### GRANBY WILL HAVE BIG SHIPPING MINE AT MAPLE BAY; ECSTALL DROPPED

#### Wholesale Corruption Among Civic Officials at Halifax Conviction for Theft \$34,000

HALIFAX, Oct. 26.—L. F. Monaghan, city clerk of Halifax for 32 years, has been dismissed from office by the city council. City Auditor Forster tendered his resignation but the council refused to deal with it.

The dismissal of the city clerk is the latest development which followed an independent audit of the city's finances. The audit resulted in the conviction of the former city collector Robert Theakston for the theft of \$34,000 and the arrest of Thomas Hayes, ex-secretary of the housing committee on a charge of embezzlement and the swearing out of a warrant for the arrest of J. A. Walters, former secretary of the health board, on a similar charge.

#### 12 MILE LIMIT PLAN APPROVED

United States Likely to Get Right to Search for Liquor off Her Shores

LONDON, Oct. 26.—The British government has accepted in principle the proposal of the American government that vessels in American waters be searched for contraband liquor within twelve miles of American shores.

The expert committee of the Imperial conference, which has been considering the question, has drawn up plans which it is believed deal with the main points of the marine request, and the plans will be submitted to the full conference which is expected to approve them.

#### MANY INJURED IN TRAIN WRECK

Toronto Express on C.P.R. Left Rails Near Savanne, Ontario

WINNIPEG, Oct. 26.—Nineteen persons were injured, four seriously, when train No. 4, the Toronto express of the C.P.R., was derailed seven miles west of Savanne, Ontario, west of Fort William this morning. The accident was due to broken rails.

The engine and two baggage cars and five day coaches left the track, but the Pullman passengers were uninjured. The seriously injured were: J. W. Sherman, Para, Ont.; James Morris, address unknown; Napoleon Lessard, Lake Megantic, Que.; Roy Kelly, Kilnsburg, Ont.

#### LUMBERMAN DIES

VANCOUVER, Oct. 26.—Edward H. Moore, prominent in connection with the lumbering and steel industries here, died yesterday, aged 75.

#### THE CORPORATION OF THE CITY OF PRINCE RUPERT.

All persons are warned that any children found throwing rocks, refuse, or debris into the reservoir on Acropolis Hill will be prosecuted, and parents are requested to warn their children that this practice must cease forthwith or action will be taken against them.

E. F. JONES,  
City Clerk.

#### DRUNKS AT ALICE ARM DEALT WITH

Fines Totalling \$300 are Collected and Two Men are Brought to City to do Time

Bringing to the city lock-up Peter Campbell of Alice Arm and William Hanna of Anyox, each of whom will do thirty days for intoxication. Provincial Constable Harry Martin returned last night on the steamer Prince George from the north. Constable Martin's activities in Alice Arm also resulted in several other intoxication cases being tried there before T. W. Falconer, justice of the peace, and the fines collected totalled \$300. A. Morrison and Olof Dahlstrom were each assessed \$50 and Olof Carlson, an old offender, was fined \$200.

#### KENNECOTT'S SKIPPER LOST FROM VENTURE

Not From Hercules as Telegraphic Despatches Received Here Indicated

It was off the Union steamer Venture and not off the Victoria salvaging Hercules that Capt. John Johnson, late skipper of the wrecked motorship Kennebott, was lost last Sunday according to word brought to the city on the Venture arriving from the south today.

Telling of the incident this morning, Purser Hughes of the Venture stated that his vessel had taken Capt. Johnson and eight members of the Kennebott's crew from the Hercules at Safety Cove 20 miles below Nassau last Sunday about noon. Capt. Logan, representative of Lloyds, was also taken off the Hercules as that craft did not have accommodation for the party. Capt. Johnson, who felt the loss of his ship very keenly and was in a very worried mood, was last seen at 10 o'clock Sunday night after leaving Alert Bay. He said "goodnight" to Mr. Hughes and was apparently about to retire. Monday morning at 7:30 it was discovered that he was missing. A search was instituted but no trace of him was found, and it was assumed that he had jumped overboard. As he neared Vancouver, it was apparent that Capt. Johnson was reluctant about facing the owners of the Kennebott in Seattle.

Capt. Johnson was 62 years of age and was unmarried.

#### SOUTH HAZELTON HOTEL MAN DIES

Peter Jennings Passed Away This Morning at 1:30 in Prince Rupert General Hospital

+++++

Peter Jennings, proprietor of the South Hazelton Hotel, died at 1:30 this morning in the Prince Rupert General Hospital. Suffering from cancer of the throat, he had arrived from the interior only a few days ago to enter the hospital.

Deceased, who was 56 years of age, had lived in the Hazelton district for the past five years and for some time conducted a hotel at Hazelton, later re-opening a few months ago the hotel at South Hazelton. He was a native of Wilkesbarre, Pa., and is survived by a sister, Mrs. Mulheran, at Glen Lyon, Pa. He was unmarried and had no relatives in this country.

The late Mr. Jennings was a member of Knights of Pythias Maple Leaf Lodge No. 10 in Alberta. Funeral arrangements are in the hands of the B.C. Undertakers and interment will likely be made under the auspices of the local Knights of Pythias Lodge.

#### Local Man Becoming An International Figure.

Jack Barnsley, the local radio fan, is becoming an international figure. Already his work in communicating with the McMillan Arctic expedition is known to most radio enthusiasts and several magazine articles are now being published, telling of his work, and this will tend to make him a noted character wherever radio is known.

It is not by chance that Mr. Barnsley is becoming famous. It has required a lot of intense application to extend his radio operations so that when the opportunity arose he was able to hear the calls from Refuge Harbor on the coast of Greenland and to answer them. This work has to be done after midnight and it means hours of close application and anxious waiting to get results.

It must have meant a great deal to those people on the Bowdoin when they first received the answering signals of this station and found that they were really in touch with the outside world. The tedium of the long winter evenings is broken for them. They know what is going on in the world and doubtless they look for the midnight communications just as the city dweller looks for his morning or evening newspaper.

#### Reforming Second Chamber.

The reform of the House of Lords in Great Britain is again within the realm of practical politics. The National Unionist convention suggests it and as the Unionist Government is in power it is very probable something will be done. Already the second chamber has been reformed enough to make it impossible to stop the progress of the country but more yet is to be done.

In Canada there is a second chamber which is a stumbling block to the progress of the country. It is used mostly for political purposes and the senators, with a few exceptions, are a lot of ancients who have given up active life and who are retiring on the allowance granted by parliament. While there is no objection to their drawing a pension if they have served the country well, there is an objection to putting them in a position where they can stop the progress of the country. Senate reform should be one of the matters taken up by the Mackenzie King Government if it is the wish to forward the interests of the Dominion.

#### Prayer For Those Who Winnow Facts.

The following prayer was written and published some years ago and is constantly being reprinted:

"O Thou great source of truth and knowledge, we remember before Thee the writer of books, the newspaper men, and all whose calling it is to gather and winnow facts and to inform the people. Grant them a determined love for honest work and a staunch hatred for the making of lies, lest they pervert the judgments of our nation and teach us to call light darkness and darkness light. Suffer them not to drag the minds of our people with falsehood and prejudice. Since the sanity and wisdom of a nation are in their charge may they count it shame to set the baser passions of men on fire for the sake of gain. Grant them boldness to turn the unwelcome light on those who love the darkness because their deeds are evil. Put into their hands the shining sword of truth, and make them worthy sons of the champions of the people in the past, who held truth to be a holy thing for which men should die. Make them realize that they have a public function in the commonwealth, and that their country may be saved by their courage and undone by their cowardice and silence. Grant them the heart of manhood to cast their mighty influence with the forces which make the people strong and free, and if they suffer loss may they rejoice in that as proof of their own souls that they, too, have been friends of the common man and servants of a higher law."

## CANADIAN EMBARGO PULPWOOD WOULD BENEFIT COUNTRY

Canada is considering an embargo on the exportation of all wood suitable for conversion into paper pulp says Sunset Magazine. If Canada puts this embargo into effect, dozens of American paper manufacturers will have to move their pulp mills across the line or go out of business because they can not obtain a sufficient supply of pulpwood in the United States. Canada will be the gainer because the construction and operation of pulp mills will bring additional population and additional taxable wealth.

Queer as it may seem, the United States will also be the gainer because the Canadian embargo will at last bring home to the owners of pulpwood tracts the criminal folly of cutting down the timber without a thought of the morrow, because it will bring home to them the necessity of so handling their cutting operations that the denuded land will immediately bring the production of a second crop of trees, because it will force the paper manufacturers and timber owners into the practice of scientific forestry.

### The Man in the Moon SAYS—

THE man in the moon  
Plays the same old tune  
And tries to keep us happy  
To amuse us folks.  
He writes bad jokes  
And some that sure are snappy.

THE difficulty about cultivating a conscience is that after you have it the darned thing has to be defied so often.

ALL we need in this town is somebody to gather in the nuts.

IF you must get lit up these dark nights, use electric light.

NOW that all the bootleggers have been all gathered in, Prince Rupert is once more safe for democracy.

SINCE Barney Google is getting rather ancient and the Yes, Bananas song is somewhat out of date, the latest song hit should be "That's How It Feels to Be Pinched," written by a vendor of liquids, set to music by a Government detective and sung by a prominent member of the police force under the distinguished patronage of the ex-mayor.

ANY person who believes that all the ability, all the honesty, all the rascality or all the graft is monopolized by one political party is about as gullible as the man who went mountain climbing without sandwiches thinking the moon was green cheese and when he got high enough he would lunch off it.

### Ten Years Ago in Prince Rupert

October 26, 1913.

Dr. Alfred Thompson, M.P. for Yukon, is in the city today visiting with his brother, J. H. Thompson. He arrived from the north on the Princess May yesterday afternoon and will continue south enroute to Ottawa on the Princess Mary tonight.

The British freighter Santa Rosalina, Capt. Pritchard, arrived late last night from New York with a cargo of 4,300 tons of steel rails for the G.T.P. Railway. She is the largest ship that ever entered the harbor. Capt. Edwards of the Cheholisn piloted her up the coast from Vancouver.

Hundreds of ladies attended the formal opening of Mrs. Frizzell's new store at the corner of Third Avenue and Fifth Street yesterday afternoon. Tea was served in delightful manner and Mrs. Frizzell was assisted by Mrs. W. T. Kergin, Mrs. J. Dean, Mrs. D. Martin and Mrs. L. W. Kergin. Serving were Miss Rita Dean, Miss Violet Frizzell, Miss Madeline Nelson and Miss Rita Macdonald.

## EFFORT MADE REACH ARCTIC

Broadcasting Station at Chicago  
Trying to Talk Direct to  
Donald McMillan

BARNESLEY IN TOUCH  
Speaking Goes on Each Wednesday at Midnight but so Far Not Heard

Jack Barnsley, the local amateur radio expert, whose conversations with the Donald B. McMillan expedition on the coast of Greenland have brought him fame throughout the continent, has received a telegram from Chicago asking him to communicate with Donald Mix, the operator of the expedition and notify him that the Zenith broadcast station at Edgewater Beach Hotel, Chicago, would be talking to him each Wednesday at midnight.

Mr. Barnsley got into touch with Mix Thursday night and was told that so far he had been unable to hear those radiophone messages. He will, however, listen in every Wednesday at midnight with the hope of hearing the conversation of his friends and relatives and if successful will reply to them by code as herefore.

#### Chicago's Announcement

CHICAGO, Ill., Oct. 26.—His ship hemmed in by ice at winter quarters, Refuge Harbor, and surrounded by the gloom of the long Arctic night that is now approaching, Donald B. McMillan will listen to a voice from civilization, addressed to him personally for the first time since he embarked from the Maine coast, if the management plans of station WJAZ, Zenith broadcast station at the Edgewater Beach Hotel here are successful.

Until the present time all communication with the explorer's radio station, Wireless North Pole, has been in code through various amateur stations operated by members of the American Radio Relay League. Though broadcast stations all over the country have been heard by those on board the Arctic vessel Bowdoin, no effort has been made to talk direct with the explorer by voice.

Owing to its inability to carry long distances on low power there is no radiophone equipment on the Bowdoin, all communication being carried on by means of an amateur-type code transmitter. In order to test the sending range of the Edgewater Beach station and at the same time cheer the ice-bound explorers by word from home, enhanced by the quality that only the human voice can give, this station will call WNP at midnight C.S.T. Wednesday weekly.

#### Cousin Will Talk

All amateurs who are trying to communicate nightly with WNP by code are asked by the management of the Zenith broadcast station to advise McMillan of this schedule in order that he may listen for the first radio voice ever to call an explorer in the far north. For this purpose WJAZ will operate under the license 9XN. If McMillan hears these messages he can reply with his code transmitter.

The equipment of 9XN is located in the old shack at 5525 Sheridan Road, formerly occupied by the famous amateur station 9ZN, operated by R.H.G. Mathews, A.R.R.L. central division manager. One of the first speakers scheduled to talk is a cousin of Captain McMillan.

### WELL KNOWN LOCAL COUPLE PRINCIPALS IN PRETTY WEDDING

Miss Catherine Ruby Casey becomes Bride of James Weir

The Catholic Church rectory was the scene of a charming wedding last evening, Father McGrath officiating, when Miss Catherine Casey, eldest daughter of Mr. and Mrs. George Casey, became the bride of James Weir of the Rupert Table Supply Co. The bride was gowned in pale grey headed flat crepe with which she wore a navy blue velvet hat trimmed with grey and carried a bouquet of pink roses. Miss Marguerite Casey, sister of the bride, who was bridesmaid, wore navy blue velvet and burnt orange satin, with hat to match and carried pink carnations, also wearing the gift of the groom, a black onyx ring. Richard Long supported the groom.

After the ceremony a reception was held at the bride's home, Eleventh Avenue and Conrad Street, at which dancing and music was thoroughly enjoyed by about sixty guests. Miss Hilley played several piano selections, while vocal solos were rendered by Mrs. C. Tupper, Mrs. J. A. Teng, Mrs. Wrigglesworth and Mrs. Bert McEvoy.

Fred Stork, M.P., in a very neat speech, paid eloquent tribute to the popularity of the bride and her parents. Mayor Newton also made a most appropriate speech.

The bride's going away costume was navy blue tricotine with which she wore a navy blue velvet hat.

The happy couple left on the Prince George for Vancouver and from there they will go to Penticton and Rossland for their honeymoon.

On their return in about three weeks' time, they will make their home on Sixth Ave. West.

The numerous and costly gifts coupled with a hearty send off at the boat, showed the high esteem in which the young couple are held in this city.

## BRINGING UP FATHER

### WRITER OF RHYMES BEEN DISCOVERED

New Walt Mason is Resident of Marine Station on Digby Island.

It may not be generally known that there is resident in this Northern country a poet and writer of rhymes, almost equal to the famous Walt Mason, whose amusing "Rippling Rhymes," commentaries on everyday life as we find it, appear almost daily in the press of this country and the United States. The gentleman in question, who prefers to remain incognito, is on the staff of the Marine Department at Digby Island.

He happens to be quite a good cartoonist, but the discovery of his lyrical abilities was only made by his friends when they commissioned him to make a sketch of an amusing albeit somewhat dramatic little incident that took place at the men's messhouse, shortly after the boys essayed to take up the playing of Auction Bridge.

He drew a most excellent cartoon depicting the incident as described to him. He was not present himself, and tagged on the little rhyme below. Of course to thoroughly appreciate it, one has to know the people concerned or better still to have witnessed the scene. It is said that it was the equal of a show at Pantages.

"Bill" is that esteemed old-timer of the Marine Station staff, William Cook, and "Fitz" is of course G. S. Fitzmaurice, also well known to most residents of the district, and whose friends are well aware has a distinct penchant for a game of "Auction," and considers himself quite an authority on the game. While it is to be regretted that it is not possible to publish the sketch, the following is the tag:

#### Digby Bridge

"They were playing cards and smoking in the bunkhouse dim last night, when a shriek rang to the rafters which curled "Bill's" hair with fright. It was "Fitz"—our friend Fitzmaurice and the cause of his despair, was a missing Ace of Diamonds, and it made him tear his hair. Mr. Hamblin had omitted to employ it when he should, but they shouldn't have reviled him—for he did the best he could. 'Dave' Taylor lay back in his chair, the better to enjoy the fun and shouted through the din, 'A Grand Slam, Atta Boy.' Then out popped Mrs. Hamblin who'd been ironing nearby, and came into the dining room attracted by the cry. Poor Andrew dodged and shuddered for he felt her flatiron's heat, and feared the good lady might drop it on his feet. Archie—that master painter—watched all the fuss and saw—Fitzmaurice drop his last two cards upon the bunkhouse floor. This was the game of "Bridge" as played in the bunkhouse dim last night. If you don't believe me, you ask "Bill," he'll tell you that I'm right."

Principal Brady delivered an address to the Gyro Club on Wednesday evening in the course of which he urged that organization take the lead in providing a gymnasium for the use of the city's youth. While Gyro will always be ready and willing to do all in its power to obtain this very necessary establishment, it will need the assistance of the whole community and will certainly be entitled to it. The establishment of a gymnasium in Prince Rupert is a project that should be undertaken jointly and whole heartedly by every organization in the city that has the community welfare at heart. The sooner the move starts the better and much credit will be due to the organization that takes the first step in this direction.

## PRINCE RUPERT IS NAMED HEADQUARTERS

Department of Naval Service to Recruit Here for Royal Canadian Naval Reserve.

Prince Rupert is named as one of the points at which headquarters will be established by the department of naval service for receiving applications from men wishing to enter the Royal Canadian Naval Reserve of 500 officers and men now being organized. It is announced by the department of naval defense, Ottawa, that registrars will be appointed at each local headquarters to receive applications, and that the selection of officers by the department of naval service will be completed early in November.

Headquarters of the R.C.N.R. will be established also at Victoria, Vancouver, Montreal, Quebec, St. John, Lunenburg, Halifax and Charlottetown. Naval training at the naval bases of Halifax or Esquimalt will be given to R.C.N.R. ratings during the winter months.

Applications must be British subjects domiciled in Canada,

must not belong to any other reserve force, must be willing to serve at sea or wherever required must sign engagements for five consecutive years, and must in most cases follow the sea as a profession. It is stated by the department that many officers and men of the Canadian merchant marine, as well as fishermen, have applied for entry into the reserve.

### TERRACE NOTES

Miss Carrie Kenny has been the guest this week of her relatives here. Miss Kenny has just completed a post graduate course in nursing at Boston and is returning to her home in Victoria.

Mrs. Morse Hatt and her daughter Barbara left on Thursday for the south where she will spend the next few weeks in Vancouver and Victoria.

Mrs. Aldous was another passenger for the south on Thursday's train. She expects to spend the winter with her sister Mrs. A. White.

Mrs. Bert Kenny was the hostess at a most enjoyable tea on Tuesday in honor of her guest, Miss Carrie Kenny of Victoria.

The Women's Auxiliary of the Anglican church met at the home of Mrs. Burnett on Wednesday.

A number of Terrace men and some from outlying points tried the B.C. Scalers examination here on Monday.

Miss Alice McDougal of New Westminster arrived in Terrace Saturday night in connection with her biological work at the University of B.C. for which she is making a collection of the flora and fauna of Northern B.C.

H. G. Fraser, school inspector for this district is in town.

Mrs. Gillis of Victoria is in town for a few days.

P. M. Monson has returned from the coast having completed his survey work.

James Richmond spent a few days in Hazelton.

Mr. and Mrs. A. Fraser who spent some months here a couple of years ago, passed through on their way to Tyee where they expect to make their home.

The Ladies Guild of the Presbyterian church met at the home of Mrs. O. Sundal. Mrs. Parsons entertaining.

Mr. and Mrs. Von Hees entertained a large number of friends on Wednesday evening in honor of Miss McDougall. Music, dancing cards and Mah-Jong were the order of the evening and everyone had a most enjoyable time.

The moral of the story is, keep away from the bright lights, if you are a duck.

Last Sunday, Rev. Wm. C.

## Now—the Exide first cost is low

For a great many years Exide has been known as the long-life battery. It stays on the job so long that thousands of car owners have found it to be by far the most economical battery in the end. At the present prices of Exide Batteries, even the first cost is low.

Now, no man need deny himself the satisfaction of getting a willing, rugged Exide. It will serve you so long and with so little expense for upkeep that you will find it the soundest kind of economy.

The quality remains the same that has brought worldwide acceptance of Exide as the standard storage battery. Exide was on the first electrically started automobile in 1911. Today, more new cars leave the factories equipped with Exides than with any other battery.

For your comfort and for the sake of economy, go to the nearest Exide Service Station and get the Exide Battery made for your Car.

## SOME COMPARISONS MADE IN RAINFALL

VICTORIA, Oct. 26.—Despite the rainfall of the last few days, Victoria's annual precipitation, the publicity bureau seized the opportunity to point out, is comparatively light. A new comparison table just compiled shows that the yearly rainfall is 27.45 inches, exactly the same as that of the famous summer resort of Brighton, England. Of twelve other well-known cities, Brighton and Victoria stand lowest in the amount of rain. Vancouver heads the list with 59 inches, over twice as much as in Victoria. Jumping right across the continent, Halifax is next with 58 inches. Portland, Ore., and Sydney, Australia, each have a rainfall of 47 inches. New York has 45 inches; Auckland, New Zealand, 42 inches; Seattle, Wash., and Guernsey each have a rainfall of 35 inches; Naples' annual rainfall is 34.5 inches; Chicago's 33 inches; Prince Rupert, B.C., 30 inches and Toronto's 32 inches.

## CANDIDATES PROPOSED FOR THE MAYORALTY

Major Gibson Prominently Mentioned as One Who Would be Likely to Receive Strong Support

Mayoralty candidates are already being discussed in civic circles, and a number of names are being mentioned as likely to come before the people at the election in January.

It is generally understood, although not officially announced, that Mayor Newton will again be a candidate. Several of the aldermen too are being discussed but no one seems to be quite sure whether any of them would consent to nomination. The names mentioned most prominently are George Munro, M. M. Stephens, Theo. Collard and S. D. Macdonald. It is understood also that the aldermen have no particular corner on the candidates. Two former mayors are also being mentioned as possibilities. Both ex-mayor McGlynn and ex-mayor Rochester are said to have had the matter brought to their attention with a view to securing their consent to nomination.

Perhaps the most serious suggestion outside the council is that of Major Gibson. He has already been requested to give the matter serious consideration, it being felt that his independent position coupled with his well-known ability fit him for the position and that he would make a splendid mayor. A number of citizens it is said are willing to back the major if he will only consent to go into the contest.

## WARM WEATHER IS SIMPLY A CYCLE

BERLIN, Oct. 25.—The warm weather reported from the Arctic regions is not to be taken seriously, according to Prof. Karl Kassner, of the Berlin Meteorological Institute. A hot wave hits the North Pole about every 35 years, and this is the time it is due. The climate does not really change. Warmer weather comes in cycles, and history is merely repeating itself. Antics of the sun are supposed to be responsible for the changes which come in the Arctic regions, as well as elsewhere in the world.

The rise in temperature in the Arctic regions has been going on now for several years, Dr. Kassner continues, if the reports of Norwegian fishermen may be believed. Dr. Boel, the Norwegian scientist, discovered new coal fields in Spitzbergen last August because of the thin covering of ice which lay over the ground. A Norwegian captain who has sailed the Arctic for 34 years reports that he began to notice the appreciable lessening of the ice five years ago, and that the flower and animal life have been much changed by the milder climate.

## HAWAII MAY BE RADIO HUB OF PACIFIC OCEAN

HONOLULU, Oct. 25.—Hawaii is destined to become the radio hub of the Pacific, according to Arthur A. Isbell, of the Radio Corporation of America. Due to its geographical location at the cross roads of the Pacific, the territory is the logical location for army, navy and commercial radio stations working with the United States and the remainder of the Pacific area.

Chin Ying, Chinese, 618 Seventh Avenue, West, was found guilty by Magistrate McClymont in the police court this morning on a charge of supplying liquor to Indians and was fined \$200 and costs. The prosecution was in the hands of the Royal Canadian Mounted Police and Milton Gonzales defended. Peter Wesley was the star witness.
