## GERMANY SEEMS TO BE ABOUT BREAKING UP

### BIOLOGICAL SUBSTATION LIKELY TO BE ESTABLISHED HERE BEFORE LONG

#### Rhineland Breaks Away from Germany And Republic Declared Bavaria Also May Separate

AIX-LA-CHAPPELLE, Oct. 22. — The separatists led by Leo Deckers and Dr. Gulhardt, yesterday proclaimed Rhineland a republic. Not a drop of blood was shed although the separatists took possession of the city hall and various public buildings and contract public services.

The regular police ranged themselves on the side of the republic, which is now making its regime effective throughout virtually the entire zone occupied by France and Belgium.

Joseph Matthes, separatist leader, has set up general headquarters at Dueren. The French and Belgians placed the telephone system at their disposal in order to keep in close touch with their movements throughout Rhineland.

LONDON, Oct. 22. — The Bavarian premier, Dr. Von Knilling, has decided that Bavaria cannot remain united with Germany, according to a Berlin despatch.

MANENCE, Germany, Oct. 22. — Rhineland forces entered the city this morning but met with resistance when they attempted to occupy the city hall. Two separatists were wounded in the exchange of shots.

#### MORE HALIBUT REACHES PORT

Weather Better on Banks—Prices Still High but Declined This Morning

Weather has improved on the halibut banks and the total of arrivals at the Fish Exchange this morning—177,600 pounds—was higher than for several days past. Consequently, the prices, though still comparatively high, have declined from the peak they reached last week. Individual catches, however, were light today. Eight American schooners sold 164,200 pounds and two Canadians, 13,400 pounds.

Arrivals and sales:

#### American

Rolfe 3,200 pounds, at 19.1c and 19c, and Anna J., 20,000 pounds, at 19.3c and 12c, to the Booth Fisheries Canadian Co.

Democrat, 11,000 pounds, at 18.9c and 19c, and America, 22,000 pounds, at 18.8c and 11c, to the Canadian Fish & Gold Storage Co.

Tahoma, 12,000 pounds, at 18.9c and 19c, and Forward, 15,000 pounds, at 19.9c and 12.5c to the Royal Fish Co.

Panama, 31,000 pounds, at 19.3c and 41c, to the Atlin Fisheries.

Seattle, 50,000 pounds, at 18.5c and 19c, to the Pacific Fisheries.

#### Canadian

W.T., 13,000 pounds, at 17.3c and 11c, and Rennell, 400 pounds at 17c and 11c to the Canadian Fish & Gold Storage Co.

#### COLUMBIA TO RACE CANADIAN SCHOONER HALIFAX NEXT WEEK

Henry Ford Gives Up Race Allowing Other Boat to Win by Default

GLOUCESTER, Mass., Oct. 22. — The schooner Henry Ford, last year's challenger, quit the race after the third mark and left the new schooner Columbia winner by default of the elimination race to decide which will meet the Canadian boat off Halifax next week for the fishing boat speed championship of the North Atlantic.

#### MAYFLOWER BREAKS SHAFT ON HALIBUT BANKS AND RETURNS

The Canadian halibut schooner Mayflower, Capt. R. Thompson, returned from the fishing banks Saturday afternoon in tow of the schooner Rennell. The former craft was forced to come in on account of a broken shaft and is in the dry dock undergoing repairs. Between the two of them, the Rennell and Mayflower had 400 pounds of fish.

**A SUGGESTION FOR ARMISTICE DAY BY THE ARCHBISHOP**

As Armistice Day will be Sunday, November 11, and it is customary throughout the British Empire to observe the two minutes silence exactly at 11 o'clock the Archbishop of Canterbury suggests that services in church on that day should begin at 10.45 a.m.

I pass this suggestion on to those congregations which usually meet at 11 a.m.

F. H. DUVERNET,  
Archbishop of Caledonia.

#### FISHERIES OFFICIALS IN CITY IN COURSE OF COAST INSPECTION TOUR

W. A. Found, assistant deputy minister of fisheries, Ottawa, and Major J. A. Motherwell, chief inspector of fisheries, Vancouver, are in the city in the course of a general inspection tour of Canadian Pacific coast fisheries. They arrived on the fisheries patrol steamer Givenchy Saturday evening after having spent a week on the voyage up the coast, visiting most of the points where fishing is carried on. Tonight they will sail for the Naas River and on the return south will visit Gardner Canal and Knight Inlet, two points they missed coming up. This morning they visited the marine station at Digby Island and this afternoon will inspect the two cruisers being built at the dry dock for the department.

It is Mr. Found's regular triennial inspection tour of the coast.

#### PETITIONS FAVOR ESKIMO'S MURDERER

Claim Made That the Dwellers in Far North Do Not Understand White Man's Law

TORONTO, Oct. 22. — At least seven petitions demanding stay of execution of two Eskimos recently convicted of murder in the Arctic are being circulated here for signatures. The general argument is that the Eskimos do not understand white man's laws and that at least one of the prisoners is only sixteen years of age. It is suggested that definite action be postponed until at least next spring when communication in the Arctic reopens.

#### PRINCE IS GIVEN OVATION ON RETURN

Is Officially Announced He Will Visit South Africa Next Spring

LONDON, Oct. 22. — A considerable crowd assembled outside York House on Saturday and gave the Prince of Wales an ovation on his return from Canada. It is officially announced that the Prince of Wales will visit South Africa next spring completing the tour of the Dominions.

Hungary's foremost statesman, Count Albert Apponyi and his daughter, Countess Marika, arrived on this continent recently. He is to deliver a series of lectures on European affairs.

#### Biological Station to be Established here is to Aid Fishing Industry

Being the most important deep sea fishing port on the Pacific coast of Canada, Prince Rupert or the immediate vicinity of the city will undoubtedly be the site of a new sub-station now being planned by the Biological Board of the Department of Fisheries stated W. A. Found, assistant deputy minister of fisheries, in an interview this morning with the Daily News. Not only will research work in connection with the fisheries be conducted at the station but lectures and motion pictures will be given and general educational facilities will be made available for the officers of the fisheries department and the fishermen in order to serve the industry from all standpoints. Power and water supply will be necessary for such a station and the site will have to be selected accordingly. The Biological Board is about to make an investigation into the character of a building to be erected and its surroundings.

#### SWIFT PLANT IS DESTROYED

Fire Does Big Damage at Sapperton: Cattle are Rescued by Cowboys

VANCOUVER, Oct. 22. — Damage estimated at a quarter of a million dollars was caused by a spectacular fire which destroyed the main buildings of the Swift Canadian Packing plant at Sapperton today. The main plant, killing beds, refinery, and lard and tallow storage buildings were consumed.

There were spectacular scenes when the large boiling vats of lard fell from the third floor to the hide room where a large stock of sheep hides were destroyed. Two hundred head of cattle were rescued by two cowboys in a sensational manner.

#### MANY SOCKEYE EGGS BABINE HATCHERY

OTTAWA, Oct. 22. — The department of marine and fisheries reports collecting nearly 8,500,000 sockeye salmon eggs from Babine Lake hatchery on the upper Skeena River. The collection exceeds those of previous years and in addition to fish that were stripped for hatchery purposes, a sufficient number ascended the creeks after the fences were removed to abundantly seed the natural spawning grounds.

#### Total Fish Pack for Season is Approximately Million and Quarter Cases says Inspector

The salmon pack in District No. 2 has been very satisfactory this season and there is no indication of the depletion of the fisheries particularly as far as sockeye is concerned, states Major J. A. Motherwell, chief inspector of fisheries, who is in the city today in the course of an inspection tour of the coast with W. A. Found, assistant deputy minister of fisheries.

The total pack for the coast this season will be in the neighborhood of 1,250,000 cases, practically the same total as last year. Sockeye fishing has been good on the Skeena River and at Rivers Inlet and Smith's Inlet. The Fraser River pack has been very small and the Naas River has also been disappointing. Irregular sockeye packs on the Naas River of late years are difficult to account for, stated Major Motherwell. This year the total pack of sockeye for the Naas was set at 16,544 cases as compared with a big pack of 30,000 cases last year.

Practically all the canneries on the coast are now closed and Major Motherwell gave the following estimated figures of the pack for the year up to September 30:

District No. 1	
Sockeye	27,536 cases
Springs	7,793
Bluebacks	160
Steelheads	10
Cohoos	10,191
Pinks	63,219
Chums	5,153

Steelheads	1,079
Cohoos	94,816
Pinks	418,316
Chums	180,000
Total cases	1,035,929

The total pack on the coast in 1922 was 1,270,326 cases, and in 1919, 1,393,156 cases.

L. W. Patmore returned to the city by last night's train after spending the past fortnight in New Hazelton on a combined business and pleasure trip.

#### GASBOAT WAKE IS NOT BACK

Powerboat Joy Bird Despatched South to Search for Missing Big Bay Boat

Power boat Joy Bird, Capt. J. Thomas, is leaving port this afternoon to search for the Big Bay Lumber Co.'s gasboat Wake which has been unheard of for the past fortnight. The assumption is that the Wake has been disabled and that she was forced to take shelter at some point. The Joy Bird will render assistance. The Wake left here two weeks ago tomorrow for Casey, one of the company's logging camps in Principe Channel about 100 miles south of here. She had on board Chris Dixon, logging superintendent of the company, and George Gibson, of the mill staff. The Wigwam, Capt. Ketchum, went south to search for the missing vessel but was unsuccessful in the quest.

#### EMPIRE STATUS IS DISCUSSED

Imperial Conference Deals With Knotty Problems of United Action

LONDON, Oct. 22. — The perplexing question of the Empire's foreign policy it is understood will be discussed by the Imperial Conference in three phases. First will come the question of what extent a single policy on all foreign questions is possible and with that will be allied the further question as to how far should the responsibility of the Dominions extend with regard to policies in which they are not directly interested. If the conference decides that united foreign policy is desirable or possible then will come discussion as to the machinery to be adopted. The third phase will be the signing of international treaties.

#### MAN BELIEVED TO HAVE BEEN DROWNED

George Turnbull, Fireman on Steamer Prince John, Missed Sunday Morning

George Turnbull, fireman on the steamer Prince John, is believed to have been drowned off that vessel early Sunday morning shortly after the steamer left this port bound for the Queen Charlotte Islands. According to wireless messages received here, Turnbull was missed off the steamer between Petrel Rock and Lucy Island. Constables J. A. Collins of Massett, who was on board of the vessel, took charge of the case. The body was not found.

#### MISS LILIAN KING MARRIED AT TORONTO

Becomes Bride of Benjamin Bruce Redditt at Wycliffe Chapel

Cards have been sent out by Mr. and Mrs. William King of Terrace announcing the marriage of their daughter, Miss Lilian Eugenie King, to Benjamin Bruce Redditt. The ceremony took place at Wycliffe Chapel, Toronto, on October 19, and Mr. and Mrs. Redditt will make their home at 74 Indian Road, Toronto. Miss King is well known here and at Terrace. She taught in the city schools and since going east she has spent her holidays in Terrace with her parents, also occasionally visiting Prince Rupert.

### New Markets And New Industries.

What we need now is new markets for our product and new industries. That is what it seems we are likely to get. In a country like this there is plenty of room for fishing industries of various kinds in addition to the packing houses where shipments of fresh fish are made to the eastern market.

On some public occasion Manager T. H. Johnson of the Gold Storage plant prophesied that a day would come when there would be many fish curing establishments here, when in particular the cod and the herring would be utilized, and when the city would be known even more than she is today as a fisheries centre.

It would seem from an article published in this paper Saturday that France is looking to this port to supply her with fish. Trial shipments are to be made and if these are successful, others will follow. It may be that in the future we shall not be dependent on the United States for a market and then we shall not need to worry over such things as protective duties.

### Day Of Glutted Market Is Past.

The day of the low halibut prices as a result of a glutted market is past. This is due very largely to the excellent railway service which makes it possible to keep the fish travelling to the centres of population with as little delay as possible. Even greater speed may yet be attained when arrangements are made for fast silk trains over the line. Even though the shipments of halibut this year have been greater than ever, the price has seldom gone low. Buyers have taken advantage of cold storage facilities and the demand has been steady.

### Disappointed Over International Race.

Many people were disappointed over the result of the international race on Saturday. Papyrus does not seem to have come anywhere near winning. The general opinion seemed to be that the change of climate and the trip across the ocean would upset the visiting racer.

Much interest was taken in the big race here as well as elsewhere. While the wish was general that the British horse should win, the Britishers are good losers and are willing to congratulate their opponent on his success.

### Mackenzie King Is Making Self Name.

Premier Mackenzie King is making a name for himself in England. He is being feted and dined and is every day in company with the biggest men in the Empire. The result of the association should be beneficial. While there may be no very clear and definite policy evolved at the conference, the exchange of views and the rubbing shoulders with other great men should have a good effect on all those who attend.

### Does Not Like Coast Range Steel.

The British Columbia division of the Canadian Institute of Mining and Metallurgy has condemned the scheme to bonus the Coast Range Steel Co., claiming that it could not be a financial success and that the taxpayers would have to bear the burden. They also objected to the plan of the company to get iron ore from Mexico and coke from the state of Washington. This it was stated would be of no value to British Columbia.

## ALASKAN PAPER AND THIS PORT

Ketchikan Chronicle Wants to Know Why all This "God Save the King"

### ALASKA FOR ALASKANS

Takes Exception to Interview With Attorney General in Vancouver

Under the heading "Down with Alaska," the Ketchikan Chronicle has the following editorial articles in a recent number:

Very interesting indeed was the dispatch on October 10 that John Rustgard, attorney general of Alaska, is on his way back to Washington where with the assistance of Delegate Dan Sutherland he will fight for the repeal of the "Alaska clause" of the Jones shipping bill and to "have Prince Rupert made the principal port" for Alaska. Not only is the message interesting, but its source, Vancouver, British Columbia, is intriguing, even significant.

No dispatches emanated from Juneau or appeared in the Juneau papers upon the departure of the attorney general that he was going back to Washington to try to put Prince Rupert on the map. And certainly no great publicity was given it when he was passing through Ketchikan. But in Vancouver, British Columbia, where his heroic work for Canada will be most appreciated, the news is given out and sent forth with great enthusiasm.

### Canadian Lobby

Last year, the Canadian lobby, with the aid of Delegate Sutherland and Attorney General Rustgard, killed the Poindexter amendment to the tariff measure, whereby Canada was able to retain the lion's share of the benefit of the fisheries of the North Pacific Ocean, to the detriment of every town in Southeastern Alaska.

But that was not enough. They now must go back to assist in making Prince Rupert a shipping point and at the time when Canada was preparing to howl to the inevitable. Proof of the statement that Canada was preparing to meet the terms of Jones' shipping bill for the benefit of American shipping was shown in the Prince Rupert Daily News under date of October 4. In an interview with F. G. Dawson who had just returned to Prince Rupert after a meeting of the Board of Directors of the Canadian National Railways, it was said:

### American Owned Boat

"Negotiations are under way with a fair prospect of being carried through with a view of putting on an American owned boat for local passenger service between Prince Rupert and Alaskan ports. A Canadian owned boat is not allowed to operate under American shipping laws." This is a certainty. That Senator Jones when he inserted the Alaska clause did so for the benefit of the Territory of Alaska and for American shipping.

Fortunately for Alaska, the territory has a governor who is not falling for the aims of the attorney general and the delegate. When he passed through Vancouver on his way to Washington he gave little aid or comfort to the Canadians on the question of the repeal of Jones shipping act. The Prince Rupert Daily News of October 1st gave the following version of the visit in Vancouver of the governor:

# You'll Like its Creamy Flavor!

### FOR yourself and your family, try Carnation today!

Forget all your former ideas of "tinned milk." Note Carnation's taste—the creamy flavor of milk purity imparted by the high quality of the fresh milk used and by our scientific sterilizing (heating) process.

Realize this: Carnation is 100 per cent cows' milk—clean—sweet—pure. Nothing is added to it, not even sugar; nothing is removed except part of its natural water, which is evaporated to reduce the bulk and give you doubly-rich milk in convenient-sized containers. This doubles the proportion of cream. All health-giving food elements remain intact.

Therefore, Carnation is perfect for creaming coffee, cereals, fruits, vegetables, etc., and for all other milk and cream uses.

You will be satisfied with Carnation. Ask your grocer to deliver a supply today. Use it and convince yourself that it is the only milk supply needed for your home.

### Recipes

By Mary Blake

**Muffins**  
1/4 teaspoon salt, 1 tablespoon sugar, 1 1/2 cups flour, 4 teaspoons baking powder, 1 egg, 1/2 cup water, 1/4 cup Carnation Milk, 2 teaspoons melted butter or substitute.

Mix and sift dry ingredients. Add milk to well beaten egg, and add to dry ingredients, then add the melted fat. Bake in oiled muffin tins from fifteen to twenty-five minutes. This recipe makes ten muffins.

**Cream of Tomato Soup**  
2 teaspoons sugar, 1/4 teaspoon soda, 1 slice onion, 1 1/2 cups water, 4 tablespoons butter, 1 cup Carnation Milk, 1/2 can tomato (12 cups), 2 cloves, 1 teaspoon salt, 1 cup water, 4 tablespoons flour, 1/4 teaspoon pepper, 6 pepper corns, bit of bay leaf.

Cook tomatoes slowly for twenty minutes, 1 1/2 cups of water, seasonings and sugar. Strain; add salt and soda. Melt butter; add flour stirring constantly. Add Carnation Milk diluted with one cup of water. Cook until thickened, stirring occasionally. Combine with the strained tomatoes, adding the tomatoes to the milk. Serve at once. This recipe serves six people.

**Creamed Carrots and Peas**  
1/4 teaspoon salt, 2 tablespoons butter, 1/2 cup Carnation Milk, 4 medium sized carrots, 2 tablespoons flour, 1/4 teaspoon pepper, 1 small can peas, 1 cup carrot stock.

Wash and scrape carrots; cut in thin strips. Cook until tender in boiling water to which 1 teaspoon salt has been added. Drain, saving 1 cup of the water in which the carrots have been cooked for the cream white sauce. 1 small can of peas, drained thoroughly, rinsed in cold water, then scalded quickly in boiling water and drained.

Melt butter, add flour, stirring constantly until thoroughly blended; add the liquid and seasonings. Let boil until thickened, stirring occasionally. Add cooked carrots and peas. This recipe serves six people.

live the result will be that Southeastern Alaska cities will ultimately get terminal freights, and that goods can be landed in Southeastern Alaska towns from the east quite as cheaply as they can be landed at Seattle or Vancouver. And they will be. Further, the Alaskan towns will then be the distributing points for all the outlying sections and for the mining, fishing and timber industries back of each of them; not Prince Rupert as the delegate, the Attorney General, the Canadian railway interests, and the people of Canada want.

Fortunately for Alaska, the territory has a governor who is not falling for the aims of the attorney general and the delegate. When he passed through Vancouver on his way to Washington he gave little aid or comfort to the Canadians on the question of the repeal of Jones shipping act. The Prince Rupert Daily News of October 1st gave the following version of the visit in Vancouver of the governor:

### Alaska's Need

"Although transportation is probably Alaska's most pressing need, Governor Scott C. Bone, of the northern territory, does not believe there will be any amendments to existing United States coastwise regulations to allow of Prince Rupert taking Seattle's place as the shipping point for the territory. This opinion was expressed by Governor Bone last week in Vancouver, which city he visited while on his way to Washington where he will spend next month."

Why all this "God Save the King" business and "Down with Alaska" on the part of the delegate and the attorney general? It is a quandary. A better slogan is "Alaska for Alaskans, and Alaskans for Alaska, and all for America."

FINE SMOKER ON SATURDAY

Splendid Time at Regimental Headquarters Enjoyed by Men
TROPHIES PRESENTED
Event was to Celebrate Famous Regina Trench When 162nd Went Over

A regimental smoker was held Saturday night at the regimental headquarters, Major John Nicholls presiding, and the guests of honor being Captain Gland of the Patriotic and Capt. Pressy of the mine sweeper Thiepval and their officers, non-commissioned officers and crew, as well as Mayor Newton and a number of prominent citizens who had been especially invited for the occasion.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

RECORDS
Records will be granted covering only lands suitable for agricultural purposes, and which are not Crown land, i.e. carrying over 4,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

PURCHASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes...

HOME SITE LEASES
Unsurveyed areas, not exceeding 20 acres, may be leased as home sites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES
For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners...

Prize Winners

In presenting the prizes for shooting Fred Stock complimented the regiment on the progress they were making. The prize list and scores showed the excellence of the work done. He was glad to be there to say a few words of encouragement. He welcomed the officers and men of the Patriotic and the Thiepval. He had suggested to the minister that the vessels should come here and had been promised that they would make more frequent visits.

Regimental cup for 1923 for the highest average of the best eight scores and gold medal won by R.S. W. S. Brown with an average of 86.5 points; the second in this contest was Pte. W. Brass with 81.6 and Lieut. A. M. Davies third with 81.4.

Trophies won at the regimental shoot on Sept. 30. Gold medal, Pte. A. Wylie; silver medal, Pte. A. N. Smith; bronze medal, Capt. R.W. Cameron and turkey, Lieut. A. M. Davies.

For second class shots prizes presented by Bulger & Cameron, Silver medal, Pte. R. Wilson; bronze medal, C.Q.M.S. R. E. Hudson.

Green Cup for best score of the three ranges, A. M. Davies, 3; W. Brass, 3; A. M. Davies, 2; M. M. Lamb, 2; A. Wylie, 2; R. W. Cameron, 1; W. J. Greer, 1; Don Corker 1; R. E. Hudson, 1.

Major Nicholls
In his address Major Nicholls, the commanding officer, welcomed the ex-members of the 162nd battalion. He explained that the event was to celebrate the famous occasion when they first went over the top at Regina Trench on the Somme.

Mr. Nicholls welcomed the officers and men of the Patriotic and Thiepval. They were humble before the members of the senior service but their humility did not detract from the heartiness of their welcome.

You Can Get Strong and Well Just as I Did by Using Dr. CHASE'S NERVE FOOD

there was an exhibition of drilling by Sub.-Lt. Denis. The Regimental band played selections at intervals and the whole proved a most enjoyable event.

In speaking to the members of the First Northern B.C. Regiment the commanding officer said the regiment was formed to perpetuate the 162nd and they must consider it their solemn and sacred duty to be worthy of the name.

BADMINTON CLUB TO OPEN THIS WEEK AT MCINTYRE HALL H.Q.

Permanent Officers Chosen and Committee Appointed to Have Charge of Hall

The newly formed Badminton Club has now 25 members, it was reported at the meeting held in the Daily News building Saturday night. The meeting was well attended and steps were taken to proceed with preparations to open the playing season this week.

The officers, so far as are President, H. F. Pullen; Secretary, Alex. Rix; Treasurer, Norman Bartlett; Hall Committee, Don Gorker, Alex. Rix, R. Garrett, W. Hamilton, N. Bartlett, J. Elford and W. Watts.

The McIntyre Hall has been secured and as soon as the courts are marked and the lighting and other arrangements complete it will be open for the use of the members at any time.

It is expected that within a very short time the club will have all the members it wants and the first will then be closed. It is probable that the first games may be played on Saturday.

Sport Chat

The United Kingdom will next year entertain another rugby football team from New Zealand. Twenty nine players will travel from the Dominion under the Southern Cross and the team will play in all twenty-five matches against teams of the British Isles.

Tours of the United Kingdom by teams representing the Dominions began in 1901-02 when a Canadian fifteen made the trip and met with some measure of success. Canada thus initiated a form of Empire sport which has been imitated by New Zealand, South Africa and Australia.

The New Zealanders followed the Canadians in the season of 1905, their tour meeting with unprecedented success. In all their games, the "All Blacks" were beaten only once, by Wales.

During the 1906 football year, the Antipodeans were followed by a South African fifteen, the "Springboks," and they duplicated the efforts of the "All Blacks." A remarkable commentary on Imperial relationship was found in that time in the fact that the "Springbok" team contained several players who, only five years before, had been in arms against the British during the Boer war while one of their most brilliant

FORMER ALDERMAN OF PRINCE RUPERT IN THE LIMELIGHT

W. B. Clayton is Discussed at Edmonton in Relation to Liquor Question

Dr. W. B. Clayton, formerly Alderman here and who practiced here for a number of years as a dentist has been getting into the limelight at Edmonton. Apparently he has written a letter to the Edmonton Journal advocating the B.C. system of dealing with the liquor traffic which has been answered by a lady. The answer is as follows:

The Letter Editor The Journal Sir—Please let me confirm the statement in my letter some time ago entitled "Ashamed of Old Home," the truth of which was challenged by two men, G. N. Mowat of Vancouver, and W. B. Clayton of Penticton. Since writing that letter, I have been studying reliable literature and the B.C. government reports on the sale of liquor and I find that conditions under government control are far worse than I described in my first letter. Our friend, Mr. Mowat would have us believe that government control of liquor is a success in B.C. He says: "I have seen more drunken men in Edmonton in a single afternoon or evening that I have in the whole of B.C. in six months."

Now, Mr. Mowat, I challenge this statement. The following is the government report of the cash sales of liquor from the government stores in Vancouver city, your own home, for fifteen and a half months ending September 30, 1922, \$4,139,922.15, or about \$300,000 per month; and Penticton, the home of W. B. Clayton, the sales were \$171,591.76 for about fifteen months. Picture the homes destroyed and the hungry children. Nor does this amount cover the amount spent on bootleg whiskey. In a year and a half the commissioner of customs for B.C. reports the number of stills or parts of stills seized in B.C. to be 45. B.C. is called by some of their own newspapers "the bootleggers paradise."

Mr. Mowat, if people do not get drunk on these great quantities of booze, what do they do with it?

After Clayton W. B. Clayton, you say you don't know of any boys of fifteen or any other age that return home to their mothers at night drunk. Such a statement is too absurd for any intelligent Albertan to believe.

As regards to the four men drinking openly on the train, my friend says they got on the train at a B.C. town and the conductor did ask the men to remove the whiskey to the smoker but they made no attempt to obey. It was not only my friend who saw them with their bottles of booze and glasses, drinking and treating, but the car full of people.

Mr. Clayton, you confess that you are not a teetotaler. I have known of people who drank and were ashamed of it, but for you to be so proud of it that you publish it in the paper, makes us quite believe the reports we hear from B.C. So you are curious to know the name of the town in B.C. to which I referred in my last letter. My friend says she does not wish to disclose the name of the place, for she respects the feeling of the parents of the boys and girls who drink.

The Same Place However in this same place the government reports shows that in fourteen months, ending Sept. 30, 1922, the amount of cash sales for liquor in the government stores amounted to about one hundred dollars per head, children included. Still you think no boys of any age come home drunk according to your letter.

The one and only reason I am writing to let the people of Alberta know the dangers of government control of liquor, so that when they vote on November 5, 1923, every voter who respects home, children or loved ones will vote for clause "A" only.

MRS. O. T. SMILEY.

DANCE HALL SCENE IN THE SIREN CALL

Picture Shown Tonight at Westholme Shows Gore's Casino, Alaska, With Dorothy Dalton

Those who believe that the dance hall-gambling resorts of Alaska and the far north are all of rough hewn construction, entirely lacking in the gorgeous and elaborate, will be surprised when the truth is revealed in a mammoth casino setting built for "The Siren Call," featuring Dorothy Dalton, and showing here tonight.

"Gore's Casino," as the place is known in the story, is a large interior, which occupied one-half of the largest enclosed studio stage at the Paramount studio. Adjoining the main casino is a hotel lobby setting. At the rear center of the casino is a stage, where the dancers and entertainers perform. At the left of the stage is a colossal stov fireplace, as wide as the side of an ordinary room. Next to the fireplace is the bar.

On either side of the large hall are boxes, in the nature of private compartments, where the dancing girls and the fur-clothed habitués of the place wine and dine and revel. Bizarre decorative gilded filigree works add glamour to the general interior. It is in this casino that some of the most colorful scenes of "The Siren Call" are enacted. Miss Dalton plays the role of Charlotte Woods, a dance hall girl, a type of role similar to the one she played in "The Flame of the Yukon," the memorable picture by virtue of which she became a screen favorite almost overnight. David Powell and Mitchell Lewis have the principal male roles.

story is laid in the underworld and there are many "different" types. By a process of careful elimination, however, the list of prospects was thinned out until every role had been filled with the right type. Finally, the extras were hand picked from San Francisco's water front, making "A Man of Action" a picture of accuracy to the smallest detail. In fact, on viewing it, the paramount impression is that the story must have been written around the chosen players, rather than the players fitted to their roles.

Douglas MacLean, as Bruce McAllister, a silk-stocking youth of the idle rich who becomes a "roaring lion" in twenty-four hours of riotous adventures, grasps the opportunity to do some of the most impressive character drawing of his screen career. From the brilliancy of the drawing room to the drabness of the underworld, his Bruce McAllister is a living being, although his transformation from an heir to millions into a crook in disguise, is so complete that it baffles even his sweetheart.

RUSTLE OF SILK IS STORY OF LOVE OF THE RIGHT KIND

Man Faces Duty When Sent by Girl to Face It

A happy motion picture story ending that doesn't include a marriage or an embrace!

That is one of the unique distinctions claimed for "The Rustle of Silk," featuring Betty Compson and Conway Tearle, which will be the feature of the bill at the Westholme Theatre at the week end.

The story, adapted from Cosmo Hamilton's novel by Sada Cowan and Ouida Bergere, centres about a humble English girl who falls in love with a great British statesman who is already married. The girl, serving the statesman's wife, adores the husband from afar.

By accident the man learns of the girl's love. Unhappy with his wife and disheartened by the course of political events, he offers to get a divorce and marry the girl.

But a crisis in the affairs of state requires all his attention. If he resigns, chaos threatens to engulf the government. The girl, because she loves him, sacrifices her love and sends him back to fight his cause against overwhelming odds. Her compensation is found in the fact that the man who loves her jaces his duty because he loves her. He wins his fight, but for the time being, at least, he fails to win the girl who spurred him on to victory.

Unlike so many screen plays of the day, "The Rustle of Silk" does not introduce an episode five or ten years later showing the principals happily married. It ends as real life stories so often end—in happiness achieved through sacrifice, but with promise of happiness to both in the future.

W. H. L. Norris of the provincial government office at Smithers passed through the city Saturday afternoon returning to the interior after spending a holiday in Vancouver and Victoria.

It is not always the high cost of living which makes your purse so thin; it is just as likely to be the hard work of thinking.

You know people who seem to get better things than you do without spending any more money. The reason for this is no secret. Wise shoppers do not neglect good opportunities.

To-day is someone's opportunity to stock up with clothing, food and luxuries, for the autumn sales are beginning. The stores are clearing their shelves to make room for new stock.

Watch for the announcements of these autumn sales and of the goods that must be moved not because they lack quality but that the stores' turnover requires that they give way to the requirements for the succeeding season.

You can effect many a saving to-day that will allow you many a luxury the day after to-morrow by watching the advertisements in the daily newspapers during this season of special merchandise offers.

The habit of reading the advertising columns of your home paper is never more valuable than during this season between autumn and winter.

## ALASKA IS POINTING FINGER AT PROVINCE

Says Business in Pulp Which is Hers Goes to British Columbia

The use of spruce logs from the Canadian Queen Charlotte Islands for making pulp and paper in an American Puget Sound pulp and paper mill is a matter that ought to receive attention from those who are making contracts for the sale of pulp timber in Alaska, says the Juneau Empire. The company that is purchasing these logs owns a mill on Puget Sound, and last year, wishing to double its output of paper, sought a satisfactory contract from the government for the purchase of pulp timber in Alaska, intending, if successful, to build the 100-ton mill, required to double its producing capacity, up here. It was not satisfied with a contract that provided for the readjustment of the selling price of timber every five years without the purchaser having a right to be a party to the readjustment. Instead of building a paper mill in Alaska it doubled the size of its Puget Sound mill. Now it is purchasing logs in British Columbia and towing them 400 or 500 miles to its Puget Sound mill.

This would seem to be a concrete case where Canada has profited and Alaska has suffered because the contract offered by the American government to the sale of pulp timber does not provide one price for timber for the entire period of the timberland lease.

## TAX REDUCTION IS PLANNED IN STATES

May Lower Surtaxes But Not Likely Income Tax will be Changed

WASHINGTON, Oct. 22.—Consideration is being given by the Coolidge administration to the question of tax revision at the coming session of Congress. The latest plan to be discussed is a lowering of the income taxes all along the line. This would in-

## Camps like the Extra Cream

Up the Fraser Valley, in the centre of a dairying district, is a shop which sells tremendous quantities of Pacific Milk. It seems that several prospect and small logging camps are working in the hills behind this town. Its proprietor says he sells about ten cases of Pacific Milk to one of all the others combined.

Secretary Mellon has recently been told by some of the leaders in Congress that it is useless for him to try to get surtaxes on big incomes lowered, because neither House nor Senate will stand for the proposition. In view of this situation, there are some advocates of reduced surtaxes who take the view that the politic way to succeed is to lower taxes all along the line.

The tax question, in view of the outcry against high taxes, promises to be acute when Congress meets. It is improbable, however, that any plan to lower the surtaxes on great incomes will be approved by Congress. It may reduce taxes on the small taxpayers and keep those on the wealthy at the same figure they are now.

Moreover, there will be a strong movement to revive the excess profits tax and to impose a heavy and graduated inheritance tax.

## MUCH COMMENT ON CANADIAN FINANCES

New York Paper Speaks of Vigor of Canada and Says This is a Rich Country

NEW YORK, Oct. 22.—The fact that the Canadian people subscribed almost the entire \$200,000,000 of the recent government loan so impresses the Sun and Globe that it devotes an editorial to admiration of the "vigor" of Canada.

After noting that Canadian investors look more bonds than the government needed to sell, the paper says that the country did not seem to need even the small amount of outside subscriptions that were received.

Canadians have a rich country, it says, adding: "They have a banking and monetary system which the professors of economics used to hold up as an example in our days of annual stringencies and decennial panics. The combination of stimulating opportunity in the land with shrewd solidarity in the people gives Canada its power to overcome strain and to go on growing while a great part of the world can do no more than gasp for breath. The outcome of the loan offering suggests Canadian credit and industry will rapidly become self-sufficient."

## NAVAL MEN ATTENDED SERVICE ANGLICAN CHURCH YESTERDAY

Headed by the band of the North B.C. Regiment, some fifty officers and men of H.M.C.S. destroyer Patricia and mine sweeper Thiepval paraded to morning service at St. Andrew's Anglican Church yesterday where Archdeacon G. A. Rix delivered a sermon appropriate for the occasion. Reference was made to the fact that the day was the anniversary not only of the Battle of Regina Trench but also the Battle of Trafalgar. The National Anthem was sung and "The Last Post" was sounded by Bugler W. Rance.

Morris Corkill arrived in the city from Ocean Falls on the Cardena yesterday afternoon.

Last Wednesday evening was the opening of the Court Whist tournament, which is being staged by the Social Club. There was an exceptionally large attendance and the ladies' prize was won by Mrs. Chandler, the gentlemen's going to E. Langis. Among those present were Mr. and Mrs. R. H. McAdam, Mr. and Mrs. Bert MacKay, Mr. and Mrs. T. Lockhart, Mr. and Mrs. Chandler, Mr. and Mrs. Walter G. Henning, Dr. and Mrs. Street, Mrs. Street, Miss Smith, Mrs. Powers; Messrs. L. Hennessey, E. Langis, Dan Stewart, H. Harrison, Avon, D. S. Cameron, Kirchner, H. Whalen, Jack Arkley, T. Macquigan, Gus Larson and others.

## WHO IS SHE?

Widespread interest and comment is being caused throughout Canada by the amazing life story of "The Wonderful Heroine" in the Family Herald and Weekly Star of Montreal. The heroine of the story is a remarkably beautiful young woman of romantic and tragic history, whose picture in colors is being given free to subscribers of the Family Herald and Weekly Star. When one considers that the subscription price of this big 72 page family and farm journal is only \$2.00 per year, one is amazed by the value received, but with a magnificent picture thrown in, the value is indeed superlative.
