CAMPAIGN AGAINST RUM RUNNERS GOES ON LARGE TRAIN OF SIXTEEN CARS PULLS OUT EASTBOUND LAST EVENING

Inter-Imperial Trade to Expand British Columbia Delegation Told at Newcastle by Labor Member

LONDON, June 5.—David Adams, Labor member of parliament for Newcastle, and also sheriff of that city, in welcoming the Vancouver trade delegation to Newcastle, said that it was no mere formal expression to say that the King took a profound interest in the expansion of the British Dominions. He said his own belief was that in a short time there would be an unprecedented expansion of inter-Imperial trade.

The Vancouver delegation, which is now touring Great Britain with a view to promoting trade between the Old Country and British Columbia, was given a civic reception at Newcastle. The Lord Mayor also participated in receiving the British Columbians.

SMALL DEAD SAYS COURT

Wife of Missing Toronto Millionaire Given Leave to Probate Will

TORONTO, June 5.—The appellate division of the high court gave judgment this afternoon permitting Mrs. Andrew Small to swear to an affidavit declaring her husband to be dead. The affidavit is preliminary to probating the will of the Toronto millionaire who has been missing since December, 1919, and has not been heard of since.

Today's judgment reverses the decision at the former trial when Judge Coatsworth found against Mrs. Small's petition.

Proviso is made in the judgment that Mrs. Small give full security for all monies divided by will.

COLTS BEAT WHITE SOX

Good Intermediate Baseball Game Last Night Resulted in Score of 11 to 7.

The White Sox made their first appearance of the season in the Intermediate Baseball League last night at the Aeropolis Hill grounds and lost to the Colts by a score of 11 to 7 in a well-contested game. It was the second game of the schedule and also the second victory for the Colts. Outside of two innings, the second and the seventh, good ball of a tight nature was played. In the second the Colts got away with four runs and maintained the lead until the seventh when the White Sox, coming first to bat, scored three and tied things up, 6 all. The Colts, however, came right back in their half of this frame and put across four more runners. One each was made in the eighth and the final score was 11 to 7.

A feature of the game was a solo double play by R. Jacobsen, White Sox right fielder, in the fifth when he put a batter out by successfully picking up a low centre drive and doubled by coming in to second and catching the runner from first. In the eighth inning, D. Frizzell, Colts, poled out a three bagger scoring S. Anderson. This was the best hit of the game.

S. Gawthorn was the White Sox pitcher throughout the game. D. Frizzell hurled seven innings for the Colts and exchanged positions with Jack Kelly, first base, when he kinked his arm. Gawthorn has seven strike-outs to his credit and Frizzell nine.

The attendance was not as large as might have been expected.

Line-ups and Scoring

P. Laporte and Jack Hatchford were umpires and the teams took the field as follows:

White Sox—J. Nickerson, c.; G. Blyth, 2b.; B. Stuart, 1b.; B. Wendell, ss.; R. Jacobsen, rf.; W. Lambie, 3b.; G. Hill, lf.; R. Warrior, cf.; S. Gawthorn, p.

Colts—J. Kelly, 3b. and p.; G. Bulger, 2b.; M. Budenich, c.; H. Hibbard, lf.; J. Sims, rf.; H. Gawthorn, 2b.; T. Fraser, cf.; S. Anderson, ss.; D. Frizzell, p. and 1b.

Score by innings:

1	2	3	4	5	6	7	8	9
White Sox	0	0	0	1	1	3	1	0
Colts	0	4	1	0	0	1	4	1

EARL WOULD WED ACTRESS

Wife to Secure Marriage License in New York But Will Try Elsewhere

NEW YORK, June 5.—Because a city clerk was dubious of the sanity of the divorcee of Jessica Brown, the actress, obtained on her former husband a year ago, Earl Northesk was unable to secure a marriage license to wed a girl he became infatuated with in London and followed to the United States. The couple will now try to get a license in another state.

KING'S BIRTHDAY DANCE ENJOYABLE

About forty couples attended the King's Birthday dance given by the Elks in their home last evening. While the fine weather doubtless mitigated against a large attendance, the affair was a lively and enjoyable one and all present enjoyed themselves thoroughly from 9.30 to about 2 this morning. Refreshments were served at midnight under the supervision of Mrs. Carrall. The Westholme Orchestra dispensed the music, Ed. Craggs was master of ceremonies and L. S. Fuller presided at the door. The committee in charge comprised W. Reid, Ed. Craggs and Harry Green.

RADIO CLUB SECOND BANQUET LAST NIGHT

About 20 Present and Several New Members are Initiated into Mysteries

The second monthly banquet of the Prince Rupert Amateur Radio Club took place last evening in the club's headquarters at 217 Fourth Avenue East. There were about 20 present and the following new members were initiated: Alex. Macdonald, Harold Bell, Mac Smith, Douglas Frizzell, Jack Sutherland and Chester Clapp. Speeches were made by the officers. Felix Ball, vice-president, occupied the chair in the absence of President Jack Barnsley.

The club is still working towards the object of installing a broadcasting set, lack of funds for which is proving the main difficulty.

LIVERPOOL DOCTOR HAS CANCER CURE

Solution of Colloidal of Lead Has Had Successful Results in Treatments

NEW YORK, June 5.—An apparent cure for cancer, consisting of a solution of colloidal of lead, which is an enemy of diseased tissues, has been discovered by Professor Blair Bell, of Liverpool University, according to Dr. L. E. Houghley, of Concordia, Kansas, who returned to the President Adams after studying surgery abroad for several years.

Dr. Bell, professor of gynecology, spent eighteen years in developing the cure, said Dr. Houghley, who added that during the last year Dr. Bell treated more than 50 cancer cases, and in none of these did the disease return.

The cure has not been made known to the world because of Dr. Bell's reticence and his desire to treat more cases before making it generally known.

COMMUNICATION ACROSS CREEK

Closing of Bridge Inconveniences Foot Traffic—Road Instead of Trail Wanted

The old Hays Creek bridge is now closed to pedestrian traffic following the starting of its demolition preparatory to the building of the new bridge by Contractor E. H. Shockley. Consequently, residents of Section 7 and 8 are wondering if any provision is to be made by the city council to take care, by a direct route, of citizens coming into town or children going to the schools. As matters stand now, with the closing of the bridge, it is necessary for them to come in by way of the dry dock cinder trail and Cow Bay or by Eleventh Avenue—both circuitous and indirect routes. It is said a more direct route could be provided at little expense by cutting a trail up the west side of Hays creek from the dead end of the Imperial Oil Co.'s spur. Then people could go down the cinder trail, across the dry dock culvert and thence up the near side of the creek.

Another matter that east end residents are agitating for is the replacing of the present cinder path on the east side of the creek with a roadway to facilitate deliveries from the city. This, it is also said, could be done with little expense. The question should be taken up with Sir Henry Thornton when he visits here, the people across the creek say.

6 GASBOATS ON DRY DOCK

Among Them is San Francisco Speed Cruiser to Get Tail Shaft and New Propellor

Six large gas boats are being taken up on the Canadian National shipyard this afternoon on one raising of the pontoons. They are going up for overhaul and minor repairs. Four are halibut boats, Ingrid H., Margalica, Alliance No. 1, and Livingstone, the fifth is the work boat P.R.T. No. 1, and the sixth is the San Francisco speed cruiser Grayling, belonging to H. O. Harrison.

The Grayling is to have her propellor changed and will also have a new tail shaft installed. Following these repairs, she will clear for Skagway.

SHIP ASHORE NEAR BLAINE

Freighter Cacique on Mud Bank in Semiamu Bay but is in no Danger

SEATTLE, June 5.—The steel freight steamer Cacique, operated by W. R. Grace & Co., went ashore in the fog in Semiamu Bay near Blaine today. According to a wireless message received, the vessel is said to be resting on a bank of hard mud and is in no danger. She will be floated tonight at midnight if expected.

DELORME TO STAND TRIAL

Priest Who is Accused of Murdering Half Brother to Come Before Court

MONTREAL, June 5.—Definite announcement that Rev. Father Adelard Delorme will stand trial on a charge of murdering his half brother Raoul at the present term of court was made this morning by R. D. Calder, crown prosecutor.

Longest Train in History Went East Last Night Carrying Fish and Many Passengers: 16 Cars

The fact that the longest fully loaded train ever despatched from Prince Rupert behind an engine of the type now used went East last night indicates that traffic on this end of the C.N.R. is on the increase. The train, which consisted of sixteen cars, included ten refrigerators loaded with fresh halibut for the East, some Canadian and some American. The day coaches and the sleeper were also well filled with passengers. The train was 48 minutes late in leaving, awaiting the preparation of the fish for shipment.

Two More Launches Seized at Victoria in Campaign Against Rum Runners: American Arrested

VICTORIA, June 5.—Following up the campaign against rum runners into the United States from this neighborhood, the provincial authorities last night seized the launch Standard, owned by a resident of Anacortes, Washington, and the launch Syren, owned here, on a charge of illegal possession of liquor.

C. W. Kerr, an American, was arrested aboard the Syren on a charge of illegally carrying a revolver.

No liquor was found on either launch but the officer who made the arrest believes the cargo which was being transferred from the Syren was liquor. It was put into two launches which escaped the customs officers by dashing to the American side of the straits.

None of the cases involved in the boat seizures, which now total six, have yet come up in court.

BANDITS ARE BREAKING UP

Airplanes Circling Over Their Camp Strike Terror into Them

ENLISTING IN ARMY

TIENTSIN, June 5.—The eight remaining foreign captives will be released soon by Chinese bandits, it is expected.

The strengthening of the Chinese army guards outside the mountain fastness of the bandits and the arrival of the international commission which sends out an airplane every now and then to circle over the bandit's camp has struck terror into the bandits, many of whom are being enrolled as Chinese soldiers, and the rest permitted to stray through the lines to work as coolies.

CLOSE SEASON ON HALIBUT IS TO BE LEGALIZED SOON

(Special to Daily News)
OTTAWA, June 5.—Premier King announced this afternoon in the House of Commons that a bill would be brought down shortly concerning a close season for halibut fishing on the Pacific Coast.

FISH ARRIVALS

Six Halibut Boats Sold Catches Totalling 105,000 Pounds at Exchange This Morning

Six halibut boats marketed catches totalling 105,000 pounds at the Fish Exchange this morning. Three American boats had 71,000 pounds and three Canadians, 34,000 pounds. Prices were pretty even except for the catch of the Tyee which drew down a good cent more a pound for first class fish than any of the rest.

Arrivals and sales:

American
Tyee, 18,000 pounds, at 15c and 16c, to the Pacific Fisheries; Democrat, 15,000 pounds, at 13.6c and 10c, to the Canadian Fish & Cold Storage Co.; Venus, 38,000 pounds, at 13.8c and 10c, to the Booth Fisheries; Canadian Co.

Canadian
Livingstone, 22,000 pounds, at 13.1c and 10c, to the Allin Fisheries; Ringleader, 6,000 pounds, at 13.6c and 10.5c, and Joe Baker, 6,000 pounds, at 13.5c and 10.5c, to the Canadian Fish & Cold Storage Co.

Power Of Mind Little Understood.
The marvellous powers of mind are little understood. We are all more or less groping in the dark but now and then a beam of light comes filtering through and then we do not always recognize it as light. We think it is something else.
This month Luther Burbank tells in *Hearst's Magazine* of powers he possesses which many others do not possess. He says he is able to communicate with those at a distance, just as Archbishop Du Vernet does, only without the aid of any instrument but the brain for receiving purposes. He cites case after case where messages were sent and received.

Broadcasting Is Continuous.
Burbank claims that all people all the time are broadcasting mind messages but only a few people are able to direct their thought waves where they wish them to go. The greater part of humanity simply broadcasts. He says thoughts are unquestionably produced by discharges of electrical energy. Radio messages are also sent by electrical energy. The two things are the same except that the human machine is infinitely more wonderful and capable of incomparably greater achievements. A billion and a half human brains are continuously sending off messages into the ether but they can only be received by tuning in and establishing harmony with them. The weaker vibrations are drowned out by the stronger. Thoughts held in common by millions may, because of their identical nature, swell into a tremendous chorus.

The present sick state of mind of the world Burbank ascribed to the thoughts that people are generating. For nine years millions of people in Europe were sending out vibrations of fear, hatred and despair while America was sending out vibrations of greed. What is needed, he thinks, is a new set of thoughts. Hatred, greed and fear will have to die down and broadcast less violently. Fear is the worst enemy in that it leads to hatred and greed. We are all broadcasting fear whereas few of the things we fear ever happen. Yet fear persists because it is the predominant note in human broadcasting. Everybody who thinks fear makes it more difficult for everybody else to live unafraid.

Power Of Healing By The Mind.
Burbank also tells of powers of healing which he possessed, especially during the years of his prime. He relates incidents in which he was able to heal people by the power of suggestion just as it is claimed by many that Dr. Price has been able to heal people in Victoria and Vancouver through the power of suggestion. He was amazed when he discovered he had this power and he says he would not have dared to tell about it 20 years ago. He believes Christian Scientists have a firm hold on certain great truths insofar as they preach the danger of fear and the value of cheerfulness and kindness. The reasoning of Gouge appeals to him more, however.

Broadcast Only Helpful Thoughts.
Burbank urges that people should broadcast only helpful thoughts. Each of us possesses in his brain the most powerful instrument that has ever come to the knowledge of mankind. The difficulty is that we use it so little and then often not intelligently. We injure each other with our destructive broadcasting and kill ourselves with our suicidal fears. He prophesies that it will not always be so but that we shall learn to control our thoughts and social penalties will be placed upon those who persist in putting into the ether destructive vibrations. Such will be regarded in the same light as we now regard those who poison wells.

Ottawa Issues Complete Record of All Canadian Operations in Course of Great European War

OTTAWA, Ont., June 5.—(By Canadian Press).—The historical section of the general staff, Department of National Defence, has compiled the two exceedingly interesting lists appended covering the entire field of Canadian military operations in France and Flanders from the action of St. Eloi, March, 1915, in which the Princess Patricia's first bore Canadian colors into battle, to the taking of Mons on Armistice Day. These have not only prime historic value but will appeal directly to every Canadian soldier who served on the West Front.

The first list includes the important engagements in which Canadians participated. The second gives the complete and detailed record of all battles and engagements in which Canadians participated on the West Front, including the Canadian Cavalry Brigade.
For the first time the accepted nomenclature of the different engagements is made public, such being approved by the Battles Nomenclature Committee appointed by the War Office. The operations shown in capitals are those designated by the committee as "Battles"; operations shown in lower case are those designated by the same committee as "Actions" or "Tactical Incidents"—some of which would indeed have constituted a set battle a generation ago. Attention is drawn to the explanatory notes at end of list "B".

List "A"

DID YOU THINK

What the smoke-filled valleys meant to you last year?

What the timber charred, burned, and blackened means to YOUR future?

That the wages paid last year for the tie crop along the Grand Trunk was approximately \$383,000?

That the forest will remain a source of revenue to you if kept green?

Then be careful with fires. Do not destroy your own livelihood.

Naden, deputy minister of lands, formerly of this city, is one of the members of the graduating class of trained nurses from the Vancouver General Hospital this year. The graduating exercises took place last week and Miss Naden's picture was among a group of the graduates which was published in the Province last Friday.

The taxation appeal of the G. T. P. Development Co. against the city of Prince Rupert will be heard before the Court of Appeals at Victoria about June 20. City Solicitor Jones expects. The court opens today, but ten cases are set down ahead of the local one. Mr. Jones does not know yet whether it will be necessary for him to go south to take personal charge of the city's case.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was gone and I have never felt it since."

Mr. John E. Gullerson of Parrsboro, N.S., writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back. In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was gone and I have never felt it since."

Cheese Drops

Mrs. Baron sends this recipe, which she says we gave her several years ago. We are glad to get it for our own card was lost. Beat two eggs slightly and add one-quarter cup of Pacific Milk. Pour this gradually into one cup of sifted flour with one teaspoon of salt. Put a colander over boiling water and force the mixture through with a potato masher. As soon as the buttons come to the top of the water skin them off and sprinkle with salted grated cheese. Put them in the oven five minutes and serve.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using **SMP** enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

BRINGING UP FATHER

BURNS LAKE AND LAKES DISTRICT

Messrs. Hunter & Ennis, of Colleymount, have a fine field of spring wheat which is a credit to the owners and to the Colleymount district.

M. F. Nourse made a business trip to the Colleymount district last week.

G. A. Woodland, of Prince Rupert was registered at the Omneca Hotel, Burns Lake, on Friday.

J. A. Wiggins was a Babine visitor in Burns Lake on Saturday.

Ernie Profit, of Francois Lake, left for Smithers on Saturday.

Mr. and Mrs. Fred Hawley left Burns Lake on Monday and will take up their residence at Francois.

John C. Knight, of Prince Rupert, was a visitor in Burns Lake the end of last week.

Andy Brown and Taylor Jensen are making extensive alterations to Gordon B. Robb's bungalow and are turning it into a very picturesque and commodious dwelling.

Bob Horning and Mr. Rendel, of Forestdale, were visitors in Burns Lake over the week end.

C. C. Dittmer, of the Dittmer & Robb Hardware, left here on Saturday for a holiday to southern points.

The Schreiber Bros., of Colleymount, are engaged in the task of clearing up their large holdings in the Colleymount district south of the lake and are testing out various farm products and fruit trees in order to ascertain what the district is best suited for.

Percy Carr is planting out lilacs and other fragrant deciduous shrubs around his residence. In a year or two these will add greatly to the appearance of his property.

After Bruin had eaten one lamb and made a trip back for another one, Ed Newman, of Tehesinkuf Lake, decided it was time to take a hand in the game. He set out a tasty meal for Mr. Brown Bear and kept handy with his rifle. Unfortunately Ed only had one cartridge on the ranch and he had to call on Mr. and Mrs. John Blanch to come with weapons and help dispatch the brute. John seized an axe and Mrs. Blanch took a pitchfork, but though the beast was badly wounded he managed to escape into the bush and they followed him for several miles before they were fortunate enough to put him finally out of business. Mrs. Blanch says that farm life in this country does not lack excitement.

Mr. and Mrs. Eber Twaddell have returned to Burns Lake. Eber has been relieving foreman on the section at Forestdale for several months.

Mrs. L. Peterson was visiting in Burns Lake at the home of Mrs. H. McPhail last week.

Mr. and Mrs. Wm. Saunders, of Palling were business visitors in Burns Lake on Saturday.

M. O. Stich, of Forestdale is spending a few days in Burns

Lake. Collingwood R. Schreiber, of Colleymount, was transacting business in Burns Lake on Friday.

STEWART

The Stewart hospital board, fire committee and Citizens' Association have joined forces and the departments for the future will be controlled by the one executive.

Bert Olsen, Tim Williams and Bill Hobill have returned to Stewart after being away for four months to Bowser Lake and the head of Unuk River on a trapping expedition. They brought in 100 fine beaver skins, a number of marten and mink, one wolverine and a fisher.

Mr. and Mrs. W. R. Tooth have leased the Ocean View Hotel at Hyder to Mrs. Florence Smith and have come here to live.

J. Frank Breeze has bonded the L. and L. group of claims up Glacier Creek from John Howland, administrator of the estate of the late John Lockwood.

Jancowski Bros. have turned electricity into the new wires from their recently built plant and Stewart now has a public lighting system in actual operation.

The Forty Nine and Bush mines have been taken over under working bonds by H. S. Denny and associates of London, England, and both properties will be worked this year under the supervision of B. W. W. McDougall.

Beaton & Hemsworth, Vancouver brokers, have bonded the Guggenheim group on Georgia River from the Georgia River Mining Co., and will do development work this summer.

G. D. B. Turner, manager of the Indian Mines, is on a six week's business trip to Montreal.

Ernie Armstrong suffered painful injuries to his leg last week when a large boulder fell

on him. He is confined to his home under the care of Dr. Whillans.

A. K. Sweeney, mechanic at the Premier Mine, has left here to visit in Scotland and Belgium.

TELKWA

After a month's holidays at the coast cities Mr. Mapleton returned on Thursday's train. He is feeling greatly benefited by the change.

A meeting of the Telkwa bar-becue committee was held on Friday evening. Plans were outlined and arrangements made to insure that the barbecue in September be the biggest yet.

Miss Gladys McDonald, who has successfully completed her advanced term at the Vancouver Normal school, returned to her home last week. She was accompanied by her sister Perle who has been visiting at the coast.

Mrs. Wm. McGrath and son Billie left on Friday morning for Seattle where she will spend several months.

Mr. Mack of Vernon has arrived as teller on the staff of the Royal Bank here. He takes the place of Miss Winnifred McDonald who has recently resigned.

Mr. and Mrs. Sam Johnson have gone to Prince Rupert.

Many surveyors and mining men are in the district. Things in this part of the world seem to have taken a turn in a hopeful direction.

A day's rain last week delighted the farmer and the gardens and crops are looking much better for it.

L. W. Patmore is back after spending the holiday week-end upriver.

MENNEEN BORATED TALCUM

Best for 40 years

Munro, M. P. McCaffery, E. C. Gibbons, Archie McDougall, Fred Stork, G. W. Nickerson, L. W. Patmore, F. G. Dawson and others.

The foot of Centre Street, from the earliest days the main avenue to and from the G.T.P. wharf has within the past two or three weeks been practically wiped out of existence by the huge steam shovel and, as a result, that part of the city now presents a large expanse of solid level rock upon which before long the G. T. P. passenger station and terminals will be built.

J. Fred Ritchie, of Ritchie & Agnew, returned this morning after spending a few weeks in Victoria.

Mr. and Mrs. A. Guttstein returned to the city today from a ten days trip to Vancouver and Victoria.

POLITICAL POT ONTARIO BOILS

Conservatives Have Most Candidates—Very Few Acclamations Probable

TORONTO, June 5.—(By the Canadian Press.)—The Ontario political pot is starting to boil. Between this date and June 25, election day, all three major parties as well as the minor ones, will battle to the last ditch. With such an impetus it is improbable that there will be an acclamation for any one of the seats, although in a couple of ridings opposition parties are having difficulty in getting candidates against the men who were the representatives in the last Legislature. However, headquarters of each of the parties insists on a candidate, not necessarily in the hope of winning but to maintain the morale of the forces. There will be many three or four-cornered contests.

To date the Conservatives have the most candidates in the field with the Liberals and United Farmers of Ontario following in the order named. As the three leaders, Premier Drury of the C.F.O.-Labor Government, Hon. G. Howard Ferguson of the Conservatives and Wellington Hay of the Liberals tour the country the issues are becoming more defined. The Premier is half in attack, half in defence.

Attack Conservatives

Government speakers in the campaign confine their attack to the Conservatives, practically ignoring the Liberals. Their attitude toward the Liberals was revealed when Premier Drury described Mr. Hays as "just a chip in the porridge." That phrase has roused resentment among the Liberals whose campaign against the government is bound to grow more critical and warmer as election day draws near.

The Conservatives through the leader now on tour and a host of other speakers are attacking the whole Drury administration, laying stress on the deal for the sale of timber limits and water powers to the Backus interests of the United States; huge expenditure on roads; Ontario Temperance Act enforcement; lack of encouragement for Northern Ontario and general lack of economy in the conduct of Government affairs.

Liberal Charges

The Liberals charge that the Government has not carried out its promises and criticizes severely its expenditures. They blame the Government and the Conservatives for the lack of redistribution. The Government is being criticised from two main angles besides being under sniping fire from several independent groups and portions of the Labor group. In certain seats where in the last election Farmer and Labor combined to elect a candidate the union has broken up and there is no solidity of combined strength between the two groups as there was.

Sport Chat

There will be another hot Junior League baseball encounter tonight at the McBride Street grounds when the Falcons and White Sox meet in the seventh fixture of the season. Each team in the league having two victories and two losses out of the six games or so played, the lead of the standing will again be at stake, the winner going to the top and the loser to the bottom. Both teams are out to win and, with that end in view, they are not going to give anything away.

M. B. Jackson, chairman of the game conservation board, has announced the following open seasons for the year:

Bear—September 1 to June 30 in north.

Deer—Bucks over one year, Sept. 29 to Dec. 15.

Mountain Goat—Sept. 29 to Dec. 15.

Bull Moose—North of G.T.P., Sept. 1 to Dec. 15.

Bull Cariboo—Sept. to Dec. 15, except on Queen Charlotte Islands.

Mountain Sheep and Rams—North of G.T.P., Sept. 1 to Nov. 15.

HEART PALPITATED and Was Short of Breath

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble.

Many people may be unaware of having anything wrong with their heart till some little excitement, over-work or worry starts it to palpitate and throb, skip beats, beat fast for a time and then so slow as to seem almost to stop, then it causes great anxiety and alarm.

To all such sufferers

Milburn's Heart and Nerve Pills

will give prompt and permanent relief. Mrs. Alice Bishop, 15 Hawthorne Ave., Hamilton, Ont., writes: "I take pleasure in recommending Milburn's Heart and Nerve Pills to all persons troubled as I had been.

I suffered from palpitation of the heart and shortness of breath; my heart would skip beats, and in the night, at times, I would have to sit up to get my breath. I could not go up stairs without my heart fluttering, and my nerves were all unstrung, but since using your famous Pills I have felt like a different person."

WHY DRESSES COST SO MUCH

Famous Paris Dressmaker Tells Something of Peculiarities and Difficulties of Her Business

PARIS, June 5. — "Why do women's dresses cost so much?" This eternal man's question was put to Madame Jeanne Paquin, and her cryptic answer was: "They don't."

For 33 years Madame Paquin has been making dresses in Paris for the wealthy from all parts of the world. It may be that her idea of what is expensive has been influenced by the class of trade which automobiles tip to her doors, but nevertheless her answer was the sincere expression of a business woman. For in the next breath she said: "Or rather, dresses do not cost the buyer so much, when it is considered what they cost the producer."

Madame Paquin employs about 900 people, and turns out 4,000 dresses a year. About 25 out of every hundred of her gowns have to be discarded because they are not properly made. This accounts in part for the high cost of those that are marketed.

Must be Waste
"To obtain an art product, there must be waste," Madame Paquin explained. "A painter may make many sketches before he finally reaches the creation that is called art. It is the same way with dresses. I employ people who do nothing but sit around and criticize our dresses, and if a given dress doesn't satisfy them, a new one must be made for the client. These people must be paid. Some of them get a hundred thousand francs a year. There are only a few people who can engage in the profession of beautifying women with clothes. These few must be paid accordingly."

"Women object to the high cost as much as men. It is a mistake to think women like to pay high prices for their dresses. You can tell all the husbands that women dispute their bills to the last penny."

"How much does it cost to dress a woman well for a year?" Madame Paquin was asked.
"\$5,000 a year."

"There were many women who spent a hundred thousand francs a year before the war on their dresses, and if they did this now their bills would run to a half million," said Madame Paquin.

"But I believe, for the average woman who can afford to dress in such houses as mine, that 50 thousand francs a year would do it, giving her about 15 dresses a year. This would give her in each season about four dresses, one for the street, one for sport, one for evening, and one for after-noon receptions. Add what is necessary for cloaks, furs, hats, shoes, umbrellas and underclothing and the total would come to about \$5,000 in American money."

Burdock Blood Bitters

Relieved Her of Headaches

Headache seems to be habitual with many people, and some, if any, are seldom free from it, suffering continually, and wondering why they can get no relief.

In all cases of headache the treatment should be directed to the removal of the cause, and with the cause removed the headaches will vanish.

It is impossible to find a better remedy for headaches of every description that can equal B. R. B., acting as it does on every organ of the system.

Mrs. Douglas Roseborough, 280 McKenzie St., Sarnia, Ont., writes:—"Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.

WELSH WAS SPOKEN AT TOWER OF BABEL

While some Welshmen claim that the Welsh language was that spoken by Adam and Eve, others, more modest, only insist that it was one of the original languages spoken at the Tower of Babel. Some cynics admit this, and tell the story of its origin thus:

One of the masons at the top of the tower had plenty of mortar but no bricks. The tower had reached such a height that he could not make the man below fear him when he called for more bricks. At last the latter, with wide-open mouth, called up: "What?" Then the mason, exasperated, threw down a trowel of mortar which, lodging in the throat of the man below, resulted in his speaking Welsh for the first time, and accounts for the national character of the language.

SYNOPSIS OF LAND ACT AMENDMENTS
Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.
Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.
Pre-emptor must occupy claim for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% before receiving Crown Grant.
Where pre-emptor in occupation of land for 3 years, and has made agricultural improvements, he may, by cause of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records without permanent residence may be issued, provided applicant makes improvements to value of \$50 per annum and records same each year. Failure to make improvements at record time will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.
Pre-emptor holding Crown Grant may record another pre-emption, if the previous land in connection with his claim without actual occupation, provided statutory improvements made and residence maintained on Crown-granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company.
Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased, conditions include payment of stumpage.
Interest on agreements to purchase by existing roads may be purchased conditional upon construction of a road to them. Relate of one-half of cost of road, not exceeding half of purchase price, is made.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving in His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.
No fees relating to pre-emption are due or payable by holders on pre-emption recorded after June 30, 1918. Taxes are remitted for five years.
Provision for return of moneys accrued due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emption.
Interest on agreements to purchase town or city lots held by members of Allied Forces or dependents acquired directly or indirectly, permitted from enactment to March 31, 1920.
SUB-PURCHASERS OF CROWN LANDS
Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.
GRAZING
Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travelers, up to ten head.

EDIBLE FUNGI AND FEW THAT ARE NOT

How to Tell the Deadly Amanita From the Mushrooms

Mushrooms and loadstools are included under the collective term "fungi." There is a widespread misapprehension concerning the character of the fleshy fungi. The public generally classify them under two main divisions—loadstools and mushrooms—the latter only being considered edible, and embracing the several varieties of the mushroom commonly exposed for sale, and found in fields during the late summer and fall. All varieties outside of these are popularly called 'loadstools' and avoided, as being poisonous. The question is frequently asked how can one distinguish a "mushroom" from a "loadstool"? There are hundreds of kinds of mushrooms, most of which are edible, and but a few are poisonous. It is then a question how to distinguish the edible from the poisonous species. All so-called "tests" such as peeling, discoloration of a spoon, etc., are mythical, and afford no guarantee. The best method of knowing them is to study their characteristics one by one, starting with a common variety; having this identified by one who knows it, and then continue one's studies as opportunity offers. It is strongly advised to leave severely alone all finds about which there is any uncertainty. Many mushrooms are poisonous to some persons but prove harmless to others, while many are edible but of poor flavor, or too small to be of any use.

Two deadly poisonous fungi somewhat resembling a mushroom are the Fly Agaric and Death Cap. The former is brilliantly colored in varying shades with a large cap four to six inches across. The surface is covered with persistent scales. The stem varies from four to eight inches in length and is shining white or pale yellowish.

Death Cap is shining white or yellowish and not so large as Fly Amanita. It resembles somewhat the common field mushroom but
