MILLION DOLLAR COMPANY INCORPORATED

BIG MINING DEAL AT STEWART IS ATTRACTING ATTENTION ON THE COAST

SURVEY OF MINERAL IN HONG KONG

UNIVERSITY OF B.C. Gets Important Commission—Dean Erock Going
VANCOUVER, June 1.—The department of Geology of the University of British Columbia has been commissioned by the government of Hong Kong to carry out a geological survey of that colony. The work will be under the direction of Dean R. Erock, who is leaving today for Australia to attend the Trans-Pacific science conference at Melbourne as representative of the University and the federal department of mines. Upon his return he will go to Hong Kong to carry out the work.

CROW'S NEST HAS SERIOUS FLOODS

Railway Traffic Tied Up Since Thursday Morning—2 Inches of Rain Last Night
LETHBRIDGE, June 1.—Two inches of rain fell in the Crow's Nest Pass country on Thursday and floods in the swollen mountain streams are accentuated. Traffic over the Canadian Pacific Railway in the district is held up by washouts at Frankford and between Michel and McGillivray. There has been no train through the Crow's Nest Pass since Thursday morning.

ACTRESS IS NEW MEMBER

Mabel Russell Elected to House of Commons For Berwick With Large Majority
EDMONTON, June 1.—Miss Mabel Russell, actress and wife of Capt. Phillipson, was returned in selection for the seat in the House of Commons for Berwick-Tweed division (North), on the Conservative ticket. She polled 12,000 votes, 5,858 for Capt. Robinson, and 3,966 for G. Dive. The seat was previously held by Miss Russell's husband, who was unseated because of irregularities by an election agent.

PRINCESS LOUISE HERE ON SUNDAY

C.P.R. Liner Will Arrive on First Tourist Voyage of Season
The Canadian Pacific coast liner Princess Louise, Capt. Arthur Blaker, is due to arrive in Prince Rupert at 9 o'clock on Sunday morning on her first tourist trip of the season to Skagway. Passengers booked from here for the trip include Mr. and Mrs. J. T. Dunn for Skagway, and Mr. and Mrs. J. J. Johnson for Juneau. The entire accommodation on the boat has been booked up by Canadian and American tourists who are on the round trip. The Princess Louise will return from Skagway next Friday.

Three Million Dollar Company Being Formed Following Merger Large Group Bear River Mines

VICTORIA, June 1.—With the opening of the season in a mining way, probably nothing is attracting greater attention among those interested in the Stewart camp than a recently organized group which goes under the name of the McCallum merger. Major A. H. McCallum, of this city, who is responsible for the organization, has just returned from Stewart, the attractive point for mining men at present. The consolidation that has been effected takes in over sixty claims in the Bear River district. The groups include the International, formerly held by the Bear River Company; Rock of Ages, by Dan Munroe; Dalhousie, by George Cameron; Harry Sevil group, I.X.L., by Major McCallum and associates; Grey Copper, by William Forrest, and Argyle, by Hanson & McCallum. While in the North, Major McCallum secured a few other properties for the consolidation. The merger is to be known as the Stewart Consolidated Gold Mines, Ltd., with a capitalization of \$3,000,000. The directors will be composed of residents of British Columbia. An active season is planned, looking to the expenditure of at least \$100,000, devoted to proving up the promising properties under control.

LUMBER TO MOVE SOON

"Baby Squares" For Japan Will Arrive From Interior Next Week
The 500,000 feet of lumber, which is to be shipped from the George Little mill at Terrace, the Lakelse Lumber Co.'s mill at Amsbury and the Royal mill at Manall to Japan will start moving to this port next week, it is anticipated. An inspector is expected from the south tomorrow to pass on the lumber. On arrival here, the lumber, hemlock "baby squares," will be unloaded at the lumber wharf. The C.G.M.M. Canadian Transporter, which is to take the lumber to the Orient, is due in Vancouver today and is scheduled to arrive in Prince Rupert for the cargo on June 23.

TEN KILLED IN RELIGIOUS RIOT IN MEXICO CITY

MEXICO CITY, June 1.—Ten persons were killed and seventeen were wounded in a religious riot when a mob attacked the provincial palace and disarmed the mounted police and soldiers patrolling the streets.

Essentially Gold Area

Mining operations are frequently looked upon as being too venturesome to be considered as a good investment, but under present world-wide market conditions, it must be admitted this conception must and is being reconsidered. The demand for gold is now overwhelming from all countries, and business cannot be fully stabilized until the supply of that precious mineral is largely increased.

Prove Bear River

It is evident, therefore, said Major McCallum, that when these mines are fully developed, that the Bear River side of the Premier mine will prove to the world that properties of great value also occur. This is more particularly the case as it is a well-known fact that many other properties of great promise also occur in that valley. American capital, however, is active there, and several of these have been acquired by large organizations controlled by our friends to the south of our boundary line. Of course, American capital is welcome here, and investors from below the line are given the same protection and fair play as Canadian and Old Country people receive. Major McCallum and his associates, however, desire to encourage the investment of the Canadian and British capital in this now famous district, and with this view a percentage

DOUKHOBORS MAKE THREAT

L. W. Verigin Says That They May Burn Schools if Compelled to Observe Law
NELSON, June 1.—L. W. Verigin, nephew of Peter Verigin, head of the Doukhobors, in writing to Hon. J. D. McLean, minister of education, protests against the summoning of Doukhobors for not sending their children to school and adds that "if the Nelson police compel us to pay fines all schools in the Doukhobor colonies shall be closed and I cannot guarantee that the schools will not be burned because it is evident that the government is looking for a reason to pick a quarrel with the Doukhobors."

MILLION DOLLAR PAPER CO. BEARS NAME OF RUPERT

VICTORIA, June 1.—The Prince Rupert Sulphite Fibre Co., Ltd., with a capitalization of \$1,000,000 and with head office at Vancouver, is gazetted this week. The new corporation, it is understood, will take over the lumber and pulp mill project at Prince Rupert. The total capitalization of companies gazetted this week by the provincial government is \$11,020,000.

LOCAL GIRLS PASS AT NORMAL SCHOOL

Miss Margaret E. Lindsay, Miss Mary D. Sim and Miss Marjorie Roberts Among Successful Students
Miss Margaret E. Lindsay and Miss Mary D. Sim, of Prince Rupert; Miss Marjorie A. Roberts, formerly of Prince Rupert and now of Smithers; Miss Margaret D. McGill, formerly of Anxox and now of Cassidy, Vancouver Island, and Miss Gladys E. Macdonald, of Telkwa, were among the successful pupils in the Provincial Normal School examinations, results of which were announced last week in Vancouver.

SUCCESSOR TO MCLEOD

Lieut.-Col. Donald McGugan Appointed Acting Supervisor Liquor Enforcement
VICTORIA, June 1.—The Liquor Control Board yesterday appointed Lieut.-Col. Donald McGugan to the position of acting supervisor of liquor law enforcement. He replaces George C. McLeod lately suspended because of a charge pending against him of alleged extortion. Lieut.-Col. McGugan has been a practising barrister in Victoria with the legal firm of Dunlop & Foot.

IT ISN'T YOUR TOWN, IT'S YOU

If you want to live in the kind of a town, Like the kind of a town you like, You needn't slip your clothes in a grip, And start on a long, long hike, You'll only find what you've left behind, For there's nothing that's really new, It's a knock at yourself when you knock your town, It isn't the town, it's you.

Real towns are not made by men afraid
Lest somebody else gets ahead,
When every one works and nobody shirks,
You can raise a town from the dead,
And if while you make your personal stake,
Your neighbors can make one, too;
Your town will be what you will want to see,
It isn't the town, it's you.

BELGIAN RAILWAY STRIKE IS OFF

Transportation is Now Restored—Action Taken to Clear Charges
BRUSSELS, June 1.—The National Association of railwaymen have called off the strike that paralyzed transportation. The decision was made to clear the union of charges that the strike was being financed by German money.

FISH ARRIVALS

Eleven Boats Sold \$1,900 Pounds of Halibut at Exchange This Morning
Three American boats marketed 35,000 pounds and eight Canadian boats, 46,900 pounds a total of 81,900 pounds of halibut on the Fish Exchange this morning. In addition, 1,800 pounds of red salmon was sold. While the American schooners received from one to two cents more for first class catches, the home boats received from one to two cents more for their second class landings. Prices generally remain steady.

AMERICAN

Sherman, 15,000 pounds, at 16c and 9c, to the Pacific Fisheries Co. Ltd.
Washington, 15,000 pounds, at 15.8c and 9c, to the Booth Fisheries Canadian Co.

BRITISH KEPT OUT OF STATES

For First Time Under New Law Quota For Admission is Exhausted—Five Barred
NEW YORK, June 1.—For the first time since the new United States restricted immigration law came into effect, the British quota has been exhausted and five Britishers arriving today on the steamer President Monroe were denied admittance to the United States. Unless the government can find some loophole to admit them as tourists for a limited period they will have to stay out until the immigration year ends on June 30.

One of the five Britishers held out is an English girl married to an American. Under the new law she does not become an American subject unless she has resided in the United States a year.

MUCH GAMBLING LONDON STREETS

Commissioner Says Police Useless—Recommends One Year Sentences For Book-makers
LONDON, June 1.—Declaring that the streets of London are riddled with betting, Hon. Trevor Bingham, assistant commissioner of police, told a special committee of the House of Commons that there are 800 bookmakers with offices, 950 street bookmakers, and 4,000 agents against whom the police are useless. Bingham advocates jail sentences for first offences.

BIG MONEY IN BOOZE RUNNING

Skipper of British Schooner Wants One More Trip to Get \$1,000,000
NORFOLK, Va., June 1.—Just one more successful voyage as a rum runner with full cargoes of Scotch and English whiskies is the ambition of the owner and master of the British steam yacht Ishtar, now lying 15 miles off the Virginian capes, according to a story the skipper told to bankers when he came ashore to exchange a quarter of a million dollars for British currency. This final trip, the captain is quoted as saying, will enable him to retire from business with profits totalling a million dollars.

STEWART MINE IN INJUNCTION CASE

Sale of Montana Fraction Claim Interest Held as Capt. Irving's Security for \$2,500
Injunction restraining Harry Howson from selling his interest in the Montana Fraction claim near Stewart was granted Capt. John Irving, of Victoria, in a Vancouver court this week and the sheriff was appointed receiver of Howson's interest with power to collect proceeds in the event of a sale. Howson, it is alleged, owes Capt. Irving \$2,500 on a former court judgment.

DAILY EDITION

Friday, June 1, 1923.

An Affair That Might Happen Anywhere.

The sensational case of Leo Rogers, the Ontario desperado who was killed yesterday by the police after he had murdered two officers, is an example of what might happen at any time in an apparently peaceful and well regulated community and against which the authorities must always be on guard. Facing trial on a comparatively minor charge, that of having firearms unlawfully in his possession, Rogers escaped from the police and had killed two policemen and was killed himself before he could be recaptured.

Recent despatches from Ontario state that, as a result of this affair, there is to be a shuffle and reorganization of the provincial police at North Bay. Such action, while it probably is necessary, seems like shutting the barn door after the horse is gone.

Every district should profit from the lesson that North Bay has just been taught. It is all very well to reduce expenses but this should not be done at the cost of human life. Police forces may also profit from the same experience for, no doubt, the police organization of North Bay is open to censure for the manner in which Rogers escaped, especially in view of his past record.

Such characters as Rogers are run across everywhere. Prince Rupert has had its share of them but, fortunately, there has never been such a serious happening in this district as that which occurred at North Bay. However, the authorities should see that the community is protected against such an eventuality.

Letter Not Meant To Be Taken That Way.

It is apparent that the letter of Attorney General Manson to Solicitor General McKenzie, which was read in the Senate yesterday and which caused the delaying of the second reading of the bill to prevent the importation of liquor to British Columbia and Quebec by private individuals, was never meant to come out in public as it did. Since Mr. Manson was doubtless sincere in what he said and meant his statements in the way of warning rather than as direct allegation, it was hardly a matter that should have been taken in the way in which it unfortunately was.

As things stand now, the cause desired has been given a setback rather than an advance and an impression has been made which may be difficult to remove. However, when the air is cleared up as it undoubtedly will be and the dignity of the august Red Chamber has again been assured, there is reason to believe that the bill will yet be brought to a successful conclusion.

Strawberry Crop Will Be Adequate.

Reports indicate that there will be plenty of strawberries in B.C. to supply all possible markets and demands. The season is considerably earlier than last year and excellent spring weather has prevailed in general. Strawberry plants came through the winter with very little heaving and are showing every indication of a fair yield. There is an estimated total bearing acreage of 2,000 acres as compared with 1,500 acres last year.

The present condition of the strawberry plants is generally fair with some in exceptionally good condition. A number of the plants, however, bloomed late last fall and are consequently weak. Owing to the dry season last year the plants are neither of a size nor in a condition to produce heavy crops. The weather during April has been exceptionally dry with only three light showers. A heavy rain on May 9, however, did considerable good, but if the weather continues dry the crop will be reduced. The total prospective yield is about 325,000 crates of which about one-third will be shipping stock.

In the Okanagan Valley the plants are in good condition and it is generally expected that there will be a heavy crop.

"My Hands Trembled and I Could Not Sleep"

Mr. Thomas Honey, Brantford, Ont., writes:—

"When I began taking Dr. Chase's Nerve Food, I was so nervous that when I picked up a cup of tea my hand would tremble like a leaf. I could not sleep well, could not remember things, and there were neuralgic pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health."

GARDE SPEAKS TO ROTARIANS

Growth of Mining Industry and Possibility of Smelter Inter-esting Topics

LIVE QUESTION

Interior Mines Mean Great Deal to District and City of Prince Rupert

The tremendous growth of the mining industry in Northern British Columbia in the past ten years and the importance of the people of the north urging upon the authorities the excellence of this district for the establishment of a smelter were the topics of an address given by A. C. Garde, the well-known mining engineer, at the Rotary Club luncheon yesterday.

In opening his address Mr. Garde stated that the ore output from this district ten years ago amounted to 50 tons, while the ore shipments last year amounted to over a million tons. Instead of \$15,000, the ore output at present amounted to a value something like \$10,000,000 in copper, gold, silver and lead. This was a remarkable improvement in ten years. He would not venture to prophesy, however, what the north was going to do in this direction in the next ten years.

Continuing the speaker said that the district in which Prince Rupert was situated was immensely rich from a metalliferous standpoint and was rapidly coming to the front. Mining was an industry which the people here should foster. In doing so they would be adding new wealth to the world and creating a market for the farmer in the Skeena and Bulkley Valleys. The mine constituted a good market for the agricultural production of the interior country. It was often impossible for the farmer to ship his products for long distances and if he could sell it to the miners right at his door a good market would be created. The mining industry in the Bulkley valley was rapidly improving and would undoubtedly be a very important industry to the people in that country. Towns like Smithers and Telkwa were showing marked prosperity.

Developing Railway

One of the important things that the output of ore was doing was the increasing of tonnage for the Canadian National Railway and considerable quantities were being shipped via that route today. The output was not only from the Stewart district, of which so much had been heard of late, but it was the immediate neighborhood belonging to Prince Rupert which was also producing large quantities of high and low grade ores. The district lying within half a days' travel from the city was very rich in mineral. Since the years 1906 and 1907, when the railway was building through this section, the outbreak of war and other circumstances had interfered with this district greatly from a development standpoint but now it was becoming a very important section.

The speaker said that it was very promising to know that the large companies were branching out in the production of ore. The Granby Co. was extending and was continually taking over new properties. The latest addition to their options was a property on the Estclair river—a property of considerable size of low grade ore on which they were going to develop not only ore but sulphuric acid and sulphite for use in the pulp and paper industry. Now the sulphites were being shipped through the Panama Canal from New Orleans.

Smelter Project

The possibility of a smelter being erected in this vicinity also loomed up. There was a company at the present time in British Columbia which was very much engaged in the development of the iron and steel industry and had gone a long way towards the realization of that object. There was bound to be industries of that kind established in British Columbia.

The speaker believed that this north country was the proper place for a smelter. Many things were required in such a business such as iron ores, fluxes, coal, and transportation, both by water and railroad, and Prince Rupert had an excellent opportunity to hold up its end in regard to a site

for a smelter. If the British capitalists could be induced to come here and establish themselves in the vicinity, Prince Rupert would be made for all time. It would mean the manufacturing of a commodity that was used all over the globe. It would give the railroads a large tonnage to handle, also the steamship lines and would bring about a big business. When he said there was a possibility of Prince Rupert getting such an industry he was serious in the matter.

The Coast Range Steel Ltd. had been formed for the purpose of establishing a steel and iron industry in British Columbia. Its idea was to secure from the provincial, dominion and imperial governments an equal amount of money for the purpose of establishing the security of their bonds. If the governments found that the company would find the money to go ahead. He thought the people who were behind the enterprise were worthy of consideration. The company had already raised certain funds and had established itself in Vancouver and he believed the people of the north should support it. One now going to Trail could be treated here.

Important Matter

He was not an agent for the company in any shape or form but wished to impress the importance of the matter upon his friends in Prince Rupert. The minister of lands had already set aside some 400 acres at the end of Porpoise Harbor and he thought the people of Prince Rupert could do something to assist them.

Mining was one of the basic and one of the greatest industries of the province. The record that the Prince Rupert district had made in the past year for the output of ore had not been exceeded by any other district in the province. The country in which Prince Rupert was particularly interested lay immediately east of the city and he believed that the mineral finds there were equal to anything in British Columbia. A number of prominent engineers had recently gone into the interior country to bond certain properties including that on Dome Mountain.

The prospects for mining today in this district were better than ever they had been. He had always had faith in the north from a mineral standpoint and it was by reason of that faith that he had stayed with the north.

How you can get the best oil

All motor oils look alike; but they're not. And poor oils cause most of your motor troubles. Poor oils don't lubricate as well; and usually cause hard carbon deposits.

SUNOCO THE DISTILLED OIL

is just pure lubricant. It contains no "cylinder stock." Because it's pure it reduces carbon troubles, and after hundreds of miles it retains its lubricating qualities. If you could test Sunoco that's been used 800 miles, comparing it with ordinary oil used for the same distance, you'd see the difference. Many mechanics can feel the difference.

We made careful tests to find the best oil for your car—and every other car. We found it—Sunoco.

There are six types of Sunoco—all distilled. One of them is best for your car. Ask any Sunoco dealer for a booklet, "What's Happening Inside Your Motor?" It will tell you a number of facts you ought to know.

BOY SCOUTS' GALA DAY IS PLANNED

Celebration Proposed to Take Place at Salt Lakes July 19, for Raising Funds

At the Rotary Club luncheon yesterday, H. L. Campbell, superintendent of public schools, spoke on behalf of the Boy Scouts' Association. He said that the Association was in need of assistance at the present time and had been laboring in the past under great financial difficulties. More publicity should be given to the movement and so increase the membership and the value of the work the association was doing among the boys of the community. The association needed the moral and financial support of the people, wanted to get the support of the Rotary Club also. At the present time the boys had no place in which to train or hold their meetings and they were now asking for headquarters. They would endeavor to secure from the city council permission to build a cabin near McClymont park on some city property. Such a cabin would be built by the boys under the guidance of their instructors and thus would be established a headquarters where the boys could meet and receive training. Arrangements were being made to secure a suitable place in which the boys could be drilled during inclement weather. It had been suggested to have a Boy Scout day on July 19 next—the Rotary Club to have a luncheon on that day at the Salt Lakes and invite the boy scouts together with their instructors and a parade of boy scouts to be held in the morning.

Special arrangements could be made with Capt. Swanson to carry the people over and back, and tickets would be sold for adults and children. The Ladies of the I.O.G.E. were to be invited to have a stall at the Lake and a water carnival would be held on the lake in the afternoon while the Boy Scouts would give a display. The day of festivities would be brought to conclusion by the holding of a dance at night. If the event were properly run the speaker thought it would be possible to materially increase the funds of the association.

Matter Discussed A discussion took place on the subject. John Dybhavn said that the organization was doing good work among the boys and it was being carried on under a burden. The idea was to enlist the sympathy of the public in the movement. George Bryant was strongly in favor of carrying out the plans as suggested.

George Rorie suggested that the Rotary Club appoint one or two members to join him in waiting on the city council to ascertain if land suitable for the erection of a headquarters for the Boy Scouts could be obtained. Dr. W. T. Kergin thought that the club should do all it could to assist the association and moved that Dr. Grant and T. McClymont be appointed to join the delegation to the council. The motion was seconded by D. Bone and carried. John Dybhavn moved that the question of the luncheon on July 19 be referred to the directors of the club to report back. The motion was seconded by Geo. Bryant and carried.

Major J. A. Motherwell, chief inspector of fisheries, who arrived in the city on the Prince Rupert on Wednesday in connection with departmental business, returned to Vancouver last night.

Terrible Headaches and Dizziness

Miss S. Raphael, 237 Kenilworth Ave. N., Hamilton, Ont., writes:—I used to suffer from terrible headaches and dizziness. Last summer, while I was walking up a side street, I got a dizzy spell and fell in the middle of the road. An old gentleman helped me to get to where I was going and told me to get a vial of Milburn's Laxa-Liver Pills. Well, I did, and they did wonders for me. I don't know how to thank you, as I don't get headaches or dizzy spells any more. When your liver gets sluggish and inactive your whole health suffers, and the only way to keep well is to keep the liver active and performing its proper functions, by using Milburn's Laxa-Liver Pills. Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TEA AND SALE OF HOME COOKING IN AID PIANO FUND

Successful Affair for Methodist Church is Given by Mrs. Dibb and Mrs. Cornish

A very successful tea and sale of home cooking in aid of the Methodist Church piano fund was given yesterday afternoon by Mrs. F. Dibb and Mrs. W. B. Cornish at the home of the former, Tallow Street. Mrs. Cornish was in charge of

the home cooking table, Mrs. W. Sherman poured and Mrs. C. Woodworth and Mrs. Santerhane assisted. Solos were rendered by Mrs. Woodworth, Miss Marjorie Lancaster and Miss Grace Ackroyd, the accompanist being Miss Flower and Miss Lorna Tife. The affair was very well attended and financially was quite a success.

FARMER'S FORTUNE CANNOT BE FOUND

Members of Family Searching for Buried Cash; Died Without Disclosing Secret

REGINA, Sask., June 1.—Ten years ago a farmer, Norman Curtis, arrived from Iowa, and settled with his family on a farm near Langbank, Sask. He brought \$5,000 cash with him, paid \$1,500 down on his farm, and being a non-believer in banks, buried the remaining \$3,500 in a field. He hid it while no one was looking and told no one, not even members of the family, where it was concealed. During the winter of 1913 he was frozen to death and with him died the secret of the hiding place of the money.

For the past decade members of his family have organized many futile searches for the hidden treasure. Every conceivable place has been dug up, stones moved and hunches followed, but still Curtis' hoard remains safe from everyone, bank robbers included.

"HAREM CLUB" SHOWN IN TALMADGE PICTURE

Exotic Settings in "Voice From Minaret" at Westholme Theatre Tonight

Among the exotic settings to be found in "The Voice From the Minaret," Norma Talmadge's offering at the Westholme Theatre tonight and tomorrow, is the interior of a resort known as "The Club of the Seven Flags," situated in the heart of mystic Bombay. It resembles a harem in every respect, and is the gathering place of residents of the Indian city—

TO CELEBRATE DOMINION DAY

Public School Field Day; Possibly Outside Baseball Team; Other Features

A Dominion Day celebration will be staged by the Sons of Canada this year and a committee will wait upon the city council to make application for the use of the Acropolis Hill grounds on that date.

It is proposed to stage a school track meet this year the preliminaries of which have already been undertaken by H. L. Campbell, superintendent of public schools. The finals, which will include running, jumping, relay races, etc., will be run off during the celebration.

The sports committee have been instructed to consider the possibility of bringing in an outside baseball team on that day to face a local all star aggregation. The usual senior football final for the Dominion Day cup will also be staged, and the day's festivities will be brought to a fitting close with a dance at night.

Part of the net proceeds from the celebration will be given for the benefit of the Oke Jackson indemnity fund and the balance of the proceeds will be used for the purpose of keeping the various baseball, football and basketball teams in the field.

The following chairman of committees have been appointed who will act in conjunction with S. E. Parker, president and H. Breen, secretary-treasurer.

Finance—W. D. Vance.
Sports—E. A. Mann.
School Track Meet — H. L. Campbell.
Dance—H. R. Love.
Grounds and Refreshments—G. W. Johnson.

Norma Talmadge and Eugene O'Brien in "The Voice from the Minaret" At the Westholme Tonight

and won the league fixture by a score of 2 to 1. A very creditable brand of soccer was displayed and a good crowd witnessed the game.

All scoring occurred in the first half with the Public School playing on the down grade. About fifteen minutes after the opening, Jack Kelly scored the first and only for the Colts. Soon after, Dido Gurvich equalized with a pretty shot kicked into the net backwards over his head. For the second, Gurvich again scored following a fine long run down the side line and cross by Vincent Meagher.

Both teams played hard in the second half but no scores resulted. The work of Clifford Cameron and Cameron McKinnon, the Public School full backs, in clearing and general defence was a feature although all the members of the Public School team excelled themselves.

J. Barker was referee and A. Clapperton and D. Jack officiated on the side line.

The Line-Ups

The teams lined-up as follows: Public School—Spiro Gurvich; C. Cameron and C. McKinnon; J. Martin, W. Wrathall and E. McLean; V. Meagher, M. Comadina, D. Cameron, N. Chemoski and L. McKinnon.

Colts—G. Hill, J. Sims and S. Anderson; Ralph Warrior, D. Frizzell and G. Bulger; R. Bulger, George Blyth, J. Maitton, J. Kelly and T. Fraser.

As a result of the game, the Public School team takes first place in the league standing which is as follows:

Public School	2	2	0	0	4
Colts	2	1	1	0	2
High School	2	0	2	0	0

P. W. L. D. Pts

NO GAINS FOR PAINS

Bimbo—Did your garden win any prizes last summer?

Timbo—Indirectly, yes. My neighbor's chickens took first prize at the poultry show—"Topics of the Day" Films.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

At All Druggists

PROPOSED NEW SOCCER RULES

Changes Under Consideration Are Discussed by Old Country Paper

In discussing the changing of the off-side rule in soccer, the All Sports Weekly says that for twenty years or more complaints have been made about forwards who get off-side and cause irritating stoppages in the game and there have been those soccer fans who have never ceased to complain that the laws ought to be altered. It now looks as if the reformers are going to carry the day. Under persistent criticism the English authorities have at last given way and are now prepared to accept the new plan of the field which Scotland advocated last year. The suggested change is that the off-side area be limited to the playing area within forty yards of each goal line. This will mean the drawing of fresh lines across the field. It will, of course, be necessary to retain the centre line.

For the simple carrying out of the new plan, there is no standard size for the playing pitch. It may be as small as 100 yards in length or as large as 120 yards. Most grounds are at least 110 yards in length for this is the minimum size for cup-ties. Putting the average length at 120 yards the forward will have eighty yards in which to operate knowing that it will be impossible for him to be put off-side. At the present time he is, of course, at the mercy of "unscrupulous" defenders as soon as he crosses the centre line. Thus he is to be given another twenty yards in which he may take up any position of his choice. Such an alteration is bound to have an important influence on the game. The change will undoubtedly reduce the margin of the referee to err. For forty yards, at least, he will not need to trouble himself as to the positions of the players. It will be impossible for forwards to get off-side so frequently and therefore there will be fewer stoppages.

Interest of Players

The new rule is in the interests of the players rather than the game. Such a change will have a tendency to keep the play in the small area in the middle of the field where the off-side law does not operate and all the players will be bunched in this space. One thing is certain, however, the play will be faster. Backs will need to be as fast as wing forwards because owing to the smaller area in which they will be permitted to exploit their ingenuity they will be cribbed in the use of tactics. That forty yards line will mark the limit of their advance and the temptation to hang further back will be great owing to the danger of the ball being pushed through beyond them. It is thus certain that defenders will be placed at a serious disadvantage.

Free Kicks

The proposed change in the law governing free kicks is that when a foul is committed within ten yards of the penalty area a limited penalty-kick should be awarded. That is to say, all the members of the defending team should stand outside the penalty area and not approach within ten yards of the ball until the kick is taken instead of a solid wall of men in front as is usually the case when a free kick is taken now. The goalkeeper can advance if he chooses and will not be compelled to remain on the goal line.

The changes suggested are being considered by the International Football Board and may soon become universal in soccer law.

Sport Chat

Gil's and Sons of Canada Senior baseball team, who put up such a close ante-season game recently, will meet tonight in their first league encounter at the Acropolis Hill grounds. Both teams are now pretty well up to strength and have mustered promising looking bunches of players. Speculation is rife as to which aggregation will come out on top and the chances seem to be pretty well divided. The Sons have every confidence of taking their second victory of

Free Kicks

the season while Gil's, on the other hand, have no doubt that their first league appearance of the season will result in their triumph. The indications are that a good game will be served up and, doubtless, there will be a large crowd of fans to witness it.

Either Tom Clark or Howard Frizzell will take the mound for Gil's on opening with Hamilton behind the bat. Dan Lidstone and Harry Astoria will comprise the Canadian battery. Tentative line-ups are as follows:

Gil's—Hamilton, c., Clarke and Frizzell, pitchers; Bazett-Jones, lb., G. Mitchell 2b., A. A. Easson, ss., Geo. Hill 3b., W. Mitchell, G. Shaw and W. Montgomery, outfielders.

Sons of Canada—H. Astoria, c., Lidstone, p., Neilson, lb., H. B. Scott, 2b., Farquhar, ss., V. Menzies, 3b., Ratchford, O. P. Smith and A. Mitchell, fielders.

ASSEMBLY OF PRESBYTERIANS

Dr. Alfred Gandier Likely to be Moderator—Report Standing and Progress

PORT ARTHUR, Ont., June 1.—(By Canadian Press.)—On Wednesday evening, June 6, when the Presbyterian general assembly opens in St. Paul's Church in this city one of the first steps to be taken after the preaching of the annual sermon by Rev. Dr. W. J. Clark, of Montreal will be the election of a moderator to preside at all the meetings here and to serve in that capacity through the ensuing year.

For this post, the highest honor in the gift of the church, it is conceded that Rev. Dr. Alfred Gandier, at one time the minister of St. James Square Presbyterian church, Toronto, and more recently for many years the principal of Knox College, Toronto, will be elected. As the head of Knox College, the most important of the educational institutions of the Presbyterian church, Dr. Gandier is known throughout the church. He is an excellent speaker, a thorough scholar and a man of great personal influence in Toronto and throughout the province of Ontario. He will be of great service both through the meetings of the assembly, and in the general work of the church through the following year.

which will come up this year will be the election of a permanent clerk of the assembly. This was a position held for about 36 years by the late Rev. Dr. Robert Campbell, of Montreal. On the death of Dr. Campbell in 1921, the position was taken by the Rev. Thomas Stewart of Halifax. Dr. Stewart has since died, and the work of the clerk is being done temporarily by the Rev. R. B. Cochrane, minister of the College Street church in Toronto. This is one of the largest churches in the denomination and it is improbable that Mr. Cochrane will continue to discharge the duties of the clerk's office. The assembly will therefore have to appoint a new official for this position.

The commissioners to the general assembly this year will hear from the treasurer of the denomination a statement of a large deficit in the funds for the schemes of the church. This deficit is much the largest that the church has ever had, amounting at the present time to about \$600,000.

Church Deficit In explanation of this deficit it may be said that it is not really as large as it appears. The church always has a deficit at this time of the year in its benevolent funds due to the fact that the expenditures are practically the same every month whereas the most of the churches send in their gifts at the close of the year. It may also be pointed out that the deficit is not peculiar to the Presbyterian church. It is true of all churches due to the fact that the churches in the war period and just after the war engaged their work, especially the mission work in foreign lands. In addition the work in foreign lands costs more now, since the rise in prices has affected foreign countries just as it has affected the home land. Then there has been the burden of exchange, which accounts for about \$100,000 of the deficit. The contributions of the churches have not fallen off but have been well maintained. The real deficit at the beginning of the year was about \$350,000, the debt on home Mission account being about \$100,000 and the debt on foreign mission account being about \$250,000. The work this year will be reduced and the receipts may be increased to the same extent, with the probability that a deficit of some size will have to be carried into 1924.

Church Union What the commissioners will talk about for the nine or ten days of their stay here is indicated by the agenda which is much the same for the assembly each year. This year the great subject of discussion will of course be church union and the developments in this connection are uncertain. Probably a couple of days will be spent in hearing speeches on the subject. In addition to the subject of church union the commissioners will hear reports from all its various agencies, boards, committees, etc. It will hear from the home mission board with reference to church work in the newer districts of Canada, from the foreign mission committee having charge of the work at the church in India, China, Korea, the New Hebrides, Trinidad, etc., from the eight theological colleges, from its committee on the aged and infirm ministers funds, and the widows and orphans fund, from its board of publication, and many other agencies.

Standing and Progress Each year there are submitted to the assembly statistics showing the standing and progress of the church. Without going into the figures too minutely it may be stated that this year the statistics will show that the church in Canada holds property to the

amount of \$30,000,000. It raised in 1922 for all its purposes, benevolent and congregational, between nine and ten million dollars, of which nearly one third was for benevolent purposes. The total number of ministers on the rolls of the presbyteries is about 1,700 and the total number of elders is about 12,000. The present membership of the church stands at 369,939, a gain in the year of 12,728 over the previous year. By profession of faith 17,956 persons joined the church during the year and 14,000 left. The number of families in the church is 204,737, an increase in the year of 5,089. Single persons identified with the church number 45,572, an increase of 2,590. In the Sunday schools there are 290,443 scholars, an increase of 14,844. Of teachers there are reported 31,172, a gain of 1,073.

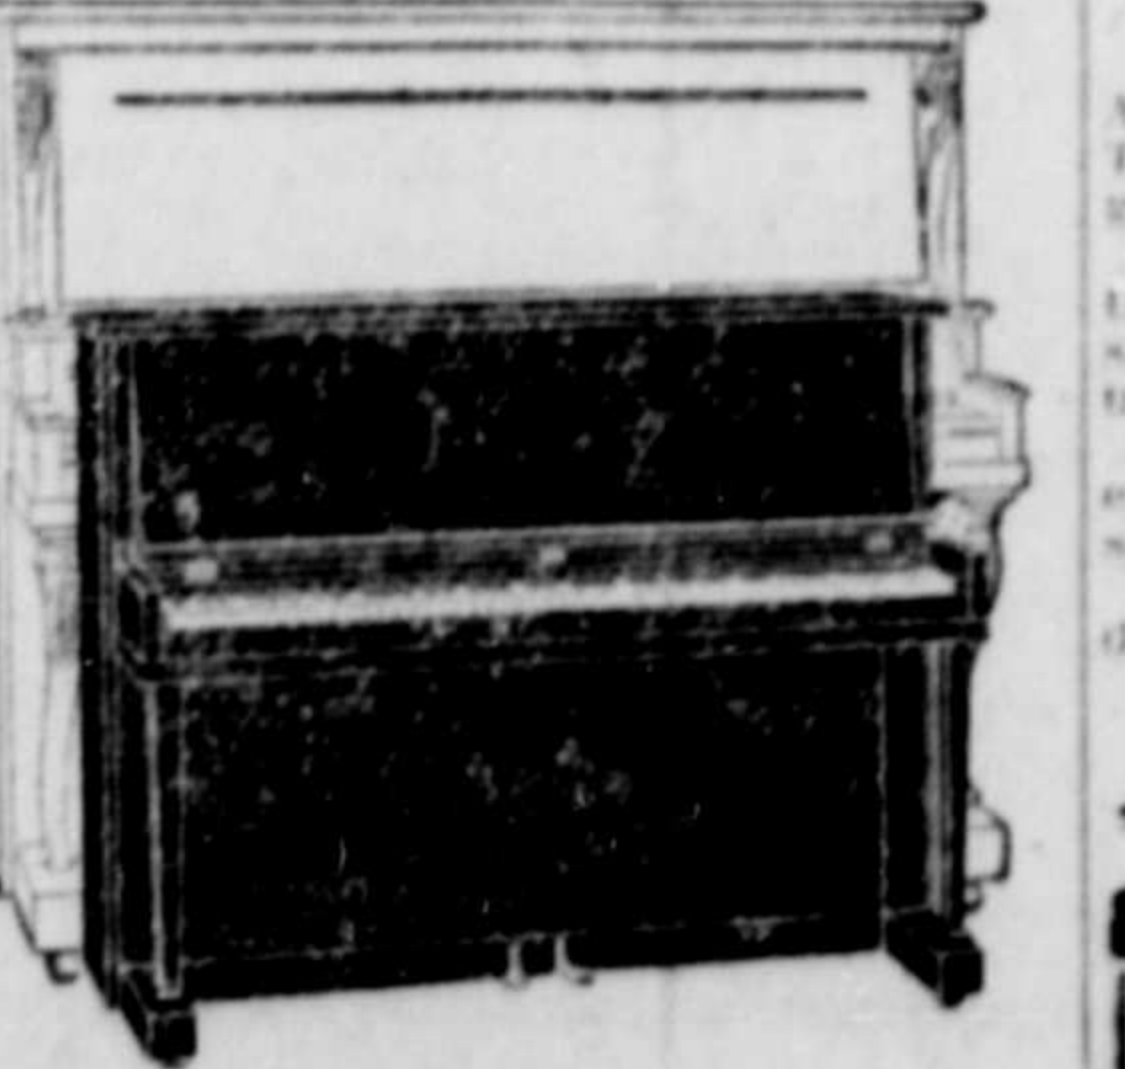

TIMBER SALE X 5057. Sealed Tenders will be received by the Minister of Lands at Victoria, not later than noon on the 14th day of June, 1923, for the purchase of License X 5057, to cut 100,000 feet of fir on an area situated on the west shore of Dean Channel, approximately 1 1/2 miles south of Iron Island, Range 3, Coast Land District.
