BRITISH SEND TRADE THREAT TO RUSSIA LARGEST MAJORITY YET FOR MACKENZIE KING GOVERNMENT YESTERDAY

British Ultimatum to Russia Threatens Trade Rupture if no Action Taken at once by Soviet

LONDON, May 9.—The government's ultimatum to the Russian Soviet Government was much more peremptory than was expected. It is generally believed that a rupture of international relations will be difficult to avoid.

The communication notifies the Soviet that Great Britain will free herself from obligations under the trade agreement in the event that Russia within ten days does not offer satisfactory assurances concerning propaganda, admit her liability for various offenses against British subjects and ships and offer proper compensation. She must also withdraw unequivocally her reply to notes submitted to Britain in protest against religious persecutions in Russia.

ROST BIDS IN GISCOME MILL

Plant in Fort George District
Brought \$70,000 Under the
Hammer at Vancouver
Today

(Special to The Daily News)
VANCOUVER, May 9.—The plant of the Giscome Lumber Co. at Giscome in the Fort George district was auctioned off at a judicial sale in the court house here today by J. E. Mather, registrar of the Supreme Court. The property was sold to J. C. Rains, representing A. C. Frost who proposes to organize a company to operate the lumber mill. The price was \$70,000 in addition to which the purchaser assumes \$10,000 owing for taxes and assessments of the Workmen's Compensation Board. The Forestry Department has liens on the machinery.

PREPARING FOR BIG CARNIVAL

Arrangements Being Perfected
For May 24 Celebration

Further arrangements for the holding of the big carnival on May 23 and May 24 by the Fair, Folk, and Ladies of the Fair Purple were made at a meeting of the executive and its committees held in the office last night. The carnival will open on the evening of May 23 with a senior baseball or football game and on the morning of May 24 there will be children's sports and a boys' football baseball game. The carnival will be in full swing on the grounds and in the hall in the afternoon of May 24 and in the evening there will be a big dance. Other special features are yet to be announced.

CHOOSING SITE FOR ALICE ARM BRIDGE

Major R. M. Taylor, District Engineer, and J. A. Stephen, Assistant, at Kitsault River

Major R. M. Taylor, public works district engineer, is at Alice Arm with J. A. Stephen, assistant district engineer for Altn, locating a site for the bridge across the Kitsault River while the provincial government plans building this year. Major Taylor is expected back from the north tomorrow night.

CAPTIVES ARE NEARLY DEAD

Foreigners Captured by
Chinese Bandits in Bad
Plight—Some Escaped

SHANGHAI, May 9.—Fourteen foreigners including seven Americans held by Chinese bandits in the hills are almost dead from lack of food and clothing and exposure according to a message from Lin Cheng.

Major Roland Pinger, Major Robert Allen and Major Pinger's son, Roland, have escaped from the bandits. It is reported. This brings the total of those escaped or released to fourteen, including seven men, six women and one child.

The tug Barron F. arrived at noon today from Ketchikan and is loading a cargo of wire for southeastern Alaska canneries. The wire came here from the Eastern States via the Canadian National Railway.

An Unvarnished Statement of Facts About the Hospital

DO YOU KNOW

That during the ensuing year we will pay about \$1000.00 for absolutely unsuitable quarters for, not ALL, but a FEW of our Nurses.

DO YOU KNOW

That the balance of the Nurses, 12 in number, are living in small over-crowded rooms, in the attic of the Hospital Building—in a number of cases, 3 nurses in a small room.

DO YOU KNOW

That these nurses, after hours of the most exacting duties, return for REST? and STUDY? to their attic. Here they are scarcely ever free from the distressing sounds of pain and suffering.

DO YOU KNOW

That to become a Graduate Nurse requires THREE YEARS of training. Work all day in the Hospital, attend lectures and classes in the evening, and devote a certain amount of any time that is left to study.

DO YOU KNOW

That we spend \$7000.00 yearly for seven GRADUATE Nurses, when a Hospital of our size, should only employ four.

DO YOU KNOW

That we pay \$30, \$25, and \$20 per month, in an endeavor to get PUPIL NURSES, where we should only pay \$7, \$12 and \$15, and thereby we are losing \$1500 to \$2000 yearly.

DO YOU KNOW

That the reason that we employ GRADUATE NURSES is because we cannot get PUPIL NURSES to come to our Hospital.

DO YOU KNOW

That the REASON that we cannot get PUPIL Nurses is that they will not live for THREE YEARS under the above-mentioned conditions, at any salary, when they can go to a Hospital that provides DECENT, COMFORTABLE quarters in which to spend their FEW hours of study and recreation. And

DO YOU BLAME THEM?

H.M.S. CURLEW TO VISIT B.C. COAST IN MONTH OF JULY

VICTORIA, May 9.—H.M.S. Curlew will visit British Columbia coast ports in July, it is announced. She is a light cruiser of the North American and West Indies squadron and will spend several weeks in British Columbia.

SENATE AND COMMONS CONFER ON DUTIES

OTTAWA, May 9.—The Senate has appointed a committee to confer with the Commons committee as to the best means of affording information and assistance in the consideration of legislation in both houses. The committee will also consider a better distribution of the work of legislation between the houses of parliament.

INCREASE NEEDED BRITISH AIR FORCE

Duke of Devonshire Informed
House of Lords to This Effect Today

LONDON, May 9.—The cabinet has reached the conclusion that a considerable increase in the British Air Force is necessary. The Duke of Devonshire, secretary for the colonies, informed the House of Lords today.

The annual English horse-shoeing competitions in progress. They were held at King's Cross Goods Yard.

Peace Terms of De Valera are Refused by Irish Free State Wanted to Avoid Taking Oath

DUBLIN, May 9.—The Irish Free State government has refused the peace terms of Eamonn de Valera, leader of the Republicans, and has declined to further communicate with him. De Valera had insisted upon an election by September 15 and the assignment to the Republicans of barracks in which to store arms under Republican guards pending the outcome of the election. He also demanded that Republicans be allowed to sit in the Free State parliament without taking the oath prescribed in the treaty.

KING VISITS POPE TODAY

Received With Outstretched
Hand in Library of
Vatican at Rome

ROME, May 9.—Pope Pius received King George and Queen Mary in solemn audience in the apostolic palace of the Vatican this morning. The Royal cortege comprising high prelates and prominent personages of the papal court escorted their majesties to Clementine Hall. Pope Pius met their majesties with outstretched hand in the library. The audience lasted half an hour at the conclusion of which the King introduced the members of his suite to the Pontiff.

LABOR BEHIND NURSES' HOME

Active Support Shown For Project by Donating Half of
Labor Day Proceeds

Hospital affairs were fully discussed last night at the regular meeting of the Trades & Labor Council. H. L. Campbell, manager of the Nurses' Home campaign, was present and addressed the council on the matter. The proposal, which was endorsed by the council last year when first considered, was re-endorsed and it was also decided to assist the campaign by donating half of the profits from the Labor Day celebration.

CANADIAN BEATEN BY BANDITS IN CHINA

Taken From Train But Later Released Through Efforts of
British Consul

TIENTSIN, May 9.—A Canadian named Lowe was a victim of a second outrage which followed the raiding of the Peking express on Sunday. Lowe was pulled from the train when travelling to Shanghai by Chinese civilians, beaten, bound and carried away. Later he was released through the efforts of the British consul.

FERRY SERVICE TO VICTORIA OPENED

10 Passengers on Opening Trip
Entertained at Luncheon by
Publicity Bureau

VICTORIA, May 9.—The Anacortes-Sidney ferry made its inaugural trip across the Straits of Georgia yesterday and its 140 passengers were guests of the Victoria and Island Publicity Bureau for luncheon. The party was welcomed by representative Victoria business and service organizations.

Threat Against Combine in Conservative Speech Favor Government Bill

OTTAWA, May 9.—A majority of 117, the largest Government majority of the session, the House of Commons last night gave to the second reading of the Combines Bill. The division came after two full days debate in a vote in which all Liberals and Progressives voted for the bill.

Of the Conservatives in the House, W. F. MacLean of South York alone voted for the bill. The remainder went on record against it. The vote stood 138 for the bill and 21 against.

Premier Mackenzie King in closing the debate, declared

the legislation would provide a means of "letting light into the dark recesses of business." Once the public knew the facts it could through parliament and by other means apply the remedy.

Previously Hon. J. B. M. Baxter from the Conservative side declared "It is no use to represent to people that a wonderful panacea has been discovered, for I am sure they are in for another disillusionment."

Loud Cheers

There was a passing reference to the sugar combine to loud Progressive cheers when Mr. MacLean, Conservative of South York urged that those behind the alleged combine in Montreal be

notified that if they had not afforded some relief by Friday the tariff would be cut. If that did not good he would have the Royal and Nova Scotia banks, which he said were behind the sugar trust, notified that if nothing was done facilities for rediscout would be taken away. Finally, if nothing still were done, Mr. MacLean said he would have the "Manufacturers' Association informed that the tariff on other items would be reduced."

CRUISER FOR THIS PORT

Curlew Making Prince Rupert
First Port of Call in B.C.

(Special to The Daily News).
VANCOUVER, May 9.—H.M.S. light cruiser Curlew of the North Atlantic squadron will leave Bermuda on May 24 for a cruise to the Pacific. She will reach this coast early in July. After visiting two U.S. Pacific ports the cruiser will proceed direct to Prince Rupert and subsequently to Esquimalt for two weeks, and after that to Vancouver.

FISH ARRIVALS

Six U.S. Boats Sell 107,000 lbs.
No Canadian Boats in Today

Six American boats marketed 107,000 pounds of halibut at the Fish Exchange this morning. There were no Canadian arrivals. The following boats sold their catches: Republic, 45,000 pounds, at 13.9c and 9c, and Royal, 6,000 pounds, at 14.5c and 9c, to the Canadian Fish & Cold Storage Co. Reliance No. 1, 19,000 pounds, at 14.3c and 9c, and Reform, 8,000 pounds, at 14.7c and 9c, to the Booth Fisheries Canadian Co. Hi Gill, 13,000 pounds, at 14.6c, and Sentinel, 16,000 pounds, at 14.3c and 9c, to the Pacific Fisheries.

P. Sharkey, assistant district forester, left on last night's train for Terrace on departmental business.

COMPETITIONS ARE ILLEGAL

Publishers of Three Papers Convicted of Keeping Gaming House

VANCOUVER, May 9.—In the police court yesterday owners of three publications—the B.C. Veterans Weekly, the Western Argus, and the Century Publishing Company were fined \$25 each on being found guilty of keeping gaming houses.

The court declared that until the ruling is reversed by a higher court, operating football competitions would remain illegal and further violations would be dealt with at once.

BANK ROBBERY SASKATCHEWAN

Boundary Bandits Blew Safe and
Got Away With Much Loot
at Dollard

ESCAPED IN AUTOMOBILE

WINNIPEG, May 9.—A safe in the Dollard, Saskatchewan branch of the bank of Hochelaga, was blown last night and a large sum in cash and securities taken. The robbery was committed with details standardized last year by the international bandits and followed quickly on the announcement by the police of the prairies that they were prepared with powerful machine guns and automobiles to repel this summer the gangs which last year crossed the border and took toll of the Canadian banks.

A gang of five men robbed the Dollard bank of \$6,800 and negotiable securities approximating \$20,000 and other paper of high face value and escaped in an automobile.

MAJOR J. W. CLARKE SENT TO LONDON TO HELP IMMIGRATION

Steady Stream of New Settlers is
Aim of Provincial Government in Sending Man

VICTORIA, May 9.—Plans of the provincial government to get immigration on a sound basis and provide a steady stream of new settlers was more advanced today when it was announced that Major J. W. Clarke had been appointed to go to London under the Dominion immigration department and act there in connection with British Columbia immigration.

J. E. Ormheim, the fur buyer, was a passenger for Terrace on last night's train.

Two Bylaws Will Probably Carry.

It would seem like good business to carry the two bylaws which are to be voted on this week. To turn down the school bylaw would mean further lopping of public expenditures and probably the closing down of the library. As it is, no expenditures for the library are being allowed except the librarian's salary, pending the outcome of this bylaw and the decision on the Grand Trunk Development Company's appeal. Yet the library caters to the enjoyment and education of considerably over a thousand people in this city.

To turn down the bylaw now would mean that taxes would have to be raised and that many very necessary expenditures in other directions would have to be refused. So large a sum as \$55,000 is too much to take out of general revenue in one year for an extraordinary expenditure. The question of how the money was spent has nothing to do with the question just now. It has to be paid and the passing or rejection of the bylaw will simply determine whether it be paid in one lump sum out of general revenue or be spread over a term of years. It seems that all must agree that it would be a pity to cripple all the civic activities this year.

New Bridge Is Badly Needed.

A new bridge is badly needed. At the beginning of the year the people voted for a steel bridge which would prove rather costly. Many who voted for it, did so just because they thought it was a disgrace to the city to have no bridge across Hays Creek. At the same time they thought a wooden bridge made out of British Columbia material would have been better than an imported steel structure. At any rate the wooden bridge would last for ten or fifteen years and by that time the city should be in a position to put in a permanent bridge, wide enough to carry all traffic offering.

It has been intimated that in the present state of the finances the city council will not build a bridge this year if it has to spend very much money on it. The people across the creek have waited a long time for this convenience and it should not be denied them now.

Labor Council And Nurses' Home.

The Trades and Labor Council is to be congratulated on its stand in connection with the proposed new Nurses' Home. It is behind the institution and will aid it materially if the plans prove successful. So it is generally in the city, we believe. Everyone must realize the need, but some people think it could have been allowed to stand over until a more convenient season.

Now that the hospital board has decided that it is going ahead with the work, it is for the citizens to back them up to the best of their ability. A committee has the collecting of funds in hand. This committee is giving its time for a not very pleasant job, but they will have the satisfaction of knowing that they are doing a great public service and if they are successful, as they deserve to be, they will deserve the thanks of the whole community. The best way to show appreciation of their efforts now is to subscribe liberally to the new Nurses' Home when the canvasser calls.

Mother and Her Baby Are Relieved of Eczema

Mrs. Peter A. Palmer, Salt Burn, Sask., writes:
"Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

DR. CHASE'S OINTMENT
50 Cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto

In the Letter Box

THE BYLAWS

Editor Daily News:
Ex-alderman Montgomery, in the News of the 7th instant takes exception to the passing of the bylaws for the funding of the Booth School debt and the building of the Hays Creek Bridge.

As one who has represented the city on the aldermanic board and sometimes aspired to the office of first magistrate, his ignorance of what occurred while he sat in the council and his reasoning on municipal financing are difficult to understand.

If last year's council provided \$50,000 for the reconstruction of the Booth School (which it did not, then why did it do so in face of a refusal by the people to authorize the expenditure of \$15,000 for this purpose. He says "The council of this year has not provided one dollar in their general revenue for repairs to the Booth School" while in the same breath he states that there is a sum of \$5,000 in the school estimates for this purpose. If this year's council does not have to raise this money by general levy it is because there are not enough against it to defeat the bylaw.

Inconsistency

When a candidate for Mayor he was enthusiastically in favor of the Hays Creek Bridge at a cost of \$17,000, yet he has had a change of heart and would now counsel the electors to throw down the people across the creek because a bridge is proposed at about one third the cost which will give ample accommodation to many times the number of people who are at present here to use it.

He complains of not having sufficient information on the nature of the bridge, or the nature of the release from the former contractor, when he should well know that all this information is in the offices of the engineer and the solicitor for the asking.

He objects to the funding of the Booth School under the bylaw because the debt will bear interest and he objects to the building a less expensive bridge, perhaps because it does not bear as much interest as the more expensive one.

Surely people will not be influenced to defeat the bylaws by such logic.

M. M. STEPHENS.

ANSWERS THE MAYOR

Editor Daily News:

In reply to the Mayor re Money Bylaws, he admits that my statement is correct that last year's council provided about \$50,000 out of last year's taxes for the repairs to Booth School. He states that this year's council has to levy \$55,000 in order to pay back that amount. Who are they going to pay back to? That money was not borrowed from the bank. It was rate payers' money paid last year. Does our Mayor propose to levy that amount this year because they felt for it last year or what does he mean to do? I have no hesitation in advising the rate payers to turn down this Bylaw and preserve our borrowing capacity for future developments in our city.

If the city could supply power for an elevator, a company is prepared to build here. It would be a better investment to develop power for such a project than to pass a bylaw to form a slush fund for any council to spend as it thinks fit, which is all that the proposed bylaw amounts to.

Hays Creek Bridge

His Worship states that all the information was given at the public meeting, that the proposed steel and concrete bridge was too narrow. It was 20 feet wide, 6 ft. sidewalk on one side the bridge designed so as it could be widened when necessary to any part or the full width of the Avenue, which is 90 feet wide. If such a design of a bridge was not wide enough for the present council, I must say they are very ambitious.

On the best of information I state that none of the contractors have relinquished their contracts for the steel bridge. An Alderman informed me that one of the contractors was going to get the contract to build the proposed wooden bridge at \$23,500. That same contractor tendered to the city last December to build a wooden bridge for \$16,000. The amount \$5,500 where is that going? The ratepayers are entitled to know this, also why is our

mayor and council so eager to side track the steel bridge and substitute a wooden one? Ratepayers beware!

W. H. MONTGOMERY.

A big difference

There's a big difference in motor oils. Most of them are by-products from gasoline manufacture. Very few refineries make lubricating oils their chief business.

SUNOCO
THE DISTILLED OIL

is made by lubrication specialists. A patented process gives uniform distillation—every drop is like every other drop. And it's pure—not a compound of light oil and "cylinder stock," that gummy, thick stuff that forms carbon.

You'll use less oil and get more power with Sunoco. You'll see the difference, too, in repair bills. There are six types of Sunoco. One is best for your car.

Ask your Sunoco dealer for booklet, "What's Happening Inside Your Motor?"

Milburn's Laxa-Liver Pills The Great Liver Regulators

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Therefore when the liver is inactive and failing to secrete bile in sufficient quantity constipation and other liver troubles soon follow.

Mrs. H. D. Hutchinson, Peterborough, Ont., writes:—"I have been using your Milburn's Laxa-Liver Pills and they have done me a lot of good."

My liver bothered me a great deal; I was drowsy and tired all the time and didn't feel like doing anything, let alone my housework. I tried everything, but your Pills seemed to do the work far better than anything I had ever taken."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CITY COUNCIL IS CASTIGATED

Support of Civic Employees' Union Pledged by T. L. Council in Wage Dispute

The Trades and Labor Council last night passed a resolution pledging support to the Civic Employees' Union in its dispute with the city council and condemning the city council for its attitude taken in rejecting the report of the Board of Conciliation which recently investigated the dispute and brought in a finding.

The resolution passed was as follows:

"Whereas, the majority of the Prince Rupert city council in dealing with the city employees have most emphatically shown their antagonistic attitude towards organized labor and the Civic Employees' Union in particular;

"And whereas, the City Employees' Union has before and during the recent conciliation proceedings used every reasonable effort to promote and maintain peace and harmony in spite of the council's domineering attitude;

"And whereas, the civic authorities were a party to the recent conciliation proceedings having appointed representatives and presented their case before the board;

"And whereas, the majority of the city council now refuse to even consider the recommendations of the Conciliation Board although concurred in by the board members appointed on recommendation of the city authorities;

"Therefore, be it resolved that the Prince Rupert Trades and Labor Council endorse the action of the Civic Employees' Union and pledge them our moral and financial support, calling on all workers to loyally support said Union and that we further express our strongest condemnation of the attitude of the city council majority in their persistent attempts at agitating for an industrial struggle."

CORONER GALE TO HOLD INQUEST ON TERRACE SHOOTING

Coroner Walter Gale leaves on tonight's train for Terrace where he will conduct an inquest into the death of Isaac Bedore who, according to information, received yesterday from Constable Manceur, shot himself. Deceased is the same man who was sentenced at the Supreme Court Assizes here last year to serve two years in the penitentiary for attempted rape at Rose Lake. He was later let out on parole and took up farming at Terrace.

SCHOONER SUMNER TO HAVE DIESEL ENGINE

Captain Soriano Contemplating Changing Motive Power of His Halibut Boat

Capt. A. Soriano is contemplating the replacing of the 80 horse-power Frisco-Standard gasoline engine in his fishing boat, the Sumner, for a 90 horse-power full diesel engine. The Sumner is still laid up in port here following her crippling up north when her crank shaft was broken, leavy as low as possible, and to Capt. Soriano is at the present time fishing on the independent Hays Creek. Is it not, therefore, lay in the Canadian Fish & Cold Storage Co.'s schooner, Zibassa, out and vote for these bylaws?

Buy your vegetables and fruit at the City Market. 1f

Only owners of a lot or lots can vote on to-morrow's by-laws.

For Plumbing and HEATING, W. Longwill. Phone Blue 270. P.O. Box 730. 1f

The vote on the two money by-laws will take place tomorrow from 9 a.m. to 7 p.m.

Staff Captain Jaynes, of the Salvation Army, left on last night's train for Prince George.

Bargains in Summer Coats. Away below cost. Must be cleared. From \$20.00, worth \$35.00. Demers. 109

The High School Domestic Science girls cordially invite you to attend their Exhibit Tea and Sale of Work in the Booth School, Friday, May 11. 110

Frank Morris, manager of the B.C. Undertakers, left on last night's train for Terrace where he will take charge of the funeral arrangements of the late Isaac Bedore.

If you want a bridge built over Hays Creek, vote for the Bridge bylaw tomorrow, otherwise the probable chances are that there will be no bridge built this year at least.

The Union steamer Chilliwaik, Capt. C. B. Smith, was in port this morning southbound from Naas River ports to Surf Inlet. The vessel took a few passengers from here for Surf Inlet.

Repeat orders already coming in for Nipmoo-Wellington Nut Coal for kitchen range and summer use. Quick fire. Costs same as inferior coals. Albert & McGaffery, Ltd. Phone 564. 1f

Among the passengers sailing last night on the Chelohsin for the south were J. R. Brunn, for Swanson Bay; E. Doiron for Bella Bella; Mrs. J. A. Bolivan for Vancouver; A. J. E. Bishop for Ocean Falls.

Dominion Constable A. J. Wilkinson arrived yesterday from Port Simpson and left on the evening train for Terrace and Vancouver on patrol duties. On his return in a couple of days he will visit the Skeena River canneries.

If the two money bylaws are defeated tomorrow, it will mean that the \$55,000 cost of the Booth School repairs must be met out of this year's tax levy instead of spreading that cost over a period of twenty-seven years, and that traffic over Hays Creek will continue to be tied up.

Dr. and Mrs. J. C. Spencer were passengers on the Chelohsin yesterday afternoon southbound from Port Simpson to Vancouver. Dr. Spencer will attend the Methodist Conference at New Westminster next week. They expect to be away about three weeks.

By defeating to-morrow's money bylaws you will only increase your tax rate this year, and most probably go without any bridge over Hays Creek. However, it is now up to the people and they ought not to complain afterwards, be the consequences what they may.

Constable Harry Martin, of the provincial police, left last night on the Chelohsin for Hartley Bay where, with Constable Gillis, of Swanson Bay, he will investigate the report of an unknown man being found dead on Gribble Island. If an inquest is deemed necessary, it will be held by Dr. Street, the Swanson Bay coroner.

The City Council is not endeavoring to put anything over the people by fitting the Booth School and Hays Creek bridge bylaws up to the property owners for ratification tomorrow, other than to make this year's tax when her crank shaft was broken, leavy as low as possible, and to Capt. Soriano is at the present time fishing on the independent Hays Creek. Is it not, therefore, lay in the Canadian Fish & Cold Storage Co.'s schooner, Zibassa, out and vote for these bylaws?

BRINGING UP FATHER

ALBERT AUGER IS GOING TO WINNIPEG

C.N.R. Engineer in Charge of Construction Leaving After Residing Here For Three Years

Mr. and Mrs. Albert Auger and family and Mrs. J. C. Auger, Mr. Auger's mother, are leaving by tonight's train for Winnipeg where they will take up their residence and where Mr. Auger will make his headquarters for the time being at least.

Mr. Auger has resided here for three years as engineer in charge of construction for the Canadian National Railways, his duties particularly pertaining to the construction of the ocean dock. He will return to the city shortly to supervise the completion of the water supply installation at the dock.

Mr. and Mrs. R. L. McIntosh, in whose residence Mr. and Mrs. Auger have lived for some time, are expected back towards the end of the month to occupy the house for the summer.

ST. ANDREW'S LADIES WHIST TEAMS HONORS MRS. W. L. SANDISON

Members of the St. Andrew's ladies' whist team surprised Mrs. W. L. Sandison, 226 Ninth Avenue East, last night at her home and presented her with a small piece of silverware as a token of appreciation for her services during the past two seasons. Mrs. Sandison was the team's highest scorer in both years. The presentation was made by Mrs. James Simpson, captain of the team. The evening was enjoyably spent in card playing.

BURNS LAKE AND LAKES DISTRICT

Archie McPhail was taken seriously ill with appendicitis on Saturday and was taken to the Smithers hospital for treatment on Sunday morning's train.

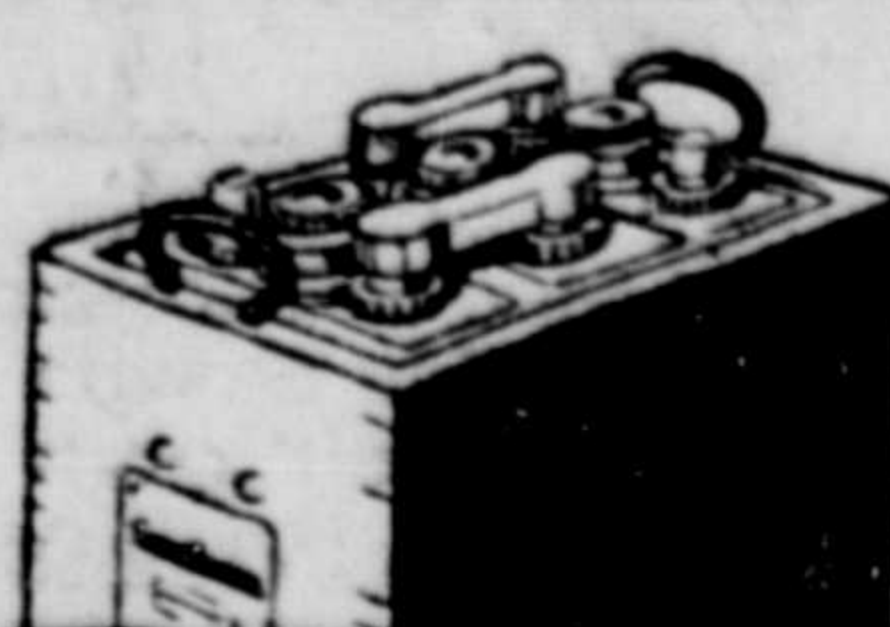

The Women's Auxiliary of St. John's Church (Anglican) made a total of a little over \$60.00 net from the recent concert and dramatic entertainment. They are to be congratulated upon their efforts.

Fred Saul arrived at his northern home at Decker Lake from Victoria on Thursday. His wife and daughter, Miss Sophie Saul, will follow him here in the course of two or three weeks.

Wilmer Lewis, William McKenna, Joe Kerr and Kenney Kerr took pack horses up to McKenzie Lake, two miles north of Burns Lake, and camped out all night on Friday. They fished the streams and caught 124 rainbow trout which constituted a pretty good evening's sport. The boys took a tent and camping outfit with them and were accompanied by W. H. Lewis, who stated that the outing and spot appealed to him just as much as it did to the boys.

On the occasion of the anniversary of their wedding Mr. and Mrs. P. V. Tallon entertained a number of friends to dinner on Friday evening. Numbered among the guests were Mr. and Mrs. H. J. Jewell, V. Schjelderup, and S. Godwin. Full justice was done to the culinary art of the hostess. In this respect she takes second place to none.

Twenty-seven boys and girls are putting in flower and vegetable garden plots at Burns Lake

to compete for the prizes offered by Rev. J. R. MacGrimmon. The work was commenced last Friday with W. W. G. O'Neill supervising the laying out, preparation and planting of the plots.

The Summit Athletic Club will shortly organize a junior football team in Burns Lake.

Rev. J. R. MacGrimmon left Burns Lake on Thursday for Toronto where he will visit for about three weeks.

Miss Wilson and Miss Rosalee Root, of the Francois Lake Hospital staff were the first South-bank residents to take a swim in the lake this season. They say the water is still chilly but not very cold.

Miss Cummins, of Ootsa Lake, trip being the first of the season.

is visiting at Francois Lake at the home of Mrs. F. R. Keefe.

ALICE ARM

The Alice Arm Citizens' Association is considering the question of installing a community water system. President C. P. Reil reported at a meeting last week that such could be put in at a cost of \$375. Falls Creek would be the source.

H. F. Kergin, M.L.A., has written to the Alice Arm Citizens' Association intimating that a bridge will be built across the Kitsault River this year.

Mrs. D. W. Cameron has returned from Seattle and is spending a week here.

Dr. and Mrs. Whalen, of Anyox, will holiday here during the summer having rented the Morris Condon house.

John Stark has returned from Anyox Hospital after having been there for several weeks receiving treatment for his foot which was injured some years ago.

Bishop E. M. Bunoz, of Prince Rupert, and Father Fleck, of Anyox, will visit here at the end of this week to hold services.

Mrs. J. E. Tretheway and Mrs. Everett Tretheway have arrived here to spend the summer with their husbands who are engaged in logging operations.

VANDERHOOF

The Great War Veterans' Association is looking into the possibility of securing a tractor and plow for the district. The matter has been recommended to the Land Settlement Board and Farmers' Institute for consideration and support.

Refrigerator machinery is being installed in the Vanderhoof creamery.

W. H. Dickinson motored to Fort St. James last week, his trip being the first of the season.

SUMMER GAMES SPORTS ANYOX

Community League at Weekly
Meeting Deals Largely
With Recreation
BOOKS FOR LIBRARY

ANYOX, May 9.—The regular weekly meeting of the community league this week dealt largely with matters pertaining to games sports and other forms of recreation, but also it was decided to add new books to the library, a set sum each month being put aside for the purchase of new volumes. Those present at the meeting were President Lewis, Secretary Treasurer Townshend and councillors Dwyer and Simpson.

The Secretary's report told of several minor things attended to, such as new glass for the notice board in front of the Pool room, and stated that the matter of a delegation from the band approaching the council had been held over pending the outcome of a meeting which was to take place on Monday night in the band room.

The business transacted by the Finance Committee was outlined, the following matters being disposed of at the meeting. The printing of baseball and football schedules was authorized. In connection with the recommendation of the Council that vest pocket schedules be printed, the committee thought that somebody might bear the cost of the printing of these for the privilege of advertising on some part of the schedule.

An amount of \$24.30 was passed in connection with certain supplies purchased for the smoker and concert of April 27. The balance of cash held by the League in favor of the Mine Tennis Club was passed for payment to the Mine Club. It amounts to \$31.00.

Groundsman Appointed
In regard to a groundsman, the offer of Mr. Miller was agreeable and the recommendation from the Council that he be employed was endorsed. The building of the two dugouts at the ball grounds by the League as suggested was considered favorably and the work has already been ordered. In connection with the better ventilation of Recreation Hall picture show, it was suggested by Mr. Wing that the Granby Company might donate two ventilators if the League would assume the cost of their installation. The Company has agreed to supply the ventilators, and an estimate of the cost of installation will be ready in a few days. In the matter of the Mine Pool Room, it was agreed that whatever was done there should have the approval of the Mine Club. In connection with the taking of coupons at Recreation and Mine halls, it was decided that it would be best not to make a practice of it.

The matter of financing the Intermediate Baseball League was left with the secretary to

**WHO FIRST FELT
"LIKE
A
FIGHT-
ING
COCK"?**

COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

At All Druggists—

make the best arrangement possible, anticipating that the Elks as one of the teams would represent this order, should assist in some way. An application from Mr. Liddell for the gymnasium for a Friday night dance on a rental or percentage basis was considered and discussed, the final decision being that it would not be advisable to let the gym to anybody for money-making purposes.

J. E. Swanson, cost clerk at the Mine, who handles the receipts of the Mine Pool Room for deposit, was authorized to endorse checks taken there for deposit with the Canadian Bank of Commerce and to the credit of the Community League. This was done at the request of the Manager of the bank.

New Blackboards
Blackboards for football and baseball reports were authorized for Recreation Hall. The payment for baseball and football goods ordered was authorized as well as the further purchase of football nets if necessary.

The matter of the League's books was again discussed, and it was finally decided that the Secretary's time could be more advantageously utilized than in looking after the books and while it will still be necessary for him to make out all vouchers, the entries and distribution could be done by somebody else, as well as the rendering of a monthly trial balance, profit and loss statements, etc. The matter of the summer camp was also discussed and instructions given to ascertain the amount required for this purpose.

Billiard Matches
Mr. Simpson told of the suc-

cessful billiard matches that were taking place between representatives of the Elks and Community League, with the Elks leading in the second round. He also mentioned a meeting of the Smelter Football Club, at which officers were elected for the season of 1923. He asked that new goal nets be purchased for football, that oranges and lemons be supplied the players on the field, and that some arrangement be made for stripping in the Gym if necessary.

Mrs. Dwyer asked about the hours for children on the tennis courts and thought there should be a notice board on which their hours could be posted. The Secretary replied that such a notice board was being painted with the hours of play for everybody set out.

First of July
There was considerable discussion in connection with the program for the first of July. All agreed that the success of a year ago would be repeated and everything possible done to surpass last year's efforts.

ANYOX
The Mine Club, at its semi-annual general meeting recently held, elected the following officers for the ensuing period of sport and social activity: President, T. C. G. Mahon. Vice-President, R. J. Manning. Secretary-Treasurer, A. McMaster. Executive: S. D. Murry, A. McKenzie, W. J. Wyllie and Fred Graham. With these men officiating, there is no question but what the Mine Club will be a factor in all forms of competitive sport from now on.

Mr. and Mrs. Wray McTaggart, residents of Anyox for a considerable time past were recent departures for the south. After a well-earned holiday, they will go to Copper Mountain.

Mrs. A. Berry and family journeyed to Vancouver by the last boat going south. Several months will be spent holidaying before the return to Anyox will be thought of.

From one end of Anyox to the other the boys are busy putting the town in order. From the streets everything that didn't look just right has been removed, and the painters are moving from house to house spreading their fresh colors as they go and making everything look spick and span. All the houses are to be painted this season, and the regular staff of paint brush wielders under E. Morning has been augmented considerably by a number of new men.

Sport Chat

If the big heavyweight battle between Jack Dempsey and Tom Gibbons is really to take place at Shelby, Montana, on July 4, actual preparations for the staging of the fight at the oil town should soon commence. When one remembers all the elaborate proceedings that prefaced the Dempsey-Carpenter encounter at Jersey City two years ago, it may be realized all the work that will be necessary. Not the least will the preparation of a stadium or arena in which to accommodate the thousands of people that will doubtless come from all parts of the American continent and further afield to view the slaughter. Like a big prize fight, has often done in the past to other towns, the forthcoming battle will put Shelby on the map and its fame as an oil Eldorado will be temporarily overshadowed in the advertising it will receive as a championship heavyweight battleground.

Alex. Yule told us a few days ago when he came back from Shelby that there were 50,000 people there and all accommodation for visitors was taxed to the utmost. Now ought to be a good time for the fly tent profiteers to make a killing if that is the case, for the population will probably be doubled for a few days before and after the fight. Some Prince Rupert people, it is said, are planning to take the opportunity of seeing the battle since it is to be staged so close at home.

Soccer football will share honors with baseball this year in Stewart says the Portland Canal News. The one game of last year gave the local athletes the

appetite for going into the favorite English game in earnest. It is hoped to be able to compete with Anyox and Prince Rupert this season. Uniforms ordered and donated by Guy Lawrence have arrived. The Athletic Association at Stewart has been disbanded and its affairs turned over to the Service Club. The funds on hand have been donated to the hospital.

The Vanderhoof Athletic Club has commenced a drive for membership with the objective set at 100. The school board has been asked to provide \$100 for the improvement of the grounds. The Club has made the following appropriations for the season: baseball club, \$255.75; tennis club, \$65.00; football club, \$10. With the assistance of the Board of Trade, the Vanderhoof Tennis Club proposes to build a club house this year.

The eleventh-hour decision by the Callies to drop out of the Senior Football League competition this year will make neces-

FOUR PARTIES JUNE ELECTION

Conservatives to be Only Ones Likely to Criticize Farmer Government

TORONTO, May 8.—(By Canadian Press).—For the sixteenth time since Confederation, the electors of Ontario will during the last week in June select a new Legislature. For the second time women will take part in making that selection. What will the answer be? That is the question which is troubling a lot of members of the fifteenth legislature of Ontario as they leave Queen's Park for their homes at the prorogation.

Leaders of each of the groups proffer absolute confidence of victory, but the careful observers who love to forecast such events are exceedingly doubtful at this distance. They are met by two outstanding difficulties. One is that there are really four parties—Farmers, Labor, Liberals and Conservatives. The other is that there is no outstanding difference of policy among them. The dividing lines are uncertain and indistinct.

When it is all simmered down the Drury Government goes to the country on its record as one good enough to merit a renewal of the people's confidence, while the Conservatives will make the opposite claim—that the U.F.O.-Labor Coalition should be turned out for the way it has handled things since it took over the reins of power. The Liberals will probably not be so critical of the administration but will urge that the party system would give a better management of affairs, and that the Liberal party, since it includes people of all occupations, would be able to present a stronger ministry than a group with which a large portion, particularly the professional classes, are not extensively identified. Labor will probably endorse a straight Labor platform, and those friendly to the present Coalition will claim that the present government has gone farther to meet the wish of Labor than any previous regime.

DEVELOPMENTS THIS DISTRICT

Men Sent Out by Employment Bureau to Work in Mines and Camps

A group of machine miners this morning took a contract from John R. Turner to do some tunnelling at the Duthie mine. They will leave tonight for Smithers and will commence the work immediately. Very soon there will be 125 men employed at the Duthie properties on Hudson Bay Mountain.

In addition to the Duthie properties other prospects are being worked there. Among them is one owned by the Premier Company on which 18 men are employed.

J. M. Campbell, who has charge of the local labor bureau, is sending 15 men to Alice Arm to work for the Abbotsford Logging Co. and six to Surf Inlet for the Prince Rupert Logging Co. Ten went from here to Buckley Bay on Monday. Carpenters are needed at Premier Mine and section men on the railway.

Mr. Campbell says that as soon as the snow goes at Stewart and the summer work there commences, there will be a scarcity of labor.

BIG DAMAGE ACTION TO BE HEARD HERE

Smithers School Teacher Sues Chief Lake Rancher for \$100,000

Application has been made for a change of venue from Prince George to Prince Rupert of an action for \$100,000 damages preferred by J. L. Burt, Smithers school teacher, against E. F. W. Towers, of Chief Lake, for malicious prosecution. The case is the outcome of the renting of a shack at Chief Lake by the defendant to plaintiff. It will likely be heard at the Supreme Court assizes here next month.

Arch Preserver Shoe

Nature plans that the foot rest on heel, ball and arch. Civilization demands that heels and arch be raised. The Arch Preserver Shoe satisfies both nature and civilization.

The Arch Preserver is a shoe that you can use with comfort without any arch supports if you have been to one, because it has a steel arch built through the sole and the bottom leather sole.

LIBERTY SHOES AND OXFORDS
