## HOUSE OF COMMONS HEARS FROM RUPERT

### CAMPAIGN FOR NURSES' HOME BUILDING FUND IS NOW WELL UNDER WAY

#### Fred Stork Speaks on Fielding Budget Finding Much to Commend in it

OTTAWA, May 15.—In the budget debate yesterday Fred Stork, Liberal member for Skeena, expressed satisfaction with the contents of the budget as introduced Friday by Hon. W. S. Fielding, minister of finance in the Mackenzie King administration. The reciprocity principles outlined, were, he said, a step toward the realization of better trade relations with the United States.

In tackling the sugar situation as he had done, Mr. Stork said Mr. Fielding had shown his interest in the problems of the housewife. The method proposed by the minister would be more effective than would boycotts such as had been organized by the United States.

#### BUNK HOUSE DESTROYED

Hansen Tie & Timber Co. Had Narrow Escape From Serious Loss by Forest Fire Near Hazelton

Timber limits and camps of the Hansen Tie & Timber Co. at Hazelton and Hazelton near Hazelton had a narrow escape from serious forest fire damage last week. As it was a bunk house, occupied by Fred Griffin's crew, was destroyed. Otherwise, there was little damage to property or timber although there were several alarming blazes.

#### HOCKLEY WILL BUILD BRIDGE

Tender of \$13,020 Being the Lowest was Accepted by the Council Last Night

E. H. Shoekley was awarded the contract for the building of the Hockley Creek bridge last night by the city council at a figure of \$13,020. His tender was the lowest submitted, the city engineer bidding \$14,113.50 and E. Cook & Co., of Vancouver, \$12,900. In order to save time in getting construction of the bridge under way as early as possible, Ald. Munro moved that Mr. Shoekley's tender be accepted. This was seconded by Ald. Perry and carried. The city engineer had been authorized by the council to submit a tender on recommendation of the Board of Works.

The \$23,500 money by-law for construction of the bridge was passed by the taxpayers at the public meeting last week and was finally adopted by the council. It was stated that only sufficient bonds had been paid for the bridge would be built.

#### LABOR GETS FORTY SEATS IN QUEENSLAND

Headed by Premier Theodore It Makes Gains Over all Other Parties

BRISBANE, May 15.—The Labor government of Queensland, headed by Premier Theodore Groom, has definitely obtained forty seats in the state elections and is leading in four others giving a majority increase over all other parties combined.

#### REPUBLICANS TAKEN

BERLIN, May 15.—The last of the republicans operating in Berlin this morning were captured after a fierce engagement. The leader named Kunkel was shot dead.

FRED STORK, M.P., PROMINENT IN DEBATE.

Addressed House of Commons yesterday on opening day of the debate on the budget.

#### Irish Prisoners Deported from England to be Returned Result of Decision of House of Lords

LONDON, May 15.—As a result of a House of Lords decision in the Art O'Brien case, the British government is requesting the Irish Free State government to return to England all the prisoners deported to Ireland, it was announced in the House of Commons.

LONDON, May 15.—Reports that Right Hon. Bonar Law is returning to London from Switzerland today give rise to the suggestion that he curtailed his holiday because of the position in which the government finds itself in regard to the Art O'Brien habeas corpus proceedings. According to the opposition, politicians and press, the situation is extremely serious and they treat it like a ministerial crisis. The cabinet met last night and it is believed they discussed the situation.

#### Progressives in Parliament Asks Radical Changes in Fiscal Policy of Canadian Government

OTTAWA, May 15.—A progressive amendment to the budget moved in the House of Commons yesterday afternoon declares the pronouncement of the finance minister in favor of tariff stability and that no further appreciable tariff reductions are contemplated constitutes repudiation of the tariff planks of the Liberal platform that is inconsistent with the finance minister's statement last session that the changes then made were in the right direction. It expressed the opinion that the principle of protection as the basis of the fiscal policy of Canada was unsound; that every claim for protection should be heard publicly before a special committee of Parliament; that the best interests of Canada would be served by an immediate and substantial reduction in the tariff particularly on the necessities of life and implements of production.

The resolution also asked for an immediate increase of 50 per cent in the British preference, reciprocity in trade with the United States, and that anything lost thereby in customs duties be made good by readjustment and extension of the income tax to bear more heavily on unearned incomes, and also by an extension of excise and other taxes on luxuries.

#### WAGE QUESTION IS DISCUSSED

Rate Set at 57 1/2 c. for Permanent Employees and 50 c. Common Labor

In dealing with wages and outside men in the city employ, the city council last night passed the following resolution:

"That 57 1/2 c. be the rate per hour for men engaged on pole line, sewer, street repair and waterworks departments, time and a half to be paid for overtime, Saturday afternoons not to be considered as overtime.

"That 57 1/2 c. per hour be the rate for rock drilling and blasting, exclusive of contract work, overtime as heretofore set out.

"That the sanitary man be employed at the rate of \$132 per month from May 1.

"That the rate for common labor be 50 c. with overtime as heretofore set out.

"That the foregoing rates be retroactive to March 1 except for overtime which will be effective from May 15."

Ald. Collart moved and Ald. Perry seconded the foregoing resolution which was carried. Ald. Mackenzie and Ald. Macdonald opposing.

Ald. Mackenzie and Ald. Macdonald moved an amendment that 60 c. be the scale of pay for all outside labor. It was lost, the mover and seconder only voting for it.

At the outset of the discussion, Ald. Munro submitted a resolution that 57 1/2 c. be the standard scale for outside labor. There was no seconder and the resolution was dropped.

Attacks Macdonald

Paddy Sullivan, who was in the audience, rose and objected to the scale of 57 1/2 c. launching personalities against certain members of the council including Ald. Macdonald who, he said, as the head of labor, had sat back without opposing the measure which he (Sullivan) described as a "frame-up" and a "miscarriage of justice."

Ald. Macdonald replied that he would like to draw the speaker's attention to the fact that he had at all times endeavored to voice the sentiments of labor which he represented. If he had remained silent on this occasion it was because he felt that his views would not be countenanced by the present council and it was no use wasting further time in advancing them. After all, he felt that he had championed labor longer and would continue to do so more effectively than ever Mr. Sullivan had ever done or would do.

The matter of distinguishing permanent and temporary labor was brought up by Ald. Munro. Ald. Stephens replied that this would be a matter for the heads of departments and the committees to work out.

#### Nurses' Home Campaign is off to a Good Start Teams to Canvass City

The campaign to raise funds for the Nurses' Home building which it is proposed to erect got away to a good start last evening when five teams under their respective captains met in the Red Cross Hut. The leaders are W. F. Roberge, Milton Gonzales, J. L. Christie, Ben Self, A. Akerberg, T. Ross Mackay.

Index cards bearing the names of all city residents were ready and each team was given 350 cards. The following is a partial list of members of the teams:

W. F. Roberge (captain), G. M. Woodruff, B. Glassey, E. A. Donohue, J. Mitchell, S. Johnstone, C. V. Eivil, F. W. Moersch and E. Unwin.

M. Gonzales (captain), A. B. Nicholls, D. Stork, H. Pringle, E. Marentette, N. Pringle, R. Blance, H. White, J. Edwards, H. Lamb.

J. L. Christie (captain), D. G. Stewart, G. W. Nickerson, J. Greer, F. Hale, M. M. McLaughlin, J. Currie, R. H. Menzey, J. W. Scott, and Jarvis McLeod.

T. Ross Mackay (captain), M. J. McNeill, G. B. Casey, W. R. Love, Frank Eitel, J. J. Gills, Miss Woods, Miss McLeod, Miss Landon, D. McKenzie, C. Woodworth, and G. Rudderham.

Ben Self (captain), team to be named.

A. Akerberg (captain), S. Webb, C. Starr, J. Lee, C. Kirkenfall, P. Lorensen, G. Anderson, McKenzie.

Some contributions have already been received toward the fund as follows:

#### SECOND AVENUE TO GOVERNMENT

City Council Gives Over Street East of McBride for Program of Beautification

The city council last night, on motion of Ald. Collart, seconded by Ald. Mackenzie, granted permission to the provincial government to close Second Avenue east of McBride Street, in its program of beautifying the court house grounds. Plan No. 2, which provides for park and garden spaces in the area instead of a bowling green and tennis courts, as in Plan No. 1, was approved by the council. According to this plan, the main drive way approaches to the court house will be from First and Second Avenue will be closed except for a couple of concrete walks.

Ald. Munro said that No. 1 plan had been adopted by the Board of Trade. He also felt that the government should grant the city some site, perhaps at the corner of Third Avenue and Third Street for a sports building, in lieu of giving it Second Avenue. Ald. Collart felt that in giving the Government Second Avenue, it would be taken off the hands of the city and put to use that would be of advantage to the whole city. If the city wanted such a site as suggested by Ald. Munro it could be asked for on its merits.

#### POLICE SEIZE RED BANNER

Raid on Offices of United Mine Workers at Glace Bay; Literature Captured

SYDNEY, N.S., May 15.—A huge red banner, which gained notoriety in the recent May Day parade as well as a large quantity of alleged seditious literature was seized by a detachment of thirty provincial police, which last night raided the United Mine Workers' headquarters at Glace Bay and the homes and rooms of the executive officers of District 26.

**Stork To Fore In Budget Debate.**

Fred Stork led off quite early in the budget debate at Ottawa and his speech was so well considered by the press representatives that they sent out a fairly full report of it on the wires to British Columbia. Everyone here will feel somewhat of a glow of pride to think their member has been able to hold his own so well in a house composed of so many members. They cannot all speak. Many of them never do anything but vote. Prince Rupert, however, has a voice in the House and so important a one that it is heard as far as the Pacific coast. The report that came to us last night and which is published today is not a special despatch but one sent out generally by the Canadian Press.

**Rapid and Radical Reforms Dangerous.**

Rapid reforms are dangerous. Changes in tariffs or in anything else cause confusion and reach out far beyond what anyone expects. Also the threat of changes tends to cause instability in business and keeps industries from expanding. At the same time a moderate amount of uncertainty keeps manufacturers from taking advantage of the tariff to raise prices inordinately.

Free trade would be the right thing if there had been no war and there was no need of raising immense sums to pay the interest on war debts and also to pay for the losses on a railroad system. Free trade with our neighbors is one of the conditions we may yet look forward to, but it will not come for some time. The farmers are interested in free trade on those things they have to buy and they make a great fuss if they find they, the producers, the tillers of the soil, have to help pay the war debt through import duties. Yet the farmers should pay their share along with the rest. We all hate to pay taxes and we all think the other people should pay more than we. It takes a courageous government to hold its own against a farmer movement such as that of the prairies. Yet the farmers must not be given everything at the expense of those who are not farming. If the revenue has to be raised, and it has, we should all stand together and each pay his share.

**Shipment Of Grain By Prince Rupert.**

Fred Stork spoke in the House of the possibilities of shipping grain through Prince Rupert. A short time ago a despatch from Ottawa stated that an inquiry was to be instituted as to the various western grain routes. Apparently this route is being considered and every time our member is able to tell the House of Commons about it, the more familiar will they become with the idea until eventually we shall see the golden stream flowing this way as it is today flowing through Vancouver.

**Danger Of Too Much Prosperity.**

Several times we have spoken of the danger of too much prosperity and have pointed out that men who can make a good living and hold their own in competition under normal conditions are easily crowded to the wall in time of rapid growth. This is illustrated very well in a story sent out by the Associated Press from Washington and emanating from the post office department there. It says:

"When an oil boom hits a one-man post office things begin to happen, as witnessed by the records which have just been made public of the tribulations of the postmaster at Smackover, Ark.

"Smackover was basking in the sun, a town of 200 last fall when oil was struck. Almost overnight the population swelled to ten thousand, and this message came to the post office department from Postmaster Fred V. McDonald, who, meantime, had grown wealthy in oil lands:

"The office is out of my control; letters arriving 5,000 to 7,000 daily; parcel post by the tons; can't open mail any longer, no place to put it; accept resignation."

"Thirteen assistants were rushed to Smackover and the salary was increased from \$600 a year to \$2,500, but Postmaster McDonald refused to stay longer on the job than was necessary to get things running smoothly."

Because it cleanses these pores and encourages the healthful action of the skin, Dr. Chase's Ointment is most effective as a skin beautifier. Roughness, redness, pimples and all sorts of skin blemishes disappear by its use, and the skin is left clear, smooth and velvety.

**DISCUSSION OF UTILITY RATES**

Bylaw Introduced by Superintendent Providing for Reductions Tabled for Week by Council

**LOVE URGES REDUCTION**

Little Change in Revenue Expected Except from Loss of Meter Rents

The city council at length last night discussed the report of the superintendent of utilities, Ernest Love, on proposed light and power rate reductions and finally laid the report on the table for a week for further consideration. Mr. Love was present and explained the proposed new bylaw. The time-honored debate, utility rate reductions vs. increased taxation, was indulged in, Mayor Newton and Ald. Macdonald, chairman of utilities committee, championing the cause of the utility users and Ald. Stephens, chairman of the finance committee, taking up the case for the taxpayers.

Mr. Love stated that one of the important objects to be gained by means of the new bylaw would be the ending of present discrimination as far as domestic rates were concerned. Under the present bylaw 10 1/2 c. was charged for light and 6c. for power, the duty of making the division for these charges on the meter reading coming on the clerk making out the accounts. There had been many complaints. Under the new bylaw, 8c. flat would be charged for the first 25 kilowatts, the rate graduating down as greater consumption was recorded. With the discounts, a rate comparing favorably with North Vancouver, South Vancouver and Point Grey would be reached. On the whole, he did not think that the new rate would change the revenue very much as far as residence consumption was concerned. The new business rate would, however, cause considerable reduction in revenue as would also the dropping of meter rents. He estimated that the total reduction in revenue through the new bylaw would be in the neighborhood of \$16,000. Last year, according to the auditor's report, the utilities had shown a surplus of \$7,694.58. This year, so far, the surplus was \$10,236.77. The difference in surplus between this year and last was to be explained by the fact that, last year, large sums had been spent out of revenue in new construction and reserve equipment. This year the buying of new stores had been avoided although some \$4,000 had been spent out of revenue in making connections with the dry dock and the railway. Under present conditions of the utilities, he thought that the city was perfectly safe in putting through a bylaw that would give the consumers the benefit of a cheap light and power rate that they had not had in the past.

**Safe Reduction**

Mayor Newton said that the reduction proposed was a safe one and would still cover with ample margin any emergency that might arise through additional construction or decrease of population. If, on the other hand, conditions continued as at present without any unforeseen emergencies, it might be possible to make still further reductions in rates this year.

Ald. Stephens, while realizing that some rectifications in the rates to avoid discrimination were necessary, said that he was not enthusiastic about heavy reductions in revenue. This year's rate had been struck taking into consideration all revenues. The reduction proposed would effect this year's financing. He did not see why revenues should be dissipated in reducing rates and felt that the city of Prince Rupert should have the benefits of profits from its utilities. There was a grave danger in taking this step of piling up more bonded debt. The water utility, he felt, should come under the same head as the electric light and they should go hand in hand, the surplus of one covering the loss of the other. If money was lost in utilities revenue, it would have to be made up in taxation. By adopting reductions in light and power rates, they would be working against the taxpayers at the advantage of utilities consumers, many of whom did not pay a cent

in taxes to the city. They should keep the tax rate as low as possible and encourage the investors without whom the city would go into the hands of receivers. Rather than see the utility rates reduced, he would prefer that they be worked out on a basis as near to last year's as possible but eliminating discrimination. He was not anxious to reduce rates in one place and pile up taxes in another.

**Defends Reductions**

Ald. Macdonald maintained that the small investors who made their homes here were as important to the city as the large investors who lived away and only visited the city periodically to collect their rents. All residents were helping to build up the town and they should get the benefit of reduced rates although he did not feel that the taxpayers should bear the whole burden. A happy medium was the object of the present proposed reductions.

Ald. Stephens declared that every taxpayer was helping the town. Every reduction in the rates of utilities would mean increases in taxation.

Mayor Newton felt that the purpose of municipal ownership was to cover initial expenditures and then provide as low rates as possible. It was not fair to accumulate large surpluses by means of high rates.

Ald. Stephens pointed out that the taxpayers had guaranteed the original cost of the plant and should therefore receive the benefits of surpluses from service. Reducing rates might be a good way of getting votes but it was poor business nevertheless.

Ald. Collart stated that past surpluses of the utilities had been used in paying back debts to general fund.

**Water Deficit**

Mr. Love pointed out that the electric light utility had last year been loaded with a deficit of \$11,000 from the operation of the waterworks department.

The bylaw was laid on the table, Mr. Love requesting that, whatever the council might do in regard to reduction of rates, the present discriminatory rates should at least be remedied.

**UTILITIES REPORT**

Telephones Show Surplus of \$682 and Electric Light a Deficit of \$425.85

The telephone department shows a surplus of \$682 for the month of April and the electric light department a deficit of \$425.85 according to a report submitted to the city council last night by Ernest Love, superintendent of utilities. The expenditure in the telephone department during the month was \$2,917.30 and the estimated revenue, \$3,600. In the electric light department, the cost was \$7,625.82 and the revenue, \$7,200.

Reporting on electric light operation, the superintendent showed that the revenue in April had been less than in March and there had been a deficit because \$2,068.03 had been paid out of revenue for making the dry dock connection. Cost of operation had been reduced by \$814. Lengthening days and less light used was the reason for decreased revenue. Since January 1, the department had paid over \$4,000 out of revenue for new construction.

The telephone report showed 1284 phones in use at the first of April and 1273 at the end.

**The Man in the Moon SAYS--**

ENTHUSIASM is the life of the soul.

WERE it not that he is superintendent of the schools and therefore must be circumspect in his language, H. L. Campbell would exclaim in stentorian tones: "Nurses' Home or Bust." As it is about all the slang he is allowed to use is "some such expression as: 'We intend to put over this goddam thing or somebody'll know the reason why.'"

THERE was a young man of somewhat sporty proclivities who sits at the head of a table in a local boardinghouse, who, when he heard of the slogan "Nurses' Home or Bust," remarked "Oh, give me a bust anytime."

NOW that wrist watches for men and short skirts for women are almost forgotten, what is a person to write about in a

Navigation on the Great Lakes  
by the Northern Navigation Co.  
will commence from Port Arthur  
eastbound on May 15 and from  
Sarnia westbound on May 12, ac-  
cording to advice received at the  
local C.N.R. offices. The opening  
of navigation this year is later  
than usual on account of the  
late arrival of spring with the  
thawing of ice on the lakes.

**Grow Bigger Better Sweet Peas**

Most gardeners can grow an abundance of sweet peas, but they can't all get the beautiful large strong looking blooms that everybody likes. The only reliable method is to nourish the plants to grow strong and healthy by using FERTABS.

They are easy to use and clean to handle. You can carry them around in your pocket and use when and where necessary. FERTABS feed the plant only. No waste and less weeding than when you use a bulky fertilizer. Use them for all your plants—flowers, fruits and vegetables. You'll get a bigger and better growth, and if you market your crop it will mean bigger profits.

Buy them where you buy your seeds.

CITY TO CARRY MORE INSURANCE

Council, on Recommendation of Finance Committee, Decides to Put on \$30,000 Additional

On recommendation of the finance committee, the city council last night decided to take out \$30,000 additional insurance on its buildings and stores as follows: Fire Hall, \$2,000 more. City Hall, \$12,500 more. Furniture and fixtures of city hall, \$2,500 more. Fraser Street store, \$10,000 more. Store building, \$1,000 more. Fire hall store room, \$2,500 more.

Fire hall apparatus and telephone switchboard as required. Ald. Stephens pointed out that present valuations of city buildings were not true because of past depreciation reductions. The city hall was now insured for \$12,500 while its value was estimated at \$30,000. It was proposed to raise the insurance to \$25,000. The Fraser Street store had \$10,000 insurance, its value was estimated at \$30,000 and it was proposed to put on \$20,000 insurance now. The report of the finance committee recommending the increased insurance was adopted without division.

PRESIDENT HARDING INVITED TO VISIT CITY THIS SUMMER

On motion of Ald. Munro, seconded by Ald. Perry, the city council last night decided to send an official invitation to President Harding, of the United States, and his party to visit Prince Rupert in the course of the proposed tour to Alaska this summer. According to present plans, President Harding will arrive at Seattle early in July and will sail from there to Alaska including Vancouver and Victoria in his northern itinerary which will cover the month of July and part of August.

An application from Albert Renault for the position as driver of the city's Day-Elder truck was referred by the council last night to the Board of Works which already has three other applications for the job. Ald. Munro pointed that J. J. Anderson, the former driver, was on leave of absence and, if he did not soon return, it would be necessary to appoint a new man.

Her Heart Skipped Every Third Beat

Mrs. James Burleigh, 248 King St. E., Chatham, Ont., writes:—"I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me."

"I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat."

"I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a lot better, and could sleep a little and felt stronger. I continued taking them for about three months, and felt better than I had for years."

"When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like letting everyone know what they did for me."

MANITOBA INCREASES ANNUAL INCOME TAX

WINNIPEG, May 15.—Drastic increases in the percentage of tax under the new provincial Income Tax Act were added to that measure on the motion of F. I. Dixon, Labor leader, in the law amendments committee of the legislature. Under the change an additional one and one half per cent is added to the tax as outlined in the bill all the way up from the point where taxation starts. While this has a very small effect on small incomes it reaches very high figures on the larger incomes. The maximum tax is reached at an income of \$39,000 when the total amounts to 20 per cent.

Members of the government including Premier Bracken, Hon. F. M. Black and Hon. R. W. Craig, opposed the amendment, arguing that on top of the federal tax it would place an impossible burden on the shoulders of big business men. Thus, it was pointed out an income of \$40,000 or over would bear a burden of 60 per cent, including the federal tax. As originally drawn the bill reached a maximum of 7 per cent, at \$13,000 and did not increase thereafter.

## BURNS LAKE AND LAKES DISTRICT

A largely attended dance was held at Decker Lake on Saturday night in the Community Hall when the new piano received its first try-out, much to the appreciation of the dancers. Miss Marion Cowen, of Rose Lake, Mrs. G. S. Wood and Mrs. H. J. Jewell, of Burns Lake, and Bill Johnston, of Decker Lake provided excellent dance music. Mrs. H. Piche attended to the coffee and refreshments in her usual efficient manner. Five carloads of Burns Lake residents were present.

The Burns Lake Garage have installed a Gilbert & Barker, self registering triple filtering oil and gas tank.

Gordon B. Robb, J.P., is the first citizen in Burns Lake to start civic improvement along the line of planting shade trees on the street in front of his residential lots. Last week he planted a number of fine standard golden willow, red willow and American elm.

Miss Olive Stayer, of Francois Lake, represented that district at the Decker Lake dance on Saturday night.

Andy Ruddy has purchased a new Dodge car and has disposed of his Ford.

P. Sharkey of Prince Rupert, was registered at the Omineca Hotel last Friday.

A large number turned out to hear the special program in the Union Church, Burns Lake, last Sunday. Miss Grace Andrews presided at the piano, Mrs. M. F. Nourse played a very effective offertory number, the local editor gave a twenty-minute address on "Great Men," and W. W. C. O'Neill occupied the chair. A special children's choir gave a very pretty anthem.

A fire started in the Uneha Valley district last week, but was quickly suppressed by the prompt action of forest ranger E. T. Calvert.

Mr. and Mrs. Frank Garroll, of Decker Lake have taken up their abode in Burns Lake for the summer.

The completion of the Burns-Lake-Endako highway is a live issue with all the citizens of this district and all other points are asked to co-operate. "Vancouver to Hazelton by Auto" is the slogan.

Sam Marsh has moved his headquarters from Houston to Topley. We understand this is in order to be a little nearer Burns.

Kenneth Scherk, of Prince Rupert, is a business visitor in this district.

Arthur Noren is endeavoring to get a permanent job at Francois Lake in order to attend to his interests here.
