# GREEK KING IS EXPELLED FROM COUNTRY

## HON. A. M. MANSON INTRODUCES PLEBISCITE BILL FOR VOTE ON BEER SALE

### King George of Greece Expelled from Country Following Victory of Liberals at Polls on Sunday

LONDON, Dec. 18.—King George of Greece is expelled from the country and it is expected a republic will follow. The people will probably decide by plebiscite on the form of government the country will adopt.

The expulsion of King George drew forth the comment from diplomats here upon the notable tendencies toward democracy manifested by the countries of Europe during the past six years.

George of Greece represents the tenth king who has been forced to make his exit since the war. Monarchs previously affected being those of Russia, Germany, Austria, Bulgaria, Ferdinand of Montenegro, Turkey, Egypt and the kings of the German federated states such as Bavaria.

ATHENS, Dec. 18.—King George and Queen Elizabeth will leave Athens tonight for Roumania, it was announced by the newspapers today.

#### Advised to Go

The government last night informed King George in writing that they considered it advisable for him to leave Greece until the National Assembly decided on a regime best befitting the country. The letter, it was stated, was couched in stern language and contained an intimation that his departure by evening at latest was imperative.

The King replied that inasmuch as it seemed to be in the interest of the country for him to leave Greece he would do so at the earliest possible moment.

#### Liberals Victorious

LONDON, Dec. 18.—According to an Athens correspondent of the Daily Mail the Liberals who were victorious in Sunday's election plan to urge at the first meeting of the National Assembly to authorize a plebiscite with a view to changing the present regime. The party proposes to at once start discussion regarding the form of republic to be established.

#### Last Night's Despatch

LONDON, Dec. 17.—British diplomats, who are familiar with the acute political situation in Greece see little chance of saving King George's throne and the foreign office is apparently reconciled to the fact that he might go. Great Britain, France, Italy, Jugoslavia and Roumania all made at one time or other overtures to the Athens cabinet against the expulsion of King George.

### COMMUNISM IS TAUGHT HERE

Manitoba Free Press Claims That Principles Inculcated in Public Schools

WINNIPEG, Dec. 18.—There are in Canada 1259 children in at least forty schools who "have been instructed in the principles of communism" through the instrumentality of the Ukrainian Labor Temple Association, according to news story in the Manitoba Free Press. The children in these schools, the paper says, have been taught the principles of communism under the same system which prevails in Soviet Russia and Soviet Ukraine.

Mr. and Mrs. W. T. Hensley of Buckley Bay are sailing this afternoon by the Cardena for Vancouver.

### CONDITION OF MR. FIELDING BETTER

Improvement Noted Yesterday Is Maintained and Minister Much Brighter Today

OTTAWA, Dec. 18.—The condition of Hon. W. S. Fielding, minister of finance, is much brighter today according to his physicians. The improvement noted yesterday has been maintained.

R. M. Smith, purser of the steamer Cardena, has gone East from Vancouver on a holiday trip and is being relieved by N. G. Pittinson, purser of the Camosun, which is now in dry dock at Vancouver undergoing annual overhaul.

The funeral of the late Philip Welker will take place under the auspices of the Great War Veterans' Association at a date to be decided upon later.

### About 150 Disfranchised Result Not Paying Poll Tax at Time of Registering: Judgment is Given

Some 150 male persons, who sought to qualify as voters at the forthcoming municipal election by payment of \$2 road tax without the \$5 poll tax, will not be allowed to exercise the franchise as a result of judgment which was handed down in the County Court this morning by Judge F. McB. Young sustaining the action of the Court of Revision in striking the name of David S. Cameron off the list. Difference having arisen between Mayor Newton, who in October caused to be published a notice suggesting that householders register by paying only \$2 road tax and leave the point of the \$5 poll payment to be settled an amount of not less than \$2 later, and other members of the court of revision supported by City Solicitor Jones, who had ruled that both the \$2 and \$5 should be paid, it was decided to strike the name of Mr. Cameron from the list and submit his appeal to Judge Young as a test. It will be now necessary to strike the names of all other persons similarly situated from the list. Moreover, His Honor has ruled that there will be no recourse by paying the poll tax at this time.

#### The Judgment

The following is the written judgment given by Judge Young in the Cameron appeal against his name being struck off the list:

"The applicant's name was placed on the voters' list in the month of October, 1923, on which date it was admitted by the applicant that he was indebted to the municipality for road tax of \$2 and poll tax of \$5. He then paid the \$2 road tax and admits he did not pay the \$5 poll tax.

"The sole contention of the applicant is that payment by him of \$2 road tax was sufficient to bring him within the true meaning of the word 'householder,' as defined in the Act.

"The Act explicitly states that 'householder' shall include any person who has paid to the municipality direct 'all taxes, rates and assessments which are not chargeable on land and are due by such person to the municipality for the current year to payment thereof.'

"In my opinion it was necessary for applicant to have paid full indebtedness mentioned before he could qualify as a 'householder' and I find that he did not do so, not having done so, I find his name was not legally on the voters' list.

#### Cannot Get on Now

"It was urged on me at the hearing that, in the event of the decision of the court of revision being sustained, I grant permission to applicant to pay the poll tax in question to the municipality and direct the court of revision to restore his name to the list. I have no power to do so. The applicant did not pay poll tax and he made no attempt to rectify the omission at any time before the list was closed, and it is closed. Consequently he is now precluded in my opinion from having his name restored to the list by payment thereof.

"The application is dismissed. There will be no order as to costs."

### GOVERNMENT COSTS REDUCED A THIRD

Hon. J. D. MacLean Tells of Economics and of Good Results by Civil Servants

VICTORIA, Dec. 18.—Cost of doing public business in British Columbia has been reduced to one third of the cost under the former Government, according to figures laid before the Legislature by Hon. J. D. MacLean, Provincial secretary, the other day.

Every \$100 worth of business done by the former Government cost \$14. Dr. MacLean stated, while the cost now is only \$8. When the third increase in cost of living in recent years is considered, it is evident, Dr. MacLean declared, that the expense of public business is one third of that under the former regime.

The Civil Service is based on fitness for work. The Land Registry office, for instance, is now doing three times as much work per man as in 1916. While thirty-seven people were employed as the Legislative staff during the session of 1916, twenty-nine only were employed in 1921. Dr. MacLean stated. The Provincial Library staff is reduced from fifteen to eleven, and the grounds staff from sixty-one to forty-six.

### INDIAN WOMAN DIES ON RAILWAY TRACK

Taken Ill as Walking Home From Terrace to Newtown and Falls to Recover

(Special to Daily News)

The death of Mrs. Harry Richmond, a native, occurred on Sunday at her home in Newtown. Mrs. Richmond left Terrace to walk to Newtown. When she did not arrive as was expected one of her children walked down the track to meet her and found her body on the track. She was still living but before Dr. Bleeker, who was immediately summoned, could arrive, she was dead. The cause of her death seems to have been heart failure.

### NO ALLIANCE WITH LABOR

Liberal Party Will Remain Free From Alliances With Other Parties

LONDON, Dec. 18.—Former Premier Asquith, speaking at a meeting of members of the Liberal party this afternoon at which Lloyd George and practically every Liberal member of Parliament was present, declared that the Liberals intended to remain free from alliances with other parties.

### OVERSEAS IMMIGRATION DISCUSSED IN LONDON

General Noxon Tells Royal Society of Arts That British Government Has Sent Out 37,000 Persons

LONDON, December 18.—Overseas immigration was discussed at a meeting of the Royal Society of Arts when General Noxon as the regiment increases in size pointed out that up to the end of the funds will be augmented, and October about 37,000 persons it is hoped to finally equip the bag and competition bayonet fighting. Funds are limited but £400,000 to the British government.

### MEETING OF BOAT OWNERS

Committee Appointed to Assist in Making Suggestions For Solution of Halibut Situation

Halibut boat owners at a meeting in the Court House last evening appointed a committee consisting of Pete Rorvik, Charles Wallace, Jud Thurber, George Fritz, Dr. W. T. Kergin, John Hanson, H. J. Bradbury, Tony Martinson and B. M. Newell to gather data and to co-operate with the committees of the city council, Board of Trade and Deep Sea Fishermen's Union in going into the present halibut fisheries situation and submitting recommendations for the guidance and assistance of the federal member in representations he may make to the Dominion government on the matter.

There was a full discussion of the situation at the meeting which was attended by some 40 or 50 boat owners. Capt. Pete Rorvik presided and B. M. Newell acted as secretary. Fred Stork, M.P., was present and addressed the gathering.

The organization of a halibut boat owners' association was suggested but no action was taken.

### Beer Plebiscite is to be Provided for Under New Manson Legislation

VICTORIA, Dec. 18.—British Columbia people are refusing to take the present liquor act seriously and they should be given the opportunity on a vote on the sale of beer by the glass to declare if they would respect such a system, Hon. A. M. Manson declared in the Legislature when he explained his new liquor plebiscite legislation.

Mr. Manson declared himself against a prohibition plebiscite now. The present liquor system, he declared, had not been given sufficient time yet to warrant a prohibition vote. It would be in the interests of the country as a whole to defer a plebiscite on prohibition.

"This phase of the question has not been definitely decided, however," he said, adding that "this new plebiscite legislation makes it possible to hold a plebiscite on any phase of the liquor question at any time."

"The government," he declared, "is open to receive an opinion on this matter. The plebiscite on beer now will at least clear the air and turmoil that has been raging over beer for so long."

"Prohibitionists are bringing force to bear upon the government to curb what they consider is an attempt to bring back beer in British Columbia."

A bylaw providing for the payment of \$15 for a permit to move a building from one part of the city to another over city streets and a fee of \$30 per day while such moving is in progress over the streets was given its first and second readings at last night's council meeting and was then laid over for a week for further consideration. The bylaw, which also provides that the city be indemnified against any damage to streets of wires or claims that may arise out of the moving, was introduced by Ald. Perry and seconded by Ald. Stephens.

Ald. Collart favored a more elastic scale. Payment of such fees would be hard on those moving small buildings.

City Solicitor Jones said he had followed the Vancouver bylaw in drafting this one.

Ald. Stephens felt like Ald. Collart that small buildings should not be subject to such a stiff fee.

Ald. Macdonald also favored the suggestions made.

Finally, on suggestion of Ald. Stephens, the bylaw was laid over for a week for further consideration.

### RECOUNT IS ORDERED VANCOUVER ELECTION

Supreme Court Judge Appoints Wednesday for Going Over Ballots Once More

VANCOUVER, Dec. 18.—A recount has been ordered by Mr. Justice Morrison of votes cast in the mayoralty election here last Wednesday when Alderman W. R. Owen was declared elected by a majority of 53 in a total vote of more than 13,000.

The government has promised a miniature rifle range to be built in the city, and it is hoped that this will be ready for use in February.

Recruits will be welcomed on any Monday and Wednesday night. It costs nothing to be a member of the regiment. Everything is provided free including uniform and equipment and use of all gymnastic equipment, rifle ranges, rifles and cartridges, instruction in the many interesting subjects of military life. The only price of membership is regular attendance. The work is made interesting from the start.

Per Capita Grant There are vacancies for a few. The larger the regiment is buglers and drummer boys, who numerically the better it will be will be instructed under competent instructors.

## Local Member And Local Activities.

Hon. T. D. Pattullo, member for this district, is to be complimented on his activity in connection with the transfer of lands from the Railway Company to the province preparatory to the building of the road to the Skeena River. Also he is to be complimented on his proposal to take over the Salt Lakes on behalf of the province and to provide for a roadway around the lake, thus giving the public access to it at all times.

While the bill has not yet passed the Legislature, it is pretty sure that it will pass seeing it is introduced by a member of the government.

There is one feature about the member for Prince Rupert in the Legislature. He does not talk about a lot of things he is going to do and then leave them undone. We have had a lot of that in the past but it did not get us anywhere. Mr. Pattullo is different, and because he refuses to make all sorts of promises he sometimes gets in bad in certain quarters. What is needed now is activity on the road out of Prince Rupert and it is understood this will receive attention just as soon as the preparatory arrangements are complete. We cannot ask more.

## Steel Company Propaganda.

There has been a lot of propaganda throughout the province on behalf of the Coast Range Steel Company and a delegation waited on Premier Oliver last week asking that Legislation be passed enabling the government to aid a steel company.

Premier Oliver refused to commit the government, saying that no definite assurances had been received from anyone. The offer of the trade facilities committee of Great Britain had been conditional on help coming from the Dominion government and no such aid had been promised. Also there was no definite assurance from Old Country interests. There must be a clear cut proposal before the Provincial government would act because they had to safeguard the interests of the people of the province.

It is to be hoped that the premier sticks to this attitude until the company is able to show that it is something more than a promotion concern. There have been too many companies of that kind in British Columbia.

## Foreign Policy Of Great Britain.

While the policy of protection was the principal one on which the British elections were fought, the change in the political aspect of the British House of Commons will have an important bearing on the foreign policy of that country. It will insure that no large sums of money be spent outside the country in connection with naval bases and that the army and navy expenditures will be kept down to a minimum. Singapore will be abandoned as the naval base for the Pacific and other works or proposed works outside the United Kingdom will receive little encouragement. Even the iron and steel project for British Columbia, which it was suggested under certain conditions might be helped, will in all probability be dropped. It will be the policy of either a labor or coalition government to spend money in developments at home rather than outside the kingdom.

# Victrola—the World's Greatest Gift

In that woman's heart of "hers" she'll understand, she'll realize the love and affection that prompted it, if you make your gift—the world's greatest—"His Master's Voice"—Victrola—the "Theatre of the Home."

It will take her out of the humdrum of daily life—will yield entertainment varied beyond that of any actual theatre in the world, and in the pleasure it will give she will find cause to daily thank you for the thoughtfulness that prompted such a real worth-while gift.

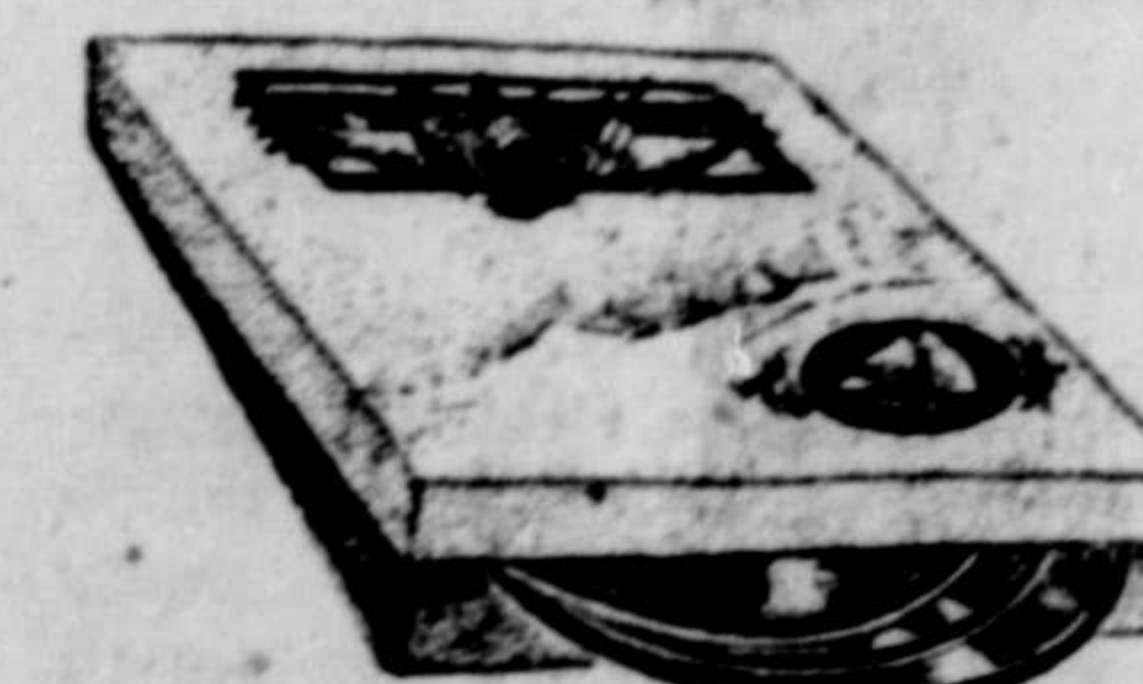

When you buy a Victrola you do not buy merely a thing of wood and metal—but instead an instrument of marvellous construction.

—a key to the musical genius of the world's greatest artists.

If it were necessary to incur a greater outlay of money to secure a genuine Victrola, then perhaps there might be a reason for accepting a substitute, but as prices range from \$37.50 to \$615.00, and on easy terms, surely you will agree price need not deter you.

Our famous trademark—"His Master's Voice" "under the lid" identifies every genuine Victrola. In your city you will find "His Master's Voice" dealer one of the responsible merchants of your city who will be glad to have you consult him—without your incurring the slightest obligation.

## MANUFACTURING TIMBER FROM ISLANDS IN LOS ANGELES FOR CANADA

VICTORIA, Dec. 17.—While the estimates of the lands department were being considered in the legislature last week, Hon. W. J. Bowser, leader of the opposition, referred to an article appearing recently in the Los Angeles Times stating that a Los Angeles mill was manufacturing Queen Charlotte Island spruce into airplane parts for a Montreal concern. Mr. Bowser asked if the forest branch could not use its influence to have the Montreal firm change its patronage to a B.C. mill.

Mr. Paitullo said there was no mill in the province doing that class of work and it was difficult to get anybody to invest capital in B.C. for such a mill.

## COLTS DEFEATED SONS OF CANADA

**Canucks Lose First Basketball Game of Season—Grotto and Adamacs Winners**

Playing a re-arranged line-up, the Sons of Canada sustained their first defeat of the season at the hands of Colts in the Senior League basketball game last night. The score was 25 to 23.

In the Intermediate League match, a final tally gave the Grotto victory over the High School by 41 to 31. The Adamacs won the Ladies' League match from the Teachers by the narrow margin of 14 to 13.

The Colts got away to an early lead over the Sons of Canada in the Senior game and maintained it until half time when the score stood 14 to 1. Matters took a different turn in the second half, however, and it was not for want of trying that the Sons found themselves just two points behind at the sound of the final whistle. From the general run of the game, the Colts fully merited their victory. E. A. Mann refereed.

Colts—E. Smith (3), 2; R. Bartlett; G. Mitchell (1), 4; J. Kelly (1), 6; W. Mitchell, 13—total, 25.

Sons of Canada—R. B. Skinner (2); R. Smith; V. Menzies (2); D. Balfour (1), 12; H. Astor; H. Menzies (4), 2; D. Graham, 9—total, 23.

## CONSTANT HEADACHES AND DIZZINESS

It is hard to struggle along with a head that aches and pains all the time, and in nine cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels.

Undoubtedly the cause must be removed before permanent relief may be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system.

Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes: — "I have been troubled for the last five years with constant headaches and dizziness, after trying several remedies, which I found to be of no avail. Burdock Blood Bitters was recommended to me.

B.B.B. did me a world of good, and I cannot praise this remedy enough."

## Junior League

The Junior League game resulted in victory for the Stars by a score of 13 to the Bluebirds' nine. A. Lane refereed and the scoring was as follows:

Stars — L. Capstick, 11; E. Walters, F. Dingwall, E. Dingwall, H. Walker; D. Casey, 2; M. McKenzie—total, 13.

Bluebirds — Douglas Stalker, Tom Kelsey, Fred Macdonald, 5; Jack Nelson, 4; Gordon Veirick—total, 9.

## BURNS LAKE AND LAKES DISTRICT

An open-air skating rink has been started on Burns Lake close to D. M. Gerow's residence and the children are enjoying a good time, but more frost is needed to put it in good shape, the ice at present being rather thin.

George F. Henson and son of Ootsa Lake are spending a few days in Burns engaged in various business affairs.

Mrs. Carmen E. Green arrived at Burns Lake from Washington on Friday and has joined her husband at Francois Lake.

Jim Atkinson now of Willow River and formerly of Francois Lake is in this district renewing old acquaintances.

Mike Tuohy, of Ootsa Lake, was a Burns Lake visitor on Friday.

Archie McPhail, of Francois Lake, and Joe Kerr, of Burns Lake, left last week for Edmonton to attend the Newsboys' Convention arranged by the Edmonton Journal.

Billy Kerr of Wistaria was registered at the Omineca Hotel on Saturday.

Mrs. Bruce Little, of Francois Lake, was a visitor at Burns Lake on Friday.

Chas. Hunter, of Colleymount, was a week end visitor at Burns Lake.

H. J. Macdonald, of the Silver Island claims at the Babine arrived in Burns Lake on Sunday.

A. Brown and D. H. Parker of Colleymount, shipped a boat load of vegetables and beef to the tie camps at the west end of Francois Lake.

Cassidy Bros. are erecting a new building on the old post office site at Colleymount.

## TERRACE NOTES

Messrs. Dobbie & Morrison of Copper City were in town Saturday.

A. C. Anderson has left for Kalum Lake to prospect. He is an old prospector and is optimistic of mining chances out there.

D. Munro spent a few days in Terrace last week.

### Years of Constipation Ended By "Fruit-a-tives"

#### The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dread sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried "Fruit-a-tives" and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

worst storm of the season there was a good turn out. The gratifying report of the committee in charge of the Christmas tree was heard and Mr. Griffin brought up the subject of having proper book cases installed to hold the new school library which will be in circulation after the holidays.

A meeting of those interested in the Provincial Party was held Friday evening when C. R. Gilhert, representative from here, gave a report of the convention in Vancouver. It was followed by a dance.

Miss Elsie Kenny has arrived home for the Christmas holidays.

The Community Christmas tree under the auspices of the Parent - Teachers Association will be held on Friday, Dec. 21. The school children will give a short program including songs, recitations, instrumental music and dances.

Geo. Cobb made a trip in from the Kalum Lake last week.

Mrs. J. Thomasson returned from Hazelton on Thursday.

Alf Egan has been busy building a new house at Kalum Lake.

Ed. Plater has returned from the prairies where he spent the past few months.

Geo. Little left for the prairies last week. He intends to ship in more horses for his work here.

Mr. and Mrs. R. W. Riley of Victoria, have moved to Terrace. Mr. Riley has re-opened the drug store and has a good Christmas stock.

Ald. Munro told the city council last night that the city engineer had been busy recently preparing an estimate for the cost of the city's connection to the proposed provincial government road leading out of the city. He stated that the estimate would be ready for council next week.

### At the End of a Day

As the roll unwinds, music works its magic. Gone are the cares of a work-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gulbransen registering piano you find it sympathetic, responsive. For it is as ready to reflect the exuberance of youth in the latest and gayest of popular tunes as it is to free the majestic music imprisoned in the score of a composer's masterpiece.

We invite you to our store today and try the Gulbransen registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.

### APPRECIATES HOSPITAL

Editor Daily News.

I beg leave to trespass upon your valuable space to voice my personal opinion on the excellent treatment afforded to the patients in our General Hospital, of which every single citizen has cause to be proud. Having been a patient in the institution for seven days I can write from first hand experience of the kindly and efficient treatment by matron, nurses and doctors. Not only to myself but to every man, woman and child in the building the same "motherly" treatment is meted out by the matron and nurses.

Prior to my admission to the General Hospital I had always been very dubious of entering a public institution. From my recent glad experience I can assure your readers that if I were a millionaire three times over, would not only go to the hospital right away if sick, but I would see that such a splendid and efficient staff and hospital wanted for nothing that this mortal world contained for their benefit.

I may say that in my travels, extending over a number of years in all parts of Canada and the United States, our local hospital does not have to "doff its hat" to any of the first class hotels I have ever visited for attention and food. I feel proud to have been admitted as a member of the local Hospital Association.

### Verandah Needed

In conclusion I would draw attention to the dire necessity of a screened verandah being erected at the hospital which would permit of patients getting a little exercise and fresh air. This, to my mind, is very necessary.

If such a project should ever bear fruit by public subscription the canvasser can pick up one hundred dollars, as a contribution to its cost, from

Yours truly,

W. GOLDBLOOM.

### ISLAND TELEGRAPHS

Editor Daily News:

I want to protest through your paper against the treatment Graham Island and particularly Massett, is getting from the Government Telegraph Department just at a time when things are commencing to look brighter after the several years of depression due to war, and just at a time when a few settlers are coming to the islands and old industries being enlarged and new ones started.

A telegraph office has been maintained at Massett, much to the gratification of the local settlers all these years, and has acted as a sort of tie with the outside world and helped very much to relieve the isolation of a section that has only the irregular fortnightly mail service provided by the G.T.P. S.S. It has been our recourse in trouble and disaster, but now when it promised to be a commercial advantage and of use to our several old and new canneries and mines, it is being closed. We are to be given telephone service of a kind, not through fault of our local phone agent, Dr. J. C. Dunn, but through the narrow policy of the Government Telephone Department, which as a measure of economy, has reconstructed part of the telegraph lines, cutting off about five miles of wire and two men from a staff of four.

### Service Must Be Poor

Any man that knows local conditions must realize that two men can find steadier employment repairing the lines but they can scarcely hope to keep up the service.

Such poor service as we can expect can scarcely be considered as a service but will rather act as a deterrent to settlement and discourage the use of the telegraph and even the entrance of industries to the islands, particularly canneries and fishery enterprises that must rely very much on prompt and accurate service.

Massett, perhaps more particularly than any other port,

should have good telegraphic service, as it is the Customs port and the first port of call for all shipping entering Masset Inlet, the most important and busiest body of water in the north of B.C. and clearing more foreign shipping than any other port in the north.

In the gulf of St. Lawrence, the government sees fit to maintain telegraph offices on a long string of islands, and some of these offices did not, and probably do not handle a message in a whole year, but they are considered a necessity as there is always the possibility that some person or ship in distress may need them. Here in a region of greater distances and rougher weather, we need the reassurance of better communication in emergencies. This is necessary to keep our immigrants and to get more to help us develop our natural resources and telegraph and telephone service of the best quality is just as essential as good roads; and service, rather than profit, should be the first consideration in these services just the same as in the matter of roads and railroads.

NEW YORK, Dec. 18.—Of the 42,020 plots and stories submitted to motion picture producers last year by amateur writers, 42,016 were returned as "unavailable."

An article appearing in the current issue of "The Bulletin," official publication of the Authors' League of America, charges schools of advertising courses in photoplay writing with being merely money-making organizations. The article declares that film producers do not want unknown writers to submit scenarios, and that they don't, as a rule, read much manuscripts.

Explaining that the proposed bylaw would provide for further work to be undertaken next year and also cover the cost of certain work that has been done this year including that on First Avenue and at Fifth Avenue and Dunsmuir Street, Ald. Munro told the council that further details would be submitted to the council at its next meeting.

Ald. Collart wanted the city engineer's views on the matter,

and felt that the council should consider the bylaw before he left on his vacation. Accordingly

Mayor Newton set a special meeting for Wednesday afternoon.

## THE TOWN SCANDAL SHOWING WEDNESDAY

Purity League Did Not Like the Girls That are Shown in the Picture

In the story of the picture to be shown here Wednesday, Jean Grosby made a hit in a Broadway chorus but when she dropped back in the old home town, Murphysburg, she was a "panic" to the puritanical-minded home folks. The Purity League didn't like her—except when its male members made individual trips surreptitiously to Broadway to see what she looked like in tights. Their attitudes changed instantly when they left their wives in Murphysburg and waited at the stage door for Jean. To one of them she said, "How's your wife?" and his answer was typical "Aw, why talk of a ham sandwich at a banquet!"

But when Jean turned loose her nimble tongue on the Purity League with the help of her friend, editor of a Murphysburg paper, the excitement was rich and furious. What happened provides a riot of comedy and a romantic love story.

## SEQUEL TO ROBIN HOOD TO BE SHOWN

Week End Offering Here is Richard the Lion-Hearted Based on the Talisman

Starting out at that point of the story of "Robin Hood" as portrayed by Douglas Fairbanks where the Earl of Huntingdon leaves to crusade and returns to England, the first Associated Authors production "Richard the Lion-Hearted" deals with the adventures of this celebrated English King and his attempts to wrest the control of the holy sepulchre from the Saracens lead by Saladin. Sir Walter Scott's well-known novel "The Talisman" furnishes the basis for the story.

It is a colorful, highly interesting and finely mounted production that promises well for the new "Associated Authors" organization. Being so closely connected with the story of "Robin Hood," in fact quite a few scenes taken from that picture introducing Douglas Fairbanks have been incorporated in the film—it is natural that these two pictures will be compared in the spectator's mind. This, in a way, is unfortunate, for "Richard the Lion-Hearted" makes no pretense of being such a stupendous production, neither has it the "snap" and speed of that film. But at the same time it is a picture that should appeal to and thoroughly satisfy almost any type of audience on its own merits. Also, it should, because of the great interest aroused in the character of "Richard the Lion-Hearted" on account of the fine performance of Wallace Beery, appeal particularly to all who saw "Robin Hood," for in the new film Beery continues his portrayal of that lovable monarch.</p
