COSTLY AMENDMENT OF CANADIAN SENATE

STREAM OF LAVA POURS FROM MOUNT ETNA SLOWLY TOWARD LINGUALOSSA

Manson Bill to Cut off Private Importation of Liquor Into B.C. Amended by Senate Cause Delay

OTTAWA, June 20.—The bill to amend the Canada Temperance Act which would prohibit private importation for personal use of liquors in provinces under government control was amended last night so it should go into effect only after a plebiscite of the people in the provinces in question demanding such a change. This amendment carried by 31 to 18 on a party vote except that Senators George E. Foster, Todd, Laird, Sharp and McMeans voted with the government.

Senator Taylor claimed that the will of the people should be ascertained before the House passed such legislation.

Senator G. H. Barnard of Victoria contended that in voting for government control the people of British Columbia did not intend to deprive themselves of the right of private importation.

BATTLES WITH RUM RUNNERS

Bootlegging on Increase in New
Jersey Since Repeal En-
forcement Act

WILL MOP UP ISLAND

Police Seize Thousand Sacks of
Liquor When Factions Fight
Among Selves

NEW YORK, June 20.—Elec-
trified by two wild rum running
stories, federal officers plan to
mop up Long Island. The sheriff
of County Suffolk reported a bat-
tle having taken place between
eight deputies and fifty bootleg-
gers. The deputies were driven
to cover and gunmen conveyed
the liquor laden trucks to New
York.

The police of Baldwin report a
battle between the rum running
factions for possession of a
thousand sacks of whiskey but
the police intervened and cap-
tured the liquor and four men.

Some local authorities com-
plain that bootleggers have in-
creased amazingly since the re-
peal of the state enforcement
act.

LITTLE FOOD IN RUHR DISTRICT

Occupation Forces May Have to
Haul Supplies For Germans

ESSEN, June 20.—The food
situation in the Ruhr has reached
such a serious phase because of
transportation difficulties that
the French military announce
that if it became any worse the
occupation forces would under-
take to haul German food cars
from the frontier to distribution
points.

The situation of the Germans,
who have refused to co-operate
with the French, has been render-
ed more difficult by the lack of
motor trucks and gasoline.

FINE NEW STEAMER ARRIVES MONTREAL

Doric is Largest Vessel to Enter
Canada's Biggest Harbor

MONTREAL, June 20.—Con-
cluding her maiden voyage across
the Atlantic the new 16,600 ton
steamer Doric, the largest liner
entering the harbor of Montreal,
was welcomed in port this morn-
ing by officials of the White Star
Dominion Line and representa-
tives of the Montreal Harbor
Commissioners.

The steamer reached Quebec
from Liverpool and Belfast yes-
terday morning and landed her
third class passengers, sailing for
Montreal with her cabin list at
2.30 p.m. She stood part of the
night at anchor in the river and
docked early this morning.

This afternoon the Doric is
open to inspection by the public
and many are expected to take
advantage of the opportunity.
Tomorrow afternoon there will
be luncheon on board for a large
number of invited guests followed
by a dinner in the evening.

The Doric's arrival in Quebec
was witnessed by a large crowd
including city officials and mem-
bers of the Quebec harbor board.

Large Party of Railway Officials are en Route will Arrive on Sunday

JASPER, June 20.—Concluding a two days inspection of
Jasper Park, the lodge and other railway facilities and attrac-
tions here, Sir Henry Thornton and party left this morning
westbound by special train and will be in Prince George this
evening at 7.

During the night the train will pull out to Vanderhoof, ar-
riving at 8 a.m. and from there the party propose to motor by
way of Fort Fraser, Fraser Lake and Indian School to Endako.
thence by train to Burns Lake. From that point they will leave
the railway driving south to Francois Lake and Grassy Plains,
returning to Burns Lake the same evening and leave later for
Houston by train, arriving on Friday morning.

The best part of the Bulkley Valley will be traversed by
motor, the party driving from Houston by way of Barrett Lake,
Quick, Round Lake, and Telkwa to Smithers, which place they
should reach by four o'clock in the afternoon. At Smithers
they will remain all night leaving in time in the morning to
reach Terrace by noon. A motor trip to Lakelse Lake will be
the attraction there, the night being spent at the lake, returning
Sunday and proceeding to Prince Rupert where they should ar-
rive at about 4.20.

The party consists of:

Sir Henry Thornton, K.B.E., president.
G. A. Gaston, guest of Sir Henry.
E. L. Decary, director.
Colonel Talbot, director.
F. G. Dawson, director.
J. E. Dalrymple, vice-president in charge of traffic.
A. E. Warren, general manager.
H. H. Melanson, general passenger traffic manager.
H. A. Dixon, chief engineer.
W. G. Manders, freight traffic manager.
R. Creelman, passenger traffic manager.
J. R. Cameron, assistant general manager.
N. B. Walton, assistant general superintendent.
G. A. McNicholl, general passenger agent.
J. M. Horne, general freight agent.
S. Morrison, district engineer.
Hon. T. D. Pattullo, minister of lands.
Hon. Dr. Sutherland, minister of public works.
Fred Stork, member of the House of Commons for
Skeena riding.

SHEEP INDUSTRY TO BE PROMOTED

Special Appeal Being Made to
Sheep Raisers of Australia
View to Immigration

VICTORIA, June 20.—The pro-
vincial government intends to
place \$20,000 in the estimates
next year for the promotion of
the sheep industry in British
Columbia. The money is to be
spent in general publicity work,
the importation of pure bred
stock, and the elimination of pre-
datory animals. A special appeal
is to be made to the sheep
raisers of Australia hoping to
bring from there many ranch

owners and thousands of head of
sheep.

McCullough to Salvage the Power Yacht Belmont on Rocks in Grenville Channel

T. Wilkie, representing the underwriters, and also the B.C.
Salvage Co., which will salvage the Belmont-Surf Inlet Mining
Co.'s yacht Belmont which was wrecked down the coast last
Sunday, left this afternoon on the tug McCullough for the scene
of the wreck to take charge of salvage operations. The dredge
from the dry dock was also taken down to be used in connection
with pulling the wrecked boat off the rock. It will take about
two days to recover the Belmont, it is expected, and she will
probably be brought here for repairs.

The Prince Rupert Boat House
launch "23," with Capt. Alfred
Swanson on board, returned to
port yesterday afternoon after
having visited the scene of the
Belmont's wreck and also Surf
Inlet. Capt. Swanson stated this
morning that half of the Belmont
was submerged at high tide but
the vessel is secure. The hull is
not damaged but the keel has
been bruised. Everything is wet
inside but little harm has been
done to the engine and machinery
although the interior fittings
will have to be repainted and
renovated on account of the sub-
mersion. Repairs, Capt. Swanson
says, will not constitute a very
heavy job.

The "23" went south to take
supplies to the wreck where a
man is at present standing by.
Returning to the city on the "23"
was Mr. Bradshaw, superintendent
of the mine, who sailed for
Vancouver on the Chelohsin.

The Belmont Co.'s spare yacht
"Full Moon" arrived in port last
night from Surf Inlet to take
south F. H. Penn, manager, who
is in town on business.

TO TEST OUT LIQUOR LAWS

Olympic Has Sealed Store on
Board for Use on Return
Trip

SOUTHAMPTON, June 20.—
The occasion of the White Star
liner Olympic making her pre-
sent trip to New York will be
taken advantage of to attempt to
solve the problem which created
great interest in the country.
She sailed today with wine stocks
aboard for a return voyage in a
special storeroom with four seals
of the British customs service
on the door. If the United States
authorities do not interfere, the
ship officials will open the store
after the vessel has passed the
three mile limit on her return
voyage.

NEW YORK, June 20.— A
test case will likely be made in
the United States courts in con-
nection with the attempt of the
S.S. Olympic to bring her re-
turn liquor supply into New
York, stated Customs officials to-
day.

TIED UP WITH CAR SHORTAGE

Much Halibut Arrived but None
Can be Shipped East

One hundred and eighty thou-
sand pounds of halibut was offer-
ed at the Fish Exchange this
morning but there were no re-
frigerator cars available for
Eastern shipment and sale was
deferred until tomorrow. In the
meantime, four cars are ex-
pected tonight but these will only
accommodate about half of what
is offered today saying nothing
of what may arrive tomorrow.

The only sale today was the
65,000 pounds of Alton which was
sold privately to the Canadian
Fish & Cold Storage Co. at 12 1/2¢
and 9¢.

All Planning For Holiday Season.

Everyone seems to be planning for the holidays except the
unfortunate few who cannot afford to take holidays either
through their own carelessness in not saving during the winter
or through stress of circumstances over which they have no
control.

The holidays are coming but what are we to do with them?
Many have already settled on what their actions are to be.
Others are still in doubt. What we have to suggest is that there
are much finer things to see in the north than there are in the
south. The scenery is better, fish are more plentiful, the air
more bracing and the people more hospitable. Everything sug-
gests summering in the north.

Course Of Study Being Mapped Out.

A number of people are mapping out some course of study
for the holidays. They are planning to study mineralogy, bot-
any, or to get in touch with the birds or insects or to read up
some hitherto neglected branch of mechanics or physics. The
holiday offers an opportunity to those whose work is not of a
studious nature. Those who have been studying will want to
throw all those things to the winds and do something mecha-
nical or muscular. Mountain climbing, hiking, boating and sim-
ilar occupations are good. It is always better to do something
definite than to drift, even in holiday time.

Losing Many Valuable Citizens.

Many valuable citizens have been going away and their
places will be taken by others. Each has a place and is an asset
to the community unless he happens to be a knocker. Among
the men who will be missed is H. L. Campbell, the supervising
principal of the schools, who is leaving at the end of the term.
He has done excellent work during the time he has been here
and Mrs. Campbell has used her fine vocal talents with effect
for the pleasure of the community. They have made many
friends here, all of whom will regret to see them go. All we
can do is to wish them success in the south. The course of
training in the north it is to be hoped will prove one of the im-
portant factors which will make for their success in future.

Canadian Club And Sir Henry Thornton.

Sir Henry Thornton is to address the Canadian Club next
week and many people will wish to hear him. The constitution
of the club forbids a general sale of tickets but membership in
the club is open to any citizen of Canada. As it is to Canadian
citizens that the president is coming, none who wish to meet
him has to be excluded unless it be through pressure on seating
accommodation. Any who wish to hear the visitor would do
well to arrange for their tickets as it is not likely any will be
for sale after the time limit set by the club executive.

Swimming Pool At Salt Lakes.

On several occasions we have had occasion to remind peo-
ple here of the disgraceful condition of the Salt Lake swimming
pool. Now we wish to congratulate the swimming club and the
provincial department of public works on the excellent work
done in preparing the place for visitors. It is in better shape
today than ever it has been before and it may yet be improved
before the close of the season. Citizens can now visit the place
with safety and doubtless many will do so.

MINSTREL SHOW MUCH ENJOYED

Elks Scored Success In Affair Put
on Last Night In Aid of
Nurses' Home

The Elks' minstrels and enter-
tainers in their concert last night
at the Westholme Theatre in aid
of the Nurses' Home fund were
greeted with a full house and the
fine entertainment was fully ap-
preciated by all. Credit for the
arrangement of the program and
the excellent manner in which it
was staged goes to Charles Balag-
no, musical director, each of the
many performers and all who as-
sisted in making the affair the
great success that it was. It was
of a novel and enjoyable nature
and as such gave full value apart
from the cause in which it was
put on.

The opening and most impor-
tant part of the program was the
minstrel show, the troupe consist-
ing of E. A. Donohoe, interlo-
cutor, A. A. Easson, Joe Hatchford,
Jack Cobb, and James Mitchell,
end men, and Harry Astoria, A.
Sabourin, Eddie Craggs, George
Mitchell, Harry Fletcher, G. Con-
tine, Harvey Fraser and George
Waddell. A snappy line of pat-
ter and jokes was presented and
the antics of the end men were
certainly mirth provoking. The
soloists, who were assisted in the
choruses by the troupe, were Eddie
Craggs who sang "My Mammy";
George Waddell, "Tootsie";
Harry Fletcher, "Dreamy Mel-
ody"; James Mitchell, "Down
Yonder"; A. Sabourin, "Falling";
George Mitchell, "Tell Me With
Smiles"; Jack Cobb, "Whang
Whang Blues"; Harry Astoria,
"South Sea Eyes"; and A. A.
Easson, "Lovin' Sam." In the
course of the minstrel show, Jim-
mie and Wigner Bryant as "Pick-
aninies," sang "Stay in Your
Own Back Yard" and "Ragtime
Joe," playing their own accom-
paniment on the mandolin and
guitar. "Dixie" and "Humming"
were the opening and closing
choruses.

Vocal Numbers

Mrs. H. L. Campbell was as
usual most pleasing with her
solos and rendered sweetly "The
Wind in the South" and "Not
Really." This was probably one
of Mrs. Campbell's last appear-
ances on the local concert stage
and her participation in last
night's program demonstrated
that the loss of this artist, who
is moving shortly to Victoria, will
be keenly felt in musical circles
of the city in which she has been
so active during her residence here.

Tommy Smith's monologue,
"Cohen at the Wedding" was a
most amusing number. Mr.
Smith's get-up in the Hebrew
role further lending effect to the
comical nature of the recitation.

Mr. and Mrs. Frank Bowler
both sang solos which were much
appreciated. Their arrival in the
city will mean a decided acqui-
sition to local vocal talent. Mrs.
Bowler, soprano, sang "Arditi"
"Il Bacio" in Italian and the "The
Valley of Laughter." Mr. Bowler,
baritone, sang "Nirvana" and
"Absent."

Saxophone Quartet

The saxophone quartet, con-
sisting of Kenny Rood, A. A.
Easson, Howard Frizzell and
Pete Leighton, provided a splen-
did number, "Carolina in the
Morning" which was encored
persistently. The jazzy strains
of the instruments went down
strong with the audience, the
performance of the artists leaving
nothing to be desired.

The closing number was a
plantation scene in which all the
members of the minstrel troupe
took part. Art Easson and A.
Sabourin gave clever step dances
and G. Couture took the role and
sang "Old Black Joe" in a most
excellent manner.

Throughout the program the
Westholme augmented orchestra,
members of which were also in
costume, played numbers that
were well suited to the occasion.
The members of the orchestra
were: Charles Balagno, piano
and conductor; W. N. Hoss, bass;
P. Leighton and Kenny Rood, sax-
ophones; W. F. Browne, saxo-
phone; Howard White, drums; C.
W. Kirkendall, cornet; A. Beale,
clarinet; W. H. Derry, horn.

Program of Merit

Altogether the program was
one of great entertainment value
and merit which was much ap-
preciated and it is generally
hoped that this will not be the
last attempt of the Elks along
this line.

Prior to the show, the minstrels
and members of the orchestra,

headed by the North B.C. Regi-
ment Band, paraded from Elks'
Home down Third Avenue via
Seventh Street and the post office
to the theatre attracting the at-
tention of a large crowd. After
the show the performers had a
supper at the St. Regis Cafe, fol-
lowing which there was another
parade to the Elks' Home where
dismissal took place.

PATRIOTISM NOT STATIC

Address at Rotary Convention
Yesterday by Prominent
Banker

ST. LOUIS, June 20.—In an ad-
dress on Patriotism at the Rotary
convention here yesterday,
Walter H. Head, vice-president of
the American Bankers' Associa-
tion, said:

"Patriotism is not satisfied.
It is not static. It devotes itself,
not merely to maintaining and
increasing the prestige of the na-
tion which it honors, but equally
to the perfection of that which it
exalts. Before the true patriot
rightly says, 'My country, right
or wrong,' he should do his ut-
most to make certain that his
country is right. Participation
in government has given this
privilege and imposed this duty,
which did not rest upon the pa-
triot of an earlier stage of pro-
gress."

"There was a day when war was
a prime evidence and success in
war a prime purpose of patriot-
ism. Harder to achieve is the
patriotism of peace, harder be-
cause the issue is not so plain,
harder because at times reason
conflicts with sentiment, harder
because one must realize that the
very object of one's worship
needs assistance to make it per-
fect, no less than devotion to
make it supreme."

"We cannot preach or even
practice patriotism in politics
and ignore its principles in busi-
ness. No man can violate the
principles of sound business
without injuring the community
welfare. By so doing he injures
the commonwealth just as when
he violates the laws or commits
an act of disloyalty to our na-
tional institutions. It is un-
patriotic to do the one; it is
equally unpatriotic to do the
other."

"To be truly patriotic—in this
day as in days long gone by—
one must be obedient to the laws
which the nation makes for the
guidance and safe-guarding of
the various interests of all its
people, obedient to the conven-
tionalities which good taste has
established for the protection of
the sensibilities and the morals
of the community, obedient to
the ethical principles which charac-
ter has put into practice for the
mutual uplifting of man's spiritual
being."

Distilled oil is best

You wouldn't think of using plain water in your batteries; certainly not. You always get distilled water, because all impurities are distilled out of it.

SUNOCO THE DISTILLED OIL

is different from other oils. We found the difference by making scientific tests. In Sunoco, all impurities are removed by distillation. It's all oil—pure lubrication.

You will safeguard and prolong the life of your car by using Sunoco; get more power and quiet efficiency; reduce motor troubles. We discovered these facts from our tests. We know.

There are six types of Sunoco—all wholly distilled. One of them is best for your car. Ask any Sunoco dealer for booklet, "What's Happening Inside Your Motor?"

Who First Felt

COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

BRITISH COLUMBIA FRUIT PACKERS TO SHOW ENGLISHMEN

OTTAWA, June 18.—In order to introduce the methods so successfully used in British Columbia for the packing of fruits for long distance shipments, the Fruit Branch of the Department of Agriculture has arranged to bring an expert packer from British Columbia to Ontario.

The markets of the Prairie Provinces have been accustomed to and will pay a premium for the packages used in the western fruit growing sections. In order that Ontario shippers may be in a position to take the greatest possible advantage of these favorable markets the expert will give demonstrations in the packing of fruit in western packages throughout the fruit growing sections of the province.

INTERESTING WEDDING TO TAKE PLACE TODAY IN ANGLICAN CHURCH

Miss Kathleen Hardie, of Port Essington, to be Married to Dr. Boyd, of Shawnigan Lake

Dr. Cecil Anderson Boyd of Shawnigan Lake, Vancouver Island, and Miss Kathleen Mary Gwendolyn Hardie, daughter of Mr. and Mrs. A. D. Hardie of Port Essington, will be married this afternoon in St. Andrew's Anglican Church, Rev. Canon W. F. Rushbrook officiating. The couple will arrive today from Port Essington, accompanied by the bridal party, and after the ceremony will leave on the evening train for England on their honeymoon trip. On their return they will take up their residence at Shawnigan Lake.

Many Prince Rupert people will be interested in the wedding for Miss Hardie is well known and popular at Port Essington. Dr. Boyd resides at Shawnigan Lake and is well known at Victoria. Formerly he was located in the Cariboo country.

HALIBUT LANDINGS FOR PACIFIC COAST

According to the Pacific Fisherman more than half the total coast catch of halibut was landed at Prince Rupert during the month of May. The figures are:

Seattle, independent vessels	1,294,000
Seattle, regular steamers	781,825
Vancouver, B.C.	144,000
Prince Rupert	2,614,000
Total	4,830,825

It may be noted that the Ketchikan and Juneau landings are included in the Seattle totals.

CHEAP RATES ON TRIANGULAR SERVICE

FOUND WONDERFUL RELIEF FROM CONSTIPATION

BY USING

Milburn's Laxa-Liver Pills

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N. S., writes:—"I have suffered for some time from constipation, and was advised by a friend to try Milburn's Laxa-Liver Pills. After taking a trial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

GOOD BALL GAME ANYOX IN WHICH MINE IS VICTORIOUS

ANYOX, June 20.—The Mine is the class of the Anyox League at present, the Elks are in second place while the Smelter is as far down the line as it can get. This standing may be altered at any time, however, as the "Gas Eaters" are angling for a player or two, and if they get the right ones a difference might be made in the percentage column at any time. In the last game, the Mine players batted consistently and placed their hits where it was mighty hard for the Smelter fielders to handle them, while the batters of the latter team, with but few exceptions, were good to the Mine fielders throughout the evening's play. The score ended two to nine in favor of the mine. In two innings, Stewart, the Mine centre fielder, accepted five chances that came his way by the fly route and got them all. It was pretty work. The catch of the evening was made by "Kid" Sherman, the guardian of centre field for the Smelter, when Corkle drove a high one to deep centre, which looked like a sure two-bagger at least. Matheson, at third for the Gas Eater group batted a nice one, too, when J. Ferguson hit a slinging line drive his way and which he would have been excused for side-stepping at the rate it was travelling.

Batteries: Mine, J. Ferguson and Greenwell; Smelter, McKeown and McKeown. Strike-outs: Ferguson 8; McKeown 4. Umpires, strikes, Olson; Bases, A. Campbell. The team: Mine—Mealey, 3b; Greenwell, c; C. Ferguson, ss; Anderson, rf; J. Ferguson, p; Olson, 1b; Corkle, 2b; Stewart, cf; Matheson, lf. Smelter—Matheson, 3b; Sloan, rf; Brown, ss; Sinclair, 1b; Cole, lf; McDougall, 2b; Sherman, cf; C. McKeown, c; J. McKeown, 8. McKeown relieved Sloan in the fourth.

SMELTER FOOTBALL TEAM BEATS MUCKERS

Good Brand of Soccer at Anyox When Mine Loses Three Goals to Three

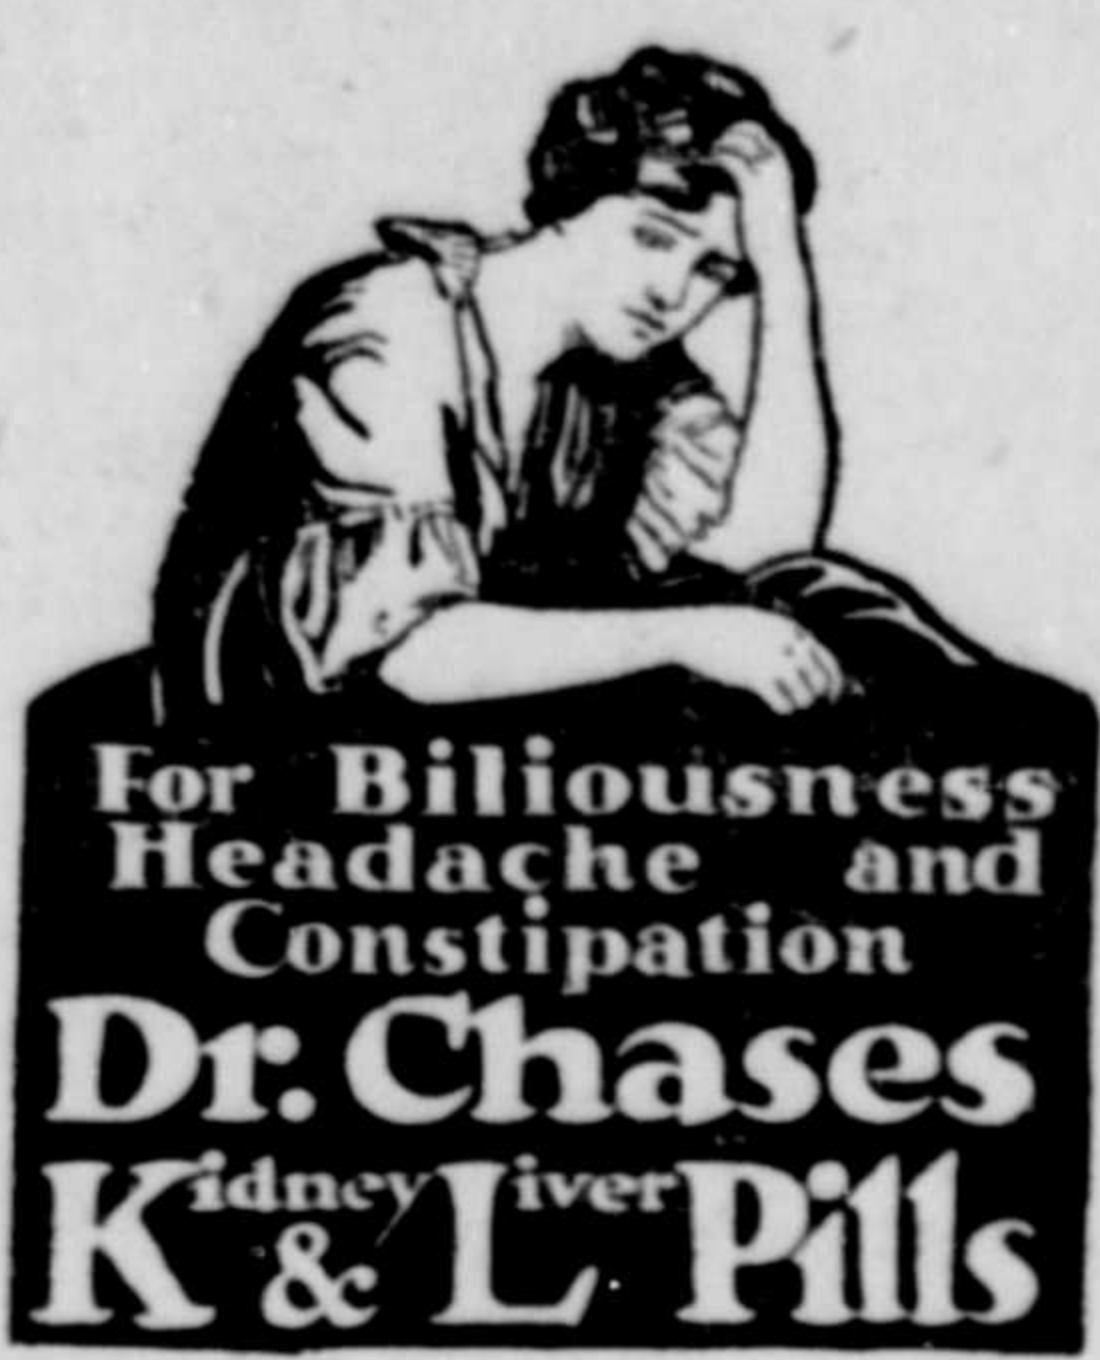

ANYOX, June 20.—While the Smelter baseball team is in the cellar position of the baseball league, the Smelter football team is well in front in the Association game. In the last fixture, they proved their superiority over the Mine team by beating the "Muckers" to the tune of three goals to nothing. In the first half there was no score; but the aggressive "Gas Eaters" went at the fellows from the hill in the last period and drove in three. Greenwell, D. Main and Wilson each getting one. There was a good crowd out for this game, and football is steadily gaining favor, the crowds this season being much bigger than last season. Evans continues to keep the games well in hand, which is going to help a lot in establishing the game in Anyox.

The line-up: Mine—Lee; Stewart and Pymme; Twaddle, Currie and McKenzie; R. Currie, Valpy, Cane, Greenwell and Lange.

Smelter—Mitchell; Mair and J. Kirkland; A. Kirkland, Greenwell and Main; Boyd, McGuire, Wilson, S. Kirkland and McLelland.

Sport Chat

The concluding game of the Mobley Cup and Senior football

For Biliousness Headache and Constipation Dr. Chases K & L Pills

championship series takes place tonight at the Acropolis Hill grounds between the Sons of Canada and the Sons of England. The championship having been cinched last week by the Grotto, the match tonight resolves itself into the question of whether the Sons of England will occupy the cellar by themselves or whether they will share that uncovered position with the Canadians. The Sons of Canada will retain second place by either winning or drawing tonight. The management of the Sons of England has handed in the following list from which the players will be chosen tonight: Craggs, Lambe, Hodgson, Kelsey, Findlay, Beesley, Farquhar, Hodgkinson, Lord, Hamilton, Hill, Shaw and Boulter.

The Detroit Tigers are said to have fewer players' restrictions than any other club in the American League. There is no fixed rule against drinking but, if intemperance interferes with play, fines and suspensions are handed out. Golf playing, forbidden by some managers, is not objectionable to the Detroit management.

if the players can find time for it. There are no fixed hours when Detroit players must retire. There is a rule of the Detroit Club, however, which prohibits wives of players accompanying them on road trips during the season.

Manager Ty Cobb, fortified by 17 years in the American League, has positive ideas about the development of baseball clubs. The Tigers, under his leadership, is one of the few clubs in organized baseball that does not have morning practice. Other pilots put their men through workouts before lunch, to keep their muscles limber. Cobb, on the other hand, maintains that morning practice does more harm than good. He declares that if players work out before lunch, then go to the shower and relax for a few hours before the game time in the afternoon, their muscles are not as flexible as they should be. His practice is to have his men on the field shortly after noon, and he sends them through their paces then. By game time, he believes, the player's muscles are fully limbered and the player himself is in best physical fettle for the game.

LUMBERJACK ORATOR GETS GOOD HEARING

Speaks to Rotarians at St. Louis Convention This Morning

LABOR AND CAPITAL

ST. LOUIS, June 20.—"If employers would spend half as much time cultivating the friendship respect and good will of labor as they do fighting labor organizations and most agitators, there wouldn't be a labor problem," Sherman Rogers, the "lumberjack orator," told the delegates to the fourteenth annual convention of Rotary International this morning during the course of a picturesque speech on a first contact in business. Rogers is a picturesque character often referred to as the Billy Sunday of the industrial world. A former lumberjack in the great north-west woods, he has been touring the country during the last four or five years telling big business just where it gets started with the wrong foot from the workman's point of view.

"We waste too much time talking about the labor agitator," the speaker said. "He can only be recognized as the logical friend of the worker where the management has refused to extend their friendship—either refused or didn't have time enough to be friendly. I'm not dreaming when I say it cuts out trouble when you make the workman you employ your friend. Let me illustrate."

Schwab's Visit

"I was in the Seattle shipyards working as a helper in 1917 when Charles M. Schwab made his tour of the American shipbuilding institutions. I don't need to tell you what we thought about him. We'd heard he was a labor hater, a bloated magnate. He was certainly the right bower of Morgan whom we considered at that time the arch enemy of labor in this country. If Mr. Schwab could have heard the remarks, especially among common labor in the shipyards, I question whether he would have ever stepped inside of our plant. I heard no commendations. Vit-

Manson Motor Signals for B.C. to Reduce Traffic Accidents

Standardizing motor car turning and stopping signals have been announced by Attorney-General Manson.

They are the international signals, and are to be put into effect immediately. Penalties are provided for failure to carry out these signal rules.

I appeal to all motorists to make use of these signals at all times, so as to give a warning to both pedestrians and approaching motorists and assist in the prevention of accidents," Mr. Manson said in making the announcement.

The regulations have been framed under the Motor Vehicles Act by the Attorney-General after consultation with the automobile clubs of Victoria and Vancouver, and after gathering information as to regulations in use in other parts of the continent. The regulations are part of the proposed uniform vehicle law adopted at Cleveland by the executive committee of the International Traffic Officers' Association, and are practically uniform throughout Canada and United States. The signals for turning to the left and to the right are uniform throughout the Pacific Coast; signal for slowing up or stopping in uniform, except in Oregon, where the hand is waved up and down.

The Attorney-General's new motor regulations are:

"(1) Before turning, stopping or changing the course on the highway of any vehicle, and before turning such vehicle when starting the same, it shall be the duty of the operator thereof to first ascertain whether there is sufficient space for such movement to be made in safety, and in the operation of other vehicles may reasonably be affected by such turning, stopping or changing of course, the operator shall give a signal plainly visible to the operators of other vehicles of his intention to turn, stop or change his course. Such signal shall be given either by the use of the hand and arm or by the use of an approved mechanical or electrical device.

"When the signal required by this section is given by the use of the hand and arm the intention to turn such vehicle toward the left shall be indicated by extending the hand and arm horizontally from and beyond the left side of the vehicle; the intention to turn to the right shall be indicated by extending the hand and arm vertically with the hand pointing upward out from the left side of the vehicle; the intention to stop shall be indicated by extending the hand and arm horizontally from and beyond the left side of the vehicle; the intention to stop shall be indicated by extending the hand and arm vertically with the hand pointing upward out from the left side of the vehicle.

These are the new Manson motor signals in illustrated form, showing how you must hold your arm and hand when turning right or left or slowing down and stopping.

When such signal is given by means of a device, it shall only be given by an adequate device which has been approved by the Lieutenant-Governor in Council.

"No person shall sell or offer for sale such device until it has been approved by the Lieutenant-Governor in Council."

These are the new Manson motor signals in illustrated form, showing how you must hold your arm and hand when turning right or left or slowing down and stopping.

On the Mountain Top

Climb the mountain—stand on the peak—and before you there unfolds a panorama extending as far as your eye can reach. Stay in the valley, and your view is restricted by the surrounding hills.

This newspaper, properly used, will guide you to the mountain top. Read it and your vision is enlarged. You get a bird's-eye view of world events. You glimpse the doings of the day.

Fail to use it, and your view is limited—you remain in ignorance not only of events at home and abroad, but of much that concerns you even more vitally—news of the very things that have to do with your personal, everyday life.

Some one might be selling a new, better and more economical food; or a utensil that would add immeasurably to your comfort and well-being; or some better material for shoes or clothing—but you would never know, because of your restricted view.

You may read every line of the news columns, but if you overlook the advertising, you are still living in the valley. You remain uninformed about many things you ought to know in order to live a happy, useful, profitable life in this age of progress.

Climb out of the valley to the mountain top.

"The first instant that great steel man looked over us it was apparent to every man in the bunch that Mr. Schwab really liked him. He didn't have to tell any of 'em so. He stepped on that platform Charles M. Schwab, auto-rail, millionaire magnate. He stepped off the platform, thirty minutes later, friend Charlie. In that short thirty minutes he had destroyed the hatreds that agitators had been building for fifteen years.

Idealism

"You have built something in Rotary that must be built between capital and labor. You have established an ideal. Take idealism from a man and only the savage remains. He may be well

pressed, well manicured, a smooth shaven individual, but without ideals he is the savage that formerly walked out with a knotted club and fought the tiger in his lair.

"That isn't all; He probably isn't as good a man as his ancestor of six thousand years ago. The world is built on ideals. And that's what we have got to bring to the front in the relationship that must be established between management and labor. I am not dreaming. Labor wants to be square. If labor follows the wrong leader it is not because they want to misunderstand but because the right leader has been asleep at the switch and hasn't given the men a chance to understand him.

Three Sides

"There are three sides to every question—your side, the other fellow's and the right side. I don't believe there was ever a question in either modern or ancient history where either side to the dispute was 100 per cent right. The labor problem is no exception to the rule. Whenever the employer or those representing him, and labor or those rep-

resenting labor's side, get together and compare notes they will find the right side—and they will find that neither of them was ever 100 per cent right.

"There was no man big enough yesterday—he isn't big enough today and he won't be tomorrow—to hate and reason at the same time. There's a whole bible in that statement.

Playing Game

"Ninety-five per cent of men, whether they wear broadcloth or overalls, want to play the game square. Lack of contact means lack of understanding. Those engaged in practically all disputes are absolutely sincere, but lack of friendly association breeds suspicion which in turn breeds both fear and hate and it is impossible under those circumstances to have a rule of reason.

"The employer generally has a tremendous personality. He has spent a lot of time selling his honesty, his fairness and his personality to the banker, the wholesaler, the retailer and the public. How much has he spent trying to sell that same personality, honesty and fairness to his workmen? I know what the answer is—and that answer is the cause of most of the trouble in American industry. Solving a labor trouble is not a mysterious affair. It is simply a proposition of using common horse sense."

BURNS LAKE AND LAKES DISTRICT

Miss Patricia Harrison is the guest of her sister Mrs. F. L. Carroll, of Burns Lake. At the end of this week she will leave for her home at Wistaria, where she will spend several weeks before returning to White Bird, Idaho.

Mrs. Jake Henkel, of Francois Lake returned on Saturday from a business trip to Prince George.

Mr. and Mrs. F. L. Carroll returned recently from a trip to the Babine where the former was attending to his duties as fire ranger. While there Mrs. Carroll caught a fine rainbow trout weighing a little over four pounds and measuring 22 1/2 inches, which, according to her statement, put up a very interesting fight.

Joe Oreskovich, of McDonald's Landing, gave a jolly dance at his ranch last week. A large number of the local residents besides residents of Bickle and a jolly party from Colleymount were in attendance. The latter made an eventful crossing of Francois Lake in Stanley's boat "Old Sport." Joe's hospitality was of the best and all the visitors enjoyed themselves to the limit.

Miss Irma Lewis arrived here from Smithers on Thursday and will visit in Burns Lake for a week or two.

The excellent rains during the past two weeks and continued warm weather have had a wonderful effect on the vegetation throughout the district and the conditions were never more auspicious for a bumper crop. All the agriculturists and gardening

enthusiasts wear a smile these days.

Mrs. Fay S. Short and baby boy of Burns Lake, paid a visit to the parental roof at Colleymount last week.

M. T. Harrison, the popular secretary of the Burns Lake & District Farmers' Institute, left last Sunday for an official visit to Prince George.

The settlers of Decker Lake are to be congratulated upon a most enjoyable dance given in the Community Hall on Saturday night. Bill Johnston and Frank Lewis contributed some excellent dance music and Miss Irma Lewis also assisted on the piano and Frank Saeke helped on the violin. A large number were in attendance from Burns Lake and Palliser.

Miss Matud Andrews, of Edmonton, is spending a few days in Burns Lake as the guest of her sister, Miss Grace Andrews. She will leave in a few days for Prince Rupert en route to her home in Vancouver to visit her parents.

J. A. Wiggins was a Babine visitor in Burns Lake on Sunday.

E. R. Woodcock, of Sheraton was transacting business in Burns Lake on Saturday.

About forty Indians from the Babine and various points are spending the week end at Burns Lake, bent upon trading activities.

R. H. Leighton, of Smithers was a week end visitor in Burns Lake.

P. Olson, of Engen, was registered at the Omineca Hotel and renewed old acquaintances here on Friday.

Considerable interest in prospecting is in evidence in the vicinity of Bald Hill and in the territory situated between Francois Lake and Tekesinkut Lake. A number of likely leads have been discovered.

J. L. McCush, of Francois Lake was a business visitor in Burns Lake on Friday.

One of our popular Burns Lake ladies made the trip to the Decker Lake dance in a motor boat—but she returned by auto.

Lawyer Fred Fraser returned on Saturday from a business trip to Fort Fraser.

ANYOX

Not satisfied with staging a successful ball game last week, the married and single girls got together and put on a dance in the Elks Hall, giving the proceeds, after expenses had been paid, to the Anyox Brass Band Fund. This amounted to some \$30.00, and was greatly appreciated by the bandmen, and shows that the people appreciate

the efforts they are continually making to provide the residents of Anyox with good music.

The Ladies Aid of the Union Church staged their annual Sunday School picnic at the saw mill on Saturday, June 16. All the kiddies, young and old, were transported in the Granby Company's launch "Caprice," and a royal day was spent in disposing of ice cream, cakes and what not; while during the moments when not engaged with the goodies, games of all kinds were engaged in, and a tired but happy crowd returned to town in the evening singing the praises of Mesdames Gloke and Patrick, as well as the other ladies of the Aid who helped. "Teddy," the genial caretaker of the saw mill property, came in for many happy reference for the manner in which he catered to the pleasure of the picnicers.

The output of the Hidden Creek Mine for the period June 4 to the 12 inclusive was 19,827 wet tons. Total for the month of June to the 12th, 25,023 tons.

Coke Plant production, June 5 to June 11 inclusive, 1,461 short tons of coal were charged and 970 short tons of coke produced; 3,252 imperial gallons of light oil were recovered and 63,987 lbs. of ammonium sulphate were manufactured.

The Smelter returns from June 1 to June 10 inclusive, show that 22,037 wet tons of ore were treated at Anyox smelter. This was made up as follows: Anyox ore, 20,687 tons; outside ore, 1,350 tons. Average price of copper for the week 14.619c.

Mr. and Mrs. Milton Gonzales entertained about twenty couples at a delightful bridge and dance last evening at their home, Fourth Avenue West.
