### BRITAIN REMAINS NEUTRAL IN RUHR STRUGGLE TO FORCE DEBT PAYMENTS

#### French Threaten to Isolate Ruhr if Resistance Continues: Verdict Court Martial Anxiously Awaited

PARIS, Jan. 23.—The complete isolation of the Ruhr valley and adequate severance of its communications with the remainder of Germany, is announced in government circles today as the next step in the French struggle against Germany's resistance, if that resistance continues.

DUSSELDORF, Jan. 23.—The Ruhr seems awed momentarily today while Germans and French await news from Mayence where Fritz Thyssen and six other industrialists are on trial before a French Court Martial charged with refusing to obey orders of the control commission issued from general headquarters. It is believed that imprisonment of the magnates might mean the calling of a general strike throughout Ruhr.

#### VENTURE DOES RESCUE STUNT

Disabled Alaskan Trolling Boat  
Was Picked up Last Evening  
Near Port Simpson

Capt. A. Johnstone, of the tug Venture, of the port Simpson, today from Anxos and waypoints reported having rescued a disabled 80-hp three man trolling boat No. 534 off Finlayson Is. and, near Port Simpson at 10 o'clock last evening. The owner, Jack Lambert, was the only person aboard the boat which was towed into Port Simpson by the Venture and turned over to the Customs.

The Venture was coming out of Port Simpson southbound when Lambert signalled her by showing his lantern. The steamer stopped and found the smaller boat broken down and rolling in a northerly wind and the sea having been in that way for some six or seven days. She was towed into Port Simpson. The gas boat was taken from Port Simpson to the wharfe when she broke down leaving left Simpson about 3 o'clock in the afternoon. The fuel and water tank had been kept overboard when the boat was in difficulty.

The Venture was not delayed in making the rescue for she was running ahead of time this week. Making the ends at Anxos, Miss Ann and Arrandale yesterday, the steamer was in the Skeena River this morning and loaded salmon at Cassiar and Skeena Commercial canneries. She arrived here at 11.30 this morning and will sail for Vancouver and way ports at 6 this evening. Capt. Johnstone reports the present trip the finest one of the season from a weather standpoint.

Sommerville Firm in Edmonton  
Sustains Loss of Premises  
and Stock in Bad  
Blaze

EDMONTON, Jan. 23.—The Sommerville hardware store, one of the finest in Western Canada, together with its contents valued at \$250,000 was destroyed in a fire which raged six hours and kept every fireman in the city busy preventing the spread of the flames.

Fred Hale and R. L. Brown returned to town from Anxos on the Venture this morning.

#### PRINCE EDWARD ISLAND DRIER

Importation Was Voted Out by  
Vote of Three to One  
Against Yesterday

CHARLOTTETOWN, Jan. 23.—Prince Edward Island has voted to make a dry province drier by forbidding the importation of liquor for export purposes. This was the sole remaining privilege of liquor dealers in the province. The vote ran about three to one against importation.

#### WOLF PACKS APPEAR TEMISKAMING DISTRICT

KENABECK, Ont., Jan. 23.—Wolf packs are increasing in number in the central part of the district of Temiskaming. They are of the grey timber wolf variety, and are preying on the red deer which make the district their habitat. Bands of a half dozen to fifteen have been seen in close proximity to settled areas. Mining camps in the Montreal river district, about half way between Cobalt and Elk Lake, report numerous packs on the forage and driving other wild animals to cover.

#### British Hold Strictest Neutrality on Rhine but Situation is Dangerous

LONDON, Jan. 23.—The British government has instructed its military representatives on the Rhine not to interfere with arrests or expulsions of German officials being carried out by the French.

The British have also been instructed not to co-operate with the French in such operations or to allow themselves to become involved in any incidents of this nature. Anxiety is so widespread here regarding the dangerous situation in Ruhr emphasized by reports of the French extending their activities to the Cologne area.

#### U.S. SENATOR AND FRANCE

Says Occupation of Ruhr is  
Violation of Peace Treaty

WASHINGTON, Jan. 23.—Senator Borah, of Idaho, Republican member of the foreign relations committee, has issued a statement characterizing the French occupation of the Ruhr valley as a flagrant violation of the peace treaty and international decency which brings misery to Germany and economic loss to the United States. Senator Borah says Washington ought to abandon her policy of indifference and openly protest against continuation of the French move.

#### INDIAN BOYS ON THEFT CHARGES ARE DEALT WITH

Reginald Clayton and David McKay, of Kincolith, Are Sent to Reform School—Two Others on Suspended Sentence

Reginald Clayton, Paul Clayton and David McKay, three Kincolith Indian lads, charged with breaking and entering and stealing \$120, were the first prisoners to enter the dock in the new court house at the Market Place yesterday afternoon. All pleaded for speedy trial and pleaded guilty. Reginald Clayton and David McKay are to be sent to an industrial school and Paul Clayton, on account of his youth and the fact that he made a clean breast of the whole affair at first, was released on suspended sentence and will be returned to his parents.

Paul Henry Provost, another Indian youth from Methakla, also appeared to answer to a charge of breaking and entering Charles Powell's store and stealing \$15 worth of goods. He elected for speedy trial and, on account of his poor condition of health, was let out on suspended sentence to return to his parents. W. E. Fisher appeared for the crown and W. E. Colfison, Indian Agent, appeared for the Indian department also acting as interpreter.

LONDON, Jan. 23.—The Scottish Independent Labor Party at its annual conference voted overwhelmingly for prohibition instead of local option.

#### AMERICAN BOYS ARS BETTER THAN GIRLS

PHILADELPHIA, Jan. 21.—Young men of the United States are improving, in the opinion of Prof. Albert G. Rolfe of Hill School, Pottstown. He could not say as much for the girls, in an address before the Women's Club of Germantown.

"The modern dapper," he said, "may be a success, as a companion, but as an ideal she fails to impress."  
Prof. Rolfe said he had found boys to be better dancers than girls.

#### LABOR PLACES VIEWS BEFORE KING CABINET

Ask For Number of Changes in  
Existing Laws and Consideration Promised

OTTAWA, Ont., Jan. 23.—A delegation from the Trades and Labor Council presented the legislative program of that organization to the cabinet and received the assurance of consideration. Premier Mackenzie King said he thought the cabinet could meet some of their wishes.

The delegation which was headed by Tom Moore, asked for the following:

Hand-picked immigration.  
Elimination of tax free bonds.  
Slight amendments to the Industrial Disputes Act.

Efforts to provide for employment in time of stress and to build up a system of unemployment insurance.

Provinces to be represented properly on delegations sent by Canada to international conferences.

An eight-hour day on all government contracts.

Hon. W. S. Fielding, minister of finance, pointed out that labor's program would abolish some sources of federal income without providing other sources. He said the present state of the money market did not permit the re-arranging of the national debt and the elimination of tax free bonds as proposed by Mr. Moore.

#### OFFICIALS TO RECEIVE PAY

City Treasurer, Engineer and  
Utilities Superintendent  
Will Get January  
Salaries

W. D. Vance, city treasurer; T. C. Duncan, superintendent of utilities; and F. J. Whittaker, city engineer, who were summarily suspended by Ex-Mayor Rochester early this month for refusing to comply with the council's order to inaugurate the 8-hour day in the city hall, will receive their salaries for the month of January at the regular monthly rate, according to a decision made by the Finance committee after the council meeting last night. The resolution to this effect calls for the accounts and offices of the officials being found correct and the submission and inspection of the treasurer's report for the year by the auditor not later than January 31.

#### THORNTON TO ADDRESS CANADIAN CLUB SOON

Wires Secretary Gale Regretting  
Inability to Visit City  
Now

Walter Gale, secretary of the Canadian Club of Prince Rupert received a telegram in answer to a letter sent Sir Henry Thornton, inviting him to address the local club. The reply was as follows: "Your letter of the ninth received and invitation of the Prince Rupert Canadian Club much appreciated. Owing to the limited time at my disposal I cannot find it imperative to visit Prince Rupert during the present trip but look forward to acceptance of your invitation at the earliest possible date."

#### City Council Makes Final the Engagement of New Officials for City Hall and 8 Hour Day

In spite of objections taken by Ald. Macdonald and Ald. Mackenzie and submitted in the form of amendments, the report of the council committee recommending the appointment of various new officials to the city hall service and the inauguration of the eight hour day basis of employ for monthly employees was adopted by the city council last night on motion of Ald. Collart, seconded by Ald. Stephens. City Solicitor Hooper and City Clerk Woods requested that recommendations be given the retiring officials and the request was complied with, a motion by Ald. Munro to this effect being unanimously carried. The whole matter was disposed of with dispatch by the council and the many speculators present who might have been looking for a long and spirited discussion on the subject were again due for disappointment.

When the adoption of the committee report had been moved by Ald. Collart and Ald. Stephens, Ald. Macdonald rose to give his views on the matter and to submit his first amendment calling for re-reading of the report clause by clause.

"Owing to the fact that I do not concur entirely with the report I would move that it be re-read clause by clause," said Ald. Macdonald. "I believe that we are not yet sufficiently informed on some of the suggested alterations embodied in the report to be properly guided on the selections. Regarding the superintendent of utilities, whose department I am most concerned in as chairman of the utilities committee, it has been suggested that under this report the staff could be reduced from the present 25 men on the outside to, say, ten. I have not yet sufficient knowledge to know if these changes would ensure the proper upkeep and maintenance of the city's most valuable asset. I believe this matter, at least as regards the department, is being rushed too much."

Ald. Mackenzie seconded the amendment which was lost, the mover and seconder being the only members of the council to vote for it.

Submitting a second amendment that 30 days notice be given the Civic Employees' Union of the proposed change from the 7 to 8-hour day in the City Hall and that a committee of the union be given the privilege of meeting the council on the matter if objection were taken to it, Ald. Macdonald referred to the United Labor Party's manifesto, calling for the recognition of unions, on which he had been elected. "One of the principles that has been adopted by British institutions and which is recognized even in the Treaty of Versailles is that of collective bargaining," said the alderman. "All that I ask is that the matter be discussed with the Civic Employees' Union. Collective bargaining is recognized by all British institutions and I do not believe that this council should deviate from the rule."

The amendment, again seconded by Ald. Mackenzie, was rejected on a similar division to the first one. The committee's report was then adopted, Ald. Macdonald and Ald. Mackenzie voting against it.

City Solicitor Hooper then asked for a hearing which he was granted on motion of Ald. Munro seconded by Ald. Macdonald.

Charging that Ernest F. Jones, of Vancouver, the successful applicant for the combined position of city solicitor and city clerk had been given information as to (continued on page five)

#### CAMOSUN IS AT VANCOUVER

Vessel is Slightly Injured and  
Will go into Drydock for  
Examination

VANCOUVER, Jan. 23.—Steamer Camosun, arrived yesterday with starboard plates and forward gangway door bent by the impact with the s.s. Princess Beatrice last Friday at midnight. She will go into drydock for survey and if necessary will be repaired.

Officers of the Camosun are reticent regarding the collision. Pilot Nelson was on the bridge at the time of the impact. Capt. Dickson had just retired.

It is believed that an inquiry will be held by the wreck commissioner.

#### HARRY KILLAS GOES TO JAIL

Appeal Dismissed by Judge  
Young and Accused Will do  
Six Months at Okalla

The Harry Killas liquor selling appeal was dismissed in the County Court yesterday afternoon by Judge Young and accused was committed to the city jail where he will await being taken south to Okalla prison to serve the six months sentence imposed upon him by Magistrate McGlynn and against which appeal was taken.

The appeals of Ernest Colombe and Len Garland, who are already serving time in Okalla, have been withdrawn and but one case remains yet to be heard—that of Dan Campbell. This appeal is scheduled to come up on Wednesday morning. M. Gonzales, of Williams & Gonzales, appears for the appellant.

No Removal Of
Local Dry Dock.

Very few people take seriously the report of the interview
with Sir Henry Thornton in which reference is made to the local
drydock and the suggestion that it should be removed to Van-
couver.

There is at Esquimalt, within easy reach of Vancouver, a
large drydock that can accommodate most of the ships that visit
Vancouver or Victoria. To handle still larger vessels a larger
drydock is being built also at Esquimalt. It is being built by the
Dominion government and was doubtless designed for use in
connection with the naval base. That provides adequately for the
southern section of the British Columbia coast.

To handle the smaller craft, there are marine ways where
tugs and small passenger vessels can be hauled out and repaired
both at Vancouver and Victoria. There is no lack of accommoda-
tion. The only plea for another is a purely selfish one, for the
work on the larger vessels is not done at Vancouver where Van-
couver can get the direct benefit.

Shipbuilding Not
Yet Developed.

To take care of the northern coast of the province and of
Alaska another drydock is necessary and it is situated at Prince
Rupert. True, it has not been used to any large extent because
the shipping in these waters has not developed as was expected.
If the dock were towed to Vancouver, it would be in direct com-
petition with the government's other two docks at Esquimalt
with the result that all would be idle a great deal of the time.
Three docks at Vancouver and Esquimalt would be as much of
an overload in dockage facilities as in one dock here.

The Dominion government and the railway are both pledged
to develop this port. The lots were sold under that obligation
and only recently the drydock entered into a five year contract
with the city to carry on work up to a certain capacity.

Sir Henry Thornton stated very explicitly in Vancouver that
no rails would be torn up but that every part of the system
would be developed with a view to making it profitable. That is
what we expect Sir Henry to do here. We do not take seriously
the views expressed by the Vancouver morning paper or the in-
terview obtained by the reporter for that paper. If the Canadian
National is going to continue to operate this line, as Sir Henry
states they will, then we may depend upon there being increased
business here.

In a small place like this, rather cut off from the rest of the
world we become over sensitive over small things. We allow
ourselves to be influenced too much by what appears on the sur-
face. We must remember that the big influences that bring re-
sults often are never seen until the results are obtained. While it
is not wise for us to look too much to the railway company for
our support, yet we can depend on the co-operation of the com-
pany insofar as it is a business proposition.

West Is Suffering
Temporary Relapse.

The West is passing through a cloud; it is suffering a tem-
porary relapse, while the East is steadily improving and show-
ing increased prosperity. This is a passing phase. We may look
for much improvement during the coming spring. Times are
very dull here and in all the cities of the West, and even the vil-
lages are suffering just as much as the cities. The only thing
to do is to keep a stiff upper lip, to work steadily and keep up
our spirits. Things might be a great deal worse than they are,
but the outlook is good and we shall all see better times soon.
The mining development and the opening of the mills in this
part of the country will soon be felt.

JUNEAU WANTS
SEAL PELTS

Would Share in Business From
Pribiloff Islands Rookeries

KETCHIKAN, Jan. 23.—In a
telegram received by the Com-
mercial Club from the Commer-
cial Association of Juneau, Ketz-
chikan is asked to boost the bill
introduced by Senator Johnson
which is intended to take the fur
seal monopoly out of the hands
of St. Louis dealers, so that
others will have a chance to
handle some of the skins.

Sale at Juneau

Juneau is asking that the an-
nual sale of furs be held there.
Senator Johnson introduced
his bill with the hope that some
of the San Francisco dealers
could get in on the business. At
the present time the skins are
cured and therein lies the joker,
for they can only be cured by
the St. Louis dealers. By the
Johnson bill they simply would
be salted, which means open
competition for the business.

The Bill

The Johnson bill reads:
That each and every fur seal
skin taken on the Pribiloff Is-
lands of Alaska, under the pro-
visions of the act approved Aug.
21, 1912, shall be accurately
measured, so as to record the
salted length and girth prior to
its distribution or sale by the
secretary of commerce, who shall
make and preserve such com-
plete record of measurement
thereof, and of the proceeds de-
rived from such distributions or
sale of said skins.

Provided that no fur seal
or fur seals shall be taken, the
skin or skins of which when
properly salted, or cured on salt,
shall measure less than thirty-
seven and one-half inches in
length.

Provided further, that all fur
seal skins so taken and recorded
shall be sold or distributed in
their salted form as cured and
shipped from the islands, and in
other shape, by the secretary of
commerce, from and after the
passage of this act.

NEW OFFICERS
FOR RED CROSS

Walter Gale is President For
This Year and F. Steery, Sec-
retary

At the annual meeting of the
Red Cross Society held in the new
council chamber last evening
Judge Young who has held the
position of president for a num-
ber of years, resigned and refused
to accept further office. In his
place Walter Gale, the secretary
of last year, was elected. Before
giving up the position the Judge
gave a short resume of the past
time work of the Red Cross espe-
cially in providing nurses for
rural districts. The work they
were doing was moulding the
people of Canada to be better
citizens. The complete list of of-
ficers elected was as follows:

Hon. President—S. M. Newton.
President—Walter Gale.
Vice-president, F. Steery.
Executive Committee—Mes-
sames Jarvis, McLeod, P. W. An-
derson, D. W. Morrissey, W. T.
Kerzin, and Henning, and Messrs.
Milton Gonzales and C. H. Orme.

In accepting the position of
president Mr. Gale said he regret-
ted that Judge Young was leav-
ing the work. Great interest had
been taken by the committee last
year and they would do their best
this year.

Judge Young said he would like
to see a junior Red Cross Society
started here.

A hearty vote of thanks to
Judge Young for the splendid
work he had done in the past was
carried with enthusiasm.

Reports

The treasurer's report for the
year showed total receipts \$1,-
255.04, this including a carry over
from last year amounting to
\$86.05. The expenditures amount-
ed to \$712.12 and there was on
hand to carry to next year's ac-
count \$532.2. Of the expenditures
made this year the sum of \$531
was spent on hospital improve-
ments.

Judge Young, in retiring from
the office, said he was giving up
because he felt that he had held
the position long enough and new
blood would stimulate public in-
terest. He attributed the success
of the work to the complete har-
mony and united co-operation of
the executive and also to the
zeal and energy of the lady
members of the committee at all
times. He mentioned that dur-
ing the war no less than \$40,000
in cash and \$60,000 in materials
had been secured by the society
and used in their work. The citi-
zens had backed them wonder-
fully. The Indian women of the
Queen Charlottes had knitted
something like 700 pairs of socks.
Now he intended to go to the an-
nual convention of the society
and then drop out of the work.

## Stomach Trouble "Indigestion" Relieved by Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind.

Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Wm. Kröschel, Morden, Man., writes: "Some time ago I had quite a serious case of stomach trouble, indigestion, I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed."

B. B. B. is put up only by The T. McBurn Co., Limited, Toronto, Ont.

## VANDERHOOF RESIDENT PASSED AWAY IN CITY

Mrs. Edith Braman Died Last Night at Home of Daughter, Mrs. G. W. Johnstone, Eighth Ave. W.

The death of Mrs. Edith Braman, wife of Albert Braman, of Vanderhoof, occurred last night at 8 o'clock at the home of her daughter, Mrs. G. W. Johnstone, 300 Eighth Avenue West. Suffering from heart trouble, Mrs. Braman arrived in the city from Vanderhoof on Saturday night, accompanied by her son, Glen Braman.

The late Mrs. Braman was about 50 years of age and was born in the United States. She lived in the city in the early days and about six or seven years ago moved with her family to Vanderhoof where they took up ranching. Deceased is survived by her husband at Vanderhoof and three daughters, Mrs. G. W. Johnstone, Mrs. R. M. Clarke and Mrs. T. Pederson, of this city, and three sons, Guy, Kay and Glen, of Vanderhoof. Funeral arrangements are in the hands of the B.C. Undertakers.

## Keeping Up your Quality

Mrs. J. H. S. says she likes Pacific Milk because it is always the same. It is the only change she ever noticed was the recent improvement in process which allows us to have each 100 pounds contain 43 per cent cream.

"Keeping up your quality must require exceptional care," Mrs. S. says, "which I believe all good cooks appreciate."

A letter from J. Urwin, who is building a house on Moresby Ave., Westview, asking permission to cross a city tax sale lot in making water connection, was referred to Board of Works for report at last night's council meeting.

The city council last night authorized the board of works to accept a bid for repairing the jaw of the city rock crusher which is broken. It was pointed out that repairs would probably cost \$150 while a new jaw would cost \$253.70.

An application from N. McLean to purchase lot 13, block 9, section 5, for \$122.71, the upset price at which it reverted to the city at a recent tax sale, was referred to the Finance committee by Mayor Newton at last night's council meeting.

In connection with the unification of the C.N.R. coast steamers and the G.G.M.M. Ltd., it is announced in Vancouver that the G.G.M.M. ships will in future use the G.T.P. dock at the foot of Main Street for the discharging of California cargo. The government dock was formerly used.

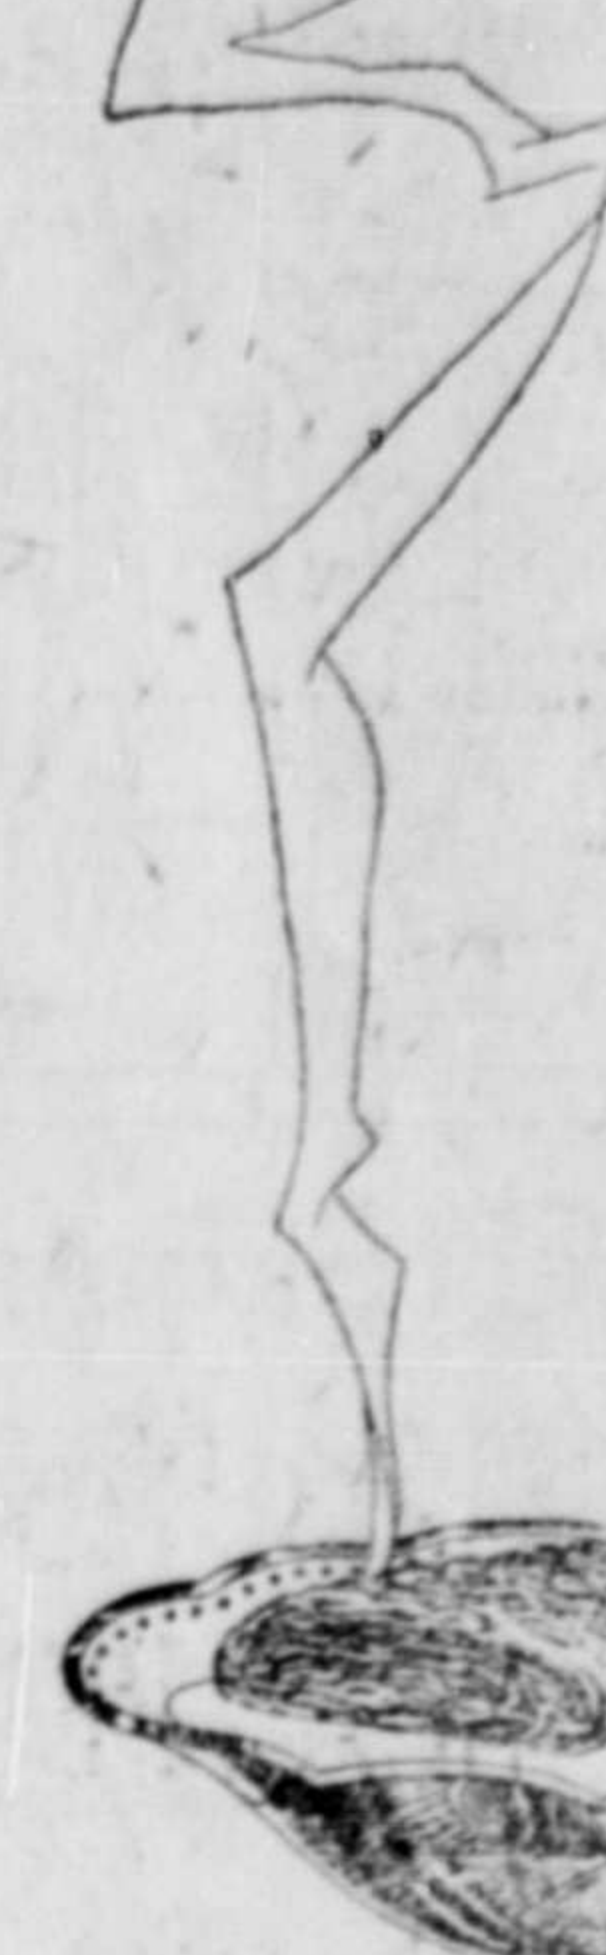

Reports from the building inspector for the months of November and December were received and filed by the city council last night. The November report showed there had been 2 permits with a total value of \$3,677. In December 3 permits were issued for a value totalling \$6,900.

Copies of the Municipal Act are to be furnished the members of the city council at the expense of the city. A resolution to this effect was passed last night by the council on motion of Ald. Mackenzie seconded by Ald. Macdonald. Ald. Colhart objected in view of the fact that he had to pay for his own last year.

Mr. and Mrs. Robert Bryson and Mrs. C. W. Eadie with their families will sail for Vancouver on the Prince George Friday morning. # A real whole wheat porridge

Children like a whole wheat porridge better than any other porridge—and it is so easy to make it, hot and tasty, out of Shredded Wheat.

Place the Biscuits in a small saucepan, add salt and enough water to cover the bottom of the pan; stir and boil until it thickens. Serve with milk or cream.

A hot dish for those who do not like porridge is made by simply pouring hot milk over the Biscuits, adding a little cream and a little salt. Nothing so good for youngsters as these little loaves of crisp, oven-baked shreds of the whole wheat.

Shredded Wheat contains all the bran you need to stimulate bowel movement.

ACCUSE GREEKS OF CRUEL TREATMENT

Albanian Minister in London Makes Protest to British Government

LONDON, Jan. 23.—(Associated Press)—While Greece has been raising pathetic cries to the world against the treatment of her subjects at the hands of the "hep-hai Turk," she has been practicing the same sort of brutality and unwarranted persecution upon thousands of Albanians within her own borders.

Campaign of Persecution When Greek refugees began to pour in from Asia Minor, said M. Konitza, the great problem of finding homes for them became a perplexing one, and the Greeks, it is alleged by the Albanians, began their campaign of persecution in order to force the Albanian peasants to leave their ancestral soil to make room for incoming refugees.

Moslems and Christians Another instance recited was that of a large number of Albanian Moslems and Christians, placed in a stream up to their necks, forced to remain over four hours, taken out, cruelly thrashed and then exiled.

The Sons of Canada will make another try for Senior Basketball League honors to-night when they meet the Colts in a league fixture.

The Colts and Elks will take the floor in the Intermediate League. A victory for the latter would tie the league standing up in a very interesting manner for all teams would then be even with four victories and four losses each. On the other hand, a Colts' victory would give them a one game lead over the Knights of Columbus and Grotto now in second place. This situation in the Intermediate team should be attractive enough to bring out a good crowd of spectators especially in view of the fact that it is said the Intermediate are producing its good brand of basketball this year as the Seniors.

In the Ladies' League, the Adanacs and Kaiens are down for a meeting. Victory for the former would tie them up again with the Maple Leafs in point of number of victories.

The standings to date in the Basketball League are as follows:

	W.	L.	Pt.
Sons of Canada	7	2	14
Colts	7	2	14
Elks	0	9	0
Intermediate			
Colts	4	3	8
K. of C.	4	4	8
Grotto	4	4	8
Elks	3	4	6
Ladies' League			
Maple Leafs	8	2	16
Adanacs	7	3	14
Kaiens	0	10	0
Junior League			
Tiny Tins	3	0	6
Falcons	2	1	4
White Sox	2	2	4
Colts	0	4	0

### FARMER GOVERNMENT ALBERTA CRITICIZED

The Edmonton Bulletin of recent date says editorially: The taxpayers of the province will learn with some surprise that the provincial government has sold \$4,800,000 worth of provincial bonds without calling for tenders or otherwise providing for competitive bidding. On the face of things a transaction of that kind will stand some explaining. Private sales of public securities are wrong in principle, and usually expensive in practice. Bonds issued against the credit of the province are the property of the taxpayers, quite as actually as real estate, buildings, or other property paid for with public money. If ministers are warranted in disposing of such securities to whom they please, at what price they please, they would be equally justified in disposing in like manner of any other public property for the sale of which they had obtained legislative sanction.

### COUNCIL MAKES FINAL ENGAGEMENT OF NEW OFFICIALS FOR CITY HALL 8 HOUR DAY.

(Continued from Page 1.)

allowed to retain his practice which he had been Mr. Hooper stated that he had something was due him, and been with the city now for three years and never had any criticism of his last December he had received notice of his dismissal with a single word of explanation "I was just fired," the solicitor declared.

Reports of my dismissal were spread in Vancouver where I well known," the solicitor said, "and I, as well as other officers, have been more than once what was wrong with the of Prince Rupert. People that we have done some-eroked."

### Not Inefficiency

was put in a peculiar position. The council had not decided on combining the two positions or I might have been able to do so. I was not given the information that Mr. Jones, of Vancouver, was given. I want to say Mr. Jones had been informed the two posts were to be combined and that he would be his private practice and application was made on December 14 before the advertisement had been out. I did not know that the applicants would be allowed their private practice and that reason I did not apply was not prepared to give up my profession. Furthermore, I had an offer to this council to take the position and no resolution was made to it. The least the council can do in my mind is a resolution showing that

it was not inefficiency that caused this action being taken.

Mayor Newton felt that the request was a reasonable one and requested the council, in view of the circumstances, to give the retiring officials as good recommendations as possible.

It was moved by Ald. Collart and seconded by Ald. Munro, and unanimously carried that recommendations be given Mr. Hooper for services rendered.

### Saving the City

In speaking in the resolution, Ald. Stephens stated his opinion that the council needed no more justification for its action than the fact that it was saving the city \$2400 a year in the combining of the positions and the appointment of Mr. Jones. It did not mean that the council had any grievance against either Mr. Woods or Mr. Hooper and if they chose to remain in the city there might yet be room for further reconstruction embodying their services.

City Clerk Woods suggested that the other retiring officials might appreciate recommendations as well and the resolution was extended to embody the suggestion.

Mayor Newton was authorized to write the recommendations. "They will be good ones, too, as far as I am concerned," declared His Worship in closing the discussion.

S. Service, of McBride, has been appointed registrar of births, deaths and marriages under the Marriage Act in the place of M. Gorman, resigned.

William Frank Isip of Bella Coola has been appointed district registrar of births, deaths and marriages at Bella Coola in place of F. Broughton resigned.

### COLLART ACCEPTS COMMITTEE POST

Says He Will Burry Personal Feelings in Order to Look After Interests of Ratepayers

"Since I have been elected by the ratepayers to look after their interests, even at the cost of my personal feelings I have decided to sit on the finance committee in the humiliating position imposed upon me by Mayor Newton," such was the statement made by Ald. Collart at last night's council meeting referring to his objection of last week in being denied the chairmanship of the finance committee in the list of standing committees.

Mayor Newton expressed his gratification at Ald. Collart's re-

consideration and again expressed his regret if the appointment had not been satisfactory to him.

Ald. Collart inquired as to the representation of the council in the board of trade and was told by the mayor that such representatives would be named when it was definitely decided by the council to make a grant to the board this year.

### SIDEWALK ESTIMATES SENT TO GOVERNMENT

The city council, on recommendation of the board of works, last night decided to submit estimates to the provincial government on the cost of extending the 16 foot sidewalk on Second Avenue to the entrance of the new court house at Market Place. It is also to be recommended that the provincial government bear the cost of making the extension. The city engineer reported that a 16 foot sidewalk would cost \$391.70 and a board walk, \$595.85. There was some

discussion as to the merits of cinder and board walks and the question of maintenance was also touched upon.

### PLANTING WILD RICE TO KEEP MIGRATORY BIRDS IN THE NORTH

That is Plan Being Adopted by People of Alaska

KETCHIKAN, Jan. 22. — The Ketchikan Game Protective Association at its recent meeting advocated the planting of wild rice in the lakes and marshes of the territory as a means of getting wild ducks and geese to remain over there for the winter instead of migrating to the south where large numbers are shot every year.

The Mallard ducks in this part of the country do not all migrate in the fall. Some of the other varieties of ducks and geese that come from the interior where food is more plentiful and of a better quality. If an abundance of rice was grown in this part of the country, wild fowl would not feed on fish as at present as they are very fond of wild rice and grow very fat on it. Alaskans would then have grain-fed ducks and geese, the most delicious of wild game food.

**Giving Away Seed**  
E. C. Howard has a quantity of this wild rice which he secured for the purpose of making this experiment. At the meeting he offered to give this away to anyone wishing to plant it on the border of lakes and bays in their own neighborhood. The game

warden and U. S. forest service officials have volunteered to help in the introduction of the rice wherever possible.

The value of this wild rice as a food for both birds and human beings was first called to Mr. Howard's attention when he was living in Minnesota. There it grows in three and four feet of water bordering on the ponds and lakes.

**Makes Good Food**  
About the first of September the Indians paddle through the thickly growing grain and tie it into bundles so that it will not be broken down by the birds or wind storms while ripening. By the last of September it is ready to be gathered and the Indians hold the bunches of grain over the side of their boats and flag off the rice with two or three sharp strokes of the hand. The kernels are incased in hulls and the Indians dig a deep hole and line it with stones which are heated. They place the rice in the oven, where the hulls are burned off leaving a long, narrow kernel, dark brown on the outside and white within. When cooked this is an appetizing food, with a delicate flavor and is one of the staple articles of food used by the Indians during the winter. It is also a very fattening food for the thousands of wild game with which Minnesota abounds.
