PREMIER BONAR LAW SUBMITS RESIGNATION

NURSES' HOME DRIVE ENDS SUCCESSFULLY; CAMPAIGN STILL IN PROGRESS

Speculation Favors Baldwin as Successor to Retired Premier; Lord Curzon is also Mentioned

LONDON, May 21.—Newspapers of every shade of opinion deplore the retirement of Rt. Hon. Andrew Bonar Law from the prime ministership, especially expressing regret at its cause. Nowhere is there a discordant note.

Both the Daily Express and the Post endorse Rt. Hon. Stanley Baldwin, chancellor of the exchequer, as Mr. Bonar Law's successor, the opinion being that Lord Curzon could not possibly form a ministry without the aid of Mr. Baldwin.

The country bids fair to be without a premier through the week ending Monday at least.

King George is at Aldershot and up to this afternoon had not asked anyone to accept the premiership so far as is known to the public.

Political gossip is of the opinion that Lord Curzon will be offered the premiership and that neither he or Mr. Baldwin will be the new prime minister.

LOUISVILLE, Kentucky, May 21.—The \$50,000 prize in the Kentucky Derby on Saturday was won by Zev owned by Harry Sinclair. Martingale was second and Vigil, third.

PROTEST TO CONFERENCE

"Dr. Davies or Bust" is Attitude of Centennial Methodists in Victoria

VICTORIA, May 21.—The Centennial Methodist Church congregation yesterday held a meeting of protest against the provincial Methodist Church conference in disqualifying their pastor, Dr. Glen Davies, from permanent membership in the British Columbia conference and therefore from the Centennial Church pastorate.

The congregation appointed a committee of twelve to go to New Westminster on Monday and inform the Methodist conference now in session there that the Centennial Methodists will have Dr. Davies and nobody else for pastor. They have no objection to the appointee of the conference, Dr. J. P. Westman, of Nelson, president of the conference, but the congregation wants Dr. Davies back.

Feeling runs high and a possible break with the established Methodist Church is indicated.

MRS. HEALY PASSES AWAY

Death of Popular Local Lady Occurred Yesterday in Seattle Hospital

Mrs. Esther Isobel Healy, wife of A. W. Healy, of this city, died yesterday morning in a Seattle hospital. Word to this effect was received by friends in the city by wire and advice was also contained in a despatch to the Daily News this morning. The funeral will take place at Vancouver tomorrow.

The late Mrs. Healy was most esteemed and a wide circle of friends in the city who have received news of her sudden demise with profound shock and regret. Taking an active part in the social and religious life of the city, she was regent of the Queen Mary Chapter, Imperial Order Daughters of the Empire, and a teacher in the St. Andrew's Anglican Church Sunday School as well as a member of the Galveston Diocesan Board of the Women's Auxiliary and the Japanese Mission Board. She also belonged to the Ladies' Musical Club and the Ladies' Reading Club.

The late Mrs. Healy, who was a native of Nova Scotia, and was of United Empire Loyalist descent, came to Prince Rupert with her husband seven or eight years ago. Only a few weeks ago she went south with Mr. Healy for medical treatment having been in poor health for some time.

Besides the widower, who is on the staff of the F. G. Dawson wholesale house, Mrs. Healy is survived by a brother, C. H. Macaulay, of the prominent firm of Vancouver brokers, Macaulay, Nicholls & Maitland. A sister also resides in Vancouver.

Industries Must Have Power.

It is generally conceded that if industries are to be started in Prince Rupert, some developed power must be available for their supply. There is no question about the power being available. Everybody knows it is. The difficulty lies in turning the natural sources of power into the commercial requirement. At the present time, the city can hardly be expected to embark upon a power development project. Such a venture, if a supply is to be made available by local enterprise, will have to be started privately by citizens. If they really believe in the future prospects of the city and district, such a scheme may be undertaken provided there is some indication of the investment proving immediately revenue producing. When an industry comes along wanting power it may be assumed that some steps will be taken to make it forthcoming if the backers of such an industry are not in a position to develop their own power. In the meantime, the lack of power is one of the main hindrances to the establishment of industries here at the present time.

Company Town Question Again.

The closed town question bids fair to come up again as a result of the Federal House taking up the Powell River affair. There are several company towns in Prince Rupert district similar to Powell River. While some of them have never had a union such as exists at Powell River, and conditions may be altogether different, the most of the companies have apparently treated their employees on a more intelligent basis than has Powell River.

While the closed town is opposed by many as a matter of principle, it has worked with success in some places. The case of Anyox is an example. There the employees seem to be contented and there has been little if any labor trouble there in the past. The fact that the Granby wage scale is governed by the price that the producing company receives for its product is probably one of the main reasons for the contentment that has always reigned in the smelter town. It gives the employees a different aspect on the situation and, when honestly conducted, makes the reversion to union protection unnecessary.

Nurses' Home Campaign Success.

While the Nurses' Home money raising campaign does not realize the \$15,000 objective, it has nevertheless been successful and the sum raised will ensure the putting up of the much-needed building on the hospital grounds. Through concerted efforts, nearly \$10,000 has been raised by public subscription and this at a time when the people are in a decidedly conservative mood. The committee in charge are to be congratulated and those who so generously gave are to be thanked. The new home that is to be erected will be as a monument to public spirit and its existence will be a matter of credit to the city and an especial comfort to those who, occupying it, are deserving of every support and appreciation that can be given them by the public.

GONZALES TEAM IS BANQUETTED

Enthusiastic Complimentary Dinner Marks Close of Nurses' Home Campaign

H. L. CAMPBELL HONORED

Close Margin Between Winning Team and Canvassers Headed by J. L. Christie

At the conclusion of the final "cashing in" on Saturday night by the teams engaged on subscription collections for the Nurses' Home campaign, Milton Gonzales, captain, and his winning team of canvassers were the guests of the losing teams at a banquet held at the St. Regis Cafe. On the final count, the Gonzales team was adjudged the winning team by a slight margin of \$10.50 over the team headed by J. L. Christie. The winners brought in \$1,568, while the runners up had a total of \$1,557.50. The guests of honor at the banquet were Milton Gonzales, A. B. Nicholls, D. Stork, H. Pringle, E. Mareniette, N. Pringle, R. Blance, H. White, J. Edwards, H. Lamb, and H. Mochida. During the festivities, H. L. Campbell, organizer and manager of the campaign, was presented by D. G. Stewart, president of the hospital board, with a beautiful solid silver engraved cigarette case, in token of appreciation for the excellent services he had rendered in bringing the campaign to so successful a conclusion.

Promptly at 11 o'clock some 50 members of the teams engaged in the drive sat down to a splendid spread, with the winning team in the seats of honor. The singing of "For They Are Jolly Good Fellows" by the losers started the affair.

Mock Trial

At this juncture the proceedings were somewhat rudely interrupted by the arrest of Joe Green by Constable H. L. Campbell, on a charge of endeavoring to bribe one, E. A. Donohoe, to hand over to him the sum of \$50 to aid his team in bringing off the highest collections. Accused was duly brought before Justice Ben Self with Milton Gonzales taking the case for the prosecution and S. K. Campbell acting as lawyer for the defence. The accused quickly elected to be tried by jury and a jury was duly sworn with W. E. Williams as their foreman. The trial proved highly amusing. A strong case was brought against the prisoner but a stronger case was brought in by the defending counsel. Owing to the jury failing to bring in a verdict the prisoner was discharged by Justice Self amid much laughter.

Presentation

In a fitting speech D. G. Stewart, president of the hospital board, said that H. L. Campbell had arranged and brought the drive for the Nurses' Home to the successful conclusion that no other man could have done. It was to him the honor for the wonderful success they had attained was due. On behalf of the hospital board, the Nurses' Home campaign committee and the losing teams, Mr. Stewart then presented Mr. Campbell with a solid silver cigarette case as a token of their appreciation for his splendid management.

In replying to the presentation Mr. Campbell said it was a great surprise to him to receive such a presentation. It was undeserved from his point of view as he had only sat in the headquarters hut and taken down the figures. It had been the citizens, and outside friends who had subscribed the money due to the efforts of the hard working collectors present. Whatever he had done had been done with the greatest pleasure and the success of the drive had been due to the excellent support he had received on all sides.

Gonzales Replies

Milton Gonzales, captain of the winning team, in a few brief remarks, thanked the teams for the honor bestowed upon them which, however, was hardly justified in his mind. The credit was entirely due to the excellent support he had received from every individual member of the team who had worked hard. He thought that every team in the campaign had done the best it knew how and every single man had done his bit to put the drive over. He then called upon his team to sing "For They Are Jolly Good Fellows," after which three rousing cheers were given for the losers.

S. K. Campbell, chairman of the

house committee of the hospital board, said that all the way through the campaign it had been the greatest pleasure to notice the fine co-operation between Manager Campbell and the collecting teams. It showed, as nothing else could, that in H. L. Campbell they had found a dark horse who had come through with flying colors.

Williams Appreciative

W. E. Williams, on behalf of the members of the hospital board, and the committee of the Nurses' Home campaign thanked the men who had helped so loyally to put the campaign across. The people of Prince Rupert, and the hospital in particular, were indebted to those men who had organized and carried out the campaign. It meant a great deal to the sick and suffering who might from time to time enter the hospital. He thought that, before the campaign, the membership of the hospital association was somewhere around twenty but now that it included all those who had subscribed \$5 or more, the membership had been materially increased which augured well for the future of the hospital and its work. On behalf of the hospital association he wished to express great appreciation to all those who had taken part in the campaign.

President D. G. Stewart tendered a vote of thanks on behalf of the directors of the hospital board to H. L. Campbell for his excellent management and to all members of the teams and others who had worked so hard to make the campaign a success.

Newspapers Thanked

Ben Self expressed his appreciation of the manner in which the local press had come to the aid of the campaign and wished to tender thanks for the splendid publicity they had given on its behalf. He had always found the press willing to do its bit in helping along a good cause.

Manager Campbell seconded the remarks of Mr. Self and said that he had received the best of co-operation from the local papers and that the campaign had been given more publicity than he had ever had reason to expect. Personally he was very grateful for their timely aid.

During the evening popular chorus songs were sung under the leadership of S. K. Campbell to the accompaniment of W. Vaughan Davis at the piano. A delightful evening was brought to a close with the singing of "O Canada," and "God Save the King."

The Man in the Moon

SAYS—

BEFORE a man gets married to the girl of his choice he takes her home on a taxi. After he is married to her he takes her home on the street car.

WHEN the single girl is chasing her beau her complexion is all peaches and roses but when she lands him for her very own her complexion is really something like that of a seasick mariner.

WITH the advent of the hot summer days you will wear a fringe on his pant's pockets as the result of handing out nickels to the kids for ice cream.

WHAT has become of the old-fashioned girl who would sooner spend the evening with her knitting needles than go for a ten dollar auto joy ride?

WHAT has become of the old-fashioned boy who would rather read "Pilgrim's Progress" than go to the pictures?

THERE is one good thing about owning a motor boat. It makes one realize the importance of establishing a good credit.

THERE is perhaps one good thing about married life. A man stands a better chance of getting into the bathroom occasionally.

THE splendid results of the Nurses' Home Drive campaign is just a good example of what a little team work will accomplish. If we could only sell our city by the same efforts we'd have street cars running up Mount. Oldfield in quick time.

This is how the Kootenay would look seen in two. It shows the inside flues, which are enamel-clad, and the white nickelled Armo Oven.

The Range That Resists Rust

No steel range lasts longer than its flues. The corroding coal gases and rust play havoc with these vital parts. In a Kootenay Range the flues and smoke box are made of Armo Ingot rust-resisting iron, further protected by being "enamel-clad." Hard, tough enamel! Nothing better to resist rust and corrosion. Under and around the oven, up through the smoke-box—the points usually attacked by rust are guarded by porcelain enamel. No other steel range possesses this McClary's protection. It adds years of service to the Kootenay Range. The White Nickelled Kootenay Oven heats quickly and evenly and is easy to clean. Burns hard coal, soft coal or wood equally well.

Praise from the Country

Commendation from a woman who spent most of her life in the country is praise indeed. For to such cooks, cream has not been a luxury, but a necessity.

Mrs. Eleanor Rue "was raised" on a farm in Pennsylvania. She married a Canadian and came to British Columbia. Cream was such a price when she lived in the country. "We tried different canned milks until we found Pacific and I really like it better than cream now. I never made such cakes before."

The experience of Mrs. Rue is common to many others. Pacific does work better in cooking, for it is always of the same richness.

The Great War Veterans' Association and the Athletic Club have joined hands to put on a celebration at Terrace on May 24. In the afternoon at the ball park there will be racing, tug-of-war, greasy pole and ball game events. In the evening there will be a display of boxing and the day will be wound up with a big dance.

Indications of a continued rapid increase in the number of big game animals as a result of sanctuary conditions in Jasper National park are contained in recent reports from the superintendent. Guides grazing their pack-horses in the Buffalo Prairie region of the park are finding difficulty in securing sufficient feed for the animals owing to the exceptionally large numbers of elk, deer and caribou grazing in that section. As many as one hundred elk have been seen feeding there at one time while sheep and goats are also reported numerous.

VIOLA DANA STARS IN "JUNE MADNESS" Film Depicts Madcap Adventures of Sprightly Young Runaway Bride

"June Madness" is the title of the new Metro picture which comes to the Westholme Theatre tonight and tomorrow. It depicts the madcap adventures of a sprightly young miss, played by Viola Dana, who breaks away from her own wedding ceremony, leaving a million-dollar bridegroom flat and speechless. She is chased by Mamma, friends, ushers, clergyman, and relatives of the million-dollar fish, but outside the church she meets a hundred-dollar Jazz King and orchestra leader in his roadster. He helps her to escape from the horrors of a life of luxury. The Jazz King, played by Bryant Washburn, is no considerable party himself, and makes a lot of unwilling people dance to his tune. Even the little runaway bride cannot bluff him, although he has his troubles with her. The escape is only the beginning, for the complications complicate until little Miss Clytie's adventures seem without end or entanglement. The two are no sooner out of one trouble than they are in another, the only things they miss being possibly numps and the taxes. They elude their pursuers by land, water, strategy, and the good fortune which follows such charming adventurers. It is a speedy story, full of thrills.

MACLEAN DOES CLEVER WORK IN "BELL BOY 13" Popular Star Shows That His Talents Are Not Confined to Dignified and Aristocratic Portrayal

That Douglas MacLean's talents are not limited to portrayals of aristocratic and dignified young men, is well illustrated by his clever characterization of "Shorty" the bell-hop in "Bell Boy 13," the Thomas H. Ince comedy farce, which will be shown at the Westholme Theatre on Wednesday and Thursday. Descending the social scale from the position of scion of a wealthy family to that of bell
