BRITISH LABOR PREPARED FORM CABINET

SIR HENRY THORNTON SENDS HOPEFUL REPLY TO MAYOR'S RECENT REQUEST

Labor Issues Communique in Which it says it is Ready to Undertake Government Britain

LONDON, Dec. 12.—The executive of the Labor party issued a communique this afternoon saying it had decided, in the event of the Labor party being invited to form a government, that the parliamentary party should immediately accept full responsibility for the government of the country without compromising itself with any form of coalition.

The Central News says the Labor executive, under the chairmanship of J. Ramsay MacDonald, this morning decided, in view of the government's

BOY BURGLARS ARE ARRESTED

Victoria Juvenile Gang Led by Lad of Fourteen Charged With Robbery

Gang Made Sudden Raids on Isolated Premises; Four on Sunday Last

VICTORIA, Dec. 12.—Led by a lad fourteen years of age, five boys are held by the police charged with committing six separate burglaries within the week.

The boys range in age from fourteen down to nine years. They are accused of breaking and entering more than four places on Sunday. In their possession was found a .38 calibre revolver taken from the office of a local firm when an attempt was made to open the safe.

The boys operated as a gang, it is alleged, in making sudden raids on isolated premises.

REDMOND RECOMMENDED SHAUGHNESSY AS PEER

Canadian Railway Magnate Was Candidate for Governor-General Irish Free State

LONDON, Dec. 12.—The Evening Standard expresses the opinion that while Lord Shaughnessy owed his title to work for the C.P.R., it was mainly due to his interest in Ireland, this being the only cause in which the late John Redmond made a recommendation for a peerage.

The Standard says that when L. T. Healy was made Governor-General of the Irish Free State, Lord Shaughnessy was a competing candidate and he had the backing of the Duke of Devonshire, Bonar Law, however, favored Healy.

CONFERENCES WITH OPPOSITION LEADERS BY PREMIER BALDWIN

LONDON, Dec. 12.—It is officially explained that the conferences between Premier Baldwin and Right Hon. H. H. Asquith and also between the Premier and J. Ramsay Macdonald yesterday were the usual courtesy notification that Premier Baldwin intended to carry on.

The conferences indicated no attempts at the formation of a coalition Government as was rumored.

Discusses Science Versus Religion.

A correspondent yesterday tried to decry the works of the Creator as revealed by scientific study and set up against them the religious view of a few people that science is all wrong.

There is no intention to enter into a serious discussion of this subject, but it would be wrong for such a suggestion as that made by the writer of the letter to go unchallenged. Scientists as well as those who base all their reasoning on religious views all agree that there is one supreme architect in charge of the affairs of the universe. There is a master mind controlling everything. The works of nature are the works of this master mind and all scientific study is simply a delving into the works of nature in a sincere desire to know more about them.

Based on the above assumption then the really religious person is the one who has engaged in scientific study for he knows more than others about the works of the creator and the marvellous evidences of that master mind. He has reason for the faith that is in him. He knows, whereas the other only guesses, he is best able to distinguish between religion and superstition.

True science is not opposed to religion neither should true religion be opposed to science. When either takes a dogmatic view and scorns the other, it is an indication of weakness. When we have a great man we are interested in his work. It is through his work that we realize how great a man he is. So it is with the master mind of the universe whom people call God. It is only through a study of his work that we can really know him. His work extends into every realm of science and the sincere student of the works of nature is the one who recognizes and realizes the workings of that master mind as none other can.

Develop Mines Of Interior B.C.

Anything that Prince Rupert people can do to develop the mines of the interior which will eventually ship through this port should not be neglected. Just now a coal mine is being developed at Telkwa and Prince Rupert people will be anxious doubtless to do their bit in giving this coal a fair trial and in using it wherever possible. Later it is to be hoped the big coal property on the Telkwa River owned by the Jefferson interests will be operated and then an overseas business will have to be done through this port in order to find a market for the product. The Groundhog and other coalfields in the neighborhood will also add to the industries of Central B.C. when they are developed. The thing to do just now is to unite with a view to developing what we have.

Just A Little Early For Cluster Lighting.

It looks to us as if it was just a little early for cluster lighting in Prince Rupert. Possibly when it is installed it will not prove any more costly than the older system but the installation has to be paid for and the taxes are already high. Streets and sewers should be the first claim on the ratepayers for they are absolute necessities whereas the extra lighting is somewhat of a luxury.

Tendency To Pass Too Many Laws.

There is a tendency to pass too many laws both in the province and in the Dominion. No one party is guilty in this respect more than another. All newly elected representatives go to the capital with the determination to make a record and pass as many laws as possible with the result that the statute books are cluttered with enactments and the people are worried at having to conform to irritating regulations. If we could but dissolve all parliaments for a period of ten years we should have a chance to recuperate. Every law that is passed irritates someone and usually loses a lot of votes for the administration. The result is that no administration retains the confidence of the people for many years at a stretch.

The Perils of Neglect

Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious—chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

EVOLUTION OF GOD

Editor, Daily News:—With your permission I will be obliged with the publishing of the following:

Mr. Mattheson appears to be greatly disturbed over the theory of evolution as demonstrated by Charles Darwin, while he himself appears as a child of evolution in his defense of the evolution of the idea of God.

Man's idea of God is determined by his mental reflection. As a case in point, let us consider God and the evolution of society, or the evolution of the idea of God. When man was a savage his God was the reflection of a savage mind. When man emerged to the state of a barbarian, his God was produced from the barbarian image. Hence, when the dawn of civilization arrived, the idea of God again changed as the image of man in that age. So, we have the evolution of the idea of God and a God that is made according to the image and likeness of man. The scientists undoubtedly depict for themselves a scientific God.

GEORGE B. CASEY.

IMPOTENCE OF SCIENCE

Editor, Daily News:—There has been many interpretations, so possibly you will allow me to explain mine.

When Europe was experiencing its period of growth, everything was lovely, but gradually a cleavage was becoming seen; while the manufacturers and business in general was increasing by leaps and bounds, the welfare of the people was not improving at the same rate, so the reply to greed was the union. Science was met by science, and the result is the checkmate, as we see today, with nobody prosperous.

So we see the law in operation; that the welfare of a people must indubitably depend upon reason in the last analysis and not upon the exercise of our natural senses, and this principle runs through the whole gamut of human endeavor.

MALCOLM MATHESON.

JOHN HART'S SYSTEM FOR IRISH FREE STATE

VICTORIA, Dec. 11.—A cable to the Montreal Star announced the other day that the Irish Free State had adopted by a unanimous vote the appointment of a committee to enquire into the feasibility of adopting the British Columbia government's system of accountancy by the new regime at Dublin. This is taken to mean in this part of the Dominion that the system which the Hon. Mr. Hart introduced into the department of finance a few years ago already has added to its Dominion reputation for clearness and accuracy some renown on the other side of the Atlantic.

LORD SHAUGHNESSY ROSE RAPIDLY FROM A LOWLY POSITION

C.P.R. President Began Life in The Purchasing Department of Milwaukee and St. Paul

Paul

Thomas George Shaughnessy, first Baron Shaughnessy of Montreal and Ashford, County Limerick, Ireland, whose death occurred Monday, was born in Milwaukee, Wis., October 6, 1853, the son of Thomas Shaughnessy. He was educated at the public schools of his native city and entered railway work in the purchasing department of the Milwaukee and St. Paul Railway in 1869. He rose rapidly in the ranks of railway officials and was general store keeper of the Chicago, Milwaukee and St. Paul Railway in 1882 when he was approached by William Van Horne, then collecting a staff for the infant Canadian Pacific Railway, and engaged as general purchasing agent.

It is said that when Van Horne heard about Mr. Shaughnessy he immediately sought him out, found him eating a meal in a restaurant and without delay put up his proposition to him. Mr. Shaughnessy accepted it also without delay. Mr. Shaughnessy was made assistant to the president of the C.P.R. in 1889, a vice-president and director in 1891, and became president of the company in 1899, retiring to become chairman of the board of directors in 1918. He was knighted in 1901, made a Knight Commander of the Victorian Order in 1907 and raised to the peerage in 1916.

Lord Shaughnessy was associated through directorships with a wide range of enterprises. He was on the directorates of all the subsidiaries of the Canadian Pacific Railway, the Bank of Montreal, Royal Trust Company and Trans-Canada Theatres Limited, and owned much real estate and office building property in Montreal. He was a fellow of the Royal Colonial Institute, a governor of Laval University, a governor of the Western Hospital, Montreal, and a member of the Montreal Jockey Club. He married in 1880 Mand Elizabeth Nagle, of Milwaukee. His heir is Hon. W. J. Shaughnessy. The Baron and Baroness Shaughnessy had three daughters, the Hon. Mrs. H. W. Beaulieu, the Hon. Mrs. Rene Redmond, and the Hon. Marguerite Shaughnessy.

LORD SHAUGHNESSY OBJECTED TO LIQUOR

Ordered Bar Closed at Moosejaw and Required Prompt Action

While not a total abstainer, Lord Shaughnessy was a firm believer in it for working hours. During his time as president of the C.P.R. an order was issued banning the sale of alcoholic drinks from the dining and buffet cars of the system. His feeling in regard to it was evidenced in a speech he took once at Moosejaw.

Travelling with the late Sir William Whyte, then western vice-president of the road, he noticed trainmen entering a bar at the company's hotel there. Calling Sir William, he said, "Whyte, close that bar."

Several hours later, noticing the bar still open, His Lordship called Sir William sharply and said, "Whyte, I told you to close that bar. Why wasn't it done?" Sir William replied that he was going to close the bar at closing time that night. "You're not," said Shaughnessy. "Close it now." The bar was closed.

VANDERHOOF

Richard Stuart has returned to Vanderhoof after an absence of several months in Prince Rupert and Smithers.

Miss Lillian Grace Rona Cooper, daughter of William Cooper, and John A. Gillis were married last week at the home of Fred Borhaven by Rev. E. B. Arroll.

Mrs. Fred Borhaven and children left last week for Lacombe, Alberta, where they will visit with Mrs. Borhaven's mother.

Mr. and Mrs. George Little of Terrace were in town last week, the guests of Mr. and Mrs. R. G. Matthews.

Miss Kathleen Morrow has won a Stratheona Trust prize

GIFTS THAT LAST

Here and There

A grant of \$25,700 to the Salvation Army to aid Canadian emigration work in Great Britain has been authorized by a Canadian Order in Council.

According to information received by the Canadian Pacific Railway at Winnipeg, sixty-three bushels of wheat to the acre has been harvested on the farm of T. M. Ballantyne, three miles north of Lacombe, Alberta. The wheat graded No. 1 and weighed 64 pounds to the bushel.

Weighing 3,170 pounds, a steer, said to be the largest ever received in Winnipeg, arrived at the union stockyards from Wainwright, Alberta. It was sold for \$250, the highest selling price of any steer in Winnipeg since the war.

The Canadian Pacific S.S. "Brutton," which arrived in Liverpool on September 5th, put up what is considered to be a record in the speedy discharge of cargo when she sailed the following day, Sept. 6th, at 7 p.m., having discharged over 2,000 tons of cargo.

It is announced that the Canadian Pacific Railway will increase the size of its irrigation headgates at Kimball, in southern Alberta, by 50 per cent in anticipation of an increase in area of 40,000 acres in the Lethbridge district. Water will be turned into the ditches of the Lethbridge Northern project, it is expected, some time this fall.

Buffalo steak will be abundant in Canada this fall. A herd of 2,000 surplus Buffalo wandering on the range in the National Park at Wainwright will be slaughtered by an Order-in-Council, and the meat and skins sold. For several years the Government has paid special attention to the preservation of the buffalo and the work has been so successful that the National Parks are now overstocked.

At a dinner given in his honor by the Vancouver Board of Trade, E. W. Beatty, President of the Canadian Pacific Railway, announced that the Company proposed immediately to add two large modern steamers to its coast fleet in order to take care of its increasing tourist traffic over the Company's Pacific Coastal lines. He also announced the early completion of a new pier at Vancouver at a cost of several millions.

There have been large increases in the number of pure bred animals in Canada during the decade between the last two censuses. The increase in the number of pure bred horses between 1911 and 1921 was 44 per cent; of cattle, 139 per cent; of sheep, 75 per cent, and of swine, nearly 44 per cent. The number of pure bred horses in the Dominion in 1921 was 47,782; cattle, 296,656; sheep, 93,613, and of swine, \$1,143.

A conservative estimate of the amount of money spent in Quebec by tourists reaches \$2,358,750. From the beginning of May until the first of September, 15,000 motor tourists had called for information at the offices of the Quebec Auto Club. Taking an average of four people to each car, this meant that at least 60,000 people had come to the city by automobiles. Of this number there were approximately 3,000 camping parties, or 12,000 people.

At the Chateau Frontenac, Quebec, recently, Colonel J. S. Dennis, Chief Commissioner of Colonization of the Canadian Pacific Railway, outlined in a detailed speech existing conditions in Canada and prospects for the future. He emphatically stated that there was no cause for discouragement, but, on the contrary, every prospect of a renewal of rapid development, including an increase in our population and the development of our latent natural resources in such a way as to insure, in the comparatively near future, that we should be out of the woods, and progressing rapidly to a large population and favorable business and financial conditions.

BAZAAR OPENED TODAY AT BAPTIST CHURCH

Fine Display of Christmas and Other Articles on Display There

This afternoon at half-past two the annual Christmas bazaar of the Ladies' Aid of the Baptist Church was opened by Rev. A. J. Smithson in the church parlor and the beautifully decorated stalls and the array of fancy articles on sale were an indication of the industry and artistry of the ladies who were in charge and of those who had prepared the articles. A brisk sale is anticipated, those in charge of the booths being:

Plain sewing—Mrs. A. Johnson and Mrs. J. Hampton.

Home Cooking—Mrs. R. M. Newell, Mrs. J. S. McDonald and Mrs. E. H. Shorlock.

Candy—Members of the Helping Hand Society.

Fancy Work—Mrs. J. J. Smithson, Mrs. Shenton, and Mrs. P. E. Linzer.

Treasurer—Mrs. G. Hibbard, Mrs. Frank Morris, Mrs. Bert Morgan and Mrs. W. T. Moore.

Nursery—Mrs. J. D. Thurber and Miss M. Hughes.

Christmas Tree—Mrs. Lemon and Mrs. Ed. Hamlin.

Cashier—Mrs. E. J. Robinson.

The whole general arrangements are looked after by Mrs. George Johnstone, the retiring president of the Ladies' Aid Society. The new officers of the society recently elected are president, Mrs. A. J. Smithson; vice-president, Miss M. Hughes; secretary-treasurer, Mrs. S. Hamlin.

PRINCE RUPERT MAN UNWILLING SWIMMER ALICE ARM RECENTLY

The cool waters of the Alice Arm inlet are certainly proving a fascination for a number of people, says the Alice Arm Herald. This week it was Alex Bonner who took a high dive. Mr. Bonner recently arrived from Prince Rupert to look over some mineral claims in which he is interested. On Tuesday evening he was in a row boat near the Dolly Varden wharf when the boat capsized and struck against his will he took a plunge into the icy water.

Alex says he went so deep that he counted four mud sharks on the bottom, who gave him the cold eye. After what seemed to be several years he came to the surface, succeeded in righting his boat and climbed in.

WIRGLEY'S After Every Meal

TO LOOK PRETTIER END CONSTIPATION!

Similar to Other New Seattle Boats Arriving at Prince Rupert Recently

Constipation is often a cause of pimples, unhealthy complexion, dark rings around the eyes, fatigue, nervousness and irritability. And one of the chief causes of constipation is the result of a diet too rich in starches and pastries, grape and other low fiber content fruits, when there is no constipation due to other causes.

Red yeast oil is the answer. It has a good reputation and is prescribed by Dr. H. S. Thacher and now used by thousands of women to help overcome constipation without giving up expensive digestion—so simple, easy and cost-free, overcomes nervousness in the system and purifies the body.

It is just as good as Dr. Thacher's different new meals. Notice the quick difference in the way you eat, sleep, look and feel. Rest completely, never dream again.

Dr. Thacher's Liver and Blood Syrup Tonic

ALICE ARM

Under the auspices of the Alice Arm Social League an enjoyable dance was held at the home of Mr. and Mrs. O. Gray, who were out of town and who kindly allowed the use of their house during their absence. The improvised orchestra consisted of piano, two guitars, a mandolin, accordion, cornet and clarinet. George Brugge was master of ceremonies.

The skating rink is all ready awaiting colder weather. A hockey team will be formed and it is expected a number of games will be played against Anyox.

Great preparations are being made for the annual Christmas tree for the children.

BREAK ON PIPE LINE REPAIRED YESTERDAY

City Power Turned Into Lines at 5:45 After Dry Dock Had Supplied for Few Hours

The break in the city's pipe line between Woodworth Lake and the Shawlans' hydroelectric plant was repaired yesterday afternoon and the powerhouse started working shortly after 5 o'clock, electricity being turned from there into the city. Lines at 5:15 after the dry dock plant had provided the supply from 2:30. Further repairs in the way of bracing, etc., are being made today under the supervision of Ernest Lowe, superintendent of utilities, who has been at the scene of the trouble since early yesterday morning.

Elks—G. Shenton (3), 6; E. Clegg; H. Berryman (3), 7; W. Cavalier, 4; V. Meagher (2), 11—Total, 31.

Grotto—W. D. Smith (3); T. Fraser (1), 2; G. Anderson (1), 2; W. Gray (2), 2; W. Wrathall, 10; Capstick, 4; L. Anderson, 11—Total, 35.

Colts—S. Barrett-Jones (1); R. Bartlett (1), 8; D. Harness, 1—Total, 35.

Kaiens—Miss B. Byrne, Miss Lundquist (1); Miss M. Casey (2), 5; Miss A. Morrison (2), 6; Miss B. Brochu—Total, 15.

Teachers—Miss Helen Hibbard (2), 1; Miss Margaret Lindsay, 2; Miss N. Pyte (1); Miss Caroline Mitchell (1); 11; Miss K. Harvey (1), 2—Total, 24.

Kaiens—Miss B. Byrne, Miss Lundquist (1); Miss M. Casey (2), 5; Miss A. Morrison (2), 6; Miss B. Brochu—Total, 15.

The intermediate game was a keen contest but neither aggregation showed to any advantage in team work although at times the Elks made efforts at combination. On the whole, the game was characterized by too much individual work. The Elks fully merited their win although perhaps not by so many points as 21 to 20.

Elks—G. Shenton (3), 6; E. Clegg; H. Berryman (3), 7; W. Cavalier, 4; V. Meagher (2), 11—Total, 31.

ALTERATIONS MADE IN WINTER SCHEDULE OF NATIONAL STEAMERS

**Boat Will Arrive From South on
Wednesdays at 4 O'clock In-
stead of 1 O'clock in the
Afternoon**

Alterations in the C.N.R. coast
steamship winter schedule as
originally drafted provide for the
weekly steamer from Vancouver arriving
here on Wednesday afternoons at 4 o'clock instead of
1 o'clock as announced at first.
The steamer will leave here for the
north at 11 o'clock Wednesday evening and will make the
Stewart call first arriving there at 8 a.m. Thursday and sailing
for Anyox at noon, arriving there at 6:30 p.m., leaving at 11
p.m. and arriving back in Prince Rupert at 6 a.m. Friday morning,
sailing for Vancouver at 10:30 a.m. Instead of leaving Vancouver for
the north at 8:30 the vessel will sail at 11 o'clock Monday night.

The winter schedule will take
effect on the week of December
24 and the steamer Prince
George will be the first to go in
to dry dock here. Arriving from
Stewart on December 23, the
Prince Rupert will remain here
until December 28 and then pick
up the southbound run after the
Prince George has returned from
Stewart and Anyox.

Ten Years Ago in Prince Rupert

A committee consisting of H.
E. Gampp, Fred Shaw and W. H.
Derry waited on S. M. Newton
last night to offer him nomination
in the forthcoming mayoralty
contest. The ex-mayor accepted
and definitely announced
himself today.

The Grand Jury at the
Supreme Court assises recom-
mends that more playground
facilities be provided at the city
schools, that X-Ray equipment
be installed at the General
Hospital and that a fireproof
vault be constructed in the prov-
incial government buildings for
the safeguarding of mining re-
cords.

One of the most brilliant balls
ever held in the city was that
given in St. Andrew's Hall last
night by the employees of the
Grand Trunk Pacific Railway.
Patrons were Mr. and Mrs. W.
C. Mehan, Mr. and Mrs. G. A.
McNicholl and Mr. and Mrs. Al-
bert Davidson. Len Bell was
chairman of the committee on
arrangements; W. H. Tohey, the
floor committee, and Archie
Watt, the decoration committee.

BUYING FOR CHRISTMAS

**Stores Carry All Sorts of Useful
and Beautiful Articles
Suitable to Season**

Once again the glad season of
Christmas has been heralded by
the merchants and the store
windows are a blaze of color
and beauty. The window dressers
this year seem to have ex-
celled themselves in their par-
ticular art and from the small
shop windows in the suburbs to
the large emporium windows in
the down town section the
breath of Christmas is breathed
to the eager Yuletide shopper as
never before. With only ten
shopping days ahead, in which to
replenish the larder and to obtain
the many gifts for relatives and
friends and to make the one hundred
and one odd purchases so necessary to
the season many judicious buyers
have already commenced making
their Christmas purchases. It is
the early shopper who gets the
pick of goods and also receives
the attention in the stores. It is im-
possible for the merchants to cope with the last
minute rush and give the same
satisfaction to the late purchaser as to the early one. It is
well, therefore, to bear in mind
the retail trade slogan "Shop Early."

Toyland

Probably the greatest draw-
ing card to both young and old
is Toyland where Santa Claus
has established many branches
of his benevolent and annual toy
distribution business. There are
toys of every description on
hand and at all prices. From
the large and more expensive
electric railway, complete with
signals and all and many rail-
way contraptions, to the ten
cent rag doll. All the circus
animals are here — in the old
original Noah's Ark, and all the
clowns and tight rope dancers —
as well as a score or more of
other dolls. Besides the circus
contingent there are games and
toys galore. The kiddies will
just delight in visiting the many
Toylands and the parents will
get a lot of fun out of it too.

The Ladies' Realm

There are simply thousands of
beautiful gifts on hand for her
ladyship and one of which she
would be delighted to receive.
The prices range all the way
from fifty cents to the hundred
dollar class. The departmental
stores, shoe stores, jewellery
stores, furniture stores, hard-
ware stores, druggists, and ladies'
ready-to-wear houses, have
obtained Christmas stocks
that would be hard to beat the
wide world over. Beautiful
party gowns, fur trimmed coats,
suits, gloves, handkerchiefs in
lovely seasonable boxes, delicate
silk lingerie, hose, and many
other delightful and serviceable
gifts grace the counters and
shelves of the stores catering
particularly to her ladyship's
comfort and happiness.

Jewellery

Jewellery has been dear to the
heart of ladies from time im-
memorial and a gift of jewellery
always pleases. The windows
and cases of the jewellery stores
flash and sparkle with hand-
some gifts both for ornamental
and utility purposes. There are
trays of beautiful rings ranging
in prices from \$3.50 to thou-
sands of dollars, while cut glass,
brassware, silverware, ivory
sets, watches, pearls, combs,
clocks, useful articles for the
table in Sterling silver, picture

YOU CAN EAT ANYTHING YOU LIKE AND NOT HAVE HEARTBURN

In all cases of heartburn there is a
gnawing and burning pain in the stomach
attended by a disturbed appetite, as when
too much food is taken into the stomach.
It is liable to ferment and become ex-
tremely sour, vomiting occurs, and what
is thrown up is generally sour and bitter.
When you are in this condition you will
find that Milburn's Laxa-Liver Pills will
give you relief right away.

Mr. Joseph H. Macdonald, Christmas
Island, N.S., writes:—"Two years ago I
suffered all the time from heartburn. I
took one vial of Milburn's Laxa-Liver
Pills and have never been troubled since."

It is very nice to be able to eat any-
thing you like and not have heartburn
any more."

Milburn's Laxa-Liver Pills are 25¢ a
vial at all dealers, or mailed direct on re-
ceipt of price by The T. Milburn Co.,
Limited, Toronto, Ont.

At the End of a Day

As the roll unwinds, music works its magic. Gone are the cares of a week-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gullermann registering piano you find it sympathetic, responsive. For it is as ready to reflect the experience of youth in the latest and greatest of popular tunes as it is to free the majestic music imprisoned in the score of a composer's masterpiece.

We invite you to our store today and try the Gullermann registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.

TRAGIC STORY OF TWO GIRLS

Arrivals at Winnipeg from Russia
Tell of Barbarous Treatment of Mother

WINNIPEG, Dec. 12.—An unusual story of Bolshevik brutality was related by Regina and Margaret Keller, two girl immigrants from Russia, when they passed through Winnipeg Tuesday night, on their way to the farm of an uncle in Saskatchewan.

Margaret, 17 years old, told the story, while her sister, a year younger, nodded in painful affirmation.

"Our home was near Vilnius, between Moscow and Riga," Margaret said. "We were generally known as anti-Bolsheviks and, as a consequence, underwent all sorts of hardships.

"After a great deal of trouble, our mother, my sister, and I managed to get permission to leave the country, and came to Canada. Our brother, who is 23 years, wanted to come, too, but the Bolshevik authorities would not permit it, as he is of army age.

Horrible Act

"Every difficulty was put in our way clear up to the moment when we boarded the train. Somehow, we got separated from

THE CROW OF CROUP A WARNING TO ALL MOTHERS

Croup starts with a dry cough and rattles in the throat; after which the "croaky crow" gives warning of the disease. The child, after tossing restlessly about, with such up-and-down flushed face, protruding eyeballs, and a distressing look of terror and anxiety. There is a struggle for breath, and the expression of the anxious mother is so difficult to get out of that the doctor appears to threaten strangulation.

"On the first sign of the "croaky crow" mothers should administer Dr. Wood's Syrup and thus give the child prompt and permanent relief, and perhaps the life saved by taking this precaution."

Mrs. H. A. Laughlin, Hamilton, Ont., writes—"My little boy was very bad with the croup and I could not get anything to relieve him until I tried Dr. Wood's Syrup. Since then he has been well."
