## RELIEF IS BEING RUSHED TO THE JAPANESE

### CHAIRMAN GAME COMMISSION PROPOSES GAME PARK QUEEN CHARLOTTE ISLANDS

#### Conflicting Reports of Japanese Disaster Show Estimate Likely Correct

SAN FRANCISCO, Sept. 5.—As the story of the Japanese disaster unfolds in fragmentary messages it is apparent that the magnitude of the catastrophe has not been overdrawn. In only one dispatch has there been a suggestion that the death list will not reach the proportions already indicated. This one is from the Radio Corporation of America in Japan which says the Japanese home office estimated the dead in Tokio at 10,000 and in Yokohama at 100,000. Another estimate from the Eastern News Agency says 320,000 were killed in the entire stricken district.

#### RUSHING RICE RELIEVE JAPAN

California Takes Prompt Action and Reserves Whole Crop for Nipponese

SAN FRANCISCO, Sept. 5.—Six naval vessels have arrived at Yokohama, the nearest point to Tokio, with cargoes of rice. The Rice Growers' Association of California announces that the entire rice crop of California is being held for Japanese relief and no advance in price will be allowed.

The association controls California's visible supply, about half a million bags.

#### SEATTLE SENDS SHIP TO JAPAN

First Cargo of Relief Supplies Sailed This Morning For Devastated Area

SEATTLE, Sept. 5.—Carrying the first relief supplies from the United States to the devastated region of Japan the steamer Yokohama Maru sailed this morning with 60,000 lbs. of rice and other food and medical supplies aboard gathered by Japanese residents of the city.

#### PARALYTIC WOMAN AND TWO CHILDREN BURNED TO DEATH

VANCOUVER, Sept. 5.—Mrs. J. Zenal and two children eight and two years of age respectively were burned to death early this morning when their home on Blenheim Street, Point Grey, was destroyed by fire. Mrs. Zenal was a paralytic and could do nothing to save herself or children.

#### EXCEPTION TAKEN TO LEAGUE OF NATIONS INTERVENTION ITALY

GENEVA, Sept. 5.—Italy's representative, Senor Salandra, told the council of the League of Nations today that Italy would regard intervention of the league in the Greco-Italian crisis as unjustifiable. The league, he asserted, had no competency in affairs which belonged properly to the inter-allied council of ambassadors.

#### SHIP LOST AT SEA

PANAMA, Sept. 5.—It is feared the British tanker J. A. Boswick, owned by the West Indies Oil Co., has been lost at sea. There has been no word of the vessel since she left Balboa for Los Angeles.

#### GOOD RESULTS NATIONAL RY.

Deficit of Last Year is Changed Into Substantial Operating Profit

MONTREAL, Sept. 5.—Improvement in the net operating results of the Canadian National Railways for the first seven months of 1923 amounts to \$5,187,543, according to a statement of earnings and expenses issued here today.

For the first seven months of 1923 the net earnings amounted to \$2,984,369 as compared with the deficit on the same properties of \$2,202,993 in the corresponding period of 1922. The gross earnings are up \$1,475,907, an increase of 7 1/2 per cent as compared with July 1922.

After meeting the operating expenses amounting to \$19,530,620, there remains a net operating revenue for the month of July of \$1,472,223. In July 1922 the net operating revenue for these same properties was \$723,000 so that the figures for 1923 represent an increase in the net operating revenue of \$749,224 or 103.6 per cent.

#### CARELESSNESS OF MOTORISTS

Ald. Collart Entered Strenuous Objections at Last Night's Council Meeting

Ald. Collart voiced strong objection at last night's council meeting to the apparent disregard of traffic regulations by motorists in the city and was successful in putting through a resolution calling upon the police commission to strictly enforce the recently passed amendments to the city's bylaw as well as the regulations of the Motor Vehicle Act.

The alderman told of witnessing hairbreadth escapes from serious accidents in the neighborhood of Sixth Street. Motorists were very careless and quite disregarded traffic rules. The city council had passed a bylaw and he wanted to know why it was not being put into effect. There also seemed to be looseness with respect to those who were permitted to drive cars. It seemed that any one could drive here who wanted to. He moved that the police commission be requested to put the traffic acts strictly in effect at once. This was seconded by Ald. Perry.

Ald. Stephens believed that rigid enforcement of the law should be insisted upon. He had seen a mere youngster driving a car down Third Avenue at a rate of speed that must have been 40 miles an hour. If any difficulty had presented itself an accident would have been unavoidable, possibly with serious results. Licenses to irresponsible persons should be cancelled and a protest should be laid with those who issued the licenses. The police should check up on those who were driving cars. Many he believed were not licensed and had no right to drive.

It is also to be suggested to the police commission that the clauses of the recent amendments to the traffic bylaws be advertised.

A by-law formally appointing D. J. Matheison city collector as well as treasurer was given its first and second readings at last night's council meeting.

Princess Levin and Countess Davidoff Orloff have sold their famous emerald and pearl necklaces for 1,500,000 francs to form a taxicab company in Paris.

#### No Provincial Convention of Liberals this Year it was Decided by Executive

VANCOUVER, Sept. 5.—No provincial Liberal convention will be held this year. A decision to this effect was reached yesterday by the executive of the Provincial Liberal Association which met under the presidency of M. A. Macdonald, K.C., at the Liberal Club rooms.

When news of the decision of the executive was circulated there was much guessing as to the underlying motive. Many politicians conjectured that the government did not wish to see as that at Nelson and these did not hesitate to jump to the conclusion that an election would probably be called next summer before the convention issue comes to a head again.

#### HUGE DEMAND FOR LUMBER

Five Hundred Million Feet Ordered From Pacific Coast Mills For Japan

SAN FRANCISCO, Sept. 5.—American Pacific coast mills have received by cable orders for 500,000,000 feet of lumber for the building of devastated Japan. Every freight steamer will be pressed into service carrying lumber and a rise in prices is expected as a result of the huge demand.

#### Queen Charlotte Islands to be Vast Game Empire if Plans of Chairman Game Board Mature

VICTORIA, Sept. 5.—Initiation of important measures designed to conserve the life of fur bearing animals and game stock in British Columbia including the stocking of Queen Charlotte Islands is announced here by M. B. Jackson, chairman of the Game Conservation Board.

Last year the fur trade of British Columbia was valued at \$2,000,000, said Mr. Jackson. Such an industry as that we cannot afford to neglect. The fact that marten no longer are seen south of the railway belt and beaver have been practically exterminated in the southern part of the province is an indication of what is going on and the need for prompt and effective action. While big game is reported to be more abundant in Cariboo and Columbia valley country than ever before, some of our most important fur bearers are threatened with depletion.

#### DAM NEARLY FINISHED

(Special to Daily News)  
ANYOX, Sept. 5.—It is now estimated that the new dam will be completed any time between October 15 and November 1.

#### Big Preparations Made for Fair Next Week to be Opened by F. Stork

Fred Stork, M.P., has been invited to open the Northern British Columbia Agricultural and Industrial Associations' eleventh annual Prince Rupert Exhibition next Tuesday. Mr. Stork is at present in the interior but it is understood he will be in a position to accept the invitation.

The Fair Board had a general meeting last night at which much routine business was disposed of preparatory to the opening of the exhibition. Committees were assigned for various duties, including the formalities in connection with the crowning of the carnival queen.

Notice of many exhibits on the way or about to be sent from outside points has been received at the Fair Office. The Graham Island Farmers' Institute, through Mrs. Giegerich, secretary, and the Nechako Valley Farmers' Institute, Albert Heymann, secretary, have written asking that space be reserved for district agricultural exhibits. These are in addition to other districts that are sending bigger and better collections than ever before. Rev. J. Gillatt will accompany the Massett exhibit and Vanderhoof will send two custodians.

Native handiwork is to form a prominent part of the big display next week. William Beynon is bringing a complete exhibit from Port Simpson. Alfred Adams is coming from Massett and is bringing with him natives who will demonstrate slate and wood carving and basket weaving. Indian Agent Thomas Deasy of Massett is also coming with a large collection of native handicraft.

General entries are coming in to the Fair office in increasing numbers. D. McD. Hunter, manager, reports, already 37 babies are entered for the Better Babies' contest.

Word has been received by the Board of Trade that a totem pole recently purchased at Massett will be shipped to Prince Rupert by the steamer Prince Albert, arriving here possibly Sunday or Monday. It was secured through the efforts of Thomas Deasy, Indian agent, and will be erected here. Permission was recently given by the Indians to have the totem removed. The totem is that of the grizzly bear and is a fine example of Indian workmanship. It is very old, at least one hundred years, and is weather beaten but in fairly good condition.

#### GRIZZLEY TOTEM FROM MASSETT IS COMING

Will Arrive Here on Prince Albert, and Will be Erected in This City

Word has been received by the Board of Trade that a totem pole recently purchased at Massett will be shipped to Prince Rupert by the steamer Prince Albert, arriving here possibly Sunday or Monday. It was secured through the efforts of Thomas Deasy, Indian agent, and will be erected here. Permission was recently given by the Indians to have the totem removed. The totem is that of the grizzly bear and is a fine example of Indian workmanship. It is very old, at least one hundred years, and is weather beaten but in fairly good condition.

#### NANAIMO MINERS ARE BURIED IN CAVE-IN

No Hope of Men Getting Out Alive It is Stated

NANAIMO, Sept. 5.—George Morgan and James Blides, miners of Nanaimo, were buried alive when a cave-in occurred in the coal mines. The bodies have not been recovered and there is now no hope of finding them alive.

#### LEAGUE OF NATIONS REFUSES IMPORTANT CLAUSE TO COVENANT

Canada's Suggestion to Preserve Territorial Integrity of Members Passed up

GENEVA, Sept. 5.—The council of the League of Nations has decided that as there is much divergence of opinion within the council on Canada's proposed amendment to Article Ten of the covenant relating to the preservation of the territorial integrity of member states, the council is not now open to make a recommendation thereon to the assembly.

#### WILL EXPLORE PEACE RIVER

Dr. Sutherland Planning to go in by Way of Prince George and Spirit River

(Special to Daily News)  
VANCOUVER, Sept. 5.—A ministerial party contemplates making its way from Prince George to the head of the Edmonton Dunvegan and C. Railway at Spirit River by whatever primitive means of transportation may prove available. It is believed here that they can go by motor for 50 miles north from Prince George but from there canoes and horses will be used and occasionally they will have to tramp. This part of the trip is expected to last two weeks.

Dr. Sutherland's visit is to acquire information on which to decide local controversies as to open the Peace River. He is accompanied by H. Phillips, chief engineer of the department, and an McKenzie, M.L.A.

#### WHALEN MILL HAS RESUMED

After Shutdown of Thirty Days, Pulp and Paper Mill Down Coast Re-opened Yesterday

The Whalen Pulp & Paper Co.'s pulp and lumber mills at Swanson Bay resumed operations yesterday after a shutdown of one month on account of water shortage. Rain has fallen in abundance there during the past ten days and the water is once more at its usual level. Work started recently on the channel of the stream to ensure a more stable supply of water is about completed and it is hoped that it will prevent a recurrence of water shortage in the future. With the exception of the planing mill which ran intermittently the entire plant at Swanson Bay has been closed during the past thirty days.

An order was received at the local Labor Bureau this week from Swanson Bay for 30 men.

## DELEGATES WERE HIGHLY PLEASED

Reeve Lockley Writes Letter Warmly Thanking City for Reception to Union

If a letter of appreciation for the reception tendered the delegates to the Union of B.C. Municipalities convention in the city recently from Reeve A. Lockley of Esquimalt, president of the Union, may be taken as any indication, the benefit of the convention to the city will be of lasting effect. Reeve Lockley is very warm in his thanks.

The letter, which was submitted to the council last night by Ald. Collart, was received with applause. It follows: Acting Mayor T. Collart, Prince Rupert.

Dear Sir:— I had decided to write to you immediately on my return to Esquimalt but I found it impossible on account of having so many things to attend to, nevertheless I take the first opportunity of writing you a few words of appreciation of the manner in which you and those who worked with you so successfully assisted the officers of our Union in making the 1923 convention such an outstanding success not only from a business viewpoint but also in the manner in which the delegates and their wives were entertained during the intervals of the business sessions, and if only you could have heard the kind words expressed by everyone on the return journey I feel sure you would have felt partly repaid for your labors. We all felt that the time we had to spend in your city was too short and everyone was sorry to have to leave so early after becoming acquainted with your citizens whose enthusiasm and optimism for the future of their city is splendid.

I can assure you that everyone of us hold very different ideas regarding your city than we did before our visit and I am sure we will prove to be the greatest advertising agency your city ever had. Personally I feel my return visit cannot come too soon when I hope to have more time to spend in your city.

I am sure from every viewpoint that the Kamloops convention made no mistake when they decided to hold their 1923 conven-

tion at Prince Rupert, and I can assure you that when your turn comes again and should you decide to invite the Union to your city once more, there will be no difficulty in getting the consent of the delegates, for the warmth of your reception and the very many kindnesses that were extended to the delegates are not very easily forgotten.

In conclusion may I again thank you and your co-workers and the citizens of Prince Rupert generally for all that was done to make our short stay amongst you so very happy and kindle so strong a desire in our hearts to make an early return to your wonderful city. We shall watch your future with very great interest.

Sincerely wishing your city and citizens all that is good and praying for your future prosperity,

I beg to remain,  
REEVE A. LOCKLEY,  
President U.B.C.M.

## Ten Years Ago in Prince Rupert

September 5, 1913.

A suggestion that the provincial government build a large wharf for the general use of fishing concerns was laid before Hon. W. R. Ross, minister of lands, at a conference with the Board of Trade yesterday afternoon. The impossibility of local industries getting waterfront at present was impressed upon the minister. George R. Naden presided in the absence of F. G. Dawson, president.

H. C. Magee, well known Stewart mining operator, is spending a few days in the city. He says that the Montana group on the Marmot owned by himself and George Bruggy show silver values as high as \$300 a ton.

H. B. Berdée, W. A. Complin and A. W. Brown, well known Dawsonites, were passengers going north on the American freighter Jennie this morning bound for the Shushanna gold strike.

George C. Leslie, assistant superintendent of the Granby Coke plant at Anyox, arrived in the city on the Gardena last evening and is registered at the Hotel Prince Rupert.

## SCHOOL BOARD AND COUNCIL

Met Last Night in Connection With Condition of Borden Street School

### CITY ENGINEER TO MAKE REPORT

Before taking any action on the school board's request for funds to make repairs to the Borden Street School, the city council last night decided to obtain a report from the city engineer on the condition of the building and an estimate on the cost of repairs. The school board will also be requested to turn in the reports from George Scott and Peter Lorenzen which it has taken steps to obtain. A delegation from the school board consisting of Dr. W. F. Kergin, chairman, and Trustees J. C. McLennan and S. E. Parker waited on the council last night and this was the answer it received.

Dr. Kergin explained to the council that the school board had decided to have certain repairs made to the Borden Street School during the summer vacation. It had been learned that the sills had been affected by rot. The extent of this condition had been difficult to ascertain at first. Mr. Scott had been employed. The further they went in, the more they discovered until it was ascertained that some of the sills and joists were rotten but, what was more serious, it was found that the concrete piers and wall were unstable and unsafe. Apparently the concrete had never been sound. It appeared that, when the school was built, it had been poured into trenches of muskeg and had never properly dried out. Mr. Scott's report was that none of the present piers were safe and that a new concrete wall and some new sills and joists would be needed. In addition to this the walls of some of the rooms had buckled in and were unsafe.

### Funds Used Up

The school board had practically used up all its funds for the purpose of repairs on work that had already been done. It was known now that the Borden Street School was not safe for occupancy. This had not been known at the first of the year and, consequently, no provision had been made for it in the estimates. Mr. Scott estimated that the work of repairs would cost not over \$5,000 and that it would take two months to do. There was no architect in the city and the school board had sought the advice of Mr. Lorenzen to confirm Mr. Scott's report. Mr. Lorenzen had given practically the same opinion. In view of the fact that the school board was unable to expend the required money, the council was being asked to provide it.

Trustee McLennan said the board would be glad to have the council or as many members as possible inspect the building. Work would have to be started soon or weather would prevent it being done this year.

Trustee Parker said that he considered the condition of the Borden Street School serious and repairs would be expensive. It had been difficult to obtain advice in view of the fact that there was no architect in the city. The city engineer and Ald. Perry had made an inspection, however, and they could give their opinions. Repairs were absolutely necessary and would cost more than the school board had funds to provide for.

Mayor Newton suggested that the council comply with the board's invitation to make an inspection. Ald. Perry felt that the council should be given at least a week to make further investigations and decide what should be done.

### Wants All Reports

Ald. Stephens felt that reports of Mr. Scott and Mr. Lorenzen should be submitted to the council and until such time as they were the council should take no move. The matter should be given most careful consideration before any money was voted. There would be difficulty in raising the required funds since no provision had been made for them. Especially should care be exercised since the council and board were apparently operating on different standards of business ethics. The city engineer was the council's advisor and his opinion should also be obtained in order to satisfy the council that the work was necessary and the amount of expenditure was

correct.

Ald. Macdonald agreed that the caution was necessary. He did building and had been invited to not feel, however, that the school board was endeavoring to rush the matter unduly. Bad weather was coming and it was realized that something must be done out of courtesy, have attended the quickly. The board had shown a spirit of co-operation when it given his opinion. He (Trustee had invited the city engineer and the board of works to inspect the building.

In answer to Mayor Newton, Dr. Kergin said that the board was ready to turn the reports of Mr. Scott and Mr. Lorenzen into the council.

Ald. Perry did not see why it was necessary to go to the expense of having a report from Mr. Lorenzen. The city engineer could furnish a report instead.

### Engineer Criticized

Trustee Parker explained that

the city engineer and Ald. Perry as this without special instructions from the council. He (Ald. Munro) thought the school board had acted wisely in getting Mr. Lorenzen's report.

Ald. Collart moved that the city engineer be instructed to give a written report showing the work that was necessary and the estimated cost and that the school board be requested to turn in the reports of Mr. Scott and Lorenzen. This was seconded by Ald. Perry and, after discussion in which it was shown that Mr. Lorenzen's report had already been ordered by the school board, carried.

Ald. Collart thought that it was rather a late date for the school board to find out the condition of the Borden Street School.

Ald. Munro felt that the school board should be entitled to the services of the city engineer but he was a very busy man and he might be well excused for declining to take on outside work such

as this without special instructions from the council. He (Ald. Munro) thought the school board had acted wisely in getting Mr. Lorenzen's report.

Ald. Collart moved that the city engineer be instructed to give a written report showing the work that was necessary and the estimated cost and that the school board be requested to turn in the reports of Mr. Scott and Lorenzen. This was seconded by Ald. Perry and, after discussion in which it was shown that Mr. Lorenzen's report had already been ordered by the school board, carried.

### WAS ARRESTED IN WESTVIEW

**William Garey Put Up Fight Before Being Taken by Police**

**BIT POLICE SERGEANT**

Shortly after 8 o'clock last evening Ald. Collart, Frank Somers, of the city light department, City Police Constable Alex. Macdonald, Sergeant Bailey and a beggar named William Garey, believed to be mentally unbalanced figured in a free for all rough and tumble battle-royal on Second Ave. in Westview in front of the residence of Mr. Somers. Garey was finally handcuffed and arrested but not before Ald. Collart had received a nasty gash on the top of his head and Sergeant Bailey had his right hand bitten.

The first intimation of Garey's unwelcome presence in Westview was made at 6.10 when H. O. Crew, Atlin Avenue and Seventeenth, complained to the police station that a man was begging at his door. Sergeant Bailey and Constable Macdonald went to the scene and scoured Westview ending up at the residence of J. C. Brady, Graham Avenue. Mr. Brady had reported that a man had come to his door and politely asked for something to eat. The request was met and the man proceeded happily on his way apparently in the direction of the waterfront. The search was continued by the officers but without result in locating the man so they returned to the station.

**Resisted Arrest**

At 8 o'clock Ald. Collart phoned in with a similar complaint. He also phoned Constable Macdonald at his residence on Atlin Avenue. Ald. Collart had turned the man away and told him if he wanted something to eat, he had better go to the police station. The man then crossed to the residence of Dr. Doherty where he was apparently turned away again. He then proceeded to the door of Mr. Somers' house. Constable Macdonald arriving about the same time. The man resisted the arrest and the rough and tumble started with the officer and Mr. Somers attempting to subdue him. Ald. Collart joined in the fray and it was while holding the man's feet that he was kicked backwards, on to a sharp rock, injuring his head. By this time Sergeant Bailey had arrived on the scene. The man was finally put down and while Bailey was putting the handcuffs on his wrist he made a furious snap with his teeth which just grazed the officers wrist drawing blood however.

**Was Uninjured**

Garey was taken to the station and is now under examination for his sanity. He was uninjured in the tussle in Westview but complained of a sore head. No evidences of drinking were found upon him.

Garey is an American and for a time was engaged as a fisherman on the Canadian Fish & Cold Storage Co.'s trawler James Carruthers.

He had been in the hands of the police previously on complaint of strange conduct but was released.

The power boat Provincial was taken on to the pontoons at the dry dock yesterday afternoon. The damage is not very serious as a result of her recent submersion. A new forefoot will be required as well as general cleaning and painting.

### Local and Personal

B.C. Undertakers. Phone 41.

Mayners, Undertakers. Phone 351.

Joe Greer returned by the Cardena last evening from a business trip to Stewart.

Mrs. W. T. Kergin and daughter Margaret left on this morning's train for Toronto.

Royal Purple Tea and Sale of Home Cooking on Saturday September 8 from 3 until 6. Elks' Home.

Accounts up to September 1, totalling \$6,325.26, were passed for payment by the city council last night.

Provincial Constable G. P. Logan arrived from Arrandaide last night and will be returning north on Friday.

J. O. Stenbraten, "Stampede John," arrived from Alice Arm on the Gardena last evening and is registered at the Hotel Prince Rupert.

A. E. Henderson, charged with permitting drunkenness in the Royal Hotel, was remanded for eight days in the police court this morning.

Dr. William Sagar, superintendent of the Port Simpson hospital reached the city yesterday afternoon and is registered at the Hotel Prince Rupert.

The formal bylaw exempting crown lands from tax sale was to have come up for its first readings at last night's council meeting but was laid over for a week on request of City Solicitor Jones.

D. S. Cameron, fisheries overseer with headquarters at Swanson Bay, returned south this morning on the departmental launch Bonilla after having spent since the first of the week in the city.

For the first time in several months, no halibut was offering at the Fish Exchange this morning. The recent stormy weather, it is believed, has tied several of the boats up in shelter off the fishing banks.

Y. Nakanishi and K. Ikeda, Japs involved in a stabbing affray at Cassiar cannery recently, were committed for trial by Stipendiary Magistrate Herne this morning on charges of unlawful wounding.

Capt. William Oliver of Sandspit, who operates the Methodist mission launch Thomas Crosby on the Queen Charlotte Islands, arrived in the city early in the week and left on this morning's train for Sarnia, Ont., on a vacation trip. He was accompanied by Mrs. Oliver and Mrs. John Mathers.

Ald. Collart asked at last night's council meeting as to the cost of the surfacing that the city had done on Pacific Place for the Canadian National Railway and if a statement had been rendered. Ald. Munro replied that the cost had been under the estimate and that a bill would be prepared for the company in the course of the next few days.

Letters from Hon. John Oliver, premier, Hon. T. D. Pattullo, minister of lands, Hon. A. M. Manson, attorney general, Hon. W. H. Sutherland, minister of public works, and Hon. J. D. McLean, minister of education and provincial secretary, acknowledging receipt of the city's resolutions undertaking to do its share towards the building of a road out of the city were received and filed by the council last night.

On recommendation of the finance committee, the council last night decided to call for tenders for the purchase of lots 43 and 44, block 5, section 1, and lot 75, block 20, section 2, bids to be in by September 17. Offers have already been made for these lots and those making them are invited to submit tenders with the explanation that the city has no authority to sell outright except by tender or at auction. Two offers have been made for the first mentioned parcel and one for the latter.

### Shave in Real Comfort —10 times at our expense

We want you to know what millions of men now know about shaving: That it can be done more quickly, and in far greater comfort. So we make this test offer—which costs you nothing. It gives you a chance to check up on our claims for Palmolive Shaving Cream. We spent 18 months perfecting it—made 130 laboratory experiments. In 5 ways we made shaving easier, more comfortable:

- Cream multiplies itself 250 times in rich lather.
- Softens any beard in one minute—no rubbing.
- Rich lather lasts for 10 minutes, if necessary.
- Extra strong bubbles hold each hair erect—for easier, cleaner cutting.
- Your face is left gracefully cool and comfortable—thanks to the blended palm and olive oils.

If these claims are justified you would not shave with any other cream. If you should find them unjustified—well, only we lose. So make the test. Post the coupon for your 10 shaves, free.

**PUBLIC SCHOOL FOOTBALL BOYS GIVE BANQUET**

Entertain Their Seniors Last Evening in Notable Gathering at St. Regis Cafe

**ADDRESSES ON SPORT**

One of the most interesting and enjoyable banquets given in the St. Regis Cafe was held last night when the boys comprising the Public Schools Football Team entertained a number of friends at dinner following their victory over the Colts at the Labor Day celebration. A number of toasts were drunk, speeches made and community songs sung and a general air of good fellowship between the boys and their older friends was prevalent. The lads were able to give the spread owing to the fact that they won the twenty-five dollar prize donated by the Trades and Labor Council to the winners of the exhibition game. James R. Mitchell made an excellent toast-master and kept things moving all the time. Those present in the order of sitting were J. R. Mitchell, W. S. Kergin, H. S. Burn, Clarence Thomson, Geo. Hill, Alex. Mitchell, Ralph Smith, Vincent Meagher, H. F. Pullen, J. C. Brady, Fred Gilhuly, Bert Morgan, Gordon Parkin, Yashi Katsuyama, Spiro Gurvich, Mike Comadina, Nick Chenoski, Isa Katsuyama, George Howe, Alex. Johnson, D. H. Hartness, Dido Gurvich, W. H. Derry, Bill Wrathall, A. K. Lane, Robert Kelly, J. H. Meagher, Clifford Cameron, C. A. Woodworth, S. E. Parker and John Sims.

**The Toasts**

Mr. Mitchell explained the occasion of the gathering, the toast of the King was drunk, and he then called on S. E. Parker to propose the toast to the Public Schools Football Team. This was received with the singing of "They are Jolly Good Fellows." Mr. Parker told of some of the difficulties in connection with the establishment of playing grounds at the schools. There had this year been so many extraordinary expenses that had eaten up all the money. Mentioning the Sons of Canada of which he was a member, Mr. Parker said that organization had taken a great interest in sport. The young boys would all grow up good citizens of Canada and should give their loyalty to the place where their fathers made a living. He urged them always to go in and win.

H. S. Burn, supervising principal of the public schools, said he himself was fond of sport and he liked to see it in the schools. He gave some interesting reminiscences of earlier days and said he was glad to hear that there was a public school team here last year. He hoped there would be more than one during the coming year. They would endeavor to make the most of the limited accommodation. He liked to see keenness in the games.

**Competition Keen**

In proposing the toast of the Prince Rupert Football Association, Fred Gilhuly said he had been a member of the Association several years and he took a great interest in it. Competition has been keener in the junior league this year than ever before. If it had not been for the football game he would not have been at the grounds yesterday. He liked to see the youngsters playing rings around the bigger boys. He was always glad to help them in any way he could. George Hill, president of the

**After Every Meal** A universal custom that benefits everybody. Aids digestion, cleanses the teeth, soothes the throat.

**WRIGLEYS**

**THE FLAVOR LASTS**

association, in replying said one of the most important features of the association had been to start the junior league and they had put up a good brand of football. He paid tribute to the work of Ralph Smith whom he considered one of the best citizens Prince Rupert had. Work such as was being done by Messrs. Smith, Mitchell and others could not be paid for in money. He drew attention to the fact that the juniors were under the Prince Rupert Football Association jurisdiction just as much as the older teams. He hoped the boys would be given every assistance so that home players might be trained instead of importing. They fully appreciated the work the teachers were doing and especially Jimmie Mitchell. He urged the lads to play the game for the game sake and he instanced some teams that had done that even though they lost every time.

**Clean Athletics**

J. C. Brady proposed "The Trades and Labor Council" in an eloquent speech in which he spoke of the importance of that banquet and of the progress the young city had made along educational lines. People did not always realize the asset they had in the developing of the boys along clean athletic lines. They had the best thinking people of the city with them. He hoped to continue along the lines laid down by Mr. Mitchell and others. He welcomed the two new teachers, H. S. Burn and A. K. Lane. Both were young men and that was what they needed in the training of youth. He believed the success of the city lay with the schools. He felt it a great honor to be the guest of the young team, and he wished the community would get a better appreciation of the value of clean sport. It gave him great pleasure to propose the toast.

J. H. Meagher, in replying, spoke of the ability of the lads here. He was sorry the Trades and Labor Council had not been able to carry out its full program devoted to weather conditions. In proposing the toast of "Our Rivals" on behalf of the boys and in the absence of Eddie McLean, D. H. Hartness said it was a revelation to him to hear the expressions of feeling in regard to the necessity of clean sport in the development of the young. They could not do without sport. Physical well being came through devotion to sport. He paid tribute to Eddie McLean who headed the school in his studies. They were all proud of his record in the class room and on the team. He noted the stress laid on playing the game for the game's sake. This would stand them in good stead in later years.

**True Sport**

C. A. Woodworth replied for the High School team. Although they had begun rather late they had done their best. He suggested that they might play football throughout the winter. He would personally do what was possible to promote clean sport. Some of the boys on their team had never played before. They had been beaten every time but they came away without even a grumble. That was true sport. Ralph Smith for the Colts expressed appreciation of the smaller boys. The older ones lacked combination. Lately Jack Campbell had coached his team with good results and he thought next year they would have a team that would retain the shield which they now held. It was difficult to get young working boys together. He thought the public should show greater interest in junior sport. The chairman then thanked all those who had in any way helped to encourage the boys in clean sport, mentioning particularly W. H. Derry, Bert Morgan, Fred Gilhuly and Harold Campbell; the late supervising principal.

Bert Morgan assured them there was none more interested in sport than himself. The future of the nation depended upon their interest in sport. One thing about Prince Rupert boys, they had a good spirit, much better than their seniors. Owing to the lack of older players the youngsters had been brought out. This year the amateur spirit had improved and he was a believer in amateur sport. After a vote of thanks to the chairman, the gathering adjourned.

# NO HALF HOLIDAY THIS WEEK

This Store will be Open All Day Thursday, and in future this rule will prevail for the week affected by the legal holiday.

### QUESTIONS AND ANSWERS.

In view of present conditions in Prince Rupert, which warrant us in expanding our business owing to the increase in city and out-of-town trade, and a general air of sound prosperity all around us, we feel that we should answer a few of the questions which have been asked lately:

#### Why the increased telephone service?

There are two reasons. First, we have found lately at certain times every month both our main line number were working to capacity on incoming calls, and people wishing to use the phone at the store had to wait for several minutes before the lines were clear. Secondly, at the time of year, when the weather is disagreeable for coming down town, our phone business is bound to increase, and nothing is more annoying than to have Central that both lines are busy. If the new main line number did not render a sufficient increase of service we will get yet another.

#### What happened to our delivery service on Saturday, causing so many orders to go out so late?

Three things, or rather three days business in one, first, it was a Saturday. Second, it was the first day of the month, and third, it was a business day preceding a holiday. No wonder our shipping department got jammed. We handled 426 orders, large and small, mostly large first of the month orders. It would be impossible to keep a staff large enough to handle such a rush. However, our staff number 14 with an annual payroll close to \$20,000.00, and it is growing every month.

#### Why does the Table Supply feature Fresh Vegetables and Green Stuff so prominently?

Because the Chinese have threatened to control this business in Prince Rupert. For eight years we have handled this invasion closely, and we can state without fear of contradiction that we have done more to suppress the Chinese vegetable merchants by fair competition than any other agency.

#### Why has the Ogilvie Flour Mills, makers of Royal Household Flour, and the Robin Hood Mills, selected the Table Supply as their exclusive agents when both are competing lines?

Because they concluded that this is the one store in Prince Rupert which could give them the best representation, and in addition handle both the wholesale and retail end of the flour and feed business. We have the organization and the warehouse room, and what is more we are handling more of these lines than was formerly sold by the wholesaler. Our third car of Royal Household is over half sold, and our first car of Robin Hood is now on the way. Every retailer in Prince Rupert is now able to secure these flours for his customers provided he is willing to sell them the best flours obtainable.

#### What is likely to be the future market trend on prices?

With one or two exceptions, mostly steady prices at present or slightly higher on some lines. We look for a lower price on flour, due to the heavy crop in Western Canada this year. Sugar is good buying at today's prices, and will likely go up higher any day, and continue until the heavy canning season just starting is over. Butter, eggs and provisions are advancing steadily and present prices will advance shortly.

## Prince Rupert Visitor to Germany Tells of Curious Condition Caused by Deflation of Currency There

A suit of clothes is worth eighty million marks, a pound of butter costs three million marks and a street car fare takes the modest sum of fifty thousand marks, according to Gaston Benguerel of Prince Rupert, until recently of the Universal Trading Company. At the time of writing, the middle of August, he says things were in a bad way in Germany and the people were looking for some kind of a revolution, while Holland was taking steps to prevent a rush of people over the border.

Telling of the variations in prices, Mr. Benguerel says you may be on a shopping trip and stores. If you go back to the first to make the purchase, the price has probably doubled by the time you get there. That is the reason business is good. People are spending their money today because tomorrow it will be worth only about half as much.

"Businessmen keep no German money in the bank, only foreign, or share certificates. When payday comes they change just sufficient to carry on.

"At the post offices people stand in queue to buy stamps and about every two weeks the charge for postage goes up and often the day or two before the advance the post office will sell no stamps. The stores do the same with their goods.

"On August 8 bread sold at 90,000 to 240,000 marks; flour from 100,000 to 150,000 marks a pound; butter 4,000,000 marks yesterday, 2,000,000 marks today. Eggs were 40,000 marks yesterday and today 100,000; margarine, 700,000 marks; lard, 950,000 marks a pound; herring, 70,000 marks each; street car fare, 20,000 marks.

"On August 6 a pound of potatoes cost 16,000 marks and only ten pounds at a time could be purchased. Meat was 300,000 marks. Two weeks ago the living index was 75,000 times pre-war prices and today it is 150,000 times pre-war prices. On August 4 a suit of clothes cost 40,000,000 marks and today it is double that or more. Last week a family needed a million marks a day each person to live."

The story is told of a man who saw a person drop a 25 mark bill when purchasing a ticket. The watcher told him of it and the reply was that the last time he dropped one a button went off his pants and it cost 35 marks to sew it on.

"The summer season is in full swing here at Scheveningen, which is a few minutes from the Hague by street car. The greatest part of the guests are Germans but there are many English, Americans and Belgians. A bath costs fifty cents but if you want a sun bath (just lying in the sun) you have to pay a florin and a half extra, so you see the sun in Holland is more expensive than water. Dutch people make you pay for everything. If they could they would make you pay for the air you breathe."

GASTON BENGUEREL.  
P.S.—I just hear that a pound of butter costs today 3,000,000 marks and meat is the same price. Street car fare has gone up to 50,000 marks.

**QUEEN CHARLOTTE**  
Rev. Father Godfrey has been paying a visit to his parishioners at Massett, Buckley Bay and Port Clements.

The crab cannery conducted by Mr. Simpson, at Naden Harbor, will start operations in a few days, with a full complement of cannery.

The residents of Massett and the East Coast of Graham Island will hold the Annual Exhibition, on September 7, under the auspices of the Farmers' Institute. The Fair will be held at the Social Hall, Massett.

The Dominion Telegraph Service is constructing a new line from Port Clements to Tl-Ell river, under the management of Mr. Blackstock. Work on the roadway, between the North and South ends of the island, is also in progress while a party of workmen is at work in the direction of Tow Hill.

Constable R. P. Ponder, with Mrs. Ponder, left Massett, on the steamer Prince John, to take up residence in Prince Rupert, where Mr. Ponder will occupy the position of clerk in the office of the inspector of Provincial police. The police station at Massett has been closed. Constables Beaven and Collins will be located at Buckley Bay and Queen Charlotte

### City respectively.

The Farmers' Institute of Massett, with the Indians of Massett Band, intend to make a creditable exhibit at the Prince Rupert Fair. A large attendance of visitors from the north end of the islands would be attendance should the steamer return directly to Massett and other points at the close of the Exhibition.

### SKIDEGATE INLET

J. L. Barge, J.P., returned Saturday from Lockport where he held court for a few days. Mr. Ryan was fined for assaulting Mr. Morgan of Lockport.

Miss Phyllis Creighton, Regina, who has been visiting Miss Peters at Tl-Ell, leaves on today's steamer to take up the position of school teacher at Porcher Island.

Miss Christensen is returning to Prince Rupert on today's steamer to finish her course at the Prince Rupert High School.

Mr. Elliot and Mr. Corlett of Victoria were passengers south-bound on today's Prince Albert. They report a very enjoyable trip to Tassoo via the west coast.

Mr. and Mrs. Goulson, Mr. Ives and Mr. and Mrs. Stranston have arrived from Thurston Harbor. They intend making their home at Skidegate.

The Methodist mission boat returned today from Lockport and points south. Capt. Oliver reports an excellent trip.

Many friends are very sorry to hear of the death of R. Husband, at the Skidegate Inlet hospital on August 20. Mr. Husband was one of the old timers of Skidegate having resided here for the past fifteen years. The funeral took place on Wednesday, the Rev. Mr. Allan and Mr. Jolliffe conducted the service at the cemetery.

### ANYOX

Anyoxites recently arriving from holidays in the south and elsewhere included Miss Leitch, Mrs. H. M. Selve and daughter, Mrs. W. J. E. Pamphlin, Mrs. E. J. Conway and family, Mrs. Clay and son, Mr. and Mrs. A. Seaton, Mr. and Mrs. W. Robertson and child, Mrs. D. C. Roy, Mr. and Mrs. J. McGuire, Mrs. Wilkinson, Mrs. W. A. Cooper, Mr. and Mrs. J. A. Swanson, Mr. and Mrs. Armstrong and Messrs. G. E. Townshend, H. D. Southam and J. Haslett.

Ground has been broken for the new Union Church to replace the building destroyed in the fire and tenders are being called for the erection of the building. The new building will be located in a much more convenient place than the old one, and will have the advantage of a basement, which will be modelled for gymnasium and other church work. The new church will be fifty by twenty-six feet, the auditorium being forty by twenty-six, the remaining ten feet being devoted to usual church offices, such as vestry, etc.

The play for the L. F. Champion Cup is developing keenly, the different contests showing tennis of high order. David Cole, jr., H. Ballion and Geo. Lee have qualified for the semi-finals, which will be played as soon as one more game is settled. This game is between F. C. Townshend and F. Brown, the winner of which will meet Cole, while Ballion will meet Lee. In the Men's Single Ladder series, H. Ballion is at present in the lead.

From August 22 to August 28 inclusive, 11,757 wet tons of ore were mined at Hidden Creek. Total tonnage for the month of

OVEN, WHITE-NICKELED

The interior of the Armo-Iron Oven is nickle-plated. Its clean white surfaces radiate heat quickly and evenly—a factor which adds to the economy and baking qualities of the Kootenay. This white-nickle-plated oven is washable and, of course, resists rust.

## Bake With the Good Kootenay

McClary's Cooking Utensils  
The right utensil for every task saves hours of a housewife's time. Get McClary's Enamelled Cooking Utensils at your favorite hardware store.  
"The Clean Ware"

Then you will know how superior a range may be—and why it relieves cooking and baking of ordinary care and distractions.

For a generation the Kootenay has been a good baking range—and now its endurance is extended beyond all former records of long service.

### "ENAMEL-CLAD" FLUES

The flue construction of the Kootenay is protected at every vital point with tough porcelain enamel, and the oven is built of rust-resisting Armo-iron. This unique McClary's construction extends the life of the Kootenay by many years.

Ask McClary's dealer to show you the inside construction of the Kootenay.

# JAPAN WANTS TO CARRY SILK

Japan Raises Material to Provide Cargoes For Foreign Ships and Does not Like It

VICTORIA, Sept. 3. — Japan provides the cargoes of silk and they are carried by foreign ships and she is becoming restive under it. She thinks that her own vessels should handle that cargo. That is why she is to build new vessels faster and more commodious than those now operating on the Pacific.

Statistics issued in Japan give the total number of silk shipments from Yokohama for eastern points on this continent during the first six months of 1923. The total is 114,294 bales. But this is a decrease, however, of approximately 35 per cent, as compared with shipments of the six months period during the latter half of 1922. The total of the last half of 1922 was 180,173 bales.

Largest Carrier. Figures also show that the Admiral Oriental line is the largest silk carrier with the Canadian Pacific Express line second, the Osaka Shosen Kaisha line third and the Nippon Yusen Kaisha line fourth.

During the last six months the Admiral Oriental line led the field by carrying 27,094 bales of silk from Yokohama to Seattle. The Admiral line not only carried the largest amount of the raw goods from Yokohama to Seattle but also took the largest single

cargo for the period, this being that of the President Grant, which left early in the year with 4,292 bales.

C. P. S. Line Next. Next to the Admiral line comes the Canadian Pacific line, which carried during this period 24,808 bales, being only some 3,000 bales behind that of the American line.

The Empress liners had the credit of leading the field last year. Third place goes to the Osaka Shosen Kaisha line, which transported 44,187 bales, while fifth place goes to the Pacific Mail Steamship Company, which operates its ships via Honolulu.

This line carried 10,032 bales during the period. The Blue Funnel steamers are next with 9,408 bales, while the Toyo Kisen Kaisha line follows with 8,706 bales. The China Mail, now out of operation, carried 2,987 bales during the period, and the Mitsui Bussan Kaisha, Ltd., took 299 bales.

# Japanese Ships Lose

The shippers have gone far in giving their trade to the foreign vessels and passing by the Japanese lines. These interests shipped 88.8 per cent of their total on foreign liners, while only 11.2 per cent found its way to the Pacific coast on Japanese liners.

# ANYOX MAN DIED THIS MORNING IN GENERAL HOSPITAL

Louis Brisson, aged about 50, a French Canadian, died in the hospital this morning. He came from Anyox and was admitted to the hospital in July. Funeral arrangements are in the hands of Hayner Bros.

# FUNERAL TODAY

Late George Mercer Was Laid to Rest in Fairview Cemetery

The funeral of the late George Mercer, who died last Sunday at the General Hospital, took place this afternoon at 2 o'clock from the B.C. Undertakers' Parlors to Fairview Cemetery. Rev. J. J. Smithson officiating. The pallbearers were J. B. Robertson, D. McMillan, D. Garrow and Peter Judge. Flowers were sent by Mr. and Mrs. Fred Miggins, J. B. Robertson, D. O'Neill and D. McMillan.

The late Mr. Mercer was a pioneer halibut fisherman of this city and for some time was employed on the Canadian Fish & Gold Storage Co.'s trawlers.

# PRINCE GIVEN SENDOFF

LONDON, Sept. 5.—The Prince of Wales was given an enthusiastic sendoff this morning as he was leaving London for Southampton to board the C. P. R. steamer Empress of France and sail for Canada.

The slide on the Canadian National Railway at Kwinitsa was cleared sufficiently this morning to let the eastbound train pass through, leaving here at 10 o'clock this morning, 15 hours and 15 minutes late. It is expected that the westbound will get through on time or nearly so this afternoon.

# 1922 AUSTRIA'S DREAD YEAR

VIENNA, Sept. 5.—During 1922 there were 402 labor conflicts in Austria, 366 strikes and 36 lock-outs. One-third of these strikes, in which 58,732 men were involved, took place in Vienna. Only 94 of the strikes were successful, 173 were partially successful and the rest failures.

# VANDERHOOF
