HEAD OF MERCHANT MARINE IS OPTIMISTIC BOATS AND LIQUID BOODLE FALL TO RUM RUNNING RAIDERS AT VICTORIA

C.G.M.M. to be Active Factor in Developing Port of Prince Rupert, says General Manager

"I look for a steady development in Prince Rupert during the next year or two. I do not see why the port should not make good progress and grow steadily," said B. C. Keeley, general manager of the Canadian Government Merchant Marine on this coast, who arrived in the city Saturday and will spend several days in the neighborhood investigating the shipping prospects of the northern British Columbia district. He is accompanied by Mrs. and Miss Keeley, and also by his mother and his private secretary.

LOGGING ACTIVITY IN DISTRICT SOUTH

P. S. Bonney, Forester, Returns After Visiting Ocean Falls, Swanson Bay and Smiths Inlet

P. S. Bonney, district forester, returned on the Chelohsin this morning from a departmental trip south to Ocean Falls, Swanson Bay and Smiths Inlet.

Mr. Bonney reports general activity in logging and handling operations in the southern part of the district. The Clayton Logging Co. is driving four million feet of logs down the Bella Coola River for five miles. These logs are destined for the Pacific mills at Ocean Falls. At Smiths Inlet, hand loggers have put up 1,250,000 feet of cedar logs which will be delivered to Swanson Bay or Vancouver.

ALL BEER AND WINE ON NATIONAL RAILWAY PROVINCE OF QUEBEC

MONTREAL, June 4.—Beer and wine may now be obtained on the Canadian National trains between Montreal and Quebec, a license having been issued by the Quebec Liquor Commission. This is a departure from the policy of the National Railways which refused previously to take out a license. Drinks may be supplied with meals.

ROAD DANGERS IN CROW'S NEST PASS DISTRICT ARE GONE

CALGARY, June 4.—Receding waters in the flood districts indicate that the danger of a serious flood is past. The damage in Calgary will be about \$100,000.

BERNIE, June 4.—Receding waters release this district from the menace of floods. The chief danger is to railway sidings and principal high roads which will require considerable repair.

BEST FIRES ARE SWEEPING DISTRICT NORTH OF MONTREAL.

MONTREAL, June 4.—The Laurentian district of Montreal has been swept by disastrous fires and the timber loss will be well over a million. The town of White River was menaced but is now out of danger.

SCHOONERS BEACHED

LONDON, June 4.—Collision between the British schooner Aphie and the African steamer Sam resulted in both ships being beached and badly disabled. Breakfast Lough with no loss of life.

LIQUOR SCHOONER RAMMED AND SUNK

NORFOLK, Va., June 4.—The British five ton sloop Beulah sank with a cargo of liquor when rammed by an unidentified steamer. The Beulah crew of nine men were rescued.

MILLERD TAKES OVER NASS RIVER CANNERY

W. J. Jefferson, Formerly With the Western Packers to Manage Somerville

Among the arrivals in the city on Saturday from the south was W. J. Jefferson, formerly manager of the Western Packers and before that with the Wallace Co. He has gone to the Naas to open up the Somerville Cannery for Francis Millerd who has withdrawn from the Gosse Millerd Co. and is running the Somerville cannery for this season under lease from Evans, Coleman & Evans.

Mr. Jefferson is not looking for a season as he has only recently taken charge but with a late start he will probably make some showing as he is a well-known canneryman with a good record.

LARGEST RESTAURANT IN WHOLE WORLD IS OPENED IN LONDON

LONDON, June 4.—Next time the Yankee tourist starts to tell the Londoner how much bigger things are at home he probably will be taken down to Piccadilly Circus and shown the largest restaurant in the world which has just been opened. During the next twelve months this restaurant expects to serve ten million meals. A boosting statistician says the largest eating place in America serves two million meals a year.

SHIPS IN COLLISION

SAULT STE. MARIE, Mich., June 4.—The steamers Schiller and Wilkinson were in collision off Point Iroquois at midnight. The former was beached to prevent her sinking. The crews of both were rescued.

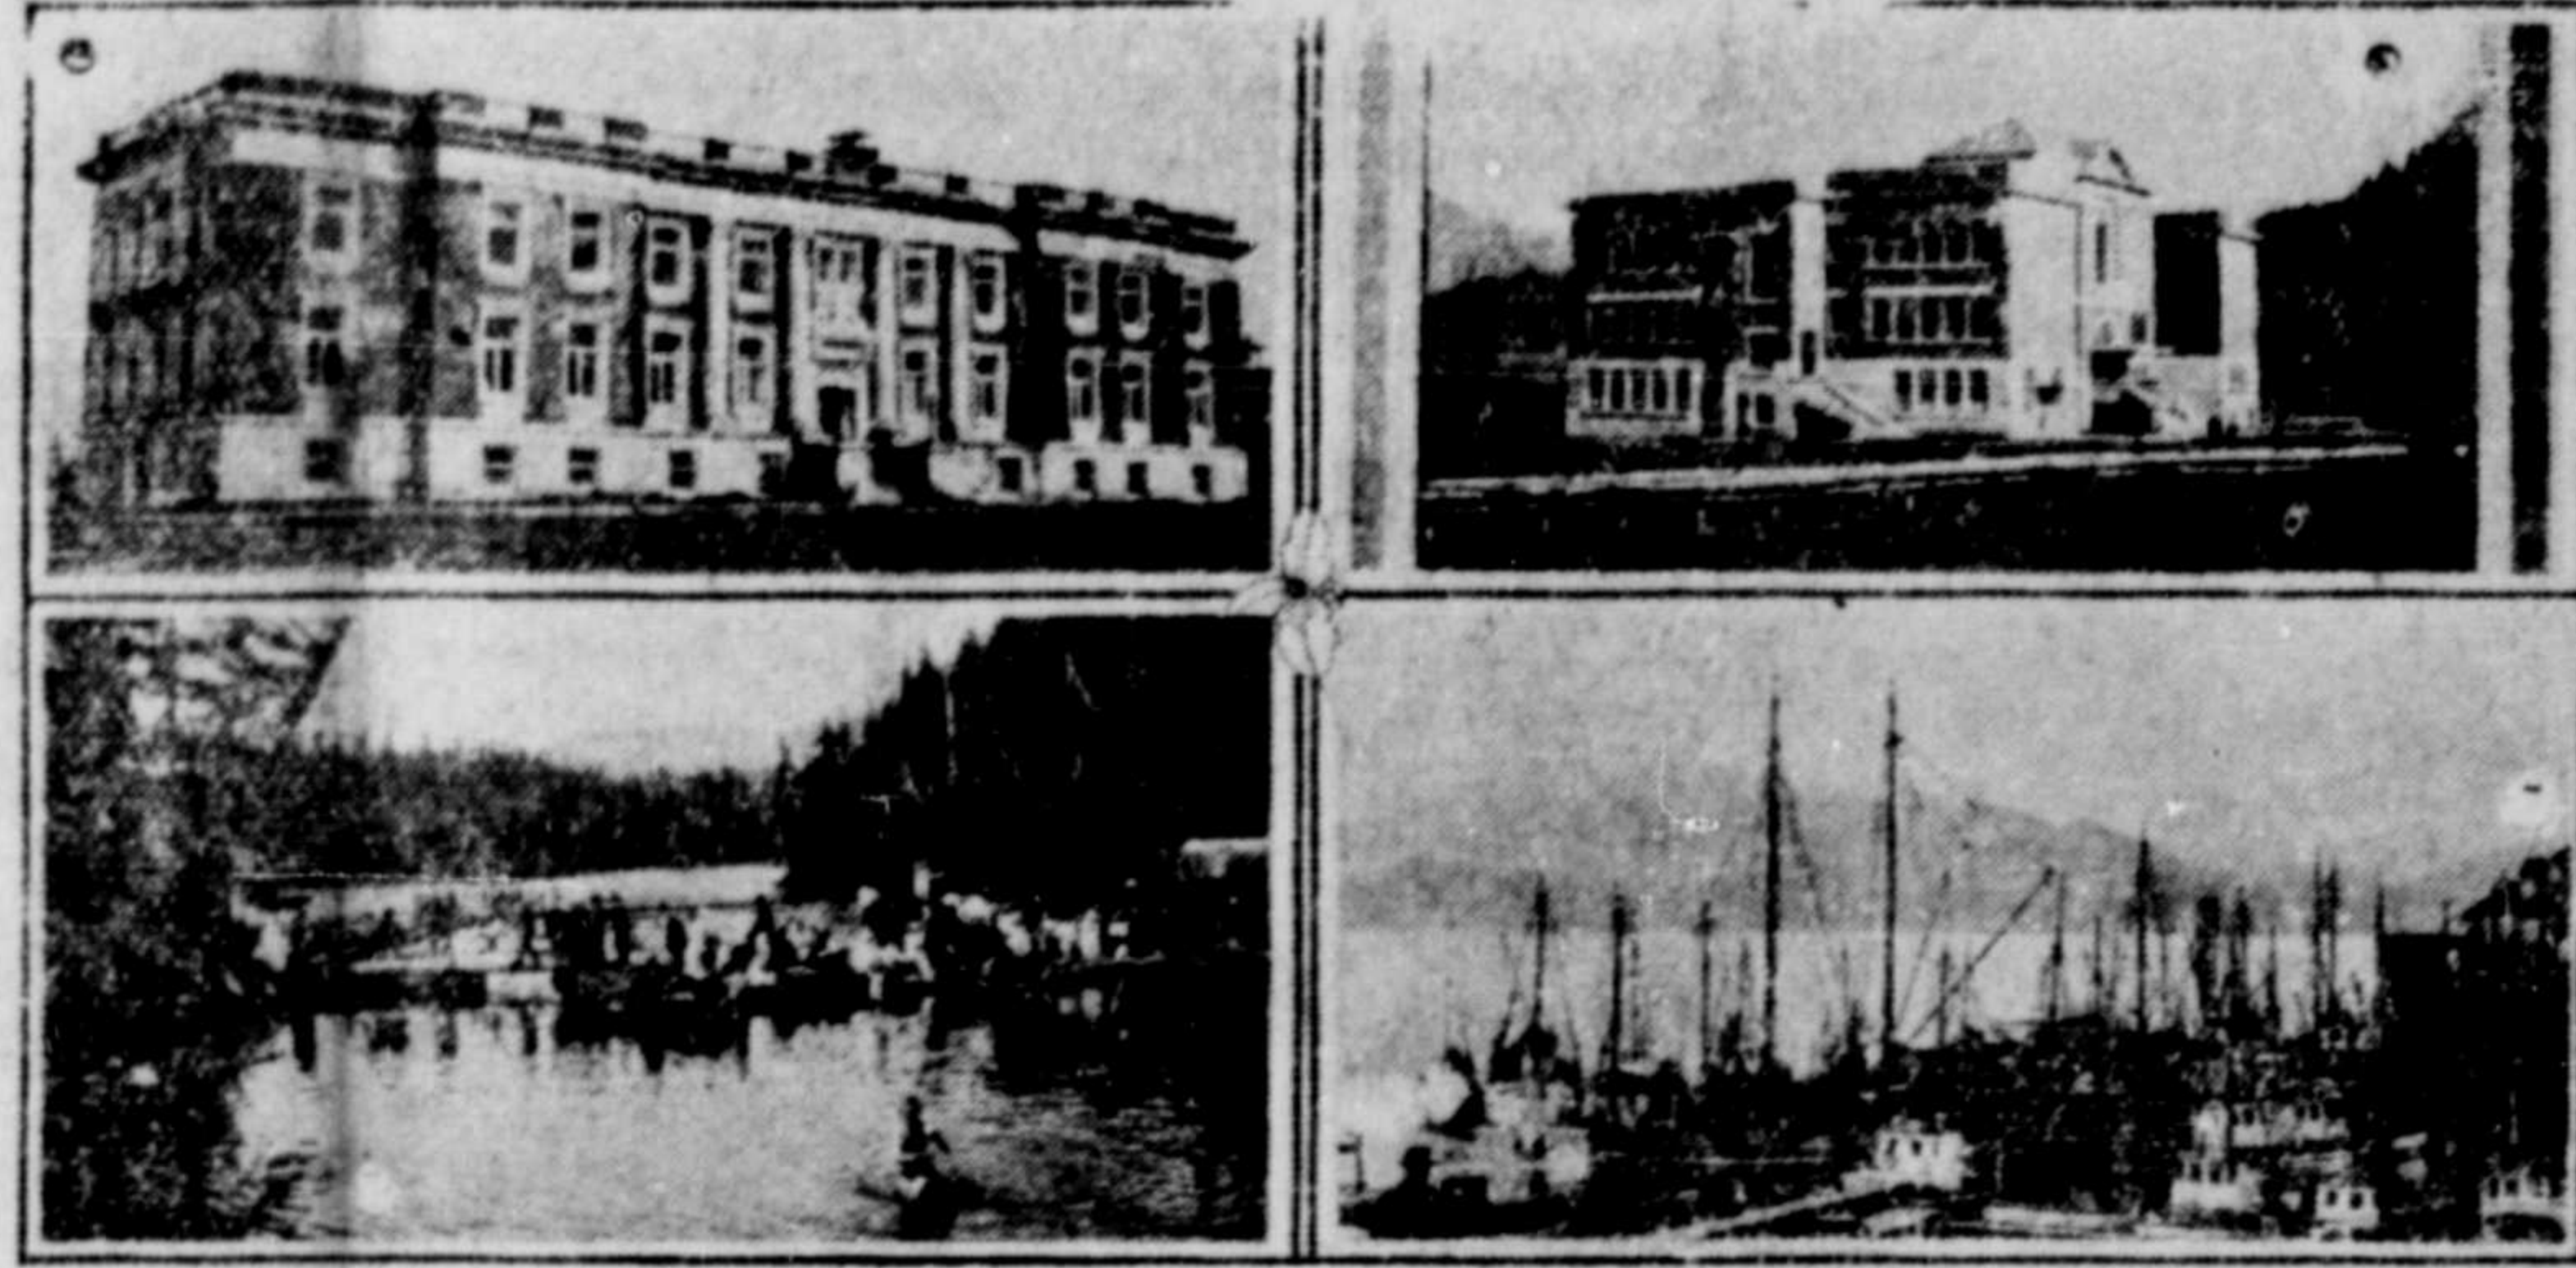

The new Union steamer Gardena is due to arrive early next week at Vancouver from Scotland where she was built. The Gardena will replace the Chelohsin in the Prince Rupert-Anyox service early in July.

Today being a statutory holiday, there will be no meeting of the city council tonight. It will take place tomorrow evening instead.

BIGGEST SUBMARINE IS BEING BUILT AT CHATHAM, ENGLAND

LONDON, June 4.—Britain will have the largest and most powerful submarine in the world when the mystery ship submarine X1 is completed soon. She is to be launched at Chatham. She will displace 2,780 tons at float and 3,600 tons when submerged. This is a thousand tons greater than any foreign submarine afloat. She will mount a twelve inch gun.

Rum Runners Captured Near Victoria, Several Thousand Bottles Taken

VICTORIA, June 4.—Four gas boats, two of them of American registry and several thousand bottles of beer and whiskey were seized off Discovery Island late Saturday night when officers of the Dominion and Provincial police closed a dragnet spread for international bootleggers. The value of the haul has not been estimated. The boats and cargo have been confiscated and the men who operate the boats have returned to Seattle and Tacoma.

BIG HALIBUT BOATS RESUMING FISHING

Vansee, Kodiak and Tom and Al, Americans, and Atli, Canadian, Sold Catches Today

Large American halibut schooners, after undergoing annual overhaul in the south, are getting on the fish banks again adding their big catches to the local shipping business. This morning the Vansee, Kodiak and Tom and Al marketed their catches, and the Canadian Atli was also in with a large cargo. Americans had the slight advantage on the price scale for first class catches while second class was pretty even, 10c being paid in all cases except that of the Atli which got 10 1/2c. Nine boats had a total of 194,000 pounds, six Americans with 145,000 pounds and three Canadians with 30,000.

Arrivals and sales:
American
Oonah, 11,000 pounds, and Reliance, 7,000 pounds, at 15.5c and 10c, to the Royal Fish Co.
Vansee, 53,000 pounds, at 11c and 10c, to the Booth Fisheries Canadian Co.

Koyosu, 5,000 pounds, at 13.3c and 10c, to the Booth Fisheries Canadian Co.

T. A. Clarke, junior forester for this district, sailed last night on the Prince George for Swanson Bay.

FRISCO BOAT VISITS PORT

Express Cruiser Grayling on Way North to be Taken Into Interior Lakes

One of San Francisco's best known express cruisers, the Grayling, owned by H. O. Harrison, president of the Harrison Investment Co. and a prominent Frisco automobile dealer, attracted much attention and was the subject of much comment along the local waterfront yesterday.

The Grayling was unloaded from the Princess Louise yesterday morning and this week, with her master, Capt. Ed. Ralston aboard, will clear for Skagway where she will be taken on train enroute to Atlin Lake and other northern interior waters for a summer cruise. Mrs. Harrison and two daughters and F. A. Huggins, Mr. Harrison's secretary, continued through on the Princess Louise to Skagway where they will be joined by Mr. Harrison and Capt. Ralston. Mr. Harrison will go north on the Princess Alice next week.

The Grayling is a brand new 35 foot boat and is powered with a 200 horse power Hall-Scott motor which gives her a cruising speed of 25 knots and a possible speed of 30 knots. She is one of the fastest gasoline boats that has ever visited this port. Yesterday an attempt was made to make the passage north but it was too rough outside and the boat returned to port.

DR. LAZARUKE, OF LEMBERG, UKRAINE, VISITOR TO CITY

Dr. Joseph Lazaruke, a lawyer and doctor of laws at Lemberg, Ukraine, Russia, spent the latter part of the week visiting with Mr. and Mrs. James Krikevsky, 718 Lohmiers Street. Dr. Lazaruke, who is on a six months' tour of Canada, arrived from Vancouver last Wednesday and left on Saturday evening's train for Edmonton. After observing the situation in Canada as a whole, Dr. Lazaruke was of the opinion that Prince Rupert, through its position, was bound to eventually become a great centre of trade. He was much impressed with the place as a result of his visit here.

Cheering Message From Official.

B. C. Keeley, of the Canadian Government Merchant Marine brings us a cheering message which indicates that the government shipping company is alive to the developments which are going on in the north. Active co-operation is suggested and that is what we expect from them.

Importance Of Local Steamships.

One of the most important developments from our standpoint will be the placing of local steamers in the service to ply to neighboring points making this the centre and the home port. We have been trying to secure that for many years and now at last it looks as if we were destined to get it.

Stamp Out Fires During Hot Weather.

The hot weather season seems to be coming on and the greatest possible care must be taken to see that forest fires do not get under way. The Forestry Department is very busy and is making strenuous efforts to prevent fires and to secure the punishment of those who set them or who disobey the laws in any respect which would prove dangerous.

Senate Holding Up Liquor Measure.

The law which Hon. A. M. Manson has asked for, giving British Columbia the right to control its own liquor traffic is held up in the Senate. It was passed last year in the House of Commons and again this session and is now held up because the Senators did not like something which the Attorney General of B.C. said about them.

What the Attorney General of this province says has nothing to do with the desirability of the liquor legislation. It is either desirable or not. The Commons think it is necessary and the people of British Columbia and the governments of all the provinces think it is necessary. The Senate, however, is different. It is the old men's home for disappointed politicians and the members seldom do anything constructive.

A Clear, Beautiful Skin

There are millions of tiny openings or pores in the skin and these must be kept open and clean if the beauty of the skin is to be maintained.

Because it cleanses these pores and encourages the healthful action of the skin, Dr. Chase's Ointment is most effective as a skin beautifier. Roughness, redness, pimples and all sorts of skin blemishes disappear by its use, and the skin is left clear, smooth and velvety.

Rev. G. G. Hacker Addressed a Large Congregation in Methodist Church Last Night

Rev. G. G. Hacker addressed a large congregation in the Methodist Church last night on the subject of the evangelical campaign which Rev. Dr. C. S. Price has been conducting in Victoria and Vancouver recently.

Mr. Hacker gave a history of the campaign as far as Dr. Price was concerned and told of the circumstances leading up to his undertaking the work. Regarding the suggested hypnotism or mesmerism, the speaker said that this might exist but it was his opinion that the work of Dr. Price was imbued with much the same power as was manifested in the earlier Finney, Wesley and Moody movements.

Mr. Hacker spoke of the case of Miss Ruby Dimmick who had unquestionably been healed. Rev. W. H. Redman, formerly of this city, had also received Dr. Price's treatments for his shoulder which was out of socket. Mr. Redman had obtained a measure of relief and pain was gone but the doctors said there was no change in the condition of the bone.

Mr. Hacker pointed to the danger that might be caused through disappointment. While, no doubt, there had been great work done by Dr. Price some, with seemingly unlimited faith, had not been relieved. There was thus danger of that faith being shattered since Dr. Price said that with faith anything could be cured.

Mr. Hacker declined to express a final opinion as to the value or otherwise of Dr. Price's work and explained that many clergymen were not making judgment pending the finding of a committee of the Vancouver Ministerial Association which had been delegated to investigate the work for six months and make a report.

PRINCESS LOUISE ON FIRST VOYAGE

Big C.P.R. Tourist Boat Was in Port Yesterday Morning from 8 to 10:30

On her first northern voyage of the summer season, the C.P.R. tourist steamer Princess Louise, Capt. Arthur Slater was in port yesterday morning from 8 to 10:30 bound from Vancouver to southeastern Alaskan ports. The Louise had 130 passengers, including 30 or 40 round trippers, a few for Alaska ports but the most going through to the Yukon.

Four passengers debarked here: F. S. Weaver, J. Burgess, J. G. Johns and J. Gavey. Those taking passage from here were Mr. and Mrs. J. S. Dunn and Mr. and Mrs. V. O. Lyon for Skagway; Mr. and Mrs. Hudson and E. F. Davies for Juneau; Judge F. McB. Young for Alton, and W. Moorhouse and L. B. Rohler for Ketchikan. The Louise had 25 tons of freight for Prince Rupert.

The through list of passengers on the Louise included Volney Richmond, president of the Northern Commercial Co., operating a chain of stores in the Yukon, who is going into Dawson for the summer after having spent the winter outside. Mr. and Mrs. J. G. Blanchard were passengers for Skagway from Seattle where they have spent the winter. Mr. Blanchard is district passenger agent at Skagway for the Yukon & White Pass Railway.

Among the round trippers on the Princess Louise is Capt. John McLeod, one of the best known of Northern navigators and who for years was master of the old Princess May in the Alaska service. Capt. McLeod, who is on a holiday trip visiting old scenes, is now connected with a Victoria salvage concern.

CONDITIONS IN SOUTH STEADILY IMPROVING

Portland Canal in Public Eye in England Says William Turnbull: Knockers do Harm

Everyone is optimistic in the south and looking for improvement in business conditions, according to H. F. Pullen, who returned here Saturday after taking a short holiday in Victoria. He says that it is the general opinion that the worst is past and already an improvement is being felt.

Arrivals from the East all tell of the poor business conditions there and they say that largely as a result of the activity in the lumber business that coast towns are better than those in the interior.

Many people have gone to California and other United States centres but the exodus is pretty well stopped and there are a good many returning with many others talking of coming north as soon as they get the opportunity. There is a decided slackening up of the California boom, according to information received, and when it breaks, as break it must, there will be hard times in California. Prices there are abnormal and wages have been abnormal, but that will not continue long according to those who profess to know.

Interested in Stewart

"Much interest is being taken in the north and especially in the Portland Canal mining," said Mr. Pullen. William Turnbull, formerly editor of the Daily News, who has resigned a position as secretary to the Agent General in London in order to go into business in Montreal, says that more inquiries have come to the office in regard to Stewart than any other part of Canada except the Porcupine mining district. He looks for the advent of a good deal of English capital but it is very wary and the capitalists have to be shown before investing. He has returned East and expects to visit Prince Rupert later. He is very outspoken about the good work the agent general is doing for this province and for the whole of Canada. He is an ardent booster for northern British Columbia since his visit here.

On the whole it is Mr. Pullen's opinion that times are just as good here as in any part of Canada and that there will be a lot of activity here before long. The people in the south are more optimistic about the city than those who reside here and they say they do not think it good business for men to go south and belittle their own community as a few people seem to be doing. "Do you believe in Prince Rupert?" Mr. Pullen was asked. "Yes," was the emphatic reply. "I look to see a steady improvement. The whole surrounding country is developing as never before and we are bound to feel the effect of that prosperity."

CANADA WON BALL GAME

Much Heralded International Match Played Yesterday at Acropolis Grounds

The much heralded international baseball game between Canada and the United States was played yesterday afternoon at the Acropolis Hill grounds before a crowd of about 200 fans and the honors went to Canada in a well contested match by a score of 9 to 5. Good fielding on both sides was a feature.

Harvey Fraser and Harry Menzies were the umpires and the teams lined up as follows:

Canada—P. Laporte, c; H. Astoria, p; G. McIlroy, 1b; W. Lambie, 2b; W. E. Thompson, ss; Austin Henderson, 3b; W. D. Vance, lf; D. Graham, rf.

United States—George Shaw, c; Jack Hatchford, p; J. Sims, 1b; Louis Astoria, 2b; J. Quinn, ss; V. Meagher, 3b; George Rudderham, lf; R. Howe, rf; Ralph Smith, cf.

The Canadians have expressed their willingness to engage in a return match.

Sport Chat

Friday night's Senior baseball game between the Sons of Canada and Gil's was a very fair exhibition for so early in the season. It would have needed very little tightening up to have made it a good league game as ever was played here. As the season advances and the boys get in a little more practice, their play should improve in the degree desired and some good fight games should be provided. News comes from the Grotto camp that their team, which proved rather disappointing on its initial appearance on May 23, is undergoing some strengthening and will not let its opponents in future get by so easily as did the Sons of Canada on that occasion. It is announced that Mathelson has been added to their pitching staff. The next Senior League is set down for Friday of this week between the Grotto and Gil's.

The sport program for the week is as follows: Monday—Intermediate Baseball, White Sox vs. Colts. Tuesday—Junior Baseball, Falcons vs. White Sox. Senior Football, Sons of England vs. Grotto. Thursday—Senior Baseball, Grotto vs. Colts. Friday—Junior Baseball, Scouts vs. Falcons. Junior Baseball, Public School vs. High School.

In Europe the professional athlete is virtually unknown, and as a result amateurs are coming to expect, even demand, indirect money payments for their services. Take football, for instance. Sometimes 50,000 people will pay gate money to witness an amateur game, and the players are loath to see all this money fatten the purses of promoters. The problem of dealing with the amateur who has developed in to a star, realizes that he is a drawing card, and demands pay, was taken up recently at a meeting of the International Olympic committee. Many of the countries, including Holland, Sweden, Denmark and Austria, presented their problems of dealing with these stars. The committee decided that under no consideration should an Olympic

athlete be given pay, but they left the definition of amateur and professional to each individual country.

Eugene Criqui, the new featherweight boxing champion of the world, has had his greatest pugilistic success since the war, although handicapped by a reconstructed jaw. He is a clever boxer and a fairly hard hitter. The little Frenchman, now 30 years old, has been fighting since he was 15. Before the war he engaged in more than 100 contests. He served in the war and lay for many months in hospital after having had the left side of his jaw shot away at Verdun. On the close of hostilities he resumed pugilism and had marked success. While he has never been actually knocked out he failed to go the route on three occasions. In 1914 he retired in the twelfth round of a bout with Charley Ledoux, French bantam, but last year evened up the score with his countryman by knocking him out in one round. In 1919 he quit a fight with Tommy Noble claiming a foul and later held him to a draw. The same year he quit a fight with Pal Moore also on the claim of a foul. Last

year Criqui won the European feather title, knocking out Arthur Wyns, of Belgium, and Billy Matthews of England, both claimants of the title, in the twelfth and seventeenth rounds respectively.

RIFLE RANGE The following scores were made by marksmen of the North B.C. Regiment Rifle Association at the McNicholl Creek range yesterday:

Table with 2 columns: Name and Score. W. M. Brown 26 26 24 76, W. J. Greer 23 22 25 70, W. Brass 22 24 22 68, R. W. Cameron 21 24 17 62, M. M. Lamb 21 12 13 46.

Owing to the requisite eight men not being out, no spoon was awarded.

G.T.P. BOATS SAIL THrice WEEKLY NOW

Summer Schedule of Canadian National Coast Service Starts This Week

Effective with the S.S. "Prince Rupert" southbound from Prince Rupert Thursday 7, the Grand Trunk Pacific Coast Steamships will inaugurate the tri-weekly service and in future boats will leave Prince Rupert for Vancouver every Monday, Thursday and Saturday at 11 p.m., making direct connections at that point for Victoria, Seattle and all points East and South. Boats will arrive in Prince Rupert from the South every Monday, Wednesday and Friday at 3 p.m.

Rev. and Mrs. Victor Sansum arrived from the south with their family on Saturday enroute to Hazelton. Mr. Sansum has been appointed pastor of the Union Church at Hazelton succeeding Rev. J. R. Hewitt who with his family will be passing through the city next week enroute to Duncan, Vancouver Island, where he will take up the pastorate. Mr. and Mrs. Sansum are remaining in the city until next Thursday evening the guests of Mr. and Mrs. G. G. Haeker. Yesterday morning Mr. Sansum preached in the Methodist Church. Before entering the ministry, he resided in Prince Rupert and at Port Simpson.

A number of local people enjoyed a swim at the Salt Lake yesterday but the lack of facilities for bathing made it dangerous and difficult. Because of the disability some tried the open beaches but the water there was cold. A number of young people tried a swim at Tugwell Island.

Mrs. J. Hughson arrived on Saturday night from Terrace to visit Mr. Hughson who is in the local hospital suffering from injuries sustained when he was thrown from a wagon at Terrace last week.

Mr. and Mrs. M. P. McCaffery left for the interior Saturday. Mr. McCaffery bound for Hazelton and Mrs. McCaffery for Terrace where she is spending the week-end.

Miss B. F. McAulay, sister of the late Mrs. A. W. Healy, arrived from Vancouver on the Prince George Saturday afternoon.

Harry Birch has been relieved of his duties in the treasurer's department at the city hall and has taken up his new duties as secretary of the hospital.

Dead Town Is Always Shunned

Community With Such a Reputation Suffers as From a Pestilence

"Stay away from that town. It's a dead one."

Do you want that to be said of your town? Of course you don't, for you wish, as a matter of local pride, if for no other reason, to have your town stand high in the estimation of the world. But are you sure that you are doing everything in your power to place your town in the position which you wish it to occupy? That is the question that every person should ask himself or herself at frequent intervals.

Nobody Loves a Dead Town

Nobody likes to live in a dead town. No one even likes to visit a dead town. That is why you sometimes hear that warning, "Stay away from that town. It's a dead one." The town which has the reputation of being a dead one suffers as if from a pestilence. Business men seeking new locations will have none of it. Those who live in it will get away if they can.

When a town is live and prosperous, local business is good, real estate values are high and stable, labor is in demand and wages are good, the residents and their property are protected from robbery and fire and good schools are maintained for the education of the children. When a town is dead, there is little money in circulation, store buildings stand empty with "For Sale" signs hanging on the front door, there is little employment for the laboring man, the schools are crippled.

What sort of town do you want to live in? There is only one answer to that question. You want to live in the live town and enjoy all the good things that come to the residents of such a community.

Answer Easily Found

The only question then is as to how these prosperous conditions can be created or maintained and it is the easiest thing in the world to find the answer to that question.

If the people of a community will keep their money at home and keep it in circulation among themselves, they need have no fear of ever being compelled to live in a dead town. If the people will patronize their own business men instead of sending their dollars to the mail order houses, the prosperity of the community will take care of itself.

The local stores, to a very large extent, make every town. The taxes paid by the business men of the community are the principal support of the schools and public institutions. It is the taxes paid by the storekeepers, to a large extent, that make possible the public improvements, the fire protection, the street lighting and the many other things which make a town worth living in. The mail order house does not pay any taxes in the town from which it gets its money. It does not help to support the schools or the churches. It does not help light the streets or maintain the fire department. It is the aim of the mail order houses to drive small town merchants out of business, so that the people will be compelled to send to the cities for their merchandise and they are spending thousands of dollars every month to accomplish this purpose. If they should succeed, who would pay the taxes that are now paid by the local merchants? It's a certainty that the mail order house would not pay them.

Issue Is Clear Cut

Every dollar spent at home helps to make the town a live one.

Every dollar sent away from home to the mail order house helps to make the town a dead one.

The issue is a clear-cut one and is squarely up to every resident of the community, whether a resident of the town itself or of the country surrounding it. The man who does not care whether he lives in a live or a dead town, if there is such a man, need waste no thought on the subject, but the man who wants to live in a live town cannot get away from it. It is up to him to make his town a live one or a dead one.

her kept Broadway laughing for over a year, has been lost in the film version of the story, which is coming to the Westholme theatre on Wednesday and Thursday nights this week.

The cleverest wit in the stage play has been reproduced on the screen in the titles. Additional funny situations have been worked in, while the steeplechase, which could only be talked about in the play, is a thrilling piece of realism in the picture. It is the exciting climax of the fun and thrills that arise from the embarrassing situations in which a yachtsman who is afraid of horses and who is mistaken for a rider of the same name gets himself.

Douglas MacLean as Sam Harrington wins the race and the love of a girl who is portrayed by pretty Midge Bellamy. Raymond Hatton takes the part of Swift, the eccentric butler, who is an ex-hostler, and is good for a laugh every time he appears on the screen.

PRISCILLA DEAN IN THRILLING PICTURE

Scenes of British Columbia Woods in Lumbering Play Coming at Week End

A rushing, roaring sweep of resistless waters released from bondage—a mighty torrent of timber crushing, grinding all before it—logs bumping, splintering in the soaring waters—sweeping all before its relentless path. Such is one of the big thrills in "Conflict."

The most gripping, soul-searing moment ever filmed. Terrific in its intensity, the mighty log jam, the blowing up of the dam, and the swashing torrent of felled forest is the mightiest spectacle of the camera's art. In all its splendour, in all its ruthless glory, "Conflict," Priscilla Dean's wonderful new Universal-Jewel, coming to the Westholme Theatre next Friday and Saturday, vividly records the actual dynamiting of a huge dam, and the breaking loose of hundreds of thousands of the prisoned logs.

"Conflict," the sensational Red Book serial by Clarence Budington Kelland, is a mystery-drama, the rugged mountain country of the British Columbia woods being its locale. "Conflict" is the story of a fight—the battle of two indomitable wills—the struggle for the mastery of the logging industry. The beauty of the photography and the magnificent scenery of the woods country is unsurpassed. Thousands upon thousands of huge logs whirling through the dynamited dam were caught by the six camera-men who risked their lives to attain this remarkable film. An entire logging camp, running at full blast with all its men, was requisitioned by Stuart Paton in the direction of this marvellous picture.

The last scene has been taken in Mary Pickford's latest play "The Street Singer" and the popular star will now plunge into "Dorothy Vernon of Haddon Hall."

To Julianne Johnston, one of the most promising young players in filmdom, has come the honor of being the first person to be chosen for the cast of Douglas Fairbanks' new picture "The Thief of Bagdad," the making of which has been started at Hollywood.

Norma Talmadge and Glenn Hunter will act as judges in a poster campaign conducted by the Society for the Prevention of Cruelty to Animals. They have offered cash prizes themselves.

"Maryann" is the title of the next picture in which Mabel Normand will appear after "The Extra Girl," on which she is now working, is finished.

A popularly vote taken among the High School students of New York showed Mary Pickford, Norma Talmadge and Constance Talmadge at the top of the list among screen actresses. Wallace Reid, Rudolph Valentino and Douglas Fairbanks were adjudged the most popular men. The boys selected Douglas Fairbanks as their favorite actor and the girls preferred Rudolph Valentino.

Eosta Ekman, idol of the Swedish screen and stage, is coming to America to play the lead in a photoplay for Goldwyn Pictures Corporation.

AFRICAN PICTURE FULL OF THRILLS

Fine Educational Film is Being Presented as First of Week Attraction at Westholme

As a special holiday attraction the management of the Westholme Theatre is tonight and tomorrow night presenting to its patrons the extraordinary educational travel pictures of Mr. and Mrs. Martin Johnson, "Trailing African Wild Animals with Gun and Camera."

Nearly every animal known to the African wilds is shown in natural environment in the picture which was taken in the course of an expedition by Mr. and Mrs. Johnson whose previous films of a similar nature have always proved so pleasing and interesting. There are also many thrills such as the killing of man-eating animals at the camera mouth and the shooting of a wild elephant as it charged the camera man.
