ALASKA ANXIOUS TO USE PRINCE RUPERT

AMERICAN ORE CARRIER IS ASHORE OFF QUEEN CHARLOTTE ISLANDS: ALL SAFE

Alaska Attorney General Will try to Secure Elimination of Objectionable Shipping Clause

VANCOUVER, Oct. 9.—"Alaska is going to make a great fight before the commerce committee of Congress when that body next convenes to have Prince Rupert made its principal port by the deletion of the so-called Alaska Clause from the Jones coastwise shipping bill." This is the statement of John Rustgard of Juneau, attorney general of Alaska, who is in Vancouver on his way to Washington, where he will direct the fight on behalf of the great American northern territory.

"At present we are practically shut out of British Columbia ports by the Alaska clause, which was slipped into the Jones bill without anyone realizing quite what it meant," said Mr. Rustgard. "All the cabinet secretaries who accompanied the late President Harding north this summer agreed with us that the clause works a hardship and they, together with Senator Jones, who fathered the coastwise bill, have promised to help us in our aim. "If the Alaska clause is deleted from the bill, it will mean that Prince Rupert, our natural outlet, will become the great shipping port for the territory. "But the deletion of the clause will do more than that. It will help every port along the coast because, when its hampering restrictions are removed southeastern Alaska is bound to go ahead, thus helping every shipping point," he continued. "Seattle, of necessity, has hitherto been our port and I expect there will be considerable opposition from that quarter to any change in the coastwise laws. This opposition, to my mind, is short sighted, as the development of Alaska means an increase in trade to the benefit not only of Prince Rupert and Vancouver but of Seattle as well. "Prince Rupert already has been of inestimable benefit to the Alaska fisheries in spite of handicaps under which the fishermen have labored in getting their fish to that market," said Mr. Rustgard. "Since Prince Rupert became a great halibut shipping centre the price of that fish has more than doubled," he said. "When Prince Rupert, by reason of refrigerator car shortage, is unable to take the fishermen's catches, the price of halibut drops automatically."

YUKON ENJOYS WARM CLIMATE

Steamers Still Plying Waters But Will Tie up This Week Fearing Delay

GOOD SEASON IN NORTH

People Speculating as to Cause of Prolonged High Temperature in Klondyke

DAWSON, Oct. 9.—The longest summer season in the history of the Klondyke finds the last steamer out of Dawson leaving Wednesday for the outside. The Yukon River is still free of ice. The closing of navigation seems premature in view of the river conditions but the shipping companies are going ahead with their plans. Remembering the sudden freezeups in other years, the last of the scoundrels, who are spending their winters in milder climes, will leave Wednesday. A number sailed on the Dawson yesterday. Capt. George Black, member of Parliament for the Yukon, sailed on that boat. He was accompanied by Mrs. Black, who will spend the winter lecturing in the Yukon in the Pacific Coast cities of the United States.

The long mild autumn has swelled the gold yield of the Klondyke. Hydraulic works are still operating near Dawson and enjoying a good flow of water for their operations. Several dredges will be working for another month.

The past season has been one of the best tourist seasons ever known. About a thousand people visited Dawson during the summer.

With unusually well matured crops of hay and vegetables matured and stored against the long winter, Yukoners are speculating about the cause of the prolonged high temperature in this part of the world. Earthquakes and warm sea currents are much debated and the possibility of permanent modifications in the Klondyke winter are even suggested in some quarters.

POUR OIL ON STOVE; SIX CHILDREN DEAD

Ocean Falls Coroner Advised of Cause of Fatalities at Bella Bella Last Week

(Special to Daily News)
OCEAN FALLS, Oct. 9.—G. H. Hill, coroner, has been advised that the six Indian children, who lost their lives at Bella Bella last week, were burned to death when one of their number poured oil on the stove setting the house ablaze. The parents were away

Signor Mussolini, dictator of Italy, strikes a characteristic pose while on a recent visit to London.

WIRELESS REPORT

8 a.m. — Overcast, fresh southeast wind; barometer, 29.89; temperature, 44; sea moderate; 8 p.m. spoke steamer Queen 42 miles south of Ketchikan bound for Hidden Inlet; 6 a.m. spoke steamer Northwestern off Tolsty Point northbound; 8 a.m. spoke tug Lorne in Ogdan Channel bound for Swanson Bay.

DEAD TREE POINT.—Cloudy, calm; barometer, 29.82; temperature 47; sea smooth.

BULL HARBOR.—Overcast, calm; barometer, 29.96; temperature 58; light swell; 9 p.m. spoke steamer Prince John abeam Pine Island southbound.

Noon

SHOT IN CABIN AT HERIOT BAY

Body of Eighteen Year Old Boy Found by Father When he Returned

COURTENAY, Oct. 9.—Shot to death in the cabin in which he lived near Heriot Bay, the body of Warren Teeter, aged 18 was found by his father when the latter returned home last night after an absence of some hours. The police believe that the bullet wound could not possibly have been self inflicted.

POLYTECHNIC CLASSES ARE OPENING TONIGHT

Good Enrolment is Reported by John Pinder-Moss, Director

Northern Polytechnic classes open this evening for the fall session. Enrolment has been in progress for the past week and John Pinder-Moss, director, reports that a goodly number have signified their intention of taking up various courses. The High School and commercial courses promise to be particularly popular and several are taking up tin-smithing, building construction and steam engineering. All classes will be conducted in the King Edward High School with the exception of dressmaking, English for foreigners and boat designing for which accommodation has been provided in the office in the Wallace Block.

The Dease Creek Mine Corporation with a capital of half a million dollars and head office in Seattle has been incorporated to operate in British Columbia with Telegraph Creek as the location of its British Columbia offices.

MAKE INQUIRY INTO TARIFF

Canada Watching Closely Investigation Ordered by President Coolidge

OTTAWA, Oct. 9.—The action of President Coolidge ordering an inquiry into the proposal to increase the duty on wheat from Canada going into the United States is being closely watched here.

The attitude in official circles is that the United States is free to alter her own tariff to suit her own interests and that the Canadian government considers itself free to frame a tariff to conserve the interests of the Dominion.

STEAMER SUNLAND ASHORE AT SEATTLE

SEATTLE, Oct. 9.—The British steamer Sunland was ashore this morning at Meadow Point near here in a heavy fog. She is not leaking and it is expected she will float at high tide.

Motorship Kennecott is Ashore at North End of Queen Charlotte Islands

The Alaska Steamship Co.'s motorship Kennecott hit the rocks on Frederick Island northwest of the Queen Charlotte Islands early this morning. The vessel sent out an S.O.S. at 4 o'clock, and at 4:30 this morning reported herself high and dry. Digby Island radio station picked up both messages but has since heard nothing.

The United States coastguard cutter Unalga left Sitka at 2 o'clock this morning on receipt of the S.O.S. to the assistance of the distressed steamer. She will not reach the scene before this evening it is thought.

The Kennecott carried no passengers and it is believed that she piled up in very rough weather.

Seattle Despatches

SEATTLE, Oct. 9.—A message received by radio this morning at 5 o'clock from the motorship Kennecott said: "The tide is going out fast but the ship is not pounding so heavily. This will relieve any danger of the vessel breaking in two." The message also stated that two steamships, the Northwestern and Latouche, were expected to arrive for the assistance of the distressed vessel. The crew of sixteen are reported safe.

The first steamer to reach the Kennecott will be the Northwestern at 2 o'clock this afternoon according to a wireless message from the vicinity. The steamer Queen, which it was at first reported attempted to go to the aid of the Kennecott, has proceeded south instead, wireless messages stated today. The Queen cracked a cylinder when northbound and temporary repairs were made at Ketchikan yesterday before the vessel departed for the south. The Kennecott is carrying 6,000 tons of copper ore.

Treaty of Versailles was the Charter of Nationhood to Canada Said Lloyd George Last Night

MONTREAL, Oct. 9.—Expressing gratitude for Canada's part in the war, David Lloyd George, former premier of Great Britain, who is here on a short visit, swept ten thousand people off their feet with a message of optimism for the future of the British countries and approbation of the policy of the Dominions. "Canada nine years ago was tried in the scorching crucible of war and emerged pure gold," said the little Welshman. "Also let us not forget the certificate of nationhood which was signed by practically all the great nations of the earth. The Treaty of Versailles may have weaknesses but to Canada it must always be the charter of nationhood."

Lloyd George was introduced by General Sir Arthur Currie. He spoke for more than an hour and was slightly hoarse but in vigorous and inspiring words he reviewed the war days and war problems and evoked repeated applause with the oft repeated story of hope renewed in the anxious hours by the advent of the assistance of the dominions. He emphasized the moral support of the overseas nations as more important even than the physical. "I want to show you that Britain is grateful," he concluded.

Vancouver Longshoremens are out on Strike Demanding more Wages and a Bonus on Lumber

VANCOUVER, Oct. 9.—The longshoremens of Vancouver and the lower mainland of British Columbia, including the lumber loading men in the Fraser River district, struck last night to enforce their demands on employers. About 1500 men are affected and will attend a mass meeting tonight to discuss ways and means of carrying on the fight.

The men are demanding 90c an hour straight time and \$1.45 for overtime and they demand that certain commodities be paid for at special rates. They particularly demand 5c per hour bonus on lumber handling and they ask that all checkers shall be members of the union.

Employees refuse to pay more than the present rate of 80c for straight time and \$1.25 for overtime. They refuse to permit the union to control the checkers. They offer bonus wages for bulk grain trimming and handling of sulphur.

An increase in the lumber loading rates, employers say, would place Canadian ports at a disadvantage in trade.

Of the union members numbering between 1500 and 1500 men, it is understood that about 1300 voted to strike if their demands were not met.

RECORD PRICE FOR HALIBUT

Highest Bid for Two Years, 20.2c and 12c is Recorded at Halibut Exchange Today

The highest price paid for halibut in two years was recorded at the Fish Exchange this morning when the Canadian Fish & Cold Storage Co. paid 20.2c and 12c for the 8,000 pound catch of the American-schooner Crescent.

The big American schooner Allen was in with 15,000 pounds and received 20c and 11c from the Royal Fish Co. and the Atlin Fisheries. This will make a total of something over \$8,000 for the catch with a division of about \$300 between the fifteen men. The boat was out for three weeks but the catch was only about half her capacity, bad weather hindering fishing. As a result the individual proceeds are little more than average.

Four Canadian boats marketed the following catches to the Canadian Fish & Cold Storage Co. at 17c and 10c.

Eagle, 2,500 pounds; Ingrid H. 2,000 pounds; Joe Baker, 1,500 pounds and Lillian M. 5,000 pounds.

Arrivals for the day totalled 61,000.

EMPLOYMENT SITUATION REMAINS SATISFACTORY

Winter Activities Now Opening up Promise to Take Care of Most of Men Seeking Work

The employment situation in Prince Rupert district still remains good and activities now opening up promise to take care of the most of men seeking work this winter. At the present time there are practically no names on the list of those waiting for jobs at the Provincial Labor Bureau.

Orders for men have been coming in recently from the pole and tie camps along the line of the Canadian National Railways. Interior mills have also been requiring men and there has been quite a demand for railway laborers. Men have also been sent lately to the Terrace bridge construction. The railway has also been taking men for local work.

Demands from coast mills, logging camps and mines have not been very heavy lately.

NO USE HOLDING A WORLD CONFERENCE SAYS PRES. COOLIDGE

WASHINGTON, Oct. 9.—With present conditions of mind existing in Europe President Coolidge says little or nothing would be gained from an endeavor to hold a world economic conference.

STABBING AFFRAY UP NAAS RIVER

Two Indians to be Brought to City to Face Charges of Unlawfully Wounding

Abel Derrick and Reginald Skadeen, Aiyansh Indians, have been ordered by Indian Agent W. E. Gollison to come to this city to face trial on charges of unlawfully wounding. It is expected they will arrive today or tomorrow in custody of Dominion Constable Newham.

The trial will follow a reported stabbing affray on the Upper Naas last week. Skadeen is understood to have been rather seriously injured and he may require hospital treatment on arrival here.

DAILY EDITION

Tuesday, October 9, 1923.

Now Is Time For Winter Gardens.

This is the time to plant the winter window garden. No flowers are so beautiful, and so fragrant as those grown from bulbs during the winter or early spring and they do well in Prince Rupert as many can testify. The mild climate here makes the growing of winter flowers easy compared with places where cold is more intense.

This is the season to plant hyacinths, narcissus, lilies, tulips, daffodils, jonquils, crocuses, and next month the lilies of the valley should be started.

Soil for bulb growing should be rich, preferably made up of one third garden loam, one third leaf mould and one third decayed stable manure and a little sand. However these ingredients are not absolutely necessary, but spent soil from old window boxes should be avoided.

After potting, bulbs should be set in a darkened place to allow the roots to grow, with the possible exception of freesias, oxalis, callas and lilies. If they are forced too quickly the flowers will not be as large. If the bulbs are allowed to dry out, the leaves will grow but not the flowers.

Many people grow hyacinths in glass containers without any earth, and with good results. One warning is necessary and that is, it is useless to attempt to grow flowers, unless you are fond of them and unless you are willing to give them a little regular attention.

Greatest Little Man In The World Today.

Lloyd George is by many people looked upon as the greatest little man in the world today. Naturally, being still in politics, he has many enemies but most of his political enemies are willing to overlook his shortcomings in recognition of his greatness. It remained only for a few female fanatics in New York to show their hostility to one of the world's greatest men. In spite of the silly antics of those few, the great mass of the American people realize his worth as was shown by the fact that he was given the greatest reception in New York accorded to any man with the exception of General Pershing on his return from the war.

Lloyd George is a man who appeals to the Canadian or the American. He is a simple person, without titles and without the handicap of a cumbersome lineage. Like Gladstone he is a real commoner and is not even a member of the established church.

The great thing about Lloyd George is that in addition to being a man of outstanding mental ability he lives a clean life, refuses to be fuddled by alcohol and all his influence is used to promote better living among the people of Britain and the rest of the world. All we regret is that he is not able to see British Columbia on this trip and to travel over the C.N.R. by way of Prince Rupert.

Mountain Climbing As An Asset.

Mountain climbing should be an asset to Prince Rupert. Not only should it become a popular pastime for local residents but it should also be used as an attraction to tourists and others who might be induced to remain in the neighborhood for some time if it could be made known to them what wonderful scenery is going to waste at the top of such places as Mount Morse.

Some time ago W. E. Williams started an agitation to have a trail cut from the city to the top of Mount Oldfield. It was an excellent project and one that would have made climbing the mountain popular. Unfortunately Mr. Williams has been out of town a good deal this summer and the matter was not pushed.

While the view from Mount Oldfield is very fine it does not compare in extent or grandeur with that from the Mountain across the harbor, and the climbing conditions are better up Mount Morse than they are on Kaien Island.

FIFTH AVENUE GRADING PLANS

Further Discussed by Council Last Night and Laid Over Pending Receipt of Estimates

SURFACING AND SIDE WALK WIDTH DECIDED

Further progress was made by the city council last night in connection with the local improvement bylaws providing for the grading and surfacing and building of a sidewalk on Fifth Avenue East and Hays Cove, Circle from McBride Street to Hays Creek Bridge to replace the present plank roadway. A plan for surfacing by using local rock for a base, Smith Island rock for the top, bound with outside and local sand was adopted and it was decided to build the sidewalk to a width of five feet four inches. The question as to whether contour grade or a cut of three feet on the hill with a corresponding fill will be followed will be left over until further figures are received. Payment by five or ten year bonds was discussed but no decision was reached. In the meantime the bylaws are being sent south for the approval of Robert Baird, inspector of municipalities.

In connection with the sidewalk, which it was first proposed to make on the north side of the grading, City Solicitor Jones drew attention to the portion of the act which stated that the property on the side of the street in which the sidewalk was to be built would have to bear the cost. Ald. Munro expressed doubt as to whether or not this would apply to a street of this nature which was not being permanently graded to its full width. City Solicitor Jones was firm in his opinion that it would. Further information is to be sought pending a final decision as to which side of the street the walk is to be built on.

Favors Project

Speaking on the project as a whole, Ald. Collart sought to correct the impression that the council was opposed to it. Resources were, however, limited and care should be taken that too much of the city's credit was not used up on any particular piece of work at the expense of other work that would have to be taken care of.

Period of Payment

Mayor Newton suggested the adoption of the five year plan of payment instead of ten as a means of sustaining the city's credit.

Ald. Collart opposed a hard and fast rule in this regard. Future councils could not be bound and anyway the value of the property must be considered. Some properties might not be able to stand the annual cost made necessary by five year payments.

Ald. Stephens concurred in this view but felt that definite figures of cost should be presented before any plan of payment was finally adopted.

Ald. Munro felt the property on Fifth Avenue could stand the five year plan.

Matter of Surfacing

The plan for surfacing was then discussed. Ald. Munro favored the use of local rock as a base and Smith Island rock for the surface. The city engineer estimated the former would cost \$3.75 a yard and the latter \$5, but he (Ald. Munro) thought the latter could be obtained at a lower figure, perhaps not exceeding \$4 very much. Ald. Col-

Instrument Illustrated Victrola No. 260 \$200.00

"Theatre of the Home" "His Master's Voice" Victrola

To audiences in homes throughout the land, "His Master's Voice" Victrola brings all the entertainment of the world's greatest, most famous artists. Think of it in terms of a great animate theatre—a conservatory of music, through whose welcoming doors your fancy may pass at will.

Based on the same principles which give the human voice or the very finest violin their powers of reproduction—it IS the human voice, it IS the voice of the violin.

Only the living presence of the artist is missing but even this is overcome, for its performance pictures their personalities in a subtle lifelike

something—peculiar alone to this marvelous instrument. Combined with "His Master's Voice" Victor Records—it is the singer and his song. It were just as unthinkable that any instrument could take its place as that someone ELSE could be a Caruso, someone else could substitute for a Galli-Curci, a McCormack or an Elman.

No voice can take the place of "His Master's Voice". Pay it the homage it deserves. Prevent substitution by demanding that the instrument you buy bears our famous trade mark "His Master's Voice" (under the lid). Years of pleasure will repay you for this caution.

Genuine "His Master's Voice" Victrolas from \$37.50 to \$615.00

Red Seal Records now double-sided. Two selections for practically the price of one. New catalogue listing all double-sided Red Seal Records now ready. It's free.

HIS MASTER'S VOICE, LIMITED

"His Master's Voice" Victrola

fact suggested that better results and more economy could be obtained by discarding the present rock crusher in the city and buying a new one. The latter would soon pay for itself in the saving effected over using the present one which was very unsatisfactory. Ald. Munro felt that a new crusher could not be obtained in time to be used in time for this work.

Further discussion followed leading up to the grade that should be adopted, namely contour or three foot cut on the hill. Ald. Stephens felt the council, in deciding on the width of the sidewalk and the nature of the surfacing, had gone as far as it could at this time. The city engineer should now make his estimate giving the council ample time to consider it. It was finally decided that decision on the grade be laid over pending the receipt of the estimates.

FOSSILIZED EGGS ARE 10,000 YEARS OLD

Were Laid by Giant Reptiles And Are Five Inches Long

SHANGHAI, Oct. 9.—Paleontologists under Dr. Henry Fairfield Osborn and Roy Chapman Andrews, returning from the Mongolian plains, report the discovery of twenty-five fossilized eggs of dinosaurs estimated to be 10,000 years old.

This is the first information to scientists that the giant reptiles of prehistoric ages laid eggs. They are elliptical, five inches long. They have acquired, during their long entombment, a buff-colored coating. The position of the eggs indicated that dinosaurs made their nests just as do domestic fowls of today.

The expedition, fostered by the American Museum of Natural History, also led to the discovery of seventy-two skulls and twelve skeletons of dinosaurs, and remains of numerous other mammals. A curious skeleton, like that of a rhinoceros, is believed to be that of an animal of earliest Asia and America.

Applications from the Consumers' Coal Co. to purchase tax sale lot 3, block 23, section 7 for \$55 and from Mrs. M. R. McLeod to purchase lot 34, block 9, section 5 for \$148.86, upset prices in each case, were received by the city council last night and referred to the Finance Committee for report.

J. W. Allen, supervising engineer for the Department of Marine and Fisheries, who has been in the city for the past week inspecting the construction of the two cruisers being built at the local dry dock for the department, is returning to Vancouver on the Gardena this afternoon.

Accounts up to October 6 totaling \$8,503.21 were passed for payment by the city council last night.

Dr. H. G. Winch, medical superintendent of the Hazelton Hospital, reached the city from the interior by last night's train and is registered at the Hotel Prince Rupert.

G. A. McNicholl, C.N.R. general passenger agent, Vancouver, is leaving this week for Montreal where he will attend a meeting of general passenger agents and traffic managers.

At the request of a number of citizens a public meeting will be held in the Council Chamber at 8 p.m. Thursday for the purpose of forming a Property Owners Association. — S. M. Newton, Mayor. 239

Motorship F. C. Barnes, Capt. Johnson, arrived from Ketchikan at 9 o'clock this morning with 1250 cases of canned salmon for transshipment to the Eastern States over the Canadian National Railways.

A new list of voters has been compiled on the basis of which the new distribution of British Columbia legislative seats is to be based. Prince Rupert electoral district, according to it, has 4158 voters registered.

A Ford car driven by James Hunter and a truck driven by Jas. Sheldon collided on the bad turn on Graham Avenue in Westview this morning. The former vehicle was disabled. The accident was reported to the police.

BULBS.—Just arrived in first class condition all kinds of Hyacinths for indoor and bedding out. Narcissus, Tulips, Snowdrops, Chinese Lillies and Crocus, also bulb glasses and bowls. Glenmie's near Post office. 17

The first meeting of the season of the Ladies' Musical Club will be held on Wednesday, Oct. 10 at 3:30 p.m. at the home of Mrs. W. E. Williams, Borden Street. Business: reports of committees and election of officers. All members are requested to attend.

An application from J. D. Allen for permission to rent his house in Westview built under the Soldiers' Housing Scheme was received by the city council last night and referred to the Housing Committee for action. Mr. Allen offers to turn all rentals over to the city. He plans on moving closer in to the city.

S. C. Hayden, district engineer for the Department of Naval Service, Vancouver, has arrived at Port Simpson for the purpose of taking tidal observations. He is expected in Prince Rupert later this week. Mr. Hayden is in charge of the compiling of the Pacific Coast government tide tables under the supervision of Dr. Bell Dawson of Ottawa.

Dorothy Gosnell, charged with being an inmate of a disorderly house appeared before Magistrate McClymont in the police court this morning and was remanded until Saturday pending the hearing of a charge against H. Mochida of being the keeper of a disorderly house. City Solicitor Jones prosecuted and accused was represented by W. O. Fulton.

There is a movement afoot in the city to form a Badminton Club to provide exercise and amusement for members during the winter. Those who have played it say Badminton is a fascinating game and provides plenty of action. They say it is just what is needed here, especially for those who in the past have not been particularly active in playing basketball or other winter games.

Don't starve the "Kiddies"

Stuffing them with indigestible foods may please their appetites, but it does not build perfect, robust bodies. There is more real muscle-building material in Shredded Wheat Biscuit than in potatoes, eggs or mushy porridges—and the crispness of the shreds of baked wheat encourages thorough chewing, which means good digestion and sound teeth. Shredded Wheat Biscuit contains just enough bran to prevent that disease-breeding bane of all childhood—constipation. It is an all-day food, delicious for breakfast, for lunch, for dinner.

TRISCUIT is the Shredded Wheat cracker—a real whole wheat toast—eaten with butter, soft cheese or marmalades.

The Canadian Shredded Wheat Company, Ltd. Niagara Falls, Ontario

Shredded Wheat

A recommendation from the Finance Committee that a protest be made to the C.N.R. land commissioner against the granting of railway lands for the purpose of building garages or similar structures was adopted by the city council last night.

C.G.M.M. steamer Canadian Volunteer, Capt. Edgecombe, touched a rock in a fog while bound from California to Ocean Falls on Thursday, but the vessel was not injured. William Schellin, diver from the local dry dock, was sent down to Ocean Falls, where the vessel is now loading, to make an examination for the underwriters.

Mrs. Green, of Vancouver, who has been visiting with her daughter, Mrs. Hubert Ward, Atlin Avenue, is returning south on the Gardena this afternoon. She will be accompanied by her daughter, Mrs. A. B. Slee, who will visit for a while in Vancouver before returning to her home in the Malay States. Mr. Slee will be going south in about a week's time.

BRINGING UP FATHER

LONDON TIMES SCEPTICAL OF IMMIGRATION

Should Try to Get Britishers Before Going to Other Countries It Suggests

The statement of Mr. Robb, the new minister for immigration in the Canadian government, that his government proposes to co-operate with the British government under the provisions of the Empire Settlement Act will go some way towards dispelling the doubts which have been reluctantly expressed in this country concerning the attitude of the Dominion, says the London Times.

Admirable as the enterprise of the provincial governments may be, the scheme cannot make headway unless it follows the broad path of Dominion co-operation, and Mr. Robb's announcement at Ottawa justifies the hope that the coming year will tell a more heartening story.

LOS ANGELES, Oct. 9. — The application of W. F. Hewitt, for thirty acres of public domain near Up-land for use as a butterfly farm has been denied by the Department of Agriculture, according to word received here.

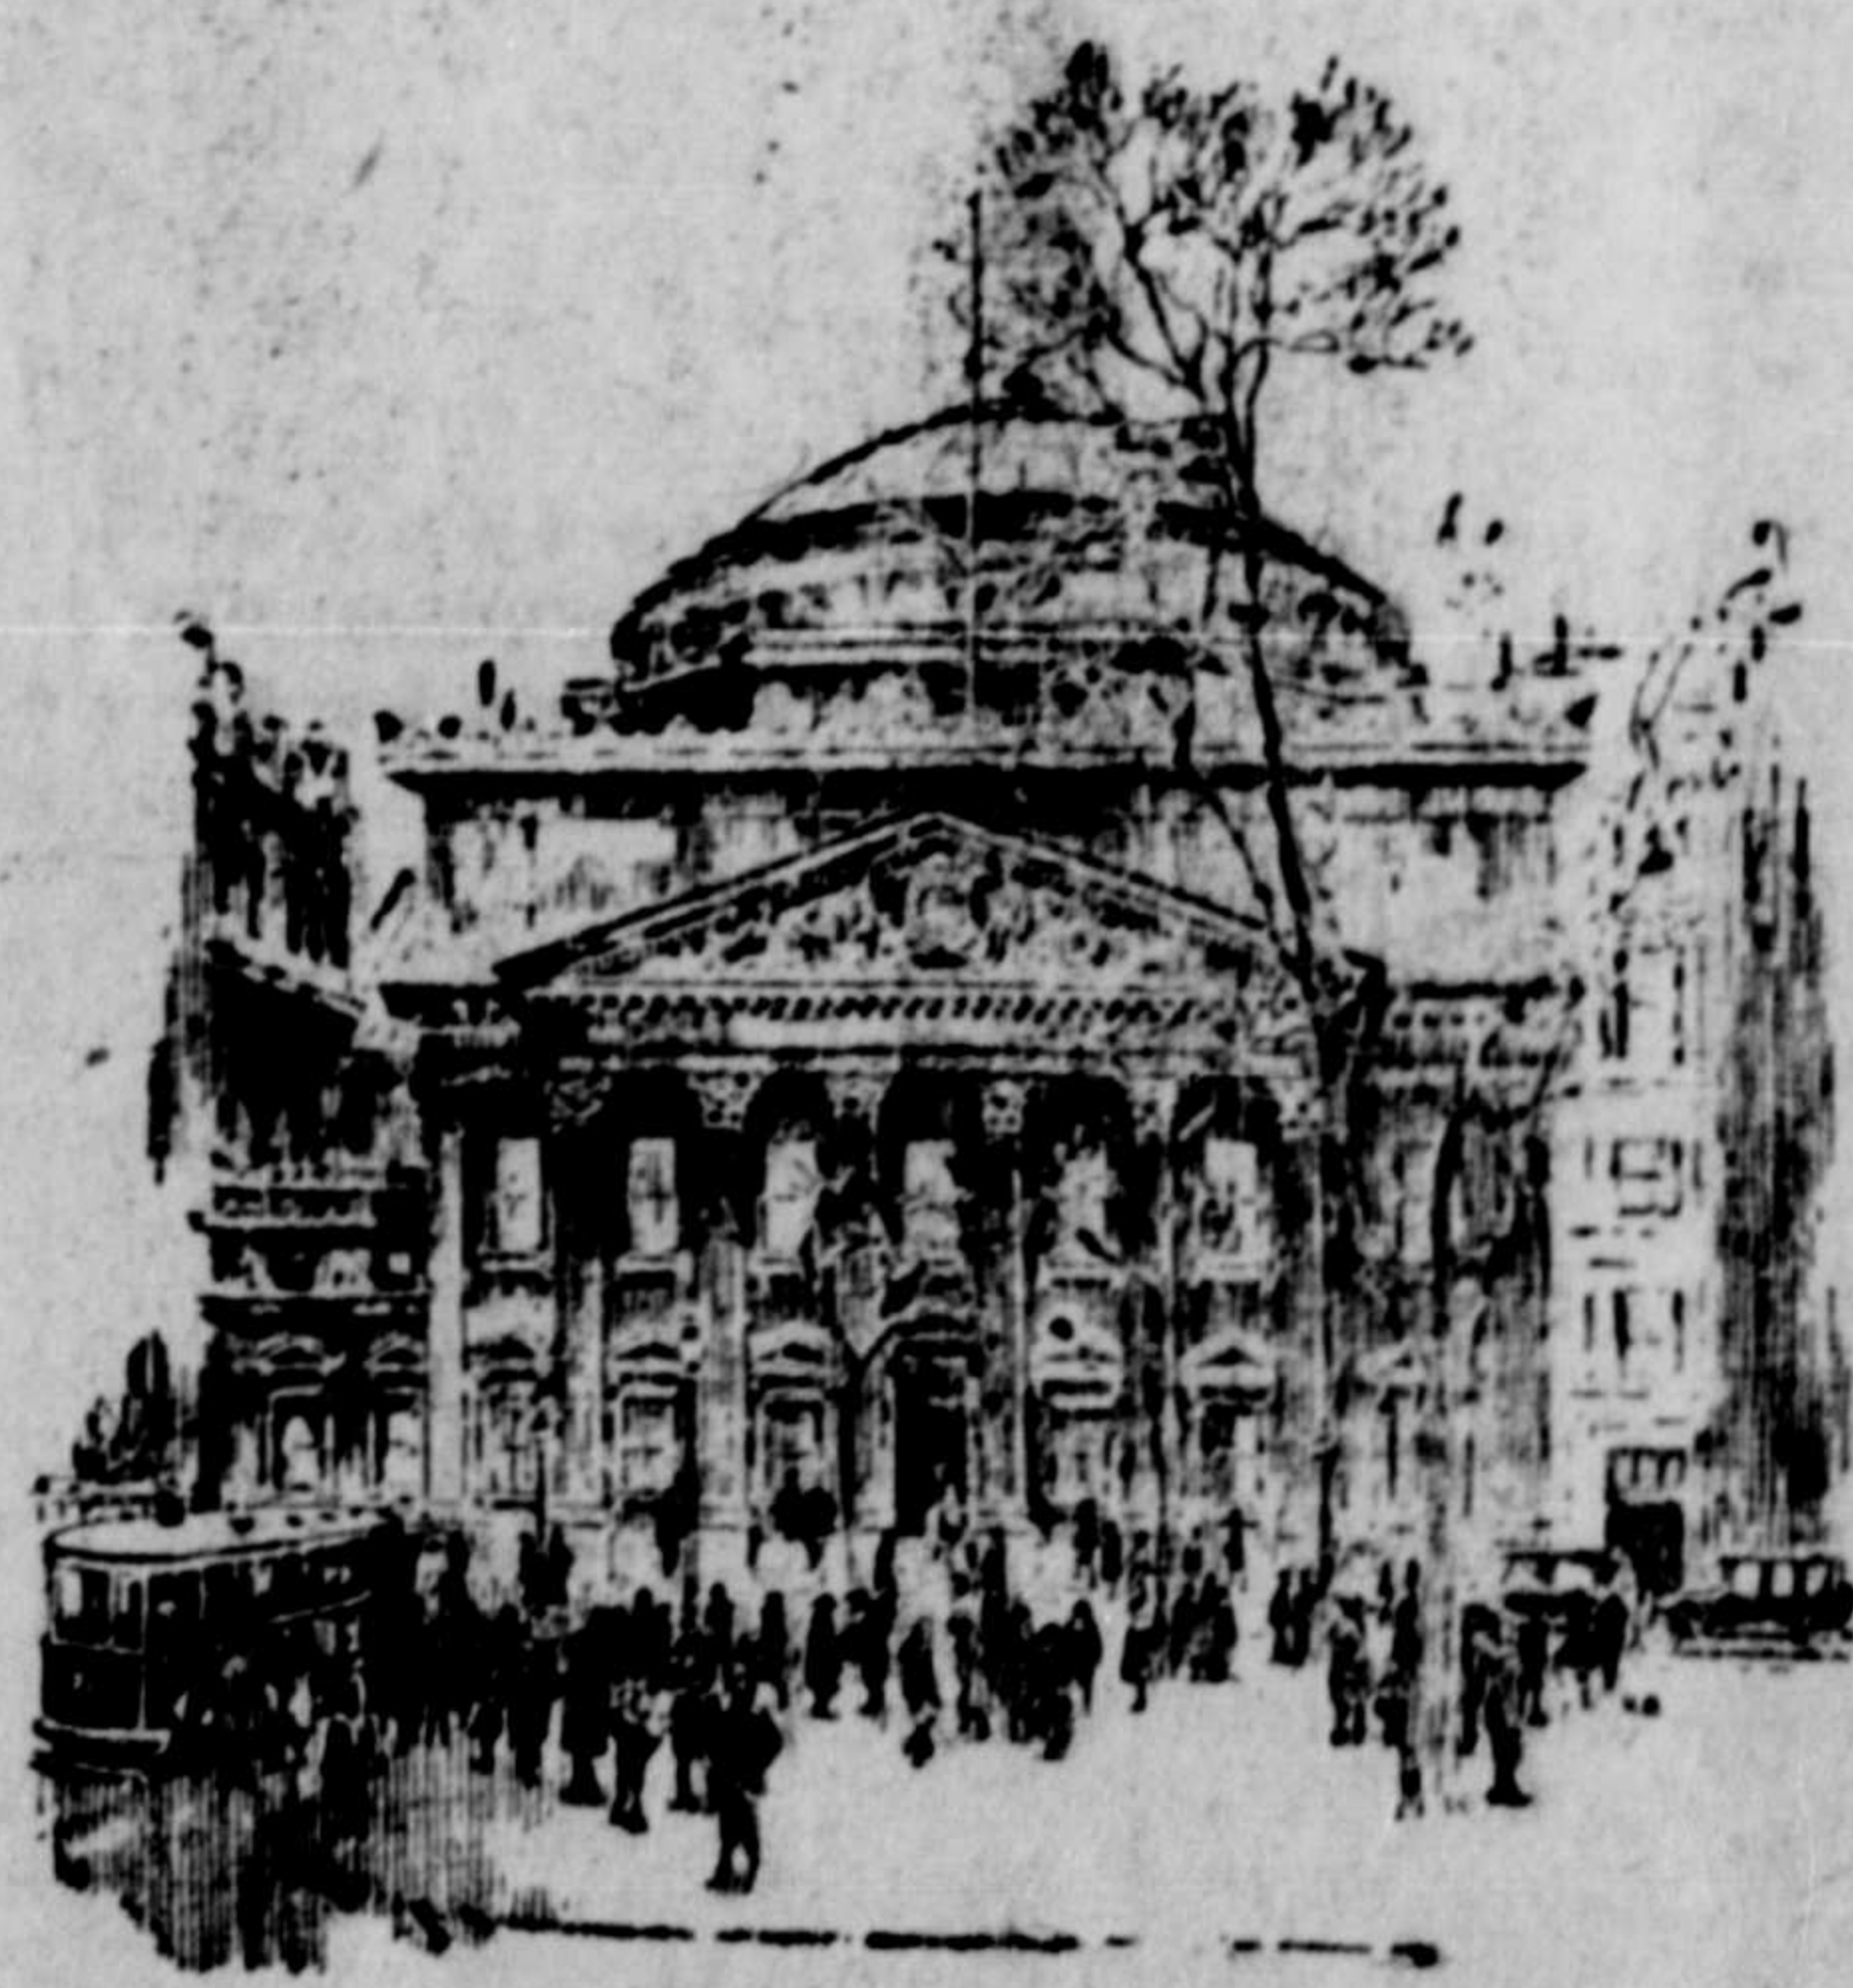

Plans for the basketball season will be discussed this evening when all interested will meet at the City Hall for the purpose of organization. Fans and players are looking forward to a good season at the indoor sport and no time is being lost in getting the teams lined up.

deal with the Calgary team whereby Eddie goes there as playing manager and Jimmy Gibson and Speck will become Cougars. With the departure of Galtman, Victoria loses a veteran of the brightest and cleanest kind and one who gave his best all the time. He was transferred at his own request.

George Looker, a hand logger, was awarded the prize of a combination rifle and pistol offered by Thatcher & Collins, Ketchikan hardware and sporting goods firm, for the largest deer killed during the month of September. Dressed the deer weighed 136 1/2 pounds. Mr. Thatcher said that the stormy weather and high winds prevailing during September undoubtedly kept many from securing trophies. He had known deer in Southeastern Alaska to weigh as much as 175 pounds but not many such had been killed. A similar prize is being offered this month by the company.

TENDERS ASKED FOR THREE ROOMED SCHOOL ERECTED BURNS LAKE

New Building Made Necessary by Rapidly Increasing Population of Lakes Centre

Tenders are being called for the construction of a new school at Burns Lake. It is to be a three roomed building, this being made necessary by the rapidly growing population of this important centre. Tenders have to be in by October 25 and it is understood that work on it will be commenced as soon as possible.

Ten Years Ago in Prince Rupert

October 9, 1913.
The police commission is to receive a list showing the names of all owners and agents of property in the restricted district. This action was decided upon at a meeting of the commission yesterday when Ald. Matland took objection to fines being imposed on the women residing there.

A. Richardson of Lawn Hill won the Bullock-Webster cup for the best district collection of vegetables at the recent exhibition.

C.P. Edwards, superintendent of wireless stations; E. M. Haughton, Pacific coast superintendent, Victoria, and Mr. Stephenson, wireless engineer for the coast service, visited the Digby Island station yesterday. They are on a trip to all stations on the coast, the steamer William Jolliffe making a special trip with them.

FRASER RIVER ROUTE FOR HIGHWAY FAVORED

City Council Expresses Preference For Trans-provincial Road Benefitting North
The city council last night adopted a report from the finance committee recommending the Fraser River route for the proposed trans-provincial highway as the one that would be of the most benefit to Prince Rupert and Central British Columbia.

Take Notice that I, Thomas A. Kelley, of Vancouver, B.C., occupation Logging operator, intend to apply for permission to lease the following described fore-shore:
Commencing at the southwest corner of T.L. 8472; thence south 2 chains; thence 5.69 1/2 E. 41.34 chains; thence north 2 chains; thence northerly and westerly, and following the shore of Comshaw's Inlet to the point of commencement; and containing 18.38 acres, more or less.
THOMAS A. KELLEY, Name of Applicant.
Dated September 25th, 1923.

BURNS LAKE AND LAKES DISTRICT

Knute Nysven, Pete Olson and A. Anderson, of Francois Lake have undertaken a tie contract at Rose Lake.

B. A. Smith's turkey shoot at Burns Lake drew a considerable crowd on Saturday. Olaf Hultkrantz, of Decker Lake, captured four of the birds and with one shot Billy Leverett won a turkey. Many of the local citizens are assured of a real Thanksgiving turkey, and the song of the gobbler is to be heard from many of the back lots in town.

A most enjoyable dance attended by a large crowd was given at Southbank, Francois Lake, to honor Dr. Maysil M. Williams, upon the occasion of her farewell to this district. For the past year Dr. Williams has been the medical practitioner at the Francois Lake Hospital and she has made a large circle of friends in the district who regret she is leaving.

Dr. M. F. Lucas arrived here last week and is settling at Southbank, Francois Lake.

Mrs. Louheed, of Danskin, had the misfortune to break her arm last week and is receiving medical treatment at the Francois Lake Hospital.

Alex. A. Connon left Burns Lake for Hazelton on Saturday morning. Mrs. Connon is at present visiting her mother, Mrs. Henkel, at Francois Lake, but will follow her husband in about two weeks to their new home in Hazelton.

Fred Hagen and H. J. Maedon, are outfitting in Burns Lake preparatory to leaving for Silver Island, Babine Lake, where they will continue work on their mineral claims.

Fred Fraser, government land agent at Fort Fraser, was a visitor in the district on Friday and Saturday.

W. E. Van Meter of Terrace was a Burns Lake visitor on Friday.

L. Acrea, of the Baker & Acrea silver fox farm at Ootsa Lake, is transacting business in Burns Lake.

H. C. Fraser, school inspector, is passing through the Lake District on an official visit.

Mr. and Mrs. Clyde Driskell and Lillian Hatcher left here with 23 head of horses and settlers effects on Friday for Oregon where they will spend the winter. In the spring they intend to go on to Idaho. The trip is being made by road to the boundary line and Mr. Driskell expects to patronize the railway for the balance of the journey.

H. C. Shinn of Uneha Valley is spending the week end at Burns Lake.

The Decker Lake Community Hall committee gave a free dance to a large number of dancing fans on Saturday night at which the usual good time was spent.

J. P. Wheeler, of the Soldiers' Settlement Board, Telkwa, was a business visitor on Sunday and Monday.

Dr. Lang was called to the Babine to attend to Mrs. J. Wiggins who was taken ill on Friday. He had her removed to the Francois Lake hospital where she is receiving medical attention.

There was born to Mr. and Mrs. A. A. Nicholl, of Tehesinkut Lake on Friday, a son.

PRINCE GEORGE

Miss Judith Laura Wilson and Leslie de Lios Guile were married in St. Michael's Church last Wednesday morning, Rev. S. Polinger officiating. They will reside in the city after spending their honeymoon at West Lake.

R. D. Featherstonhaugh of Vancouver passed through the city last week on his way out from Peace River district where he made an examination of the Mount Selwyn property under development by a company in St. Thomas, Ont. Mr. Featherstonhaugh also did some prospecting and found a quantity of platinum

NEW HAZELTON

Ald. Taylor, while driving to church last Sunday evening, met a bull, cow and calf moose on the road. Before he was able to get a rifle, the animals made off into the bush.

NEW HAZELTON

Gus Martenson has returned from the United States after an absence of four years.

Miss Evelyn May Chadwick and Robert Alexander Henderson, both of New Westminster, were married last Wednesday evening by Rev. Victor Sansum. The bride is a sister of Mrs. Sansum. Mr. and Mrs. Henderson left for New Westminster where they will reside.

M. F. Burke of Hazelton and Matilda Bright of Meanskinisht were married at Meanskinisht last Monday by Rev. J. H. Young. They will reside in Hazelton.

Mrs. C. W. Homer of Prince Rupert is visiting with her sister Mrs. J. C. K. Sealy.

Mrs. W. W. Anderson and daughter, Lois, have left for Nanaimo where they will spend several months.

Premier Oliver visited the Hazelton school last Monday and addressed the children briefly on the subject, "The Building of Character."

W. A. Wattie and family left last week for Vancouver where they will take up their residence.

The new bridge over the Kispix River at Kispix is about finished and will probably be opened for traffic this week.

LOUD HATS

CHICAGO, Oct. 9.—Men's hats in colors "so loud that they will make your head ache" are decreed for fall, according to the National Association of Retail Clothiers in convention here. Silk hose for men in gay and gaudy tints are also prescribed.

PROHIBITION FIGHT IN U.S.

Efforts to Tighten Present Laws Will be Stoutly Resisted
Drys Still Majority

WASHINGTON, Oct. 9. — (By Canadian Press). — Predictions are freely made here by members of Congress that the coming session will see one of the bitterest struggles in years over many phases of prohibition. Indications are the wet and dry question will cause war almost from the instant Congress meets.

The program of the drys for the next session has been announced. It will include efforts to strengthen the Volstead law in a number of directions; to increase the three-mile limit to twelve miles; to put the prohibition unit or bureau under civil service; to provide increased appropriations for enforcement; to make U.S. ships dry wherever they may be; and to concentrate further all distilled spirits in bond. Some of the drys, too, want to press to passage a bill to authorize use of the army and navy to enforce the prohibition laws.

In opposition to this, the wets

THE BANKRUPTCY ACT.

In the Estate of Kleanza Company, Limited, authorized assignor.

NOTICE is hereby given that Kleanza Company, Limited, of U.S.A., did on the 26th day of September, 1923, make an authorized assignment to the undersigned.

NOTICE is further given that the First Meeting of creditors in the above estate will be held in the office of Messrs. Horie & Small, Chartered Accountants, Federal Building, Prince Rupert, B.C., on the 15th day of October, 1923, at 2.30 p.m.

To entitle you to vote thereat proof of your claim must be lodged with me before the meeting is held.

Proxies to be used at the meeting must be lodged with me prior thereto.

AND FURTHER TAKE NOTICE that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me within thirty days from the date of this notice, for from and after the expiration of the time fixed by subsection 8 of section 37 of the said Act, I shall distribute the proceeds of the debtor's estate among the parties entitled thereto, having regard only to the claims of which I have then notice.

Dated at Prince Rupert, B.C., this 28th day of September, 1923.

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance:

"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-tives" and this fruit medicine completely relieved me of all my misery."

Mrs. M. J. GORSE, Vancouver, B.C.
50c. a box, 6 for \$2.50, trial size 20c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

will seek to liberalize the Volstead Act. Especially, Representative Dyer of Missouri will press a bill to permit making of 2.75 per cent beer.

The wets cannot force any legislation through, for both houses will vote dry on any record vote. The drys will doubtless obtain more money for enforcement. But as to other dry measures, there will be such prolonged and intense opposition that they may fail. The truth is that while the drys are in a majority in both houses, some of the dry members believe and say that the Anti-Saloon League and the more zealous drys in Congress and out of it are going to extremes and are hurrying the prohibition cause in the country. They say a reaction is being brought about which is helping the wets and they would prefer to let the law as it now is alone.

A phase of the matter which will command much notice will be the organization of certain committees in House and Senate, such as the judiciary committees. Drys and wets will wrangle over putting dry men or wet men on these committees. Also, there is trouble between wets and drys over the fact that Speaker Gillett is a wet and is seeking re-election and the further fact that Representative Longworth of Ohio—son-in-law of Roosevelt—who wants to be House republican leader is a wet.

METHODS OF KILLING LOCAL ASSOCIATIONS

- 1—Don't come to the meetings.
- 2—But if you do, be late.
- 3—If it is a dinner or luncheon meeting, come very late. You will then disturb and delay everybody.
- 4—If the weather doesn't just suit you, don't think of coming.
- 5—If you receive a notice of the meeting, forget the date at once—don't try to remember it.
- 6—If the secretary sends you a return card for your lunch or dinner reservation, or a form to fill out, throw it in the waste paper basket—he just sent it for fun.
- 7—If you do attend a meeting, find fault with the officers and other members.
- 8—Say it is not your meeting anyhow, it belongs to the officers.
- 9—Never accept an office, it is easier to criticize than to do things; claim you are too busy to give it any time.
- 10—Nevertheless, get sore if you are not appointed on a committee; but if you are appointed, do not attend committee meetings.

HARD LABOR FOR RECKLESS DRIVERS

CHICAGO, Oct. 9.—Prison sentences at hard labor to solve Chicago's reckless speeding problem are advocated by Mayor William E. Dever, who has rejected the idea of having a special session of the legislature called to pass a bill requiring mental, physical and mechanical tests for motorists.

Automobile killers are not mentally, physically or mechanically deficient, the mayor said. They are deliberately thwarting the laws of speed and sanity and should be dealt with as criminals, he declared.

When you buy advertising you buy CIRCULATION, and see that you get it.

NAKED WOMAN FELL GRABBED BATH TOWEL

VANCOUVER, B.C., Oct. 9.—Commander Brackley, an eyewitness of the Japanese earthquake, during his brief stay in the city gave the Province a little story lightened by that rarest of happenings in the face of terror, a bit of humor. "I do not know if I could have stood the terrific strain," he said, "if I had not had one good laugh."

"When the Grand Hotel—a six storey affair, collapsed, a woman who at the time of the shock was enjoying the luxury of a bath on the sixth floor, dropped the whole distance, bumping and ricocheting against furniture and fragments of masonry, and found herself sitting on the ground in the faithful tub, unscathed, though, needless to say, also unclothed. Luckily by some queer kink in reasoning which seizes people at such moments, she had grabbed a bath towel when the downward journey started."
