CANADA'S PRIME MINISTER PROVES REAL CANADIAN PATRIOT IN ENGLAND

Properties in Stewart Mining Field Prove up with Development Work

Permanency of Camp is Assured---Future of Alice Arm Bright---Showings at Kitsumkalum

There has been more money spent in mining development work this year in the Stewart district than ever before and the results have been better than ever declares G. A. Clothier, resident mining engineer for the provincial government, who is just back from his annual trip of inspection to the mining properties in that district. Wherever sufficient money is spent for development there seems to be no doubt of results, Mr. Clothier states. This has been proven in the Dunwell, Indian, Big Missouri, Outsider, B.C. Silver, and other properties. Wonderful

progress has been made in both the Bear and Salmon River valleys. Mr. Clothier estimates that at least half a million dollars has been spent in development work on properties in the Stewart district. It is going to be a great mining country for many years to come.

STORM SWEPT
THE ATLANTIC

Steamers and Small Craft Met
Disaster Last Night, New
York Reports

ALCOHOL DESTROYED

William S. Macdonald Was
Abandoned by Crew Who Set
Fire to Vessel

NEW YORK, Oct. 25.—Several ocean going steamers and hundreds of small craft met disaster last night in a storm which swept the Atlantic shores. Many boats and canoes swept seawards were destroyed. Schooner William S. Macdonald, an alcohol carrying boat from Lahave, N.S., fought the elements for hours and finally was abandoned by her crew, who set fire to the vessel and \$80,000 worth of pure alcohol aboard. The crew was picked up by a rescue vessel.

An unknown steamer was reported in distress off Delaware's Cape but its fate remains a mystery.

SIXTY PIRATES ROB CHINESE

Secrets Themselves on Vessel and
Then Kill Captain and Mate

HONG KONG, Oct. 25.—Sixty stood, developed next summer pirates, heavily armed, secreted by the Granby Company. It is 20 themselves aboard the Chinese miles up the Bear River valley steamer Sunning, shot down the from Stewart and is six miles bearing captain and chief mate, both yond the end of the Portland white men, robbed 300 Chinese canal short line railway. Its success passengers, many of whom were less will depend on the extension returning from the United States of this railway which will be one with their life's savings, and it is of the greatest things that ever happened for the Bear River district. Considerable tunnel work has been carried out, all operations being of this nature.

The George property owned by W. B. George will, it is understood, be developed next summer by the committees for a building and, when they are ready, the project will be submitted to the public with a view to putting on a subscription drive. It is intended to put up a good sized frame building, probably of two storeys, which will be comfortably equipped with reading, writing, sitting, billiard, pool and card rooms, shower baths, etc. It will probably cost in the neighborhood of \$10,000 or \$12,000.

Negotiations with the provincial government for two or three lots near the corner of First Avenue and McBride Street, on which to erect the building, give promise of being successful.

INCREASED EARNINGS CANADIAN NATIONAL

MONTREAL, Oct. 25.—Gross earnings of the Canadian National Railways for the week ending October 21 were \$5,936,715, being an increase of \$61,594 or one per cent over the corresponding week of 1922.

The gross earnings of the Canadian National Railways from January 1, to October 21, have been \$198,982,685, being an increase of \$17,445,314 as compared with the corresponding period of 1922.

LLOYD GEORGE
IN WASHINGTON

WASHINGTON, Oct. 25.—Washington today extended the official welcome of the nation to David Lloyd George, war premier of Great Britain. Following the reception on his arrival by representatives of the government, Mr. Lloyd George called upon Secretary of State Hughes. He lunched with President Coolidge and members of the cabinet and this afternoon is visiting Ex-President Woodrow Wilson.

FISHERMEN'S HOME LIKELY

Committees Having Project in
Hand Make Good Progress
With Negotiations

LUTHERAN SOCIETY
WILL PROVIDE MAN
Erecting Building to Cost
\$10,000 or \$12,000

Negotiations conducted by the fisheries committees of the city council and board of trade with a view to establishing a fishermen's home at this port have just about reached a point where all that will be required to make the project an actuality will be the financial support of the citizens. In view of the undisputed value that such an institution would be to the city, the committees feel no necessity for hesitating in putting forward their case.

There was a meeting of the two 15 or 20 men, Mr. Clothier re-fisheries committee on the matter. The development and in the office of Dybhavn & sons, showing made recently on this Hanson yesterday afternoon at property are of outstanding in which considerable progress on

post of solicitor general for the Dominion.

Not only has Winnipeg endorsed the appointment but it has done so by a very large majority. While at the last election

the majority of Mr. Murray was only 715 in a four corner contest, yesterday he secured a majority of 2810 over the next op-

ponent, A. A. Heaps, the labor representative.

Two other candidates, J. A.

Martin, labor, and Paul Gigjukin, independent, lost their de-

posits.

Fred Stork's Opinion

Fred Stork when seen in regard to the significance of the election said the appointment of

Mr. Murray to a position in the

government was an effort to give

about selling the liquor. Re-

mand was made until Monday on

request of City Solicitor Jones

who stated he wanted the whiskey

in question analyzed.

Further the election indicated

that Premier Mackenzie had the

confidence of the people. It was

a notable victory and the country

was to be congratulated on it.

Mr. Stork said that this was

an indication that when the time

came for Mackenzie King to again

appeal to the country in a gen-

eral election the west would do

better than it did on the previous

occasion. Yesterday's result was

a vote of confidence in the ad-

ministration.

RAILWAYS BENEFIT FROM RESTRICTIONS

Passengers Rushed from Halifax to New York Beat Boat
by Two Days

TORONTO, Oct. 25.—The Cana-

nian National Railways stand to

profit from the operation of the

United States immigration laws

by which a quota is set of the

number that will be received

from each country. Liners are

now landing passengers at Hal-

ifax and are rushing them over

the Canadian National Railway

and Allied American lines to New

York in order to beat out to the

liners going direct to that port.

It is claimed that passengers

from the Baltic which reached

Halifax on Saturday were in New

York two days sooner than if

they had gone through on the

steamer.

Japan from this port on the

By-election at Winnipeg Gives Solicitor General Much Larger Majority Than Previous Time

WINNIPEG, Oct. 25.—Winnipeg is behind the Dominion Government. The city has re-elected Hon. E. J. Murray as member for North Winnipeg following his appointment to the post of solicitor general for the Dominion.

Not only has Winnipeg endorsed the appointment but it has done so by a very large majority. While at the last election the majority of Mr. Murray was only 715 in a four corner contest, yesterday he secured a majority of 2810 over the next opponent, A. A. Heaps, the labor representative.

All cases, on being called this morning, were remanded until Monday, some on the request of City Solicitor Jones who is prosecuting and others on request of defending counsel.

Ole Marlinson, taxi driver, was charged with selling intoxicating liquor on October 9 to Henry Ruggles. He pleaded not guilty stating that he knew nothing about selling the liquor. Remand was made until Monday on request of City Solicitor Jones who stated he wanted the whiskey in question analyzed.

Discovery well is now down 951 feet and is capable of sixty to seventy barrel production. The well at Blue Fish Creek is down 495 feet and is likely to be continued. TORONTO, Oct. 25.—The Imperial Oil Company announces that it intends to continue pioneer work in the northwest next year. At least one crew will be sent in, either to deepen the Discovery well or drill a deep hole alongside it.

Premier King Pleads Before British Chamber of Commerce for Investment in Dominion

LONDON, Oct. 25.—Premier Mackenzie King of Canada renewed his plea last night for the investment of British capital in the Dominion.

Speaking at a dinner given by the British Chamber of Commerce, Mr. King declared that two things were needed by a young and growing country like Canada. They were manufactures and money revenue. Recently Canada had seen great growth of mining development, agricultural production, manufacturing and fisheries and forest wealth. The total output of

Canada's manufacturing establish-

ments had now reached a higher level than that of her farms.

"We are in brief," the Premier declared, "the second largest manufacturing country in the Empire."

First Bit Of War On Own Territory.

Germany is having her first bit of war on her own territory. It does not amount to much but it must give the people there some idea of the kind of war they forced on the rest of the world. There are disturbances all over the country and it is not yet quite sure what will happen. If some settled policy can be arrived at in regard to reparations and the government gets down to carrying out a settled policy, it may be that the country will recover. The Germans are not a riotous people.

Alaskans Keen On Dividing Territory.

Alaskans seem to be very keen on dividing the territory. The part known as the panhandle, adjacent to Canadian territory is probably the richest part of the country. At any rate it is widely separated from the rest. It has little in common with Fairbanks or the country to the far north and west. Yet it has not a very large population and there is grave doubt as to whether separation can be effected. Without the rest of the territory the panhandle would be many years getting population enough for a state.

Smuts Talks To Europe.

General Smuts is an African. He has no interest in Europe except insofar as he represents a part of the British Empire which had to go into the war to help settle a European quarrel, and except that the whole world is affected by the keeping of peace. Because of his position as an outsider, Smuts was able to talk to the nations of Europe without being accused of serving a selfish interest. He was able to take a broad view of the situation. He blamed France for wanting too much and warned Britain and the United States against not demanding enough from Germany. In other words he told both that they were extremists and that the middle course was the correct one.

If Smuts goes on this way he will come to be known as "Smuts the Peacemaker," and he will find it difficult to evade a position as chairman of a world court of arbitration with the United States as a member.

Sporting Event Within Few Days.

The big sporting event ahead is the international race of fishing schooners at Halifax with the Bluenose representing Canada and Columbia as challenger for the cup representing the United States.

Last year the Bluenose went over to Gloucester and carried off the trophy from her opponent, sailing in her own waters. This year the American boat has a similar intention. The race is coming to be considered even more important than the Lipton races with boats which have no value except for racing. The Columbia and Bluenose are fishing schooners and this race is just a holiday sport.

Winnipeg Victory Is Important.

No matter from what point of view it is seen, the Liberal victory at Winnipeg is important politically. If the newly appointed solicitor general had been defeated it would have been a bad blow to the present administration. As it is, the victory was very complete, the majority being large enough to indicate that the people were in no doubt as to what they wished to do.

Mr. Murray is a western man with western ideals and a vision and he should be a decided acquisition to the present government. While the west did not support the government as wholeheartedly as might have been expected at the last election it is entitled to cabinet representation and that is what it is now getting.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

PROPERTIES IN STEWART MINING FIELD PROVE UP WITH DEVELOPMENT WORK

(continued from page one)

souri mines this year. Work has now been suspended on the latter property which is under option to Trites & Wood.

There has been a lot of open cutting done on the Hercules adjoining the Bib Missouri on the north. This property is owned by the Hercules Mining Co. of Victoria.

Considerable diamond drilling and tunnelling has also been done on the B.C. Silver controlled by the Selukwe Gold Co. of the Rand and adjoining the Premier.

Development work has been carried out on a big scale by the Granby Co. on the Outsider at Maple Bay and many facilities have been provided for shipping which it is expected will commence this fall.

Alice Arm District

Just before going to Stewart, Mr. Clothier spent considerable time in the Alice Arm country. Though mining operations have been handicapped there through the non-operation of the Dolly Varden mine and railway, there is no doubt about the future of the camp as a mineral producer, Mr. Clothier states. If the statement made recently that the Dolly Varden is to resume operations is true, the whole Alice Arm country should receive its merited attention and come to the front fast. Many splendid surface showings are bound to develop into mines where the money is spent on them. There has been a lot of work by prospectors on their claims this year and the railroad has been put in repair from Alice Arm to the foot of the Dolly Varden tramline allowing the use of handcars and speeders.

The Homestake Mining & Development Co. has been working on the Homestake group at the head of the Kitsault River about eight miles beyond the Dolly Varden. A first class trail has been built from the head of steel and good camps have been put up. A compressor is now being brought in and work will continue on the property all winter if it is expected. The Homestake Co. operates a gasoline speeder on the railway and takes its supplies to the end of steel by means of it. Packhorses are used from there on.

The Esperanza, shipping high grade ore on a small scale, continues to be the only producing mine in Alice Arm.

Very encouraging showings have been opened up this year by Morris Peterson on the Vanguard group, Archie McPhail on the Last Chance and the Strombech brothers on the Tropic. This may also be said of other claims in the Upper Kitsault.

Kitsumkalum Country

A good deal of work has been done this year in the Kitsumkalum country especially on the Bear group at the head of Kitsumkalum Lake, Mr. Clothier states. The Bear property is owned by Seattle people. There is a Ross mill on the group and work this year has largely been of an experimental nature in testing the ore. It has apparently been satisfactory, however, for the interests having the property under option intend going ahead.

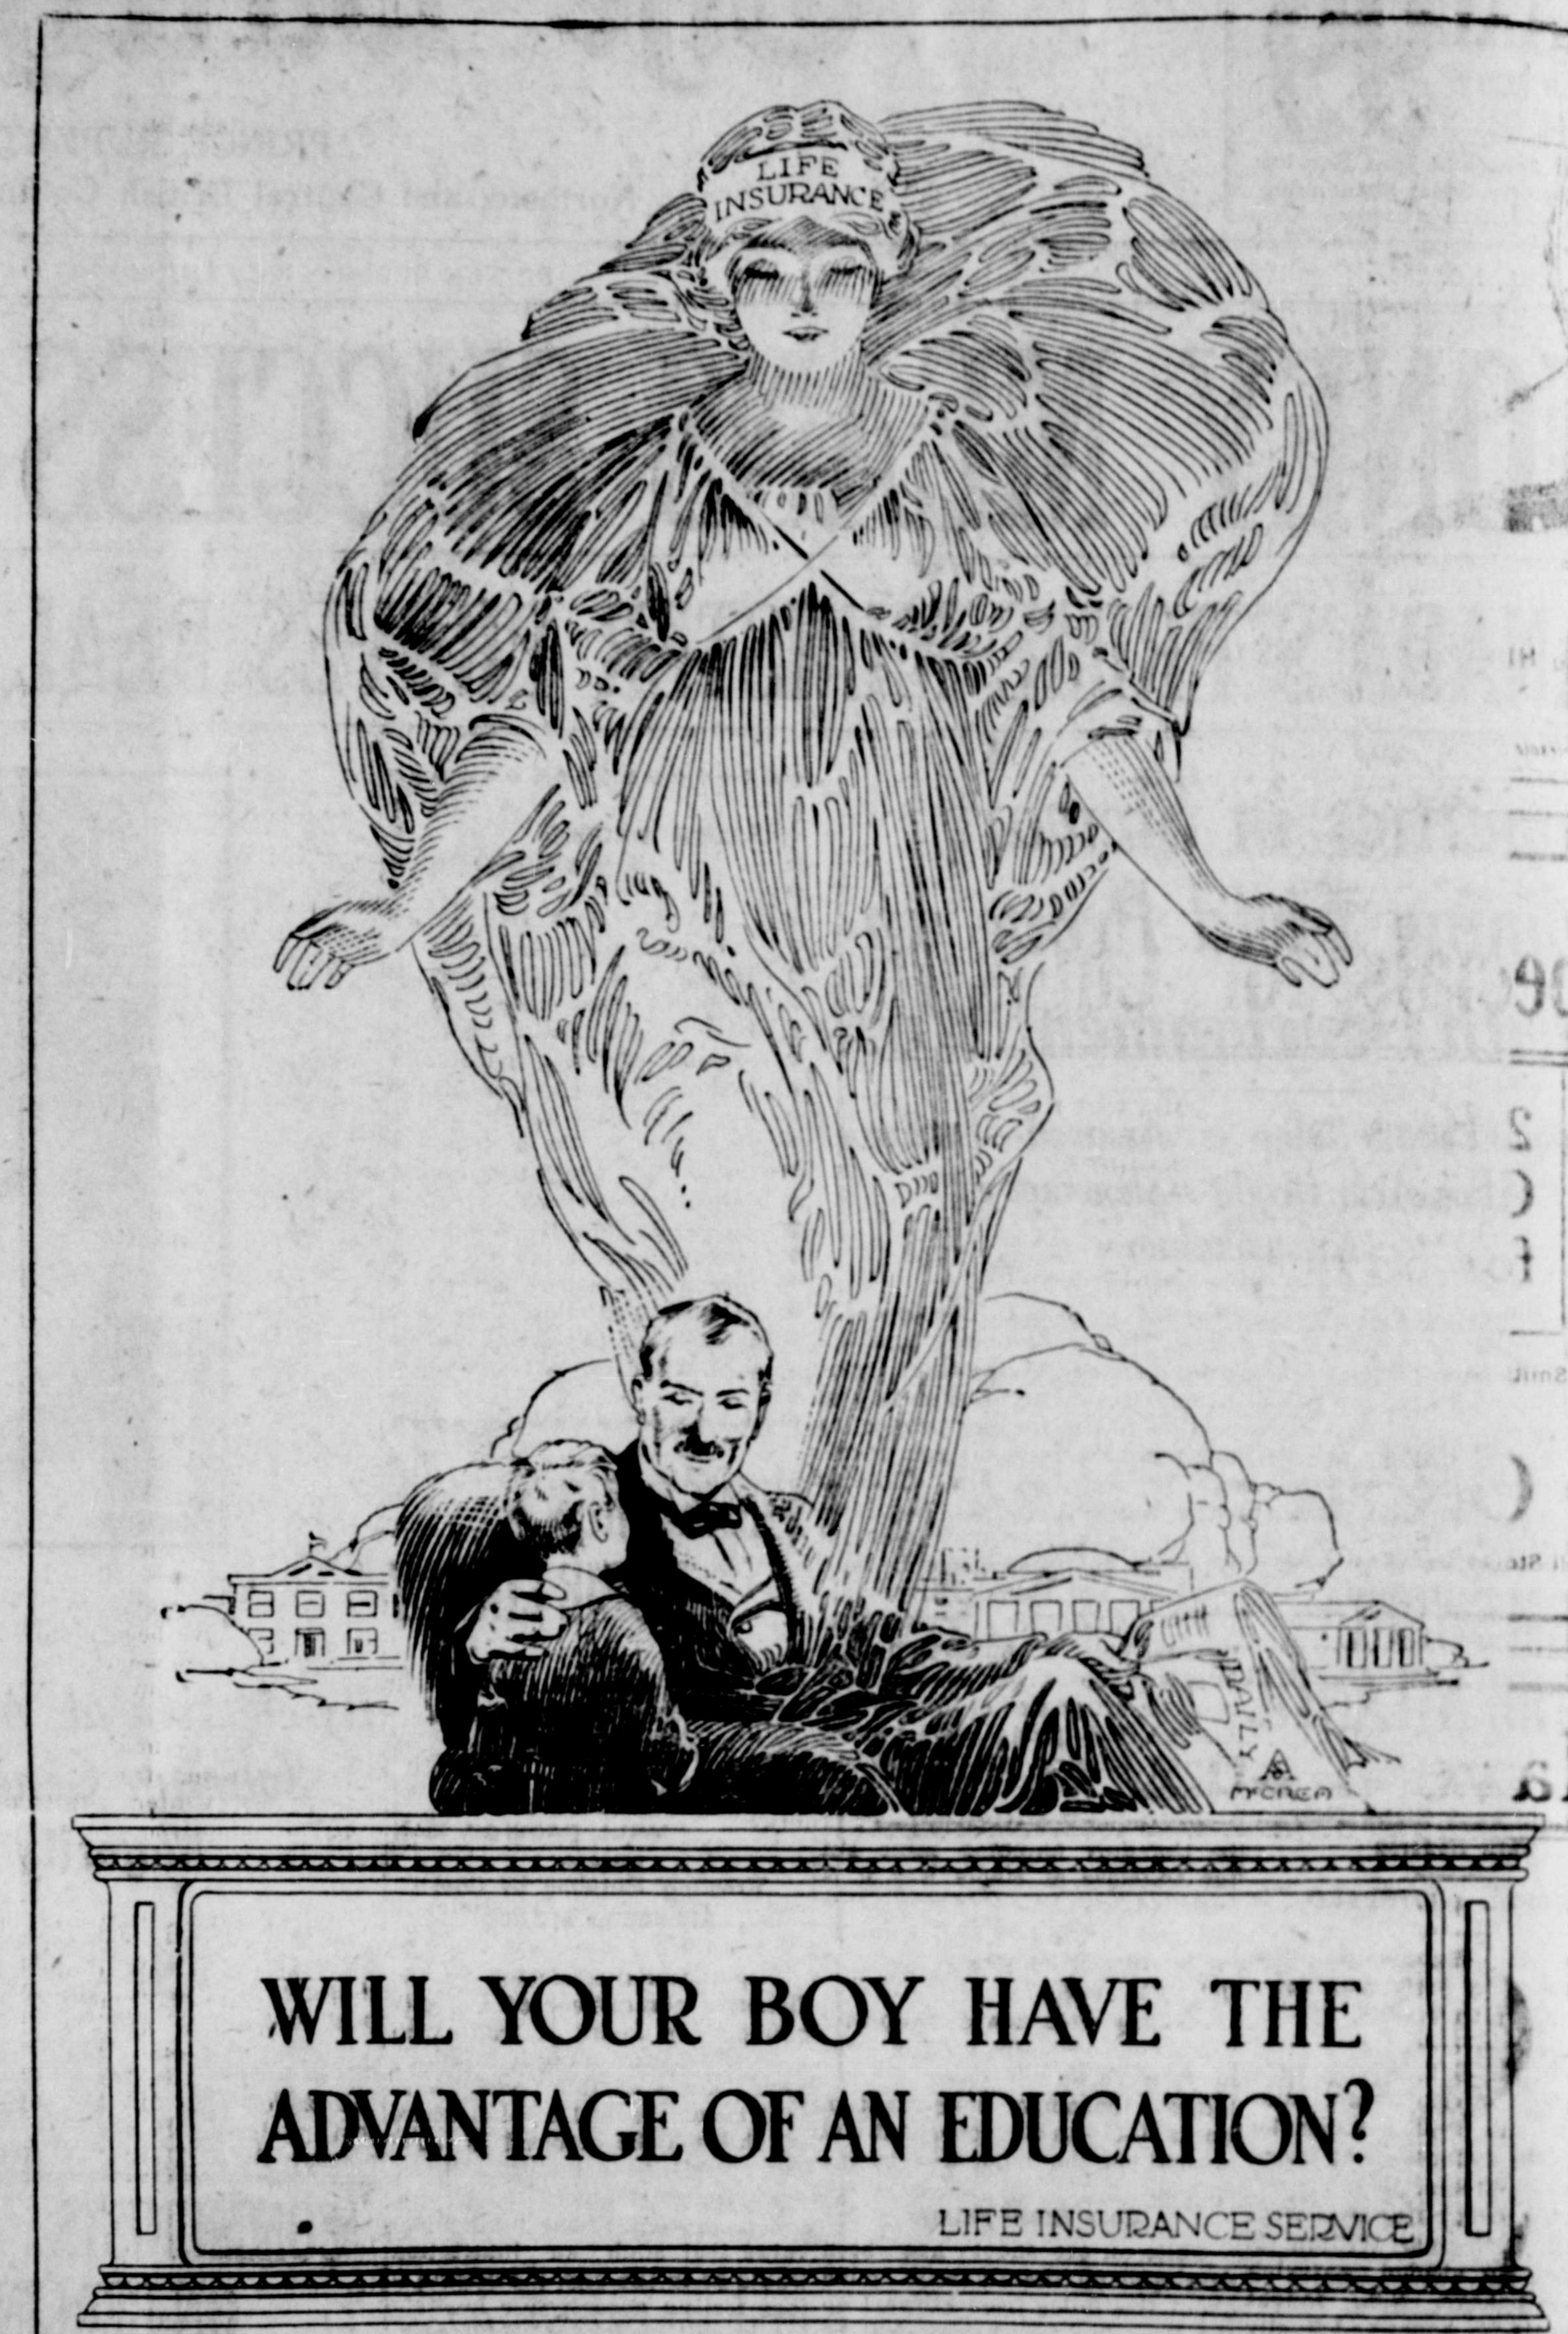

Some work has also been done on the Smith claims on the west side of the lower end of the lake and some good free gold ore has been exposed.

Mr. Clothier has just about completed the rounds of the district this year and his next trip will start in a couple of days to various properties down the coast. He will be away a fortnight and will visit the Surf Inlet and Drum Lummon mines. This completed, he will be in a position to get down to the business of getting out his annual district report for the government.

BRINGING UP FATHER**MANUFACTURE LUMBER HERE****That is Policy of Provincial Government Says Hon T. D. Pattullo**

Hon. T. D. Pattullo, minister of lands, today replied to the attack made on him and his department with which Joshua Hinckle, M.P.P., opened the Fall season of political activities this week says the Victoria Times in a recent issue.

The attack centred on the export of manufactured lumber from this province and he asserted that \$1,000,000 a year was being lost to the people of the Province because of these exports.

Mr. Pattullo said that the attack was undoubtedly designed to lead the public to believe that export was being allowed which should not be allowed, and as a consequence B.C. was losing the benefit of manufacture that could take place within the confines of the province.

"I have repeatedly stated that the policy of the government is that manufacture shall take place within the province," Mr. Pattullo said. "I have also pointed out, and now reiterate, that with regard to export operations which have taken place from Crown granted lands there is no provincial authority to prohibit Crown Granted Timber."

The only export that has been allowed from licensed areas are the minor products from major operation, for which there is no local market.

"For the year ending 1922, the total export of unmanufactured logs was approximately 151,518,721 feet. Of this amount approximately 103,000,000 feet was from Crown granted lands, which the Province had no power to stop, and only 48,000,000 feet from licensed areas. The total cut in the Province last year was approximately 2,000,000,000 feet so that out of a total of 2,000,000,000 feet only 48,000,000 feet was exported under permit, and permit was only given covering this amount because of the fact that the amount constitutes a surplus from operations for which there was no market."

Edward Stanley, Naas River Indian, was fined \$50 and costs in Indian Agent Collison's court yesterday afternoon for having natively brew in his possession at Prince Rupert cannery. He was arrested by Dominion Constable Watkinson.

be used for structural purposes, and to refuse to allow the export of squares would result in driving the business elsewhere and be a serious blow to the timber industry of the Province.

Favor Manufacture

"I think it may be said that all parties in the province are in favor of manufacture to the greatest possible extent within the Province. Those who are trying to create an impression that the present administration has any other policy in mind are merely trying to gain a little political kudos.

The timber industry is in a more flourishing condition than it has ever been heretofore, and I am glad to say that the outlook is promising.

BLOOD OF BURGUNDIANS APPEARS ON LAKE AS PORTEND OF TROUBLE

GENEVA, Oct. 25.—The "blood of the Burgundians" has appeared again on the water of Lake Morat, near Neuchatel, portending more trouble for old Europe, if ancient legend is to be believed.

The reddening of the water of this lake is caused by the flowering of an aquatic plant which, however, blooms very rarely. The phenomenon was seen in 1476, when 36,000 Burgundians under Charles the Bold were defeated near the lake by the Swiss. The last time the waters were red was in 1914, just before the outbreak of the world war, a circumstance which the old saying,

"When blood is seen on Lake Morat there will be bloodshed in Europe."

Edward Stanley, Naas River Indian, was fined \$50 and costs in Indian Agent Collison's court yesterday afternoon for having natively brew in his possession at Prince Rupert cannery. He was arrested by Dominion Constable Watkinson.

There is a lull in the pugilistic world these days and it appears that there is to be little doing for the various champions until spring. There are a few minor affairs coming off in the heavyweight class but they are not drawing very much attention as all the rivals of Jack Dempsey have been pretty well tried out during the past season. While the end of 1923 sees Dempsey pretty well established with the heavyweight crown, there is a growing conviction, due to the way the Gibbons and Firpo fights went, that he may be weakening and that next year may possibly see a new champion. Gibbons, at least, through his showing at Shelby in July, is entitled to another try and he will probably get it in 1924.

In Stirring Address Asks For Assistance in Connection With Welfare of City's Boys

It is not always the high cost of living which makes your purse so thin; it is just as likely to be the hard work of thinking.

You know people who seem to get better things than you do without spending any more money. The reason for this is no secret. Wise shoppers do not neglect good opportunities.

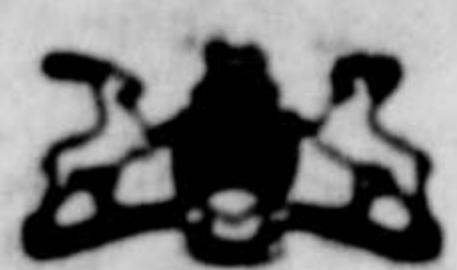

To-day is someone's opportunity to stock up with clothing, food and luxuries, for the autumn sales are beginning. The stores are clearing their shelves to make room for new stock.

Watch for the announcements of these autumn sales and of the goods that must be moved not because they lack quality but that the stores' turnover requires that they give way to the requirements for the succeeding season.

You can effect many a saving to-day that will allow you many a luxury the day after tomorrow by watching the advertisements in the daily newspapers during this season of special merchandise offers.

The habit of reading the advertising columns of your home paper is never more valuable than during this season between autumn and winter.

LOVE AND SACRIFICE IN RUSTLE OF SILK

Story of a Girl Who Loves Too Well to be Goffish; Setting in England

In the story "Bustle of Silk" showing tomorrow at the Westholme Theatre, Arthur Fallaray, British Colonial Secretary after the World War and next in line for the post of Prime Minister, has many bitter enemies and staunch friends. Among the former is Paul Chalfont, secret owner of a newspaper, who is anxious to prevent Fallaray from becoming Prime Minister. He is a close friend of Fallaray's wife, Lady Feo, who cares little about her husband and lives only for amusement. But little Lola de Breeze, a smart little hairdresser, daughter of an obscure watchmaker, loves and worships Fallaray, though from afar.

Lola is invited to dine with Chalfont at the Savoy Hotel one evening. It is here that she meets Fallaray for the first time. Lola is thrilled by the meeting, and Fallaray, for the first time in his life, is moved by the presence of a woman and is conscious of the "rustle of silk." Lady Feo engages Lola as her maid, and, unknown to Fallaray, Lola becomes a member of his household.

Losing Fight

Fallaray, fighting a losing fight in Parliament, has become weary and heart sick. When he learns of his wife's infatuation for Chalfont he is ready to give up entirely. Lola has a chance meeting with Chalfont, who persuades her to take tea with him, and they go to the tea room where Feo is entertaining some friends. Feo is furious and discharges the girl. Lola returns home and starts to pack her belongings when a telephone message arrives that Fallaray has been hurt while hunting. Feo says that she will join her husband in the morning, but Lola, knowing the man she loves is hurt, rushes to his aid.

After Lola has gone Feo goes to her room and discovers some letters which Lola had written to Fallaray. In a jealous rage she shows the letters to Chalfont, who is delighted that he has at last found something on Fallaray.

He obtains the letters, saying he will start an action for divorce in her name, using the letters as evidence. Instead he publishes them in his newspaper.

Amazing News

In the country Fallaray reads the newspaper and is amazed at the news. Lola is with him and begs his forgiveness, saying that the letters were never meant for anyone to see. Thrilled at the thought that Lola loves him, Fallaray tells her that he has loved her from the first moment he met her.

Galling upon Chalfont, Feo sees the letters on the table and throws them into the fireplace, thereby destroying all proof of the scandal. She then goes to her husband and is furious when she finds Lola with him. Fallaray tells her that he has decided to give her the divorce she wanted. Lola, who has witnessed the scene, makes the greatest sacrifice a woman can make. She gives him up, saying he must continue to serve England. Fallaray, for her sake and with her love as his banner, again takes up the fight and as a result of the general election is made Prime Minister.

Hopes for Happiness

Lola, again at home with her father, lives in the hope that some day when Fallaray has finished his work they will find happiness together.

The Court of Last Appeal

YOU are the judge and the jury. Your verdict is final. There can be no appeal--for this is the High Court of Public Opinion

The wares of the world must appear before you--the product of every factory--the merchandise of every store. Those things that fail to measure up to your requirements are quickly condemned to oblivion

The manufacturer who advertises deliberately places his merchandise on trial. He openly courts your critical inspection. He invites comparison. He directs your attention to his goods and then forces those goods to stand on their own merits.

If he were not sure of his wares he would not dare to advertise. For advertising would put him to a test he could not meet, and thus hasten the end of his business career. It would be business suicide.

You can depend on the man who advertises. He knows his product is good.

That's one reason why it pays to read the advertisements you find in this paper. It is through advertising that you are able to keep in touch with the good things that progressive business men are spending their money to introduce and to keep before you.

ONE MAN GOVERNMENT IS THING OF PAST

Premier Oliver Answers Critics by Telling of System of Doing Business of Province

VICTORIA, Oct. 25.—There is no longer any such thing as one-man Government in British Columbia. Premier Oliver emphasized this when he issued the following statement:

"I have noted, according to a Victoria dispatch to a Vancouver morning newspaper, that I have been severely criticized at a meeting of the Victoria Branch of the Retail Merchants' Association for failure to give relief from the burden of the tax on personal property.

"When the delegation representing the Retail Merchants' Association called upon a committee of the Executive Council, composed of the Finance Minister and myself, they were told very distinctly that we were only a committee of the Executive to listen to their representations and to report back to the Executive Council. They were further informed that the Legislature would have to be consulted before any promise of relief could be given. The day of a one-man Government in British Columbia has passed and I hope forever. I would not think for a moment of ignoring my colleagues of the Legislature on such an important question as this.

"There is no legitimate ground for criticism of the action of

TAKEN NOTICE that in Order of His Honour F. McB. Young, made the 16th day of October, A.D. 1923, I was appointed Administrator of the Estate of James Langille, deceased, and all parties having claims against the said Estate are hereby required to furnish same property verified to me on or before the 18th day of November, A.D. 1923, and all parties indebted to the Estate are required to pay the amount of their indebtedness to me forthwith.

Mr. and Mrs. Wakefield gave their guests a true American welcome. Supper was served at midnight, coffee being poured and the ices cut by Mrs. Tremayne and Mrs. J. G. McLennan, the one in the dining room and the other in the living room. The punch bowl was kept well filled and throughout the evening the host and hostess mingled with the guests looking after every need and seeing that all enjoyed themselves. The veranda had been closed in with canvas and hunting and made into a delightful sitting out and smoking room. The Westholme orchestra provided the latest in music and when two o'clock arrived it was with the greatest regret that the guests left for their respective homes.

Among those present were:

Mr. and Mrs. McGlymont, Mr. and Mrs. McCaffery, Mr. and Mrs. J. G. McLennan, Mr. and Mrs. D. G. Stewart, Inspector and Mrs. Parsons, Mr. and Mrs. Bazett-Jones, Mr. and Mrs. Jack Barnsley, Mr. and Mrs. W. E. Williams, Mr. and Mrs. Fred Stark, Mr. and Mrs. Hubert Ward, Mr. and Mrs. Hinton and Mrs. Cox, Mr. and Mrs. Starr, Mr. and Mrs. H. St. John Lee, Mr. and Mrs. Herne, Dr. and Mrs. Tremayne and Miss Dorothy Tremayne, Dr. and Mrs. L. W. Kergin, Dr. and Mrs. West, Mr. and Mrs. Pillsbury, Mr. and Mrs. Willett and Mrs. Porritt, Major and Mrs. McNaughton, Mr. and Mrs. Jarvis McLeod, Mr. and Mrs. Magoffin, Mr. and Mrs. S. K. Campbell, Mr. and Mrs. Green, Mr. and Mrs. Gonzales, Mesdames C. Eville, G. H. Orme, Tobey, McIntosh, McDermie, J. C. McLeod, Wright, Misses Blanche and Grace Gurnett, Sid Johnson, H. F. POPULAR COUPLE TO BE MARRIED

Miss Ruby Casey Will Become Bride of James Weir In Catholic Rectory Tonight

The wedding will take place this evening at 7 o'clock in the Catholic Rectory, Rev. Father P. J. McGrath officiating, of Miss Kathleen Ruby Casey, eldest daughter of Mr. and Mrs. George B. Casey, and James Weir of the Rupert Table Supply staff. Miss Marguerite Casey, sister of the bride, will be bridesmaid and Richard Long will attend the groom. The couple will leave on the steamer Prince George for the south where the honeymoon will be spent.

EAGLES ARE SEEN KILLING PTARMIGAN

A number of eagles were seen after ptarmigan on the side of Marathon mountain this morning, the birds rising in a white cloud and diving for the brush in order to escape their pursuers. Eagles kill many more ptarmigan than do hunters, and the predatory birds should be exterminated. —Seward Gateway.

Adjournment until 2.30 tomorrow afternoon has been made in the case of Joseph Green vs. Harry and Pearl Shough in the County Court.
