## MILITARY REVOLT BREAKS OUT IN SPAIN

### FIRST NIGHT PASSES IN THE ORIENT WITHOUT EARTHQUAKE SHOCKS FELT

#### Rebels Seize Barcelona and Movement Likely to Spread; Directed Against Government

MADRID, Sept. 13.—A military revolution has broken out in Barcelona and seems likely to spread throughout Spain. Word has been received here that the army officers of Barcelona have revolted against the government and that martial law has been declared. The rank and file of the army has joined in the revolt but the navy personnel is quiet.

BARCELONA, Sept. 13.—A state of seige was proclaimed here this morning and military authorities took possession of the reins of power in the city. It is believed the revolutionary movement will signalize the outbreak in other towns of Spain.

MADRID, Sept. 13.—King Alfonso returned to Madrid this morning. The station is surrounded by troops and every precaution is being taken to prevent any unauthorized persons having access to the vicinity.

MADRID, Sept. 13.—The telegraphed Captain General Rivers of Barcelona, considered the leading spirit in the revolt movement, appealing to his patriotism and asking him to abandon his "attitude of rebellion." He replied with an unqualified denial of the request. The government thereupon decreed his demotion as military governor of Barcelona.

Against Government  
BARCELONA, Sept. 13.—In a statement issued by the military in taking over power here, it is declared that the movement is loyal to the King being directed not against the sovereign but against the government. The movement has not met with difficulties in the Catalan region but its fate in the rest of Spain is not yet definitely known.

PREPARING FOR VISIT OF GRAIN COMMISSION  
Special Committee of Board of Trade and Entertainment Committee Met Yesterday

The special committee of the Board of Trade appointed in connection with the forthcoming visit of the Royal Grain Commission and the entertainment committee met yesterday afternoon to prepare for the arrival of the board. The special committee is getting its data ready for submission to the commission and the entertainment committee is also busy. The commissioners will be shown the harbor, waterfront and facilities here. The special committee consists of Fred Stork, M.P., H. St. G. Lee, S. E. Parker, F. G. Dawson, W. E. Williams, President E. C. Gibbons, and Vice-president S. J. McLeod.

BRITISH EX-SERVICE SETTLERS FOR CANADA  
F. C. Wade Writes London Times in Regard to Method of Overcoming Difficulties

LONDON, Sept. 13.—F. C. Wade, agent general for British Columbia, writes to the Times pointing out the disappointing results of the soldier settlement act in Canada so far as British ex-service men are concerned despite its generous provisions. Mr. Wade suggests as a remedy that difficulty is found in the inability of the Imperial ex-service men to contribute 20 per cent of his total loan as required under the Empire Settlement Act. He says he thinks that if the provisions of the two acts were blended many unemployed British ex-service men would find comfortable homes in Canada.

SHOT FOREMAN LOGGING CAMP  
George Banks of Port Alberni Says McDaniels Smashed in His Door

PORT ALBERNI, Sept. 13.—George Banks was arrested yesterday on a charge of shooting and injuring Jim McDaniels logging camp foreman. Banks was released on bail of \$2,000. He claims McDaniels smashed in the door of his home when he was denied admittance at two o'clock in the morning. McDaniels was intoxicated, Banks claims and demanded a drink. When McDaniels resorted to violence, Banks says that he drew a revolver and fired, hitting the man in the groin.

TELEPHONE DIRECTORY  
A new issue of the Telephone Directory is about to go to press. All those desiring changes or additions to present listings, please notify the Superintendent in writing by September 20th.

ADMISSIONS TO FAIR WERE HIGH  
Paid admissions to the Fair Building yesterday, exclusive of season tickets, totalled 1650 as compared with 960 on the second day of the Fair last year and 571 on Tuesday. The Baby Show presentations and the concert last night, coupled with the fact that the day was a school holiday, were responsible for the large attendance. Admissions to the sports totalled 271 as against 428 on the corresponding day last year and 179 on Tuesday. With the baseball final between Anyox and Prince Rupert being staged at 3.30 this afternoon, a record attendance is expected on the grounds today.

SHOT HIMSELF WITH RIFLE  
Accident to Dick Gooding, Telegraph Operator at Hole in the Wall, Yesterday

Dick Gooding, telegraph operator at Hole-in-the-Wall on the Skeena River, met with what came near being a fatal accident yesterday and today is in the general hospital here nursing his wound. It seems that he was cleaning a 22 rifle which was loaded. It went off with the barrel pointed at his head and the bullet entered his mouth coming out above the eye. He was brought in on the train yesterday afternoon and is doing well at the hospital. Mr. Gooding was formerly operator at Ashcroft and is well known among the fraternity of key tappers.

FISH ARRIVALS  
Six halibut boats sold catches totalling 48,000 pounds at the Fish Exchange this morning. Canadian boats received best prices both for first and second class fares.

The "Fasciti umbrella" is the latest creation to be brought from Italy. It is just an ordinary umbrella, but a tiny dagger is attached which is to supersede the hatpin as an instrument of feminine defense.

#### Shipment of Canned Salmon will be Sent from Here on Canadian Skirmisher for Japan

At the meeting called for last night in the city hall to discuss the advisability of sending aid to the Japanese sufferers from the recent disaster, it was decided to raise money by public subscription and with the proceeds to ship canned salmon purchased in the district and get it away on the Canadian Skirmisher about September 20. The Japanese in this district have already collected \$1,500 for the same purpose and the city council has set aside \$500 which will also be used in the same way. Those present at last night's meeting were Mayor Newton, Alderman Perry, E. C. Gibbons, Rev. Archdeacon Rix, Rev. G. G. Baeker, Douglas Stork, Norris Pringle, and M. M. McLachlan, Mr. and Mrs. Brady, H. F. Pullen, Fred Scadden, Clarence Ohtsu, secretary of the Japanese Association and M. Mochida.

Mayor Newton explained the object of calling them together. He thought they might seek the co-operation of the various organizations in the city. Archdeacon Rix said there was nothing that appealed to the people of Prince Rupert more than to come to the aid of people in the time of disaster such as at present. He proposed that the Board of Trade should undertake the collections aided by the other organizations. They would be a central committee.

E. C. Gibbons, president of the Board, said they were all willing to dig in and help but he did not know if the Board would undertake the responsibility of managing it. They would have to be consulted. He suggested a committee from the various organizations. It was not in the line of work of the Board of Trade which was a purely commercial organization.

Gyros to Help  
Douglas Stork explained that he and Norris Pringle and M. McLachlan had been delegated by the Gyro Club to attend the meeting and to pledge the support of the Gyros to the campaign. Among other things they proposed a benefit ball game with the Rotary Club, but they were willing to co-operate in every way. The meeting could (continued on page six)

#### Japan Relieved but Situation in Tokio and Yokohama Awful

TOKIO, Sept. 13.—Relief is to be seen on the faces of people here today for last night was the first that has been free from earthquakes since the fatal September 1. It is estimated that during the week there were more than one thousand shocks, 700 of them being plainly felt and some severe enough to bring fear of fresh destruction.

The situation in Yokohama is still appalling. Thousands of people are encamped in the parks with very scanty supplies of food and water.

Three days were needed to cremate the bodies taken from the Sumada River which flows through Tokio. Hundreds of bodies are still floating in adjacent rivers and bays.

FINE CONCERT AT FAIR LAST NIGHT  
Many People Present at Exhibition Building in Spite of Counter Attractions

A fine concert was staged in the Exhibition Hall last night and a large number of people were present in the building to hear it in spite of the fact that there were a number of counter attractions down town. The program included singing by Mrs. Higashi and a sextette of Japanese boys and girls in Oriental costume, Maurice Corkill of Ocean Falls, as a female impersonator representing Madame X, sang ballads and comic songs. Mrs. Laidlaw gave an exhibition of the Highland Fling and Sword Dance, James Sturgeon accompanying on the pipes. Alfred Adams of Massett sang ballads and there was an interesting monologue by one of the members of the crew of the steamer Prince Rupert. The Aiyansh and Greenville Bands rendered selections.

WOMEN WERE CHALLENGED JURY TRIAL  
Verdict Given in Favor of Nurses Accused of Neglect in North Vancouver

VANCOUVER, Sept. 13.—Miss Hilda Parks and Mrs. Edith M. Paul, who would have been the first women to serve on a British Columbia jury, were challenged by the counsel for the defense yesterday and were ultimately replaced by men. The case was a suit for damages in which John H. Waller alleged that nurses in the North Vancouver General Hospital were negligent and aggravated the injury sustained by his ten-year-old son. Verdict was given for the defendants.

GOOD FAITH OF GERMANY  
Chancellor Stresemann Says Nation Willing to Enlist Private Property as Guarantee

BERLIN, Sept. 13.—Germany is preparing to enlist private property in industry, commerce, finance and agriculture as a pledge for the payment of her reparations if she is assured that the Ruhr and Rhineland will be restored. Chancellor Stresemann declares.

WOMEN'S AUXILIARY OF ANGLICAN CHURCH HOLD TEA AND SALE  
Mrs. A. E. Wright was convener of the committee being assisted at the home cooking booth by Mrs. E. C. LaTrace, at the candy stall by Mrs. Jack Barnsley and Mrs. C. C. Mills and in the tea room by Mrs. J. H. Pillsbury, who poured, and Mrs. H. T. Willett, Mrs. Adam Mackie, Mrs. R. Beaumont, Mrs. W. C. Orchard.

ANOTHER TIDAL WAVE  
MEXICALI, Lower California, Sept. 13.—The fishing village of San Jose Decaber was destroyed by a tidal wave. Most of the 500 inhabitants are believed to have escaped to higher ground.

JAPANESE RELIEF EFFORT TONIGHT  
At a meeting last night, it was decided I should ask the heads of all civic organizations to join in a meeting tonight in the City Council Chamber at 8.30 p.m. for the purpose of raising funds to aid in relieving the Japanese Disaster. Will the heads of such organizations, therefore, please attend tonight's meeting or else name a substitute to represent them?  
S. M. NEWTON, Mayor.

GRAIN COMMISSION HERE NEXT WEEK  
Will be in City Thursday and Friday and Then Leave For Edmonton

VANCOUVER, Sept. 13.—Changes are announced in the itinerary of the grain commission. Under a rearranged schedule the commission will not leave for Prince Rupert until Monday night and arrive there on Wednesday. Sitings will be held there Thursday and Friday and the party will then leave for Edmonton.

GRAIN COMMISSION HERE NEXT WEEK  
Will be in City Thursday and Friday and Then Leave For Edmonton

**Fair is Great Success This Year.**

In spite of the fact that a good exhibit of products from this district was sent to New Westminster fair, this taking the cream of the district and interfering to some extent with the display that would have been made here, the exhibit at the fair here is an excellent one and is worthy of general support. To many who have not attended previous exhibitions it is a revelation.

Hazelton especially is to be congratulated on its excellent district exhibit and all the others made good showings. While Massett took only third prize, it must be remembered that the exhibitors there were very badly handicapped and in some cases had to take their stuff many miles by boat and then carry it overland to the steamer in order to get it here.

The vegetables shown both by local people and those from the districts excited a great deal of comment. It is impossible to comment here on the various good features of this year's event, but they stand out very clearly. The weather so far is all that could be desired and everything points to successful results.

**Let Us Use Local Products.**

Now that we can see what is grown in the district, the next step is to make the best possible use of local products. As has been pointed out many times in this paper, the success of Prince Rupert is closely bound up with the success of the interior. We stand to benefit from its development and our market is of great value to the farmers there. This points to the value of mutual co-operation.

"Use Northern British Columbia products" might well be a slogan for the people here. The products are good, there is no doubt of that. Where can finer potatoes be seen than those exhibited at the fair? There are none. They rank with Ashcroft produce as the best there are. This being true, the next thing for Prince Rupert consumers to do is to use them whenever possible.

**Potato Industry is Developing.**

Potatoes are being grown in the central interior valleys this year more than ever before. Some large crops are to be marketed soon and Prince Rupert will take a good proportion of them. They are close at our doors and are grown by the farmers who are our customers. The Chinese growers of Ashcroft never spend a cent here so that when we support them we are sending away money which never returns.

In view of the growing importance of the truck garden industry throughout the north, it is desirable that the farmers shall do their part in fostering the business. The stuff must be well graded and marketed under the best possible conditions. It must look well, for appearance counts a great deal. If the farmers do their part and the city consumers demand their products, we shall see a remarkable development in the near future.

**Advertising By Photographs.**

One way in which Prince Rupert may be advertised is by means of photographs taken here and sent away to friends and others at a distance. Amateurs can do a great deal in this connection. The display of photographs at the exhibition this year indicates that amateurs might do a great deal more in this direction. The organizing of a camera club would raise the standard of the work and tend to increase the production of high class photographs that would prove a permanent advertisement of the scenic attractions of the district.

## Special Teapot Sale

We have been fortunate in securing an assorted crate of Old English Teapots which we have priced exceptionally low. There are several styles and sizes to choose from. Prices run from 60c to \$1.50.

They are now on display in our window.

### DOMINION STATION EXHIBIT AT FAIR IS VERY HELPFUL

Samples of Products Grown at Vanderhoof and Other Interior Points Shown

An exhibit at the Fair of great interest to those engaged in agricultural or animal raising pursuits is that of the Illustration Stations of the Dominion Department of Agriculture, under the management of A. E. Richards supervisor of Illustration Stations for the province with headquarters at the Dominion Government Experimental Farm, Summerland, B.C. John Fixier, Ottawa, is the chief of the Division of Illustration Stations. These government stations are established at Armstrong, Salmon Arm, Kamloops (2), McBride, Prince George (2), Vanderhoof, Francois Lake and Telkwa. The exhibit on display is very artistically arranged and conveys in a very practical manner just what can be done with the soil of the central interior if properly treated and with the sowing of the proper seed.

**Detail of Exhibit**

Splendid sample of Ruby and Marquis wheat are on display as grown by the government stations. These have given the best satisfaction. Northwest dent corn grown at Smithers has also been very satisfactory. Sunflowers also grown at Smithers for ensilage have given very good results. These have all been grown under field conditions and have proved very successful. The sunflowers have proved hardier than corn and have given a larger tonnage so far. In oats both Banner and Victory have been grown. The Banner have proved a little earlier than the Victory but the yield has proved a little lighter. In barley the O.A.C. No. 21, a variety produced by the Ontario Agricultural College from which it takes its name, has given good results in the north and seems well adapted to the climatic conditions of Northern B.C.

**Clover Growing**

The stations are endeavoring to encourage the growing of clover and other leguminous plants. The results achieved in the past two years would go to show that clovers can be grown profitably and well in the central interior. Alfalfa and sweet clover has also been grown successfully.

Another feature of the work is the growing of registered seed. This year on each station potatoes are being grown for seed certification. If the potatoes are to be certified they must meet certain qualifications. They must be free from disease, they must be true to type and variety and sound. They are given four inspections, two on the field and two after harvesting.

In the opinion of Mr. Richards there should be great possibilities in growing certified seed in the central interior for there is always a preference for northern grown seed because it is hardier and gives more vigorous product. Samples of various grains and grass seeds are on display some of which were grown at the government experimental farm at Summerland.

**Fine Country**

Mr. Richards says with all sincerity that the agricultural outlook for central British Columbia is extremely promising and is particularly well pleased with the showing of the various illustration stations. He thinks that the central country compares very favorably with other parts of the province from an agricultural viewpoint.

**Trench Silo**

A model of an inexpensive trench silo is also on exhibit and has caused a great deal of interest and inquiry. The silo is dug into a bank where there is good surface drainage. It is not necessary to line it unless the earth is crumbly and will cave in. The ensilage cutter is placed on the side of the silo. It is important that the ensilage be well compact to exclude the air and many farmers use a horse to trample it down. The silo is sealed with straw and ridged over the top to permit of drainage. This class of silo can be erected at little expense. A trench 8 feet by 12 feet and 25 feet long will hold 50 tons of ensilage.

When you buy advertising you buy CIRCULATION, and see that you get it.

### INDIAN RELICS IN PRIVATE COLLECTION

W. E. Collison Shows Interesting Pipe of Peace and Other Articles

One of the most interesting exhibits at the Fair is the private collection of Indian relics owned by W. E. Collison, Indian Agent for the Skeena district with headquarters in Prince Rupert. The majority of the relics in this collection were presented to the late Archdeacon Collison, by the Haida Indians during his memorable and historical pioneer work among them. Many of the articles date back to the stone age of the Haida tribe and are practically priceless.

**The Exhibit**

A show case of Indian antiques includes war clubs belonging to the old Haida chiefs which have seen actual service and were presented to the late Archdeacon Collison in 1876. An Indian dagger covered with a beautiful beaded case and three rattles used by the Indian chiefs as ceremonial rattles are among the collection. Another rattle belonging to the medicine man is a very ancient one and was given to the late Archdeacon Collison at Massett in the early 70's. It has two faces. On one side the eyes are depicted as open and on the other side as closed. This was to represent the sun and moon respectively or life and death.

A large horn spoon, secured from the northern Indians, is one which was used at the Indian feasts. Two walking sticks, used by Haida chiefs, and carved in the wood of the erabapple are beautiful works of art. The handles are carved in ivory and inlaid with silver while every knot in the stick is inlaid with abalone shell. The collection contains several trays made from jadeite which represent a legend of the respective tribes.

**Pipe of Peace**

One of the most interesting relics is a large pipe, of quite modern shape, made of hardwood and covered with native beaten copper, which was used as a pipe of peace and was in evidence when the Indian chief was sitting in council. A box made of whalebone and beautifully carved by hand was used by the natives for the reception of trinkets or food. Flint spears and adzes made of stone and dating back to the stone age of the Haida Indians are also on exhibit. In addition there is the reproduction of a salmon carved in solid stone and which was discovered in the Naas river some years ago. The exact models of the original and more modern Haida war canoes are also of special interest their colorings and carvings being beautifully executed.

### PRINCE GEORGE MAN CLEANED UP PRIZES FIELD AND FODDER

R. J. Blackburn of Prince George made almost a clean sweep of the field and fodder crop prizes at the Exhibition yesterday when the judge awarded him fifteen first prizes and one second. The list is as follows:

Alfalfa—1, R. J. Blackburn.  
Sunflower heads—1, R. J. Blackburn.  
Spring wheat—1, R. J. Blackburn; 2, L. W. Bohler.  
Oats—1, R. J. Blackburn; 2, L. W. Bohler.  
Barley—1, R. J. Blackburn.  
Peck spring wheat—1, R. J. Blackburn.  
Peck spring oats—1, R. J. Blackburn.  
Peck six rowed barley—1, R. J. Blackburn.  
Peck rye—1, R. J. Blackburn.  
Peck field peas—1, R. J. Blackburn.  
Best individual ranch or farm collection—1, R. J. Blackburn.  
Swede turnips—1, G. Johnson.  
Mangels—2, Mr. Prettyjohn.  
Red carrots—1, R. J. Blackburn.

**FINE NEW STUDEBAKER AT HEAD OF PARADE IN 67 TAXI SERVICE**

George Ross Gets One of Finest Canadian Made Cars for His Growing Business

## Premier Gold Medal Beer

The New Wonderful Beer

There is only one way to prove that PREMIER GOLD MEDAL BEER is best—TRY IT.

Order from the Government Vendor Today.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

The car that headed the parade yesterday attracted a great deal of attention from the people who watched the procession go by. It was a fine new Studebaker six owned by George Ross of the 67 taxi service. He has just got it in from Eastern Canada. It is a 1923 model, Special Six, made in this country and is one of the finest cars now on the market. Naturally Mr. Ross is proud of his new car. He says he wants to give the people of Prince Rupert the best there is in the taxi line as he knows they want the very best.

## FINE SMOKER AT ELK'S HOME

Number of Interesting Boxing Bouts With Musical Numbers Last Night

There was a fine smoker at the Elk's Club last night, the feature of which was a number of boxing bouts with musical numbers interspersed. The boys put up a good fistie exhibition, there being no decisions in any case. The committee in charge was B. Moran, chairman, Ben Self, W. Derry, L. M. Fuller, B. Crosssett, Harvey Fraser, H. Breen with W. Vaughan Davies, accompanist and H. F. Glassey, master of ceremonies. In the course of the evening a number of members of the Northern B.C. Regiment band gave selections and the other musical numbers between bouts were by Harry Fletcher, Morris Corke, of Ocean Falls, George Waddell and H. Astoria. The bouts were as follows:

- Two 3-minute rounds—Pat Morgan vs. Levinski.
- Three 2-minute rounds—Bert Kelly vs. F. Boulder; Stewart vs. Geo. Boulder.
- Four 2-minute rounds—T. Fraser vs. Alex. Roy; Alf. Skinner vs. E. Craggs.

## PORT SIMPSON WON GAME BY DEFAULT

Aiyansh Failed to Field Team in First of Exhibition Native Football Series This Morning

The Aiyansh team failed to put in an appearance at the Acropolis Hill Grounds this morning and the first game of the Exhibition native football series went to Port Simpson by default. The second game will take place tomorrow morning between Kitkatla and Gitlakdamik and the winner will play in the final with Port Simpson in the afternoon.

## BASEBALL CHALLENGE GYRO TO ROTARY CLUB

Must be Answered at Once and If Game is Played Proceeds Will go to Japanese Relief

The Prince Rupert Gyro Club at its meeting last night officially instructed Doug, Stork, chairman of the sports committee, to hurl a challenge to the Rotary Club for a baseball game. This challenge is to be answered at once and if it is accepted the game will be played immediately, the proceeds to go to Japanese relief.

## SMITHERS WAS WELL TRIMMED

Anox Won Baseball Game Yesterday Afternoon by Score of 27 to One

What Prince Rupert did to Smithers on Tuesday afternoon was not a patch on what happened to the boys from the interior railway centre yesterday afternoon when they were defeated by Anox in the Fair Board's second baseball game by a score of 27 to 1. To make a long story short, it might just be said that the players from the smelter town, a smart aggregation featuring a tight field were far and away ahead of the class of the railway men and simply played circles around them. The Anoxes batted them off Wallace, the Telkwa pitcher for Smithers, into a field which both in and out was full of holes. It was simply an orgy of runs for the boys from the north and was more of a batting practice for them than a baseball game. There was a good attendance of fans, much exceeding the day before. Before the game was over, Anox had put all the players they brought to town into the field. P. Draudsen pitched the first six innings for Anox and J. McKeown then moved into the box from third base, Halverson taking his place on the sack. Fortin at the same time went to right field for Cole who took the bench with Draudsen, George Roberts relieved Wallace in the Smithers box in the ninth inning. Anox made a few good hits but the most of the scoring was simply on account of Smithers errors. Lane made the one and only run of the game for Smithers, through making a single, stealing second and third, and coming in when Arnold batted out to third baseman who fumbled and finally overthrew to first.

## FOOTBALL WON BY HOME TEAM

Four Goals to One Was Score When Final Whistle Blew

The first football game of the Fair series, played on the Acropolis Hill grounds yesterday afternoon before a good crowd of sport fans, between Ocean Falls and Prince Rupert resulted in a win for the home team to the tune of four goals to one. Prince Rupert scored three goals in the first half while Ocean Falls scored one. For the visitors Jack Bloom introduced the lenthier to the home net while J. Marks scored one, and O. K. Lord two in the first half, and Geo. Kelsey one in the second half for Prince Rupert. The teams lined up as follows:

- Ocean Falls—Marshall, goal; R. Main and Smith, full backs; Faichen, Best and Johnston, half backs; Bell, W. Smith, J. Bloom, Moran and T. Main, forwards.
- Prince Rupert—V. Menzies goal; H. Menzies and H. M. D. Lambe, full backs; McGowan, Geo. Kelsey, J. R. Mitchell, half backs; G. P. Tinker, O. K. Lord, J. Marks, J. Johnston and J. Farquhar, forwards.
- W. Williscroft handled the game efficiently as referee. J. Judge and Bert Killen ran the lines.

## CHILDREN'S SPORTS WELL CONTESTED

Chief Vickers Had Charge of Events Yesterday Morning at Acropolis Hill

The children's sports went off in great style yesterday morning

on the Exhibition grounds. The sports were presided over by the Queen of the Carnival, Miss Henriksen, attended by her maids of honor and flower girls. There was a good crowd of spectators. Chief Vickers of the city police superintended the races, being assisted by Harry Breen, sports manager for the Fair Board. Results of the races follow:

- Girls, 6 and under—Thelma Walters, 1; M. Casey, 2; M. Johnson, 3.
- Boys, 6 and under—B. Gross, G. Vierick, F. McGlinchey.
- Girls, 8 and under—M. Suga, R. Kerensky, Vieno Lehto.
- Boys, 8 and under—Bobbie Moxley, Jack McRae, D. Arney.
- Girls, 10 and under—E. Tite, A. Stander, H. Murray.
- Boys, 10 and under—H. Walters, G. McKinley, W. Johnson.
- Girls, 12 and under—Julia Walters, A. Smith, Helen Sims.
- Boys, 12 and under—J. Gawthorn, B. Hunt, H. Walters.
- Girls, 14 and under—G. McLeod, V. Dalby, J. Walters.
- Boys, 14 and under—H. Heilbroner, E. Walters, J. Gawthorn.
- Boys, 16 and under—K. Meagher, H. Heilbroner, E. Walters.
- Race, boys 16 and under—D. Gurvich, V. Meagher.

several determined charges for the opposing stronghold but the full back play of H. Menzies and Lambe for the home side kept them at bay. The visitors had a good share of the play. At half time the score stood 3-1 in favor of Prince Rupert and at the close of the game the visitors were still going strong. The game was a good one throughout and very cleanly contested.

The first half certainly went to the home team although the scoring of three goals was hardly representative of the play, the visitors having a very fair share of it. While the visitors were fast on the ball and played good combination in their forward line they were unable to take advantage of many good openings. Prince Rupert played a fine game and were justly entitled to win. The forwards worked splendidly together, while the half backs and full back line rendered yeoman service. Vic Menzies an goal played a brilliant game and it was undoubtedly due to his fine goal keeping that the visitors did not make a better score.

PERCY IS HERE WITH THE GIRLS

Interesting Group at Malkin's Booth Where Finest Products Sold

One of the most distinctive, and at the same time artistic displays in the Exhibition Hall is the Booth of the W. H. Malkin Co., Ltd., under the management of W. Ralph. The booth is very tastefully decorated in red, white, blue and gold, the colors of the company, which give a striking effect. Three local and popular young ladies are in attendance at the booth who lend a charm of enticement. Demonstrations with the free distribution of Malkin's Best tea are given daily, and the favorable comments heard in all parts of the fair grounds as regards the high standard of quality of their products should be very gratifying to this firm. A feature of the exhibit is Percy, the miniature star salesman adopted by Malkin's. Percy, all dressed up like a circus horse on parade, in top hat and frock coat, taps on the window of the miniature store, which has been arranged in the booth, and draws the attention of passers by to the goods on display. He is a regular dandy at moving his eyebrows and has certainly gained a name for himself making eyes at the ladies. Percy would undoubtedly be a big star in the movie firmament. By his smile and actions he impresses you with his sincerity and the pleasure he has in telling the public that he is introducing Malkin's Best products, which are the best that can be produced. In conjunction with this booth the city has been sampled with Malkin's Best Baking Powder and premium sheets showing the premiums which are given free with the coupons contained in their brand of tea, coffee and baking powder. It is worth while for the general public to call and sample this well known brand of tea and see the star salesman, Percy, in action. Percy is certainly proving himself a great attraction to both young and old, and should in future be a reminder to the buying public that Malkin's Best are entirely B.C. products.

September, like June, is a month of weddings and the establishment of new homes. At such times the daily newspaper is a good shopping adviser to the bride and her friends. To the new housewife it is a permanent signpost, pointing in the direction of comfort and economy. At this time special offerings will be found for trousseaus and the family linen chest; silver for the table and china for the pantry. Rugs for the living rooms and halls, pictures, bedding and complete furnishings of every description are in the papers this month. Household appliances to save labor and offset the servant problem. The newest and best of these always appear first in the daily newspapers. Food for the larder, cleanly packed in box and carton; service for all the days of the week—washing, cleaning, milk, ice and bread. Look for the best of these things right in our columns. The bride who begins married life by studying the advertisements in her own daily newspaper is already a long way towards obtaining permanent peace of mind and economy of expenditure.

MOOSEHEART WHIST DRIVE AND DANCE

Between 250 and 300 Persons Attended Affair in Metropole Hall and Receipts Were \$179.30

The whist drive and dance held last night in the Metropole Hall under the auspices of the Women's Mooseheart Legion was a success from every standpoint. Between 250 and 300 persons were in attendance, and the receipts totalled \$179.30. First prize awards at cards went to Mrs. Lottie Anderson and C. Richards while consolation prizes were won by Miss May Eckstrom and Mr. Prince. The Westholme Orchestra furnished music for the dance over which Joe Slagard was master of ceremonies. The committee comprised Mrs. H. J. Foss, convener, Mrs. H. Kerr, Mrs. A. Christiansen and members of the lodge. Mrs. Jack Ratchford presided at the door.

FAIR JOTTINGS

The announcement of winners and the presentation of prizes for the Better Babies' Contest drew out a large number of mothers and children as well as others at the Fair Building yesterday. Joe Greer, chairman of the committee, was in charge and presented cups to the first prize winners, spoons to the second and certificates to all the entrants. These proceedings gave the crowd a good opportunity to

see some of the handsome babies that were in the contest. Mr. Greer, in a brief address, thanked the Doctors, the Daughters of the Empire and the graduate nurses of the city for the invaluable assistance they had given in connection with the judging. Assisting Mr. Greer on the platform were President Orme, other Fair directors, Mrs. R. Blance, Mrs. C. F. Kemp, Miss Lorna Tite and Mrs. C. Woodworth, R.N.

The following took prizes for eggs at the Fair: White hen's eggs—Miss L. M. Ellett; E. T. Kenney. Brown hen's eggs—Mrs. J. C. K. Sealey; Mrs. O. Guelpa. Duck eggs—George Sutherland.

BOAT ARRIVALS

## A BOUQUET FOR HON. JOHN HART

English Municipal Publication Speaks Appreciatively of B.C. Method

In its issue of July 20 the Municipal Journal, published in England, has an appreciative article on the British Columbia public accounts under the heading "Public Accounts: A lesson for England," as follows:

British Columbia is a typical example of efficiency and loyalty in colonisation. From the accounting point of view it is also a good instance of that freedom and elasticity which youth so freely imparts into the rigidity of the home systems of an Old Country.

We have before us, in setting down these reflections, the published accounts of British Columbia, printed by authority of the Legislative Assembly for the fiscal year ending 31st March, 1922. After the formal preface to the volumes, consisting of two lines of print from the Minister of Finance and the Comptroller General, respectively, the whole spirit of the publication may be understood from the unofficial preface at the head of the index—"The form of the accounts should bring to light extravagance and inefficiency, and enable criticism to be usefully applied."

**Education of Public**  
It can be said without reservation that the volume consistently maintains this note, namely, that the accounts are for the education of the public and give them the maximum assistance in applying useful and constructive, as well as destructive criticism. Those familiar with many similar publications at home will realize the force of this judgment of the British Columbia statement, but the book proves its worth when tested either by general or specific instances.

In general terms, the arrangement of the volume is simple, the sections are sequential and logical in order and in form, until we get to the statistical appendices, which might be improved in classification and, indeed, would form the nucleus of a separate section of the book, capable of arrangement in as good a form as the accounts themselves which precede the statistics.

**Lo, a Balance Sheet**  
Here is a government which submits a balance sheet! Moreover, it is an understandable balance sheet which even government officials could understand. There is a summarised statement of the income and outgoings of

## Her Baby Suffered with SUMMER COMPLAINT

A fact mothers must face is that summer complaint with the prostration, often verging on collapse, which sometimes accompanies this disease, makes it one of the most serious and dangerous to contend with during the hot months.

Thousands of infants die annually whose lives could have no doubt been saved by the timely use of Dr. Fowler's Extract of Wild Strawberry, and it has been the experience of thousands of mothers during the past 78 years this valuable preparation has been on the market, that it is the safest and most effective remedy for use in all cases of looseness of the bowels.

Mrs. S. Lafontaine, Great Desert, Ont., writes:—"My baby, when a year old, was suffering with summer complaint. Two doctors attended him, but nothing would stop the vomiting and diarrhoea. A friend told me to try Dr. Fowler's Extract of Wild Strawberry and after the second dose the baby was better and I can say it saved my baby's life."

"I wouldn't be without a bottle of Dr. Fowler's in the house for untold good."  
Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

the government superior to anything published in Britain, and even making allowances for the comparative simplicity by a legislative assembly in British Columbia, there is sufficient to prove that the more complex conditions of national life in Great Britain do not render the publication of simple statements of accounts giving the nation's financial position, and its annual turnover in a simple form which could be understood by the people.

The details of the expenditure given in full, down to the humblest messenger's salary, would of course be too great at home for publication in a handy volume, but the way in which one can test the cost of various branches of the government of the province in relation to the return in cash form obtained from such outlay, is surprising. There is, always, of course, the element of public benefit not to be expressed in cash form, to be derived from the outlay of a department like the public works, which has to be borne in mind and which no formal accounts, can satisfactorily illustrate. This, however, is a difficulty inherent in local government accounts and can only be tested, even approximately, by statistics as to the volume of work done, docks and harbors built, streets and roads constructed, and so on.

The volume is capable of improvement in this particular, and the statistical results or facts expressed in summarised statements of work done or in the form of costs per suitable unit of work done, might advantageously be incorporated in future volumes.

These accounts are, however, so far ahead of any publication by the British government, that it might almost appear captious to suggest the improvements mentioned.

### HOTEL ARRIVALS

## SHIPMENT OF CANNED SALMON WILL BE SENT FROM HERE ON CANADIAN SKIRMISHER FOR JAPAN.

(continued from page one)  
count on the Gyros for support. Alderman Perry favored a combined committee.

Fred Seadden said he was unofficially representing the Moose Lodge which would help the cause along.

H. F. Pullen suggested that the Mayor appoint a committee from the various organizations which would get busy at once.

Rev. G. G. Hacker said there would undoubtedly be an appeal made through the churches and he was awaiting that appeal. He and all members of his church would, however, aid this drive.

J. C. Brady favored a general appeal to which he thought everyone would respond. He liked the idea of voluntary contributions without having to put a drive on for funds. A determined organized effort in a matter of this kind seemed a pitiable affair. Each club might assist in the way it felt would be easiest. He thought they should strike a high chord in this appeal.

**Committee to be Formed**  
After several of those present had spoken again it was decided that the mayor should get in touch with the various organizations and form a committee to get to work at once, possibly today.

The secretary of the Japanese Association stated that they had already collected from their own people \$1500 which would be spent on canned salmon to be shipped from here on the Canadian Skirmisher about Sept. 20, so it was decided that the same thing should be done with other local funds.
