LIVES OF AMERICANS THREATENED IN CHINA

HOSPITAL DIRECTORS STOUTLY DEFEND INSTITUTION AGAINST ATTACKS

EDITORIAL PASS UP ALASKA.

"Pass up Alaska" is the advice given to a good many American fishing boats that bring their catches to this port. This is the result of the efforts of the customs officers at Alaskan ports to prevent American fishermen from buying any supplies at Prince Rupert.

To get down to concrete cases the skipper of the Teddy J. was, on or about April 2, compelled to pay duty on some fishing gear purchased in Prince Rupert, the duty amounting to fifty per cent or just half as much as original purchase price. This done under the Fordney measure and one designed to prevent American boats buying anything on this side.

Already a vigorous protest has been made to Ottawa by interested parties and if continued it means the beginning of retaliatory measures on the part of our neighbors. It is an absolutely unfair impost as between two friendly nations.

The Only Way

The only way in which American fishermen can buy gear and escape the possibility of having to pay the excessive duty is to clear for the deep sea return here with their catches without calling at an Alaskan port. In other words if they are determined to return here, it is for them to give Alaska the go-by and buy all their supplies here. That is the only way to bring the authorities at Alaskan towns to their senses.

They should like to see absolute free trade between Canada and the United States, and especially between Alaska and British Columbia. If, however, the American duty is going to be levied at Prince Rupert at a disadvantage, there is nothing for it but to fight. We are forced to the fight. The only way to get the fish in the hands of American fishermen. They have the right to clear direct for the deep sea from Prince Rupert and let the Canadian and Petersburg fishermen have their fish there and leave the other and if they take their business to the Alaskan ports as some of them have been doing, they will also have their fish there and leave the Canadian port for Canadian fishermen.

Self-Preservation

It seems a pity that such a situation as this should have been made, but self preservation is one of the first laws of nature. We want fair treatment. The spring United States fish got two cents a pound for their catches than Canadian. Recently the situation has been somewhat reversed, the gun is still loaded and the spring local fishermen will suffer the same disadvantage if something is done. If in the market advanced American fishermen are to be benefited from spending any money here, the port should be better off, without the fish. Then Canadian boats would have a decided advantage in the markets of the East, it is the tendency would be to let Canadian fish to sell for higher prices.

Let us suggest to U.S. fishermen that they give the "Pass up Alaska" scheme a trial. Let us clear for the fishing grounds instead of for an Alaskan port and buy all their supplies here. Then we shall see what we shall see. A club is the only weapon to use with some people.

Bandits Demand Two Million Dollars for Release of Rich Americans Captured by them

PEKIN, May 8.—Miss Aldrich, of New York, and other women captives taken in the raid by bandits on the Tientsin-Pukow Railway, have been set free, according to a message received here. Men among the foreigners are still held and are reported to be in grave danger since the bandits have notified the authorities that male prisoners will be killed unless the troops are withdrawn. These troops are pressing the bandits on both sides.

The foreigner killed yesterday is believed to have been J. Rothman, a British subject. Among the Americans held are Robert Scripps, a newspaper publisher, Major Pinger, and two other United States army officers. K. Nagai, governor general of the Japanese colony on the island of Sakhalien and another prominent Japanese are reported to be also held by bandits.

WASHINGTON, May 8.—The situation is regarded as seriously menacing relations between the United States and the Peking government according to the report of United States Minister Schurman on the capture of Americans by bandits. It is expected the government will press vigorously for the release of the prisoners.

LONDON, May 8.—A ransom of two million dollars for the foreigners held prisoners is demanded by Chinese bandits, says a Shanghai despatch. British and American garrisons at Tientsin have been mobilized.

TERRACE RESIDENT SHOOT'S HIMSELF

Isaac Behore, rancher at Terrace, shot himself this morning according to a message received at the local provincial police office today from Constable Mancor, of Terrace. No particulars are given in the wire. An inquest, it is understood, will be held.

AIR SERVICE FOR DEFENSE

New Proposal For Super-Express Mail and Passenger Lines in Empire

LONDON, May 8.—A super-express mail and passenger service to a distance of 10,000 miles across the Empire by rigid airships of a larger type than hitherto built and perfected recently is contemplated by the government, says the Daily Chronicle. The cabinet is on the point of approving the scheme.

Experts, the paper says, have approved the undertaking, especially for Empire defense. With the co-operation of the Dominions hundreds of troops could be carried swiftly to vital points of the Empire if needed.

THORNTON SAYS OTHERS NEXT

The Railway Has Done Something and he is Looking For Action Elsewhere

MONTREAL, May 8.—The Canadian National Railway has done all that can be expected of them toward helping to market coal in Ontario and Quebec and it is now the turn of other interested parties to show how much sacrifice they are prepared to make in the matter, Sir Henry Thornton announced today. In fixing the rate at nine dollars a ton, he said, "We've done something anyhow, and we have not seen anybody else making any reductions to help the matter along."

CHOSE ACTRESS AS CANDIDATE

Will Contest Berwick Constituency in Conservative Interests in Place of Husband

LONDON, May 7.—Mabel Russell, the actress wife of Capt. Hilton Philipson has been designated Conservative candidate for the Berwick division of Northumberland. When her husband lost the seat through the irregularities of an election agent Miss Russell determined to keep the seat in the family.

ROUNDING UP IRISH IRREGULARS AND THE TAKING OF PRISONERS

DUBLIN, May 8.—The roundup of Irish irregulars is progressing in the mountains near Blessington, where large numbers are reported to be in hiding. Heavy firing was heard this morning and later a dozen prisoners were brought into Blessington.

Copper Mountain Property is Sold by Auction and will be Taken over by Granby Company

VANCOUVER, May 8.—The entire assets of the Canadian Copper Corporation at Princeton, B.C., and in Washington State representing a six million dollar investment was sold yesterday afternoon under the hammer in the Vancouver Court House for \$2,000,000 to T. H. Marshall of New York. The American attorney was the only bidder and his bid was promptly accepted. The purchaser made a cash payment of \$10,000, while part of the \$2,500,000 bonds, whose interest defaults led to the original foreclosure proceedings, will go in as purchase money.

Marshall represents Hayden & Stone of New York, a financial and bondholding firm, who will now proceed to complete the agreement with the Granby Consolidated, who will purchase and operate the plant.

At present the plant is shut down but it is expected before long to employ six to seven hundred men.

The sale was conducted by J. E. Mather, supreme court registrar.

The bid put in by Marshall was the reserve price put on by Mr. Justice W. A. Macdonald following an expert valuation.

The amount due on bonds including interest amounted to \$2,926,780.

The Copper Mountain property and that in the Curlew district of Washington will be operated, it is understood, under the same general management as the Anox and other properties. The ore will be smelted at Trail.

MEMBERSHIP IN TRADES UNIONS FALLING OFF

LONDON, May 8.—Arthur Henderson, secretary of the Labor Party declares that trade union membership had fallen in the last two years from 6,500,000 to just over 5,000,000.

The Trade Union congress is beginning a campaign to increase the membership.

CRITICISM OF FRENCH NOTE

Britain and Italy Will Send Separate Notes to Germany on Reparations

LONDON, May 8.—Chancellor Baldwin stated in the House of Commons yesterday that the government regretted the abruptness of the Franco-Belgian reply to German reparations note and proposed to state its own view in a separate reply with the least possible delay. He added there was reason to believe Italy was in accord with the British and contemplated similar procedure.

PARIS, May 8.—That France's recent note to Germany was equivalent to an invitation to Germany to make a serious proposition, was the interpretation put on the note in French circles today. France herself is conciliatory now it is declared. She is looking out the window watching and waiting, according to official quarters.

French troops have taken possession of Hugo Stinnes castle near Dortmund. The photo shows Commander Thiopaut at the entrance to the house.

Hospital Affairs are Under Discussion and Another Offer is Made

A two-hour discussion last night between the hospital board and the city council on finances of the hospital culminated in the council raising its per capita offer to the hospital from 50c to 60c for the year 1923. The hospital board was represented by President D. G. Stewart, W. E. Williams, S. K. Campbell, T. Ross Mackay, D. C. McRae and W. E. Collison.

Messrs. Williams, McRae and Campbell went at length into laying the financial situation of the hospital before the council and defending the management from criticisms that had been made last week. Messrs Stewart and Mackay also spoke more briefly. Mayor Newton and Ald. Stephens defended certain statements they had made and reiterated their opinions of last week as regarded the business management of the institution, especially as regarded methods of collection. The difference seemed mainly to lie in the wish of the mayor and Ald. Stephens to grant the hospital on the basis of 50c. per capita while members of the board continued to stand out for 70c. Finally the compromise was offered by the council and the hospital board delegation left the meeting with the assurance that it would consider the matter at an early date.

In opening the discussion, President Stewart stated that it was the desire of the hospital board to retain its friendly association with the city council. He had always felt that the hospital was a city institution and that the city council would continue to stand behind it today as it had done in the past.

Efficient Service

Mr. Williams said that the hospital board had no desire but to meet the city council on a fair, business-like and man-to-man basis. The board did not come as supplicants or in the manner of making a demand. He would give the council credit for its efforts at economy but the hospital board was endeavoring to be economical also. The board did not wish to declare dividends but it did strive to give efficient service. Notwithstanding anything that might have been said about hospital extravagance, neglect to collect its bills and attempts to hold up the city council, he could assure the council that this was not the spirit of the hospital board at present.

GERMANS GET LONG TERMS

Krupp and Others Sent to Prison and Fined Heavily by French

WERDEN, May 8.—Dr. Krupp von Bohlen, head of the Krupp works, was sentenced to 15 years in jail and fined 100,000,000 marks today as a result of a trial by court martial here growing out of the shooting at the Krupp plant on March 31.

Directors Harwig and Oesaterien were also sentenced to 15 years imprisonment each. Director Brunner to ten years and Beuer and Schaeffer to 20 years each. All so sentenced are to pay fines of 100,000,000 marks each.

(continued on page 4)

YUKON RIVERS ARE OPENING

Spring Breakup in North Has Commenced But Big River Still Holds

HERDS OF CARIBOU SEEN

DAWSON, May 8.—The spring breakup is at hand. The ice is breaking everywhere and within two or three weeks steamers will commence plying on the rivers of the north.

The Klondyke opened yesterday but the ice in the Yukon is still holding and may hang on for a week.

The last mushers over the ice are now arriving from distant points after extreme hazards.

The last of the spring freighting across Lake LeBarge was completed on Friday and steamers are awaiting at the foot of the lake for the river to clear. The cargoes have been completed and those steamers will be the first to arrive here.

Parties arriving from points in the lower Yukon report great herds of caribou along the trail not far from Dawson.

ASK REMOVAL EXCESS RATES

Premier Oliver Answers Attorney General Craig of Manitoba: Lack of Understanding

VICTORIA, May 8.—What British Columbia is asking, declared Premier Oliver, replying to a recent statement by Attorney General Craig of Manitoba, "is removal of discrimination from which she is suffering by way of excess freight rates as compared with the rates in force in other parts of Canada and not that she should be favored in comparison with other provinces."

The premier said Mr. Craig did not understand the situation.

SENDS NOTE TO GERMANY

France and Belgium Did Not Consult with Great Britain on Late Situation

LONDON, May 8.—Great Britain will dispatch a note to Germany within 36 hours expressing disapproval of the latest German reparations proposals and will urge German to present a more practical and liberal solution.

It is understood the cabinet discussed the situation today created by France and Belgium replying to the German note without consulting their allies, to whom as well as to them, the note was addressed. The situation is regarded by the press as extremely awkward and there is sharp criticism of the conduct of the Ruhr allies.

NEWFOUNDLAND ELECTION TIE

Sixteen Seats Yet to Hear From Following Thursday's Vote

ST. JOHN'S, Nfld., May 8.—With 20 out of 36 seats in the Newfoundland assembly heard from Premier Squire's party and the opposition were tied. Each have elected ten followers in the count so far in last Thursday's vote.

Salt Lake Needs Much Money Spent.

An inspection of the Salt Lake last evening showed that the place is at present absolutely unfit for bathing. The floats have been washed away from their original location and are now so far from the accessible parts of the shore that they cannot be used. The whole place needs a good cleanup and improvements are badly needed in order to provide a place where beginners may learn to swim.

Another necessity at the lake is a boat. At present there is not one there and in case of accident there is no way of rendering aid. Even the lifebuoys have been destroyed or taken away. A rough estimate indicates that anything from five hundred to a thousand dollars will be needed to make the lake attractive as a bathing resort.

There is a general revival of interest in the swimming idea this year. People are beginning to realize that the lake is the greatest asset Prince Rupert has. It is the natural pleasure resort for the people of the city. The provincial government is looking after the approach. The proprietor of the Prince Rupert boathouse is looking after the wharf, but it is up to the citizens of Prince Rupert to put the lake in order. To do that money must be raised, and there is no way of doing it except voluntarily.

At an early date a meeting will be held for the purpose of going into the whole matter of making the Salt Lake an attractive spot for bathers and picnickers and it is hoped that the attendance will be large on that occasion.

At Last Steamers Are To Call Here.

Definite arrangements have been made, it is announced, for steamers of the G.G.M.M. to call at Prince Rupert for lumber cargoes. This has been done through G. W. Nickerson, the local broker, who has been working on the scheme for some time. The next step will be to keep up the supply of lumber so that the shipments may be regular.

This is the first time in history when a definite arrangement of the kind has been made. Possibly with the ships sailing from here, other cargo than lumber may be arranged. At any rate, if lumber shipments can be made every month it will be a good thing to have the boats calling here.

The scheme for lumber shipments will justify the action of local citizens in asking for a lumber assembly dock at this port. Prompt action is being taken by the railway company and it looks as if the beginning of a new era is in sight.

For years we have been looking for the arrival and departure of deep sea shipping. Now, apparently, our wish is to be fulfilled and the next thing to do is to develop it until it places us on the map as a shipping port.

Another important step will be to show the Dominion Government the advantages of Prince Rupert as a grain shipping port. It ought to be possible to get them to erect an elevator here. They have announced that they are about to investigate the shipping facilities and advantages of the western ports. Prince Rupert ought to be able to hold her own with any other port in this respect.

Getting Ready For Increased Business.

The F. G. Dawson Company in extending its warehousing accommodation is apparently getting ready for increased business. Mr. Dawson believes he will get it or he would not go to the expense of taking larger premises. Other merchants in town have been taking advantage of the hull to extend their store premises and it looks as if the city would be the gainer. Already people are getting into a better frame of mind and are feeling that better business is going to put them on their feet.

A dull time is often good for a city. If not carried to extremes, it gives an opportunity to adjust ourselves to the changes going on in other parts of the province. Here we are somewhat isolated but we must not be influenced by the fact. We have to keep pace with the times or we drop out when it comes to competition. We are now looking forward to better things, but while doing so we must make the most of those things we already have.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25c. a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

HOT SPRINGS IN LITIGATION

J. Bruce Johnstone Suing For Recovery of Property at Lakelse Lake From Company

W. O. Fulton, of Patmore & Fulton, acting for J. Bruce Johnstone, of Lakelse Lake, has entered suit against the Lakelse Hot Springs Ltd. and Harold Johnstone, of Winnipeg, for foreclosure on agreement of sale and for possession of the premises at Lakelse Lake including the Lakelse Hot Springs Hotel, the hot springs and 160 acres of lands containing the property.

The suit follows an agreement which was made in 1920 between J. Bruce Johnstone and Harold Johnstone for the sale of the property in question. The property was later turned over by Harold Johnstone to the Lakelse Hot Springs Ltd., represented by W. G. Watson. This company planned several improvements including the erection of a hotel and the improvement of the springs. The company did not carry out this work and failed to meet the payments of the agreement until now it is far in arrears. Hence the suit has been launched.

PUBLICITY FOR LAKES DISTRICT

Members of Burns Lake and District Farmers Institute Assess Themselves

BURNS LAKE, May 8. — At Techesinkut Lake on Saturday evening a meeting of the Burns Lake and District Farmers' Institute was held with Miles Harrison attending to the evening's program. At the meeting it was decided on motion by J. Gilzan to assess every member 25c. for the purpose of giving publicity to the needs of this district for a pulp mill and to draw attention of capital to the immense quantity of pulp wood in this part of the Interior. Following the meeting a dance was held, with Percy Carr acting in the capacity of floor manager. W. S. and T. M. Jeffrey, Peter Dupuis and Mr. Moore supplied the music and a jazz revel, including modern and old-fashioned dances, was indulged in for five hours. Burns Lake, Decker Lake, Palling and Francois Lake were worthily represented. P. V. Tallon and Ernie Jeffery called four sets of square dances which were greatly appreciated. Mrs. J. Gilzan attended to the refreshments, of which there was a plentiful supply.

HOSPITAL OFFICERS AT TELKWA ELECTED FOR THE COMING YEAR

TELKWA, May 8.—At the annual hospital meeting on Friday night, there was a good attendance. Messrs. Chattleburgh and Boyle as secretary and treasurer respectively for the past year resigned. A vote of thanks was given them for the very excellent way in which they had handled the business for the past year. The following officers were then elected: Pres. J. P. Wheeler, re-elected. V.-Pres. T. J. Thorp, re-elected. Sec., Rev. J. S. Brayfield. Treas., E. M. Hoops. The president then gave a short resume on the work of the past year and showed what a splendid thing it was for Telkwa to be able to keep the Nursing Home open and to retain the services of Dr. G. C. Paine.

The Man in the Moon SAYS--

AT this time of the year rakes are fashionable.

THE advantage in making tea on the beach over taking a thermos bottle to the picnic is that by the campfire method the delightful smoke flavor can be secured.

CONSIDERING their age, its wonderful how fragile the ten commandments are.

BIG executives usually know how to take orders. Just notice how aptly they say, "Yes dear"

when their wives are talking to them over the phone.

AT one time the world was flat, then it became round and now it is crooked.

SOME of the women who wanted new hats at Easter find their heads still troubling them.

THEY hardly need a paper in this little country town, because the women are so good at spreading the news around.

ITS difficult for some fond papas to decide what they want most a pram or a motorboat.

A MAN wants to know why the B.C. Liquor law is considered a success. He inquires is it because it controls or because it does not control?

SOME men who go out in motorboats are old enough to know better and some women who marry some men are easy to satisfy. I know a lot of other maxims that are true.

IF a man is hen-pecked at home he is likely to get after the chickens when he goes off for a holiday.

THE descent of man from monkeys is simply a theory and may be right or wrong but it is a fact that man often makes a monkey of himself.

THERE is one thing about these little pauses between the rushes in business, one does not have to pay much income tax.

IN THE SUNSET OF LIFE

LIFE INSURANCE SERVICE

Ten Years Ago in Prince Rupert

May 5, 1913.

Mayor Pallullo and City Solicitor Peters have been authorized by the city council to proceed to Chicago, Montreal and other money markets if necessary to sell city debentures. They will leave at the first of next week.

An early morning fire today at the Clinton Rooms on Fraser Street caused considerable excitement. It was only by good fortune that the building was not entirely destroyed. As it was the damage was only \$900 covered by insurance. Several of the inmates had to make a hasty exit in their night clothes.

Mrs. Carol Ask, of Seattle, has been brought to the city after having been rescued in Grenville channel by a Ketchikan fishing boat. Mrs. Ask fell overboard from the steamer Spokane and was washed ashore where she remained on the beach for ten hours in her night clothes before being rescued.

Rose, Cowan & Latta's tender of \$75.00 to print 3,500 tax notices was accepted by the city council last night on recommendation of the finance committee.

WAGE REPORT IS REJECTED

City Council Last Night Refused to Accept Finding of Conciliation Board

A letter from F. A. Ackland, deputy minister of labor, giving notice of the finding of the Conciliation Board which recently investigated the wage dispute between the city council and the Civic Employees Union was filed by the city council last night on motion of Ald. Munro, seconded by Ald. Smith, a counter resolution that by Ald. Macdonald and Ald. Mackenzie that it be accepted being defeated, only the mover and seconder voting for it.

Answering a question by Ald. Macdonald, Mayor Newton stated that the filing of the letter would mean the end of the matter, Ald. Munro stated that such was his intention. The city council had never granted the conciliation board and he did not want to have anything to do with the report.

Ald. Macdonald maintained that Ald. Munro had assisted in having a delegate of the council appointed to the conciliation board and that by doing so he had recognized the board. He did not believe that he should slide from under in such a manner. It was clear that the council did not intend to reconsider the question.

Ald. Munro denied that he had assisted in the formation of the board or its recognition. He had previously made his stand on the matter clear. While he would vote against the acceptance of the report, he was prepared to deal with the men themselves on the matter. As far as he was concerned, the intention of his resolution in filing the report was to finally dispose of it.

Before council adjourned, Ald. Munro gave notice of motion calling for a reopening of the outside wage question at next Monday night's council meeting.

FISH ARRIVALS

Five halibut boats sold catches totalling 57,800 pounds at the Fish Exchange this morning. Arrivals and sales were as follows:

WANTED—A Boys' bicycle, Ring Black 509. 110

Week-end excursion fares—between Prince Rupert and Terrace and return will go into effect on Friday, May 11, according to announcement made at the Canadian National Railway city ticket office this morning. The round trip will cost \$4.75 including tax.

C. C. Perry, Indian agent at Vancouver and formerly of Prince Rupert, received news last week of the death of his brother, Henry James Perry, inspector of the Royal Society for the Prevention of Cruelty to Dumb Animals in Devonshire, England. Inspector Perry was returning home on his motorcycle leaning over the handle bars. Another man was approaching on a motor cycle in the same attitude. They collided. Inspector Perry was instantly killed and the other was rendered unconscious.

Vote for the Booth School By-law on Thursday and thus enable the City Council to spread the cost of the repairs over a period of twenty-seven years rather than be forced to pay the whole cost in this year's tax levy. 110

W. H. Waldorf applied to the city council last night for the position on the fire department which will be vacant on June 1. The application was referred to the utilities committee which has several others now under consideration. 110

If you prefer to pay the whole \$55,000 cost of the Booth School repairs in this year's tax levy, vote against the By-law on Thursday. If, however, you prefer to ease up this year's tax necessarily, vote for the by-law in order to spread the cost over a series of years. 110

The proposed new Hay's Creek Bridge will meet all necessary requirements for at least fifteen years. Why, therefore, spend double that amount on a too narrow steel structure for future large traffic at double the cost, with added interest charges in the meantime? 110

Week-end excursion fares—between Prince Rupert and Terrace and return will go into effect on Friday, May 11, according to announcement made at the Canadian National Railway city ticket office this morning. The round trip will cost \$4.75 including tax. 110

C. C. Perry, Indian agent at Vancouver and formerly of Prince Rupert, received news last week of the death of his brother, Henry James Perry, inspector of the Royal Society for the Prevention of Cruelty to Dumb Animals in Devonshire, England. Inspector Perry was returning home on his motorcycle leaning over the handle bars. Another man was approaching on a motor cycle in the same attitude. They collided. Inspector Perry was instantly killed and the other was rendered unconscious. 110

W. H. Tobey, C.N.R. divisional engineer, left on last night's train for Prince George.

Mrs. Matthew Fortune left on last night's train enroute to Kamloops on a holiday visit.

C. G. Mills, late manager here for Kelly-Douglas Co., Ltd., has joined the staff of F. G. Dawson, Ltd., sales manager.

Registration for the provincial voters' list closed last night and the court of revision is scheduled to be held on June 18.

If you want a new bridge over Hay's Creek, vote for the by-law on Thursday. Otherwise the chances are that there will be no bridge built there this year at least.

John P. Wheeler, field supervisor of the Soldiers' Settlement Board at Telkwa, arrived on last night's train from the interior and is registered at the Hotel Prince Rupert.

Repeat orders already coming in for Nanaimo-Wellington-Nul Coal for kitchen range and summer use. Quick fire. Costs same as inferior coals. Albert & McCaffery, Ltd. Phone 564. 11

The Union steamer Ghelohsin, Capt. Stacey, arrived at 12.30 today from Anyox, Alice Arm and the Skeena River. She is scheduled to clear for Vancouver and waypoints at 6 this evening.

The G.T.P. steamer Prince John, Capt. Harry Nodden, is due from Vancouver and the Queen Charlotte Islands on Thursday morning. The steamer left Jedway at 5 o'clock this morning.

H. H. Hennings, the antiqueeer, has on exhibition a curious old lock loaned to him by W. V. Tattersall. It is of very curious construction and looks as if it was part of an old castle door. It is thought to be about four hundred years old.

Mrs. T. C. Wilding left on last night's train enroute to the Old Country on a holiday visit. Stopping over at Winnipeg to visit for a few days on her way East, Mrs. Wilding will embark on the steamer Regina from Montreal on May 19.

The G.T.P. Coast Steamship Co., Ltd. will in future be known as the Canadian National Pacific Coast Services according to official announcement made from railway headquarters. The service includes the steamers Prince Rupert, Prince George, Prince John and Prince Albert.

A. Kinghorn left on last night's train for Detroit, Michigan, where he expects to remain. Later Mrs. Kinghorn and family will join him. Long prominent in local soccer circles, Mr. Kinghorn's departure from the city will be a matter of regret to many. Last year he was captain of the Gallies' team in the Senior Football League.

BRINGING UP FATHER

By George McManis

HOSPITAL AFFAIRS ARE UNDER DISCUSSION AND ANOTHER OFFER IS MADE.

(Continued from Page One).

all. The hospital was compelled to accept all that offered and must take care of the sick. It was not always possible to collect bills at once and diligence could only be used in following up these matters. Despite high cost of operation which was necessary in Prince Rupert, the average per capita cost last year had been \$3.18 which compared favorably with any hospital in the province. At that it had just got by on the city per capita grant of 70c. While the overhead would be just the same this year as last there were indications that the revenue would not be as great. Therefore the hospital board felt that it would be impossible to finance this year on the 50c. per capita basis, much as it would like to do so if possible. It would mean, however, inferior service, higher charges or a deficit at the end of the year. He felt sure that the council would not have the hospital board accept a policy that it knew would result in going in the hole.

Incorrect and Misleading

D. C. McRae asserted that statements had been made last week which were incorrect and misleading. The hospital board had proved that it had no chip on its shoulder by its willingness to confer with the city finance committee and furnish it with all the information that it had desired. The finance committee, however, had delayed a reply on the matter of a financial understanding for the year. Ald. Stephens had said that the hospital had received \$4,172 in December as share of liquor profits. This was not true. The money had been put in the bank for the benefit of the nurses' home. Ald. Stephen should not have referred to the payment for the ambulance by the city in his statements of city grants to the hospital last year for at no time had the hospital board felt that it was in a position to undertake the purchase of an ambulance. Neither had the \$5,000 Moffatt legacy been included in last year's hospital business. Ald. Stephens had left the impression that the hospital receipts last year had been \$42,000 and had endeavored to show the source of \$26,000. In doing so he had left on the minds of the people an impression that was untrue and incorrect. The hospital receipts last year had been \$52,909. Of this \$26,800, or 50 per cent, had been from patients' fees, \$14,797 or 26 per cent, from the provincial government in its per capita grant (\$9,524) and share of liquor profits (\$5,272), \$11,000 or 20 per cent, from the city per capita grant and the remainder from miscellaneous sources.

Vancouver Financing

The budget of the Vancouver General Hospital this year showed that that institution expected to receive 44 per cent, of its total receipts from patients' fees, 24 per cent, from the provincial government in per capita grant and liquor profits, 20 per cent, from city grant (60c. per capita) and 12 per cent from miscellaneous sources. He would emphasize the fact that the Prince Rupert General Hospital had received 50 per cent of its receipts last year from patients' fees while the Vancouver hospital this year figured on getting 44 per cent of its receipts from patients' fees. Of 705 hospital accounts here last year, 491 had been paid in full, 64 had been paid in part and 147 had not been paid at all.

Ald. Stephens had said that the hospital board had written

BIGGER FLOWERS AND VEGETABLES
by using "FERTABS"

FERTABS are a concentrated fertilizer which you apply to the root of the plant. Equally good for flowers, ferns, fruit and vegetables, and for outdoor and indoor use.

Use FERTABS regularly your garden, and you'll be surprised at the glorious blooms and fully grown fruits and vegetables.

Buy them where you buy your seeds. In 25c. 75c. and \$1.50 packages.

FERTABS
PILLS FOR PLANTS

THE ANDREWS, ESCOTT CO., VANCOUVER B.C.

off \$27,000 of accounts last year. This was correct but it did not mean that they were all bad debts. They were an accumulation of several year's outstanding and many of them were still collectable. All these things had been explained to the finance committee and he could not understand why Ald. Stephens had seen fit to scatter broad cast an impression that the hospital board had not told the whole story. At the first of the year the board had put these accounts in the hands of solicitors. Some were coming in slowly but all were being looked after. An unfortunate impression had gone abroad that no effort had been made to collect hospital accounts. In 1921 and 1922 they had had a collector at work. If 82 accounts were good, as Ald. Stephens had asserted, then the machinery was in operation to collect them.

At Other Hospitals

Referring to the average cost per hospital day in the Prince Rupert hospital, Mr. McRae said that the \$3.26 here in 1921 and the \$3.18 in 1922 compared well with any other average in the province and he doubted if there was any hospital in B.C. more efficiently managed. Average costs per day in 1921 at other hospitals in the province had been as follows: Neison, \$2.96; Vancouver \$3.10; Victoria \$3.72; Prince George \$5.34. The average cost for the province had

been \$3.25 in 1921 and Prince Rupert's had been \$3.26.

In closing, Mr. McRae said that he had not come to make a demand of the council for 70c. per day or for the \$2.50 method, had impressions had been made last week and he had been glad of the opportunity to assist in their correction. The criticisms made by the council had been unfair, unreasonable and unjust.

Salaries of Nurses

S. K. Campbell said criticism had been made of the hospital management but he could not see where it could be pointed to unless possibly it was in regard to the collection of accounts. The average salary of the nurses was 26c. per hour and supplies were secured at a reduced cost. The overhead could not be reduced. The hospital board would like to accept 50c, but it was impossible. He did not see how the hospital could finance this year on a smaller per capita basis from the city than last year. For one he would be willing to give the city a sporting offer in accepting 50c, with the understanding that the city meet any deficit or 70c. with the understanding that any surplus be returned to the city at the end of the year.

T. Ross Mackay referred to hospital matters at Ocean Falls. There were difficulties in making collections even in such a conducted town as that. He believed the strictest economy possible was being exercised in the Prince Rupert hospital. Nurses were receiving an average of 26c. an hour in pay and were being fed 19c. meals. Hospital collections at 50 per cent compared favorably with city taxation collections.

Mayor Newton maintained that neither he or any of the aldermen had attempted to cast aspersions on the conduct of the hospital work. Not one of the members of the hospital board had suggested a way out so that the city would not be compelled to pay as much this year as it had done last. He felt that with a greater volume of collections this year and the liquor profits besides, the hospital should be able to entertain the 50c. offer. He thought that the hospital board should co-operate with the city in an attempt to cut down expenses. He was inclined to favor Mr. Campbell's offer.

No Apologies

Ald. Stephens said he had no apologies to offer except possibly two mistakes he had unwittingly made. He had understood that the \$5,000 Moffatt endowment had been paid to the hospital last year. If that was not the case, then the hospital should be that much better off this year.

Daily News Classified Ads.
2 CENTS PER WORD IN ADVANCE. No Advertisement Taken for Less than 50c

He was glad to hear that many of the written off accounts were collectable. That would tend to make the hospital financing even still easier this year. He had no criticism to make of the operating end of the hospital but he would reiterate the statement that he was not satisfied with the business end because the collections, a matter of prime importance, were weak. People should be compelled to pay their hospital bills because they were receiving the benefit of one of the most valuable services the city had. As for his statement regarding the year's business of \$42,000 instead of \$52,000, he had received his information from the hospital board.

Mr. McRae stated that \$42,000 had been the hospital earnings and not its receipts.

Ald. Stephens said that personally he would feel like taking Mr. Campbell's proposition to pay the hospital 70c, provided they turn over any surplus to the city together with uncollected accounts. As for 70c, straight he would prefer the \$2.50 plan.

Read Daily News

Mr. McRae at this point read portions of last week's report of the council meeting in the Daily News to confirm Ald. Stephens' statements which he said were misleading and unfair.

A debate ensued between Mayor Newton and W. E. Williams on the point of whether or not the hospital could get along with 50c. or 70c. per capita. Mr. Williams maintained that collections would be more difficult than ever this year and the revenue less while overhead would be about the same as last year. He would be satisfied however, if the council would undertake to give a hard and fast agreement to pay any deficits over the 50c. per capita. Other members of the council and the board then engaged in discussing the merits and demerits of such a course.

Ald. Macdonald suggested 60c. as a compromise, Ald. Collart supporting it.

Nurses' Home

The building of the Nurses' Home then came under fire at the hands of the mayor who felt that the time was perhaps inopportune and that any liquor profits which might be proposed to use in paying for its construction should go towards ordinary hospital expenses. The deferring of the project he thought might be advisable.

Mr. Williams and Mr. Campbell maintained that the Nurses' Home would be a factor towards reducing nursing costs. It would be possible then to use more student nurses instead of graduates.

Definite Offer

Ald. Collart moved that 60c. per capita be offered the hospital board. This was seconded by Ald. Macdonald and passed unanimously. The delegation then left the chamber after 10 o'clock, President Stewart thanking the council for its generous hearing and giving assurance that the offer would be considered at as early a moment as possible.

Suffered from PIMPLES & BLOTCHES for Fifteen Years

When the blood becomes impure it is only natural that pimples, blotches, boils or some other blood trouble will manifest itself by breaking out of the system.

There is only one way to get rid of these obnoxious skin troubles, and that is by giving the impure blood a thorough cleansing by the use of a good blood purifier such as

Burdock Blood Bitters

This remarkable remedy has been on the market for over forty years; is the best obtainable, and will do all we claim for it as a blood cleanser.

Mr. Albert R. De Witte, Lake Valley, Sask., writes:—I have suffered very much from pimples and unsightly blotches for the past fifteen years, and was so had I hated to go out anywhere. I tried many different medicines, but none seemed to help. A friend told me to use Burdock Blood Bitters. I have used three and a half bottles, and now I have a clear, rosy complexion."

B. B. B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

the advantages of amateur affiliation locally and enclosing an application blank for the perusal of local interested parties. As soon as the constitutions are out, copies of them will also be forwarded. Mr. Jones says he will be pleased to give all information in his power if the matter of amateur affiliation is taken up here.

Mr. Jones' letter part says: "As you know, we have here in B.C. a provincial baseball body with headquarters in Vancouver, whose chief object is to put amateur baseball in B.C. on the map. The only logical way to do this and do it right is to have them become affiliated with the provincial body. It will then protect them both as far as players are concerned, and will give them something to play for at the end of the season, as well as playing for their own league trophies. This year we are bringing into force a uniform league constitution which we think will be one of the things that has been needed for years, and we also have amended the association constitution which in lots of cases will make it easier for teams situated in outlying districts to participate at the playoffs in the fall.

Sport Chat

Leading American linkmen have again invaded the British Isles in quest of championship laurels. Last week Francis Oulmet, of Boston, won the St. George's Grand Challenge Cup from Dr. Willing, of Portland, Ore., after these two had eliminated all British contenders. The American Walker Cup team, holders of the international amateur team title, will defend the cup at St. Andrew's, Scotland, on May 18 and 19 and are also entered in the British amateur championship, which opened yesterday at Deal. They will also play in other leading tournaments before returning to America. Walter Hagen, the present holder of the title, Charles Hefner and Gene Sarazen are among the American professionals seeking professional laurels in the British Open at Troon, Scotland, next month.

J. W. Ray Jones, secretary-treasurer of the British Columbia Amateur Baseball Association, has written to the Editor of the Daily News, setting forth

In the Letter Box

W. H. MONTGOMERY'S CRITICISM OF THE TWO MONEY BYLAWS

Editor Daily News:

In your issue of yesterday, W. H. Montgomery advocates the defeat of the Booth School and Hays Creek bylaws, to be voted upon by the property owners on Thursday, on the grounds (1st) that last year's council voted \$50,000 for repairs to the Booth School, and (2nd) that insufficient information has been supplied to the change from steel to wood in the construction of the proposed Hays Creek bridge.

As to the Booth School bylaw, it is true last year's council did assume the cost of upward of \$40,000 for repairs to the school, but that was done after last year's tax rate had been levied. Therefore, this year's council must either levy that expenditure in this year's tax levy or else dividing the cost over a period of years through the medium of the bylaw which is now before the property owners for their approval or rejection. Under existing conditions, I have no hesitation in recommending the latter course. Let posterity bear a small part at least of this great school expenditure.

As to the Hays Creek bridge bylaw, had Mr. Montgomery been able to have been present at last Friday evening's public meeting, he would have heard the reasons for changing from a steel to a wooden structure and the causes of the delay. These reasons have been fully reported in the press, so surely it is unnecessary for me to say more than that the council, backed by its expert advice deemed it unwise to erect a too narrow steel structure to sufficiently accommodate future heavy traffic, unnecessarily costly for temporary requirements, and the necessity of negotiations with the contractor of the steel portion of the bridge for a release of a contract which had been awarded by last year's council providing the electors approved, which they did under the belief that the 1923 council would revise and propose the building of a more economical bridge, as has been the case, last January.

Under these circumstances, I have no hesitation in recommending to the ratepayers the wisdom of voting for the Booth School bylaw as a means of keeping this year's tax rate that much lower than it otherwise would be if we were to pay this cost in one year and also to vote for the bridge bylaw if such a bridge is desired, for certainly, unless the council changes from what I believe to be its unanimous sentiment, a steel bridge at the present time is out of the question, and it will only end up in prolonging the need of bridge accommodation over Hays Creek.

S. M. NEWTON, Mayor.

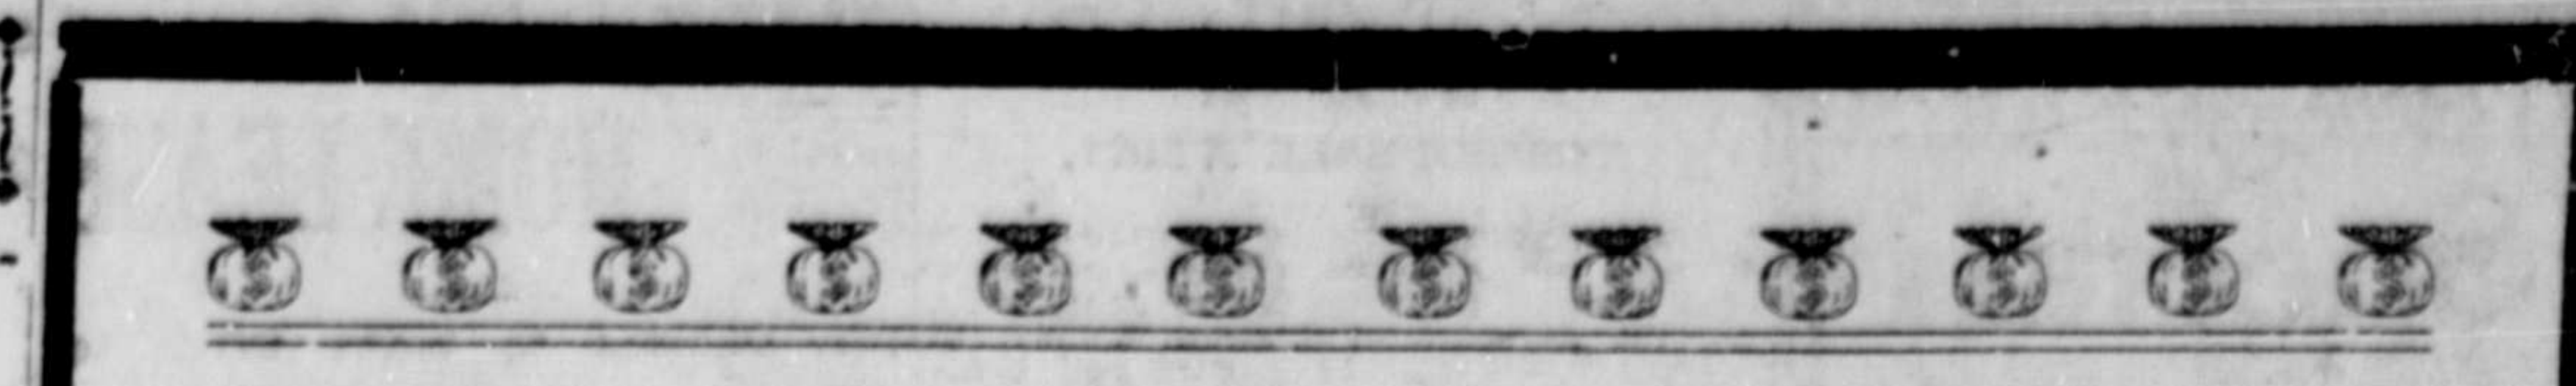

PUTTING NEW FLOAT AT SALT LAKES FOR RUPERT BOAT HOUSE

The Prince Rupert boathouse is building a new float at the Salt Lake at the landing stage. The old one was washed away in the winter and broke up on the beach. The new one will be built on logs and will be higher out of the water than the other but will not be as large.

The work on the new float is being done this week. The logs were towed round from the first lake last evening and are now moored in position ready for work to commence. While the new float will be large enough to accommodate the launch 23 and such other business as may offer the Prince Rupert boathouse, it is understood that there will not be much accommodation for the general public. I will be for the Swimming Club to decide what to do in these circumstances. It may be necessary to build a public wharf in addition to the Swanson float.

STEWART

If the London syndicate which has an option on the Patricia and Montana groups of claims on the Marmot river go ahead with their agreement, \$50,000 will be spent this year on development work on these properties. H. C. Magee, who arrived recently from the south, announced. The Patricia group is owned by Mr. Magee and Dr. R. E. McKechnie, of Vancouver. The

THE DAILY NEWS

Montana is owned by Mr. Magee, Angus McLeod and Geo. Brugg, of Alice Arm.

Machinery and mine equipment for the Virginian Alaska mine is expected to arrive from Seattle very shortly. A camp for 15 men has been completed in readiness for the commencement of work. Angus McLeod, foreman of the Fish Creek mine for about a year, has been employed as superintendent of the Virginia from May 1.

According to instructions received by Foreman Angus McLeod, in charge of development work on the Fish Creek mine for the American Mining & Milling Co., prospect tunnels on the upper levels are to be closed and preparations made for a long cross-cut tunnel to tap veins at depth. The program of work for the year has not yet been started.

The Bayview Group on the west side of the Bear River has been bonded to J. A. McDonald, a well known northwest mining operator, who arrived here last week from Seattle. Work will start under the personal supervision of Mr. McDonald as soon as the trail is open. The Bayview is owned by Geo. Cameron, W. C. Cameron and P. S. Jack.

Mrs. C. M. Kirkwood celebrated her 87th birthday last Wednesday. At the home of Mrs.

W. B. George, a tea and card party was given in her honor, many ladies from Stewart and Hyder being in attendance. Mrs. W. J. Crawford poured and was assisted by Misses Daphne Workman, Helen Crawford and Mabel Mellor.

Following representations by Fred Stork, M.P., orders have been issued from Ottawa that a tight be established on the island about half way down Portland Canal and at the mud flats at the head of the canal.

The post of the Royal Canadian Mounted Police here has been closed and Constable and Mrs. F. Bowler have gone to Prince Rupert for the time being.

TELKWA

Tatlow station was in danger for some time from fire, but the fire is now pretty well under control.

The school children are going to hold a field-day on May 23, and an extensive program of races and sports is being arranged.

Mrs. J. C. Neeve of Tatlow, left on Sunday morning for Winnipeg where she will spend the summer.

FISHERMEN'S HOME LEASE

City Decides to Make Offer to Lutheran Church for Establishment of Institution Here

The city council last night unanimously decided to offer a site to the Lutheran Church for the fishermen's home which it is proposed to build here, at Kelchikan or at Petersburg. The terms will be in the nature of a twenty-year lease at \$1 a year with the option to purchase.

Ald. Stephens at first objected to such a procedure and felt that it would be best to offer a tax sale property for purchase at the upset price. He was also opposed to the principle of granting concessions to any particular denomination. He felt that it would lead to trouble.

Ald. Gollart and Ald. Macdonald felt that every inducement should be made to fishermen to remain in the city and make it their headquarters. They approved of the move to give the lease. The mayor took the same view.

MCLEOD TO REPAIR CITY PLANK ROADS

His Tender for Work was Accepted Last Night by Council—Ald. Mackenzie Offered Objections

The tender of Malcolm R. McLeod for the repairing of plank roads and sidewalks was accepted by the city council last night on recommendation of the Board of Works. The bid was: cap sills, \$14 per thousand; joists, \$12; hand rails, \$9.50; decking and guards \$16.

Ald. Mackenzie submitted an amendment to the motion for adoption of the report, that the

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claim for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% before receiving Crown Grant.

Where pre-emption is in connection with intermediate certificate of improvement and transfer his claim may be leased for a term of not less than 3 years and has made other improvements, he may be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be leased provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in connection with his business, or other improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 500 acres may be leased by one person, company, firm, Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions include payment of stumpage.

Natural hay meadows, inaccessible by existing roads may be purchased conditional upon construction of road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emption are due or payable by holders on pre-emption recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys advanced has been added since August 1, 1914, on account of payments, fees of taxes on moneys pre-emption.

Interest on moneys advanced on purchase of town or city lots held by members of Allied Forces or dependents acquired direct or indirect, remitted from enrollment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1922, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged priority for established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travelers, up to ten head.

HEART PALPITATED and Was Short of Breath COMBINES BILL IS UNDER FIRE

Criticism of Government Measure by Conservatives Led by Meighen and Stevens

OTTAWA, May 8.—The second reading of the Combines Bill brought some sharp debate in the House of Commons. The proposed legislation was explained by Premier Mackenzie King who said: "It does not seek in any way to restrict such combines or agreements between any business and industrial houses and firms, but it does seek to protect the public against the possible ill effects of these combines." It was directed, he said, against that combine which operated to the detriment of the public.

Milburn's Heart and Nerve Pills

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble. Many people may be unaware of having anything wrong with their heart till some little, excitement, over-work or worry starts it to palpitate and throb, skip beats, beat fast for a time and then so slow as to seem almost to stop, then it causes great anxiety and alarm. To all such sufferers

will give prompt and permanent relief. Mrs. Alice Bishop, 13 Hawthorne Ave., Hamilton, Ont., writes:—"I take pleasure in recommending Milburn's Heart and Nerve Pills to all persons troubled as I had been.

I suffered from palpitation of the heart and shortness of breath; my heart would skip beats, and in the night, at times, I would have to sit up to get my breath. I could not go up stairs without my heart fluttering, and my nerves were all wrong, but since using your famous Pills I have felt like a different person."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

work be done by day labor. He gave as his reason that too much would be left in the hands of the contractor if the report was adopted and the cost of making repairs would perhaps be double by such a method. Naturally, the contractor would prefer to use new lumber when he was paid for working with it and old lumber would not be used.

Ald. Munro and other members of the council pointed out that the city would be amply protected for the work would be done under the order and supervision of the city engineer. Repairs so far this year on the day labor plan had cost the city \$27 a thousand. Now they had a bid averaging \$11.

Ald. Mackenzie, despite this explanation, voted against the adoption of the report.

ALASKANS ABOARD SOUTHBOUND SHIP

Yukoners Also Enroute From Skagway on Princess Mary

Several prominent Alaskans were passengers bound south on the steamer Princess Mary which called in port yesterday afternoon enroute from Skagway to Vancouver.

Among them was Charles D. Garfield, assistant secretary of the Seattle Chamber of Commerce for the Alaska bureau. He is returning to Seattle after attending the session of the territorial legislature at Juneau. Mr. Funter, manager of the Funder Bay cannery, was also on board returning south to his home in Bellingham after watching the territorial legislature and making arrangements for the opening of the fishing season at his plant. Mr. Lees, a well-known Fairbanks mining engineer, was another passenger.

Several Will Pass Through the City on Thursday Night Enroute to New Westminster

John Olsen, a locomotive engineer on the White Pass-Yukon railway, was on his way to Vancouver and Seattle on a holiday trip and H. L. Johnstone, C.P.R. agent at Skagway, was bound for Vancouver also on a holiday trip.

LABOR LEADER MIGHT BECOME PUBLIC CHARGE

Was Turned Back at Border by Canadian Authorities and Appeal Dismissed

OTTAWA, May 8.—The appeal of Alexander Howatt, ex-president of the United Mine Workers of America against the action of the inspector of immigration at McAdam Junction, N.B., in refusing to admit him to Canada has been dismissed by the department of immigration here. Howatt was denied admission on the technical ground that he was liable to become a public charge.

SEEDING IS GENERAL THROUGHOUT PRAIRIES

Crop Goes in Later Than Usual and Some Districts Delayed by Floods

WINNIPEG, May 8.—Seeding is now general throughout the prairie provinces. It is about two weeks later than usual. While seeding conditions have been favorable, the lack of rain in some districts has caused anxiety to farmers. This was particularly true of Alberta, where the seed has gone in under the best conditions but the land was dry.

In the low lying lands seeding was delayed, especially in the districts affected by the spring floods.

BUTEDALE

A. H. Gridge, chief engineer at the cold storage, left for the south on receipt of a wireless message that his mother was very ill in Vancouver.

POLICE COURT

John Docheff Given 30 Days For Beer Selling — N. Tahara Fined \$50 For Liquor Possession

John Docheff, of Seal Cove, Montegrin, was found guilty in the police court this morning on a charge of selling beer and was sentenced to thirty days imprisonment without option of fine as provided for under the B. C. Liquor Control Act.

N. Tahara, Jap, also of Seal Cove, was found guilty of having intoxicating liquor in his possession on premises where soft drinks were on sale, namely the Seal Cove Pool Room. He was assessed \$50.

Both arrests followed a visit paid to Seal Cove yesterday by Police Constables Macdonald and Cameron.

ATTORNEY GENERAL IN AUTO ACCIDENT

Hon. A. M. Manson Saves Boy But Runs Down Light Standard Victoria

In seeking to avoid colliding with a cyclist, who came around the corner so quickly as to run into his car, Attorney-General Manson, at 11:45 Thursday night, drove his motor over the curb on the right side of Yates Street, just at the intersection of Vancouver Street, and crashing into one of the iron light standards snapping it off short and badly wrecking the fore part of the car. The lad riding the cycle was thrown to the roadway, but beyond being slightly bruised, escaped without injury. Hon. Mr. Manson also escaped injury, though the heavy standard fell across the hood of the motor. Victoria Colonist.

TIMBER SALE X 5024.

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 1st day of June, 1923, for the purchase of License X 5024, to cut 1,978,000 feet of spruce, cedar, balsam and Hemlock, on an area situated at Bear Lake, Range 4, Coast Land District.

Three (3) years will be allowed for removal of timber.
