#### GRAIN GROWING IN CENTRAL B.C.

P. W. Ankateil-Jones, an experienced farmer and agricultural expert employed in the government service and whose natural bias, if he had one, would be in favor of the south where his own farm is located, speaks most highly of the farming section of interior British Columbia. He says he saw wheat and oats growing there equal to any that can be produced in any part of the country.

While the small grain production of those valleys is at present absorbed by the local market, any extension of grain growing will have to be accompanied by an extension of the market. Under present conditions this is difficult but with the erection of an elevator here, the farmers of the Bulkley and Nechaco will be placed in an advantageous position and the development of the valleys would be rapid.

There are probably a million or more acres of land between Prince Rupert and McBride suited to grain growing. With that in crop producing twenty million bushels of grain a year, one elevator would be kept busy all the time handling it and other elevators would be needed to handle the grain shipped this way from the prairies. To the Canadian National Railway this would be an immense thing.

Mr. Ankateil-Jones is not a man who has any reason to boost the north. He speaks only from observation and what he says is for that reason likely to be reliable.

### TIMBER SCALED MONTH AUGUST

Logs Totalled 13,897,729 Board Feet; Poles, 37,170 Linal Feet; Piles, 180,762

During the month of August 13,897,729 board feet of timber was scaled in Prince Rupert forestry district as compared with 12,783,516 feet last year in the same month according to the report of P. S. Bonney, district forester. Pole scaling for the month totalled 37,170 linal feet and piles 180,762 feet as against 28,550 feet last year. There was also a large increase in the number of railway ties counted, the total being 87,329 feet as against 51,647 feet in August last year.

Details of the scaling figures for August follow:

Logs	Feet.

### Effort to Destroy the Ku Klux Klan Made by Oklahoma Governor

OKLAHOMA CITY, Sept. 17.—In an effort to destroy the Ku Klux Klan, martial law for the entire state of Oklahoma was proclaimed on Saturday by Governor Walton. Calling the full force of approximately 6,000 troops to his command the governor climaxed his fight against the klan by declaring that any person who aids the organization in carrying out its purposes are enemies of the state and shall be dealt with by the military forces.

The governor declared that the power of "this criminal organization must be destroyed."

### PREMIER KING TO CONFERENCE

Will Leave at Week-end for London to Join Graham and Gouin

OTTAWA, Sept. 17.—The end of the week will see the departure of Premier King to attend the Imperial Conference which opens in London October 1. The premier has been preceded by Hon. George P. Graham and Sir Lomer Gouin who, in addition to representing Canada at the League of Nations at Geneva, will be Canada's representatives at the Imperial Conference in London.

Commander Rose, director of naval service and professor Skelton of Queen's University will accompany the premier to act in an advisory capacity.

### BEATTY COMING HERE TOMORROW

C.P.R. President and Other Officials Expected to Arrive on Princess Louise

On his way to Alaska to investigate tourist possibilities and expansion of business generally, E. W. Beatty, president of the Canadian Pacific Railway, will arrive here tomorrow morning by the steamer Princess Louise accompanied by a prominent party of directors and coast officials. The directors coming besides Mr. Beatty are Sir Herbert Holt of Montreal, president of the Royal Bank of Canada; Sir Augustus Nanton, Winnipeg financier; J. K. L. Ross, capitalist navy man of Montreal, and W. N. Tilley, K.C. of Toronto, Capt. J. W. Troup, manager of the C.P.R. coast Steamship Service, it is understood, will also accompany the party.

W. C. Orchard, local C.P.R. agent, has received a wire from Vancouver stating that Mr. Beatty and his party will be here for a few hours in the morning. Nothing of a formal nature in the way of entertainment is desired but the party will be open to receive representative citizens between the hours of 9 and 10. This desire will preclude the holding of a Canadian Club luncheon which had been proposed. Mayor Newton, E. C. Gibbons, president of the Board of Trade, L. W. Patmore, president of the Canadian Club, and others, will however take the opportunity of meeting the prominent visitors.

One of the objects of the trip, it is understood, is to look over the situation with a view to placing another new steamer on the Alaska route.

The Princess Louise is making a special trip with the party and will be carrying no passengers.

### CANADIAN CLUB ANNUAL SESSION

Two Hundred Delegates Meeting Today in Victoria and Two Hundred Visitors With Them

VICTORIA, Sept. 17.—The eleventh annual convention of the Associated Canadian Clubs of Canada opened here today under the chairmanship of B. G. Nicholas, president. There are nearly 200 official and accredited delegates in attendance from every large town in the Dominion. In addition there are 200 visitors from various parts of the North American continent.

The members were welcomed by Premier Oliver and Mayor Hayward.

The first vessel in the world especially designed for carrying aircraft is the Hermes of the British navy. The other carriers already in commission have been built for other uses and then converted.

### Kitsumkalum Valley Provides Great Mining Opportunities According to Federal Geologist

"There are very fine opportunities for mining of free gold on a small scale in the Kitsumkalum valley district and I look for early developments of an exciting nature there," states Dr. George Hanson, head of the federal geological survey party which has been spending a great deal of time in that district this season. After having been for two and a half months in the Kitsumkalum district, two weeks at Alice Arm and two weeks at Stewart, Dr. Hanson and H. C. Gunning and R. H. B. Jones, his assistants, arrived in the city from Stewart Saturday evening.

Dr. Hanson gave his opinion that prospectors in the Kitsumkalum district working on the small gold veins could with small investment bring very good returns. The proposition that offered there was the extracting of good gold values from the quartz. This could be done with small mill outfits and, in some places where transportation was immediately at hand, the ore could be shipped. If the mineral was found in quantity, there might even be the possibility of company operations on a large scale. Dr. Hanson referred more especially to Douglas, Lorne, Hall and Fiddler Creeks.

In making their tour of exploration through the Kitsumkalum valley, Dr. Hanson and his party went in by way of the Naas River and Aiyash coming down the Kitsumkalum River to Terrace. Later they went to Alice Arm and Stewart arriving here from the latter place. Tonight the party leaves by train for Hazelton where two weeks will be spent investigating arsenic deposits. This will conclude the program of the party for the season. Dr. Hanson will spend a while in Vancouver and Winnipeg and his headquarters for the winter will be at Ottawa. He expects to be back in this district next year probably working in the interior.

### BARNESLEY RELAYS A MESSAGE TO NEW YORK

Jack Barnesley has received a long wireless message from the MacMillan Arctic Expedition on the schooner Bowdoin near Greenland and relayed it by land line to the New York World. It tells of some of the doings of the party in the north.

### New Sawmill will be Erected this Autumn on Queen Charlottes

That the proposed sawmill at Ali Inlet is to be erected at once is the word brought by John McMillan of the T. A. Kelly Logging Co. who is in the city today. He states that construction will commence this fall and the work will be rushed through so that the mill may be ready for operation early in the spring.

During the early part of the month an engineer went over the ground and picked out a site for the mill and advised in regard to its construction. All that is necessary now is to get the machinery on the ground and erect the necessary buildings. The work will commence very soon. The capacity of the mill it is understood will be from 75,000 to 100,000 feet a day.

The company has also made arrangements to ship pulpwood in barges from Moresby Island to Powell River mill.

### TEN CANNERIES ARE STILL OPERATING IN NUMBER TWO DISTRICT

Total Pack For District About Quarter of Million Cases is Estimated

Fishing for coho and pink salmon in District No. 2 on the mainland will continue until the end of September and operations will probably continue on the Queen Charlotte Islands during the first two weeks in October. After that time salmon fishing in the district will be finished.

Ten canneries are still operating in this district putting up the fall varieties of salmon. They are: Somerville, on the Naas; Goose Bay at Rivers Inlet; La-zoon Bay and Lockeport on the Queen Charlotte Islands; Balmoral, Sunnyside and Inverness on the Skeena River; Butedale, Bella Bella and Namu in the central division.

The Dominion Fisheries office estimates the total pack for the district to date as follows:

Cases	Value
Sockeyes	267,154
Springs	3,744
Steelheads	721
Cohoos	32,147
Pinks	310,190
Chums	63,809

Latest reports at the local Dominion Fisheries office from the Skeena River salmon spawning areas are to the effect that they have been well seeded this year. To date the number of pinks noticed on the grounds exceeds the averages of past years.

### LABOR CONGRESS AFTER THE SENATE

Would Abolish Second Chamber or Failing That Would Reform It

VANCOUVER, Sept. 17.—A resolution passed at the week end by the Dominion Trades Congress recommended that the Senate be abolished.

President Moore believed that abolition would be a difficult matter, and that efforts at reform of the Senate would bring earlier results. He suggested an amendment to demand that the Senate be made an elective body.

Delegate Simpson, secretary of the executive committee, stated that it was felt that abolition was what was the real object aimed at. Reforms were all right, but ideals should be kept in view.

H. Tamaeki was fined \$50 in the police court this morning for intoxication.

### VESSELS LEAVE ARCTIC WATERS

Hudson Bay Steamer Lady Kindersley Was Delayed by Engine Trouble

NOME, Sept. 17.—Trading and other vessels in Arctic waters are returning for the winter. The motorship Arctic, owned by Libby's Company of San Francisco arrived after a summer's cruise in the Arctic Ocean.

Eleven members of the U. S. Geological survey operating in the vicinity of Point Barrow report the death last year of Martin Anderson at a trading post he had established.

The schooner Teddy Bear is due to arrive today and the Hudson Bay Company's steamer, Lady Kindersley, which was delayed by engine trouble will be here in a few days.

The U.S. Bureau of Education schooner Boxer with a large number of reindeer and a cargo of coal taken on at Wainwright is also expected shortly.

### PRINCE IS NOW ON HIS FARM

HIGH RIVER, Sept. 17.—The Prince of Wales reached his ranch, the E.P., in time for dinner Sunday evening and immediately entered on the simple life as country squire. He will spend the next week end at Banff.

City Manager Is Discussed.

A group of businessmen in the south lunched together recently and spent their time discussing the question of employing a city manager to have charge of the affairs of the city. As outlined the scheme was to have a council elected by the people to discuss, direct and control questions of public policy, legislation and finance. In addition to this it was suggested there should be an experienced, appointed manager or commissioner to carry out the decisions of the council, to supervise and control administrative detail of all departments and to advise the council on all technical questions and finance.

The system was spoken of as an ideal one and in the course of the discussion it was pointed out that it was impossible to have efficiency from an administration guided by a mayor and a number of aldermen of different schools of thought and business training, temperament and ability. The case of the Canadian National Railway was given as an instance where it was necessary that there should be an administrative head. There, a business man was chosen to have charge of a business institution and apply to it business methods.

The main objection was to giving the mayor and aldermen administrative duties to perform for which they were in most cases wholly unfitted. It was found to fail because it was an untried method and could not give results. If the mayor chosen happened to be a man who was trained in business methods he might do some good for a period but his tenure of office would probably be short. The member of the city council or the school board was a politician on a small scale. He always had his ear toward the constituency that elected him and did unwise things with a view to securing re-election. Even if he were not so influenced, he usually had no training for the work before him. No business could live with that kind of management and the wonder was that more cities did not go into bankruptcy.

Consolidated School System Is Spreading.

The Provincial Government has for some years been encouraging the extension of the system of consolidated schools to which the children from a distance are conveyed by motor car or some other mode of conveyance suited to the conditions. It is claimed for the system that better supervision and teaching conditions are obtained than would be possible in the small one-roomed schools that have been scattered all over the country.

This system is spreading also through some parts of the United States with good results.

Must Take Care Of City Streets.

Visitors who have been here in previous years are loud in praise of the appearance of the city since the streets have been resurfaced. In order to keep up this appearance and also to save money for the ratepayers, it is necessary that the streets shall be constantly watched and kept in condition. It is easier to mend a bad place when it is small than when it develops into a big hole.

The autumn season is close on us and with it we must expect more rain and also frosts. These will tend to disintegrate the street surface unless care is taken to prevent it. The lower part of Third Ave. was an experiment that seems to have failed, yet the property owners there were assessed for the work done on it. It will be for the city that did the experimenting to keep that road in condition. It is already going to pieces.

The increase in motor traffic is one of the things that has to be contended with in any street work. In a few years the amount of traffic will have increased immensely. Nothing can stop it. The only thing we can do is adapt ourselves to the changing conditions.

**NATIVES HAVE CHARGE OF ANGLICAN SERVICES**

Music and Preaching Are of High Order and Proved Interesting to Congregations

Most interesting services were held at the Church of England yesterday. The natives of the district who had been here for the Fair did all the singing and preaching. At the morning service Alfred Adams of Massett gave a good address, speaking of the coming of the gospel to Massett and what it had done for the natives there. He particularly asked that the white people would remember that while there were many good Indians that there were also many weak ones before whom they should not put temptation. This was a point people of Prince Rupert should take to heart. At this service a solo was finely sung by Benjamin Munro of Aiyansh.

In the evening the chief address was given by Paul Mercer of Aiyansh who spoke of the work on the Naas and deeply impressed the people present by the splendid spiritual tone of what he said. In addition to this a spirited five minute address was given by Caleb Mathers, a native of Alaska. A good solo was sung by Alfred Adams and at both services the Aiyansh choir had charge of the music and in the evening rendered a very excellent anthem. The organist of the Aiyansh choir is an expert, and his playing was greatly enjoyed. The whole day gave an exhibition of the native at his best and that best was of an exceedingly high standard.

**MEMORIAL SERVICE LATE MAGNUS BERG**

Good Turnout in Salvation Army Citadel Last Night and Collection to Japanese Relief

The Salvation Army service in the citadel last night took the form of a memorial for the late Magnus O. Berg, pioneer worker of the Army in this city who met a tragic death last week. Capt. Coleman presided, Capt. Chaik of Anox took the lesson and Mrs. Coleman, Lieut. Renas and Bro. A. Martin spoke, referring fittingly to the memory of deceased. There was a vocal duet by Capt. and Mrs. Coleman, "Only Remembered by What We Have Done."

There was a good turnout and the collection went towards Japanese relief.

**CONTRACTS LET FOR FLOATS IN DISTRICT**

Ald. John Currie Gets Jobs on Digby Island and at Haysport

Ald. John Currie of this city has been awarded contracts by the federal government for the building of a float and approach on Digby Island near the quarantine wharf and for the building of a float at Haysport. The former is being put in for the convenience of the staff of the wireless station and the latter for general use by people crossing the Skeena River on their way to and from Port Essington. Ald. Currie is at present taking out logs at Silver Creek, Tucks Inlet, for the Digby Island job.

The federal department of works is also about to call for tenders for the construction of an extensive addition to the wharf at Bella Coola.

J. B. Lambert, district engineer, who has been in the city and district for the past few days, sailed last night by the Gardena for Alice Arm where he will look into the site of the new float that the department proposes putting in there.

**ALICE ARM**

The tug Cape Scott left here last week for Ocean Falls with a boom of 1,000,000 feet of logs from the Abbotsford Logging Co.'s camp.

Forty tons of high grade silver ore mined several years ago by the United Metals Co. on the Illice River was shipped south to smelter by the Union steamer Chilkoat last week.

One of the old compressors from the Dolly Varden mine was shipped by the Granby Co. last week to Maple Bay.

W. Longfellow is here from Vancouver visiting with Mr. and Mrs. T. W. Falconer.

C. Drennan, formerly of Francois Lake, has arrived here to take charge of the local public school.

Miss Helen Nueich and Miss Christina Nueich are attending school in Prince Rupert. The former is going to the High School and the latter to St. Joseph's convent.

Miss Pete Tremayne, who has been spending the summer vacation visiting with friends in Southern Alberta, returned home by the Princess Beatrice Saturday afternoon.

Miss E. R. Flower, R.N., who has been on the nursing staff of the local hospital for some months, is returning to her home in Vancouver by the steamer Prince Rupert this evening.

Joe Faddol, formerly proprietor of the Asia Trading Co. here and more recently located in Vancouver, arrived in the city from the south on the Gardena last evening and is registered at the Central Hotel.

Mrs. McCutcheon, R.N., who has resigned from the nursing staff of the Hazelton Hospital, will arrive in the city by tonight's train and sail by the steamer Prince Rupert for Vancouver enroute to Eastern Canada.

James Hunter of Spokane, member of the well-known firm of Hunter Bros. which operates a chain of departmental stores in the West Kootenay country, passed through the city Saturday evening enroute south from Burns Lake where he visited his son who is ranching in that district.

C.N.R. steamer Prince John, Capt. Harry Nedden, arrived from the southern Queen Charlotte Islands at 4:30 Sunday morning and returned to the Islands at 8. The vessel is due back here tonight to pick up her regular schedule after making the special trip to Massett with visitors to the Fair returning to their homes.

## Have you inquired about your Government Annuity?

On very easy terms you may secure a Canadian Government Annuity, payable at any age you choose. If you wish, it can be placed jointly on your own life and on that of another (your wife, for instance), to last as long as either lives. No medical examination is required.

The terms upon which an Annuity may be had are astonishingly favorable. The wonder of it is that hundreds of thousands of people have not taken advantage of this means of providing an income for their later years.

This advertisement is published to encourage everyone to send for full particulars of Canadian Government Annuities.

These particulars are contained in the booklet here illustrated. Send and get a copy of it free. Use this coupon and address as shown. No postage is necessary, as it is Dominion Government business.

# BRINGING UP FATHER

# The Man in the Moon SAYS:-

Every political party wishes to save the country or the province or the city as the case may be. Perhaps the most humorous idea is for W. J. Bowser to offer to save British Columbia.

JUST think what would happen if Mr. Bowser were to hold the destinies of the province in the hollow of his hand, says a contemporary.

WHEN a woman won't talk, she's sick, says Jake.

BEING an angel in the next world does not appeal very much to a man, but living with one—well, that is a different matter altogether.

A FEW years ago there were politicians who suggested that if women got the vote, all the ills in the world would be cured. They have the vote and the curing process goes on just about as usual.

PRINCE Rupert people sometimes send away for officials and when they get them they find that the officials send out of town for their goods, thus do we all encourage home industry.

SOME women may be foolish but they never go to functions in the summer dressed in a broadcloth suit heavy enough for the Arctic regions.

ONE of the subjects for debate at the next meeting of the local oratorical society should be "Resolved that Grass Widows are not green."

PRIZE fighting once was a sport but today it is a commercial enterprise.

THERE were two winners at the big fight last week. One of them was Firpo who pulled down one hundred and fifty thousand American men.

# MRS. LEE WINNER OF FRENCH MIRROR; MRS. LAIDLAW WATCH

Mrs. James Lee of this city as the winner of the French dressing mirror donated to the Trades & Labor Council by T. Ross Mackay for the Labor Day celebration in connection with the Nurses' Home campaign. The gold wrist watch presented by Ex-Mayor Harry Rochester was won by Mrs. James Laidlaw of Alice Arm. The drawings took place Saturday night.

No one has yet claimed the fishing rod donated by Stork's Hardware and there will be a re-drawing at the end of this week unless the holder of ticket 27 turns up.

# WINNERS OF I.O.D.E. EXHIBITION RAFFLES

Ald. Smith Gets Half Ton of Coal and Howard Pringle Collection of Prize Vegetables

Ald. J. A. Smith won the half-ton of coal presented by the Prince Rupert Coal Co. and raffled by the Daughters of the Empire at their tea room in connection with the Exhibition last week. The collection of garden vegetables, which took the first prize in the Allee-Burbee competition and which was presented by D. McD. Hunter, was won by Howard Pringle. The drawing took place at the Jitney dance on Saturday night.

# DEER HUNTING REPORTED GOOD

Parties to Kennedy Island and Spiller River Both Returned With Good Bags

Though it was necessary to climb high for their quarry, good success is reported by local deer hunters who were out over the week-end on the occasion of the opening of the season.

Among the parties which were out was one consisting of Dr. J. P. Cade, J. C. Brady, H. Eastman and D. C. Stuart. They went to Kennedy Island and each of the first three mentioned bagged a deer, the party also getting some grouse. There were plenty of does they report, but bucks were not so plentiful. Hunting was hard work and the members of the party had to climb to the top of the mountain. There were also some parties from Port Eslington on Kennedy Island but they did not seem to be having much luck.

Douglas Stork, J. Farquhar, Howard Pringle and Norris Pringle comprised another party which went to Spiller River, Porcher Island. They got two deer.

Ald. M. M. Stephens and Master Elzoug Stephens and Donald Matheson were out on Tsimpsan Peninsula via Tucks Inlet. They bagged two bucks not far from the water and saw plenty of tracks low down.

Jack Lindsay, Don Crerar and Harry Welford have returned from a trip to Porcher Island where they secured a deer each as well as a nice bag of grouse.

They say game is abundant in the neighborhood of Jap Inlet and the country open but the deer are still far up on the mountains.

# RIFLE RANGE

W. M. Brown Headed North B.C. Regiment Marksmen With Score of 87—W. Brass Won Spoon

William Brown with a score of 87 headed the marksmen at the McNichol Creek range yesterday afternoon and W. Brass, with a score of 83, won the regimental spoon for the day.

R. E. Hudson	24	18	12	54
F. Davies	23	15	8	46
J. Y. Leveque	23	10	10	43

A. Wylie, using a Ross rifle with peep sight, scored a total of 97. The usual gun is the regular Lee-Enfield service rifle. Next Sunday a record attendance of marksmen is expected for the annual medal shoot will then be held. There will be two classes, first and second, and gold, silver and bronze medals as well as turkeys will be up for competition.

# Sport Chat

Angel Luis Firpo, "the wild bull of the pampas," got the taffing of his meteoric career at the hands of Jack Dempsey, the "Manassa man killer," in the New York Polo Grounds on Friday evening. He bunted his horns into the back wall of modern pugilism and the antlers of the Argentinean's ambitions have thereby been shattered. He went the same route as Georges Carpentier, the "superman of France," travelled and it is likely that, after his brief but brilliant period of glory, he will, like the Frenchman, sink gently into ring history. He may have caused the champion a little worry but it is apparent that Dempsey was out to get him and it did not take him long to do so.

With the defeat of Firpo, the speculation again arises as to who eventually is going to wrest Harry Welford have returned from a trip to Porcher Island this Dempsey who has now held year's and more. Two names im-

As far as Wills is concerned, he will also have a good following on account of his record. The color line, which for the past four years, has been strongly drawn is beginning to dim out somewhat, not so much that a negro is popular but because the boxing world wants to see the title transfer and is beginning to feel that it does not care much who gets it. There is one thing that seems pretty certain too and that is, if Wills ever gets the crown, he will not hold it very long.

### GAME BOARD HELD MEETING

Inspector Parsons Returns From Prince George and Tells of Gathering

T. W. S. Parsons, inspector of D. Division of the Provincial Police, returned to the city last night having attended a meeting of the Provincial Game Board, held at Prince George on September 13 and 14. Inspector Parsons states that the meeting of the board proved to be a very successful one from the point of view of the members of the board, and that in future Prince Rupert and points east would be included in the itinerary of future meetings. The Game Board met under the chairmanship of M. B. Jackson, K.C., M.L.A., and among those present were T. Booth, G. B. Williams and F. R. Butler, secretary to the board. E. Hyde, of Hazelton, and W. J. McCallan, Fort Fraser, represented the department of Indian affairs. A large number of trappers and fur traders were present at the meeting.

#### Subjects Discussed

Among the subjects discussed were the registration of trap lines, on which subject the opinion as to the desirability of such action was unanimous. The open and close seasons and the exclusion of all except British subjects to the right of trapping within the province were subjects discussed at length. The question of fur royalty came up. It was agreed that a different form of stamping from that now used on furs would be instituted.

#### Impressed With Success

The idea of the Game Board visiting the northern points has so impressed the members that on terminating the proceedings at Prince George the chairman announced that the northern tour would become one of their fixed customs and that the next itinerary of the board would include Prince Rupert and points east. The members of the board left Prince George on Saturday for Quexnel where another meeting is to be held. Upon completion of the northern tour the board will meet in Vancouver and will formulate a policy based upon the data submitted at the northern meetings.

### Ten Years Ago in Prince Rupert

A. A. Cox, architect, arrived today on the Prince George from Vancouver to inspect the new temporary court house on Third Avenue and the excavation for the proposed permanent building on Market Place.

Mr. and Mrs. G. A. Smith returned to the town this morning after a two months' trip to the United States in the course of which they visited Kansas City, Chicago, St. Louis, Denver and Seattle.

Lem Kegg will box with Billy Williams in the McIntyre Hall on September 25.

Topics of the Day.

Douglas Fairbanks becomes young again in "Stephens Steps Out," the latest.

Pola Negri as the Spanish Dancer is said to be a revelation.

"His Children's Children" is a sensational story of New York society Bebe Daniels is the star.

Kipling's Light that Failed has been done into pictures by George Melford and the story has the happy ending with which Kipling replaced the tragic close of the novel when he wrote it first.

Theodore Roberts and Leatrice Joy with a number of other lesser lights but not much less have united to produce "The Ten Commandments" under the expert guidance of Cecil deMille.

The Covered Wagon with Madge Kennedy as leading lady is a wholesome sort of story made into a picture.

Buster Keaton has made a feature length comedy called Three Ages. There are more laughs to the square inch in it than in any other piece of film acting photographed on the lot.

The life of Abe Lincoln is being depicted in many motion picture houses every night. Canadians as well as Americans are craving their needs to see the wonderful man.

Jackie Coogan's Circus Days is still going strong and day by day Jackie is getting richer and richer.

### IS MOVING PICTURE THAT REALLY MOVES

Action is One of Features of This Comedy Drama "Reported Missing"

The high lights of the picture, "Reported Missing" are a race between a hydroplane and a hydro-aeroplane, a shipwreck, a rough and tumble fight in the villain's house, a series of comedy scenes made only as Henry Lehrman, master of laughter, knows how to make them, and the gowns worn by the statuesque Nita Nadai and the flapper like Pauline Garon.

"Reported Missing" is a moving picture that moves every minute. It is crowded full of action and excitement. It assays a real, honest to goodness laugh a minute. It is one of those amusement mediums which lift people from the dull

drab of everyday existence into a world of laughter and romance.

Tom Wilson, as a valet, gives the comedy performance of his career. The scenes in which he attempts to wreak vengeance on a group of Oriental schemers operating against his master are masterpieces of comedy. Tom surely wields a wicked razor. He could trim the Three Musketeers single handed by just shaking his weapon in front of their faces.

### KATHERINE MACDONALD IN WOMAN CONQUERS

As a rule screen beauties are not called upon to do much except to be photographed to the best effect. It is a matter which usually involves much posing elaborate lighting effects and gorgeous costuming, but in "The Woman Conquers," the First National attraction which will be seen here Wednesday, Katherine Mac Donald, the "American

Katherine MacDonald in "The Woman Conquers"

beauty of the screen," does some acting that is said to rank among the finest of her motion picture performances in its emotional effectiveness.

Miss MacDonald also gives battle to a big brute of a man, loads the man whom she loves onto a dog sled, fights her way through a blinding blizzard guiding the dog train, and then drags the man to safety.

Such are mental and physical demands made upon Miss MacDonald and they left her far out of the "screen beauty" class into the ranks of leading screen actresses.

### WHEN KNIGHTHOOD WAS IN FLOWER IS COMING AT WEEK END

Famous Play Appeals Very Strongly to Women Who See Its Inwardness

Who says women have not a sense of humor?

They say "it takes a thief to catch a thief," and by the same token it takes a woman to catch a woman in the subtle little tricks which are used to outwit a man. That's why women who see "When Knighthood Was in Flower," starring Marion Davies, will chuckle with enjoyment in certain scenes where the men are silent.

These feminine outbursts of merriment come at various times when Marion Davies, as Princess Mary Tudor, uses the strategy known to all the sisters of Eve in order to cajole her stubborn brother, King Henry VIII. Mary's adroit appeal to Henry's vanity

when she wants him to release Charles Brandon, whom she loves; her clever trick of remaining in bed when the French ambassadors calls and shocking King Henry by pretending she is about to jump out scantily clad—these and similar incidents unite the women of the audience in a common bond of understanding and amusement.

### "BIRTH OF A NATION" BANNED IN PARIS

"The Birth of a Nation," D. W. Griffith's famous film, which was presented at the Marivaux Cinema on the Grands Boulevards, has been banned by the French authorities.

This is the last manifestation of French solicitude for "men of color." The film, which was passed by the censor only ten days before, and had indeed previously been shown in Paris, reproduces, as is well known, certain episodes of the War of Secession, and also depicts excesses of the negroes after their liberation from slavery. It traces also the origin of the Ku Klux Klan movement. Its presentation has not provoked any public demonstration of protest, but the Prefecture of Police, in conformity, it is stated, with M. Poincaré's recent declaration of principle, has suppressed the presentation "for the good of the people."

# A worth-while Reputation

The head of one of this country's great manufacturing institutions says:

"The Man who builds and the man who buys are both beneficiaries of reputation. To the one it is a continuous spur and incentive--to the other, the strongest of all guarantees that what he buys is worthy."

Patronize the manufacturer or merchant who has a reputation for honesty and fair dealing. Such motives must actuate the consistent advertiser. The man who invests real money in building a reputation for himself and his merchandise cannot afford to risk any of it by taking unfair advantage of his customers. He must retain the good-will of the buying public. Without this, his business cannot succeed

Every time he advertises he puts his reputation in your hands. His products or the wares he has for sale must make good. His service must be as advertised.

That is why it pays to read advertisements, to deal with advertisers and to buy advertised goods.

# EXHIBITION AT SMITHERS

Smithers Fair is to be Held on Thursday and Friday This Week. Horse Racing Big Feature

Next Thursday and Friday are big days in the Bulkley Valley, when the Smithers Exhibition will be held. This year the number of entries is larger than ever before and everything promises well for a good time for the Smithereens and their visitors.

The opening ceremonies will take place Thursday at 1 o'clock in front of the new grandstand and among the speakers will be the Hon. W. J. Bowser. The two days will be full ones as a splendid program has been arranged. A Prince Rupert baseball team will play the Smithers team and football will also be a feature. On both occasions horse racing will start at 3:30 with enough entries to last until 5 p.m.

Both nights at 9 o'clock, there will be a big dance in the town hall and the Smithers people are laying themselves out for a record crowd of visitors.

Many Prince Rupert people have already signified their intention of again enjoying Bulkley Valley hospitality on Thursday and Friday.

# BEER PLEBISCITE IS LIKELY TO BE ASKED

Government Urged to Submit Referendum It is Stated in Victoria

VICTORIA, Sept. 15.—Strong representations in favor of a plebiscite on open beer sale in British Columbia are being made to the Provincial Government. The question has not been discussed by the Executive Council yet, but the whole question will be given consideration before the House meets, it is understood.

Pressure is being brought to bear by private members of the House for the holding of a beer plebiscite. Several members who have visited Victoria lately have urged this course upon the Government. Some of these members formerly voted against any move to allow for more open sale of beer in the Province. They have changed their minds, it was explained, because the liquor situation, in their opinion, has altered completely since the matter last came before the legislature. The spread of beer clubs all over the Province, they declare, has made it necessary to get a public expression on the whole beer issue.

Reports from Vancouver that the Government has decided to bring down legislation arranging for a beer plebiscite was denied officially at the parliament buildings. As stated, the Executive Council has not considered the matter. It is unlikely that any policy on the beer question will be announced until the House meets and the views of outside members has been ascertained. The beer question is expected to loom large in the legislature at its Fall session.

# SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Where pre-emptor in occupation more than 1 year, and has made proportionate improvements, he may because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in connection with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained by fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 60 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 60 acres may be purchased, conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**  
 The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for five years.

Provision for return of monies accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS**  
 Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1923.

**GRAZING**  
 Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.
