## CALIFORNIA SHAKEN SEVERE EARTHQUAKE

### AVIATOR MAKES GOOD TRIP VANCOUVER TO THIS PORT WITH FLYING BOAT

#### Earthquake in California did Much Minor Damage Extended Over Wide Area; Windows Broken

LOS ANGELES, July 23.—Southern California was jarred last night and early this morning by a series of earthquake shocks, some of them of sufficient violence to shatter plate glass windows and send tons of stone and brick tumbling from the buildings. The trembles were heaviest in San Bernardino and Redlands. Milder shocks were felt elsewhere from San Diego in the south to Santa Barbara in the north and as far east as Arizona state line.

#### WIRELESS FOR WHOLE EMPIRE

Agreement Being Made by British Government With Marconi

LONDON, July 23.—The British Government will probably inaugurate an imperial wireless service in conjunction with the Marconi organization. The postmaster general informed the committee of the Empire Press Union today he hoped the license agreement with the Marconi Company would be concluded and signed within a month. The government is expected to have a high power station erected at Rugby a little over a year hence. Charges for wireless messages, he said, would be less than cable rates.

#### LABOR LEADER OPPOSES ARMS

Deprecates Increased Expenditures and Asks For International Conference

LONDON, July 23.—Ramsay MacDonald, leader of the opposition in the House of Commons, today moved a resolution deprecating the increasing expenditures in military preparations which, he asserted, formed the beginning of another race for armament. He urged that the government take steps to call another international conference for the limitation of armaments.

#### ONLY WINNIPEG YET BEFORE GOING EAST FOR NANAIMO TEAM

CALGARY, July 23.—The Nanaimo football team, champions of British Columbia, demonstrated their superiority over the Coleman, Alberta, team Saturday evening, when they came out with the long end, a three to one score in the second game of the Connaught Cup semi-finals.

The Nanaimo boys left Sunday for Winnipeg where they play the Winnipeg team for the right to meet the Eastern winners.

#### LIGHTWEIGHT CHAMPS MEET TONIGHT FOR FIFTEEN ROUNDS

NEW YORK, July 23.—The fifth world championship pugilistic battle of 1923 will be the magnet that is expected to attract a throng of 80,000 tonight when Benny Leonard risks his lightweight title in a fifteen round bout with Lew Tendler of Philadelphia.

#### MAN KILLING WOMAN ON COMOX AVENUE

Startling Phone Message Received at Police Station—Highlander's Boatswain Charged with Assault

"Hurry up. A man is killing a woman," was the startling phone message that was received at 10.45 on Sunday night at the police station from 857 Comox Avenue.

Constable Macdonald answered the call and found that the man in question had fled while the woman, Elsie Cohen, was in an injured and hysterical condition, making necessary her removal to the hospital. Reinforced by Sergeants Bailey and McGlinchey, Constable Macdonald then scoured the vicinity and, after some searching, found J. A. Macdonald, boatswain from the Canadian Highlander, in the bush back of Comox Avenue. He was arrested and this morning charged in the police court with assault with intent to commit an indictable offence. He was remanded for eight days until the woman is sufficiently recovered to tell her story in court.

According to Elsie Cohen, Macdonald got her into a room and attempted to choke her. Her cries brought other women to her assistance who rescued her by breaking a window. The man then fled.

#### RECORDED AT VICTORIA

VICTORIA, July 23.—Two earthquake shocks of long duration but varying in intensity were recorded at the Gonzales Hill observatory yesterday. The more severe record shows that the quake was approximately 2700 miles distant, probably in the region of Kamchatka; the second 1020 miles away in Southern California.

#### LITTLE GIRL WAS VERY BADLY BURNED

Seven-year-old Daughter of Mr. and Mrs. Dorreen May Not Recover From Her Injuries

Gertie Dorreen, seven-year-old daughter of Mr. and Mrs. Dorreen, Seventh Avenue East, is in the hospital and may not recover from serious burns she received yesterday afternoon while playing with matches. The little girl was in the backyard of her parents' home and when her plight was discovered her clothing and hair were in flames. The father, in attempting to extinguish the flames, himself received rather painful burns about the hands. The little girl was immediately rushed to the hospital.

#### MINERS ARE RETURNING TO WORK CAPE BRETON

SYDNEY, N.S., July 23.—The coal miners of South Cape Breton areas decided at Glace Bay last night to return to work Tuesday. North Cape Breton miners are expected to follow suit and the coal strike will be over. The steel workers have made no decision to return to work.

D. J. Williams, well known mining engineer, arrived in the city by last night's train from the Smithers district and sailed this morning by the Princess Louise for Chicago Island, Alaska.

Mrs. Ben Self sailed for Vancouver on the Prince George Saturday night.

#### HIGHLANDER IS LOADING HERE

C.G.M.M. Steamer Made Port Yesterday to Take on Lumber for Orient

C.G.M.M. freighter Canadian Highlander, Capt. Fisher, arrived at 11.40 yesterday morning from Vancouver to load 500,000 feet of hemlock lumber from this district for Japan. The Highlander made her first stop at the Imperial Oil dock to take on fuel and proceeded this morning at 7.30 to the lumber assembly wharf where loading of the lumber at once commenced. The steamer will be in port a couple of days and will get away for Japan on Wednesday. It is expected.

The Canadian Highlander is a similar steamer to the Canadian Transporter which was here last month for lumber. She was built in 1920 at Wallace's, North Vancouver, her tonnage is 8,000 and she is an oil burner.

#### ANTI-SOVIET PLOT IS DISCOVERED AND ARRESTS ARE MADE

LONDON, July 23.—The discovery of an extensive anti-Soviet plot designed to promote a general insurrection against all Soviet republics and leaders of the Third International, is reported in despatches from Stockholm. It is stated that several prominent officers have been arrested.

#### WILL MOVE CROP WITHOUT DELAY SAYS SIR HENRY

WINNIPEG, July 23.—Sir Henry Thornton, who is touring the prairies, says the enormous crop will be moved on time, as great efforts are being made by the Railway Company by providing cars and speeding up the service. He expects that the National Railway will move half the crop.

In order to do the work properly the company has 125,000 cars on the system and fully 50,000 of them will be used in handling the western crop. Five hundred new cars have been provided.

#### VANCOUVER WINS ALL ROWING EVENTS WITH VICTORIA IN SECOND

VICTORIA, July 23.—Vancouver Rowing Club made a clean sweep of the championship events of the North Pacific Association of Amateur Oarsmen at the annual regatta held over the Shawnigan Lake course Friday and Saturday, winning seven races out of the program.

The terminal city oarsmen won all four senior events in addition to three junior events the previous day against crews from Victoria and Portland.

The best race of the regatta was won by senior fours in which there were four entries, Vancouver winning in the fast time of 9.38. The crew of the James Bay Athletic Association, Victoria, furnished the second crew and the Vancouver Juniors a third with Portland coming fourth.

#### CANOE UPSET AND TWO OCCUPANTS HAD CLOSE CALL SATURDAY NIGHT

Miss Belle McDonald and George Findlay Spent Bad Half Hour in Water Before Rescue

Saturday night when canoeing on the other side of the harbor George A. Findlay of the Canadian National staff and Miss Belle McDonald of the Inlander boarding house were precipitated into the water and for half an hour kept themselves afloat until rescued by Jack Boddie who went across from the Boat Club in his fast launch "On Time." The fishing schooner White Lilly, Capt. Sandy Cook, also went to their aid but the other launch was ahead.

Help arrived none too soon for the victims of the mishap were almost exhausted when picked up. Their calls for help were heard by a number of people on the harbor. At first it was thought to be simply someone lurking on the beach but as they continued to beg for help they were put out in that direction.

The mishap occurred when one of the occupants of the canoe bent over to straighten a pole.

#### TWO CANDIDATES ARE NOMINATED ALREADY FOR CARNIVAL QUEEN

Two candidates have already been nominated for the Fair Board's carnival queen contest. They are Miss May Reid who has been put up by Lodge No. 8, Order of the Royal Purple and Miss Annie Kelly who has been nominated by the Great War Veterans' Association. There are no restrictions as to the number of candidates who may enter and it is expected that quite a few more candidates will have their names put forward this week.

Prince George, Ocean Falls, Anyox, Stewart, Smithers, Telkwa and the Queen Charlotte Islands will also be represented, inquiries have been received from each of these points.

The prizes are worth winning and it is expected there will be keen rivalry between the numerous candidates.

#### LEAGUE BASEBALL

New York 7, Detroit 4.  
Boston 2, Chicago 9.

#### Flying Boat Arrives for Fisheries Patrol Making Run North Less 8 Hours

Making the distance of 500 miles in 7 1/2 hours actual flying time without delay or mishap, the flying boat G-CYDX of the Royal Canadian Air Force Unit, Jericho Beach, Vancouver, piloted by Squadron Leader A. E. Godfrey, arrived here at 5 o'clock yesterday afternoon—the first air machine to fly from Vancouver to Prince Rupert and the first machine to make the flight up the coast in a single day. The G-CYDX is to enter the service of the Dominion Fisheries here in patrol work and will be here for a fortnight or more.

The machine left Vancouver at 1.15 yesterday morning and made two stops between here and there. She arrived at Alert Bay at 7.30 and left there at 10 o'clock, arriving at Bella Bella at 12 noon and leaving there at 2 in the afternoon. Gasoline was taken on at both points and the flyers had their meals.

#### Low Clouds Bothered

Squadron Leader Godfrey reports that the weather was ideal on leaving at Vancouver but low clouds were encountered in the vicinity of Alert Bay and continued all the way up the coast until 15 or 20 miles south of Prince Rupert. This necessitated the machine flying lower than 1500 feet from Alert Bay north until after she was diverted from the inside course to the outside north of Bella Bella and the clouds thus avoided. The average altitude was 5,000 feet and the average speed, something over 60 miles an hour.

Making the flight with Squadron Leader Godfrey were Corporal H. O. Bell and First Air Mechanic H. E. Davenport. Flying Officer Earl McLeod will arrive by train this afternoon from Hazelton and will take charge of the machine during her service here, also taking her back to Vancouver when she is done. Squadron Leader Godfrey will return to Vancouver on the Prince Rupert tonight.

#### Flying Boat

The machine is the HS2L type and is properly termed a flying boat. She is engined with a 12-cylinder Liberty motor of 400 horse power and has a Delco ignition system. The machine weighs 2 1/2 tons net and 3 1/2 tons loaded including gasoline and passengers. She has a wing spread of 75 feet and her possible speed is 80 miles. Usually she is run at about 60 miles an hour.

The G-CYDX is one of two similar machines now operating at Jericho Beach. Another similar one is being built there and should be completed this week. The first Vickers-Amphibian machine will shortly arrive from the East to be added to the force.

Squadron Leader Godfrey brought north with him 100 copies of yesterday morning's Vancouver Sun—the first papers to be delivered in Prince Rupert on the same day they were published in Vancouver. Many persons were seeking these papers today as souvenirs.

While the G-CYDX is stationed in the north she will operate out of Prince Rupert and will make flights from the Naas River as far south as Bella Bella in patrol work. She will be here two weeks anyway and possibly longer.

C. J. Clayton arrived on the Prince John this morning from Port Clements. He is returning to the Islands on the same steamer Wednesday evening.

Adjutant W. Kerr of the Salvation Army sailed this morning on the Princess Louise for Ketchikan.

#### DELORME GOES BACK TO CELL AWAIT TRIAL

#### Jury Fails to Agree After Being Out Since Saturday Night

MONTREAL, July 23.—Rev. Adelaire Delorme, charged with the murder of his half brother Raoul, will have to submit to a second trial at the next session of the King's Bench.

The jury after having been sent back twice by the chief Justice to deliberate, returned this afternoon unable to come to an agreement. They were discharged.

The prisoner returned to his cell to await a second trial.

MONTREAL, July 22.—Delorme's jury unable to agree last night were locked up until Monday morning.

MONTREAL, July 23 (a.m.)—When the court opened this morning the jury in the case of Adelaire Delorme, charged with the murder of his half brother reported no agreement had yet been reached. The jury was again sent back and the court adjourned until two this afternoon.

#### CANADA BUYS LONG LEASE

Also Negotiating For Freehold of Trafalgar Square Property

LONDON, July 23.—The News of the World says £225,000 is being paid by the Canadian government for the crown lease which has 38 years to run on the premises in Trafalgar Square which has been acquired to house the Canadian official staff in London. The government is also negotiating with the Crown for the freehold. The yearly ground rent is £2,000.

According to the same newspaper Canada will probably acquire the adjacent premises occupied by the Royal College of Physicians.

#### AMERICAN AVIATOR GIVEN PERMISSION USE SEAPLANE HERE

Jarvis McLeod, collector of customs, has been notified by Ottawa, that Roy Jones, the Ketchikan aviator, is to be permitted to carry passengers and goods in his seaplane, "North Bird," between Canadian and American ports. It is expected that Prince Rupert will soon have a visit from this machine which Mr. Jones has been operating commercially out of Ketchikan for the past year or so.

Monday, July 23, 1923.

### Lumber Rates Reduction Valuable.

The action of the railway in making an export rate on hemlock lumber from nearby points to Prince Rupert in order to encourage the export business will be greatly appreciated locally. While it has not much effect on the present shipment, as more than half the lumber was already delivered when the order came into effect, it should result in steadily increasing future shipments. If it were possible to get the other three mills, Esk, Kitsumkalum and the local mill in operation, the shipments could be increased to such an extent that we should have vessels tied here loading most of the time. There are also two or three mills at the Islands that are still out of commission and that might well be worked or moved to places where they could be operated.

### Advantages Of Terminal Point.

A correspondent of the Daily News says it would be to the advantage of the country company that lost its plant recently at Port Essington to locate at or adjoining the townsite of Prince Rupert. We have no information in regard to that and do not want to advocate anything detrimental to the people of Port Essington but in connection with most industries it is a great advantage to be at a terminal point. Usually a better service can be obtained either by rail or by water, and better rates. Way ports or way stations are always handicapped. That is why the terminal points grow so much faster than others.

### New Discoveries Follow Activity.

The renewed mining activity is resulting in a number of ore discoveries being made. One of these was mentioned in a despatch from Stewart on Saturday. The Dunwell Mine on Glacier Creek in the Bear River Valley where some years ago there was a great deal of mining activity followed by wildcatting and disillusionment. The effect was to make people disgusted and drive them all away. Now the industry is getting back to a normal basis. Properties are being steadily developed and the district engineer makes periodic reports on the results. New veins of ore are being uncovered and discoveries made which show that Bear River mines are likely to be good producers very soon.

The value of the Bear River mines over any others in that district is that they will benefit the Canadian townsite much more than the American. The properties are close to Stewart and the Canadian town will again flourish.

### Positions Attract Notice Of Shipping Men.

The position of Prince Rupert as a jumping off point for the Orient is attracting the notice of shipping men. The latest concern to send a representative here is the Nippon Yusen Kaisha, the largest shipping company in Japan and one that operates in the passenger as well as the freight business. The ships of this company used to ply to Victoria and Seattle in large numbers but owing to the competition of the big Empress liners they have gradually dropped out. By coming to Prince Rupert they could have an advantage over competitors and that is being considered by several lines. It should not be very long before at least one of these companies decides to operate out of this port.

## Movies and Movie People

Devoted to the doings and sayings of those who entertain the public.

### WEEK AT THEATRE

Monday and Tuesday.  
Katherine Macdonald in "The Woman's Side."  
Comedy.  
Pathe Review.  
Wednesday and Thursday.  
George Melford's screen presentation of Robert Louis Stevenson's famous story "Ebb Tide."  
Comedy.  
Topics of the Day.  
Friday and Saturday and Saturday matinee.  
Harold Lloyd in "Safety Last."  
Comedy.  
Fox News-Gazette.

The well known Witmer stories have been put into picture and are being shown with great success. The cleverness of the stories is said to be carried into the film.

Movie fans are declaring for shorter films. Many of the runs are too long. People prefer a comedy and a scenic along with a feature to make up a two hour show.

Harold Lloyd is to be seen here at the week end in Safety Last. A great many local people never fail to see a Lloyd picture.

Spooky's Treasure Island is a monkey story, a two reel educational film.

The Brass Bottle is described as a picture of magic, mirth, mystery and magnificence. It is the story of a man who slipped back 6,000 years to Harem Land.

Gloria Swanson is producing Zaza. She is living in Norma Fahndge's house at Bayside for the summer and will return to Hollywood when the weather begins to get cold in New York.

Gallagher and Shean, comedians, will make first picture "Round in Town," commencing work at once.

### KATHERINE MACDONALD IN THE WOMAN'S SIDE

"The Woman's Side," starring Katherine Macdonald, a fascinating story of love and politics, will be the first National attraction on the screen at the Westholme tonight.

In the role of Mary Gray, who believes herself to be the daughter of Judge Gray and who subsequently learns that she is a waif, the beautiful Katherine is declared to have been given the strongest vehicle of her career.

The story revolves around an election campaign during which the Honorable Judge Gray runs for governor against an unscrupulous candidate, and Mary takes an active part in it on behalf of her "father."

The big denouement comes when Masters, the rival candidate, threatens to have published a story of the judge's divorce proceedings which would brand Mary a nameless child and ruin the judge.

But there is a happy turn of affairs which is crowned with the outcome of a childhood romance of Mary's.

### STEVENSON STORY IS FILMED AND SHOWN

Ebb Tide Will be Here for the Mid Week and is Worth While Picture

The absorbing and sympathetic story of how Robert Herrick was mired in the swamps of civilization and how he finally struggled back to firm ground is the theme of "Ebb Tide," a picture of Robert Louis Stevenson's famous story, which will be shown here Wednesday.

A young man of good birth and too careful rearing—he was never allowed to face responsibility—Robert Herrick becomes a drift and is stranded on the beach of a South Sea Island. Here

he meets two other derelicts, a discredited but likable master mariner named Davis and a shady, vile-mouthed London clerk called Huish. The three are drawn together by the bonds of hunger and exile, and they barely exist until a chance offers to take out a smallpox ship. The voyage of this schooner with its cargo of champagne and its native crew tries the souls of the three derelicts, and each faces the crisis in a different way. When food runs low they sight a mysterious island, where they found a remarkable white man named Attwater, who lives there with his daughter and a few natives. For years Attwater has taken pearls from the lagoon, and this treasure offers a new temptation to the three adventurers. Herrick is ensnared against his will, but Attwater cleverly defeats Davis and Huish and wins over Herrick to the side of honor.

Naturally there is a girl who loves Herrick and her devotion has much to do with snatching Herrick from "the ebb tide in man's affairs."

The photography is excellent, and the scenes on Attwater's island are of the most gripping character. A desperate fight with a devil fish in twenty feet of water is one of the big thrills of the picture.

### FILM FANS OF EUROPE DEMAND GRACEFUL GIRLS

BERLIN, July 23. — Young women with graceful hands and feet are now being sought by European film directors in their efforts to compete with American films. American pictures long ago made it difficult for the film studios of Central Europe to market pictures abroad, or even at home, if the heroines were not young and beautiful.

The practice of featuring famous actresses regardless of their looks has gone into the discard. For a long time the German and Swedish moving picture producers clung tenaciously to the theory that histrionic art was the chief feature of a film, but today they are looking for youth and beauty of figure, as well as beauty of face. Europe's tired business man wants to see girl shows, and he wants youth in his musical comedies and movies alike. As a result German movie actresses are all dieting.

### Ten Years Ago in Prince Rupert

Residents of Sixth Avenue were greatly alarmed yesterday afternoon when two Russian gunmen camped on the sidewalk with revolvers and shot up the neighborhood until they were arrested by Police Constables Carroll and Bailey.

Members of the Provincial Labor Commission arrived this morning from Victoria and proceeded to Hazelton where a session will be held. They will be back here this week for a sitting in the city. The commissioners are: H. G. Parsons, chairman, R. A. Stoney, J. A. McKelvie, A. N. Harper, John Jardine and E. R. McNamara, secretary.

S. P. McMorris, J. A. McLean and W. A. Matheson of the Earl Grey's Own Rifles and R. W. Cameron of the Civilian Rifle Association returned this morning on the Prince George from Vancouver where they attended the meeting of the Provincial Rifle Association. They report that the weather in Vancouver was most unfavorable for shooting.

### The Man in the Moon SAYS:

WHY is it a fat girl is not insulted if you offer her a box of chocolates? She ought to be.

THE line of least resistance is said to be the waist line.

NOBODY seems to know that a man holds a responsible position until he gets married. Then the newspapers say so.

OPPORTUNITY knocks once at

every man's door but sometimes the people within are too busy playing poker to hear the pounding or too drunk to notice it.

THE reason a girl does not like the owner of a motor boat is because his hands are always too dirty to hold hers.

IF you can't win you can at any rate speed up the rest of the bunch.

A LOCAL young lady wants to know if it is all right to go walking with a young man after dark. I have passed this along to Lady Grundy and she says yes, if she keeps on walking.

SOME people are crazy and others edit variety columns such as this.

I sought for gold, I found the soil.

I sought for fame, I found the toil.

I sought a rose, I found a thorn.

I sought your love, I found it gone.

If this sounds idle—reader list! The words were by a Pessimist.

If you find you cannot get the daily News regularly, call in and subscribe for it and have it delivered to your home.

### NOTICE TO CONTRACTORS.

#### ANOX GOVERNMENT BUILDINGS.

SEALED TENDERS, superscribed "Tender for Anox Government Buildings," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 17th day of July, 1923, for the erection and completion of Government offices at Anox, in the Atlin Electoral District, B.C.

Plans, specification, Contract and Forms of Tender may be seen on and after the 18th day of June, 1923, and further information obtained at the Department of Public Works, Parliament Buildings and at the following offices:—Government Agent, Court House, Vancouver, and Government Agent, Court House, Prince Rupert. Copies of plans, specifications, etc., can be obtained from the Department on payment of a deposit of Ten Dollars (\$10.00), which will be refunded on their return in good condition.

The lowest or any tender not necessarily accepted.

P. PHILIP, Public Works Engineer, Department of Public Works.

Five-sixths of the timbered area in B.C. belongs to the People.

Each year it is increasing in value as the more accessible timber is cut.

In 1922 there was received from the sale of such timber the sum of \$620,000.

This helped to keep your taxes down, and to build up the Province.

Green Timber is British Columbia's assurance of perpetual prosperity

# Why Burn It?

## Here and There

Shipments over the T. and N. O. Railway during the month of May amounted to 529.15 tons of silver ore.

The movements of the mackerel schools will, when observed, be broadcasted from radio apparatus erected for the purpose by the Canadian Marine Department.

Mrs. Dan Otto, of Stratford, Ont., set 33 eggs and hatched 34 ducklings from them. One egg was apparently of the double yolk variety and both yolks were hatched.

A new direct passage service between Canada and northern Ireland has been inaugurated by the Canadian Pacific Steamships, Ltd. Three steamers have been assigned to the route.

James Edwards, of Port Robinson, declares he has a chicken out of this year's hatch which out-freaks most chicken freaks. This one has four legs, four wings, two backs, two necks but only one head. It has been preserved in alcohol.

One hundred and fifty families are to be brought into British Columbia and settled under private enterprise in the valleys east and south-west of Fort George. W. A. Lewthwaite announced, following his return from England recently.

A Swedish scientist claims to have perfected a process for the manufacture of "artificial wood" from 50 per cent. sawdust and the balance chalk and chemicals. The product is as hard as oak, and can be planed, sawed, bored, nailed, painted, stained or polished. It will not deteriorate in water.

A start on the actual work of electrifying sections of the Canadian Pacific Railway's main line through the Rockies may be made next year. D. C. Coleman, vice-president of western lines, says that traffic demands and financial conditions would determine when a start would be made.

The decision of the Government of the province of Quebec to grant a bonus of \$4 per acre for land cleared will result in an approximate outlay of \$250,000. Clearance in the past few years has amounted to approximately 40,000 annually, but the total this year is expected to be 60,000 or more.

Speaking to the Canadian Club in London, Eng., recently, E. W. Beatty, President of the Canadian Pacific Railway, contrasted the "irritating tortoise-like slowness" of Canada's population policy with Australia's progressiveness. "We Canadians would be wise to keep our gates open for brains as well as brawn," he said.

One hundred and fifty delegates of the Canadian Weekly Newspaper Association will tour the British Isles next summer, and hold their annual convention in London, according to decisions reached at the final meeting of the convention here. The party will leave about the first of June, and will attend the British Empire Exhibition. The tour will last about six weeks.

Up to the end of 1922 dividends paid by the gold and silver mines of northern Ontario, amounted to over \$123,135,000. Cobalt camp was discovered late in 1903 and hardly began producing until 1905. Dividends paid out of Cobalt mines amount to \$93,863,320, which represents practically 50 per cent. of the gross value of production. Porcupine mines have paid \$28,472,988.

Clyde A. Heller, president of the Belmont-Surf Inlet Gold Mining Co., arrived this morning from Surf Inlet by the company's launch Full Moon after having paid a visit of inspection to the property. Accompanied by his two daughters who have been making the trip with him, he will leave on tonight's train for his home in Philadelphia. F. H. Penn, manager at Surf Inlet, accompanied Mr. Heller as far as this city.

Mrs. Ward and Mrs. Richardson were arrivals from Buckley Bay on the Prince John this morning.

Miss Alberta Hill returned this morning on the Prince John from Massett where she has been holidaying.

Mrs. A. Ives arrived this morning on the Prince John from Buckley Bay and will sail by the Prince Rupert tonight for Vancouver.

Fred Nash, the well known surveyor, arrived from Massett on the Prince John this morning and will leave on this evening's train for Terrace.

Geo. H. Arnott, formerly with the Rupert Table Supply, is leaving Vancouver tonight and will arrive in the city on Wednesday to resume his old position.

Miss E. Weller of the nursing staff at the General Hospital returned on the Prince John this morning from Massett where she has been spending her annual vacation.

L. Duckitt, boiler inspector, returned this morning on the Prince John from the logging camps at Thurston Harbor and Cumshewa which he has been visiting in the execution of his official duties.

The Ketchikan motorship F. C. Barnes arrived this morning at 5 o'clock from Alaska with another shipment of 1000 cases of freshly canned salmon to be shipped east over the Canadian National Railway.

T. McCullough, logging contractor for the Massett Timber Co., arrived from Buckley Bay on the Prince John this morning. He is here on business and will return to the islands on the steamer Wednesday evening.

William H. Fogg, chief clerk in the C.G.M.M. office at Vancouver, arrived in the city this morning. He is making the round trip to Queen Charlotte Islands, Prince Rupert and Stewart on the steamer Prince John as a holiday.

Albert Moore, logging superintendent for the Whalen Pulp & Paper Co., came as far as Thurston Harbor on the Prince John, this week from Vancouver and will return south on the same steamer from there at the end of the week.

A Bon-fire Picnic in aid of the Ridley Home will be held, weather permitting, on Wednesday, July 25, at McNicholl Creek. The launch "Oh Baby" will leave Cow Bay every 20 minutes between 6 and 8 p.m. Tickets 25c, children 15c. Coffee provided. Everyone welcome. 173

Dr. F. P. Kenny, graduate of the University of Toronto, the Royal College of Dental Surgeons of Ontario and the College of Dental Surgeons of British Columbia, wishes to announce that he is practicing dentistry in his modern dental office in the Helgeson Block. Dr. Kenny is here permanently and is not connected with any other dentist in the practice of dentistry. 174

The C.P.R. coast steamer Princess Louise, Capt. Arthur Slater, arrived from Vancouver at 8.30 this morning enroute to Skagway with a list of 265 passengers. The vessel sailed for the north at noon. Three passengers arrived here on the Louise, H. B. Friele, D. Weed and J. S. Weed of Seattle, who are on their way to Alaska where they have salmon canning interests. The Princess Louise had two large tourists parties making the round trip, one of 70 from Ohio and another of 60 from Texas.

## Leisure hours for the Children's Instruction

You can attain them through making economies in the time you give to household work. For example, on wash day, the use of Sunlight Soap as directed on the carton, will free you from hours of drudgery at the wash board. Washing dishes, shelves, oil cloths, etc., can all be done better and in shorter time if you use Sunlight Soap. All these minutes and hours saved throughout the week can be devoted to the better things in life.

The rich and pure oils of coconut and palm used, and the extreme care taken in converting them into Sunlight give this soap unusual power for cleansing purposes. Its absolute purity makes it safe for all laundry soap uses.

Lever Brothers Limited Toronto

Daisy Durham, charged with vagrancy, was remanded in the police court this morning.

Capt. H. B. Babbington arrived this morning on the Prince John from his crab cannery at Naden Harbor.

W. Barrie and W. Christensen arrived by the Prince John this morning from Queen Charlotte City.

H. C. Fraser, school inspector, returned from the Queen Charlotte Islands on the Prince John this morning.

Mrs. M. Mayer arrived on the Prince John this morning from Victoria. She will spend some time visiting in the city.

F. Lee, a Los Angeles tourist, is making the round trip on the Prince John to the Queen Charlotte Islands, Prince Rupert and Stewart.

G. P. Hale, secretary of the Massett Timber Co., arrived this morning on the Prince John from Buckley Bay and will sail tonight on the Prince Rupert for Vancouver.

It was reported that Irene Coleman had left the city when the charge of vagrancy laid against her was read in the police court this morning. She was arrested last week and was remanded in order that she might have an opportunity of leaving town.

## MINES BEING BONDED FAST

### Activity in Hudson Bay Mountain and Babine Properties Continues

SMITHERS, July 23.—The past week has brought renewed activity in the mining field, and several interested parties are on hand making inspections of various properties.

The latest group to create more than passing interest is the Cascade, owned by A. S. Millor, and which has been looked over by the Dutchie, the Guggenheims and D. J. Williams, representing New York interests.

This property is making a wonderful showing, and the 20-foot lead being driven is productive of a high grade ore.

The mine is but two and one half miles from town, being situated on an easily accessible part of the Hudson's Bay Mountain and its close proximity to shipping makes it a desirable property.

D. J. Williams, former manager of the Rocher de Boule mine is a visitor in town. Mr. Williams is on an inspection tour of several mining properties in the district. It is reported that he has taken an option on some properties, while others are under consideration.

Geo. Smith is now busy with assessment work on his holdings at Prince Rupert. He is very enthusiastic over the prospects of his property, and has pronounced "one of the best."

Crossing the valley to the Babine Mountains one finds the same enthusiasm and activity as holds on the Hudson's Bay. Several properties are in course of development, some of which are under bond, while other recently inspected are receiving very favorable reports.

## DEVASTATION BY FIRE AT BUCKLEY BAY WAS CHECKED BY BRIGADE

### Men Saved Plant from Extinction by Excellent Work With Hose

BUCKLEY BAY, July 23.—The recent fire started between a yarding donkey which was not in operation and a swing donkey which was in use logging the new townsite directly west and adjoining the millsite at Buckley Bay, but what caused it is still a mystery. It was just two o'clock in the afternoon when the shrill whistle of the donkey engine spread the news that a bush fire was burning and immediately every man downed tools and hurried for the reels of hose which were stationed about the mill. Like a well trained army the men proceeded to run out length by length of hose until at the end of about 1000 feet they were brought face to face with the hot advancing flames backed by a strong gusty south-east wind. At this time the flames were spreading so rapidly that it seemed impossible to ever stem the onslaught. The heat was intense and the smoke suffocating, but the greater the hardship the more tenaciously the firefighters fought. To see the flames lashing around the lumber piles, under the tram

## BRINGING UP FATHER

ways and round the back buildings of houses, it seemed doubtful if the fire could ever be got under control. There seemed to be a thousand fires in the lumber piles and around residences but so complete was the fire fighting organization, no blaze however small was left to its fling.

### Wind Rises

By about 5.30 p.m. the fire at the west end of the town which threatened to make a clean sweep of the whole mill site, was gradually being got under control in so far as the mill was concerned but in spite of the gallant efforts being made to check the fire, the wind became stronger and with little trouble blew red-hot embers from tall snags, at least a hundred yards at a jump, spreading the fire away to the east end, burning up several small shacks and tents in its course. By this time the whole row of houses on the east side was in immediate danger and it was a pitiable sight to see the women and children making a feeble effort to save a few belongings out of their houses just before they were taken aboard the ss. El Cedro which was standing by and which took them to safety.

### Wonderful Work

The firefighters displayed some wonderful work in this end of the town by putting out many fires which had started on the roofs of houses and which would have made a clean sweep in a few minutes had it not been for their prompt and determined action. As it was, just one house was a total loss, that of the Mitchell family whose place was the last in the row and surrounded by bush.

By Sunday the fire was completely under control as regards danger to the town, and the women folks returning were greatly surprised to find that their homes were still standing. Outside the burning of a few shacks and tents and the Mitchell residence there was practically no damage the only casu-

**SANTAL MIDY** Easy to Take—Quick to Relieve CATARRH of the BLADDER. Each Capsule bears name MIDY. Be sure of counterfeits.

alties being two sprained ankles and some minor cuts and bruises on firefighters.

The ground about the town now resembles a black wilderness but an excellent fireguard against any further fires. With the recent rainfall all the fires are practically out and conditions are again normal.

## SMITHERS

O. J. Wheatley has returned from Winnipeg, where he was called on business. He is being transferred to Vancouver, and leaves in a few days to undertake new duties on the Canadian National Railways. Mrs. Wheatley who has carried on the business of millinery and ladies' wear will join Mr. Wheatley as soon as she disposes of her interests here.

S. Long, of Terrace, accompanied by his son, arrived in town during the week end, where the boy will undergo treatment at the local hospital.

Strawberries and ice cream, cake, home cooking and after-dinner coffee—the appeal was irresistible, and was the means of bringing together a large crowd in the Town Hall for the strawberry festival put on by the ladies of the Methodist Church on Wednesday last. It is stated that the affair was a financial success.

George Roberts who has been holidaying in Vancouver and Victoria returned home Friday.

The Smithers Secondhand Store recently opened by Ed. Eby is already proving too small for his ever-increasing business, and in order to insure sufficient

floor space for display purposes, Mr. Eby is building an additional forty feet on the rear of his present structure, which when completed will measure 125 feet by 40 feet.

C. Shields, of Shields' Grill and Bakery, is on a business trip to Prince Rupert.

H. G. Smith has begun operations on the school lots, facing Third Avenue, and on the rear of the present school, which he is clearing for the erection of the new school building and playgrounds.

At the annual school meeting held on July 14, E. E. Orchard and Chas. Reid were elected trustees, succeeding F. McKenzie, removed to Edson, and L. B. Warner whose term is expired. H. C. Linton was elected auditor. A substantial balance from last year's expenditures exists which will be used in the purchase of new equipment.

Dr. A. M. Bateman, geologist, of Yale University, New Haven, Conn., and B. V. Watkins, accountant, Seattle, are in town. They are both making a trip to the Dutchie Mines in their respective capacities.

## Sport Chat

Meagre attendance at recent football fixtures is bemoaned by the Senior League management co-incidentally with the cry of fans for a better brand of football than has been offered lately. The two conditions may have something to do with each other and they may not but it seems reasonable to assume that, if there was a little more snap to the games than there has been lately, the attendance would be larger. It is not altogether because of the weather and counter attractions that football enthusiasm has run into lethargy. Tonight, the Sons of England, who won their first game of the season last Tuesday, and the Grotto, who won the Gihuly Cup opener on Friday night, will enter the lists in the third game of the Stuart Shield series. As the Sons of Canada were the victims last week of both of tonight's teams, it will be interesting to see which comes out on top now. The Englishmen have one victory to their credit in the Stuart Shield series and the Grotto one defeat against them. A win for the latter team will tie the standing up with one victory and one loss for each of the three teams.

The Sons of England team, in their Stuart Shield game with the Grotto tonight, will be selected from the following players: Frizzell, Lambe, Farquhar, Hodgkinson, Kelsey, Hodgson, Hamilton, Tinker, Lord, Johnson, Craggs, Cameron and Shaw.

Sport events for the week: Monday (tonight)—Stuart Beneficial Shield Football—Sons of England vs. Grotto—Acropolis Hill grounds.

Tuesday—Intermediate League Baseball—High School vs. White Sox—at Acropolis Hill grounds.

Wednesday—Trap Shooting on Park Avenue.

Thursday—Boy Scouts' water sports at Salt Lakes. Gihuly Cup Senior Football—Sons of Canada vs. Sons of England—at Acropolis Hill grounds.

Friday—Senior Baseball—Sons of Canada vs. Gil's—at Acropolis Hill grounds.

# SMITHERS MAN BROKE HIS LEG

Went in Woods Before Carried Home Over Difficult Trail

SMITHERS, July 22.—To lie in a steady downpour of rain from 10.30 a.m. until 2.45 p.m. with a broken leg was the fate that overtook A. S. Millor of this town on Wednesday last.

From information received it would appear that Mr. Millor, accompanied by his son Craig, left for camp on Pine Creek, with intention of procuring some wood to cook breakfast. On way to his objective Mr. Millor stepped off the trail, and doing so, dislodged some stones causing him to fall, the result being a broken leg and the ankle.

Craig, after making his father comfortable as possible under the circumstances, set out to help, and at about 11 a.m. reached the camp of G. Smith, J. Bussinger.

Unfortunately but a few minutes were two prospectors, "Scotty" Lyvie and P. Jensen were sighted by G. Smith and invited to take of breakfast, otherwise would have been impossible to see the injured man until assistance could have been secured in town, a distance of ten miles.

A stretcher of blankets and was hastily constructed by G. Smith, J. Bussinger, A. T. Miller and Craig Millor began most trying ordeal of their lives.

**Five Miles in Six Hours**  
The spot where the unfortunate man lay was at the bottom of a two-hundred foot incline, the steepness of which prevented possibility of the rescuers carrying their burden, and it was necessary to make a detour of five miles before a trail was encountered. Windfalls, stumps and rocks had to be carefully navigated, and six hours of time were consumed in covering the five miles to Simpson's trail.

When it is known that Mr. Millor weighs 180 pounds, some idea can be formed of the herculean efforts made by the stretcher bearers in their noble work. Once Simpson's trail was reached the going was easier without further delay the victim reached the cabin of M. Dahl, where the victim was held for until the ambulance arrived from Smithers to convey him to the hospital.

**Leg Was Set**  
Dr. Hankinson immediately set the fracture, and at the hospital it was stated that the injured man was progressing favorably. Mr. Millor is a pioneer of the Skeley Valley, and in addition to plumbing and tin-smith business has interests in several mining properties, chief among which is the Cascade group, which promise well.

**Prizes are Offered**  
Prizes at Smithers Annual Fall Fair

SMITHERS, July 23.—The Smithers annual fall fair which takes place in September is assured of success if the display of prizes and medals in the window of the Interior News can be taken as a criterion. Many local men are evincing a desire to make this year's fair the best yet held, and as an evidence of their support are presenting the following prizes:

The F. Oekloslaw Silver Cup—for the best saddle horse.  
The Association Dairy Cup—for the best dairy cow.  
The J. S. Gray Silver Cup—for the most prizes in flowers.  
The Interior News Silver Cup—for the most prizes in home cooking.  
The Association Silver Challenge Cup—for the most prizes in fancy work.  
The E. E. Orchard Silver Cup—for the most prizes in vegetables and field roots.  
The D. D. Munro Medal—for the best collection of clover, alfalfa and grasses.  
The Association Medal (second prize)—for four-horse turn-out at Smithers Fair.  
The R. C. W. Lett Medal—for the best Timothy seed.

The Union steamer Cardena, capt. A. E. Dixon, arrived from Vancouver and way ports at 8.45 p.m. last night and sailed at 10 for Moyock and Stewart.

## Markets Needed by the Farmers

Residents of towns and cities everywhere are beginning to realize more acutely the fact that, except under very unusual conditions, their communities will prosper and develop only in proportion to the prosperity and development that comes to the farming sections which surround them. Realizing this fact, commercial clubs and chambers of commerce have in recent years been devoting as much of their attention to developing the country districts as they have to securing new industries and attracting new residents. They know that as the country about the towns become more thickly settled and the farmers become prosperous the more money will be spent in the towns and the faster these towns will grow. It is largely for this reason that the residents of the towns and cities have been doing more and more to aid the farmers in growing bigger crops and in improving marketing conditions. The towns and cities have contributed more and more liberally toward the building of good roads in the country districts and have paid a large part of the expense of maintaining agricultural exports to assist the farmers in growing bigger crops and getting more money out of their crops when they are placed on the market.

**Not One-Sided Proposition**  
But this is not a one-sided proposition. If the city is dependent upon the country, so is the country dependent upon the city. What the farmer raises is worth absolutely nothing to him unless he can sell it at a price that will pay him a fair return on the money and time invested in its production. The farmer, without markets, would be in the same fix as a storekeeper without customers. In almost every case the farmer is dependent upon the near-by town or city for a market for at least his perishable products.

In the language of the street, it is a fifty-fifty proposition. The town needs the country and the country needs the town. The farmer needs the assistance of the storekeepers of the town in securing a market for his products. He needs the assistance of the storekeepers of the town in getting good roads over which he may haul his products without losing more time than the products are worth. He often needs the assistance of the storekeepers in helping him over a period of financial stringency.

**Storekeeper Needs Farmer's Trade**  
On the other hand the storekeeper needs the business of the farmer. He does not ask the farmer to sell him his products on credit even though at the time he may be hard pushed for cash and may need more credit badly. He does not ask the farmer to help him build a sidewalk in front of his store. He does not ask for the business of the farmer provided that he can sell the farmer the goods he needs at as low a price as he can secure them for elsewhere.

But does he always get the farmer's business? Ask the mail order man in the big city or ask the postmaster or the express agent in any town or city in the country. They could, if they would, tell of thousands of dollars sent away to the big cities to pay for goods that could be purchased just as cheaply and much more conveniently in the nearest town or city. These thousands of dollars, when sent to the mail order houses in the big cities, never come back. They do not help to build good roads past the farmer's houses. When the next crops are harvested, the mail order man won't buy any of the farmer's products. The potatoes, the tomatoes, the melons and other things that the farmer raises may lie and rot upon the ground so far as the mail order man is concerned.

**No Credit From Mail Order Men**  
The mail order man won't sell the farmer two cents' worth of goods on one day's credit no matter how badly the farmer may need the goods or how little ready cash he has to pay for them. If the farmer's house burns down, the mail order man is not going to sell him any lumber on credit so that he may build another home. He will take what cash he can get the farmer to send him and there his interest in the farmer ends. If the farmer has no money to pay for what he needs, the mail order man will find others to help swell the stream of dollars which is building up his great fortune and helping build up the great city in which he lives.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

# PRINCE JOHN IS IN FROM Q.C. ISLANDS

## Brought Large List of Passengers — Fine Voyage Reported — Islands Are Very Busy

The C. N. R. steamer Prince John, Capt. Harry Neddin, arrived at 6.30 this morning from Vancouver via the Queen Charlotte Islands after a fine voyage all the way up the coast in which no rough weather whatever was encountered. The John landed 44 first class passengers here and 39 second class. The vessel sails tonight at 10 o'clock for Stewart and will return south via the Islands at 8 Wednesday night.

Officers of the Prince John report that all logging camps on the islands running at full blast. The mill at Buckley Bay has resumed operations and the steam schooner El Cicuto is there loading lumber for Los Angeles.

# LAKELSE HOTEL IS FINE RESORT SAYS RAILWAY OFFICIAL

That Dr. and Mrs. A. H. Bayne are running a first class summer hotel at Lakelse Lake is the word brought from the hot springs by R. F. McNaughton, C.N.R. district passenger agent who returned to town last night after inspecting the resort. The meals, he says, are excellent, the accommodation is very good and the trout fishing is unsurpassed. The bath-house has undergone

## CANADIAN NATIONAL RAILWAYS.

Sealed Tenders will be received at the office of Chief Engineer, Winnipeg, Manitoba, until twelve o'clock noon of the 31st day of July, 1923, for the following:

- (1) Construction of culverts on the Smithers division involving fifty-nine timber culvert replacements.
- (2) Dismantling abandoned timber trestle bridges on the Edson division.

Plans, profiles, specifications and form of contract may be seen and form of tender obtained at the offices of the Chief Engineer, Winnipeg, Manitoba; District Engineers, Saskatoon, Edmonton, and Vancouver; Division Engineers, Regina, Calgary and Prince Rupert; Resident Engineer, Prince George.

The lowest or any tender, not necessarily accepted.

A. E. WALKER, General Manager.

Winnipeg, Man., July 18th, 1923.

# MRS. PANKHURST IS AGAIN ON WAR PATH

## Former Suffragette is Now Leader at Social Hygiene Campaign

TORONTO, July 23.—Accompanied by Mrs. R. A. Kennedy, president of the Ottawa Women's Club, and Miss Estelle Hewson, provincial secretary of the Ontario Social Hygiene Council, Mrs. Emmeline Pankhurst is on a month's speaking tour in remote parts of Northern Ontario. Over fifteen hundred miles of territory between Toronto and Sault Ste. Marie is being covered. Manitoulin Island will be visited. The three motor missionaries will hold meetings in thirty towns, besides distributing much lore and literature on social hygiene along the route.

Backed by the social hygiene council, the Provincial Department of Public Health, and the Women's Institutes, the Pankhurst party expects a live trip. Where meetings have not been arranged open-air meetings will be addressed by the famous English suffragist and her companions.

Always a leader, Emmeline Pankhurst is again on a crusade. Since the war she has become a Canadian citizen. She resided in Victoria for some time but is now in Toronto, where, with her daughter Christabel and the four orphaned girls they have adopted, she has established a permanent home. She has a great vision for Canada.

# JIMMY MELVILLE IS DOING WELL AND IS GETTING BIG SALARY

Clint C. Tilton of Danville, Illinois, was in town this morning on the Princess Louise heading a party of Illinois tourists who are making an Alaska tour. Mr. Tilton brought word of J. B. F. Melville, former chief clerk in the C.N.R. general superintendent's office here. Mr. Melville, since leaving this city some years ago, has steadily gone ahead until he is now manager of the Illinois Coal Co. at Danville, with a salary of \$12,000 a year. Mr. Melville asked Mr. Tilton to remember him to all his old friends here and tell them that he soon hopes to have a trip West himself with Mrs. Melville.

# GOOD FISHING AT WARKE CANAL IS REPORT OF PARTY

Good fishing in Bill's Lake, Wark Canal, is reported by a party of local anglers, comprising George Bryant, Harry Welford, C. W. Kirkendall, Clarence Woodruff and Norris Pringle which visited there yesterday travelling on Mr. Bryant's Harla. They left on Saturday evening and returned this morning bringing in about 50 pounds of fine cut-throats some of which ran up as high as seven pounds in weight.

Mr. and Mrs. Charles Durham, of Usk, arrived in the city on the train last night.

A. A. Cox returned to Vancouver on the Prince George on Saturday night.

L. W. Patmore returned from Ritchie on last night's train.

When you buy advertising you buy CIRCULATION, and see that you get it.

# Warner's Corsets

## THE SILHOUETTE MOST FAVORED FOR FALL SUGGESTS A PERFECTLY CORSETED FIGURE.

The fitted bodice, the near normal waistline, the snug hip bands on suits and blouses are highlights of the fall mode whose success is quite dependent on madame's figure. If your costumes are to drape gracefully and to achieve distinction you must be carefully corseted, wear not only a persuasive, pliable boned corset but a brassiere which will mold the upper portion of your figure into pleasing curves. New models especially designed to conform to the fashionable silhouette may now be chosen and our salesladies will gladly advise you if you wish.

## "KEEPING OUR PROMISE."

The faith of the buying public is a hobby of ours, for after all, we are established here to serve our patrons. When we say we will do a thing for you, we mean it. It is our idea that having built up the confidence of the public, in our ability to serve them at all times, the battle is half won. Friendly service, courteous and willing at all times is our slogan, and we hope that through your actions with us you are benefiting therefrom. If you not, please let us know of it.
