ASSIZES COURT OPENS TODAY--THREE CASES

CHURCH UNION TO BE CONSUMMATED: CIVIL WAR IN BULGARIA CERTAIN

New Union Church Will be a Powerful Organization: First Steps Taken Toward Completion

TORONTO, June 13.—Organic union of the Presbyterian, Methodist and Congregational churches will create a powerful ecclesiastical organization from a numerical standpoint. The census of 1921 gives the number of persons belonging to the churches which come under the union plans as Methodist, 1,458,744; Presbyterians, 1,498,12; Congregational, 39,574; total, 2,996,430 or 29.56 per cent of the people of Canada.

PORT ARTHUR, June 13.—The question of the ordainment of women in the Presbyterian Church was again raised at this morning's session of the General Assembly but it is not likely a decision will be reached. The question is to be sent to 79 presbyteries of the church and they are to be asked to report to the General Assembly which meets in Owen Sound in 1924.

The Assembly today completed arrangements for the appointment of 150 commissioners to represent the Presbyterian Church at the first meeting of the general council which will be the supreme body of the United Church. The list will be made up by the Moderator and two clerks of the Assembly ex-officio and members of the union committee. The rest will be elected. B.C. will be allowed eight members and five alternatives.

SIR HENRY WILL LUNCH WITH CLUB

Walter W. S. Gale, secretary of the Canadian Club has received a telegram from Sir Henry Thornton accepting an invitation to luncheon on Monday, June 25. This will be open to members of the club only. Members not in good standing may renew their subscriptions at the Bank of Montreal.

MANSON TELLS SENATE LETTER NO REFLECTION

OTTAWA, June 13.—Speaker Bostock in the Senate today read the following message from Hon. A. M. Manson:

"Please assure the honorable body over which you preside that my letter of January to the late auditor general, which was included as a personal communication, was not intended to cast an imputation or reflection on the Senate or upon the parliament of Canada. If the language used can in any possible construction cast such reflection, I regret it, was not intended and so far as the language used can by any construction reflect on the Senate or Parliament the same is hereby withdrawn."

PRINCE RUPERT LOGICAL PLACE

Why Police Inspector Is to Come Here Says Manson

VICTORIA, June 13.—Inspector T. R. Parsons of the provincial police has been transferred from Prince George to Prince Rupert, it is announced here by Hon. A. M. Manson. The change is made because the Provincial Government regards Prince Rupert as the logical place from which to direct police operations in northern British Columbia.

Inspector Parsons will be in charge of all the territory of the coast north from Ocean Falls.

Inspector Dunwoody has been transferred from Fernie to Nelson.

WILL GO TO SENATE

WINNIPEG, June 13.—A Free Press special from Ottawa suggests that Hon. Frank Oliver will shortly be elevated to the Canadian Senate.

TO WAIT ON TOM MOORE

Trades and Labor Council Appoints Committee—Closed Town Speech of Local Member Approved

DISAPPOINTED AT NO LIGHT REDUCTION

A committee was appointed at last night's meeting of the Trades & Labor Council to wait on Tom Moore, president of the Trades & Labor Congress of Canada, when he visits the city on June 24 as a director of the Canadian National Railways in company with Sir Henry Thornton. Various labor questions will be taken up with Mr. Moore, one of them being the matter of providing passes for delegates to the annual convention of the Dominion Labor Congress.

Recommendations for the guidance of delegates to the convention, which takes place this year at Vancouver about August 15, will be made in the form of resolutions from the local council. It is expected that there will be three delegates from Prince Rupert at the convention.

At last night's meeting excerpts from the speeches of Fred Stark, M.P., A. W. Neill, M.P., Premier King and Hon. James Murdock, minister of labor, regarding closed towns and particularly Powell River were read and commented. Additional copies of Hansard containing the speeches are being sent for so that the members may peruse them.

The council also expressed disappointment that the city council had not decided to reduce light rates. President Macdonald asserted that there yet might be a chance to reduce the rates after the street surfacing local improvement bylaws had been settled.

Ald. S. D. Macdonald, president, was in the chair and there was a good attendance of members.

OFFICIAL SURVEY COPPER MOUNTAIN

(Special to Daily News)
VANCOUVER, June 13.—Dr. Victor Tolmadge, head of the British Columbia office of the Dominion geological survey has gone to Copper Mountain to make a complete examination of the ore to be worked by the Granby Company.

Under the reorganization the Albenby mine will operate within an area of 25 square miles, the survey lasting all summer.

DISCUSSING LIQUOR LAW

Proposal Said to be Made to Foreign Nations by U.S. Government

WASHINGTON, June 13.—The Associated Press understands the United States Government is willing to permit foreign ships to carry sealed liquor into American ports provided an international agreement is signed permitting the United States to search and seize all ships within twelve miles of the American shores.

The government refuses to discuss the new proposal one way or the other with newspapermen but it is known that Secretary Hughes on Tuesday sent for Ambassador Jusserand of France and talked for hours about liquor on foreign ships.

FISH BUSINESS BACK TO NORMAL

MONTREAL, June 13.—Operation and publicity were the two points emphasized by J. A. Paulhus, of Montreal, newly elected president of the Canadian Fishermen's Association, at a banquet last night. He pointed out that the industry had suffered materially from the reaction from the war period but he predicted normal conditions in the near future.

F. E. Burke, of Vancouver, has been chosen second vice-president of the Association. Mr. Paulhus succeeds A. L. Hager, of Vancouver, in the presidency.

Soviet Says Essential Conditions Complied With in Russian Note

LONDON, June 13.—The British reply to the last Russian note states that the Soviet Government having "complied with the essential conditions of the demands put forward by His Majesty's government this correspondence may now be brought to a conclusion."

CIVIL WAR SURE IN BULGARIA AS ARMY INCREASING

PARIS, June 13.—A Bulgarian volunteer army of 100,000 peasants is steadily increasing in size and is preparing to occupy Sofia and overthrow the government which a few days ago seized power and deposed the peasant cabinet. Civil war is inevitable.

TRUE BILL RETURNED

Clarence Flewin and Raymond Kevis are Indicted By Grand Jury

A true bill was brought in by the Grand Jury at the Supreme Court Assizes this afternoon against Clarence Flewin and Raymond Kevis charged with attempted murder of R. Boyd Young at Port Simpson last September. The jury commenced its consideration of the indictment before noon adjournment and returned with its finding on resumption of court at 2:30 this afternoon. Several of the crown witnesses were examined.

The trial will proceed this afternoon and will take considerable time to dispose of. It is expected, for many witnesses are to be heard both for the prosecution and the defence. The defence will attempt to prove an alibi for the two young men.

W. C. Craigs, of Vancouver, is prosecuting and L. W. Patmore is defending counsel.

BULGARIA CIVIL WAR

Jugo-Slav Newspapers Report Upheaval in Greater Part of Balkan Nation

BELGRADE, June 13.—Dispatches from Jugo-Slav newspapers report the existence of a state of civil war throughout the greater part of Bulgaria. Two former cabinet ministers are reported killed during an engagement with revolutionary troops.

SOPIA, June 13.—Former Premier Stamboulsky, accompanied by a single friend, was reported last night fleeing on horseback through the mountains of Central Bulgaria in the direction of Pirdop pursued by a squadron of revolutionary soldiers. The feat expressed at the war office here is that Stamboulsky had caused bloodshed and therefore does not deserve mercy and is subject to execution by shooting if captured alive.

BOXING FANS IN FATAL ACCIDENT

TACOMA, June 13.—Two men were killed and three seriously injured when a freight train crashed into an auto in which eight Hoquiam boxing-fans were returning from Seattle where they witnessed the Bercoot-Krache bout last night. The tragedy occurred on a crossing near Sumner.

Assizes Opened this Morning before Judge Morrison; Three Cases

Ingvaard Christopherson was indicted by the Grand Jury at the Supreme Court assizes this morning on a charge of attempting to commit an indecent assault on a small boy, pleaded guilty to the charge and sentence was reserved by Mr. Justice Morrison until the end of the assizes. This afternoon the Grand Jury is out considering the charge of attempted murder against Raymond Kevis and Clarence Flewin, and the charge of obstructing an officer against Hooime K. Freeman. The assize opened this morning at 11 o'clock with the usual ceremonies, time for hearing certain civil and divorce cases were set and adjournment was made at 12.15 until 2.30 this afternoon.

Duff of Lunenburg Opposed to Grant and Would Cease Operating Ships

OTTAWA, June 13.—The House of Commons voted \$14,800,000 for the construction of the Welland Canal during 1923.

An item of \$1,100,000 to be advanced to the Canadian Government Merchant Marine for payment of deficits was discussed at length and held over when the House rose. Criticism of the Government Merchant Marine was led by William Duff, Liberal member for Lunenburg, Nova Scotia, who said the question was whether or not ships should be continued in operation.

PREPARE FOR VISIT OF SIR H. THORNTON

Board of Trade to Lay Number of Matters Before Him on His Arrival

The committee in charge of the work of laying the city's case before Sir Henry Thornton and arranging for his entertainment made a preliminary report at the meeting of the board last night. President Gibbons outlined the subjects to be discussed which include such matters as car building, providing small steamers, Oriental services; immigration and marketing of settlers' products, lumber handling, utilization of the new dock, participation of the company in road building through railway lands, grain elevator, and the appointment of a traffic official.

Sir Henry will be entertained by the Canadian Club at luncheon and it is expected the board of trade will meet him in the evening.

The distinguished visitor will also meet the city council on matters pertaining to the city only.

DAILY EDITION

Wednesday, June 13, 1923.

Sir Henry Thornton And His Critics.

It is quite unnecessary for anyone to defend Sir Henry Thornton. He is quite capable of defending himself. There are, however, a few people who try to make political capital from his actions but they very soon tell them where they get off. He announced when he took charge that he was to conduct railway affairs altogether outside of all political influences and he apparently intends to carry out that policy. He brands those who interfere as politicians as he might have added the word "petty."

It is refreshing to think we have a man who is above the politician and who dares to carry on a big work independent of such influences.

Five Big Ports On The Pacific.

There will be five big ports on the Pacific, says Dean Spencer of the University of Washington, and Prince Rupert will be one of them. In the meantime we are a small port struggling for existence. We have given up the idea of sudden greatness and look forward to a hard struggle in which we shall eventually triumph. That is the sort of thing to make a city great just as it makes a man great. The struggle is the thing not the greatness.

There is no doubt that Dean Spencer is right in regard to this port, but that does not necessarily mean it will be tomorrow or next year, neither would such a thing be desirable. We have to fight our way just as every other city has fought its way before it becomes recognized.

Redistribution At Next Session.

It is announced by Premier Oliver that the legislature will meet in October as was expected. At that session there will probably be a Redistribution Bill introduced by some member of the government and that bill is likely to affect this constituency. At present it is too big and with the prospect of both Prince Rupert and Smithers and Stewart and other places growing a great deal in the next decade, the redistribution should be made accordingly.

As an example of what may be done, it may be mentioned that Belle-Coola is so remote and so cut off from communication with this place that it is difficult to see how there can be community of interest. The lopping off of a considerable section of the outlying part of the constituency would add to its value and make it possible for a member to keep in closer touch with it and its needs. There possibly may be a lopping off on the railway end of the constituency too. More members in the north might well be a plea from all sections.

Take Great Interest In The Schools.

Prince Rupert people take great interest in their schools, as well they may. There should be nothing so valuable to them as the children. Even though there are in the city dozens of bachelors and grass widowers who have no direct interest in the young people, the mass of the people realize that the one thing that will influence the future above everything else is the work of the schools.

It seems to the outsider as if we have at present a very efficient school system and a very efficient staff. When there is a good organization, the wise course is to keep it and help it work even more efficiently. At any rate we want the best that can be obtained.

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

TO CUT TRAIL UP MOUNTAIN

Committee Appointed to Report on Ways and Means of Getting Work Done

The question of cutting a trail up the mountain for the use of tourists and others was last night referred to a committee, by the board of trade, the committee to consist of W. E. Williams, D. G. Stewart and H. F. Pullen.

Mr. Williams moved a resolution that the board grant a sum of \$200 toward the work and the city council be asked to also give \$200 and that the government also be asked to do their part. This resolution was not seconded, as it was thought the work was not one that the board of trade should vote funds for. Sympathy with the idea was expressed and the committee is asked to provide ways and means to secure the carrying on of the work.

CAT SAVED KITTENS AT PORT SIMPSON

Puss Quickly Got Progeny Out When Bill Russ' Cafe Caught Fire

PORT SIMPSON, June 13.—The cleverness of a cat in quickly getting her kittens out of danger was shown Monday when a blaze got going in a cafe owned by Bill Russ here. Beauty and her four little ones were in the building but Bill was out. He had been gone about ten minutes with his wife and son and daughters. Fire broke out and the neighbors got very busy with the hose and put it out before much damage was done, but puss did not wait for the fire escape. She just lifted those kittens by the neck and was outside and beyond danger in short order. Some of the people who helped put out the fire were wet to the skin, but Beauty's four little ones were well beyond the reach of the hose.

The Man in the Moon SAYS--

"SLOPPY as a woman with long skirts" promises to become a classic simile.

I'd hate to be a pessimist. With mournful face and sad, I'd sooner be a has been was. Than anything so bad.

JOHN Oliver says there is to be another session of the legislature in October. That means more laws to break, more license fees to pay and worst of all, more speeches to read.

WHEN you call a person a poor fish here, you probably are referring to a dog salmon.

NOW that marathons are becoming "the thing" why not institute a non-stop work marathon. It would be such a novelty.

THERE is always plenty of room at the top, in the mountain climbing business.

NOW that the world is safe for democracy and church union is decided upon, let us think of something else to talk about. The Irish question for instance.

SOUR and sweet don't mix very well. That is why a pessimist and an optimist together generate friction.

WHAT rejoicing there would be among a certain section of this community if a great earth quake were to come along and swallow up the town and all the people with it. Yes, I mean it. The rejoicing would be in Hades when the local squad was welcomed by companion knockers who had gone before.

PROGRESS AT ALICE ARM LOGGING CAMP

About 1,500,000 Feet Already in Water and Output is 50,000 Feet Daily

ALICE ARM, June 13.—About 1,500,000 feet of logs are now in the water at the camp of the Abbotford Logging Co. here and 50,000 feet are being produced daily. This output will be increased soon with the arrival of more machinery. About 45 men are at present employed.

In the Letter Box

QUEEN CHARLOTTE ISLANDS PRODUCTS

Massell, B.C.

Editor Daily News:

Cattle breeders are becoming discouraged with the outlook for local beef and are expected to let all stock go. Only market in sight is Buckley Bay and they are offering "Edmonton Prices." There is no question of the superiority of local beef over cold storage or fresh beef from off the islands as lack of adequate transportation facilities make it impossible to get it in really good condition and live beasts are only brought in at prohibitive freights, as those who have stocked the ranches for "outside" sources well know.

This is one of the facts that lead them to think they are entitled to the advantage of the freight differential on their beef, at least until the cattle industry is better established. Of course the purchaser says he saves them the necessity of shipping out and the consumers side has certain qualities of justice but if the producer is discouraged and tempted to dispose of his stock at an actual loss, the consumer will soon be in position of having to ship his whole supply from the prairie where quantity production of beef is a cheaper matter than on these islands.

Eventually production of beef cattle will have to be discontinued here in any case and it is perhaps better that these be disposed of at once and dairy cattle be introduced. This is the ultimate result of climatic and feed conditions which make it impossible for anyone to "run" a large number of cattle but make it possible to utilize the milk products of smaller herds to best possible advantage.

The heavy yields of root crops on the small cleared areas that can only be farmed advantageously by the most intensive methods and the long season and lush growth of domestic grasses under favorable conditions, make this, in many respects, an ideal situation for dairying; and the compactness of dairy products, facilitating handling and shipping under difficulties, recommends them to those who have suffered from the high rates and infrequent boat service that make impossible the production of small fruits in quantities or even quantity production of poultry and eggs, even though the climatic conditions are favorable.

Immense Yield

A measured acre of land on Sand Spit has been known to yield 690 bushels of potatoes of the very best quality but not without fertilizer which is supplied in the form of sea-weed, in this case at the rate of 60 loads to the acre. However, this is available in unlimited quantities especially on the East Coast of the Islands where it drifts up in great windrows all winter and spring. There are quite a few acres of land available for like intensive culture but most of it

SCHOOL EXAMS STARTING SOON

Matriculation Government Test Opens on June 25—Entrance On June 27.

Students of the public school and high schools of the city will soon be in the midst of annual promotion examinations. This summer some 48 pupils will seek their qualifications to pass from public school to the High School at the Entrance examinations. At the high school, 33 are trying the preliminary, 22 the advanced junior, 17 the Junior matriculation and 9 the Senior matriculation examination.

Next Monday, June 18, the preliminary and advanced junior examinations, conducted by the teaching staff, will start at the High School. One week later, June 25, the Junior and Senior matriculation government tests will start and will continue throughout the week. School Inspector H. C. Fraser is in general charge of all examinations. Miss Gladwill will preside at the Senior Matriculation and Miss Rothwell at the Junior.

Teachers' test in certain subjects at the public school for the Entrance were completed last week and the government examinations in the other subjects will start on June 27, the schedule being as follows:

June 27—morning, Geography, afternoon, drawing.

June 28—morning, Arithmetic; afternoon, spelling, dictation and writing.

June 29—morning, grammar and composition.

Results in other subjects than the above are certified by the principal.

Besides the 48 pupils from the public school who are going up for the Entrance, there will also be others taking the examination here from the convent and from outside points.

CATHOLIC PUPILS ON ANNUAL PICNIC

Three Boat Loads of Happy Children Are Spending Day on Shores of Digby Island

The pupils of the Annunciation Catholic School are on their annual picnic today. This morning at 11 o'clock, about one hundred children, in charge of Father McGrath and the Sisters of St. Joseph, left on M. P. McGaffery's Nellie Wiltshire, Oliver Besner's Rosina B., and the Prince Rupert Boat House "23" for Digby Island where the day is being spent in youthful sport and all the pleasures that go with it. They will be home at 7 o'clock this evening.

PORT SIMPSON YOUNG PEOPLE ARE MARRIED

Two Port Simpson people were quietly married here yesterday afternoon at the Methodist Church, Rev. G. G. Hacker officiating, when Miss Olive White became the bride of Dan L. Bennett. The witnesses of the ceremony were Mrs. E. J. Bacon and George H. Brooks.

Later in the day there was a suitable celebration of the event. The young people it is understood will reside at Port Simpson.

At the Board of Trade meeting last night a letter was read from the Smithers Merchants Association asking for action to prevent the transfer of officials of the railway from that place to Prince Rupert. This has already been answered pointing out that Prince Rupert also has suffered from similar changes but had offered no protest as the management was considered to know best what was right to do in the interest of economy or efficiency. The matter was left in the hands of the officers of the Board to deal with. The transfer of officials is taking place today.

Stomach Trouble "Indigestion"

Relieved by Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind.

Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Wm. Kruschel, Morden, Man., writes: "Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed." B. B. B. is put up only by The T. Mulvan Co., Limited, Toronto, Ont.

The Secret of Good Health

Assist Nature back to normal action
Take

When Nature requires assistance, she will not be slow in conveying to you an intimation of the fact. Decline of energy, inability to sleep well, headache, biliousness, constipation, a general sluggishness of mind and body and any sign of digestive "unrest" should impel you to seek the aid of a reliable medicine without delay. There is no better—no surer—no safer—than this proven remedy.

SMELTER IS BEATEN AGAIN

Elks Get Long End of 2 to 0 Score in Last Anyox League Match

ANYOX, June 13.—The Smelter baseball team has hit the toboggan for a short slide and is now in the cellar position of the Anyox Baseball League, the Elks following up the Mine win over the "Gas Eaters" by shutting them out with a two to nothing score. The result was entirely due to the better batting ability by the "Brother Bills" at all stages of the game and, although there was not a great many real hits added to the Elks batters' per centages, the near ones helped a whole lot. The Smelter boys were particularly weak with the wood and appear to have taken a batting slump, for they did a whole lot better in their opening game. The Elks got four hits, the Smelter three. The Smelter played errorless ball in the field and the Elks had three errors registered against them. McKeown had four strike outs to his credit and Fitzpatrick eleven, the latter getting five strike outs in two innings. On but one occasion only did the Smelter have a chance to score. This was in the first, when Sinclair was presented with first on four pitched balls and went to second on a sacrifice hit by Brown, and to third on a wild throw to second, where he was in line for a tally when Cole drove a long one to left field, which McIntyre annexed after a sensational run which put the Smelter stock below par. At no other period of the play did they have the remotest chance, and from then on until the finish the farthest north achieved by any of their runners was second base. The Elks got theirs one at a time, the first tally in their second appearance at the bat, and the second in the last of the third.

The teams:
Elks—Campbell cf., Cody c., McIntyre rf., Greenwell ss., Fitzpatrick p., McKenna 3b., Watson lf., Whitteker 2b., Thorley 1b.
Smelter—Matheson 3b., Sinclair lf., Brown ss., Cole rf., Robertson lf., Mattix 2b., C. McKeown c., Sherman cf., J. McKeown p.

ELKS AND SMELTER PLAY SCORELESS GAME

Last Soccer Game at Anyox, Though Played in Rain, Was Well Contested

ANYOX, June 13.—Another scoreless game has been added to the several already registered in the Anyox Association Football League. The last struggle was carried on in a heavy downpour of rain between the Elks and the Smelter and, despite the efforts of old Jupe Pluvius to dampen things, the game was well contested both goalies having to exert themselves on a number of occasions to keep the pig-skin from reaching the nets. The line-ups for the game were as follows:
Smelter—Goal, McGuire; backs, Mair and Kirkland; half backs, Rowan, Ross and Wilson; forwards, Fitzpatrick, Skeplorne, Greenwell, Mair and Armstrong.
Elks—Goal, Lacey; backs, Balfion and Robertson; half backs, Crawford, Scott and Crerar; forwards, McKenzie, Sellars, O'Connell, Robertson and Hogben.
Referee—Evans.

INTERMEDIATE LEAGUE GAME RESULTS IN TIE

High School and White Sox Played Eight Innings Last Night and Score was 12 to 12

Called at the end of the eighth inning on account of darkness, the Intermediate League baseball game last night at Aeropolis Hill between the High School and White Sox resulted in a 12 to 12 draw. The High School had a 10 to 5 lead at the end of the sixth. In the seventh, the White Sox came through with five runs and tied up the score. The eighth was played to break the draw but each side made two runs so the game was called. The feature play of the match was a fine back running fly catch made by Steve Gawthorne, White Sox third baseman, in the sixth inning.

Seppy Ward pitched for the High School until the seventh frame when he exchanged places with Alex Mitchell from short. Steve Gawthorne was the White Sox moundsman until the sixth when Lambie came in to the box from third base. Ward had three strike outs to his credit; Mitchell 2, Gawthorne 2, and Lambie 3. The attendance was small.

P. Laporte and George Waugh were umpires and the teams lined up as follows:
White Sox—J. Nickerson, c.; G. John, due to sail at 8 o'clock this evening for Queen Charlottes, had Wendell, ss.; B. Warrior, rf.; W. Lambie, 3b and p.; G. Hill, cf.; S. Duff morning. The steamer returned this morning at 7 o'clock from Stewart to which port she made a special trip with 22 horses and p.; S. Suga, cf.; P. Black, e; for W. J. Crawford. The follow-

Sport Chat

Some of the outside baseball teams which have been invited by the Sons of Canada to come here to play with a local all star team on July 2, have as yet replied to the offers although the Inferior News says that it will be necessary for the Smithers team to decline the invitation sent them owing to the sports being held there on that day. The Smithers team, however, hopes to meet with Prince Rupert later in the season for a series of games possibly during Fair Week both here and at Smithers. Other teams invited which have not yet replied are Ketchikan, Stewart and Hyder. An offer has been made by Ketchikan for the local team to go there on July 4. The Dominion Day celebration committees will have another meeting tonight to further advance plans for the day.

Now that the Senior Football League championship has been disposed of with the honors going to the Grotto, patrons of the game are looking forward to the Dominion Day cup play-off which will be the next on the bill-of-fare although there is yet another league game to be played between the Sons of England and Sons of Canada next Tuesday night. This, however, will have no effect on the outcome of the league competition. There will be a meeting of the football executive this week to set the dates for the preliminaries to the Dominion Day cup, the final of which will be on July 2, in connection with the Sons of Canada celebration.

QUEEN CHARLOTTE ISLANDS

HAPPENINGS AT MASSETT, BUCKLEY BAY AND OTHER POINTS

WORKING ON BLACK SANDS

Machinery Being Set up on Gold and Platinum Mine Near Town of Massett

MASSETT, June 13.—Large boilers and hydraulic machinery is now being installed at the gold and platinum mine on Massett Inlet about three miles east of the town of Massett. Twenty men will be employed during the summer on this novel and interesting undertaking which will mean the removal of hundreds of tons of sand daily. It will be washed into flumes by modern machinery under the supervision of a competent mining engineer and the gold and platinum will be extracted from the large area which was originally deposited in this territory during pre-historic days. It has been asserted that the Queen Charlotte Islands once formed a part of the mainland, the large inlet carrying into the Pacific Ocean the waters from the mountains and leaving in the sands deposits of minerals which remained there for ages. All assays show indications of gold and platinum in every direction.

BOXING TOURNAMENT AT BUCKLEY BAY

Good Card of Six Bouts Provided at Mill Town by Athletic Club

BUCKLEY BAY, June 13.—The Buckley Bay Athletic Club's fourth boxing tournament was held on Saturday, June 2 and the hall was crowded to the doors, the program was as follows:

Jack Gordinear won over Terry Paxton.

Henry Edenshaw vs. Bert Marks, draw.

Harry Little won over French Blanchard.

Pat O'Gonnor won over Slim Aitken.

Tom Small (S.S. El Abeto) vs. Kid Eiden (S.S. El Cicuta), exhibition.

Tubby Morgan vs. I. Parnell, draw.

The bout between T. Small and Kid Eiden was an exhibition, and some real good boxing science was displayed. Gordinear challenged Tubby Morgan to a three two minute round at the next meeting and Morgan accepted.

BEARS KILLING ISLAND CATTLE

Miss Blanche E. Ward, the popular teacher of Skidegate Indian Day School, has resigned, after three years at Skidegate, and will return to her home, at Comox, B.C.

Dr. Guy Palmer, of Queen Charlotte City, is making extensive alterations to the hospital, at the south end of Graham Island.

Constable R. P. Ponder, of the Provincial police, visited the south end of the islands last week on official business and returned to Massett on Sunday's steamer.

Miss Warrior, of Prince Rupert, is spending a vacation at Massett.

The Queen's Hotel, at Massett, has been enlarged by the addition of another storey and other alterations, in expectation of the arrival of a number of guests, seeking health and recreation at the island summer resort.

Mr. Lyne, a recent arrival from the prairies, intends to locate at the East coast of the islands, after visiting the locality which, he states, compares most favorably with the possibilities to be found in a climate where the thermometer registers many degrees below zero. He was surprised to learn, on arrival in Massett, that the northern country, supposedly frigid, is free from extreme weather, during the summer and winter.

The new schedule of the steamer Prince John, went into operation on Sunday last. The vessel will arrive at the islands on Saturdays and Sundays, of each alternate week, from Vancouver. Leaving again for Prince Rupert and returning to the islands direct from Prince Rupert on each alternate Wednesday, proceeding from Massett to Buckley Bay, Port Clements, Sand Spit, Skidegate, Queen Charlotte City, Gumsheva, Thurston Harbor and Jedway. After visiting the south end of the islands, the Prince John proceeds to Vancouver. Leaving Vancouver on each alternate Wednesday, the steamer returns to Massett Inlet and Prince Rupert, after visiting the ports at the south end of the islands. The service is fortnightly so far as Prince Rupert is concerned, giving fortnightly service to Vancouver as well. It is expected that a number of tourists will take advantage of the trip, through the various islands and waterways of the north, with a few days of sight seeing in Prince Rupert, before the return trip to Vancouver. The schedule will permit of spending two or three days at any port enroute.

BUCKLEY BAY PEOPLE PAID MASSETT VISIT

Big Gas Boat Edenshaw is Chartered and Delightful Time Spent

BUCKLEY BAY, June 13.—Sunday, June 3, about 60 of the residents chartered the gas boat Edenshaw and a fine trip was made to Massett where a very enjoyable time was spent. With the beautiful weather and the new spring growths along the trails and the picturesque view along the North Beach, there was nothing more to be desired in the way of scenery.

SHIPPING STEADILY FROM BUCKLEY BAY

Three Steam Schooners all Loaded and Cleared For San Pedro Recently

BUCKLEY BAY, June 13.—The S.S. El Cedro loaded and cleared for San Pedro on May 20 with a cargo of 1,512,000 feet of lumber, this making a record shipment for this class of vessel from this port. The S.S. El Cicuta loaded and cleared for San Pedro on June 4 with a cargo of 1,420,000 feet. The S.S. El Abeto is also loading and will clear shortly for the same destination.

LARGE CATCHES OF SPRINGS AT MASSETT

MASSETT, June 13.—Fishermen are making large catches of spring salmon off Hippo Island on the west coast of the Islands,

ABOUT TWO HUNDRED CATTLE RANGE IN BLUE DANUBE SWAMPS BUT BRUIN GETS SOME

MASSETT, June 13.—News of fresh depredations by bears was brought to town today by Jimmy White of the East Coast. The latest instance is that of a bear killing a cow and taking her calf. The cow's back was broken and several ribs severed from back bone by blows from the bear's paw. He thinks, from the evidence, that some overgrown bear has taken to following cattle hands and killing an animal whenever he wants a feed. He does not, apparently, come back to a carcass once he has fed though Jimmy thinks that in some cases smaller bears may clean up the leavings. He says that he scared a band of cattle out of a patch of timber and later he crossed their trail and saw the spoor of a great big bear following them, though he did not see the bear.

There is only himself in the vicinity where he lives, no one is trapping right there and the bears are growing thicker and are probably less molested now than they were for many years before the advent of white men's industries. Now the Indians find it easier to make a living in the lumber camps and on the fisheries and lack of roads make the East Coast unattractive to white settlers. The cattle ranging in the Blue Danube swamps as these meadows on the Geanda River are known, belong to ranchers at Tlell River and Cape Eife, and they must number about 200. Some of them are extremely wild but that does not seem to deter bruin and the ranchers can't afford much protection as Cape Eife is eight miles away and Tlell thirty miles away.

Good authority can be had to prove that the "little black bear" not uncommonly goes 800 lbs. here and truthful witnesses assert George MacQuacker killed one that two men could not turn on to its back. Many old prospectors and trappers are surprised and some think that there is a strain of black "grizzly" here.

ISLAND OIL IS TO FORE

Best of Indications to be Found—Claims Are Being Restaked

MASSETT, June 13.—The possibilities of drilling for petroleum on Graham Island are again to the fore and should engage the attention of those interested in developing an oil field in this province. The best indications of the existence of oil fields are to be found on the west coast where shale, tar and other signs are seen along the shore line in every direction. The late Sir G. M. Dawson, one of the greatest of geologists of his day, reported an oil field on the Queen Charlotte Islands but the territory covered by him was a comparatively unknown region although accessible by land and water and within a short distance of good shipping harbors. The west coast of Graham Island is on a storm-bound coast. Although shipping would not find the waters most desirable, the construction of a few miles of pipe line would place the field within easy distance of har-

On the Mountain Top

CLIMB the mountain—stand on the peak—and before you there unfolds a panorama extending as far as your eye can reach. Stay in the valley, and your view is restricted by the surrounding hills.

This newspaper, properly used, will guide you to the mountain top. Read it and your vision is enlarged. You get a bird's-eye view of world events. You glimpse the doings of the day.

Fail to use it, and your view is limited—you remain in ignorance not only of events at home and abroad, but of much that concerns you even more vitally—news of the very things that have to do with your personal, everyday life.

Some one might be selling a new, better and more economical food; or a utensil that would add immeasurably to your comfort and well-being; or some better material for shoes or clothing—but you would never know, because of your restricted view.

You may read every line of the news columns, but if you overlook the advertising, you are still living in the valley. You remain uninformed about many things you ought to know in order to live a happy, useful, profitable life in this age of progress.

Climb out of the valley to the mountain top. Read the Advertisements.

Had Constipation for 6 Months Was Relieved by Milburn's Laxa-Liver Pills

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, heartburn, foul breath, sour stomach, etc.

Milburn's Laxa-Liver Pills will regulate the flow of bile to act properly on the bowels, thus making them active and regular, removing the constipation and all its allied troubles.

"Mrs. B. C. Hunt, Port George, N. S., writes:—'I have been troubled by being constipated for the last six months. My tongue has been terribly coated, so much so that it made my breath bad. I was talking to a friend about it, and she advised me to use Milburn's Laxa-Liver Pills, which I did, and now I am perfectly well. My tongue is as smooth as it was before I got that way, and I owe it all to your pills, of which I only used two vials.'

Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TELKWA

Mr. Ramsey, of the Soldier Settlement Board, spent a few days here last week, accompanied by J. P. Wheeler. He left on Wednesday for the Lakes Country.

John Cronin has rented a house and intends to spend a good deal of time in and around Telkwa.

The Ladies' Aid of the Union Church met at the home of Mrs. T. McDonald on Tuesday last.

Hon. E. D. Barrow, minister of agriculture, accompanied by Col. Latta of the Land Settlement Board, stopped here for a few hours on their way through the country.

Mr. Knight of Kelly Douglas Co., Ltd., was doing business here over the week-end.

Mrs. Brab Hoops entertained the St. Stephen's Guild at her home last Tuesday.

Mrs. H. Wearne is spending a few days in town and is the guest of Dr. and Mrs. G. C. Paine.

The ladies of the Round Lake Community Club held a very enjoyable dance at the Club House on Tuesday, June 7. Many Smithers and Telkwa folks motored out. The Telkwa orchestra supplied the music.

Rev. W. C. Mawhinney returned on Saturday morning after a few weeks at the coast where he attended the conference. All are glad to think that Mr. Mawhinney is to be here for another year.

Claims are being staked on Hudson Bay Mountain every day. No doubt the mining world is in for a real good season.

NOTICE.
Eighth Avenue East between Claude and Donald Street, will be closed to traffic Thursday afternoon from 1 p.m.

By order,
City Engineer.

ANYOX

Arrangements are being made for a big Anyox celebration on Dominion Day. This is the big sport day of the Smelter town, and all tastes are provided for on this particular occasion. There will be field sports, baseball and football games of the local leagues; and as a feature Ketchikan will send a ball team to try and even up last year's games, when Anyox won three out of a four game series.

Recent births at the Anyox Hospital: To Principal and Mrs. Manzer, a son. To Mr. and Mrs. S. Bell, a son.

The Bluebird Cafe, a popular resort for afternoon tea parties, etc., has been taken over by Mrs. Dryden. It was formerly conducted by Mrs. M. J. Davis, who is leaving Anyox shortly.

Copper Mountain, Alenby and holidaying in the south are responsible for considerable going and coming on the part of Anyox people these days. Messrs. Giget, Hoffman, Roach and Rudland are among those recently away, while Mr. and Mrs. P. Clarke will spend several months on the outside, as will Mrs. Chas. McLachlan, who went south on last week's Grand Trunk boat.

Returning Anyoxites from the south were Mrs. L. H. Wenerstrom, Miss Flo Eld, Rev. J. Berdman and Martin Wells. Mr. Jack Kelly, shift boss at the smelter for a number of years, went south also, having left the employ of the Granby Company.

The output of the Hidden Creek Mine for the period of May 29 to May 31 inclusive, was 4,977 wet tons; from June 1 to June 3 inclusive 5,118 wet tons. Total for the month of May, 61,839 tons.

The Smelter returns from May 28 to May 31 inclusive show that 6,954 wet tons of ore were treated at Anyox Smelter. This was made up as follows: Anyox ore, 6,723 tons; outside ore, 231 tons. Total tonnage treated during May, Anyox ore, 62,494 tons; outside ore, 5,938 tons. Average price of copper for the week, \$11.75.

Coke Plant production, May 29 to June 4 inclusive, 1,347 short tons of coal were charged and 950 short tons of coke were produced; 3,193 imperial gallons of light oil were recovered and 42,200 lbs. of sulphate ammonium were manufactured.
