## ROWDYISM MARKS THE BRITISH ELECTIONS

### EARLY DAYS OF PRINCE RUPERT ARE RECALLED BY OLD TIME CARNIVAL

#### Winston Churchill has few Anxious Moments as Rowdies Smash Window

LONDON, Dec. 4.—The rowdyism that has marked so many of the political meetings of the present campaign, breaking up some and interfering with others gave Right Hon. Winston Churchill a few anxious moments at Walthamstow last night when the crowd in a demonstration against him smashed the window of his automobile.

The police were summoned to rescue from personal violence the Liberal candidate in whose behalf Mr. Churchill was speaking.

Conservative supporters attacked communist hecklers at Sheffield with the result that a free fight occurred. The Liberal meeting at Oxford also was broken up.

It is expected that an unusual proportion of the electoral body will exercise the franchise on Thursday. Conservative, Liberal and Labor speakers all have been urging everyone to turn out and vote and judging by the interest taken in the campaign, they are likely to do it.

#### VESSEL SAVED ON WEST COAST

Got Position from Wireless Station at Pachena and Then Turned Back

#### RADIO SENTINEL WORK

Thiepvial is Now at Banfield Life Saving Station for Duty There

PORT ALBERNI, Dec. 4.—The new regime of wireless protection on the west coast of Vancouver Island established during the past month has already demonstrated the crying need that existed about these grim shores for an efficient life saving service, according to A. W. Neill, M.P. for Comox Alberni, who has just returned to Port Alberni after a trip of inspection along the coast.

But for the radio sentinel installed at Pachena Point within the past few weeks, another disastrous wreck would have been added to the long list of disasters, Mr. Neill said. One vessel which applied to the new station for her position recently, he declared, on receiving the information turned about and sped back again in the direction whence she had come. Had she maintained her original course she would have crashed to her doom on the rocky island shore.

The Thiepvial, one of the life saving craft that will be on duty during the winter hereabouts, has now arrived at Banfield, Mr. Neill said.

#### IRISH PRISONERS BEEN LIBERATED

Number of Hunger Strikers in Internment Camp Exhausted and go to Hospital

BELFAST, Dec. 4.—Republican prisoners in Findowry internment camp near Curragh have been liberated. Brian O'Higgins, republican member of the Dail for Clare County and 27 others are exhausted from a hunger strike and sent to a hospital. The camp is said to have contained 4,200 prisoners.

Dr. A. H. Bayne sailed last night by the Prince John for Buckley Bay.

#### FAITHFUL HORSE AND DOG BESIDE BODY OF MASTER

LOREBURN, Sask., Dec. 4.—With his faithful horse and dog standing guard, the dead body of C. M. Akre, a pioneer farmer of the district, was found on the road 12 hours after he left a neighbor Sunday night. The body lay stark and cold, the horse at his head while the dog pawed at his master as if trying to awaken him. The man's neck had been broken by a fall from the horse.

#### BIG HALIBUT BOATS MARKET HEAVY FARES

Four Vessels in this Morning With Total of 275,000 Pounds

CAPETOWN, Dec. 4.—General Jan Smuts, premier of South Africa was given a rousing reception on his arrival here from England where he attended the Imperial Conference.

#### ENDEAVOR MAKE AIRPLANE FLIGHT OVER NORTH POLE

WASHINGTON, Dec. 4.—An airplane flight over the north pole is to be attempted next summer, it was stated today by Secretary of the Navy Denby.

**BIRTH**  
A son was born at the Prince Rupert General Hospital on December 3 to Mr. and Mrs. W. J. Nelson, 423 Emmerson Place.

It was an impressive service held beside the cenotaph in Whitehall, London, during the two minutes silence on armistice day. The Prince of Wales and the Duke of York are shown facing the Bishop of London in front of the monument.

#### EAGLE IS FINE HALIBUT BOAT

New Seattle Vessel in Port Today with 80,000 Pounds After First Trip to Fishing Banks

The big brand-new Seattle fishing schooner Eagle is in port today discharging her first catch of 80,000 pounds of halibut after her maiden trip to the fishing banks.

She is a splendid 88 foot craft and was built this fall at the Fishing Vessel Owners' Marine Ways in Seattle to the order of her owners, J. H. Engdahl, ship skippers her, and M. Madsen. Her fish carrying capacity is 90,000 pounds. She is of very substantial construction throughout and embodies the latest ideas in arrangement and finish for vessels of this type. Her engine is a 135 h.p. Enterprise diesel.

The Eagle left Seattle on her first trip about the middle of November.

#### DROWNING OF NATIVES IN RIVER ACCIDENTAL

Inquiry Into Death of Mrs. James Pierce and son, Willie, Made by Coroner Gale This Morning

An inquiry conducted this morning by Coroner Gale into the circumstances of the drowning of Mrs. James Pierce and her son, Willie, near Salvo, on the Skeena River, established that the tragedy had been entirely due to accident. The bodies will be taken by the natives to Port Essington for burial. Constable Mancor, who brought them to the city, is returning to Terrace tonight.

**ONLY SEVEN KILLED**  
SHEFFIELD, Dec. 4.—Seven miners were killed and 51 injured in the accident here when several cages fell to the bottom of the mine shaft.

#### Old Centre Street is Reproduced at Old Time Carnival and Bazaar in Elks Hall which Opened Today

The most ambitious and certainly the most unique undertaking of the fall bazaar season is the two-day Old Time carnival and bazaar under the auspices of the Ladies of the Royal Purple and Benevolent and Protective Order of Elks which was formally thrown open to the public in the Elks' Home this afternoon by Fred Stork, M.P., assisted by Mayor Newton.

Well laid plans and energetic efforts of the Elks and Ladies of the Royal Purple which have been in progress for some time have resulted in the presentation of a most colorful and well appointed scene. #### TWO MEN OUT FOR MAYOR SO FAR ANNOUNCED

Possibility of Straight Contest Between Newton and Stephens

Little more than a month intervenes between now and election day set for January 17, so the campaign will soon be actively under way and the annual solicitation of candidates for the public favor in the form of votes will commence. Jibes here and there in the council chamber of late have made it apparent that something is in the wind and it does not need a very good guesser to tell what it is all about. In fact, people and things are beginning to line up in the battle that will soon be raging.

The principal fight will, of course, be the mayoralty which two members of the present council, Mayor S. M. Newton and Ald. M. M. Stephens, have already expressed their intention of capturing. While there may be further candidates, present indications—at any rate—in the council are that the line is being divided between these two. There have been rumors that Ald. Munro would himself be out for occupancy of the comfortable office on the second floor of the City Hall but he stated today that he did not expect to be a candidate for either the mayoralty or aldermanic honors.

#### Not Candidate

Ald. Collart, who announced himself for the mayoralty some time ago, stated that afternoon that he would not be a candidate because he did not have sufficient property registered before July 1 to qualify. He indicates, however, that he will probably seek re-election to the council board. Ald. Perry, Ald. Smith and Ald. Macdonald, it is understood, will again offer themselves. Ald. Gurrice, on account of the fact that his business keeps him out of town so much, will not seek re-election it is understood. Ald. Mackenzie has not yet stated his intentions.

With election day set for January 17, the city will be without a mayor for five days next year because Mayor Newton's term expires one year after his election, namely January 13.

#### FREIGHT RATE OPPOSITION

McGeer Says it Will be Lengthy Fight if it is Expected to Win

VICTORIA, Dec. 4.—If the British Columbia government wants to block the increase in the express rates in western Canada it must be prepared to undertake a fight as long and extensive as its freight rate fight, the premier was told today by G. G. McGeer, who has been retained by the government in connection with the case.

Premier Oliver announced after the conference with McGeer that he would take up the whole matter with the cabinet immediately and decide at an early date what further action it would take in regard to the express rates.

**Frightful Plague Infects The People.**

Senator Copeland, who is also an eminent American physician, has been startling some of the society people of the eastern states by giving them a straight from the shoulder talk on the great red plague, the greatest scourge of the age. He spoke to a mixed audience at a dinner. Telling about it afterwards to a representative of Physical Culture, Senator Copeland says:

"One of the things I told them was the fact that eighty per cent of the operations performed upon women are made necessary because of innocently acquired venereal disease. I told them how the statistics and figures of the draft showed that out of ten million men examined 450,000 had syphilis and 2,225,000 gonorrhoea, a total of 2,675,000 cases of venereal disease or about 27 per cent out of a multitude drawn from every walk of life.

"I related how when our men first went to the cantonments, there were 60,000 in one day who could not report for duty because of venereal disease. These were men who had come directly from civil life and whose condition had nothing whatever to do with the license and the insanity of war. I told them that more sickness came from these diseases in the army than from all other causes combined; that the deaths and the disabilities caused by them directly and indirectly, were comparable to the number killed and seriously wounded; and that though the battle casualties of the war were made public, nothing at all was said in this highly proper and moral country of ours about the "unknown" and the "unspeakable" causes of death and total disability.

**Forced Slimy Evil To Crawl From Darkness.**

"But the draft figures made these facts known to the medical profession and to others whose business it is to keep in touch with the truth. We had only guessed at them before; now we knew and the truth was more dreadful, it uncovered more corruption than even the extremists and the fanatics had dared to guess. It was as if the crisis of war for the moment had forced this slimy evil to crawl from the darkness and expose itself naked to the sunlight. Oh, if we could have kept it there till it died.

"But the monstrous thing has returned again, although it is always in hiding. But it is as real as ever; and if the number of infected men who pass you on the street today isn't 27 per cent of the total of pre-war days, it is more; it can by no possibility be less. We have shut our eyes and stopped our mouths. As a result that 27 per cent of infected men get married like other men. They are permitted to infect innocent wives and to help fill our asylums for the blind and the insane without anybody to lift a finger to stop it.

**Physician Cannot Warn The Girl.**

"Not even the medical profession can open its mouth about the individual case. No physician is permitted either by law or by ethics of his profession to warn a girl who is about to marry a man he knows to be diseased. He can protest to the man, but that's all he can do. Our girls as a matter of course marry men without a single question about that 27 per cent. They would consider it indelicate to raise the question of a medical examination, even if they knew the peril of foregoing such a precaution, and most of them don't know it.

"I went on to give them some plain truths about venereal disease itself as the physician sees and knows it in his daily practice. I explained how it is that boys all over this country are brought to manhood almost as ignorant of the truth as their mothers and sisters and their fathers before them. What they don't know is that this disease, however local it may be, ravages and wrecks the constitution, weakens the system, debilitates every vital force in a man's body, and leaves him in a condition that is likely to put him on the scrap heap while still young in years. When you see a young man in his twenties racked with rheumatism, look out.

"What they don't know is that if gonorrhoea and syphilis could be stamped out, the average length of human life would be enormously extended and that it would be common for men and women to live past the century mark."

**BOARD WALK OR CINDERS**

**City Council to Find Out Definitely What Residents of Fourth and Fifth Avenues Want**

The question arose at last night's council meeting as to whether the residents of Fourth and Fifth Avenues in Section Five desire plank or cinder sidewalks in connection with the grading program that has just been completed in that part of the city. The matter came up in connection with a report from the Board of Works recommending that the wooden sidewalks be proceeded with as per the original by-law. Ald. Stephens, having submitted a by-law to repeal the by-laws for wooden sidewalks and substitute cinder walks instead, opposed the work along the lines set out. Difference of opinion arose and it was finally decided after much discussion to lay the matter over for another week in order to ascertain more definitely the wishes of the property owners affected.

**Will of People**

Ald. Stephens referred to the petition that had been submitted asking that cinder walks be put in instead of plank. He had understood that the Board of Works was taking steps along this line and had ordered the advertising necessary to making such a change. He had found, however, that such was not the case and this was the reason for the amendments he was submitting.

Mayor Newton said he had believed that the advertising referred to had been inserted but had subsequently found out it had not.

Ald. Stephens objected to the Board of Works ignoring the petition. He felt that the people affected really wanted a cinder walk instead of plank and for that reason he was opposing the report of the Board of Works. The residents of that part of town had suffered enough. The whole grading project had been contrary to their wishes and they had petitioned against it. He was not going to see a sidewalk foisted upon them that they had petitioned against.

**Majority Owners**

Ald. Munro took the view that the petition submitted did not represent the majority of the property owners affected. He had checked over the petition and found that there were 94 lots involved. The petition had been signed by 46 people, some of whom were not affected and about half of whom had subsequently told him that they would prefer the wooden sidewalk scheme being proceeded with. The Board of Works was not anxious to go against the wishes of the majority of the people and believed that, in asking that the wooden sidewalk scheme be proceeded with, it was interpreting the wishes of the majority.

Ald. Stephens stated that he lived in the neighborhood affected and he would like to say that the Board of Works was much out in its interpretation of the people's wishes. Even if they did not want a sidewalk at all it should not be wished upon them. They were better off now without a sidewalk than they had been before with the plank roadway.

**Sidewalk Wanted**

Ald. Perry felt that the people there wanted a sidewalk and wanted it before another six

**Avoid Bad Colds**

**DR. CHASE'S Syrup of LINSEED AND TURPENTINE**

35c a bottle. Family size, three times as much, 75c. All dealers or Edmanson, Bates & Co., Ltd., Toronto.

COLDS develop quickly and almost before you know it the bronchial tubes are attacked and the lungs threatened. While consumption is not so common as formerly, the number of cases of pneumonia has increased enormously, and it is more than ever necessary to stand on guard against these dreaded diseases.

Success in treating colds depends so largely on prompt action that it is impossible to over-emphasize the advantage of always keeping the treatment on hand.

It was this idea that prompted us to put on the market the large-size bottle of Dr. Chase's Syrup of Linseed and Turpentine. In addition to the better economy in buying

the larger quantity, there is the satisfaction of having this medicine ready for prompt use in cases of emergency.

You never know what night baby will awaken choking with croup, or grandma get too great an advantage if you are not ready with treatment to check the advance of disease.

Such ailments are too serious to neglect, and they are too dangerous to accept any kind of cough mixture.

Dr. Chase's Syrup of Linseed and Turpentine is a real medicine of tested and proven value, and should never be confused with the thousand and one cough mixtures that are offered for sale simply because people are not sufficiently discriminating in their choice of treatments for such ailments.

You can buy Dr. Chase's Syrup of Linseed and Turpentine in almost any store where medicines are sold. Ask for the large bottle, and consider the wisdom of always having a bottle at hand. Experience is a dear teacher, and on this account it pays to be cautious and prevent serious results.

Mrs. Jeremiah M. Bigelow, Bigelow, Ont., writes:—"I had a very stubborn cough for over four years, and I tried doctors and almost everything without results. One day an old friend asked me to try Dr. Chase's Syrup of Linseed and Turpentine. I used five bottles, and it worked like magic. I have never been bothered since, and that is some years ago."

months had elapsed.

Ald. Macdonald held the belief that the people in Section 5 wanted a sidewalk and they should get the kind they wanted. While he felt at present that they preferred a wooden sidewalk, he would like to see the matter laid over for a week to ascertain definitely before taking action.

Referring to the many delays that had attended the whole Fourth and Fifth Avenue project, Ald. Munro wished to make it clear that the Board of Works had not been responsible for those delays and had done everything in its power to get the work carried along. He suggested that Ald. Stephens had not helped to speed things along, this suggestion being resented by Ald. Stephens.

**Mayor Backs Munro**

Mayor Newton spoke of the many delays from the outset and confirmed the remarks of Ald. Munro that the Board of Works had done its best to get results. Finally they had reached the decision to proceed with the wooden sidewalk believing that such was what the majority of the people wanted and that it would save further delays that would be caused by having to change the program to one of cinder walks. Under the present circumstances, however, he felt that the question should be deferred for another week to get more definite information as to the people's wishes.

Ald. Stephens suggested that the city engineer should submit estimates comparing the cost of wooden and cinder sidewalks. In reply, Ald. Munro stated that the city engineer estimated the cost of the cinder walk would be at least three-quarters of that of the wooden sidewalk and in some places it could not be built at all.

**Little Difference in Cost**

Ald. Perry thought there would be very little difference in the cost. Ald. Stephens replied that the people did not understand that. The mayor observed that the city engineer was not certain whether he could get the cinders anyway.

Ald. Munro formally asked that the matter be laid over for a week and it was finally decided to do so. Ald. Stephens' repeal bylaw also being laid over.

The date for the sitting of the court of revision on the assessment was changed from December 17 to January 7, the city clerk reporting that it was necessary to give a month's clear notice.

**SIDEWALK ON ENGLISH HILL WILL COST LOT OWNERS \$31.50 EACH**

If the property owners on English Hill who asked last week that a sidewalk be built to con-

nect them with McBride Street

are willing to advance \$31.50 per lot the city will construct a cinder walk for them. A recent intention to this effect from the board of works was adopted by the council last night.

Ald. Munro explained that the undertaking was too small for the passing of a bylaw. It was proposed to put in a four foot walk and the blasting of rock would be the principal item in the cost. If the work could be done for less than the estimated figure, refund proportionately would be made to the owners of lots. The city would bear a portion of the cost.

**CONSTANT HEADACHES AND DIZZINESS**

It is hard to struggle along with a head that aches and pains all the time, and in nine cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels.

Undoubtedly the cause must be removed before permanent relief may be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system.

Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes:—"I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me.

B.B.B. did me a world of good, and I cannot praise this remedy enough."

### REWARD IS NAME OF NEW WHEAT AT INDIAN HEAD FARM

REGINA, Sask., Dec. 3.—A new variety of wheat has been experimented with during the past season by the Dominion Experimental Farm at Indian Head and has proved a marked success under adverse conditions, according to N. D. Mackenzie, superintendent of the farm. The new wheat, which is a cross between Marquis and Prelude, is called "Reward," and gave a yield of 48 bushels to the acre.

The yield of wheat grown under field conditions, Mr. Mackenzie states, was materially cut down this year by a new disease, Basal Glume rot, an ailment which is attributable to the exceptionally wet weather experienced in the Indian Head district.

### SYNOPSIS OF LAND ACT AMENDMENTS

**PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 19, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers granted, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

## SECTION TWO LOT DEAL RESCINDED

Finance Committee Submits Recommendation in Line With Ald. Munro's Notice of Motion

The resolution of the city council of April 9 transferring a tax sale lot in Section 2 to Paul Taillandier was officially rescinded last night on recommendation of the finance committee. Ald. Munro observed that the recommendation was in accordance with notice of motion he had already given and asked why it was necessary. Ald. Stephens expressed his willingness to have Ald. Munro father the motion now if he so wished. It had come up in connection with the routine business of the finance committee. The report was adopted without further discussion.

## COUNCIL WILLING TO TAKE OVER PRIVATE WALK NEAR WALDRON

The consensus of opinion being that the communication was a public convenience and its maintenance should be taken over by the city, the council last night asked the board of works to bring in an estimate of the cost of rebuilding the sidewalk and stairs that connects Section 1 with Section 5 in the lane beneath the Waldron Apartments. The matter came up in connection with a report from the board of works seeking authorization for the rebuilding of the upper portion of the walk with cinders. The whole walk is now in a state of disrepair. The board of works' report was adopted.

## FINANCES OF SCHOOL BOARD ARE DISCUSSED

Estimates for Year Will be Exceeded, Ald. Stephens Reports to Council

In connection with the passing of departmental accounts up to December 1, totalling \$18,575.51, school board finances were briefly discussed by the city council last night. In reply to a question by Ald. Munro, Ald. Stephens stated that the board could not get through this year under its original estimates. Mayor Newton, stated the repairs to Borden Street school had exceeded the city engineer's estimate. Ald. Perry said they had not exceeded the board's own estimates, however.

## NEW OFFICERS FOR KNIGHTS PYTHIAS

F. W. Wesch Elected Chancellor Commander with John Bulger, Vice-Chancellor

Skeena Lodge, No. 15, Knights of Pythias elected the following officers for the ensuing term last night:

Chancellor Commander, F. W. Wesch. Vice-Chancellor, John Bulger. Prelate, H. K. Hawkins. Master of Works, C. C. Westaway.

Keeper of Records and Seals, W. W. Wood. Master of Finance, S. Hamilton.

Master of Exchequer, George W. Johnstone. Master at Arms, W. R. Love. Inner Guard, W. H. Burken. Outer Guard, F. W. Hart.

## PEOPLE TO VOTE ON CONVEYANCE OF LOT TO WAR VETERANS

Advised by the city solicitor that original conveyance of the lot on Third Avenue two years ago to the Great War Veterans' Association was not in order because of faulty description and also for the reason that the Association did not hold title to the lot which it sought to exchange, the city council last

night ordered the putting to the people at the next election of another by-law authorizing the conveyance and exempting the property from taxation. The matter came up in connection with Ald. Collart's notice of motion calling for taxation exemption.

## Sport Chat

Preliminary work on the clearing of the site on the Canadian National Railway yards on which the Prince Rupert Gyro Club intends to establish a skating rink this winter was started by several members of the club who turned out Sunday afternoon. Owing to the fact that the weather was so bad and several Gyros could not be notified because phones were out of order, there was not a full turnout of members but it has been decided to get the thing going in real earnest right away and the school boys will also be given a chance to assist. Times for getting at the job will be set as convenient to the club members. The rink is to be located between the overhead at the station and F. G. Dawson's wholesale house. Timbers for the sides have been set down on the site and several of them have already been put in place. It is the intention to have the rink ready for the first cold snap.

The English flat racing season, which was concluded with the Manchester and Lingfield Park meetings ten days ago, was most satisfactory from every standpoint. Each year interest in the thorough-bred increases and during the past season the various race meetings were well patronized. Enormous crowds witnessed the running of the classics and other important races while every meeting reported liberal patronage. The attendance at the Newbury Autumn meeting broke all records for that popular course. Public favorites met with more success than during the preceding year and the upsets in form were neither as startling or as numerous as had occurred during the past two years. Winter racing, under National Hunt Club rules, which is growing steadily in public favor, and will now hold full sway until early Spring when it reaches its climax with the Grand National Handicap—the blue riband of "chasing. The flat racing season after that will again come into its own.

### SUCCESSFUL BAZAAR WAS HELD AT TELKWA

Guild of St. Stephen's Church Responsible For Enjoyable and Profitable Event

TELKWA, Dec. 4.—One of the most successful and interesting events given here recently was the bazaar held in the Hall on Friday, November 30, by the Guild of St. Stephen's Church. Great credit is due to the vice-president, Mrs. Mapleton, for the very capable manner in which she arranged for and conducted the bazaar. A stall of fancy work and useful articles presided over by Mrs. Mapleton and Mrs. B. Hoops proved most attractive to those seeking Christmas gifts. Miss Laura Greene amused a crowd of kiddies with a bran tub which contained a fine lot of toys, fruits, vegetables, pastries, cakes and bread, together with a plentiful supply of candy made the home cooking stall very busy and Mrs. Greene and Mrs. Chettleburgh were pleased with their takings.

Daintily appointed tea tables were ranged about the hall, and Mrs. Ticehurst, Miss Thompson and Miss A. Greene served all those who came in hungry. A beautiful centrepiece and cushion worked by Mrs. B. M. Hoops were raffled, the former being won by Mrs. Timmermeister, while Miss Gladys Ranel got the cushion. A turkey, too, was raffled and won by Mrs. J. P. Wheeler.

### WEDDING OF LOCAL INTEREST AT HANALL

Miss Kathleen Agnes Allen becomes Bride of John Wilby Smith, Father Allard Officiating

At the home of the bride's parents, Mr. and Mrs. R. E. Allen, Hanall, Miss Kathleen Agnes Allen was united in marriage on Wednesday last to John Wilby Smith formerly of Port Clements. The Rev. Father Allard officiating. The bride was attended by her younger sister, Miss Alice Allen, and Max Smith, brother of the groom, was best man. Only a few members of the family were present. Following the ceremony, a supper was served and Mr. and Mrs. Smith proceeded East on a brief honeymoon after which they will return to Hanall to take up their residence for the winter. In the spring they will locate at Woodocul where Mr. Smith has timber interests.

### BANK OF MONTREAL UNVEILS MONUMENT

President Performs Ceremony at Annual Meeting Yesterday

MONTREAL, Dec. 4.—The annual meeting of the Bank of Montreal, held at noon yesterday, was followed by the unveiling in the head office of the bank of a monument to the memory of the two hundred and thirty members of the staff who fell in the Great War. This is to be followed shortly by the unveiling of another monument, now in the course of erection, at the office of the bank in Winnipeg.

The memorial at the headquarters in Montreal is in the centre of the entrance hall facing the doorway and consists of an impressive figure in white marble symbolizing Victory. The monument in Winnipeg is to be situated outside the portals of the main office and will consist of a bronze figure of a soldier in full military equipment.

The ceremony of unveiling in Montreal was performed by the Rev. Vincent Meredith, Baronet, in the presence of the directors and a large gathering of shareholders, members of the staff and relatives of the fallen. The speeches were brief and to the point.

"I am privileged," said Sir Vincent Meredith, "to unveil this memorial to our gallant men who fell in the Great War. We have met here today with mingled feelings of sadness and of pride. Of sadness because two hundred and thirty of the bravest

and best of our staff, those to whom we looked to fill the highest positions in the service, will not return to us. Of pride because they went forward at the call of their King and Country to save the British Empire from the ruthless domination of a foreign foe. This beautiful monument will for all time remain a memorial to their valour and self-sacrifice, and their memory to all of us will be a happy and enduring one."

Sir Frederick Williams-Taylor, the general manager, spoke more particularly for the staff.

### Ten Years Ago in Prince Rupert

The city council is again considering a proposition from the Prince Rupert Hydro-Electric Co. to supply the municipality with light and power. Mayor Pattullo declares himself in favor of making an agreement for a franchise.

The Maple Leaf Line freighter Buenaventura, Capt. Fitzsimmons, arrived yesterday afternoon from New York with steel for the Grand Trunk Pacific Railway and the dry dock. The vessel is unloading at the dry dock wharf today and will later move down to the Grand Trunk dock to discharge her rails.

Coal possibilities on the Queen Charlotte Islands and the Ground Hog country were discussed recently by James Ashworth in an address before the Vancouver Chamber of Mines.

### HAZELTON

The Hazelton Ladies' Aid and the Canadian Girls' in Training realized something over \$200.00 at their annual bazaar last week.

The Hazelton hospital board met Fred Stork, M.P., when he was here last week with the request that \$2.50 per day be paid by the department for Indian patients instead of \$1.50 as at present. Mr. Stork proved sympathetic to the request and stated that he was sure he could get it acted upon.

# A real whole wheat toast

Perhaps you have given up trying to get a real whole wheat toast—that's because you have never discovered TRISCUIT, the shredded whole wheat cracker. It is 100 per cent whole wheat, steam-cooked, shredded, pressed into a water and baked a crisp, golden brown. It is easily digested because so thoroughly cooked, and it contains all the bran you need to promote bowel movement. It is eaten in place of ordinary white bread toast. Crisp it in the oven and butter it while it is hot. Nothing so tasty and appetizing.

## PRINCE RECEIVES LETTER FROM GIRL

Is Asked by British Fourteen Year Old What Natives of Canada Were Like

LONDON, Dec. 3.—In the first speech delivered after his return from Canada the Prince of Wales remarked that he would like to encourage a spirit of travel in statesmen, journalists, writers, and school teachers—in fact, all the distributors of information to the people of Great Britain. He amused his audience with the story of a letter that he had just received from a girl of fourteen, who hoped that he had had a good holiday, and wanted to know what the natives of Canada were like! If some of the school teachers could be sent out to see something of the Empire he would not receive letters like that.

Hon. W. L. Mackenzie King, in response to a toast, said he was sure that the Prince's appeal would fall upon willing ears. He hoped that, in reply to the letter of the young lady of fourteen, His Royal Highness had given an accurate description of the "Canadian natives." He was quite sure that there were not many girls of fourteen—or over!—who could not give an accurate description of the Prince of Wales.

N. B. Walton, C.N.R. general superintendent, is now in Montreal in the course of a trip East on special business.

G. A. Woodland, local manager of the Imperial Oil Co., left by last night's train for Fort Fraser on a business trip.

## GERMANS STARVE AS POLITICIANS QUIBBLE

Soup Kitchens Already Operating in Cities and People are Restless

BERLIN, Dec. 3.—While politicians quibble and delay, the Germans starve or live on insufficient rations. Unemployment grows at a rapid pace and millions of Germans face a winter of want and privation.

Berlin and other cities and towns have established municipal kitchens. Limited quantities of free fuel are provided for by cards. But the meals and the fuel are dependent upon cards whose issuance is irregular and shares the general disorder which has spread throughout the control of food supplies.

With the abolishment of the breadcard and the subsequent rise of German blackbread to figures which are fantastic in comparison with the unemployment doles, the situation became more acute than ever and gave political agitators their opportunity to incite riot.

The condition of the unemployed is pathetic in the extreme. By degrees the old people, many of them middle-class, have been forced to go upon the streets for alms.
