CONSERVATIVE LEADERS RAKE OPPONENTS FORE AND AFT IN ADDRESSES

Fair Was Formally Opened this Afternoon by Fred Stork and is Centre of Attraction for Week

With all the ceremonies befitting the occasion, the eleventh annual Prince Rupert Exhibition was formally opened early this afternoon by Fred Stork, M.P., and the big annual affair is now in full swing. It will continue until next Friday evening and, as has already been indicated, the ensuing five days will be replete with interest and recreation for the residents of Prince Rupert and the many visitors who are in the city.

NAVAL LOSS VERY HEAVY

Death List off Santa Barbara Now Set at 29 With Three Missing

SHIPS ARE TOTAL LOSS

All Aboard Liner Cuba are Safe But Ship and Cargo are Gone

SANTA BARBARA, Sept. 11.—The death list in the naval disaster has reached 29. Three others are missing adrift on a raft and about 19 are seriously injured.

All seven destroyers are a total loss and are worth \$1,500,000 each.

SAN FRANCISCO, Sept. 11.—Twelve members of the wrecked liner Cuba were picked up by a tug. Epochal events had come to tanker after twenty hours in an open boat in rough sea. Everybody was saved from the vessel and also the hullion cargo worth \$2,500,000, but the liner and nothing but bright prospects with ordinary cargo worth \$300,000 is a total loss.

JAPANESE RELIEF FUND MEETING

All semi-public organizations of the city, together with the various local orders, churches and other Christian and philanthropic workers are requested to send a representative to a meeting in the City Council Chamber on Wednesday evening of this week at 8 p.m. to arrange for an energetic appeal for funds in aid of the Earthquake and Fire sufferers of Japan.

Let there be a hearty response.

The Indian exhibit this year is particularly attractive and a great deal of pains has been taken in connection with it by those in charge. It includes Indian agent Thomas Deasy's collection of slate totems, Indian Agent Collison's collection of native relics and a collection of native handicraft by William Beynon of Port Simpson. Slate and wood carving and basket weavings by natives should also prove an attractive feature here.

The platform and bandstand is gaily decorated with the exhibition colors of blue and gold. It contains the throne of the Carnival Queen and accommodation for her maids of honor. From this platform the native bands which will provide the fair music will also perform.

FLOATING CANNERY HERE FROM NORTH

Pioneer Arrives Here From Ketchikan and Tied up at Dry Dock Today

The floating cannery Pioneer, belonging to the Stewart Packing Corporation, arrived in tow of a trans-Pacific lumber shipping tug this morning from Ketchikan month such as the institution of a dry dock. It is understood that some repairs are to be made to the craft here and that it may be up at this port for the winter.

The Pioneer, which is a bulky looking affair, comprises a complete salmon cannery plant mounted on a barge somewhat similar to those used for the Swanson Bay car ferry.

BONE PHOSPHATE IS LOCATED VICINITY OF TCHESINKUT LAKE

BURNS LAKE, Sept. 11.—A great deal of extension work has been done on the "Bumper group" in the vicinity of Techesinkut and Francois Lake, and it has been demonstrated that the whole mountain contains huge deposits of the bone-phosphate lime which is such an essential fertilizer element for successful farming and for horticulture.

With the extension of agriculture and fruit growing in the central interior of the province there should be sufficient demand for this product to make the marketing a very successful venture.

This is the only deposit of its kind yet discovered in British Columbia and there is sufficient in sight to supply all of Canada's needs.

Active work is also in evidence on the "Oakla Group" north of the "Bumper" claims.

GRANT PASSED RELIEF JAPAN

City Council Votes \$500 and Subscription Campaign to be Started

The city council last night granted \$500 towards the relief of Japanese earthquake sufferers and decided to start a public subscription campaign for the same purpose.

A motion to this effect moved by Ald. Munro and seconded by Ald. Macdonald was carried. Ald. Collart was opposed to such a course and moved that a public subscription list be started headed with the names of the mayor and aldermen, each giving one month's salary. This was seconded by Ald. Stephens.

There was a lengthy discussion after which the vote was put. The amendment was lost. Ald. Stephens, Ald. Collart and Ald. Macdonald, Ald. Munro, Ald. MacKenzie and Ald. Perry opposed it. The motion carried on a similar time while he is here.

"All I have to say," said Ald. Stephens, "is that you have passed a very unfair motion which will get the ratepayers both going and coming and which will make the resident taxpayers the sufferers."

The mayor will call a meeting for Wednesday night at which representatives of all public and semi-public organizations will be invited to attend in order to get the drive under way. The city's grant of \$500 will be forwarded to Japan at once through the Royal Bank of Canada.

City Solicitor Jones had a slight attack of influenza and was unable to attend last night's council meeting, his place being taken by City Treasurer Matheison. Mr. Jones is back at his office in the City Hall this morning.

INVITATION SENT PRESIDENT BEATTY BY CANADIAN CLUB

An invitation is being sent today by President L. W. Patmore of the local Canadian Club to President E. W. Beatty of the G.P.R. to address the Canadian Club on the occasion of his visit to this city.

President Beatty, it is announced, will be here on his way to Alaska and it is thought arrangements might be made to have the Canadian Club luncheon at a convenient time while he is here.

Conservative Leader Criticizes Government and Explains Policy

After criticizing at length the financial policy of the Provincial Government and designating Premier Oliver as the chief bartender, W. J. Bowser, leader of opposition in the Legislature, said that if he were elected to office he would at once reduce the staffs in the liquor stores and by lessening the overhead reduce the price of whiskey from five dollars to three and a half or four dollars a bottle. He would get a good purchasing agent and pay him such a salary that he would not want to make anything on the side and give the people good liquor at a minimum cost.

Mr. Bowser said he saw no decided improvement in the liquor administration since Hon. A. M. Manson went in. He was going to put the bootleggers out of business but today there were hundreds of spurious clubs selling and at some of them it was not necessary even to sign the membership roll. That was the condition under "this moralist, Mr. Manson." The attorney-general could close down the clubs by not supplying them with beer. He broke out every week with some statement about putting the bootleggers out of business, but he was not abolishing anything except temperance and sobriety. If elected, he, Bowser, would introduce decency in the administration of the liquor laws of the province.

20 Years Experience

The speaker went on to say that he had had twenty years experience as a legislator and had represented the one constituency continuously, the largest in B.C., yet for three elections he had lived in Victoria. He was

for nine years a minister of the crown and could take over any department of the Government. Experienced men were needed.

If the Government had them, it would not have been borrowing fifty million dollars. The Premier was drawing a red herring across the trail in his freight rates campaign. It was the same policy that had been carried on by McBride. But the people were not going to be fooled. When Oliver was hurled from office he, the speaker, would take up the freight rates fight where Oliver left off.

Lauding the G.P.R., Mr. Bowser said they had done more than any other company in the development of the province. They gave the province railways and ships and wharves and docks at Vancouver, a smelter at Trail, mines at Cranbrook, a fine concentrator and other developments. He would say so far as he was concerned he would fight them in a fair and legitimate manner if necessary and lose like a sport. He objected to fighting the corporation on the eve of an election. What they wanted was a business management with tranquility and stability that would be the stern foe of squandermania and discourage the craze for new legislation.

Psychologically he claimed the country was turning back to the Conservative party, which was steady, safe and businesslike.

Successful Man

Mr. Bowser urged the local Conservatives to put up a man who had made a success of his own business and who would be able if necessary to take a place in the cabinet. He wanted to be in a position to get the best everywhere. As a matter of practical economy he would cut off a million dollars from the civil service by introducing business methods. The reserves

MUSSOLINI TO ANNEX FIUME

Jugo-Slavia Expected to Enter No Serious Objection to Italy Getting City

HOME OF D'ANNUNZIO

PARIS, Sept. 11.—It is understood in reliable quarters that Benito Mussolini, Premier of Italy, will proclaim in the King's name the annexation of Fiume within a week.

The Government of Jugo-Slavia is said to be aware of Mussolini's intention but will make no serious protest provided Porto Barros and Sussak, adjacent to that city, are not affected thereby.

Fiume has been famous since the war as the home of D'Annunzio, the soldier poet who captured the city and ruled it for some time.

JAPAN SENDS CANADA THANKS

OTTAWA, Sept. 11.—Japan has sent a message of gratitude and appreciation of Canada's relief supplies through the Japanese consul here to Hon. T. A. Low, minister of trade and commerce. The second shipment of flour and canned goods is leaving Vancouver this week.

ENROLMENT LARGE THE HIGH SCHOOL

The total enrolment this year in the High School numbers 114 of which 58 are new pupils come up from the public school classes. This is rather larger than was expected and indicates the interest taken in higher education. They are graded commercial class 17, first year arts 44, second year 36, third year 19 and fourth year 8.

Last year the graduating class numbered 40, that number having completed their course in the school.

The staff is an excellent one comprising the following teachers: J. C. Brady, principal; C. Woodworth, Miss B. Macdonald, Miss St. James with Miss Pierce in charge of the commercial work.

Welcome To All
Visitors To City.

It gives us pleasure to extend a hearty welcome to all visitors to the city this week. Some of them come here every year and look forward to the visit. Others are here for the first time. It is hoped that all will enjoy the visit so that they may come again. Members of the fair board are doing their best to make things attractive and citizens generally will greet those who come from a distance. The freedom of the city is theirs.

First Anniversary
Of Public Library.

This week celebrates the first anniversary of the organization of the Prince Rupert Public Library; the first public library to be organized under the Provincial Public Libraries Act.

The interest which has been shown in this venture from the very outset, its steadily increasing growth in membership and circulation of books, has more than justified the faith of those who were first instrumental in arousing public opinion, and showing the necessity of such an institution in any city.

But while the interest of the public has been more than encouraging, the library this year received a severe blow when its request for money for new books in its estimates for 1923 was cancelled entirely by the city council. And it is because of this that the library board has planned a widespread campaign for money for new books to be held at the exhibition hall during fair week. The generous support of every citizen of Prince Rupert is asked so that this drive may be a success.

Does A Library In
Town Affect You?

At one time a library used to be merely a storehouse of old books and historical manuscripts, and was used chiefly by scholars and for scientific research. But the aim of the library grew with the rise of democracy, and more widespread educational systems. It is now more a business enterprise. It is an active institution. It is a place for popular enlightenment, a saner citizenship, and worth-while recreation. It attempts to keep abreast of every trend of modern thought, and to make this knowledge free to all.

The person who does not use the library himself, having enough books of his own, or even if he does not read at all, benefits by the existence of a library in the community. It makes for more general education, better-balanced minds, and has an almost unlimited capacity for inspiration and enthusiasm. Garly has said very truly, "The true university of these days is a collection of books."

**BORDEN STREET
SCHOOL REPAIR**Council Refers City Engineer's
Estimate of \$2,700 to School
Board For Action

The city engineer submitted a report to the council last night estimating the cost of repairing the Borden Street School at \$2,700 and the time required for making such repairs one month. The council gave the question full discussion and finally, on motion of Ald. Stephens, seconded by Ald. Collart, decided to submit the estimate of the engineer to the school board with the suggestion that tenders be called for the work and a definite figure be secured after which the council will take steps to provide the money. Reports from George Scott and P. Lorenzen were also received in the same connection. Both estimated the cost at a figure not exceeding \$5,000.

Ald. Perry and Ald. Smith offered a motion that the report of the city engineer be adopted and that tenders be called for the seniors.

Following Visit Two
Years Ago

ATLIN, Sept. 11.—An interesting service was held in St. Martin's Church, Atlin, when the new stained glass window was dedicated, which has been designed, executed and presented by Miss Jessie Van Brunt. Two years ago, when on a holiday tour to Atlin, Miss Jessie Van Brunt was struck by the beautiful tracery of the east window in St. Martin's Church and conceived the idea of decorating the existing window by means of inserting stained glass panels. An appropriate design was made and the panels executed, and installed, giving the whole a delightfully pleasing effect. Miss Florence Vey and Master Lloyd Monroe released the drapery covering the window, and the ceremony, in the absence of Archbishop DuVernet, was performed by the Rev. Edwin Moss.

**SHOT AND KILLED
WHEN OUT HUNTING**

York Barrington, 20 Years of Age
Victim of Accident on
Stikine River

KETCHIKAN, Sept. 11.—Sid Barrington, a well known transportation man who has been on the Stikine for a number of years arrived in Ketchikan bringing in the body of his 20-year-old son, York Barrington, who was accidentally shot and instantly killed on the Stikine flats. The fatal shot was discharged from a rifle carried by Jimmy Dennis, a school chum of young Barrington who came North with him for an outing. The boys were walking along through the underbrush when Dennis stumbled with the result that his rifle went off.

Young Barrington had just completed his course in high school. His mother went south on the last C.P.R. boat, having been called to Seattle by the illness of her mother. The boy was an only child.

Captain Barrington came to Ketchikan on the hope of getting out on the next boat for the south.

**LABOR CONGRESS IN
SESSION VANCOUVER**

VANCOUVER, Sept. 11.—The thirty-ninth annual convention of the Dominion Trades and Labor Congress opened here yesterday with approximately 300 delegates in attendance representing every province and most of the important cities of the Dominion. Among the prominent persons in attendance are Frank Hodges, British Labor M.P., and Walter Reddick of the American Federation of Labor.

**REFUGEES ARRIVING

More Earthquake Shocks Felt in
Yokohama and Tokio—500,000
People are Treated

TOKIO, Sept. 11.—Sixty thousand bodies have been recovered in Tokio and Yokohama up to and including yesterday and the police estimate that 500,000 persons have been treated for wounds and sickness as a result of the earthquake.

Sharp earth tremors were again felt Sunday night. They caused considerable nervousness but did not interfere with the work of reconstruction which is now well under way.

Thirty thousand Japanese who took refuge in the Hongo military depot here perished in the flames that swept the area early last week according to a man named Kawashima, one of the few who escaped.

**SKEENA RIVER ROAD
WILL SOON BE BUILT**

That is Announcement Made at
Victoria by Provincial
Government

Prince Rupert will soon have direct access to the interior by way of the trunk road along the Skeena River, it was announced yesterday at the Parliament Buildings says the Victoria Times.

The Canadian National Railways, which own a large area of land, through which the proposed road will pass, has agreed to set aside as much land as may be required for the project. The City of Prince Rupert has agreed to construct its section of the road.

At present negotiations are on between Hon. T. D. Paitullo, minister of lands, and Sir Henry Thornton, president of the Canadian National Railways, with a view to having lands held by the Grand Trunk Pacific Development Company donated for road building purposes. As this company is still in the hands of a receiver, a donation in the form of territory rather than in money is being asked, and it is expected that this will be arranged shortly.

Hon. W. H. Sutherland, minister of public works, states that as soon as the negotiations are concluded satisfactorily the Provincial government will commence construction.

Dr. Sutherland is now on his way to the Peace River country to make a personal investigation of the transportation problems of that territory in relation to the possible agricultural, timber and mineral production of the future. He will be gone about a month.

**SEISMIC DISTURBANCE
CAUSED DISASTER TO
U.S. DESTROYERS**

WASHINGTON, Sept. 11.—The theory was expressed here yesterday by high naval officials that a tidal wave or other seismic disturbance reacting from the Japanese earthquake caused the disaster to the destroyer division off the California coast on Saturday.

The Ocean Falls football team for the Fair games will arrive from the south on the Prince Rupert tomorrow afternoon. It is not definitely known yet whether or not a trapshooting team is coming from the paper town.

Jack Stanyer of Francois Lake, convicted and sentenced to one year on a charge of shooting with intent, arrived from Smithers on last night's train accompanied by Provincial Constable Fairbairn. He is in the city jail pending being taken to Okala Prison where he will serve his term.

R. Campbell, C.N.R. express agent at Melgrave, N.S., and Mrs. Campbell and H. Coleman, C.N.R. express agent at Halifax, N.S., and Mrs. Coleman arrived from the East on last night's train and proceeded south by the steamer Prince George to Vancouver. They are on a vacation trip to the Pacific coast.

Mrs. Dr. Yocom, superintendent of a sanitarium at Agnew, California, arrived from the south on the steamer Prince George yesterday afternoon and left for the East on the evening train. This is not her first holiday spent travelling over this section of the Canadian National Railway and she is said to be one of the route's best boosters in California.

W. G. Harris, late of the locomotive department of the G.T.P.R. and one of the old timers of the city, is back on a business trip after several years absence. Mr. Harris left here early in 1916 for the east and owing to ill health, had to leave the railroad. He is now representing the Globe Indemnity Company of Canada and is being warmly welcomed by many of his old friends.

Miss A. B. Marcellus, former

domestic science instructor in the local schools, arrived from Victoria on the Prince George yesterday afternoon and will be here until Thursday night. She is here winding up her affairs in the city prior to taking up her permanent residence in Victoria where she has been appointed domestic science instructor in the provincial normal school.

CONSERVATIVE LEADER CRITICIZES GOVERNMENT AND EXPLAINS POLICY

(continued from page one)

on mining and oil properties should be lifted. The country was financially in a bad way but it could be redeemed and there was only one party with any following which could do that—the Conservative party. His experience and ability was at the disposal of the people. He would gather round him the strongest possible men and he asked that they be returned to office.

In his opening remarks, Mr. Bowser referred to the promise locally of a hotel, an elevator and a road up the Skeena River. The present member had been representing the constituency seven years and it was only now on the eve of an election that he was going to build a motor road. He hoped the road would be started, as in that case it would be the pleasant duty of himself to carry it to completion. He never said anything he did not intend to carry out.

Ole Besner

Ole Besner had recently gone to Victoria and told some of his friends that Bowser got off on the wrong track. "Mr. Bowser and I are great friends personally and I would like to meet him I am not in politics," he had told them. He wanted to say that if Besner was not in politics he was not in the booze business. He congratulated him on his reformation. Mr. Bowser claimed he had assisted the Government in making better legislation. He was going through the country and for the first time would visit Francois and Ootsa lake districts.

Looking backward he said he did not mind the people throwing him into the discard when they elected Brewster. Oliver had objected to patronage and said highway robbery was clean and decent compared with the system. Yet it was still running rampant all over the province. There was political robbery and crookedness. He wanted Messrs. Patullo and Manson to meet the charges he made against them. If the people were not satisfied with them it was their duty to exercise the ballot. He did not appeal to Conservatives. He personally had been thrown out by the men of his own party but now the Conservatives were back with him and he was strong enough and big enough to come back and ask an opportunity to make good and bring back a similar prosperous condition to that they had under McBride.

Mr. Bowser dealt at length with figures. The public debt was nineteen million when he went out of office and now it was sixty-six millions under Oliver. Forty-seven millions had been added. Where had it gone? It had gone into such undertakings as Sumas Lake reclamation, Southern Okanagan fruitlands where there was the best land in the Bulkley Valley. He criticized the system of financing and borrowing and said there was no man to be seen in Victoria who supported McRae. R. W. Cameron presided and at

Zam-Buk Saved me a lot of money"

writes Mr. R. Howard, Sr., of Bracebridge, Ont. He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and in addition, spent dollars upon dollars before a cure was effected. Recently I sustained a scratch on my other leg. It became very inflamed and swollen, and finally turned to an ulcer. This time, however, I knew about Zam-Buk, and I acted very differently. I used Zam-Buk alone, with the result that not only was the ulcer healed in much shorter time than the previous one, but I was able to go to work all the time it was healing, and I did not lose a single day's pay. I sincerely hope that my experience may be the means of showing other working people the great healing value of Zam-Buk and of saving many from needless expense and unnecessary suffering." Zam-Buk is just as good for eczema and all skin diseases, ringworm, boils, piles, cuts, burns, etc. 50c box, 3 for \$1.25, all drugists, or Zam-Buk Co., Toronto. the close three cheers were given for Mr. Bowser.

The following teams will line-up in the Fair Board's baseball game tomorrow afternoon between Aynox and Smithers:

Aynox—Draudsen, Fortin, Morley, Downs, McKeown, Campbell, Mealey, Cole, Sherman, Matheson, Halverson and Sloan.

Smithers—Brodie, Roberts, Arnold, Raby, Hoskins, Rutar, Lane, Nelson, Chapman, Kenney and Johnston.

Following is the line-up for the opening football game of the Fair series between Ocean Falls and Prince Rupert tomorrow afternoon:

Ocean Falls—Marshall; Main and Smith; Faichen, Best and Johnson; Bell, W. Smith, Bloom, Moran and Main.

Prince Rupert—V. Menzies; H. Menzies and H. M. D. Lambe; P. McTowan, J. M. Campbell and J. R. Mitchell; G. P. Tinker, O. K. Lord, E. Mackintosh, J. Johnston and J. Marks.

The defeat of British Women Lawn Tennis champions in the United States has started a controversy as to why Britain is losing its old sports supremacy. The sports writer in the Daily Graphic insists that the British are still as "sporting" as they always have been, and that their defeat in lawn tennis and cricket lies in the specialization adopted by America and to an extent Australia. A lawn tennis champion in the States eats and thinks and sleeps lawn tennis. It is his whole topic of conversation and his intellectual horizon has the same limit. Outside tennis he is uninterested in any form of sport. He plays to win—and to win alone. Meanwhile the Britisher, it is argued, has a general all-round interest, and that while a Yankee confines himself to one department the Britisher will strike a very decent average all round, being able to hold his own in tennis, cricket and football—not to mention swimming. Climatic influences also have to be taken into account, and just as Mrs. Mallory in the comparatively heavy air of Wimbledon was below her form, so Miss McKane in the dry atmosphere of New York is off her stroke.

BOAT ARRIVALS

C.N.R. steamer Prince George, Capt. W. S. Morehouse, arrived from the south yesterday afternoon at 5 o'clock with the following list of passengers:

C. T. Johnson, Mrs. L. S. Webb (Ottawa), Mrs. Ashley, Dr. Vocom, A. Bedard (Ottawa), Mr. and Mrs. O. P. Klein, Mrs. C. Jones, J. Gautinbin, B. Myers, Miss F. Peel (Calgary), W. W. Mee, J. McLaren, J. H. Teasdale, F. C. Eadie, Mrs. J. S. Whitman (Smithers), Hon. W. J. Bowser, R. H. Pooley, M.P.P., Mr. and Mrs. W. Cairns, M. Corkill, L. A.

As no tenders were submitted in answer to the city's call for ditching in connection with the laying of water pipe on First Avenue to make connection with the C.N.R. ocean wharf, it was decided by the city council last night to make a temporary connection across First Avenue at Eighth Street and to again call for tenders. The railway company is at present laying its pipe and will be ready to connect with the city in a fortnight's time.

A letter from the Canadian National Railways stating that the Grand Trunk Pacific Development Co. was in the hands of a receiver and that, instead of paying cash, a land donation might be made towards the cost of the road running out of the city passing through the company's land in Section 9 was received by the city council last night.

Old Craft on Shawatlans Lake Will Have Another Engine Installed Run Between Lake and Town

change telegraph dispatch from that city. The casualties occurred in the Nymenceng district where houses collapsed.

USK MAN MARRIED VANCOUVER GIRL IN SEATTLE LAST WEEK

The hull of the city's old gasoline launch on Shawatlans Lake is to be repaired and removed to the Passage where the engine from a smaller boat will be placed in it and the craft commissioned for service between the lake and the city. A report to this effect from the utilities committee was adopted last night.

Ald. Stephens was opposed to such a course and felt that it would not be in the interests of economy. He moved an amendment that the matter be laid over for a week until the utilities committee brought in a report on the cost. The amendment was lost, however, Ald. Stephens, Ald. Collart and Ald. Munro favoring it, while Ald. Perry, Ald. Mackenzie, Ald. Macdonald and Ald. Smith voted against it. The motion adopting the committee's report passed on a similar division.

An offer had been made for the purchase of the launch at \$79. This offer had been refused to accept.

SHOWER YESTERDAY FOR GIRL WHO WAS MISS BETTY BARROW

A miscellaneous post nuptial shower was given at the home of Mrs. D. W. Bone, Fifth Ave., last evening for Mrs. Reading (nee Betty Barrow), by a number of her girl friends. The presents were all brought in a clothes basket much to the delight of the recipient, and during the evening supper was served. Those present were Mrs. Bone, Misses Dorothy Tremayne, Nancy Rorie, Bernice Palmer, Ruby Scott, Margaret McLeod, Mary Carter, Lorna Tite, Katie Collison, Irene Stewart, Mrs. Wearmouth and Mrs. Reading.

WILL MAKE PAPER AS WELL AS PULP AT THE PLANT SPEEL RIVER

JUNEAU, Sept. 11.—Arrangements have been made for extensions to the pulp plant at Speel River. For ten days C. J. Keenan of San Francisco and G. H. Kirsch, engineer for the company with F. P. Lass, manager, have been at the plant planning the construction of buildings to house the new equipment in order to manufacture paper as well as pulp. A new building 40 feet by 200 is to be erected at once.

Baby cutting Teeth was very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety. There is no remedy so safe and effective, for the teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsement of so many Canadian mothers during the past 78 years it has been on the market.

Mrs. C. W. Myers, Clanwilliam, Manitoba, writes—"My baby girl was very sick with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me out a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few doses and the next day she was much better, and in a couple more days she was as well as ever."

"Now, I always keep Dr. Fowler's in the house and recommend it to all those troubled with diarrhoea."

Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Printing an Extra
May I print a kiss on your lips?
I said;
And she nodded her sweet permission;
So we went to press and I rather guess

We printed a full edition.

One edition is hardly enough
She said, with a charming pout;
So again on the press the form
was placed,
And we got some extras out.
