WHISKEY IN EGGS PRICE \$6 DOZEN

LOS ANGELES, Feb. 10.—"The very best grade of Canadian eggs" were quoted here to day at a price of \$6 a dozen.

Prohibition agents seized a case and learned why the price was so high—each egg had been blown and filled with "three fingers" of the best Scotch whisky.

Dead in Cumberland Mine Disaster Number 33; Inquiry is Ordered

CUMBERLAND, Feb. 10.—The official list of dead in Thursday's mine explosion in Number Four mine of the Canadian Collieries was placed this morning by the officials of the company at 33. Of these 32 have been recovered and one is still in the mine.

It was announced this morning that a public funeral will be held on Sunday for the white victims of the disaster.

A coroner's jury last night viewed the bodies and then postponed taking evidence until February 16.

William Sloan, minister of mines, has ordered a rigid investigation into the cause of the disaster and George Wilkinson, former chief inspector of mines, has been ordered to conduct the investigation.

Sixteen of those dead are white men and the remainder Orientals.

At the meeting of the city council last night it was decided to make a province-wide appeal for aid for the sufferers, a large number of families being left.

Some of the bodies are badly burned and identification is somewhat difficult in some instances.

DAILY MAIL IS ASKED

Grain Elevator Asked of Dominion Government But Not of Railway

WINNIPEG, Feb. 10.—It is understood that the Canadian National Railway and the Merchant Marine are both revising their schedules in preparation for the spring. It is very probable that the train eastbound will leave here earlier than at present in order that tourists may see the wonderful and much advertised Skeena River canyon. There is also talk of a three times a week service for the two steamers Prince George and Prince Rupert and with increased services for Stewart and Anyox.

The proposal to run a steamer to Alaska from Prince Rupert during the summer season to handle the Canadian National tourist trade has also been mentioned as a possibility.

The through business of Prince Rupert is steadily developing and given encouragement will become a feature of the G.T.P. service.

VANCOUVER, Feb. 10.—Major J. C. Thorn of Vancouver was notified that he had been left a handsome legacy by Herr Gertner, an aged German. The will recites that Thorn "although an enemy to my country at the time did at the station of Leinzig, while under an armed guard, jump in front of an approaching train and save little Karl."

Karl was Gertner's grandson. Major Thorn was being transferred from the prison camp to solitary confinement at Guesten at the time.

The legacy leaves Thorn an old manor house and the granddaughter of the testator has offered him ten thousand dollars for it.

Lumber Wharf and Bunkers

1.—That a lumber assembly wharf be at once built at Prince Rupert for the accommodation of shippers of lumber for export and that a substantially reduced export rate be given on lumber shipped from interior points to the port of Prince Rupert for export.

2.—That terminal coal bunkers be built at Prince Rupert. This would be necessary accommodation for ocean ships and coastwise vessels and should result in the sale of a large quantity of coal and much freight to the railway company.

3.—That the necessary arrangements be made with an American shipping company to carry freight from Alaskan ports to Prince Rupert, and from Prince Rupert to Alaskan ports, and in particular from Alaska to Prince Rupert, salmon and other fish products and lumber, and from Prince Rupert to Alaska, hay, grain, flour, and package freight routed in bond and otherwise.

Ocean Steamship Service

4.—That regular ocean steamship sailings be inaugurated from Prince Rupert via Vancouver and the Panama Canal to Great Britain and Atlantic ports and from Prince Rupert to the Orient for the purpose of handling freight and more particularly lumber, fish and copper. In this connection we would point out that the Granby Consolidated Mining, Smelting, and Power Co. Ltd. is the largest producer of copper in the British Empire and at the present time this copper is all delivered to southern ports for transhipment through the Panama Canal and further, in connection with such steamship service, that the freight organization

POLICE BOARD ON ESTIMATES

Chief is Asked by Commission to Report on Feasibility of Three-Man Force

In a preliminary discussion of the estimates for the year, the police commission yesterday afternoon considered the advisability of making reduction in the force but reached no decision in the matter, pending a further report that has been called for from the chief and which will be presented at a meeting to be held next week.

Chief Vickers presented two sets of estimates, one providing for a five man force besides the chief (as at present), totalling \$14,885. Expressing the belief that a three-man force might be practicable, the mayor requested the chief's views on the matter and it was for the purpose of getting a report on this that the meeting adjourned until next week.

Chief Vickers presented two sets of estimates, one providing for a five man force besides the chief (as at present), totalling \$14,885. Expressing the belief that a three-man force might be practicable, the mayor requested the chief's views on the matter and it was for the purpose of getting a report on this that the meeting adjourned until next week.

Mayor Newton declared that in his opinion a force of even four men besides the chief would be criticized. He would favor at least a trial with three men. The public were clamoring against the cost of the police department.

Only One Man

Commissioner Shockley thought it would be impossible to drop off more than one man.

Commissioner Cameron took a similar view and stated that protection was what was desired and it must be paid for. Contingencies always had to be guarded against and it was no use waiting until something happened before realizing that the force was too small.

It was pointed out at the meeting that, in 1921 the police expenditure had been \$26,000 and in 1922 approximately \$20,600. Fines collected during 1922 had totalled \$7,570.35, bringing the net cost of the police last year down to \$13,029.65. Mayor Newton and Commissioner Shockley pointed out that the commonly heard statement that the police had cost \$30,000 last year was thus refuted.

The red light scheme proposed by last year's commission as a means towards reducing the size of the force was read at the meeting but was left over until the estimates are further dealt with.

Details of the estimates presented by the chief were as follows: Salaries, \$13,380; office supplies, \$75; water, light and telephone, \$750; transportation of prisoners, \$600; keep of prisoners, \$750; uniforms and equipment, \$400; telegrams, \$30; workmen's compensation, \$200; miscellaneous, \$300. The only difference in the two sets of estimates comes in the matter of salaries. The foregoing salary item is for a five man force, while for the four man force it would be \$14,580.

POLICE BUSINESS FOR MONTH LIGHT

Only Five Cases in Police Court in January—Fines Totalled \$202

A very light month in police affairs was reported upon by the Chief of Police in submitting his statement for January to the commission yesterday afternoon. There had been five cases dealt with and fines had totalled \$202. Raymond Fisher, Noel Peters, Classified, the cases were: vagrancy, one; intoxication, two; unsealed liquor in possession, one; and drugs in possession, one.

The last mentioned two cases had been dismissed. Coal and bread measures had been inspected and found correct.

PROVINCE PAYS FARE OF LIQUOR SELLERS TO JAIL

Attention being drawn to the fact that transportation to Okalla of prisoners found guilty of selling liquor was paid by the provincial government, the chief of police was instructed by the police commission yesterday afternoon to prepare accounts of recent offenders in this class with a view to submitting them to the government for collection. In dealing with the accounts, Mayor Newton pointed out to the board that the chief item was the bill in connection with fares of offenders to Okalla.

The winners of the raffles were as follows:

Dresser cover, donated by Mrs. Batchelor, won by Mrs. Alex. Macdonald.

Burdock Blood Bitters

Relieved Her of Headaches

Headache seems to be habitual with many people, and some, if any, are seldom free from it, suffering continually, and wondering why they can get no relief.

In all cases of headache the treatment should be directed to the removal of the cause, and with the cause removed the headache will vanish.

It is impossible to find a better remedy for headaches of every description than equal B. B. B., acting as it does on every organ of my system.

Mrs. Douglas Bissborough, 280 McKenzie St., Sarnia, Ont., writes:—"Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.

Many Fine Costumes at Knights of Pythias Affair Last Night

The Knights of Pythias' annual masquerade ball at the auditorium last night was an unqualified success. There were about 180 persons present and, under the inspiration of the excellent music furnished by the Westholme Orchestra, they enjoyed to the full the carnival spirit of the evening.

The judges were: Mrs. J. Keefe, Mrs. Dr. Tassie, A. T. Simke and Mr. J. J. Mulligan. There were so many excellent costumes that it was hard to name the best, but the prizes were finally awarded as follows:

Best dressed lady, Mrs. Bert McEvoy, representing a "Carnival Girl," prize, an ivory triangular clock; Miss Kitty Noelle, "Negress Banjoist," best comic character, a silver cream and sugar set; N. G. Robinson, "Knight," best dressed man, a set of military brushes; and Thomas Smith, "Zulu Chief," best comic character, a novelty ash tray.

Among those in costume were: Mrs. P. J. Ryan, "Red Cross Nurse;" Miss Florence Rose, "Rose;" Miss Florence Joy, "Topsy;" Miss E. Shenton, "Billiard Table;" Mrs. J. Bourne, "Modern Pierrette;" Mrs. S. The Lakeview Quartet Club, Mr. and Mrs. Atwood, Mrs. Cook and Mrs. Martin, which have made their first appearance at the concert given by the Lakeview Community Club, was heard again with much pleasure by the people of Terrace and Roy Pearson gave one of his popular recitations.

**GASSED OVERSEAS
SHELL SHOCKED
and RHEUMATISM**

Mr. F. M. Blaquier, Moosomin, Alta., writes: "After three years service overseas I returned to Canada almost a complete wreck. I had been gassed, and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors, but none of them did me any good for any length of time. I got so bad in the Fall of 1919, my hands were so shaky I could scarcely hold anything, and it seemed as if I had a steel band pressing on my head. The least excitement would almost drive me into disorder; I had cramps in my legs nearly every night, and hot and cold chills running up and down my back nearly all the time. One day I decided to try Milburn's Heart and Nerve Pills, and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved."

these present were Mesdames Sundal, Munro, Souci Hughson, McKinnon (of Van Arsdol), and Miss Kerr.

Mrs. Brooks entertained a few of her friends at afternoon tea on Tuesday to meet Mrs. Donald, who is visiting with Mrs. George Dover. Among those present were Mrs. T. J. Marsh, Mrs. Geo. Little, Mrs. Geo. Dover, Mrs. F. T. Boss and Mrs. Donald.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

The Admiral of the Mosquito Fleet reports that waterfront business during the week has lived up to expectations.

Early in the week the fish arrivals were on the light side owing to so many of the smaller boats coming in a bunch last week end. Incoming skippers report that the weather on the high spots was of a pretty thick nature until Wednesday when the weather man switched on the sun and gave the boys ideal fishing conditions. It is anticipated there will be some big fish deliveries over the week end, was knocked down to a local buyer.

Some excellent fur arrivals are reported during the week. Although to date the majority of the trappers have not come in with their catches, those trappers who have returned have certainly been getting "the goods" as far as quality is concerned.

Activity is already noticed among the members of the Prince Rupert Yacht Club and every day sees one or more of the ardent water sports looking the little ole joy boat over in readiness for the balmy summer evenings when pa, ma and the kids can enjoy their leisure on the deep blue sea.

Great Excitement

The home crews of the mosquito fleet were suddenly brought to life at an early hour on Thursday morning when it was discovered by the secret service that ye olde warehouse of the Calgary Export Company at Cow Bay was conspicuous by its absence, the old landmark having left its moorings. The shout of "all hands on deck" was quickly responded to. The Admiral had just got his hands on deck when some fool trod on 'em. Amid yells and curses the old boy, armed with an empty bottle and surrounded by his trusty men, made a dash for the scene of trouble only to fall back in dismay. Yes sir, only too true, the home of the joy liquor was no more. The Admiral ordered all boats out to assist in the search as it was feared a full case was still aboard, and the old man thought chances might be good to get his empty bottle filled. After a thorough search the missing joy house was sighted heading for Lookout Point, the home of Paddy Raymond's Irish colony. This set the boys thinking, but upon closer investigation it was proved that the old warehouse had been sold to one of the Seal Cove crab magnates to be used as an office.

Freeman Located

Skipper Hoomes K. Freeman, of the launch Narwhal, who left port some two weeks ago for southern points to supply mush to the mush savages, has been located at Hartley Bay. Cap. is reported to be going strong both from a mechanical and business standpoint. Contrary to previous reports it has been finally ascertained that Cap did not take the Admiral's corkscrew with him. The skipper will not return home for some two weeks.

Eilda Visits Us

On Wednesday morning last the fleet coastguards sighted the troller "Eilda" heading into port at a merry clip. Capt. Jack Oland was on the bridge and had journeyed from Lois Island to pick up a cargo of provisions. The cargo being safely stored Cap. hit out for the return voyage on Thursday afternoon.

Hospital Life

(By Walt. Mason, jr.)
"You talk about a life of ease, I'll tell a yarn so listen, please. Being on the bum with a gammy leg, 'Hospital for you,' the doctor said, I'll tell the world they're teaching me, what this life of ours should really be. The Doc, he may induce a scream, but the nurses, boys, they're quite a dream. I'm lying in a spotless bed with no alarm to wake the dead. At morn, the night nurse wakes you up, brings water, towel and shaving cup. When washing's through, you take a rest, then breakfast in your little nest. The day nurse then comes on the scene and takes your temp, with joy, it seems. When this is done, another rest till nurse returns to rub your chest. Then matron, knocks, asks how you feel, why you feel so good you good almost squeak. Next comes the Doc off with a smile, says 'think hell last a little while.' Look out for squats he's touched the spot, its the only kick all day you've got. The dressing done, Doc smiles farewell, when 'ting-a-ling,' the dinner bell. You eat your lunch and feel so fat, that you drop to sleep like the old home cat. If you're lucky then, friends come around and wake you up with mirthful sound. You chat awhile, they go away, then nurse come in with the supper tray. At 8 p.m. you think that's all, but in comes nurse with alcohol. It's not to drink I'll tell you that, its rubbed into the patient's back. The night nurse then will have her way and drops around with another tray. A nice hot glass of steaming milk, why the world just seems a bed of silk. Now you know the schedule for the day in the hospital across the way. But I'll tell you boys when you're on the bum, you'd give a lot to be back on the run."

Boat Falls Over

On Wednesday night the halibut chaser N. & S., Capt. H. Lear, had the misfortune to fall over at low tide in the vicinity of Cow Bay ways, while she was awaiting her annual overhaul. However, the boat was quickly righted and the damage will soon be rectified.

Another Inventor

It has long been the dream of inventors to harness the ocean's tides for the benefit of mankind.

A member of our local intelligentia has come forward with a scheme to use these rhythmic pulsations for the betterment of Prince Rupert's pleasure fleet. It is understood that Bob Blance of Seal Cove has prepared plans for a tremendous improvement to the comfort and beauty of the local fleet. The scheme is to take the boat to the Prince Rupert Cannery late on a Sunday night, wait for the tide to go out and the boat go aground. Then let her capsize. When the tide rises let the boat fill up with salt chuck. When the water has been bailed out it will be found that the interior is beautifully decorated in a marbled effect by the oil and distillate floating around. A tryout has been made with Bob's palatial craft the Florence B. All who have seen it vote the result an unqualified success.

DELINQUENT GIRLS CHARGED AT VICTORIA

City Prosecutor Would Like to See Change in Criminal Law

The delinquent girl, not yet seventeen years of age, who with a still more youthful companion was charged with vagrancy before Magistrate Jay last Friday, was again brought into the police court yesterday, and was further remanded at the request of City Prosecutor Harrison, says the Victoria Colonist. The younger girl was dealt with in the Juvenile Court, her age being under 16 years.

The girls are being held in custody pending a searching investigation into their deplorable situation by the authorities. Mr. Harrison intimated yesterday that both girls were in need of medical attention; and in that respect were under the care of Dr. Price, City Health Officer.

Dead Letter Amendment

Police activities in the case are concerned with the possibility of dealing in the criminal courts with the men who are alleged to be responsible for the downfall of the girls. Investigations have led the officers of the detective force into Chinatown; and the girls have freely admitted that motor car trips with young Chinamen, as well as with white men, are among the means by which they have been taken on the primrose path to untimely destruction.

Mr. Harrison informed The Colonist that the case of these girls was one which, in the most tragic manner, illustrated the need of raising the age of persons dealt with under the Juvenile Delinquent Act from sixteen to eighteen years. The act was amended in June, 1921, so as to bring about this reform; but it was also provided that the amendment should not come into force until it had been proclaimed by the Governor-General-in-Council. That proclamation has not yet been made; and the amendment stands as a dead letter on the statute book.

Take "Fruit-a-lives" The Wonderful Fruit Medicine

805 CARRIER ST., MONTREAL

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened.

At last, a friend advised me to take "Fruit-a-lives" and in a short time the Constipation was banished, I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."

Goldsborough Hall was thought to be well supplied when two were installed a few years ago, both attached to guest chambers. There are now ten.

Special apartments have been provided for royal guests and it may be assumed that the Hall, which 4 centuries ago was the favorite gathering place of the gentry of the country, will once more be the scene of varied entertainments and parties.

FRENCH PREMIER TO GIVE INFORMATION TO COMMITTEE OF CHAMBER

PARIS, Feb. 10.—Premier Poincaré has decided to comply with the request of the foreign relations commission in the chamber of deputies to appear before it and explain the Near East and other situations. He announced that he would confine himself to setting forth the position as it concerns the different points on which the commission asks information but would refuse to take part in any discussion.

Magistrate Puts Case

"There is little doubt that if the Provincial Government would make the necessary representations to Ottawa, the amendment would be proclaimed in British Columbia," said Magistrate Jay.

"The amendment is important and valuable" from several aspects. Not only would it enable magistrates to deal more effectively with delinquent girls between the ages of sixteen and eighteen; but it would permit the police to strike at adult persons responsible for such delinquency.

"As it is now, girls under eighteen but over sixteen, come into the criminal courts, and if convicted, must be dealt with as adult criminals. As juvenile delinquents, they could be dealt with under several of the rescue agencies available in the discretion of the magistrate. Moreover, if the age limit for juvenile delinquents were raised in accordance with the unproclaimed amendment, the men responsible for their ruin could be dealt with under the special provision of the statute which makes it an offence to commit acts contributing, or likely to contribute to juvenile delinquency." Girls between sixteen and eighteen are in need of even greater protection of this sort than those under sixteen.

The magistrate took notice that action under section 37 must be commenced before the issuance of such Certificate of Improvements.
