STANLEY BALDWIN NEW BRITISH PREMIER ED CHAMBER OPENS DISCUSSION CANADA TEMPERANCE ACT AMENDMENT

Former Chancellor of Exchequer Accepts Offer of King to Take Over Leadership of Government

LONDON, May 22.—(R.) Hon. Stanley Baldwin, former chancellor of the exchequer, is Great Britain's new prime minister. He accepted the premiership offered him this afternoon by King George.

The Conservative leaders, it became known, agreed upon Mr. Baldwin as their choice and selected Sir Robert Horne to succeed him as chancellor of the exchequer. Sir Robert was chancellor of the exchequer in the Lloyd George ministry.

It is not expected there will be any changes otherwise in the personnel of the Bonar Law cabinet.

The solution of the premiership problem is regarded as an unquestionably keen disappointment to Lord Curzon who two years ago was regarded as almost certain to succeed Premier Bonar Law. He is, however, pointed to as a victim of circumstances, not being passed over because of any lack of ability. The sudden rise of the Labor party to the official opposition in the House of Commons made a time minister from the House of Lords almost an impossibility. The appointment of a premier (King in the House of Lords) Labor has not a single representative would have created a situation unknown in parliamentary history of modern times.

HERALD SAYS SHIPS MOVING RUSSIA WARDS

Organ Declares Britain
More Than Mere
Breaking of Diplomatic
Relations

CONFIRMATION IS
OBTAINABLE ELSEWHERE

LONDON, May 22.—Preparations for the immediate despatch of light cruisers and mine sweepers to Russian waters are being made according to the Daily Labor Organ, which says four cruisers and seven mine sweepers are being dispatched. It insists that there are no significant movements of ships towards the Dardanelles, indicating that Britain is not making more serious in the mere breaking of diplomatic relations with Russia.

Confirmation of the Herald's reports regarding extensive movements are obtainable elsewhere.

VICTS MAKE THEIR GETAWAY

Spit Around Men as They
Fled Away from Quebec
Penitentiary

MONTREAL, May 22.—William MacDonald and John Clark, convicts, escaped from St. Vincent de Paul penitentiary, and speeded across the Riviere des Prairies in a canoe while bullets from the penitentiary rifles spat into the water all around them. Apparently, the convicts escaped the police and reached the Montreal harbor safely, then disappearing.

BONAR LAW UNCHANGED

LONDON, May 22.—Ex-Premier Bonar Law spent a good night and his condition is unchanged.

Mining Development Progressing More Favorably in Interior than Ever, Department Official States

That mining development in the interior is progressing better and more rapidly today than ever before in its history is the opinion of T. J. Shenton, inspector of mines, who returned from a tour of inspection to the interior on last night's train. Mr. Shenton inspected the Dome Mountain property, 23 miles north of Telkwa, and the Duthie Mines situated on the Hudson Bay Mountain at Smithers. The properties look very promising.

At the Dome Mountain Gold Mines Ltd., bonded by the Guggenheim interests and under the management of H. Lee, a very accommodative camp has already been erected consisting of bunkhouse, dining room and kitchen and various cabins for the men. At the present time there are 36 men employed at the mine. A shaft is now being put down measuring 14 feet by 4 1/2 feet, consisting of three compartments. This is now down to a depth of 30 feet. Boilers and compressors are now being transported to the mine and are half way along the road. Other machinery is to be installed immediately. It is expected that the entire installation of machinery will be installed and in full working order by the middle of June. The machinery has to be taken a distance of 23 miles. It is skidded with horses, ropes, and tackle. In the course of the distance to be traversed there are five valleys and five hills to be negotiated which means laborious work.

In speaking of the mineral showings on the property Mr. Shenton stated that it is showing up excellently. If all conditions prove to be what the management expect them to be there will be 300 men employed all the winter.

Duthie Mines

On his tour of inspection Mr. Shenton also inspected the Duthie Mines at Smithers. Two or three carloads of machinery have already arrived at the mines, together with a 10 horse power caterpillar tractor and an additional five horse power tractor is to be imported. A steam boiler has already been taken in by caterpillar power a distance of 43 miles in one day. Eighty men are employed on the property and more will be employed as the work progresses. Plans are all in readiness for the installation of the plant and as soon as this is in good working order the mine will produce full blast. The mine is shipping high grade ore steadily, and has shipped some eight cars to the Trail smelter since the beginning of the year.

Babine Property

James Cronin, the well known mining man of the Omineca district, is expected to arrive in Smithers from his home in Butte, Montana, in the near future to begin development work on his property in the Babine range.

Free advice may prove costly in price.

BIRTHS

At the General Hospital, on May 21, a daughter was born to Mr. and Mrs. A. J. Edlund, 861 Summit Avenue.

A daughter was born to Mr. and Mrs. Levick, 714 Second Ave., at the General Hospital on May 21.

C.P.R. BOAT GOES ASHORE

Marvale, Formerly Corsican,
Leaking Badly Off Cape Race
—Crew and Passengers
Safe

ST. JOHN'S, Nfld., May 22.—The Canadian Pacific liner Marvale, formerly the Allan liner Corsican, went ashore twenty miles west of Cape Race and is leaking badly. The passengers and crew have been rescued.

When the Marvale struck the rock near Trepassy and began to fill with water, the captain grounded her on a convenient beach for the safety of the passengers who were all landed safely and brought to St. John's from whence they were transported to St. John's by rail.

B.C. People Aboard

There were 436 persons aboard including Mr. and Mrs. W. H. Smith, of Vancouver, George Haig, of Vernon, and Martha Clark, of Victoria.

The Marvale has a big hole in her hull which is difficult to repair. Under her old name, Corsican, she was a transport ship for Canadian troops throughout the war.

MAN KILLED AT STEWART

Joe Bennett Fell Between G.T.P.
Steamer and Government
Wharf

(Special to Daily News)

STEWART, May 22.—Joe Bennett, employed at the Premier Mine and on government road work, fell between the steamer Prince George and the government wharf here at noon on Sunday as the steamer was about to leave for the south. He struck his head on a timber and was apparently killed. The body floated for a minute only. Officials are dragging for the remains now. Nothing is known of deceased's antecedents. He was about 60 years of age.

The spring of 1923 will be long remembered for its many and varied floods. The photo shows the lumber yard in Manchester, N.H., under several feet of water.

UNION MEN ARE NOT DISCHARGED

OTTAWA, May 22.—The Minister of Labor has received a telegram from the Powell River Paper Co. denying that it had discharged all officials of the Papermakers' Union. The telegram says in part: "We have discharged five men for incompetency and disloyalty. So far as we know only one of them was a Union official."

CAPTAIN AND CREW ATLANTIC SCHOONER HAD STRENUOUS TIME

Reach North Sydney in Exhausted Condition—Mariolla Was Carrying Liquor

NORTH SYDNEY, May 22.—Capt. Welch and his crew of seven men from the schooner Mariolla, which foundered seventy miles out, reached port on the Morien. They were exhausted after three days and nights in an open dory.

The Mariolla was a fishing vessel of 70 tons and had 1,200 cases of liquor aboard.

WOMAN KILLED WHEN SHE FELL FROM FIFTH STOREY OF SPENCERS

VANCOUVER, May 22.—Maud Wright, an employee of David Spencer Co. Ltd., went to a fire escape on the fifth storey because she felt unwell. Fainting, she toppled over into the street and was killed instantly.

Bill to Prevent Importation of Liquor Into Province of B. C. Introduced in Senate

OTTAWA, May 22.—A bill to amend the Canada Temperance Act so as to prevent the importation of liquor into British Columbia has been moved in the Senate by Hon. Raoult Dandurand, of Quebec.

The opposition demanded that a certain letter from Hon. A. M. Manson, attorney general of British Columbia, be produced. Senator Dandurand explained that the letter was confidential to a certain degree but he had taken excerpts from it dealing with the subject under discussion. The debate is unfinished.

City Council Receives Auditor's Report for Business of Past Year

"The aggregate surplus of the city's assets over its liabilities has in 1922 increased to \$1,037,918.53, being \$5,127.85 more than 1921," says the report of George Rorie, city auditor, submitted to the city council last night. "The total assets of the city amount to \$3,409,190.79, against which it has a debt outstanding at December 31, 1922, of \$1,937,608.16. The values at which the assets are entered are their book values. The land values are mainly based on the assessment value of 1917 while stores, tools, furniture and equipment are inventoried and valued at the end of each year at the current market value."

KETCHIKAN FRESH FISH

Strong Boat Arrives With
Carload for Shipment
Over C.N.R.

The motor ship Prince of Wales, owned by Carl Strong, arrived in port at 4 this morning from Ketchikan with a carload of fresh fish, comprising salmon and halibut, consigned from the Marilyn Fish Brokerage Co., of Ketchikan, for transshipment over the Canadian National Railway to the east. The fish was handled by the Royal Fish Co. here, who unloaded it from the boat and transferred it to the refrigerator car on the company track. This is the first landing of fresh fish from an American port at Prince Rupert for transfer to the Canadian National lines and, in the opinion of John Dybhavn, manager of the Royal Fish Company, is only the forerunner of many like shipments.

CLEAVAGE IN PARTY RANKS

Progressives Show Defection on
Budget—Humphrey, East
Kootenay, Favors It

LEADERS TO SPEAK
THIS AFTERNOON

OTTAWA, May 22.—The first cleavage in party ranks of the House on account of budget opinions came yesterday when L. W. Humphrey, Progressive member for East Kootenay, announced that he would support the budget because it was not committed to adherence to any party's fiscal policy and many of his constituents were not in favor of the low tariff policy of the Progressives.

Apart from this, the day's debate followed party lines. Premier King and Leader of the Opposition Meighen are expected to speak today with the possibility of the budget vote on Wednesday night.

TRACE OF LUMBERMAN GONE EXCEPT CANOE

David Russell, of Toba Inlet, Has
Not Been Seen for Several
Weeks

VANCOUVER, May 22.—A French-Canadian lumberman named David Russell disappeared from a logging camp at the head of Toba Inlet near Klahoosht. He has not been seen since. A careful search found only his canoe.

INTEREST IN BUDGET VOTE

Government and Progressive
Members at Ottawa are in
Caucus Today

VOTE TOMORROW

Division May be Closed—Meighen
Will Indicate Attitude of
Conservatives Today

OTTAWA, May 22.—Both the government and Progressive members are in caucus today discussing the expected vote tomorrow on the budget, Bank Act and remaining business of the session.

In regard to the budget vote, the chief interest turns on the division on the main motion for adoption of the budget. The Progressive amendment, it is expected, will be defeated by the joint vote of the Liberals and Conservatives but when the amendment is disposed of there will come the crucial vote on the main motion. The Progressives, with few exceptions, will vote against it. Hon. Arthur Meighen, leader of the opposition, speaks today and he will likely indicate what attitude the Conservatives will take as a whole towards the main budget motion. Should they vote against it, the division will be close but there is practically no expectation here that the government will be defeated.

Mr. Meighen will be followed in the debate this afternoon by either Premier King or A. R. McMaster, Liberal member for Brome, who will give his reasons for leaving the ranks of the government supporters, after which he will take up his seat across the House.

Mr. Bonar Law Was Successful Premier.

Andrew Bonar Law, during his few months tenure as Premier of Great Britain, has filled an arduous and delicate position with much tact and a measure of success. Politically, the situation at the head of the British Commons at the present time is a very difficult one fraught at all times with party dangers. How long Mr. Bonar Law's successor can continue to pilot the Conservatives in power is a question. In any case, Mr. Bonar Law has managed to put through some valuable legislation of a moderate nature and has handled the many serious problems that now confront the Empire with care and caution. His retirement is to be regretted and it is to be hoped that his successor may carry on as well as he has done.

Provincial Police Reforms Due.

Some valuable reforms are to be enacted in connection with the affairs of the provincial police, Attorney General Manson announces. The work is to be extended where necessary and put on a better basis generally. Co-operation with city and Dominion police, it is indicated, is to be more strictly followed. The provincial police, it is admitted, is capable of a lot of improvement and Mr. Manson and the new superintendent, Col. McMullin, are taking hold of the problem. The various reforms that they have in view will be popular with the public.

Mrs. Healy Was Valuable Citizen.

In the death of Mrs. Healy, the city of Prince Rupert loses one of its most esteemed citizens, for deceased has for many years been active in valuable work of a semi-public nature, both social and religious. The Daily News joins with the citizens generally in expressing sympathy to the widower and the various organizations of the city to which her death will cause a deep loss.

Home Establishment Is Necessary.

Canada has been losing a lot of people lately because she does not take steps to keep them. One of the most important factors in stabilizing population is the encouragement and assisting of home building. In the United States money is available more generally for home establishment than it is in Canada. Banks in the United States advance money on real estate. In Canada it is the practice not to do so. That is one reason why United States is having so much building today and why it is attracting people. People, naturally, feel more inclined to stay with the place where they have a home, paid for or not.

Of course, it is necessary for Canada to be more careful about capital than the United States. Proportionately, there has been much more money made in the United States of recent years than in Canada. Hence, more money is available for investment purposes. However that may be, it seems that at this time Canadian bankers and others might promote general prosperity and stabilize the population somewhat by taking measures to encourage home establishment.

Nerves So Bad That She Would Sit and Cry

Mrs. Mary Hocking, Madoc, Ont., writes:—

"Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine." (Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")

DR. CHASE'S NERVE FOOD

50 Cents a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto

REORGANIZATION OF PROVINCIAL POLICE

Many Reforms to be Put into Effect, Attorney General Manson Announces

A conference between J. H. McMullin, superintendent of the provincial police, and his inspectors has just been concluded at Victoria, and the recommendations now being prepared for the consideration of the Attorney General, who has also been in conference with the police officials, and plans for the reorganization of the provincial police force will be put into force almost immediately.

Modelled on the lines of the famous Royal North West Mounted Police, the provincial police will shortly have at its head a commissioner, under whom will be a superintendent and a number of inspectors. Under the new order chief constables will become sergeants, and other ranks will be corporals, first, second and third class constables, and probationary constables.

One of the most far-reaching innovations of the reorganization will be the establishment of a criminal investigation department, which will be separate from the ordinary police body, although under the same executive head. Members of the force not attached to the C.I.D. will probably be uniformed.

Hon. A. M. Manson, who arrived in Vancouver last Wednesday night, stated that the placing of the provincial force on a more efficient plane than ever before was the object of the reorganization. In addition to the formation of a C.I.D. branch, provision has been made for rapid and efficient co-operation between the provincial, municipal and R. C. M. P. forces, and also for a complete enforcement of the game laws. Police district boundaries will also be altered to suit existing circumstances, which will be coincident with the regrading of all ranks of the force and a complete redrafting of police regulations to be strengthened, when the legislature meets, by drastic amendments to the Police Act.

Inspector T. W. S. Parsons, of Prince George, who is in the city, attended the recent conference.

BURNS LAKE HAS BRICK FACTORY

Ben Howland Sets up New Industry at Gateway to Lakes District

BURNS LAKE, May 22. — Ben Howland has arrived here from Fort Fraser and is very enthusiastic about the future of the town and district. Mr. Howland has had twenty-six years' experience in brick-making and is now the proprietor of Burns Lake's newest industry. He is convinced that the local clay will make an excellent quality of brick, and already the preparation of the brickyard is under way. Buildings and the kiln will be constructed immediately and the first batch of 50,000 bricks will shortly be offered for sale.

Hand made, sand rolled brick will first be manufactured but with the growth of local and export trade, a press will be installed and commercial quantities made for shipment and local sale. The factory is situated on the island adjacent to the southern terminus of the bridge. At the commencement four men will be employed in the work.

Ten Years Ago in Prince Rupert

The G.T.P. steamer Prince Albert, which left here shortly after midnight for Port Simpson and the northern parts of Queen Charlotte Islands, met with an unfortunate accident while attempting to make the wharf at Port Simpson about four o'clock this morning. The steamer ran on a reef not more than two hundred yards from the wharf and is now resting high and dry. The Venture of the Union Steamship Company, southbound from Granby to Prince Rupert, entered the harbor at Port Simpson just about the same time as the Albert. The Venture made several attempts to pull the Albert off the reef but without success. The boat is not leaking and it is expected it will float at high tide tonight.

J. H. Rogers left on the steamer Venture this morning on a business trip to Seattle.

The Man in the Moon SAYS—

THE man who does not own a motor boat has a poor idea of the word worry.

WHAT I like about a banquet is the nice things the fellows say about each other.

THE tailor does not always makes the man—its sometimes the barber.

MANY a married man wishes that Cupid had run short of ammunition before he was made a target for his arrow.

WHEN a girl calls you "Dear old thing" it's time to back paddle.

IF a woman keeps a man waiting for an hour he grumbles but the same man will sit for days with a salmon egg on a hook waiting for the improbable to happen.

BOWLING is an underhand game anyway.

ONE of the things that there is no limit to is the number of girls that can get into a 15 foot boat.

THERE are two things in this life that a man needs to be wary of, the first is a motor boat and the second is a woman.

TO SEE THAT ALL PAY WATER RATES

City Treasurer's Department Will Make an Investigation — Some Not Seen Paying

The city treasurer's department will make an investigation to ascertain that all residences in the city are being charged proper water rates. A recommendation to this effect from the board of works was adopted by the city council last night.

City Solicitor Jones questioned if the city had the power to make charges for back service for which consumers had not been billed.

Ald. Stephens insisted that the cost entailed in making the investigation should be charged to the waterworks. Ald. Munro undertook to see that this was done.

Mayor Newton said that this was just a step towards reducing the deficit of the water department. It had been found that some people had been getting their water for nothing. If this did not improve the condition, the whole question should be gone into with a view to increasing rates.

Ald. Stephens felt that all the utilities should be consolidated. At the present time the light and telephone departments were crowding over surpluses while the water department had an annual deficit.

Ald. MacDonald suggested that this might be because the light and power department collected its accounts as perhaps the water department had not done.

G. D. B. Turner, manager of the Indian Mines at Stewart, left on the eastbound train last night for Smithers.

The Norwegian freighter Bratsberg is at Swanson Bay completing a cargo of lumber, the first portion of which was taken on at Hastings Mill, Vancouver.

The auditor's report for the year 1922 was received by the city council at last night's meeting and tabled for a week. The report deals with all departments of city financing.

The annual general meeting of the Prince Rupert Swimming Club takes place on Wednesday evening at 8 o'clock sharp in the City Police Courtroom. C. C. Westaway, secretary. 120

A. E. Wakefield, American consul, has written to the city council stating that the invitation of the city to President Harding to visit the city this summer when enroute to Alaska has been forwarded to Washington.

A report from the finance committee regarding the granting of a license to the Dominion Club was laid over for a week by the council last night on request of Ald. Stephens, chairman of the finance committee. The application has received the approval of the chief of police.

A letter from the Kaiten Garage protesting at having to put up a \$25 bond for installing a gasoline tank underground was received at last night's council meeting and referred to the Finance Committee. The company said that this demand had not been made of other parties doing similar work.

The proposed bylaw of the superintendent of utilities reducing light and power rates was laid over for a week by the city council last night. Ald. Macdonald asked that the matter be deferred pending the arrival of information regarding rates in Revelstoke, Nelson, Kamloops, Nanaimo and Rossland.

Mrs. J. M. Collison wrote to the city council last night asking for remuneration in the sum of \$10 for lumber supplied by Mr. Collison in making repairs to Brian Street, a public thoroughfare. The matter was referred to the Board of Works. Ald. Munro stated that the sidewalk in question was a private one and the city should not assume responsibility for it.

In the city police court yesterday afternoon, before Magistrate McLymont, J. Rowat and Donald Smith were both fined \$50 and costs, and Chas. Scott was fined \$100 on a second offence for supplying liquor to Indians. E. Wesley, an Indian, was fined \$25 for having liquor in possession. The fines resulted from a raid made on the Mochida rooms, Fraser Street, by Sergeant McGlinchy and Dominion Constable Watkinson early on Sunday morning when liquor and beer were found in room 27. The cases were adjourned from the morning court.

BIGGER FLOWERS AND VEGETABLES

by using "FERTABS"

FERTABS are a concentrated fertilizer which you apply to the root of the plant. Equally good for flowers, ferns, fruits and vegetables, and for outdoor and indoor use.

Use FERTABS regularly your garden, and you'll be surprised at the glorious blooms and juicy green fruits and vegetables.

Buy them where you buy your seeds. In 25c, 50c and \$1.00 packages.

FERTABS

PILLS FOR PLANTS

THE ANDREWS, ESCOTT CO., VANCOUVER B.C.

E. F. Duby left on the train last night for U.S.

R. L. Brown, left on a business trip to the interior on last night's train.

J. B. Bradford, of Vancouver, was a passenger on the train for the East.

Judge F. McB. Young was a passenger on the train last night for Smithers.

Billie Burke Summer Dresses, Ratine & Willow suiting now on show. Demers. 120

Burn Wood and save coal! Dry birch cut to any length. Hyde Transfer, Phone 580. tf

Pete Corrigan, who has been in the city on business for the past week, returned to Hazelton on the train last night.

C. J. Johnson, left on the east-bound train last night to take a position with the Hanson Timber Co. at South Hazelton.

J. W. Gibson has asked to have his house in section 8, built under the Soldiers' Housing Scheme transferred to John McLean. The city council referred the request to the Housing committee last night.

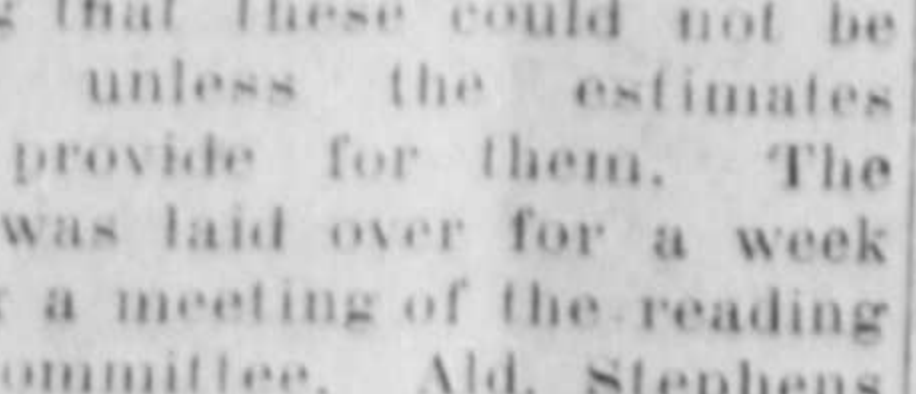

There were six fire alarms with no damage in April according to the report of Fire Chief McDonald submitted to the council last night. The cost of operating the department was \$1289.22 including a payroll of \$1077.

The fire chief will take daily records of the water in the Acropolis Hill reservoir and report to the city engineer when necessary. A recommendation to this effect from the Board of Works was adopted last night by the city council.

The letter from James Innes, of Eburne, asking if the city would be prepared to offer a bonus to a party who proposes establishing a flour mill here was submitted to the city council by the Board of Trade last night. The matter was referred to the Finance committee.

The city treasurer notified the council last night that it would be necessary to raise \$25,000 further to carry on city business until taxation collections are made on August 1. Accordingly Ald. Stephens and Ald. Collart gave notice of motion to introduce a \$30,000 temporary borrowing bylaw at next week's meeting.

Regarding the providing of the London Herald and the Glasgow Forward for the civic reading room, the finance committee reported at last night's council meeting that these could not be bought unless the estimates would provide for them. The report was laid over for a week pending a meeting of the reading room committee. Ald. Stephens said that the reading room should not exceed its estimates. Ald. Macdonald said that the two papers were leading labor journals and might be substituted for some less useful periodicals. The mayor felt they might be substituted for anyway.

HEART PALPITATED and Was Short of Breath

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble.

Many people may be unaware of having anything wrong with their heart till some little excitement, overwork or worry starts it to palpitate and throb, skip beats, beat fast for a time and then so slow as to seem almost to stop, then it causes great anxiety and alarm.

To all such sufferers

Milburn's Heart and Nerve Pills

will give prompt and permanent relief. Mrs. Alice Bishop, 15 Hawthorne Ave., Hamilton, Ont., writes:—I take pleasure in recommending Milburn's Heart and Nerve Pills to all persons troubled as I had been.

I suffered from palpitation of the heart and shortness of breath; my heart would skip beats, and in the night, at times, I would have to sit up to get my breath. I could not go up stairs without my heart fluttering, and my nerves were all unstrung, but since using your famous Pills I have felt like a different person."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"Pachena" for Stewart, Wednesday, 9 p.m. 121

In the city police court this morning John McGill was fined \$50, as an alternative, 30 days in jail for drunkenness.

Mr. and Mrs. J. C. Kettyle, of Endako, who has been in the city for the past week, returned to the interior on the train last night.

For May 24th. White Canvas Shoes at \$1 per pair to clear. Most sizes to fit children and misses. Also a few women's left. Royal Shoe Store. 121

The Union steamship Cheloh-sin, Capt. Stacey, arrived from Anyox and northern points at 10.30 this morning and will leave at 6 p.m. for Vancouver.

Just arrived! A new shipment of Potatoes. Those who have tried them pronounce them excellent. \$2.25 per sack. F. W. Moersch. "You must be satisfied." Phone 13.

T. W. S. Parsons, inspector of Provincial police, Prince George, who has been in Victoria to attend a conference of police chiefs called by the attorney-general, will return to his headquarters on the train tonight.

The American schooner Abeto sailed on May 21 and the schooner ElGheuto sails on May 24, from San Pedro for Buckley Bay to load lumber from the Massett Lumber Co.'s mill for shipment to Los Angeles, California.

FISH ARRIVALS

Two American boats, marketed 24,000 pounds and six Canadian boats, 35,000 pounds, a total of 59,000 pounds of halibut, through the Fish Exchange this morning. The Canadian boats received from a cent to a cent and a half less for first class, and a cent less for second class fish than did the Americans. The prices were somewhat higher this morning than prevailed on yesterday's exchange.

The arrivals and sales were:

American
Greyling, 15,000 pounds, at 16.8c and 11c, to the Canadian Fish & Cold Storage Company.
Tahoma, 9,000 pounds, at 16.3c and 11c, to the Alton Fisheries.

Canadian
Thelma, 11,500 pounds, at 15.1c and 10c; Annie May, 7,000 pounds, at 14.3c and 10c; to the Booth Fisheries Canadian Co.
Viola, 3,500 pounds, at 14.6c and 10c; Azores, 5,000 pounds at 14.9c and 10.2c; Cape Spencer, 1,000 pounds, at 14.3 and 10c; and Verna 1,000 pounds at 14.8c and 10c, to the Royal Fish Company.

HOTEL ARRIVALS

Hotel Central
O. J. Wheatley, Smithers; J. Garfi, Geo. R. Walshaw, F. W. Ball, C.N.R.; J. Colesham, Vancouver.

Rinso

Dissolve in boiling water

Use enough to get a big lasting suds

Big lasting suds—one secret of Rinso's amazing power to dissolve dirt. If you don't get lasting suds, you have not used enough Rinso.

After soaking, only the most soiled clothes need a light rubbing with dry Rinso.

Your clothes don't need boiling if you use Rinso. But if you like to boil your white cottons, use enough Rinso solution to get the suds you like.

NOTE: In hard water it takes from 3/4 to 1 package of Rinso to a tub to make good suds. In very hard water you will need from 1 1/2 to 2 packages to a tub to get the big lasting suds that loosen all the dirt.

UTILITIES STAFF

WILL LOOK AFTER

PART OF PIPE LINE

Services of Waterworks Foreman to be Dispensed With After June 30

A report from the board of works recommending that the patrol and inspection of the pipe line across Shawatlans Pass and the pumping station near there be put in charge of the utilities committee, that construction and maintenance of lines in the city be left in charge of the city engineer and that the services of a waterworks foreman be dispensed with after June 30 was adopted by the city council last night.

Ald. Macdonald stated he would object to the cost of maintaining the Shawatlans pipeline being charged to the utilities. As he understood it, the report provided only for inspection of the line by the utilities staff. Ald. Munro said that such was the intent of the report. Cost of maintaining the pipe line would be a charge against the water department.

Ald. Mackenzie wanted to know why the services of the water foreman were being dispensed with. Ald. Munro explained that there were only four men under him and it was felt that the city engineer could supervise them. It did not necessarily mean the elimination of Mr. Walker for there would be work left for him. Mr. Walker had concurred with the report.

BUTEDALE

Mrs. Malcolm Smyth, who has been ill for the past couple of weeks, is out and around and enjoying good health again.

Twenty white fishermen came up from Vancouver last week and have taken out twenty spring salmon gill nets to Crab River and Kitimaat Arm. None but white salmon fishermen will be employed at Butedale this season.

D. McArthur, manager of the plant here, sailed on Sunday morning by the Venture for Vancouver on business. Returning here, he will be accompanied by Mrs. McArthur and family who will take up their residence at Butedale.

MEETING OF

SIR HENRY

Mayor Does Not Entirely Concur With Appointment of Special Reception Committee

Ald. Perry gave notice of motion at last night's council meeting calling for the appointment of a committee consisting of Ald. Colliart (chairman), Ald. Stephens, Ald. Smith and the mayor ex-officio to meet Sir Henry Thornton, president of the Canadian National Railways, when he visits here this summer.

If such a committee were to be appointed, Ald. Macdonald suggested that it prepare data for presentation to Sir Henry as had been suggested by Mr. Pattullo when here recently.

Ald. Colliart said that the committee would deal particularly with city business. If this was the case, Ald. Macdonald asked why the whole council did not meet Sir Henry.

Ald. Mackenzie felt that the mayor would be the proper person to meet Sir Henry.

"Whether you appoint such a committee or not, I will exercise my prerogative to deal with Sir Henry Thornton or any other Sir Henry who may come here," Mayor Newton declared. "It is my impression that the proper way would be to let me proceed with the necessary arrangements through the medium of the council's advice. On the occasion of his visit, let him meet the whole city council so that each member may present his phase of the situation. That was the way it was done when E. J. Chamberlin, former G.T.P. president, visited the city."

This aspect of the case coming up, Ald. Colliart suggested that Ald. Perry change his motion to a notice of motion for next week's meeting. This was done.

GRANDVIEW HOTEL

MOVING ALLOWED

City Council Gave Permission Last Night Under Certain Conditions

T. Postulo was given permission by the city council last night to move the Grandview Hotel from its present location on First Avenue to the corner of First Avenue and Seventh Street at the rear of the post office provided that he does so under the conditions set by the board of works and does not take more than a week in completing the removal.

The matter had been laid over for a week by the council for further report from the city engineer especially in regard to the size of rooms. In reporting, the engineer stated that there was nothing in the bylaw to regulate the size of rooms. He recommended that permission be given to remove the building under the conditions set out.

GIL'S DEFEATED SONS

OF CANADA PRACTICE

GAME LAST EVENING

In a Senior League practice baseball game at the Acropolis Hill grounds last night, Gil's team beat the Sons of Canada by a score of 9 to 6 in seven innings. Close all the way through, the game was interesting to a fair crowd of fans who witnessed it. A home run by Vic Menzies was the feature of the evening. There were some errors but this could have been expected as the teams have so far had little practice.

Harry Menzies was umpire and the teams took the field as follows:

Gil's—Hill, c. and 3b.; Shaw, c.; Clark, p. and 3b.; Frizzell, p.; Jones, 1b.; G. Mitchell, 2b.; A. A. Easson, s.s.; W. Mitchell, 1.f., c.f.; D. Frizzell, r.f.

Sons of Canada—H. Astoria, c.; V. Menzies, p.; Neilson, 1.b.; Scott, 2b.; Farquhar, s.s.; Lindstrom, 3b.; Henderson, r.f.; B. Smith, c.f.; E. Clapp, 1.f.

BOY SCOUTS WON

OVER WHITE SOX

With Three Games Played, Junior League Standing is Tied Up, Win and Loss Each Team

The Boy Scouts won by a score of 20 to 12 over the White Sox in last night's Junior League baseball game played at the McBride Street grounds and, as a result, with three games played, the league standing is now tied up, each team having a win and loss to its credit. The match last night was watched by a fair gathering of enthusiastic fans.

Laporte was umpire.

Standings to date of the league:

	W.	L.	Pct.
White Sox	1	1	.500
Falcons	1	1	.500
Boy Scouts	1	1	.500

Sport Chat

Stewart beat Hyder by a score of 3 to 2 in the first baseball game of the season played at the northern mining metropolis last week. Sam McNeill pitched for Stewart and Bob Frizzell, of Prince Rupert, was catcher. Bill McDonald and Bill Raines comprised the Hyder battery. The game started off like a stampede, the first three men up for Stewart rambling home without opposition. Those were the only runs made, however, on either side until the last frame when Hyder started a comeback and drove home two runs before they were stopped.

The meteoric rise of the B.C.

If Your Skin is 'Rashy' use

Zam-Buk

Mr. R. H. Barker, Glencairn, Ont., writes:—"My skin broke into an itchy rash which spread so badly over my face that I was soon too disfigured to go about. Within a week Zam-Buk caused the eruptions to die away. It soothed and purified my skin so thoroughly that one could scarcely credit how bad it had been."

Pure herbal Zam-Buk is unequalled for Pimples, Blotches, Boils, Abscesses, Eczema, Ulcers, etc. 30c. box.

WORKS FOREMAN TO BE DISPENSED WITH AND FORD CAR BOUGHT

The position of the public works foreman will be eliminated after June 30 and the city engineer will take charge of all outside work, a Ford runabout to be purchased for his use. This was decided by the city council last night on recommendation of the board of works.

Ald. Macdonald asked how many men the city engineer would have under him. He did not think there would be enough to justify the purchase of a car.

Ald. Perry said that the car would be absolutely necessary for the engineer in covering all parts of the city.

Ald. Stephens failed to see the point taken by Ald. Macdonald. He thought the report was commendable. Two foremen had been laid off saving \$335 a month and the car would thus be paid for in two months. The engineer's clerk had also been laid off and it was now necessary for him to look after both inside and outside work. The car would be necessary if the work was to be done properly.

Ald. Macdonald was inclined to the opinion that the car could be done without as well as the foremen.

Ald. Mackenzie did not see where the car was necessary.

Car Necessary

Ald. Munro declared the car was necessary. If work increased it might even be necessary to re-engage the foreman for a time at least.

Ald. Stephens said he would not support the purchasing of a car if there was to be a foreman. Speaking as chairman of the finance committee, however, he was certain there would be no big work undertaken this year.

Ald. Mackenzie moved that the purchase of the Ford car be dispensed with but there was no seconder.

In reply to Ald. Macdonald, City Engineer Pearson said the car would be necessary if he was to carry out the work now set down for him.

Since the city engineer said the car would be necessary, Ald. Macdonald said he would support the purchasing of it.

The report of the board of works was then put to the vote and was adopted.

Miss A. Macdonald, of New Westminster, B.C., who has been spending the week end visiting in the city, left on the eastbound train last night on a holiday trip.

THE DAILY NEWS

Varsity soccer football eleven this year has been the wonder of Vancouver sporting circles. Playing their first season in senior company, the students fought their way to the finals of the league competition and the McKechie Cup against old-established teams, and it will there fore be of interest to many in the North to learn that Rev. Wm. ("Scotty") Deans, formerly of Telkwa and one of the moving spirits in the formation of the club there, was a member of the Varsity team, playing at inside left. Omineca Herald.

Jockeys in Germany get about forty or fifty cents a race, with a small percentage added for riding a winning mount, under the terms of a new tariff. The schedule prescribes 10,000 marks for every flat race ridden, and 12,000 for each steeplechase. If he wins the jockey gets two per cent of the purse. Apprentice jockeys are paid half the rate of the "regulars" and their share in any first purse won is one-fourth of one per cent.

Ireland, long noted for the longevity of its people, has probably produced no rarer specimen of hardihood and "youth" than Harry Beasley, one of its leading jockeys, who is now 72. For more than half a century Beasley has been winning some of the greatest races on the Irish turf. He attributes his long life to abstemious eating, frugal drinking, abstention from smoking, ten hours of sleep, and "trust in God." Timothy Healy, governor-general of Ireland, placed the first bet of his life recently on a horse ridden by this veteran jockey, and won.

City and Mother of Local
Men, Died at Victoria

A wire was received this morning by Allan M. Davies, from Victoria, telling that his mother, Mrs. Allan M. Davies, had passed away after a brief illness. The deceased was the wife of Capt. Allan M. Davies, late of the G.T.P. Steamship Company. Mr. and Mrs. Davies resided for some three years in Prince Rupert before going to Victoria. Deceased was well known in social circles in the city during her residence here.

The late Mrs. Davies is survived by her husband and a son and daughter in Victoria, while two sons, Allan Davies, employed in the Government Agent's office, and Frank Davies, employed by the Allan Fisheries, are well known in the city.

Allan and Frank Davies will leave on the Union boat tonight to attend the funeral.

DEPARTMENT OF PUBLIC WORKS.
NOTICE TO CONTRACTORS.

Atlin Electoral District—Stewart—Hyder Road.
SEALED TENDERS, endorsed "Tender for Stewart-Hyder Road," will be received by the Honorable the Minister of Public Works up to noon of Thursday, the 31st day of May, 1923, for the construction of approximately 1.92 miles of the Stewart-Hyder Road.
Plans, Specifications, Contract, and Form of Tender may be seen on and after the 14th day of May, 1923, at the Department of Public Works, Victoria; Public Works Office, Court House, Vancouver; District Engineers Office, Prince Rupert; Asst. District Engineers Office, Stewart.
Copies of plans, specifications, etc., can be obtained from the Department on payment of a deposit of \$10.00 which will be refunded on return of the plans, etc., in good condition.
Each tender must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works for the sum of \$2,500 which shall be forfeited if the party tendering declines to enter into contract when called upon to do so. The cheque of the successful tenderer will be retained as security for the due and faithful performance of the work till the satisfactory completion of the contract.
Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.
The lowest or any tender not necessarily accepted.
P. PHILIP, Public Works Engineer, Parliament Buildings, Victoria, B.C., May 9th, 1923.

LIMBS AND BODY
ALL SWOLLEN

"Fruit-a-tives" Relieved Both
Dropsy and Sick Kidneys

The Wonder of Fruit Medicine

Those who know they have Kidney Trouble—who suffer with pain in the back—who are up frequently at night—who welcome the news that "Fruit-a-tives," the wonderful medicine made from fruit juices and tonics, will positively relieve Kidney and Bladder Troubles—as proven by this letter.

"Our little girl had Kidney Trouble and Dropsy—her limbs and body were all swollen. We decided to try 'Fruit-a-tives.' In a short time, the swelling went down. Now she is the healthiest one of the family."

SURF INLET MINER
KILLED ON SUNDAY

Remains of John Ambutche, Russian, Brought to City on Belmont This Morning

The body of John Ambutche, who was killed by a falling rock in the Surf Inlet mines on Sunday, was brought here on the launch Belmont, Capt. Green, this morning and is now in the hands of the B.C. Undertakers. From reports to hand, it appears deceased met his death while barring a rock. In doing so, he overbalanced and fell underneath the rock which crushed his chest.

Deceased was a single man and a Russian by birth, aged 31, and is survived by a sister in Czechoslovakia, who has been communicated with.

T. J. Shenton, inspector of mines, will leave on the Belmont tomorrow for Surf Inlet to make an investigation. From the knowledge to hand it would not appear that a coroner's inquest will be necessary.

DIED OF SUFFOCATION

CLINTON, May 22.—Earl Myers, an old man who lived alone at Riske Creek near Chilcotin, has been found dead in his cabin. Apparently he died of suffocation two months ago.

TO REWRITE BIBLE
WITH MODERN FLAVOR

Present-day Scientific, Ethical
and Philosophical Theories
to be Employed

NEW YORK, May 22.—Present-day scientific, ethical and philosophical theories will be employed in rewriting the Bible "in the light of the twentieth century," it is announced by the Tyson Lectureship Foundation, Inc., which was organized at a meeting of clergy, scholars and laity in the library of J. P. Morgan's home.

A statement issued by the new organization declared the conception of the Bible as a single, inerrant volume to be "an unfortunate inheritance from medieval Europe."

The statement added: "The old order has passed away and with it much of the traditional theology." The foundation was declared to have been incorporated "to make accessible to men and women in general the results of the research of modern scholars into the origins of the Christian religion and its interpretation, and particularly in regard to the Bible."

HUBBY WAS BRAVE

As Tompkins was on his way home after nightfall he collided with Jenkins, who was running as fast as his bulk would allow him.

"Why, this hurry, Jenkins?" he inquired.

"I'm going—for—the—police," said Jenkins, between pants. "We've got a burglar in our house."

"But, surely, you haven't left your wife alone?"

"Oh, no! She's holding the burglar!"—Pittsburg Commercial Telegraph.

Suffered from
PIMPLES & BLOTCHES
for Fifteen Years

When the blood becomes impure it is only natural that pimples, blotches, boils or some other blood trouble will manifest itself by breaking out of the system.

There is only one way to get rid of these obnoxious skin troubles, and that is by giving the impure blood a thorough cleansing by the use of a good blood purifier such as

Burdock Blood Bitters

This remarkable remedy has been on the market for over forty years; is the best obtainable, and will do all we claim for it as a blood cleanser.

Mr. Albert R. De Witte, Lake Valley, Sask., writes:—"I have suffered very much from pimples and unsightly blotches for the past fifteen years, and was so bad I hated to go out anywhere. I tried many different medicines, but none seemed to help. A friend told me to use Burdock Blood Bitters. I have used three and a half bottles, and now I have a clear, rosy complexion."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TENDER FOR LAUNCH SERVICE.

Tenders will be received by the City Clerk up to Monday, 24th May, 1923, for launch service between Prince Rupert and Sitwatlan Lake for water works department. Name and description of launch to be stated, the City having the option of engaging launch by trip or hour.
