completed by Dr. Sutherland, minister of public works, indicates that there is about one motor car to every 13 people in the province.

After several personal inspections of the highways of the Province, Dr. Sutherland is naturally seized with the importance of preserving good road surfaces in order that there may be a greater interchange of visits between people in various parts of the province, and also a larger inducement for the automobiling tourist to come to this part of the country from adjoining provinces and from the various neighboring and farther distant States of the Union.

One indication of the greater facilities offered to the automobilist by the completion of various highways of a connecting nature, and the improvement of other roads throughout the Province, can be understood from the fact that in 1917 it required the best part of two days to go by road from Nelson to Trail, whereas it is now possible to do the journey by automobile in 2½ hours.

PROVES VALUE OF IRRIGATED LANDS

Minister of Lands Gives Instance of Profits to be Made South Okanagan

VICTORIA, Nov. 10.—It is a simple matter to criticize expenditure upon public works when such works are in an unfinished state and present a spectacle of only moderate production to the uninitiated. But when it is understood that already in the provincial government area of irrigated lands in the South Okanagan \$150 net profit per acre is the return from the growing of cantaloups, it will be observed how very dangerous it is to jump at conclusions, instead of waiting until a practical demonstration has proved the merit or demerit of an undertaking of any public nature.

According to an announcement just made by Mr. Pattullo, minister of lands, the cost of growing cantaloups in the area above referred to is \$50 per acre. This figure includes the cost of seed, ploughing, cultivating, irrigating, picking, water tax, and also the interest on deferred payments on the land. Detailed statistics in respect of this particular enterprise show that something like 200 cases of cantaloups per acre, at \$1 per case, or \$200 per acre, constitute the return in bulk. From this already has been deducted the cost of cases, packing, freight and all handling charges. In some cases, however, crops have reached 300 cases to the acre according to reliable information which has been furnished by Mr. Pattullo.

Before the government turned its attention to this particular tract and supplied it with its water it was nothing better than a desert.
