## ONE FRENCHMAN AND ONE GERMAN KILLED

### MANCHESTER GUARDIAN SAYS BRITAIN MUST PASS ON HALIBUT TREATY

#### French Difficulties in Occupied Area: Soldier Killed and 3 Arrested

DUSSELDORF, March 19.—The killing of a French soldier and a German civilian and the announcement that German mine owners have been allowed until April 15 to pay the 40 per cent coal tax, were outstanding developments in the Ruhr situation over the week end.

The soldier was shot at Essen railway station and the German who endeavored to escape was wounded so badly that he died later. Three others were arrested on suspicion.

The French announce the first penalties recently threatened if the mine owners failed to pay the coal tax have been revoked and that in some instances licenses are being withheld. Continued failure to meet the tax obligations will result in the arrest and court martial of Germans, it was warned.

ESSEX, March 19.—A French soldier was shot and killed and three Germans were arrested on suspicion. A fourth German who tried to evade arrest was shot and wounded.

#### UNION STEAMSHIP COMPANY'S DOUBLE SERVICE ON APRIL 1

The Union Steamship Co. will put on two steamers in the Prince Rupert service on April 1, Jack Barnsley, local agent of the company, announces. The steamer Chelohsin will arrive here on Sunday evenings in the Anxox and Alice Arm service and the Venture, doing the cannery run, will arrive on Fridays at this port. The company's new steamer, larger and speedier than any of the present boats, will arrive on the coast from England in June and will be commissioned in the Prince Rupert and Anxox run. It has not yet been definitely decided who will take command of the new boat but in all probability it will be Capt. Dixon, now on the Camosun.

Reductions in fares from here to Vancouver and Ocean Falls, announced last week by other companies, will be effective on Union steamers also, Mr. Barnsley states.

Rodolph Valentino with his wife, Winnifred Hudnut, signing a contract to make a dancing tour. They will receive \$25,000 a week salary.

#### ELECTRIC LIGHT AND PHONE SERVICE WAS DISTURBED BY STORM

Repairs all Made and Everything in Working Order Again Today, Superintendent Reports

The fierce storm on Saturday night and Sunday caused several interruptions in the municipal light and telephone service but Superintendent Ernest Love stated this morning that the crews had been called out yesterday and now everything was in working order again.

Late Saturday night the street lights in Sections 5, 6, 7 and 8 went out when a wire burned out at the corner of Fourth Avenue and Hays Cove Circle.

Yesterday the commercial circuits in the same sections were put out of commission intermittently on account of wires short circuiting in the gale.

The line gang was out for about four hours yesterday locating the troubles and making repairs.

#### OFFICIALS PAID VISIT BUTEDALE

Heads of Canadian Fishing Co. Inspected Plant There and at Lagoon Bay Last Week

BUTEDALE, March 19.—R. R. Payne, superintendent of the production department of the Canadian Fishing Co., J. C. Butterfield, and W. Cadman arrived last week from Vancouver on a trip of inspection to the local plant. Later they took the gasboat Shus-bartie and, accompanied by D. McArthur, general manager here, visited the company's plant at Lagoon Bay. They had a fine trip both ways and, returning here, left for Vancouver again.

#### PRINCESS MARY IS THREE DAYS LATE BECAUSE OF STORMS

Delayed by severe storms in Alaska waters both northbound and southbound, the steamer Princess Mary arrived from the north at 7.15 this morning nearly three days behind schedule. The vessel was forced to put back into Juneau when leaving for Skagway going north and, when three hours out of Wrangell, coming south, had to return to that port. There were also delays at Skagway and Ketchikan on account of the stormy weather. Officers of the steamer, which cleared for the south at 8.30, report the weather up north unusually tempestuous.

#### Elimination of Sir Eric Geddes from Canadian Treaty is Given More Than Proper Significance

LONDON, March 19.—Discussing the fact that the fisheries treaty between Canada and the United States, signed at Washington by the Canadian minister, Hon. Ernest Lapointe, and not by the British Ambassador at Washington, the Manchester Guardian says some American newspapers and some Canadian statesmen have given the incident a significance which it will not bear. The omission of Sir Auckland Geddes' name from the treaty does not change the constitutional position of the matter, the Guardian says.

The treaty still has to be ratified by the British government, whose duty it is to consider whether it accords with the interests of the British commonwealth as a whole. The Canadian minister of marine merely acted as the duly accredited plenipotentiary of the crown in this matter. The signature of the British ambassador in any case has been no more than an accustomed formality.

#### FORMER RUPERT BARBER IS SUED FOR ASSAULT

Curious Case in Which J. A. Shanks Figures Prominently at Victoria

VICTORIA, March 19.—J. A. Shanks, who was a barber in the Empress Barber Shop in Prince Rupert for some months, was sued for assault in the local police court, and sentence was deferred.

It seems that a boy, Morris McLeod, had been given money with which to get his hair cut. He had come home with his hair badly mangled, notched and viledly cropped. His mother tried to smooth out the notches but so McArthur, general manager here, had did it look that the boy refused to go to school.

McLeod Sr., father of the boy, visited the tonsorial parlors to investigate and it was suggested by Shanks that the boy had probably spent the money and then got a companion to crop his top. Hot words followed and blows were given and taken on each side. Mrs. Shanks also joining in the fray. The case was then taken to the police court but the evidence was conflicting and the magistrate puzzled how to decide.

#### TRAIN DERAILED

C.P.R. Westbound Express off Track Result Broken Rail: Several Injured

WINNIPEG, Mar. 19.—The Canadian Pacific westbound express, Number 1, was derailed as the result of a broken rail 70 miles from Winnipeg and several people were injured.

#### ONE DEATH DUE AIR SERVICE

Highest Number in Last Year Were in Transportation and Utilities Group

OTTAWA, Mar. 19.—Fatal accidents to people who were at work in Canada in 1922 showed a considerable increase to those of the previous year. Deaths involved were 1,107 as against 922 in 1921. The highest number of accidents occurred in the transportation and public utilities group and the lowest in the air service involving 317 deaths and one death respectively.

#### SATURDAY'S BOXING MATCH WAS NOT FOR CHAMPIONSHIP U.K.

PARIS, March 19.—There is no word of championship involved in the Siki-McTigue fight at Dublin, Saturday, according to Albert Bourdauat, vice-president of the French boxing federation. In Saturday's match several of the championship rules were not fulfilled.

#### FEW ATTEND AT PARTY BANQUET

General McRae's Group Does Not Meet Much Favor in Victoria

VICTORIA, Mar. 19.—"We don't care a darn about Victoria anyhow. Our strength is in Vancouver and the interior," remarked a member of the Third Party to a Times man yesterday. He probably was confirmed in this view by the long lines of empty chairs at the banquet to the party leader, Gen. A. D. McRae, in the auditorium of the Chamber of Commerce. Three hundred invitations were sent out. The tables were set for 273. There were 78 present when Gen. R. P. Clark asked the blessing. The caterer had been so worked upon by the enthusiasm of the local committee that he forgot to ask for a guarantee. He has decided not to make a similar error again. The chair was occupied by the well-known local lawyer, S. T. Hankey, whose endorsement of the new political movement was careful. In fact, he said very little beyond proclaiming himself possessed of an open mind. As one of the obscure citizens who sway elections, he said he was willing to listen and learn.

Gen. A. D. McRae spoke with the aid of copious notes which, at times, detracted slightly from the vigor and effectiveness of his utterance. He added little to what he has already said in other places with regard to the aims and hopes of the Provincial Party. On one point, however—the enforcement of the Game Laws—he took occasion to lay special stress. He pointed out that the State of Maine, by a policy of game preservation, derived an annual income from this source which ran sometimes as high as \$6,000,000, while \$15,000,000 were left each year in the state by outside hunters. He contrasted this with the situation in British Columbia where the game would presently be destroyed unless steps were taken to prevent it.

#### SKIRMISHER COMING TO DOCK THIS WEEK

C.G.M.M. Freighter Canadian Skirmisher is coming here to the local dry dock at the end of this week for inspection and overhaul. She is from Australia via Vancouver and was here last June for overhaul.

The Canadian inventor is due here on March 22 for overhaul. The vessel is at present in Vancouver but nothing definite has been heard as to the date of her arrival outside of advice received some weeks ago. It is possible the boat may go to Esquimalt instead of here.

#### PARCELS LOST MEN ARRESTED

Claim Made That Liquor Being Carried Regularly by Mail Clerks

TORONTO, Mar. 19.—Out of fourteen registered letters and parcels mailed from Toronto to North Bay on March 14, only three have been received. Two railway mail clerks on the Canadian National train which carried them, have been suspended and the postal department is investigating and believes it will discover further irregularities.

The clerks say the trouble arose over liquor, which they claim is being regularly carried by mail clerks between Montreal and Toronto.

#### TRUSTEE WANTS MEN TEACHERS

Former High School Instructor Now Trustee at Victoria Causes Flurry

VICTORIA, Mar. 19.—Trustee Alexander G. Smith caused a flurry of excitement at the Victoria School Board meeting, when, in speaking to his motion to revise the constitution of the Board in order to permit the organization of a management committee, whose duty it would be to deal with the educational welfare of the schools, he stated that over fifty per cent of the teachers of Victoria schools possessed second-class certificates and a few of them third class. He also asserted that the teaching staff contained but twenty-three male teachers.

"We have what might be called in part a second-class teaching staff," he added, after proposing that the new committee would have the appointing and examining of teachers under its special charge. "The boys and girls of the school are fairly evenly divided in number, and we ought at least to have as many mature male teachers as women teachers. Can we wonder that our children are going astray when they reach the age of twelve years?"

#### CRIME DIMINISHED AS RESULT OF SUNDAY PLAYING IN PARKS

LONDON, Mar. 19.—Crime has diminished since the playing of games in the parks on Sunday has been allowed. Lady Eve, wife of Sir Tristram Eve declared here. She has been elected the first woman chairman of the London County Council parks committee.

#### SAM WESTON BEFORE COURT AT VANCOUVER

Police court cases were adjourned today as City Prosecutor McKay was scheduled to appear on stated cases in the higher court, says a Vancouver paper.

In agreeing to the adjournment of the case of Sam Weston, charged with receiving stolen property, Mr. McKay intimated to counsel for the accused that there were nine charges already registered against Weston, with the probability of others being laid.

Weston is alleged to have had several stolen cars in his possession, Westman, according to his counsel, C. Arnold, is willing to give the police assistance in recovering or tracing cars alleged to have passed through his hands. The case was remanded one week.

Gradual Change in Public Sentiment.

There is a gradual change coming about in public sentiment. People here are gradually realizing that improvement in general conditions is imminent.

Need in City For Home For Girls.

There is need in Prince Rupert of an institution which will provide a boarding place for girls who come to the city to live, yet who have no friends here and know nothing about the place.

It has often been suggested that the Daughters of the Empire might unite their forces for this purpose.

It is not for this paper to urge too strongly on any organization such work as this. Possibly there is some other society here that would take the matter up.

Professor Leacock Makes Proposal.

Professor Leacock, Canada's intellectual humorist, recently urged that Canada should give away her national railway to China or anybody who would take it.

Possibly it would be better for Prince Rupert if the railway were given over to private hands, but that would be foolish just now.

Most Of Our Troubles Never Happen.

After all the war scares and fears of commotion in the Near East and in connection with the French invasion of Germany, nothing has happened so far to seriously disturb the peace of the world.

Just who will win out in connection with the occupation of Germany has not yet been made plain. At any rate Germany is giving the first indication of weakening by talking of making a settlement.

CONCERT WAS HIGH CLASS

Splendid Array of Local Talent Appeared in St. Patrick's Day Celebration

There have been many St. Patrick's Day concerts in Prince Rupert but never a more high class one than the entertainment on Saturday night under the auspices of the Catholic Church which marked the 1923 celebration of the natal day of Ireland's patron saint.

The program opened with the singing of "O Canada" by some 50 children of the Junior Choir of Annunciation Church under the baton of Mr. Balagno.

The children's choir gave place to the Prince Rupert Symphony Orchestra making its first appearance to the public.

W. J. Caldwell, tenor, made his first appearance in the local concert world and, now his talent is known, it will, doubtless, be much in demand.

First violins—Mrs. Harold Taylor, Mrs. William Millar, H. Audrey Pryce, Miss Vera Shookley, and Lee Gordon. Second violins—Ernest A. Woods and James McKay; cello, Master Eric Taylor; piano, Miss Lorna Tite; cornet, C. W. Kirkendal; clarinet, A. Beale; first horn, J. Gawthorne; second horn, W. H. Berry; bass, W. N. Hoss; drums, W. F. Browne; saxophones, Roy Newton and Kenny Rood.

A vocal duet by Gillis Couture, baritone, and Mr. Sabourin, tenor, constituted a delightful blending of voices. Their first number was "The Harp That Once Through Tara's Halls," and the second, "Meeting of the Waters."

Mrs. Harold Taylor, violin; Master Eric Taylor, cello, and Charles Balagno, piano, made up an instrumental trio for the next number on the program. The selections "Barcarolle" and "Come Back to Erin" were harmoniously and sweetly played.

Mrs. L. O. Larsen, soprano, made her biggest hit since first she was heard on the local concert stage and her solos, "A Voice From the Green Isle," and "Alice Blue Gown" were loudly applauded.

Master Eric Taylor gives great promise as a cello soloist and his appearance was a cause of delight to the audience.

Miss Annie Kenny in her singing and dancing numbers provided an item both novel and delightful and displayed talent capable of much development.

The final number on the program was the singing of "Gloria" from Mass in G. Minor and "Believe Me If All Those Endearing Young Charms," by the Senior Choir of the Annunciation Church.

The singing of the National Anthem brought the program to a close shortly after 11 o'clock.

## FOUND WONDERFUL RELIEF FROM CONSTIPATION BY USING Milburn's Laxa-Liver Pills

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. B. Spence, Springhill, N. S., writes:—"I have suffered for some time from constipation, and was advised by a friend to try Milburn's Laxa-Liver Pills. After taking a vial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

BOXING TOURNAMENT, under auspices of Grotto Athletic Association, Friday, March 23, Empress Theatre, Main event, Al. Roy vs. Eddie Craggs, 6 three minute rounds to decision. Five good preliminaries. Tickets at Gil's, Grotto, P. R. Pool Room and General News. 69

The remains of the late Mrs. G. P. Tinker were escorted to the eastbound passenger train on Saturday night by local Masons and Sons of England. The widower accompanied the body which is being shipped to the family home of deceased at Spring Hill, Nova Scotia, for interment.

The stormy weather on Saturday night preventing outdoor exercise, a Sausage Festival was staged by certain of the members of the crew of the Prince George now in dry dock, for their friends. The function took place on board the ship and was a very merry one. Sandy McWhirter and Wattie Reid were the moving spirits.

Little damage was done to the mosquito fleet in the storms of Saturday and Sunday nights which gave the waterfront quite a dusting up. The gale last evening was felt more than the Saturday night blow by the small boats and several fishing craft anchored in the stream to avoid being damaged in contact with the mooring places.

The remains of the late John Reitman, formerly of the halibut schooner Alaska, did not arrive from Juneau on the Princess Mary this morning as expected but instead were shipped to Seattle by an American boat. Mrs. W. S. Sargent, sister of deceased, from Hazelton, who came here to meet the body, will return to the interior tonight.

George P. Hale, secretary of the Massett Timber Co. sailed this morning by the Princess Mary for Vancouver. Other persons from Buckley Bay going south on the same steamer were John P. Van Orsdal, engineer who has been making surveys for extensions of the plant, J. A. Smith, Frank Webster, Charles Choate, A. Deild, E. Vase, of Seattle; J. E. Hanna, of Victoria, and A. S. Rayner and S. J. Connely, of Vancouver.

Charles F. Gray, consulting engineer of Winnipeg and former mayor of that city, returned by the Princess Mary this morning after having spent a fortnight looking over mining properties north of Ketchikan with Capt. J. E. Fader, who is remaining in the north. Mr. Gray returns by tonight's train to Winnipeg and will make a trip into the Hudson Bay country at an early date. He expects to be back here again this summer to further acquaint himself with this part of the country and its possibilities.

CARD OF THANKS  
Mr. G. P. Tinker desires to convey his sincere thanks to his many friends for the kind expressions of sympathy received in his recent sad loss.

THEY WHO DANCE MUST PAY FIDDLER

People Cannot Take More Out of a Community Than They Put In

COLLAPSE IS INEVITABLE

Town Will Not Survive Long if Its Commercial Structure is Torn Down Faster Than it Can Be Built Up

He who dances must pay the fiddler. That is an old saying which is full of truth. The primary idea in this saying, of course, is that one cannot have any pleasure without paying for it in some way, but this is not the only sense in which it may be construed. It means that we cannot pursue any foolish policy indefinitely without paying for it in the end.

No man can overtax his physical strength indefinitely without risking ultimate disaster. Dissipation or overwork may be continued for a time without any noticeable results, but if continued for a sufficiently long time the inevitable comes to pass. The laws of nature cannot be violated with impunity. If one takes out of life more than he puts in, if he tears down his physical strength faster than he builds it up, he must eventually pay the fiddler.

What is true of the laws of nature is equally true of economic laws. The people of a community may for a time tear down the commercial structure of a town faster than they build it up without meeting disaster, but it cannot be continued indefinitely. In the end they must pay the fiddler.

Exhaust Resources of Community

The person who makes his living in a community, receiving the money of the community for his labor or the products of his labor, and then spends his income outside of his community is helping to exhaust the resources of the community just as the man who expends his energy through dissipation over exertion faster than he builds it up is exhausting his physical resources. One man may do this, of course, without noticeably affecting the economic strength of the community, but when a dozen men or women do it the effect becomes noticeable and when a hundred do it the resources of the community become exhausted to the point where collapse is inevitable. Those who are responsible for this situation may think that they have profited individually by their actions, but they have not realized that in the end they must pay the fiddler.

There are some persons who seem to be able to get through life without much effort. There are some who proceed on the theory that the world owes them a living and they proceed to collect it. They take what they can get and give nothing in return. Such persons, however, are not very numerous. Most of us must pay for everything that we get. Some may have to pay more than their share and these are carrying the burden of those who get more than they pay for. The fact remains that, as a general rule, one cannot have much worth while without paying for it.

The merchants of any community are the backbone of that community, so far as its prosperity and progress are concerned. Individually there may be some of them who do not exert themselves to boost their community, but collectively they are the men upon whom the living of every person in the community depends. The success or failure of an individual merchant may not be of particular concern to the people of a community, but the success or failure of the merchants as a whole is a matter of the very greatest concern.

Business in a community cannot be conducted on a one-sided basis. A man cannot take out of his community a good living for himself and family and give nothing in return. He may do so for a short time and get away with it, but in the end he must pay the fiddler.

**GIRL'S WARNING SAVED  
HEROINE FROM FALLING**

Edith Avres Stars in Story of the Awakening of a Spoiled Woman  
Here is the story of "Borderland," Edith Wayne, pretty, rich and spoiled, thinks herself neglected and unappreciated by her busy husband. She turns to her husband's cousin, Clyde Meredith and the situation gradually begins to get away from them.

**PUNCH AND PEP IN  
FARNUM PICTURE**

"Without Compromise" is the title of the most recent production starring William Farnum, which will be seen at the Westholme theatre tonight, Monday.  
It is said to be a production of unusual dramatic quality, affording the inimitable Wm. Farnum, opportunities for big punchy moments. There is a humdinger of a fight between Farnum, as the "Sheriff," and the bad man of the frontier town, in which "Big Bill" puts over his trusty trigger finger can operate, a wild ride on a log down a mountain torrent, is another high-light in this thrilling picture.

**The Change**

At the end of the story Edith springs to her feet and rushes out of the house with only one thought, to get to her own Jimmy, before anything, she knows not what, can happen to him.  
As Edith tears away, her better self awakened, the Angel of Heaven tells Dora that she has won the right to find her little girl Tolly, denied because of her mis-step, now redeemed.  
Edith drives furiously to the private school where she sent Jimmy because he "bothered" the jazz Edith, and finds him just as he has climbed in his sleep to a dangerous spot on a new gymnasium roof. And it is there that Edith finally comes to her senses and is reunited not only with her boy, but with her husband whose sound kindness and loyalty her former small spirit had never before appreciated.

**WONDERFUL SCENES IN  
PASSION WITH POLA  
NEGRI LEADING LADY**

"Passion," the week end offering at the Westholme, is the feature picture of the week. In it Jeanne Marie Vaubernier, a pretty, little French milliner, employed in one of the more exclusive Paris shops, loves and is loved by a virile, young student of her own rank in life. Count DuBarry is attracted to Jeanne and his offer of wealth and luxury is sufficient to lure her into losing her power of balanced reasoning and she becomes his very own. Eventually this decidedly disolute count falls to a position of dire need of funds and realizing the power of Jeanne's beauty, he persuades her to take a document bearing a claim of his, against the government, to the king with the purpose of inducing him to sign it in order that he might replenish his purse.  
Meets the King  
Thus does the former little milliner meet the king who is at once enamored of her and events

move rapidly in favor of her becoming the king's favorite. She is finally installed in the royal palace as the mistress of all she surveys. She is told her every wish shall be a command and she promptly takes full advantage of her high position to rule things pretty much to suit her whims.  
But her rule is not devoid of good acts. Among other things she succeeds in gaining a promotion to a commissioned officer for her lover of the old days and she otherwise favors him without his knowing that it is she who is interceding in his behalf. Her undying feelings for him eventually gain the upper hand and she orders him blindfolded and led him into her boudoir.  
**Former Sweetheart**  
There followed an intense scene in which he is amazed to discover that it is his former sweetheart who most all the people of the country had come to hate, because her relations with the king had become notorious. All her entreaty is futile—he cannot be brought to condone in her alleged iniquities. He urges her to give up all her fallacious ambitions and to go away with him; but this she cannot bring herself to do—she is too charmed by her lust for power and too wilful to listen to sane reason. So he quits her with feelings of heart-sickness and bitter resentment.  
Then come the dramatic scenes, the mobs, the real passion of the play.
