# CANNERY PROJECT FOR THIS PORT

## BRITISH COLUMBIA IS TO INCREASE HER LUMBER EXPORTS

### Construction of New Industrial Plant At Prince Rupert Will Be Under Way In Spring, Announced

Francis Millerd, Prominent Coast Operator, Discloses Plans—Site to be Settled Upon Soon—Will Ship Product Direct From Here to Markets of World

Francis Millerd, prominent British Columbia salmon cannery operator, announced this afternoon that he expected to get construction of a new salmon cannery at Prince Rupert under way next spring with a view to having the plant in operation during the 1933 season. The proposal is to start in a small way at first with a view to eventually building up a substantial and permanent industry at Prince Rupert.

Mr. Millerd's plan is to ship canned salmon direct from Prince Rupert to the Old Country and other overseas markets. He has long held the opinion that Prince Rupert, being the logical strategic centre for the canned salmon industry of the British Columbia coast, should be the actual centre of the industry. It is on the basis of that theory that he is making his present plans for establishment of the industry here.

Mr. Millerd sees no reason why cannery crews should be brought annually from Vancouver and elsewhere in the south to the Prince Rupert district to can fish which is then sent to Vancouver for reshipment. The more efficient plan, he believes, is to have the fish canned by people who live in the north and to ship the product direct from Prince Rupert.

"We intend to start in a small way and to build up along solid and substantial lines," states Mr. Millerd. "We expect to eventually have a large cannery in operation here."

"One or two locations for the industry are under consideration," stated Mr. Millerd, "but there are certain difficulties to be ironed out before we make a definite selection. It may be a week or so before the site is decided upon but we expect to have construction of the plant under way by spring."

Mr. Millerd, who arrived from Vancouver yesterday, will sail to-night on his return south.

The proceedings opened at 3 o'clock and games were played until 5:30 when supper was served. Following supper, there was an acceptable program of music and recitations after which Santa Claus paid a visit and distributed fruit and candies to the children.

Those assisting at the supper were Mrs. J. B. Gibson, Mrs. C. W. Homer, Mrs. W. J. Greer, Miss Beagley, Miss Eleanor Moxley, Miss Annie Kach, Miss Eileen Gibson and S. P. Woodside.

Taking part in the program were Edith Smith, Leona Batt, Arlene Fitzgerald, Margaret Smith, Joyce Kielback, Junie Batt, Hazel Coombs, Maizie Oliver, Doris Leach, Marie Norton, Margaret Logan, Helen Gamula, Alice Hunter and Maureen Kilpatrick.

Very Rev. James B. Gibson, dean of the Cathedral, presided.

### Mayor Again Refutes Statements Of Ratepayers' Association and Closes Correspondence With Them

Mayor Orme again replies to the Prince Rupert Ratepayers' Association and states that the controversy over city finances is ended so far as he is concerned. His letter follows:

Editor, Daily News:—

In the letter of F. Wesch, President, Ratepayers' Association, published by you in issue of 28th, he states "either Mayor Orme misquotes the Daily News or the Daily News misquotes the report presented to the meeting." If Mr. Wesch had compared his report with the Daily News he would have seen that neither of these conjectures were necessary as he was not misquoted.

The following is an excerpt from the identical copy of the report handed to the News: "Taking the City's admitted deficit of \$68,000.00 for 1932, which is likely to be under the actual deficit, and by adding \$32,000.00 defaulted bonds, debentures and interest accruing due in 1933, \$225,000.00; exchange at about the present rate, \$35,000.00; fixed charges for interest, social services and relief, at say, \$275,000.00; departmental expenses at 1932 estimates, \$230,000.00 including schools—total, \$865,000.00."

"In 1932 the revenue from all sources was only \$595,829.00 which, if the same could be collected in 1933, would leave \$269,171.00 deficit." Mr. Wesch now denies that the committee's report did not estimate the deficit for 1932 to be \$100,000.00, but an analysis of the above figures clearly shows that he must have done so in order to arrive at his total payments, \$865,000.00.

With regard to my second statement that the report showed that social services and relief was \$275,000.00 when as a matter of fact the actual amount is \$37,000.00, Mr. Wesch states that I have misquoted him in this respect also.

Let us peruse the report again. It states "debentures and interest accruing due in 1933, \$225,000.00," which is correct, but in second line after this item it set out fixed charges for interest, social services and relief \$275,000.00. This conclusively shows that he has duplicated the amount due for interest, and is including it in his grand total of \$865,000.00.

As far as I am concerned I do not propose to continue this controversy any further, as I think the above facts and figures will satisfy any reasonable person.

CYRIL H. ORME, Mayor.

### Province to Send Much Heavier Shipments of Timber to Old Country

Business for 1933 is Estimated at 150,000,000 Feet, Large Gain Over 1932 and Treble 1931—Will Give Employment to Many Men

VANCOUVER, Dec. 29: (Canadian Press)—British Columbia will increase her lumber exports to the United Kingdom during the coming year to 150,000,000 feet, it is confidently forecast in well-informed circles. This compares with 87,000,000 feet shipped during the past twelve months, a gain of more than seventy-five percent, and treble the quantity shipped in 1931 when 50,000,000 feet created a record.

It is expected that the coming year's export to the United Kingdom will give employment amounting to 150,000 work days or steady employment for one year for 1500 men, benefitting also thousands of dependents.

### IGNORANT OF PACT

Premier Bennett Denies Knowledge of Projected Barter With Russia

MONTREAL, Dec. 29: (Canadian Press)—Prime Minister R. B. Bennett, passing through here today on his way back to Ottawa following his trip to England, denied all knowledge of a projected barter agreement between Canada and Russia.

"I have read a report that plans are under way for a barter agreement between Canada and Russia," Premier Bennett said, "if that is so, then it has been projected without my knowledge."

### MEETING OF UNEMPLOYED

Favor For Non-Contributory Unemployment Insurance Expressed At Gathering Last Night

The only important business to come before the regular weekly meeting last night of the local branch of the National Unemployed Workers' Association was the consideration of a communication from the National Council of Unemployed Associations dealing with unemployment insurance and asking this district to endorse a plan of non-contributory unemployment insurance. In the course of discussion it was declared by some of the members that many who were unemployed today would never be back in industry under the present system of production and distribution. Therefore, industry should bear the entire cost of unemployment insurance without workers or part-time workers contributing to same. Letters will be sent to Premier R. B. Bennett, Olof Hanson M.P. and other labor organizations in the city seeking their support for non-contributory unemployment insurance.

There was a good representation of unemployed at the meeting which was the last one of the year. Charles Chapman was in the chair.

### MUNICIPAL DILEMMA

Aspirants for public office in the city find themselves in a curious dilemma just now. In view of conditions, they do not know whether a mayor and council will be needed this year and if elected whether they will have more than a few weeks of the troubles of office.

Another dilemma facing a good many is the question whether they could be elected if they offered themselves. There are a number of factions in the city and factions are always difficult to manage. The Ratepayers' Association is stronger than it has ever been in the past owing to the burden of taxation and the desire of the people to find relief. They are willing to try anything new, arguing that it could not be worse and it might be better. Labor groups are badly split up and many labor supporters find themselves without votes this year owing to failure to register.

Should there be no commissioner appointed it will be necessary to have a strong mayor and council to place the city once more on a sound financial basis but there is an evident reluctance among prominent citizens to place themselves at the service of the city.

Sir Herbert Holt is a director of 57 companies in Canada, nearly twice as many as any other individual. Coming next to him on the list is Edwin Mack Sanderson of New York who is tied with J. H. Gundy but running these close is Sir Charles Gordon, president of the Bank of Montreal with 34. Such diverse interests call for anything but a one track mind.

### PROBABLY A FEELER

The announcement that the provincial government might increase the special revenue tax from one to possibly three percent is probably just a feeler to see how the people would take such a change. It would be difficult to understand such a law going into effect. Under it a man with a salary of \$100 who now pays one dollar a month would have to pay three dollars a month.

We all realize that money must be raised but there is a limit to which taxation can go and we think there would be very strong opposition to any considerable increase in the special revenue tax.

In a letter published in the Daily News yesterday from President Wesch, of the Ratepayers' Association, the inference is made that a report made to the association may have been misquoted by us. This is not correct. The Daily News published the full report as handed to its representative by President Wesch and it was not in any way misquoted by this paper.

### Nurses Entertain At Dancing Party

Following a Christmas dinner for the nurses, Miss Jean Harrison R.N., lady superintendent, and members of the nursing staff of the Prince Rupert General Hospital entertained their friends at a delightful dancing party last night in the Nurses' Home. There were about sixty persons in attendance at the affair which was highly enjoyable. Music for dancing was furnished by Mrs. J. S. Black's orchestra. Delicious refreshments were served.

### Man in the Moon

Those people who live at Dorreeh On relief pay are proving quite keen. They resent the idea, which seems very clear. Things are anything else but dam lean.

Now that Christmas is over and most of the pills have been swallowed, we are getting ready for a real Scottish celebration at New Year.

There's a rumor around town that Bill Stone is trying to engage the mayor and aldermen to meet the executive of the Ratepayers' Association to put on a New Year show at the Empress gym.

Jake says he is going to apply for relief pretty soon. He says he's down to the last thousand dollars, and he hates to spend it when there is a hand-out in sight. The only thing that holds him back is the idea of having to work for it. Jake never did like work.

Among the things that won't get you anywhere in Prince Rupert is wondering if we are to have a commissioner.

Other things that won't help much is speculating as to what a commissioner will do if he is appointed, wondering who is going to run for mayor and if there is going to be a mayor, urging a four-man council, arguing with a member of the Ratepayers' Association, trying to collect I.O.U.'s, trying to collect anything, trying to keep up with the Jones, putting on style without either money or credit, putting on style at any time and under any conditions, trying to live off your wits, trying to live.
