APPEAL FOR AID TO SEND TO JAPANESE SUFFERERS FROM EARTHQUAKE

Unjust Discrimination in Freight Rates is Throttling Development of the West says Premier Oliver

VICTORIA, Sept. 14.—Appearing before the board of grain commissioners here this morning, Premier Oliver referred to the unjust discrimination in freight rates against the west including the manufacturers of British Columbia and the producers of Alberta. These existing rates, he said, were throttling development in the west.

It was a question of economics which could be solved by the equalization of rates. That would mean fair competition between the east and the west. Equalization was inevitable, he said, in urging the commission that it was only just for the commissioners to recommend the removal of the alleged discriminations.

U.S. CANNOT UTILIZE NAVY

Prohibition Enforcement Would Not Come Within Its Scope Under Constitution

WASHINGTON, Sept. 14.—Answering President Coolidge's two questions put to him several months ago by President Harding, Attorney General Daugherty has decided that the United States navy cannot legally be employed in enforcing prohibition because the use of the navy can be permitted only in time of such emergency as cannot be taken care of by civil process. Daugherty finds that prohibition enforcement does not constitute such an emergency.

IN CONTROL OF WHEAT MARKET

This is Position of Canada, Says Commissioner of International Agriculture Institute

OTTAWA, Sept. 14.—Canada will practically control the world's wheat market for the next five months according to a statement made by T. K. Doherty, Canadian commissioner of the International Institute of Agriculture, who bases his statement on the assumption that all optimistic news is exhausted and adverse factors are to develop. He says that world's stock is well cleaned up and that only 11,000,000 bushels is left from last year's Canadian crop.

FURTHER ARRANGING FOR JAPANESE RELIEF

Appeal to be Made for Voluntary Subscriptions and Collection Boxes to be Placed—Possibly Tag Day

At a special meeting of representatives from various public and semi-public bodies of the city called last night by Mayor Newton, in connection with the Japanese earthquake relief campaign, it was decided to appeal through the press for voluntary subscriptions, to place collection boxes in Orme's and McCutcheon's drug stores and arrange a tag day for tomorrow if possible.

Those present at the meeting last night were Mayor Newton, E. C. Gibbons, president of the Board of Trade, J. C. Brady, principal of the High School, F. Scadden, representing the Moose Lodge, and Douglas Stork and Norris Pringle of the Gyro Club.

I. O. D. E. DOING WELL AT FAIR

Mrs. S. V. Cox, representing the Adair Carss Chapter of the I. O. D. E., is convener of the tea room at the Exhibition building today. Mrs. R. Blance, representing the Girl Guides, will be convener tomorrow.

The raffle for the half ton of coal, given by the Prince Rupert Coal Co. will be drawn for tomorrow night at the jitney dance as also will be the raffle for the Patullo-Atlie-Burpee vegetable exhibit, given by D. McD. Hunter.

Wednesday was record day for the I.O.D.E. tea rooms when the sum of \$177.10, including raffles, was taken.

REBEL LEADER IS INVITED TO FORM SPANISH CABINET

MADRID, Sept. 14.—The Spanish cabinet resigned this morning and King Alfonso this afternoon asked Captain General Primo Rivero, leader of the military movement at Barcelona against the Albuernas cabinet, to form a new government.

FIGHT TONIGHT AT NEW YORK

Ninety Thousand Will Watch Big Fistic Game at Polo Grounds

NEW YORK, Sept. 14.—When Jack Dempsey, the present holder of the heavyweight championship and Luis Angel Firpo, the scowling South American slugger step into the arena at the Polo grounds tonight at 9.30 they will be watched by more than 90,000 persons and well over a million dollars will be collected by Tex Rickard, who arranged the details for the struggle. Half the amount goes to the fighters in the proportion of 37 1/2 per cent to Dempsey and 12 1/2 per cent to Firpo. Rickard takes the balance.

The bout is scheduled for fifteen rounds so it cannot be more than 45 minutes of actual fighting. Many experts predict it will not last nearly that long.

Betting odds favor Dempsey, who this morning weighed in at 192 pounds, the heaviest weighed for any championship bout. Firpo had not weighed in.

The weather is dull and cloudy and chilly and the weather forecaster says the temperature will be around 48 tonight when the gladiators face each other. A northern breeze suggests that top coats will be comfortable for spectators.

Both fighters express themselves as confident of their ability to win.

BADLY INJURED MAN DIED IN HOSPITAL

Magnus O. Berg Succumbed Last Night to Terrible Injuries Sustained at Massett Inlet

Magnus O. Berg, Massett Inlet rancher who lost an arm and both eyes in a dynamite explosion on his ranch recently, expired in the General Hospital last night at 8.05 o'clock. Deceased was a Norwegian and, it is believed, was about 55 years of age. A sister is said to reside in the United States.

The funeral will take place tomorrow afternoon from the Salvation Army citidel, Capt. Coleman officiating.

Mrs. C. H. Orme and Mrs. C. A. Eggert were passengers for Vancouver on the Prince Rupert last night. Mrs. Orme will place her son in school at Vernon.

Appeal on Behalf of Stricken Japan

To the Citizens of Prince Rupert—

All are so well aware of the awful calamity, which has plunged Japan into such misery and want, that it is unnecessary to do more than suggest to the humane instincts of all nationalities within our midst the urgency of each of us doing our bit towards the temporary feeding and sheltering of the hundreds of thousands who are in dire distress.

From our close proximity to the stricken land, and the probability in the very near future of still closer relationship between this port and those of Japan, there is no city in Canada which feels a deeper concern in the present emergency than our own.

Under all the circumstances, then, would it not be but fitting for Prince Rupert to show its generosity to our afflicted neighbor by voluntarily contributing to his relief.

Cash donations can be left at either of the Sixth Street corner drug stores, with the names recorded.

The money will be used for the purchase of B.C. salmon, as food is now much more essential over there than cash.

R. Beaumont, on behalf of the C. G. M. M. has kindly promised to make the shipment free of charge on the vessel which will leave this port for Japan with lumber about next Thursday.

Therefore, might I not only appeal for a quick but a generous response, bearing in mind there is always the possibility of a like fate befalling us.

S. M. NEWTON, Mayor.

FAIR ATTENDANCE HIGHER THIS YEAR

The attendance both at the Fair Hall and sports ground yesterday exceeded the figures for the third day last year. Exclusive of season tickets, 728 persons paid entries to the Hall and 163 to the grounds as compared with figures of 628 and 329 respectively for last year. The admissions to the grounds were away higher than on either the first or second days of the Fair.

On the aggregate the paid admissions to the Fair Hall this year are for the first three days 166 ahead of last year.

DOMINION CONSTABLE NEWNHAM MARRIED TO MISS MABEL WINSTONE

Ceremony Took Place Quietly Last Evening in St. Andrew's Anglican Church

Ernest George Newnham, Dominion constable of Aiyansh, Naas River, was quietly married last night in St. Andrew's Anglican Church to Miss Mabel Winstone, daughter of Mr. and Mrs. James Winstone, McConnell, Man. The ceremony was performed by Archdeacon G. A. Rix and the witnesses were Mr. and Mrs. G. S. Reading.

The bride for the past year or so has been a school teacher at Aiyansh and is the sister of Mrs. Oliver Stone of that place.

The groom served with distinction in the Great War and won the Military Medal. He was for some time a corporal with the Royal Canadian Mounted Police here and last year received his appointment to the Dominion police.

Mr. and Mrs. Newnham, who are receiving the best wishes of a wide circle of friends, will take up their residence at Aiyansh.

Great Possibilities in the Valleys of Interior are Seen by Unprejudiced Witnesses

The value and extent of the interior farming districts, the need of a market and particularly the fertility of the soil and the adaptability of the country to grain and potato growing as well as the desirability of co-operation with the farmers for the benefit of the whole of northern and central British Columbia was the key note of the addresses given at the Rotary Club luncheon yesterday by F. W. Ankattell Jones, one of the judges under the department of agriculture at Victoria and A. E. Richards, an official of the Dominion Department of Agriculture. The im-

BRITISH WILL SUPPORT STEEL INDUSTRY B.C.

Hon. John Hart Says Prospect is Encouraging For Establishment of Industry

LONDON, Sept. 14.—Hon. John Hart, about to sail for Canada, says he is greatly encouraged by the attitude of the British Iron and Steel industries toward the development of the mineral resources of British Columbia. They are enthusiastic about the establishment on a large scale of an iron and steel industry for the province.

Mr. Hart says he feels there is a good chance of the scheme being carried through under British support.

WOODCOCK VISITOR MAKING SUCCESS OF FARM SKEENA VALLEY

Says he Prefers Climate to Okanagan and is Well Pleased With Result Three Years Work

A visitor to the city who has made a success of farming and who is a booster for the climate and conditions existing in the Skeena River valley is W. C. Little of Woodcock. He is here today for the first time although he has been located at Woodcock three years.

Mr. Little purchased an un-cleared farm and today he has fifty acres under cultivation. He tells about one plot he cleared and off which he sold enough turnips the first year to pay for the clearing, the cost of cultivation and eighty dollars to the good besides some turnips for his own use. He ships milk regularly to Prince Rupert on every train.

Mr. Little speaks most enthusiastically of the fine potato field on the Brown ranch adjoining his. He says he has seen potatoes in Scotland and for years he lived in the Okanagan but he never saw potatoes like that. He much prefers the Skeena River climate to the Okanagan.

MCMURRAY IS NEW SOLICITOR GENERAL

OTTAWA, Sept. 14.—E. J. McMurray, M.P. of North Winnipeg, has been officially appointed to the vacant post of solicitor general for Canada, succeeding D. D. McKenzie who is appointed judge. The change necessitates a by-election.

Olof Knudsen, charged with supplying liquor to Indians, was remanded until tomorrow in the police court this morning.

RIGID ECONOMY CAUSE SURPLUS

Sir Henry Thornton Explains Policy Being Carried Out On Railway

MONTREAL, Sept. 14.—Sir Henry Thornton, president of the Canadian National Railways, issued a statement pointing out that for the first half of 1922 the system operated with a deficit of \$2,935,907.17 while for the first half of 1923 this deficit was turned into surplus of \$1,515,231.73, or an increase in net earnings of \$4,438,228.90.

Sir Henry declared that the administration pursued a policy of rigid economy where it was thought necessary "but where it had been found necessary to spend money to improve the service the increase of business generally added to the gross receipts. It not only has been done but unflinchingly will continue to do so.

Within the period under consideration, namely the first six months of 1923 as against the same months of 1922, the operation ratio was reduced from 102.85 per cent in 1922, to 98.71 per cent in 1923.

This statement shows improvement in the face of floods and adverse weather conditions in March and April of 1923.

Fur Farming On Local Islands.

Attention has been more than once drawn to the opportunities which exist for the establishment of fox farms on some of the islands along the coast. Yesterday M. B. Jackson, chairman of the game commission, spoke of the matter to the Daily News and intimated that they had a number of inquiries in regard to islands that might be suitable, and he thought the result might be the establishment of farms for the raising not only of foxes but of other fur bearing animals.

Congratulations To Fair On Attendance.

The attendance at the fair last night was large, making up the aggregate for the day higher than for the corresponding day of the previous year. On the whole so far the fair seems to have been a success and the people are giving it their patronage. Doubtless the grand masquerade, which it is promised will be better than ever this year, will also receive liberal patronage this evening.

Women On Juries In This Province.

An attempt was made to have women on the jury at a trial this week at North Vancouver but they were challenged by counsel and had to step down. It is the privilege of counsel for either side to challenge jurors and it is the opinion in many quarters that women are more liable to prejudice than men, hence they are likelier to be challenged.

There seems no good reason why women should not serve on juries, especially in cases where members of their own sex are involved. The tendency of men is to favor women in jury trials and the opposite is true of women. They are hard on members of their own sex. Some years ago a series of articles and much correspondence appeared in a leading magazine on the subject of Woman's Inhumanity to Woman. Men who knock about the world may possibly have a somewhat wider outlook than women who spend most their time in the home, but in these days of equal rights and education women are just about as well qualified to judge of the guilt or innocence of a person as men and they have a much keener intuition and sift evidence and weigh facts as well as, if not better than, members of the sterner sex.

British Opinion Favors This Province.

In spite of the criticisms levelled by W. J. Bowser and his associates at the financial condition of this province and at the methods employed by the government, British financial journals continue to praise the method of accounting adopted by Hon. John Hart, minister of finance, and American financiers are just as ready as ever to take provincial offerings at a good price. The policy of making political capital by injuring our own credit does not appeal to the ordinary man. If there was anything wrong with the financial condition of the province the financiers would be the first to find it out. When Mr. Bowser was premier his minister of finance found great difficulty in disposing of provincial securities but now buyers are well satisfied. That should speak for itself.

We believe in honest constructive criticism and shall not be above criticizing this or any other administration. We gave a good deal of space to Mr. Bowser's address so that local people would be able to judge him by his words. Had the fair not been open we should have given him even more space. It is good for the government for the spotlight to be turned on them occasionally and for their opponents to show up their weaknesses, if they have any. It is not good, however, to do or say anything which is going to weaken the standing of the province in the eyes of the world. At present British Columbia credit is splendid, and minded men are eager to lend to her. No friend of the province will try to injure that credit.

ROCK DRILLING CONTEST DELAYED

Rock Split When Third Team Was Competing—Will be Finished this Afternoon

Owing to the fact that the rock being used split, the double rock drilling contest in the Midway at the Fair yesterday afternoon had to be postponed until this afternoon. John Nelson and A. Anonell of the first team, drilled 14 1/2-16 inches in fifteen minutes while J. Sherman and A. Ivarson did 19 1/2 inches. The rock split when Theodora and Sam Dieband were drilling.

There were also three entries in the single drilling contest—D. Santerhane, A. Ivarson and O. Guelpa. This competition will also take place this afternoon.

GREAT POSSIBILITIES IN THE VALLEYS OF INTERIOR ARE SEEN BY UNPREJUDICED WITNESSES.

(Continued from Page one).

ate in its future outlook.

Speaking of the interior valleys, Mr. Jones said the grass and clover indicated what the country would produce. Wheat he had seen second to none. There was a luxurious growth of all clovers and vegetables such as cauliflower, cabbage, kale and parsnips were the finest in B.C. He thought there would be a great opportunity to ship to the markets of the south. The stuff shown told that the soil must be excellent and the precipitation sufficient.

Oats and Potatoes

At Prince George the visitor said he had been splendidly entertained and he hoped to return there. At McBride he had seen oats equal to any he had seen anywhere and potatoes of such quality that he had immediately proceeded to secure several hundred pounds for his own use.

Through the display here he had learned a lot about Hazelton and he was only sorry he was unable to visit that place. He had seen Wealthy apples of a better color than they could grow on Vancouver Island. From Massett had come a wonderful exhibit and flax such as he had not seen elsewhere. With a rich country around it he felt sure Prince Rupert had a great future before it.

Experimental Work

A. E. Richards in charge of the experimental station work said he was pleased to find that the businessmen here were interested in the basic industry of the province. He told of the work that was being done by the stations. It was the aim to show the farmer that by improved methods they could increase the yield and that at a profit.

In selecting a site for an experimental station it was the endeavor to choose land fronting on a highway so that it could be seen by the farmers and the soil must be typical. From 5 to 25 acres was generally used and the operator was paid \$5 an acre and supplied with sufficient seed for the first year. The land was laid out in from five to seven year rotation. In exchange for the government aid the operator agreed to follow instructions, and to keep an accurate record so that the yield could be shown and the cost tested. The operators were keenly interested in the work. Once a year there was a field day to which the farmers were invited and the work discussed on the ground.

Clover Crops Needed

The need of increased clover production was emphasized by Mr. Richards as being the present greatest need. To bring this about clover seed sufficient to sow two acres was being supplied to fifty different farmers throughout the district. This seed was of a hardy variety coming from northern Ontario.

Central B.C. he said was suited to mixed farming and dairying but leguminous fodder crops were needed. Also the department was co-operating with the provincial department in the growing of certified seed. Marketing was also engaging their attention. They tried to increase the quantity and quality of the farm products and to help in marketing. The produce of the country was excellent and he urged that if it could be placed here at market prices it should be purchased in preference to imported produce. It was useless to get people on the land unless a market could be secured.

Buy at Home

Dr. Grant in thanking the speakers of the advancement of the farming industry in this province. He also emphasized the desirability of buying at home such articles as butter, potatoes, apples and other produce of the farms and gardens of the north.

FAIR JOTTINGS

The cannery exhibit put on by the Canadian Fish & Cold Storage Company at the Exhibition building is a very fine one and one which has created a great deal of attention. The exhibit takes the form of a modern cannery in perfect miniature built of tins displaying the Rupert, Tyee and Etna brands of canned fish. The display has been built in splendid detail including a miniature railway and glass sea effect. This exhibit won the gold

W. Goldbloom is right in the swim at the Fair with a fine exhibit of furs of every description. They range from the common or garden mink to the priceless silver fox which are the envy of all the ladies and incidentally many of the men also.

The Queen of the Carnival, Miss Adeline Henriksen, attended by her maids of honor, sat in state during the afternoon and received privileged guests yesterday. After the ceremony her majesty made a visit to the Midway and took part in all the fun of the fair.

The jadeite carving by John Marks, a native of Massett, is being greatly admired by all visitors to the exhibition building. Mr. Marks is giving practical demonstrations of carving in jadeite at the Indian exhibit booth. The work he produces is excellent and well worth going many miles to see. Everybody who sees the work has high praise for the wonderful gift Mr. Marks has in this direction.

ELKS ENTERTAIN AT EXHIBITION HALL

Interesting Program of Music Including Community Singing Last Night

The entertainment at the Fair Hall last night was put on under the auspices of the Elks, the minstrels providing most of it. The singers did well and were enthusiastically received. Ben Self presided and with him on the platform in addition to the soloists were Bert Morgan, W. H. Derry, S. Sabouran, Harry Astoria and Harvey Fraser. The program was as follows:

Wool Hosiery

The new arrivals in Wool Hosiery are uncommonly smart. The time for the comfort of Wool Hosiery will soon be with us and when you see these new arrivals, you will speed the day. There are some new heather mixtures in silk and wool, guaranteeing a snug tidy fit and little shrinkage, also stunning all wool sport numbers, heavily ribbed than which nothing is smarter with low shoes.

Vancouver Sun Again Objects to Money Being Spent in This City

The following is an editorial article from the Vancouver Sun under the heading "Tourist Hotels vs. Branch Lines":

"Unofficial reports from Prince Rupert indicate that the C.N.R. contemplates building a tourist hotel in that city to be ready in time for the 1924 traffic.

"Those who wish the C.N.R. well will hope the report is not true. It is not that tourist hotels are unnecessary nor even luxuries. Nor can Prince Rupert be blamed for desiring such a business brinker.

"But the real point of the situation is that hotel building is not the primary business of a railway, particularly of a railway that has yet to pay its own way.

"The first business of the C. N. R. is to serve this country with transport at the cheapest possible rate and to get the country's produce to tide water by the most economical routes.

"While branch lines are yet to
