POLITICIANS ARE DEFIED BY RAILWAY HEAD

OPPONENTS OF CHURCH UNION ORGANIZE FOLLOWING TAKING OF VOTE

Sir Henry Thornton Defies all Politicians and the Criticism of His Action Regarding Railway

QUEBEC, June 12.—"Our object is to transform the Canadian National Railway into a source of revenue and a subject of pride for the people of Canada and whatever politicians may attempt to do to prevent us we will continue undisturbed and do what we think will make us reach our ends." Such was the declaration of Sir Henry Thornton, president of the Canadian National Railway, here yesterday in commenting on the much debated Scryge Hotel deal. "In the course of my last visit here I stated that I had placed my private car at the disposal of His Eminence Cardinal Beign. I thought that the Canadian National Railways owed that courtesy to the primate of the Catholic Church in Canada. I have been criticized in this connection. I must add that these criticisms did not change my decision. I already have told you what was my ambition regarding the National system and no politician will make me change my course to reach this end. I want to deserve the confidence the Canadian Government has placed in my hands.

PENSIONS DISCUSSED AND VOTE IS PASSED HOUSE OF COMMONS

Appeal Boards to be Established to Which Those Dissatisfied May Take Cases

OTTAWA, June 12.—The House of Commons passed an item of \$35,500,000 for the European war and active militia pensions next year after a long debate in which many speakers urged a more liberal interpretation of the Pensions Act. Hon. S. F. Tolmie especially urged that ex-service men be entitled to more consideration.

Hon. Dr. H. S. Beland, minister of soldiers' re-establishment, promised that provision would be made for appeal boards from which appeals from the pension board decisions would be taken.

Some of the delegates of the inter-branch of the North American Dickens fellowship, who met in Hart House, Toronto, are shown above. From left to right, they are, top row: Prof. and Mrs. A. Perry from Winnipeg; Mr. Albert E. S. Snylde, F.R.S.A., Toronto; and Miss E. M. Hudson, of Seattle. Bottom row: Miss Marion L. Price, vice-president of the Boston branch; Dr. William Milligan, also of Boston, and Mrs. A. Lincoln Bowles, secretary of the Boston branch. On the right is Mrs. J. Lougheed, of the local inter-branch committee.

LIQUOR POLICY UNITED STATES AND STEAMERS

French Company Refused Permission to Serve Wine to Crews

WASHINGTON, June 12.—A request from the French embassy that liners leaving France for the United States before June 10 when the new liquor regulations came into force should be permitted to serve liquor to the ship's crew in United States ports was turned down by treasury officials today when it was pointed out that permission to carry liquor on such ships was subject to the liquor being kept sealed. The allegation in the New York Times today that the French and Italian ships were still giving their crews wine, was denied by the officials of the French line who said the stocks were kept sealed and the crews were paid money in lieu of rations they were not receiving. If the crews had liquor it was bootleg.

SHIPPING FISH BY THIS PORT

Einar Beyer, Alaska Canneryman, Arrives in City Accompanied by New York Buyers

Einar Beyer, the Alaska canneryman, arrived yesterday on the Prince Rupert from Seattle accompanied by E. Arneson and W. Orenberg, New York fish buyers. They are here to inspect plants in Alaska and also make arrangements for the shipping of wild cured salmon from this district to the Eastern States. Today, accompanied by E. M. Kroll, they are visiting Port Essington. Later they will go to Port Walter where Mr. Beyer has a large plant which in the past has shipped its product to the East through this port. These shipments will be continued this year and the first will be here in a very few days on the power boat Einar Beyer. It will consist of two carloads of wild cured herring.

FOREST SURVEY ON QUEEN CHARLOTTE ISLANDS

C. D. Orchard Here From Victoria on Way to Take Charge of Extensive Work

C. D. Orchard, assistant forester for the provincial government, arrived from Victoria yesterday afternoon and will sail tomorrow evening by the steamer Prince John for the Queen Charlotte Islands where he will take charge of a reconnaissance forest survey which is being undertaken this year. Mr. Orchard will have two parties under him and all the timber stands on Moresby and Graham Islands will be examined, the work to take most of the summer. One party is already at the Islands and the other will be sent across about June 20, it is expected.

SWANSON BAY FOREST RANGER HAS RESIGNED

W. G. Henning to go Into Logging Business at Kitimaat — T. Clarke Temporary Successor

W. G. Henning, for several years forest ranger at Swanson Bay, has resigned from the provincial forestry service from June 15 and will move to Kitimaat where he has acquired the interest of Mrs. Mitchell in the logging outfit of Ballet & Mitchell. T. Clarke, junior forester for this district, will go to Swanson Bay to take over the duties relinquished by Mr. Henning until a permanent ranger is appointed.

INCREASED EARNINGS NATIONAL RAILWAYS

MONTREAL, June 12.—Gross earnings of the Canadian National Railways for the week ending June 7 were \$1,597,130, an increase of \$148,551 over the corresponding week of last year. The Canadian Pacific earnings for the same week were \$3,189,600, an increase of \$128,000.

NEW OFFICERS POUCE COUPE

Provincial Government Organizes With View to Increased Settlement There

VICTORIA, June 12.—Organization of the Government offices Pouce Coupe in a district where considerable new settlement is expected was completed yesterday. The officers include acting government agent, collector, registrar of the supreme court, registrar of births, marriages and deaths, commissioner of lands, official administrator and deputy mining recorder. H. P. Harper of Pouce Coupe has been appointed to fill all the offices. Arthur Fisher was named deputy registrar of the supreme and county courts and deputy of the other offices.

OKLAHOMA FLOODS BEGIN TO DECLINE

KANSAS CITY, June 12.—The crest of the flood of waters that for four days covered the eastern half of Kansas and Northern Oklahoma virtually passed today. Seven persons are dead as a result and many are missing and the property damage aggregated several million dollars. Thousands of persons are homeless.

TO INCREASE USE OF FISH

Eighty Per Cent of Output Marketed Outside Canada at Present

MONTREAL, June 12.—Eighty per cent of Canada's fish output must find a market outside Canada, it was stated at the annual meeting of the Canadian Fisheries Association held here. To increase the consumption of fish in the Dominion it is proposed that a publicity campaign be conducted throughout the country as soon as possible. The opinion was that the federal and provincial governments should assist financially as well as otherwise in the campaign while various commercial enterprises should also contribute to develop the industry.

LEGISLATURE WILL MEET IN OCTOBER

VICTORIA, June 12.—The legislature this year is to meet in October, according to present plans, stated Premier Oliver who is here en route to the Kootenay country. It will meet early enough to get through business by Christmas.

TUG SEA KING IS HIGH AND DRY ON ROCKS AT NANAIMO

NANAIMO, June 12.—The Seattle tug Sea King, Capt. Gates, ran on the rocks in this harbor at high tide and was left high and dry at low tide with her tow of logs driving her farther up and making refloating difficult.

DOMINION DAY TO BE CELEBRATED JULY 2

VICTORIA, June 12.—Monday, July 2, is to be observed in British Columbia as Dominion Day, as July 1 comes this year on Sunday.

Prince Rupert will be One of Five Great Pacific Ports Says Dean Spencer, Seattle

"Prince Rupert has a great future as a Pacific port," stated Dean Lyle Spencer, head of the department of journalism of the University of Washington, who was a member of the party of newspapermen visiting here yesterday. "The Pacific coast is just ready to hop off on a new forward movement and Prince Rupert is bound to share in the prosperity which is to come," he declared. There will be five great ports on this coast, Los Angeles, San Francisco, Seattle, Vancouver and Prince Rupert, taking them not in order of precedence but in order from south to north. I look for great things in the future and I feel sure nothing can hold Prince Rupert back. There is bound to be a big shipping business done at this port.

Majority Decides in Favor Church Union Minority Break Away

PORT ARTHUR, June 12.—Church Union immediately was decided upon by the General Assembly of the Presbyterian Church here yesterday and another decision of importance was that made by the opposing minority that they would carry on the Presbyterian Church as an independent church. The vote taken yesterday closed a four day debate in which a large number of delegates took part and in which a few moderates made a plea for further delay in order to try to secure greater unanimity. This motion for delay was voted down and a big majority was given the proposal that the Presbyterian, Methodist and Congregational churches should be united.

JAP MURDERED AT VANCOUVER

VANCOUVER, June 12.—Reporting at police headquarters early this morning that he had killed a man Esuil Ketsui Moru, a Japanese, led the police to Railway Street near the waterfront to where the lifeless body of an elderly Japanese named Shirashi lay with his skull crushed in. Moru was taken into custody charged with murder. A dispute over money matters Moru is alleged to have confessed to the police led to the killing.

HALIFAX MAY BENEFIT FROM U.S. LIQUOR LAW

Suggestion in English Paper That Ships to U.S. May Use Canadian Port

LONDON, June 12.—Canadian Press cable.—A special article in the Liverpool Journal of Commerce says the strange prohibition policy of the United States as applied to ships from other countries landing at United States ports is leading many big shipping companies to consider seriously the question of using Halifax as the alternative port of call to New York. For the price involved in one extra day on the voyage a traveller could escape all hunting and worry of the new prohibition laws, the article stated, and it suggested that this could be accomplished by enterprise on the part of Canadian National Railways.

TWO MILLION BONDS SEIZED BY STATES

Negotiations Been Under Way Regarding Two Million Alien Enemy Canadian Securities

WASHINGTON, June 12.—The Canadian mission sent to Washington to negotiate with the United States Government relative to Canada's claims to certain enemy alien bonds of Canadian corporations seized by the enemy alien property custodian has decided to return, leaving the matter in the hands of the American government after the courts have given their decision. The bonds involved are worth about two million dollars, including big holdings of the Canadian Pacific Railway and other Canadian corporation bonds.

LIQUOR PROFITS TO BE DISTRIBUTED THIS WEEK IS ANNOUNCEMENT

VICTORIA, June 12.—Distribution of liquor profits by the provincial administration for the last six months will be made this week, earlier than was expected. The amount available for distribution is not stated but it is expected to be about the same as for the last period.

LEAVE LIQUOR AT VICTORIA

Japanese Ships Will Pick Them up on Way Out to Sea Under Arrangement

VICTORIA, June 12.—The Japanese liner Africa Maru, en route from the Orient to Seattle, unloaded liquor supplies at Victoria under a special arrangement with the Attorney General of British Columbia and will pick them up again outbound. This is the first of the ships plying into American ports to come under the new American law and probably inaugurates what will become a regular practice.

MAY MODIFY LIQUOR LAWS

Thought President Will Ask U.S. Congress For Change Regarding Foreign Ships

WASHINGTON, June 12.—Increasing indications are that President Harding might ask Congress, when it re-assembles in the autumn, to modify the prohibition law as it affects the carrying of liquor on board foreign vessels in American waters. The president is said to believe that Congress never intended that the government should be confronted with the situation it is now called upon to meet by the objections from foreign powers in regard to the new rigorous ship liquor ban.

Business Slipped Beyond Control.

As the nations progress commercially and economically, and as the problems arising out of the rapid advance in industrial technique grow more intricate, it becomes ever more urgent that some means should be found, if not to control, at least to mitigate the effects of the upward and downward swings of business which are ordinarily called business cycles. The human race has constructed an intensely complicated process, which, like the monster in "Frankenstein," has, to a degree at least, slipped beyond the control of its maker, and we periodically pass through a series of up and down movements which are attended by intense suffering, unemployment and loss. As international relations become closer, the trade cycle naturally becomes wider in scope, and the vibrations which arise from a disturbance in one country are usually felt throughout the world. Not only is their influence felt by large manufacturing industries and financial corporations, but also by business and professional men in all classes of society.

The most potent weapon in combatting the detrimental effects of the cycle is an understanding of the factors which enter into the cause of these movements. A systematic study of the situation, made possible by the use of statistics, has given us a knowledge of the characteristics and frequency of the cyclical movements during at least a century. Formerly, the causes of such movements were not well understood, and they were frequently explained by various physical theories such as the "sun spot" theory, but within recent years the tendency has been to seek the causal factors within the industrial and commercial systems themselves, rather than looking for external causes.

Good Times Follow Depression.

One of the interesting features of the business cycle is that each phase contains within itself factors which automatically terminate that particular phase and bring on the succeeding one. The present movement in the United States resulted naturally from the period of depression and liquidation which ended only a few months ago. The characteristics of that period were low prices, small profits, liberal bank reserves and a hesitancy in establishing new business enterprises. Such a situation naturally leads to a wearing down of the available surplus of goods, and in the lines in which a shortage first exists, increased activity will first take place. Retailers begin to experience increased demand for their goods. As a result they increase their orders with the wholesalers who must consequently augment their orders from the manufacturers. All along the line additional labor is required, and the purchasing power of the community thus becomes greater. Such a movement inevitably becomes cumulative. A feeling of optimism displaces the pessimistic outlook of the previous months and, with this change, future buying increases as the opportunity of making larger profits becomes greater. Employers are willing to pay higher prices for labor and materials rather than run the risk of being unable to fill their orders. Meanwhile the increased demand gives rise to higher prices. Wages, discount rates and speculative stock quotations rise during the movement, and each increase causes other increases. Thus all along the line business expands, optimism increases, and prices rise at an accelerating rate.

Critical Period Is At The Peak.

Such a movement obviously cannot continue indefinitely. Normally there must be a fairly exact adjustment between co-relative factors in business such as supply of and demand for goods, bank reserves and demand liabilities, the cost of living and the money income of consumers. Such an adjustment naturally exists during the period of expansion, but increasing demand for goods cannot continue indefinitely, and there comes a time when a mal-adjustment takes place, and not only do prices cease to rise, but slight reverses begin to take place. At this point optimism commences to wane. Overhead costs have continued to decrease in relation to unit cost of output, but this decrease reaches a limit. The efficiency of labor has begun to decline on account of overtime work and unusually high wages, and the efficiency of management also becomes taxed to fill the increased orders. Then again the supply of available funds for the purchase of bonds, mortgages, etc., is unable to keep pace with the rapidly enlarging demand. The available loan fund of the banks cannot expand indefinitely. Money has been spent lavishly and savings bank deposits have thus suffered. It is at this point that the confidence of the community is in the greatest danger of breaking. The failure of a large business concern or any similar catastrophe may very easily induce a sudden financial panic, which, like the panic of 1907 in the United States, may paralyze business and cripple industry with alarming rapidity.

UTILITIES SURPLUSES SHOWN IN MONTH MAY

Large Savings Effected in Electric Light Operation This Year — Dry Dock Connection Successful.

Utilities Superintendent Ernest Love reported to the council last night that light department revenue for the month of May was \$7,100 and expenditure, \$6,024. Telephone revenue was \$3,600 and expenditure, \$3,114.12. Another report showed that a saving in operation of the light department of over \$14,000 had been effected during the first five months of 1923 as compared with a similar period in 1922.

Mr. Love also reported that the dry dock connection had been made and had proved successful. The Shawatlans Lake hydro-electric plant had undergone a complete overhaul and the dam screen at Woodworth Lake had been renewed. Examination of the Shawatlans Lake plant had shown it to be in very good condition after more than ten years of steady operation. The superintendent suggested that the mayor and members of the council pay a visit of inspection to Shawatlans Lake.

THOMAS O'BRIEN IS TO BE POUNDKEEPER

Appointed to Position at Last Night's Council Meeting — Remuneration 50 per Cent of Collections

Thomas O'Brien, the only applicant for the position, was appointed pound keeper by the city council last night, his remuneration to be on the basis of 50 per cent of the dog tax collections. Mr. O'Brien was formerly pound-keeper for the city in 1911 and 1912.

Ald. Macdonald and Ald. Stephens moved that Mr. O'Brien's application be accepted. Ald. Munro felt that the matter might be deferred for a week and advertisements be placed in the papers. He moved accordingly and the amendment was seconded by Ald. Smith.

On the vote being put, Ald. Macdonald, Ald. Stephens, Ald. Currie, and Ald. Mackenzie voted for the appointment of Mr. O'Brien and Ald. Munro, Ald. Smith and Ald. Perry for delaying the matter for a week. Accordingly Mr. O'Brien was declared appointed.

GIRL BITTEN ON LEG WHEN BATHING IN SEA

Curious Case at Vancouver Which is Mystifying Medical Men and Mariners

KITSLANO, June 12.—While bathing on the beach here, with a number of other girls, Miss Maizie Watts, aged 17, was bitten on the left leg, and the wound is mystifying medical men and mariners, who say they have never seen that sort of fish-bite before. The injury, which is not serious, somewhat resembles the bite of a barracuda, known in southern waters as the "sea tiger," although that monster of the sea has been known to sever a limb, and bite a baby in two with one bite. It is the theory of some that the attacker of the Kitsilano girl was some savage fish that had migrated from warmer waters. It is the first instance of the kind since 1913 when a young woman was rescued from the sea with a deep wound on her limb.

The Man in the Moon SAYS:

A WOMAN'S hands are made small so she can get them easily into her husband's pant pockets.

I AM always doubtful of the kind of training under which the parent never finds it necessary to apply a slipper to the seal of the son's pants.

THE orator who can always hold his audience is the young man talking to his best girl in the porch.

LAST night I held a little hand So tender and so neat I thought my heart would surely break

So wildly did it beat, No other hand into my heart Could greater gladness bring Than that one which I held last night— Four aces and a king.

IN this family there was an incredible number of small children. Little Willie, aged 6—and he had five younger brothers and sisters—was taken in to see his father one morning, who happened to be laid up with influenza. Little Willie was quiet, almost reverent, in the sick room. When it was time for him to go he went up to his father's side and said: "I bin good, ain't I pop?" "Yep, son," the old man whispered. "Then, pop," coaxed little Willie, "kin I see the baby?"

ENGLISH SYNDICATE TAKES OPTION ON A STEWART PROPERTY

Word was received from Vancouver this week that the Munro group, situated on the west side of Salmon glacier, has been bonded to an English syndicate, the consideration being given as \$75,000, with \$15,000 cash payment, says the Portland Canal News. The property is owned by A. N. McDonald, J. E. Munro and Pat McBride, who did a considerable amount of preliminary development last year, driving two prospect tunnels for some distance on separate veins, each of which shows a persistent ore shoot. It is claimed that from several locations in the group ore can be taken that will pay to sack and ship, hauling over the Salmon Glacier to the end of the Texas pass trail, and packing from there to the Salmo valley wagon road. Numerous assays have been taken, and values running from \$200 to \$500 per ton are common. Development plans for this season are not known here, but McBride and Munro are expected in from Vancouver tomorrow, when further details may be learned.

Citizens will no longer be able to go to the drug stores and obtain rat virus charging it up to the city. A report from the Finance Committee recommending that all future purchases of virus be made through the health and sanitary department was accepted at last night's city council.

City Treasurer D. J. Matheson will represent the city at Victoria when the G.T.P. Development Co.'s taxation case is heard before the Court of Appeal. This was decided upon at last night's council meeting when City Solicitor Jones stated that it would be unnecessary and inconvenient for him to attend. Mr. Matheson leaves for the south on the Chelohsin tonight. L. W. Patmore, of Patmore & Fulton, is also going south to appear for the company.

Consigned one cow. Delivered one cow and one calf. In other words a cow Robert McKay, of the Prince Rupert Dairy, was having delivered from the south to this city gave birth to a calf on the steamer Prince Rupert at Swanson Bay while enroute north yesterday morning. This is the second time this year that such an occurrence has happened on the G.T.P. coast steamers involving a cow. Mr. McKay was bringing north. The first calf was born on the Prince George and has been called George, the second, on the Prince Rupert is named Rupert.

JOURNALISTS ENTERTAINED

Appreciation Expressed of Railway Service and Scenic Attractions

TAKEN AROUND HARBOR

Visitors Were Shown Through Cold Storage Plant and Taken Cruise

Thirty members of the British Columbia and Alberta Press Associations arrived here last evening with their wives and families and were met at the train by President E. C. Gibbons of the Board of Trade, vice-president S. J. McLeod, D. Thomson and several other members of the board, acting on behalf of the organization and also by representatives of the local press. They spent a couple of hours looking over the city and getting dinner and at eight o'clock all were taken on a cruise around the harbor calling at the Cold Storage plant enroute.

By the courtesy of the management, arrangements were made to show the visitors through the extensive cold storage plant and the visitors were shown all the operations incident to packing, freezing, shipping and the other processes involved in the fish business. A visit was then paid to the bay at the Salt Lakes and return, the visitors expressed much appreciation for the entertainment. The boats used were the Joy Bird, the Narbethong, and Douglas Stork's, Sunbeam II.

Was Enthusiastic

Dean Spencer, of the department of journalism at the University of Washington, Seattle, who read a very able paper at the convention at Jasper from which the party were returning, was very anxious for full information in regard to everything here. He said he had been royally entertained at Jasper and the trip throughout was a most wonderful one and was fully appreciated by the members of the party. He intended to write some articles about the country on his return to Seattle, especially in connection with the journalistic phases of it.

The party was accompanied throughout by G. H. McNicholl, general passenger agent for the C.N.R., who saw that the visitors lacked nothing.

Members of the party were very complimentary of the service given by the railway and of the scenic attractions throughout and especially of the trip down the river. They were looking forward to the south-bound trip of which they had heard so much. Dean Spencer said:

"The railway company certainly is placing Prince Rupert on the map now. They are boosting this triangular trip and are making known everywhere the attractions of northern and central British Columbia. You should get a lot of business from the tourists who come this way."

CITY TO REPAIR PACIFIC PLACE

Offer of Railway Company to Pay \$2,400 for Work Accepted by Council—Ald. Stephens Dissenting

The city council last night, on recommendation of the Board of Works, decided to accept the offer of the Canadian National Railway to pay the city a sum not exceeding \$2,400 for the grading and surfacing of the road on Pacific Place leading to the G.T.P. overhead crossing and wharf.

Ald. Stephens opposed the acceptance of such an offer and submitted an amendment that the city only do the work on the east basis without a limit being attached and that the work be not started until after the visit of Sir Henry Thornton so that he might see what the citizens had to put up with for years at the hands of the railway company. He opposed the principle of the city going into the contracting business, as the acceptance of the offer would mean. There was a chance that it might lose money. Anyway, the city was not responsible for the maintenance for the road in question.

Ald. Munro felt that the offer should be accepted since the city engineer had said that the work could be done for the figure stated. The council should assist in getting the much needed repairs. Ald. Perry took a similar view to Ald. Munro.

The question of having to open up the Smith Island quarry if this work was undertaken was brought up by Ald. Stephens. Ald. Munro said there would not be enough rock to finish the Third Avenue work and the quarry would have to be reopened anyway.

The recommendation of the Board of Works for the accep-

tance of the offer was adopted. Ald. Stephens alone voting against it.

PRINCE JOHN IN FROM ISLANDS AND SAILS FOR STEWART

The C.N.R. steamer Prince John, Capt. Harry Nedden, arrived from Vancouver via the Queen Charlotte Islands at 11.30 last night and sailed this morning at 1.40 for Stewart taking with it W. J. Crawford, transferman, and the 22 head of horses he recently brought from Edmonton. The John will be back tonight and is scheduled to sail tomorrow evening at 8 on her return south via the Islands. On her return from Stewart what freight the vessel has for this port will be unloaded. A large number of loggers arrived from the Islands on the John, most of them taking passage to Vancouver on the Prince Rupert. Most of them were from the Mussett Timber Co.'s mill at Buckley Bay.

CHINESE BEGGAR IS OUTCAST OWN PEOPLE

Found by Street Evangelist at Vancouver and Fed by Them

VANCOUVER, June 12.—Usually, the Chinese people take care of their own unfortunates, and a Chinese beggar or hobo is a rarity. Occasionally, however, in the larger Chinatown centers, one finds a dejected outcast who is ostracised by his own countrymen and even allowed to starve and die as a pariah. Nobody seems to understand the reason. Vancouver has long had one of these unfortunates. He is a familiar sight in Chinatown, where he shuffles along, arrayed in rags, wan and hunted looking. None of the Chinese speak to him. They even avert their eyes and step aside that he may not even touch them in passing.

"This unhappy being came under the notice of some street evangelists lately. A young woman found him in appallingly wretched circumstances, living in an improvised hut near the viaduct, a stone's throw from Chinatown. The outcast was taken away, fed and clad. He has not long to live, but his eyes are eloquent with gratitude and happiness. Interrogation among the local Chinese evokes no remark other than the outcast is, "him no good, velly bad man long time ago. No got more friends." The unhappy man has espoused the Christian faith and attends the meetings with zeal. Doctors say he will die very soon.

SOCCER HONORS WON BY GROTTO

Tobaccoists Defeated Sons of Canada by 3 to 1 And Are Champions of Senior League

Defeating the Sons of Canada by a score of 3 to 1, the Grotto won the Senior Football League championship and the Mobley Cup last night at the Aeropolis Hill grounds. Both teams were out to win and they played hard but the brand of soccer was not of a very high standard. The Canadians displayed weaknesses on the forward line and the Grotto, on the whole, was the best team, the score being fairly indicative of the quality of play. The match was watched by the best crowd that has attended a soccer game so far this season.

The Grotto played with the grade and light in their favor in the first half and early in the game McGowan scored. Erskine put through the second for the tobaccoists and the score at half time stood 2 to 0.

About half way through the second period, Marks netted the first for the Canadians and the Grotto tallied their third when Scott backed into his charge with the ball after he had stopped a shot from Elder.

F. Roberts was referee, A. Claperton and E. Hemmons officiated on the side lines and the teams lined up as follows:

Sons of Canada—Scott; Brown and V. Menzies; G. Mitchell, W. Murray and J. Mitchell; H. Astoria, W. Mitchell, J. Marks, E. Smith and D. Jacks.

Grotto—S. Gawthorne; Hamilton and Waugh; Jackson, Roy and Campbell; Joyce, McGowan, Erskine, Matthews and Elder.

JUNIOR BASEBALL

Boy Scouts Defeated White Sox in Last Night's Game by Score of 15 to 12

The Boy Scouts defeated the White Sox by a score of 15 to 12 in last night's Junior League baseball fixture at the McBride Street grounds. The game was interesting and well contested and neither side was giving much away. P. Laporte was umpire.

With action promised for nearly every title and a change of holders likely in most cases, the boxing world is certainly going to be busy this year. At the present time it would seem that only one title seems sure to be retained by its present holder—that is the world's heavyweight crown which most people concede will be defended with little trouble by Jack Dempsey against Tom Gibbons next July 4 at Shelby. On the whole it looks as if boxing this year would be in the limelight more distinctly than it has been for many years.

Betting in connection with horse racing was introduced in Sweden for the first time on May 7 at Jagersro, the largest race course in South Sweden. For many years the question of betting has been before the Rigsdag at intervals and many times it has been rejected as immoral.

On the Mountain Top

CLIMB the mountain—stand on the peak—and before you there unfolds a panorama extending as far as your eye can reach. Stay in the valley, and your view is restricted by the surrounding hills.

This newspaper, properly used, will guide you to the mountain top. Read it and your vision is enlarged. You get a bird's-eye view of world events. You glimpse the doings of the day.

Fail to use it, and your view is limited— you remain in ignorance not only of events at home and abroad, but of much that concerns you even more vitally—news of the very things that have to do with your personal, everyday life.

Some one might be selling a new, better and more economical food; or a utensil that would add immeasurably to your comfort and well-being; or some better material for shoes or clothing—but you would never know, because of your restricted view.

You may read every line of the news columns, but if you overlook the advertising, you are still living in the valley. You remain uninformed about many things you ought to know in order to live a happy, useful, profitable life in this age of progress.

SMITHERS

M. P. McGaffery, of Prince Rupert, stopped off here for a day last week enroute to Winnipeg. He was accompanied as far as Smithers by J. H. Pillsbury.

A. B. Trites, Col. Leckie, Jack Halley, Harry Howson and Percy Fleming inspected the victory and Coronado, claims here last week. Messrs. Trites, Leckie and Fleming have returned south while Messrs. Howson and Halley are remaining for a time in Smithers.

Dr. J. Williams has arrived here to make an exhaustive inspection of the Reco-Aspen mine recently bonded by A. C. Garde, of Prince Rupert.

The provincial government has voted \$500 towards the re-rout-ing of the ditch down the main street of this town. This unsightly ditch has for years constituted a grievance.

Mineral exhibits are to be featured at the Smithers Fall Fair this year and the preparations are already being made with that end in view.

H. G. Olsen, manager here for the Hanson Tie & Timber Co., has left to spend a three month's holiday in Sweden. On the eve of his departure he gave a stag party at which R. L. Brown and Frank Warren were the speakers.

Mrs. D. D. Rolston is back after spending several weeks holidaying in Vancouver. She was accompanied on her return by her niece, Miss Kathleen Rolston, who will spend six weeks visiting here.

Sam Johnson has leased his farm at the Round Lake district and has gone to Prince Rupert with Mrs. Johnson.

Mrs. J. Roberts and her daughter Miss Marjorie Roberts, who has been attending Normal School, have returned from Vancouver.

TERRACE NOTES

V. Westerburg left for Anxox at the end of the week.

Tommy Lever made a trip to Hanall before leaving for Vancouver.

Fred Nelson left for Remo last week where he will be working at the camp of the Lakelse Lumber Co.

H. Halliwell has been appointed by the Farmers' Institute to handle the berries this season.

Mr. and Mrs. Orwig have made a trip to Rupert and will make their home here on their return.

Chas. R. Gilbert returned from Vanderhoof on Thursday.

Mrs. J. T. Wood who was the first woman to make her home in Terrace, paid a visit enroute from Australia to England. It is thirteen years since she left this district. At that time they were laying the ties on the right-of-way and she was amazed at the progress made in that time. She is still a property owner in this place.

Mrs. Richmond and Miss Eric Richmond have moved to Terrace, arriving Friday.

There was quite a heavy downfall of rain on Sunday which will be a great help to the crops as the country was badly in need of it.

Those registered recently at the Terrace Hotel are G. W. Graham, Doreen; C. Paine, Doreen; R. A. Harlow, Rupert; H. Murdoch, A. E. Ralph, Fort George; A. Goodenough; J. Martin; John Wark, Victoria; W. N. Winsby, Victoria; J. C. Ferris, Vancouver; R. Beaumont and wife, Prince Rupert; B. C. Kelly and wife, Vancouver; A. Egan, Kalum Lake; H. J. Murray.

PRINCE GEORGE

Mayor Johnson, on his return last week from Victoria, stated that the provincial government had bought the Alexandra Hotel from him for \$18,500. The provincial government offices, it is understood, will be established in the buildings. All departments will be brought together under the one roof thus proving much more central than the present offices which are scattered between Prince George and South Fort George.

The most pretentious Dominion Day celebration ever staged here is being planned for July 2.

Miss Copp, matron of the Prince George hospital, and Miss Wheeler, a member of the nursing staff, have resigned. The hospital board has been advised that the Catholic Church is not in a position to take over the local institution at this time.

H. Frank Bird, secretary of the B.C. Good Roads League, is visiting the district.

Pending a joint meeting with the city council, the police commission has laid over the request of the property owners' association that the local police force be reduced to one man.

W. K. Nicholls, local manager for the Minneapolis syndicate which has taken over the Giscome mill, says that 100,000 feet of lumber will be cut daily when the plant gets in operation.

Hon. W. H. Sutherland, minister of public works, has announced that he will visit Prince George in the course of the next

**Her Heart Skipped
Every Third Beat**

Mrs. James Burleigh, 248 King St. E., Chatham, Ont., writes:—"I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me.

I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat.

I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a lot better; could sleep a little and felt stronger. I continued taking them for about three months, and felt better than I had for years.

When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like letting everyone know what they did for me."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The Union Oil Co. is to install a service station here, it is announced.

"BOYS" "BOYS"

Sunday, June 17, is Father's Day, and is Being Recognized Throughout Canada as Dad's Tie Day.

Most of you have read or heard of the Father and Son movement, where the boys get together and have a quiet and invite Dad as their guest, thereby getting him more interested in their doings and putting Father and Son on a more "chummy" footing. We all recognize Mother's Day each year, **NOW BOYS, WHY NOT DAD, TOO?**

KING TUT.
The world is a very odd place and is very susceptible. An Egyptian tomb being violated and a mummy discovered has caused millions of dollars worth of material to be hoisted on a long suffering public as a new style. When old King Tut used to run along in his two horse power chariot he little thought that a few thousand years later people would land his memory to the present era. But we have to fall in line so we introduce to you "KING TUT TIE." The color is the sand color of the desert, and the dots which are in colors, represent the colors of Egypt or the colors of various King Tut wives, or anything of your fancy may dictate. If you would like the black of the Egyptian night, or the green of the Nile, or the gold of the Egyptian tongue the morning after instead of the sand, we can accommodate you.

We have them all. A thousand Ties to choose from, boys, and to show you we are thinking of Dad we have cut our tie prices, giving you a \$1.00 and \$1.25 tie for 75c. This is our celebration and you save more than the profit buying Dad's Tie for June 17 from the
