# CITY GIVES PLEDGE TO CONSTRUCT ROAD

## THICK FOGS IN SOUTH CAUSE ACCIDENTS TO SHIPPING; FISHERMAN DROWNS

### City Urges Building of Skeena River Road and Pledges to do its Share

Resolutions guaranteeing the city's willingness to build a road within the city limits to connect with the provincial government's proposed road up the Skeena River, pressing the G.T.P. Development Co. to pay part of the cost of such a road passing through its property and urging the provincial government to make an early start on the construction of such a road to constitute the first link of a transcontinental highway were passed at last night's council meeting on motion of Ald. Collart, seconded by Ald. Macdonald.

The feeling of the council was unanimous in keeping with the general demand of residents of the city and district that such a road should be built without further delay.

The resolutions passed were as follows:

#### To the Government

"Whereas the various Provincial Administrations, which have been in power since the incorporation of the City of Prince Rupert, have at different times promised the City to construct a road leading from Prince Rupert to the country outside the city and which, it has been proposed, should be the first link in a transcontinental highway.

"And whereas the present Provincial Administration has suggested that the construction of such road shall be conditional to an agreement between itself, the G.T.P. Development Company and the City of Prince Rupert.

"And whereas the interposition of such condition must necessarily result in further delay in the construction of such road.

Be it further resolved:

"That the resolution passed by the council of the City of Prince Rupert on the 23rd day of October, 1922, which reads as follows:

"Moved by Ald. Collart, Sec. by Ald. Silversides that the City Council join with the Board of Trade to impress upon the members of the Provincial Legislature through our representatives the necessity of starting the road going out of Prince Rupert to be the first link in a transcontinental highway; and that the city council reassert its willingness to build the necessary road inside the city limits; should again be forwarded to the Honorable Mr. Oliver and the members of his cabinet, and further that the Council goes on record as endorsing the said resolution and pointing out that the council is ready to proceed with the building of that part of the road inside the city limits as soon as the Provincial Government can give assurances that the road will be carried on to its completion."

#### To the Railway

Moved by Ald. Collart, Sec. by Ald. Macdonald that:

"Whereas the City of Prince Rupert has requested the Government to construct a road from the City boundaries to be the first link in the transcontinental highway;

"And whereas the said government has indicated its willingness to comply with said request on condition that the city construct its portion of the road within the city limits;

"And whereas it will be necessary, in order to complete the said road, that a portion shall be built through Section 9, three-quarters of which belongs to the G.T.P. Development Company and one-quarter to the Provincial Government;

"And whereas the Provincial Government has intimated that it

### STABBING AT BUCKLEY BAY

Jap Named Nichida Accused of Killing Countryman in Bunkhouse Knifing Affray

#### RESULT OF QUARREL

(Special to Daily News) BUCKLEY BAY, Aug. 21.—On Saturday night about 11:30 the Japanese section of the town was disturbed by a quarrel which finished with fatal results. A Jap named Hirata was stabbed to death and another Jap named Nichida has been arrested in connection with the affair, supposedly having been the man who wielded the fatal knife.

On first investigation of the affray, Hirata was found dead on the floor of the bunkhouse which showed signs of a bloody battle having been fought. Deceased had been stabbed several times around the throat and there was one big gash in the right breast which was apparently the fatal stab.

Immediately on notification of the tragedy, the Massett Timber Co. management dispatched a boat to Port Clements for Coroner A. R. Mallory and Provost Constable R. P. Ponder. The latter, on arrival, arrested Nichida.

The stabbing was done with a knife or some sharp instrument which was not found at first. No motive for the crime has yet been ascertained.

An inquest opened yesterday before Coroner Mallory.

**WHISKEY PIRATES FAIL TO GET CARGO**

GLOUCESTER, Mass., Aug. 21.—The fishing schooner Scott Hankinson, carrying liquor, was raided by pirates off Nova Scotia coast. Capt. Arthur Moore, a Canadian, was fatally shot, his cook Harry Harm injured in a pistol duel.

The pirates did not get the whiskey cargo.

There will be a meeting of the police commission at 5 o'clock this afternoon in the mayor's office.

would be willing to pay its share of the cost of constructing said road through Section 9;

Be it therefore resolved:

"That the G.T.P. Development Company be requested to contribute a portion of the cost of the said construction through Section 9;

"and that copies of this resolution be forwarded to the Honorable Mr. Oliver and the members of his cabinet,

"and that the road inside the city limits be forwarded to the Honorable Mr. Oliver and the members of the Provincial Government."

**Remarks of Aldermen**

Ald. Collart said there was no need for explanation of the resolutions. All the city was directly concerned in was the road within the city limits. There should be assurance, however, that the road built by the provincial government was a part of a provincial highway and that it would have no dead end. The resolutions of the council would strengthen the hands of the Board of Trade and the member for the district in pressing for the road.

Ald. Macdonald thought the road would be a big thing for the city and every step should be taken towards getting its early construction. Any cost that the city would be put to in making the connecting road would be well worth while.

Ald. Smith emphasized his opinion that the G.T.P. Development Co. should pay part of the cost.

"And whereas the Provincial

### GOOD ROADS LEAGUE, B.C.

R. H. Gale of Vancouver Is Re-elected President; Delegates Coming to Rupert

VANCOUVER, Aug. 21.—Ex-mayor R. H. Gale will be president for the sixth consecutive year of the Good Roads League of British Columbia. He was elected by acclamation yesterday afternoon by delegates who assembled here for a brief business session previous to their departure for Prince Rupert to attend the regular annual convention of the league. No changes were made in the executive which comprises:

Hon. president, Lieut.-Gov. W. C. Nichel.

President, R. H. Gale.

First vice-president, J. Johnston, New Westminster.

Second vice-president, Nohl Binns, Trail.

Third vice-president, Mayor J. R. Colley, Kamloops.

Fourth vice-president, Lorne Roe, Penticton.

Secretary, Dr. Frank Bird, Vancouver.

Treasurer, J. W. Cunningham, New Westminster.

Delegates endorsed the principle of a gasoline tax with reduced motor licenses in British Columbia.

Hon. Dr. W. H. Sutherland, minister of public works, said that the provincial government

probably would begin construction of the missing link of the transpacific highway next spring and complete the road in one or two years.

"There are reports in circulation that the Canadian Pacific

intends to construct a road from the western terminus of the Edmonton and Dunvegan Railway over which it has running rights to the northern terminus of the Pacific Great Eastern by way of Stuart Lake district," said Mr. Clearihue. "That would provide a route penetrating a rich agricultural country practically all the way. It would make the P.G.E. a good buy for the Canadian Pacific with connection from Clinton to Ashcroft perhaps as a possible development of the system."

**WATER SUPPLY TO BE ENSURED**

When Pulp & Paper Co. Cutting New Channel From Lake at Swanson Bay to Mill

So as to guarantee against another shutdown on account of water shortage and in order to provide sufficient water reserves to run the plant the year around, engineers are now at work at Swanson Bay making a rock cut 25 feet deep, 150 feet long and 10 feet wide from the lake to the Whalen Pulp & Paper Co.'s plant. This will be a new channel for the water supply and will provide sufficient for the mills even in the dryest weather.

According to word brought

from the south yesterday, the

Whalen mill will resume opera-

tions early in September. It has

been closed down for the past

fortnight because of water short-

age.

Hope of Country Lies With C.P.R. Says Member for Victoria in Interview

(Special to Daily News)

VANCOUVER, B.C., August 21.—Hon. Dr. W. H. Sutherland, minister of public works, last night told the Good Roads League of British Columbia that the Quesnel to Princeton road would be completed next year.

J. W. Cunningham, editor of the Columbian of New Westminster, league treasurer, was selected to represent the organization at the Union of B.C. Municipalities convention at Prince Rupert.

He left last night for the north on the steamer Prince George.

The Government will decide

within a few days, says Dr.

Sutherland, whether the Fraser

Canyon or the Hope-Princeton

route will be used for the coast

to interior link of the big high-

way. Construction on it will be

started next spring.

**WORK STARTS ON FISH CRUISERS**

### Not Good Form Of Vancouver City.

It is not very good form of Vancouver to make any objection to sending delegates to Prince Rupert to take part in the convention of B.C. Municipalities. Vancouver gets more out of this city than any other place and many think they get much more than is right and proper. At any rate it is not in the best interests of that city to put anything in the way of Prince Rupert. This city has a distinct destiny and any pettiness on the part of the big commercial city in southern British Columbia will only react against her and will not injure us. As the minister of lands stated in Victoria, the time to make any objection to the holding of the municipal convention here was when it was proposed at the last convention.

### Real Reason Is Matter Of Finance.

It is understood that the real reason for the refusal of Vancouver to send delegates to Prince Rupert is the fact that ever materialized. She has to pay an assessment based on population, a new arrangement to which she takes strong objection. If the convention was held there, the city would not object to paying, but to send seven thousand dollars to Prince Rupert would be a terrible thing. Not that the money would be spent here. The thing is that Prince Rupert gets any benefit which may happen to accrue from the holding of the convention while Vancouver gets nothing. As getting is her chief occupation and giving is not in her line, the big baby city is peeved.

### Preparations For Guests Reception.

Preparations are being made for the reception of the guests and in this case as in all others Prince Rupert will not be backward in making it worth while for the visitors to come here. No caretaker on hand the dressing rooms become unpleasantly unclean and there is always rest of the time will be devoted to pleasure. Naturally the visitors will have to see Prince Rupert and this will be well only make up their minds to act taken care of. Acting Mayor Collart is busy on the job and it is in short order.

### EFFORTS TO SAVE FISHERMAN WHO WAS DROWNED IN ALASKA

Further particulars of the drowning of John Wick, a member of the crew of the fishing boat Chatham, near Port Walter last week, have just come to hand.

While helping the men to put out the purse-net, Wick got caught in the net and was pulled down in eighteen fathoms of water. Antone M. Nelson saw him go overboard and held on to him until he also was nearly drowned overboard.

The men succeeded in getting Wick out of the water within five minutes and having disengaged him from the net, administered first aid to him. They worked over him for two or three hours without avail. His nose was bleeding when he was taken from the water and his face was blue. They got back to Port Walter at 9 p.m., where M. D. Jarvis, the first aid man for the company took charge of the body. The Ajax took Wick's body to Ketchikan from where it was shipped to Seattle on the North-western.

### The Man in the Moon SAYS:-

OFTEN girls do not know they are disappointed in love until some time after the wedding.

HOW can you expect a girl who is wearing fine silk stockings not to show them?

WHEN a man has had a real dinner he feels that perhaps women are some little good in the world after all. That is especially true if he has been living where there is a slant eyed cook.

WHEN a lady goes fishing and catches nothing but a sunburn she is somewhat disappointed, especially if she freckles easily.

IT is wonderful what an ordinary stomach with a picnic training can digest.

IT is rumored that a new organization is to be formed to teach stenographers how to write letters. We bet they will never succeed.

A RADICAL is a person who uses his brains as a parking place for queer ideas and his tongue has a self starter without any safety catch.

WHY is it nightgowns are never worn out? Why, because it is not good form to go that way.

WHAT I object to in some of my friends is that they always want to be talking about themselves when I want to be talking about myself.

THE person who talks about bankers hours has never peeped in through the windows of one of those financial institutions at the beginning of the month when the light is burning here at midnight.

YOU may have heard of the boy who ran errands for a penny. That was a very long time ago.

"I DON'T know how long I shall be able to stand the strain," said the frail shoulder strap to the evening gown.

### TELLS OF WORK SALVATION ARMY

Col. McLean, of Winnipeg, gave interesting address in Local Citadel Last Evening

After having had a most successful tour down the interior which culminated in a meeting at Port Essington where almost a thousand Indians turned out, Col. McLean, secretary of social service for the Salvation Army in Western Canada with headquarters in Winnipeg, reached the city on last night's train accompanied by Staff Captain Jaynes of Wrangell.

Col. McLean spoke at a street meeting last evening after which he gave an address to a large crowd in the local citadel. He told of the work of the Salvation Army in the underworld of the great cities and also of its activities in the jails and penitentiaries. He said that during the past year 70 prisoners had been released from jail and turned over to the Salvation Army. Only one of these seventy had returned to jail; the rest had reformed and were leading clean and useful lives.

The Army also devoted much effort to the locating of missing people. There were 3,000 such people on the books last year and 200 had been located through the arm of the organization. The Army did its work in such a way that fugitives had nothing to fear in being found. Rescue work among all classes of people was also an important factor in the work of the Salvation Army.

Staff Captain Jaynes presided over the meeting and among those on the platform were Capt. Coleman, Mrs. Coleman, Archdeacon G. A. Rix, Rev. Dr. H. R. Grant, Robert McFarlane, missionary from Terrace, and Rev. J. J. Smithson, Archdeacon Rix closed the meeting with prayer.

Col. McLean sailed for Vancouver on the Prince Rupert last night and Staff Captain Jaynes is remaining in the city until the next boat for Wrangell.

Mrs. C. H. Tupper returned from Vancouver on the Prince Rupert yesterday afternoon.

Mrs. John Elkins, accompanied by her little niece, arrived from Seattle by the Prince Rupert yesterday afternoon to visit her sister, Mrs. C. E. Starr, Waldron Apartments.

A bylaw amending the Traffic Bylaw and providing for the placing of silent policemen and changing of certain road rules was finally adopted by the council last night.

H. T. Gross, who accompanied the remains of his mother-in-law, the late Mrs. Matilda White, to Saskatoon for burial, returned to the city on the steamer Prince Rupert yesterday afternoon.

The Elks' Minstrels, who gave such a successful and appreciated show at Port Essington a fortnight ago, are planning on staging another performance at the cannery town at the end of this week.

Bill Garey was arrested this afternoon by City Constable Macdonald on the information of Gilbert Erwick whom he is alleged to have assaulted on the trawler James Carruthers. He will come up for hearing tomorrow.

Misses Pullar of Calgary are in the city for a few days visiting with Mrs. C. E. Starr, Waldron apartments. They are on their way to Victoria where they will visit their sister, Mrs. E. C. Manning, formerly of this city.

C. L. Kennedy, assistant general freight agent of the Milwaukee, Chicago & St. Paul railway at Minneapolis, Mrs. Kennedy and Miss Kennedy were among the round trip passengers on the steamer Prince Rupert yesterday afternoon.

G. W. Wardlaw, president of the Van Nys Financial Corporation, Van Nuys, California, and Mrs. Wardlaw were passengers arriving from the south on the Prince Rupert yesterday afternoon. They left on the evening train for the East en route to Chicago.

On recommendation of the finance committee, the city council last night rejected the offer of Hamilton Douglas to pay \$140 each for two tax sale lots at the corner of Eleventh Street and Beach Place. Ald. Collart stated that the recommendation had been made simply because the bid was too low. Ald. Smith voted against rejecting the offer.

A report from the Board of Works recommending the purchase of 12 silent policemen from the dry dock at a cost of \$8.65 each was laid over for a week by the council last night. Ald. Stephens felt that only as many as were needed should be bought and that the pattern should become the property of the city. The Board of Works will obtain estimate of the cost of half a dozen.

Robert McFarlane, Presbyterian student missionary who has been at Terrace for the past several months, sailed for his home in Vancouver on the Prince Rupert last night. Mr. McFarlane, who was severely gassed in the war, has been in the local hospital for the past fortnight suffering from a recurring attack of pleurisy. After resting up at his home in Vancouver he will resume his ministerial studies at Westminster Hall in October 1.

H. J. Healy, purser of the steamer Prince Albert, has left the service of the C.N.R. coast steamships to take a position as wireless operator at Ocean Falls.

Fred Goram, first assistant purser from the steamer Prince Rupert, succeeds him on the Albert.

L. C. Mawhinney, second assistant purser on the steamer Prince Rupert, has been transferred to the Prince Albert as first assistant.

Bert Robson, purser of the Prince John, is off on two week's

holidays and L. B. Jones, dock ticket clerk, Vancouver, is acting as purser on the John on her present voyage with T. A. Gilliland, formerly of the Prince George, as assistant. G. H. Hardinge, for some time first assistant purser on the Prince John, has been transferred to the Prince Rupert in a similar capacity.

## PET PARADE AT SMITHERS

Children's Day in Connection  
With Chautauqua Proved  
Wonderful Event

SMITHERS, Aug. 21.—If the god of thunder has been remiss in his visits to this district he is as cause to remember the 1923 surely bent on making amends, chautauqua Saturday last was a far from content with his visit of red-letter day in their young lives, and a day to which they had looked forward. The pet parade inaugurated by Miss Mc-

Kay of the chautauquas was held from the Boy Scout Hall. Some time before the advertised hour continuous orgy of the elements—children in all imaginable costumes and accompanied by their pet dogs, cats, birds and parrots and a large number of dolls, began to gather. The parade was the thunderous claps which sim- bly boomed with the chautauqua, and it was a very flash.

The rainfall was excessive and coupled with Friday's downpour

was the objective, where through the generosity of E. E. Orchard, the "army" was treated to ice more and greater electrical disturbances than any of the old timers can recollect.

No reports have reached town of any damage from the double event, but it will be a few days before lying fodder crops will be dry enough to handle.

Sunday night witnessed the worst storm of the series. The rain, which was lashed by a high wind was driven in sheets and fell heavily and steadily for hours.

The following were the prize winners:

Jerry Warner, for oldest and largest, dressed as a gipsy and leading a mammoth Newfoundland dog.

Patsy Hetherington, for the queerest, a bantam.

Vera Doodson in her excellent guise of an "Old Woman" won the prize for the most original.

"The cleverest" was clever indeed, and consisted of a Roman chariot drawn by a large dog. All the tinsel and trappings were conspicuous and showed much ingenuity on the part of Harold Berg and P. Raymond who were joint winners of first prize.

Margaret Windt as "Butterfly" took first for the best costume.

Theo. Rabbe won first for the smallest pet with a diminutive kitten.

Vimy Windt as "Robin Hood" and bearing the horn carried off first prize in the best musical instrument class.

At 5.00 p.m. all repaired to the banks of the Bulkley River, and enjoyed a picnic. Bathing suits were the most conspicuous item of dress and the sand bar reminded one of a fairy dell with water nymphs disporting in its shade.

Tired, but happy, all returned home full of joy (also ice cream, lemonade, etc.) intermingled with regret that such days must have an end.

B. E. Moore, local manager of P. Burns & Co., Ltd., returned yesterday afternoon by the Prince Rupert from a business trip to Vancouver.

The power boat Nancy has been sold to George Rorie.

## SMITHERS WILL SEND GOOD BALL TEAM TO PLAY HERE AT FAIR

SMITHERS, Aug. 21.—The Smithers Athletic Association has decided to send a baseball nine to the Prince Rupert Fair, under the management of S. A. Arnold.

It is Mr. Arnold's intention to have the boys put on a superior game, and to that end strenuous training is being indulged in so that the players may be in the acme of condition.

While the personnel of the team is not definitely decided, there will be a most representative bunch of local ball-tossers, bent on achieving victory.

There is every probability of a generous crowd of ardent supporters accompanying the team for the dual purpose of rooting for the home team and attending the fair.

The rainfall was excessive and coupled with Friday's downpour

Ald. Munro and his Board of Works came in for some criticism at the hands of Ald. Stephens at last night's council meeting when the question of permanent graded streets vs. continuation of the plank road system came up in connection with the resolution of Ald. Stephens and Ald. Perry for the surfacing of Second Ave. in Section Two in order to make it passable for traffic to Seventeenth Street and thus relieve the plank roads of that part of town. The resolution, which calls for the putting on the work of a small gang of men under a straw boss to break rock and rolling over by the steam roller, was passed with the insertion of a provision calling for a limit of the cost to \$600. Ald. Munro and Ald. Macdonald voted against it.

Ald. Stephens and Ald. Perry explained the purpose of the resolution. A ten foot track was proposed. The job would not require many men and would not take long.

### Strange Procedure

Ald. Munro thought the resolution was a strange procedure. Only last week, the finance committee had warned the council against unnecessary expenditure.

Now a resolution was brought in which bore no estimate of cost and which was accompanied by no report from the city engineer. He did not think the method of breaking rock by hand would be economical. Moreover, the funds for such work were exhausted.

Ald. Stephens replied that the work proposed was far from extravagance but was in the interests of economy. For months back he had made suggestions to the board of works which they had not seen fit to accept. One was in regard to the closing of Moresby Avenue which was in a bad and unsafe condition.

The board of works seemed inclined to continue a policy of repairing plank roads. The situation had now come to a pass where plank roads could no longer be repaired. They must either be rebuilt or roads must be built on the ground.

The piece of road in question was already passable for traffic half way and a very small expenditure would be involved in completing it. If the board of works did not see fit to move it was time the council did.

### Grading vs. Planks

Ald. Colhart said that the \$600 necessary for doing this grading would only pay for 1,500 feet of plank roadway at best. He would rather spend money on permanent

## FISHERMEN'S HOME PLANNED

Committee of City Council Reports Steps Taken View to Establishment

### SHOULD BE SUPPORTED

Ald. Macdonald, as member of the fisheries committee, explained at last night's council meeting what steps had been taken towards the establishment of a fisherman's home in the city.

There had been a conference between the members of the Board of Trade and city fisheries committee and V. A. Giere, student pastor, who was visiting the city in connection with the matter.

The proposed home was not to be under the auspices of the Lutheran Church but rather the Luiherian Young Peoples Society.

It had been thought that \$10,000 could be raised for the building through public subscriptions, especially from the fishing interests. The provincial government had been communicated with regarding the donation of two lots.

Mr. Giere's report would be that Prince Rupert was the logical point for the home although Ketchem would likely have one as well.

The civic fisheries committee had promised nothing but its co-operation.

Ald. Smith thought the city council should support the building of a fisherman's home here no matter where else one was started. The citizens owed it to the fishermen.

Mr. Giere's report would be that Prince Rupert was the logical point for the home although Ketchem would likely have one as well.

The civic fisheries committee had promised nothing but its co-operation.

Ald. Smith thought the city council should support the building of a fisherman's home here no matter where else one was started. The citizens owed it to the fishermen.
