RAMSAY MACDONALD LIKELY NEXT PREMIER

MANSON OBJECTS TO METHOD OF CONDUCTING MOUNTED POLICE PROBE

British Farmers Rejected the Subsidy Proposals: Baldwin has Confidence of Own Constituents

LONDON, Dec. 8.—The rural returns gave the Tories a hard blow, the farming element veering over to the Liberals to a considerable extent. What was felt to be one of the most striking answers to the subsidy proposal came in the defeat of its sponsor, Sir Robert Sanders, the minister of agriculture at Bridgewater by the Liberal candidate, W. E. Morse, by a majority of 10,413.

By half past five the Laborites were definitely assured of being returned as His Majesty's opposition in the House of Commons as the Liberals could not overtake them even if they won all the remaining seats. The greatest number of seats the Laborites ever had before was 144.

LAST NIGHT'S ELECTION NEWS

Returns at Six O'clock Showed Baldwin Impotent Before Combined Opposition

LONDON, Dec. 8. — Returns from the constituencies up to six o'clock last evening gave the following returns:

Conservatives	258
Labor	185
Liberals	148
Other parties	10
Still to come	44

The Conservative majority over all the other parties in the House of Commons was definitely wiped out at the general election. With 586 seats out of a total of 615 accounted for at six p.m. last night the following could be finally stated:

LABOR LEADER IS DEFEATED

Arthur Henderson Goes Down Before Liberal; Seven Women Elected

(Special to Daily News)
LONDON, Dec. 8.—Right Hon. Arthur Henderson, Labor leader, whose majority at the previous election was 14,443, was defeated by a Liberal.

Seven women have now been returned, two Conservatives, two Liberals and three Labor. They are Lady Astor, Duchess of Athol, Mrs. Wintringham, Lady Ervington, Margaret Bonfield, Mrs. Phillipson, Susan Lawrence. In Warwick constituency the Countess of Warwick was at the bottom of the polls.

A HOCKEY PLAYER IS SUFFERING FROM BLOOD POISONING AT SEATTLE

Calgary Boy, Foley Martin, Got Slight Scratch on Foot Which May Prove Fatal

SEATTLE, Dec. 8.—Foley Martin, a young hockey player with the Calgary team which defeated Seattle here Wednesday night is in a grave condition at the Seattle General Hospital, suffering from blood poisoning resulting from a slight scratch on his foot. It had gained such headway before it was diagnosed that the doctors attending him are fearful of the result.

The situation is now one of the most complex that has ever occurred in British politics. It is generally believed that Premier Baldwin will continue to conduct the government until he meets with defeat in the House of Commons. Since it will be impossible for him to put through the protection measures which formed the only purpose of his campaign, he probably will invite defeat as the most graceful way out of his position by proposing any motion in the House which the Laborites and Liberals oppose. The government will thus be overthrown and the King, according to custom, would summon J. Ramsay MacDonald as leader of the opposition party to form a cabinet.

Baldwin's Statement
BEWLEY, Dec. 8.—After the declaration of the poll here showing him to have won his seat in the House of Commons over his Liberal opponent by a majority of more than 6,000, Stanley Baldwin, the Prime Minister, said to his constituents, "I think from the look of things I'm going to have a rather difficult time in front, but I'm never afraid of difficulties and, at all events, I shall be able to face them knowing I have your confidence and support."

DELIGHTFUL TEA AND SALE FOR ANGLICAN CHURCH YESTERDAY

Mrs. H. T. Willett and Mrs. H. St. G. Lee Hostesses at Successful Affair

Mrs. H. T. Willett and Mrs. H. St. G. Lee were joint hostesses at a delightful tea and sale of home cooking and fancy work held at the home of the latter yesterday afternoon in aid of St. Andrew's Anglican Church. The highly satisfactory sum of \$72 was realized as a result of the affair. Mrs. J. C. McLennan poured and was assisted by Mrs. Reginald Beaumont and Mrs. Geoffrey Whitehead. Mrs. A. E. Bazzett-Jones and Mrs. C. F. Kemp were in charge of the home cooking and Mrs. A. E. Wright and Mrs. M. M. Stephens, the fancy work. Mrs. Wallace C. Orchard was cashier.

A feature of the afternoon which was much enjoyed and appreciated was the rendition of several selections by the symphony orchestra of the Ladies' Musical Club under the direction of Mrs. George Bryant, Mrs. J. A. Hinton was accompanist; Mrs. George A. Woodland played first violin; Mrs. Adam Mackie, Mrs. Theo. Collart and Mrs. Max Heilbroner, seconds, and Mrs. A. T. Parkin, banjo.

LABOR LEADER IS LIKELY TO BE NEXT PREMIER OF BRITAIN

(Special to Daily News)
LONDON, Dec. 8.—J. Ramsay MacDonald, leader of the labor group and official leader of His Majesty's loyal opposition in the House of Commons is expected to be the next Prime Minister of Great Britain, providing he succeeds in forming a government that will have the confidence of Parliament. To do that it is expected he will try to induce the Liberals to work with him in opposition to the protection policy of the Conservatives.

NAVAL RESERVE IS BEING ORGANIZED

Vancouver Sends Word of Appointments as Registrars and Number of Recruits Needed

(Special to Daily News)
OTTAWA, Dec. 8.—The naval department here wants 28 recruits for the Royal Canadian Naval Reserve from Prince Rupert, 60 from Vancouver, 32 from Victoria. Recruits must be men who have followed a seafaring life.

Edwin McCoskie, shipping master at Prince Rupert, was appointed registrar and sub-tendant of the Naval Reserve. George Kirkendale is similarly appointed for Victoria and J. B. Campbell for Vancouver.

LIBRARY COMMITTEE ASKS FOR CONCESSION

Meets Finance Committee of Council Who Agree to Recommend Small Grant

This morning a committee from the Library Board consisting of Rev. G. G. Hacker, H. F. Pullen and G. V. Wilkinson waited on the finance committee of the city council to discuss with them library finances. It was explained by Mr. Hacker that at the close of the year the pruned estimates of the board would be exceeded by about \$100 and another \$100 was needed to bind some of the books which were at present off the shelves.

M. M. Stephens, chairman of the committee, expressed appreciation of the frank way in which the board dealt with the matter and said he favored recommending that the council make the grant. This was decided upon by the committee and the matter will come before the council on Monday in the form of a recommendation.

The city solicitor has been instructed by the Attorney General's department to prosecute all persons in the city operating in public places punchboards, guessing competitions, drawings or lotteries or other gambling devices.

The activities of Premier W. L. Mackenzie King in England were many during his stay there. He is shown signing the visitor's book at the new Canadian Club in London, which he opened.

Steamships are all Delayed by Snowstorms Down the Coast Prince Rupert Due in Morning

Snowstorms down the coast yesterday have seriously interfered with steamship schedules and boats due today are reported many hours late.

The steamer Prince Rupert, due at 2 o'clock tomorrow morning and will sail at 3 for Stewart. Four hours late at least in leaving here for the north, it is possible she may make up some of that time before returning here to sail south tomorrow night.

C.P.R. steamer Princess Beatrice, due here this morning, reported her position at 12:55 (midnight) as passing Queen Charlotte Sound. She will not be here until the early hours of tomorrow morning at best.

Union steamer Venture met heavy snowstorms in the Skeena River yesterday. She arrived here a few hours late yesterday afternoon. Union steamer Cardena, due here from Vancouver tomorrow afternoon, has not yet reported.

NEARLY NINETEEN MILLION DOLLARS VALUE FISHERIES

VICTORIA, Dec. 8.—In answer to a question in the Legislature Hon. William Sloan, chief commissioner of fisheries, told the House that the total fish production of British Columbia in 1922 was \$18,849,658 or 45 per cent of the total fishery products of the Dominion of Canada. In 1916 the total catch was valued at \$14,438,320.

TENDER ACCEPTED FOR COAL SUPPLY

Albert & McCaffery will Furnish City with Nanaimo-Wellington Lump at \$12.30

The tender of Albert & McCaffery—\$12.30 per ton for Nanaimo-Wellington lump coal—was accepted by the civic finance committee for the supply of 30 tons to the City Hall.

TRAINS ARE THROUGH

One Arrived at 2:45 This Afternoon from East and Tonight's is on Time

The first train to get through the trouble at Lucerne following the burning of a bridge last Tuesday arrived from the East at 2:45 this afternoon. Tonight's train is due to arrive on time at 4:30.

Manson Tells Legislature that Commissioner Smith Unfair in Mounted Police Investigation

VICTORIA, Dec. 8.—Commending his counsel, C. L. Harrison, for withdrawing from further appearance before the Royal Commission investigating charges against the Royal Canadian Mounted Police, Attorney General Manson informed the Legislature that he had regretfully come to the conclusion that Commissioner Smith had not a proper conception of the commission imposed upon him. He said: "He has put such a narrow construction on it that his investigation is not in the interest of the public nor of the department he seems so anxious to protect. I say advisedly that he apparently has a brief for the department he is supposed to be investigating. I have already informed the department of justice that there is a strong feeling that he is prejudiced and unfair and that feeling is also strong in my own mind."

VICTORIA HAS AN ELEVATOR

Grain Being Handled by Car Barge to that City But Not for Export

VICTORIA, Dec. 8.—While other British Columbia ports have been talking about grain elevators, Victoria has gone ahead and built one and it is now in use. It was erected by the Brackman-Ker Milling Co. Already there is grain in it, the Canadian National car barge having made its first trip from Port Mann carrying nine cars of grain which were transferred to the elevator.

DIVINE HEALING IS DISCUSSED BY DOCTOR

Victoria Physician Says no Healing Power in Medicines but Nature Must be Given Chance

VICTORIA, Dec. 8.—"All healing is divine," Dr. Ernest Hall told a public meeting in the Centennial Methodist Church during an address on "Divine Healing." "There is no healing power in medicines, ointments, pills, and plasters, in physician, priest or king, in laying on of hands or in holy water and olive oil. All that can be done is to give nature a chance to work. This can be done in many ways, sometimes by the removal of a tumor, by the closure of a perforation, by suggestion, by prayer, by hypnotic sleep, by the laying on of hands or by a sudden command. Processes same

FRED ROBERGE IS LEAVING CITY TO LOCATE IN STATES

Called South to Vancouver on Account of Mrs. Roberge Having Another Bad Turn

Called to Vancouver on account of another relapse which Mrs. Roberge has suffered, W. F. Roberge sails tomorrow night on the steamer Prince Rupert for the south. Mr. Roberge is winding up his affairs in the city and plans to locate in California though at which point he has not yet decided. He has disposed of his mercantile agencies to W. D. Vance who is leaving the staff of F. G. Dawson Co., Ltd. to set up for himself. While regretting that it has become necessary for him to leave the city, Mr. Roberge's many friends will hope that the change will be beneficial to Mrs. Roberge's health which has been very bad of late.

CONSERVATIVE MAJORITY IN HALIFAX WAS 1794

HALIFAX, Dec. 8.—W. A. Black, Conservative, who won the by-election contest here Wednesday defeating George A. Redmond, Liberal, secured a majority of 1794 votes and broke the solid sixteen Liberal representatives that Nova Scotia sent to Ottawa in 1921. "What particular form of treatment is most efficacious in any given case depends upon the temperament and education of the individual. The Protestant has no advantage over the Catholic nor the Christian over the Mohammedan. It is not the relics of the saint, the holy water of Lourdes, or the olive oil of the travelling evangelist that is the effective agent, but it is the force inherent in the mind of the patient that accomplishes the cure, and the best that any system of philosophy, or any type of healer can do is to stimulate this force into activity and give it intelligent direction."

NEW CONSULATE STARTING HERE

Danish Government Has Decided to be Officially Represented in Prince Rupert

John Dybhavn, Norwegian vice-consul here, is advised by the Danish Consul General at Montreal that the government of Denmark has decided to establish a Danish vice-consulate in Prince Rupert. Applications are now being received for the position of vice-consul and appointment will be announced in the near future, it is expected.

FRED STORK SPEAKS BEFORE ST. ANDREW'S

Interesting Discourse by Member of Parliament on "Canada" — Gives Good Advice

Reviewing the history and development of the Dominion, Fred Stork, M.P., delivered an interesting address on "Canada" before the St. Andrew's Society last evening. He declared that the development of the nation up to the present had been due to the industry and labor of its inhabitants and that the solution of future problems would depend upon a continuation of hard work by the people living in the count-down. Mr. and Mrs. J. A. Teng and Mr. H. C. Higgins contributed to the evening. William Murray Jr., W. Vaughan Davies was accompanist of the evening, and D. C. Stuart, president, was in the chair. There was a good attendance.

WOULD NOT HAVE ULCER CUT OUT OF STOMACH

Took "Fruit-a-tives" Instead and this Medicine made from Fruit Juices Relieved the Trouble.

MAPLEHURST FARM, HILLHURST, P.Q.
"About 25 years ago, I began to have trouble with my stomach."

Three years ago, I consulted one of the best specialists in Montreal. He said I must go to the hospital, have an Ulcer cut out of my stomach and gall stones removed. I was then 74 years old. I said "NO."

Then, I began to take "Fruit-a-tives". I am so much better that my old friends often ask me what I have done to myself to look so well. I am gaining in weight and enjoying life very much." H. W. EDWARDS.

"Fruit-a-tives" is made from the juices of apples, oranges, figs and prunes, combined with tonics, and gives quick relief in stomach troubles.

This fruit medicine actually strengthens the stomach muscles and enables the stomach to give out sufficient gastric juice to digest the meals.

"Fruit-a-tives" also corrects Constipation and Biliousness from which so many Dyspeptics suffer.

British Elections Were No Surprise.

The results of the British elections were no surprise. There was on this occasion a greater element of uncertainty in the election than has been evident for many a day. Judging from the somewhat meagre despatches that have come through it would seem as if the people the new policy was designed to ad were the ones who rejected it. Premier Baldwin made a bold appeal to the country and he certainly excites the admiration of the people here for his patriotic action when there was nothing to gain for himself or his party. He has lost, and it now remains to be seen whether he will keep up the fight and be prepared to go to the country again at the next election on a similar policy.

Premier Ramsay MacDonald Soon.

J. Ramsay MacDonald, leader of the opposition, will be called on to form a government. There seems no doubt of that. According to constitutional practice the King has no other option but to call on the leader of the group that opposes the government and MacDonald is that leader. The opposition is united on a common basis of opposition to a protection policy.

Should Mr. MacDonald fail to get the support of the Liberals in the forming of a government, then it would be difficult to say what would happen. There is so far, however, nothing to indicate that the Liberals on a basis of compromise would not work with the Labor representatives. All government in a democratic country is based on compromise and while the Labor group would have to give up some of their more extreme policies the Liberals also would have to give way on matters which are vital to the Labor men.

There is always the possibility that the Liberals would refuse to support Ramsay MacDonald and in that case it might be possible to recall Lloyd George as premier with the support of Conservatives. The whole situation is most complex and will prove most interesting to students of democratic government, especially to people like Canadians who are so closely related to the British nation.

More Women As Representatives.

This time there are seven women in the House of Commons. Very soon if this goes on there will a group of women that will have to be reckoned with in formulating legislation. The proportion of women elected is small compared with the candidates offering, but they will likely be heard from, especially since Lady Astor has had previous experience in the House and is a woman of considerable prominence.

LUMBER DOCK IS TOO SMALL

Lumber Committee of Board of Trade to Find Out if Accommodation Inadequate

At the meeting of the Board of Trade last night it was decided to ask the lumber committee to investigate complaints that the present lumber dock was inadequate to handle business offering. The matter was brought up by H. F. Pullen who said such complaints had been made to The Daily News but it had been his opinion it was a matter to take up with the Board of Trade or officially with the railway company rather than with the news-papers.

F. G. Dawson said no such complaints had been made to him but if the dock was inadequate for the purpose, they had been promised that it would be extended. He thought it should go to the lumber committee for investigation.

S. E. Parker said Sir Henry Thornton had promised that if the extension was needed it would be made.

S. K. Campbell said he was of opinion that Mr. Walton had been given a free hand to deal with the matter when it was needed.

R. Beaumont said the prospects were that shipments would increase. A million feet a month was expected soon.

The matter will be investigated by the lumber committee with a view to making representations for improvement of the dock if it should be needed.

REGULAR LUTHERAN SERVICES TO START

Rev. P. E. Baisler Will Come Here at First of Year—Regular Pastor Later Will be Appointed

Rev. P. E. Baisler, Victoria, field missionary for Western Canada of the Lutheran Church, advises John Dybbavn of this city that he expects to begin regular English Lutheran services in Prince Rupert on the first Sunday in January. He will remain here for some time to complete organization and at a later date a regular pastor will be selected to look after the congregation. Services will be held in the meantime in the Metropole Hall.

ANYOX

On Sunday evening last, Anyox Elks gathered at their hall and proceeded to Christ Church where the Rev. J. E. Gibson conducted the annual memorial service of the order.

The output of Hidden Creek Mine, November 20 to November 27 was 20,423 wet tons. Total tonnage for the month of November to 27, 61,253 wet tons.

At the smelter from November 19 to November 25, 18,523 wet tons were treated at Anyox. This was made up as follows: Anyox ore, 17,886 tons; outside ore, 639 tons. Average price of copper for the week, 12.834.

At the Coke Plant from November 20 to November 26, there were 1,626 short tons of coal charged and 1,420 short tons of coke produced; 3,357 imperial gallons of light oil were recovered and 9,744 imperial gallons of tar recovered; while 13,225 lbs. of ammonium sulphate were manufactured.

FRED SHAW JR. IS MARRIED IN SOUTH

Pretty Wedding Took Place in First Baptist Church at Los Angeles on November 21

A wedding of interest to the groom's many friends in Prince Rupert took place on November 21 at 6.30 p.m. in the First Baptist Church, Los Angeles, when Miss La Wilda Berlin became the bride of Frederick Shaw Jr. The ceremony was performed by the Rev. Mr. Keyser in the presence of relatives and numerous friends of the couple.

The church was beautifully decorated with pink and white sweet peas and ferns by girl friends of the Corner Club.

The bride, who was given in marriage by an old friend of her family, Mr. Austin, was daintily attired in wedding gown of white canton crepe trimmed with ruffles of narrow satin ribbon. Her hat was a charming creation of silver and tissue and silver lace. She carried a shower bouquet of cream rosebuds, white sweet peas and maidenhair fern.

Her two bridesmaids, the Misses Helen Heckett and Orphan Dooley were apricot taffetta trimmed with girdele of ribbons in the pastel shades, fastened with a flower ornament of silver tissue—and Nile green taffetta trimmed with silver lace respectively. Their head-dresses were wreathes of tiny silver ivy leaves and they carried bouquets of pink sweet peas and maidenhair fern. The groom was attended by his brother-in-law, L. D. Kendall. After the ceremony the guests gathered at the home of the groom's parents where covers were set for fourteen at a prettily appointed table centred with a huge wedding cake made by the groom's mother and wonderfully decorated.

The bride and groom left for a honeymoon trip to St. Catalina Island. On their return they will make their home in Los Angeles.

Among the many beautiful gifts of silver, china, cut glass and linen was a case of silver with carving set to match, the gift of the groom's parents.

The Man in the Moon SAYS--

If the hogs won't believe you when you call them to dinner, your veracity may be doubted.

BALDWIN's life as premier was a short but merry one.

Premier Ramsay Macdonald! How will that sound?

INSTEAD of the elections in Britain ending a controversy, it would seem as if it has only just started something.

NOW that the political campaign in Britain is over and the B.C. Legislature is to rise soon, what about looking around for a Christmas turkey?

THERE may be some good turkeys here this Christmas, but think of the birds that pick up an easy living around Vancouver and Victoria.

THE Government wants the Canadian people to eat pemmican. It might be preferable to some of the decorations they put up at the boarding houses.

WHAT I like about life is living.

Which is the Best Poster?

16 of the most famous Bovril Posters have been printed in colors on a ticket-folder. To tell which are the 12 best, in order of merit, is the object of the Great Poster-Judging Competition now being carried on in Canada. The net proceeds will be distributed among the Veterans' Associations which are all of them sorely in need of funds to carry on their work.

The game is one which proves most fascinating to young and old, and which gives many evenings of pleasurable exercise of artistic taste and skill. But to add even more interest to the game, a fine list of prizes is to be awarded.

BOVRIL LIMITED has donated \$20,000, about \$138,888.00, which is distributed in 2,003 prizes of varying amounts, the first three are approximately as follows:

1st Prize, \$55,555.00
2nd Prize, \$13,888.00 3rd Prize, \$4,555.00

These very large amounts add zest and life to the competition of wit.

Send a Donation of \$1.20

Every donor of \$1.20 is presented with the Ticket-folder with the 16 poster reproductions in colors, and full rules of the competition. Play the game at once. Send your donation to any of the following organizations or their branches which are actively interested and ask your help:

Veterans' Assn. of Great Britain, 2725 Park Ave., Montreal
Great War Veterans' Association - Citizen Building, Ottawa
Army and Navy Veterans in Canada, 121 Bishop St., Montreal

At the meeting of the Board of Trade last night the committee of Trades and Commerce advised that a recent request for endorsement of their scheme by the Coast Range Steel Co. be filed. This was done.

Mrs. J. R. Morgan and Miss Morgan, Mr. and Mrs. H. S. Irwin, Mr. and Mrs. E. Palmbo and Elmer J. Palmbo were arrivals in the city from Surf Inlet on the Venture yesterday afternoon. All went south this morning with the exception of Mr. and Mrs. Irwin.

E. J. Erickson, foreman of the Hanson Timber Co.'s tie camp at Priestly, left on last night's train for Edmonton on a horse buying trip. Mr. Hanson expects to go to Edmonton also at the first of the week. Hauling of ties from the camps to the railway will commence as soon as sufficient snow falls.

The report of W. J. Alder who represented the local board of trade at the convention of the associated boards at Vancouver recently was read at the meeting of the Board last night and a vote of thanks proposed by F. G. Dawson and seconded by S. J. McLeod was passed and will be forwarded to Mr. Alder at Victoria, expressing appreciation of his services.

On the request of G. W. Nickerson, the secretary of the Board of Trade was instructed, at the meeting of the board last night, to secure from the fish exchange the figures in connection with fresh halibut sales at this port and to classify them into first and second fish in order to find out exactly the relative prices paid to Canadian and American fishermen respectively for their catches.

Do not dip the pen in the ink, do not sign on the dotted line—do not place your life insurance until you have taken time to consider the merits of The Mutual Life of Canada. Consider these plain, simple facts:

The Mutual Life of Canada, with \$250,000,000 of insurance in force, and \$53,000,000 of assets, including a surplus fund of \$6,600,000 over and above all legal reserves and liabilities, is one of the strongest financial institutions in the world.

The Mutual Life of Canada is the one Canadian Company selling mutual insurance—insurance at actual net cost.

The Mutual Life of Canada divides its entire net profits among its profit-participating policyholders. There are no "shareholders."

The dividends paid are the most liberal in Canada and among the most liberal granted by any life insurance company on the continent.

The Mutual Life issues every approved form of life insurance, including Ordinary Life, Limited Payment Life, Endowment, Term Insurance, Monthly Income, Single Premium Life, Disability Benefit, etc., etc.

Let our nearest agent go into this matter of mutuality with you in detail before you decide. Write also to this office and we will send you full particulars in printed form. There will be no obligation whatever upon you. Just take a pencil and fill out this coupon now while the subject is in your mind. It is really to your advantage to do this. Do it now.

"There Were Many Things Which I Could Not Eat"

Mrs. H. Robert Wells, English Harbour, Trinity Bay, Nfld., writes:

"I was troubled with nervous dyspepsia—so much so that there were a great many things I could not eat at all on account of the distressed feeling afterwards. I used many different remedies, but they did me little good. Finally I tried Dr. Chase's Nerve Food and Kidney-Liver Pills, and was surprised at the relief this combined treatment gave me in such a short time."

CANADIANS' NARROW WIN

Beat Colts by 24 to 23—Adanacs' Decisive Victory Over Maple Leafs Was Surprise

Another hard game was staged between the Sons of Canada and the Colts in the Senior Basketball League match last night with the Canucks just getting away with victory by a score of 24 to 23. The Sons had the best of the opening half and deserved their lead at the end of that period. In the second half, however, the Colts came back strong and, but for the lack of a little discretion on the part of George Mitchell, might have inflicted a first defeat upon the Sons. As it was the latter team took better advantage of its chances and was just value for its win.

E. A. Mann refereed and the teams lined up and scored as follows:

Sons of Canada—R. B. Skinner (3), 2; V. Menzies (4); H. Menzies (4); Balfour (2); D. Graham (1); 4; H. Astori (2), 1.—Total 24.

Colts—S. Bazett-Jones (3); R. Bartlett, G. Mitchell (4); 6; A. A. Ensson, 6; W. Mitchell (2); 7; E. Smith (1), 4.—Total 23.

Intermediate Game

The intermediate game between the Colts and Grotto, won by the former 35 to 26, was about the poorest match played so far this season. Neither team made any strenuous effort at combined play and it was not until the last part of the second half that any enthusiasm was shown when the Grotto had the Colts travelling. J. Sim and G. Anderson, two newcomers, did fairly well but the former would improve his play with a little more attention to the ball.

Colts—M. Budenich, 2; J. Sim (3); R. Smith, 16; G. Blythe, 13; J. Kelly (2), 4.—Total, 35.

Grotto—W. Gray (3), 2; G. Hill (4), 2; G. Anderson (1), 6; W. Wrathall 12; T. Fraser (1), 2; L. Anderson (1), 2.—Total, 26.

R. B. Skinner refereed. **Ladies' League**

One of the surprises of the season was served up in the Ladies' game when the Adanacs took the champion Maple Leafs into camp by no uncertain score—16 to 6. The Maple Leafs started well but had luck in shooting seemed to upset their game although every credit is due the Adanac guards, Miss Dyer and Miss Tremayne, for their close effective checking. Except for some smart combination, the Maple Leafs were below the standard of their opponents in the evening's showing.

Adanacs—Miss Willa Dyer, Miss Pete Tremayne, 2; Miss A. Kelly, 6; Miss Leona Parker, 8; Miss V. Shoekley.—Total 16. Maple Leafs—Miss L. Lowe (2), Miss A. Stephens, Miss M.

Tris Speaker of Cleveland and Babe Ruth of New York sent more runners over the plate than any other pair of players in the American League during the season of 1923. The two are tied at 130 runs for which they were responsible. Harry Heilmann of Detroit, leader in batting, brought in 115 while Joe Sewell of Cleveland sent in 109 and Wallie Pipp of New York 108. Leon Goslin of Washington missed the century figure by being responsible for 99 tallies.

Ruth set a record for the American League by getting to first on base on balls 170 times. Encountering the concentrated skill of the American League pitching it is natural that he should strike out as often as the majority and his record of 93 leads the next by eleven. William Kamm of Chicago, although not the swinger of the Ruth type, "fanned" 82 times and drew 62 bases on balls to offset it.

The one who baffled the pitchers the most was Eddie Collins of Chicago who only struck out eight times during the season. The Chicago second sacker, however, did not make his hits count for as much as others batting in only 67 runs. In this connection his sacrifice hits record in advancing batters, and his walks taken into consideration. Among others whom the pitchers found hard to fool were Joe Sewell with 12 strikeouts, Ty Cobb with 14, Edgar Rice of Washington 12, Bassler and Jones of Detroit and Tobin of St. Louis with 13 each, and Speaker of Cleveland with 15.

Joe Sewell worried 98 passes out of the pitchers and Bltie of Detroit, 96, these two being next to Ruth. Speaker walked 93 times and Eddie Collins 84, while Jamieson of Cleveland was passed 80 times. Manush of Detroit has a unique record by being hit by a pitched ball 17 times although he figured in only 109 games. Next to him was Stanley Harris of Washington with 13 and Hauser of Philadelphia and Mastil of Chicago with 12 each.

Cleveland as a team had the best "waiters" with 633 bases on balls. Next comes Detroit with 596 while Washington and

Word to Spectators

Good clean games are certainly being staged so far this season in the various leagues and it is to be regretted that some of the spectators show symptoms of too much partisanship and also allow their actions and remarks to get below the line of clean sport. If they desire the players to play the game, the spectators should show good examples. Some of the remarks and one action in particular last night warranted drastic action from the officials especially when they come from enthusiasts who should know better. Those on the "side-lines" should play the game just as well as the "players on the floor."

Chicago are tied with 532. New York figures fifth with 524 and then comes Philadelphia, St. Louis and Boston, the latter with 391. Philadelphia, with a number of hard swinging batters, compiled the biggest record in strikeouts with 517. New York was only one behind. Cleveland and Detroit were the two hardest teams to pitch to, the former leading in the fewest number of strikeouts with 384. Detroit having only one more. Detroit batters profited most by being hit 55 times, getting in the way of the ball during the season. Cleveland, closely competing with the Tigers in several departments of the game, was next with 49. St. Louis had the fewest number of hit batters with 26. New York profited only to the extent of 34.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

The Admiral of the Mosquito fleet reports that dirty weather has again interfered with halibut landings during the week. The extremely wild winds prevailing over the week end prevented fishing schooners from making port and almost to a boat they were forced to seek shelter. It is gratifying to report that nothing of an unfavorable nature has happened to any boats of the fleet in spite of the heavy storms encountered. The bad weather on the high spots over the week end had a marked effect upon the Monday landings when only 55,000 pounds of halibut was marketed on the Fish Exchange as a consequence. With the subsiding of the high winds on Monday the Tuesday landings took a jump to 275,000 pounds but dropped back to nil on Wednesday. Landings on Thursday took a spurt when a total of 198,000 pounds of halibut was landed by four American schooners, the stormy weather forcing the smaller schooners to seek shelter. The high spots were yesterday visited with snow flurries and high wind which prevented boats making port. The American schooner Tom and Al, and the Canadian schooner Mab were the only boats to make port yesterday with a total landing of 51,500 pounds.

McLean Yards Busy

The ways at the N. M. McLean shipyards are full to capacity. The new Canadian fishing schooner being built by the Doreen Brothers is progressing rapidly and the hull is practically planked in. The Canadian schooner Lillian M., Capt. Crowell, which has been undergoing an extensive overhaul for the past two weeks, was completed and taken off the ways yesterday. The schooner Eagle, Capt. "Red" Pierce, will occupy the ways vacated by the Lillian M. to undergo a thorough overhaul and clean up in readiness for the spring rush.

Virginia IV. In

The Alaskan coastal freighter Virginia IV., Capt. Hanson, arrived in port on Thursday morning from Ketchikan to unload two carloads of frozen fish for shipment east over the Canadian National railways. The shipment was handled through the Royal Fish Company's dock. The freighter Virginia is employed in the coastwise freighting on the Alaskan coast serving the outlying points between Ketchikan and Nome. This is the first time the Virginia has been to the port of Prince Rupert.

Fish Business

During the week 381,500 lbs of halibut has been marketed through the Fish Exchange. Americans were high at 17.9c

and 9c. and low at 14.5c and 8c. Canadians were high at 18c and 11c and low at 13c. and 8c. The arrivals were: Imperial, Wireless, Gretchen, Groth, P. Doreen, Eagle, Polaris, Skandia, Eagle, Livingstone, Radio, President, Harding, Seymour, Tom and Al, and Mab.

Bones' New Pal

"Bones" Taylor, of the good ship Somme, has made an addition to her already wide circle of friends. Yes sir, Bones has taken a stray cat under her motherly wing and its first cat that has ever been permitted to eat out of her special crockery. It all happened very simply too. While Capt. Taylor, the boss of the craft, was busy polishing the aluminum ware after breakfast on Thursday morning, the feline creature just jumped aboard and started taking liberties with the dog's breakfast. Bones just looked up and was evidently so struck with the bright red color of the cat's sleek coat that she fell in love at first sight. Cap was surprised upon coming on deck to see the cat and Bones eating out of the same dish. After breakfast Bones played hostess to the feline and carefully piloted her newly found mate around the floats. The new pet will be named "Rusty."

The launch Joy Bird, Capt. J. Thomas, was over to Mellakalla on Thursday morning on business in connection with the new waterworks plant that is being installed at that point.

Skipper Maguire has recently disposed of his water pet "Bruce" and is contemplating the building of a modern coastal cruiser which will be ready for the water early in the coming spring. Details of the new boat have not yet been decided upon.

Freeman Gassed

Hoomes K. Freeman, skipper of the Narbethong, had a narrow escape on Thursday afternoon last when the exhaust pipe blew out on his engine while the boat was alongside the Big Bay Lumber Co.'s wharf, and which caused him to forget his whereabouts for several hours. Cap was down below fixing up one of the cylinders on the engine which was failing to function properly. While bending over the box of tricks the exhaust pipe flew out, the force of the exhaust hitting Freeman full in the face. The gas fumes put the skipper out of business and had it not been for his timely rescue by J. H. A. Stephen of the Dominion water power boat, who chanced to be alongside the Narbethong at the time, the consequences might have been much more serious. Dr. J. P. Gade was soon on the scene but the accident did not warrant Cap's removal to the hospital. Along about midnight Cap regained his full faculties again and was able to sit up and sup a little bread and milk. During the week the Narbethong machinery has been thoroughly overhauled. So well is the engine running that the little old launch left for Port Simpson on Thursday morning.

Second Hand Crib

The second round of the waterfront Xmas crib tournament was finished this week the winners being: L. Pofferton, C. W. Kirkendall, Bill Shrubbsall and Doc Clapperton. Kirkendall vanquished Bill Hughes the winner of the Thanksgiving tournament and now leads in the betting.

The native power boat Markwell, Capt. R. Clifton, made port from Hartley Bay during the week. Cap is in town to do some Christmas shopping.

The staff in the admiralty offices of the Mosquito fleet are all joyously het up this week. A beautiful picture post card has been received from skipper George Newcomb, of the Dixie Rupert, who is taking in the

sights of the big eastern cities. The postcard was mailed in Chicago and George says he is still on the hike. The picture is a beautiful reproduction in colors of Chicago on a foggy night and reminds one of a plate of ham and eggs upset on the floor. The picture will be framed and hung over the Admiral's desk.

Won \$50 Bond

The startling news on the waterfront this week is that Bill Hughes, the customs officer of the Canadian National dock, was the winner of the \$50 Victory Bond given by Ben Self at the recent Old Time Carnival staged by the Elks. The news was received by the high boat squad on Thursday morning and the remainder of the day was given over to speculation as to what Bill would do with this sudden acquisition of wealth. After the matter had been thoroughly gone into it was finally decided that only time would tell.

Cockney Convention

The first Cockney's Convention to be held in Prince Rupert took place at the home of Bill Shrubbsall, Second Ave., East, on Tuesday evening and proved to be the most successful gathering of nauticals and their friends for many seasons past. Bill, dressed a la Jiggs, made an excellent host and everyone felt quite at home the minute they were under his hospitable roof. The festivities started off with a crowd of Londoners sitting down to a feast of oysters on the shell which had been specially imported for the occasion. The only interruption was the arrival of Sid Thompson with a piano. The instrument having been safely installed Sid joined the oyster brigade. Delegates to the convention included Ted Shrubbsall, D. Skatfeloh, Bob James, Leo Connors, W. H. Waldorf, C. Barker, "Dusty" Smoke, Sid Thompson, J. May, Geo. Richmond, Walt Greer, Major McGregor, V.C., Bill McCallum, Sid Webb, T. Cox, J. G. Johnson, Capt. Bill Parsons, Jack Bond, Jack Perry, Capt. Bell, J. B. Morrison, A. J. Bishop and H. Welford. After supper the gang got busy with an impromptu vaudeville show which it would be hard to beat for versatility. Sid Thompson ran the orchestra and although he had forgotten his conducting

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

baton he did yeoman service with a stuffed banana skin as a substitute. One of the outstanding features of the entertainment, and there were many, was Leo Connors' imitation of swimming the channel. If some kindly disposed person had not rescued him from the "ocean" he would probably have been swimming yet. Bob James started the vocal end of the business with a touching ballad entitled "Fried Fish and Chips" obliging with "Johnny Walker" as an encore. Bill Shrubbsall, the host, gave a wonderful rendering of "The Prohibitionists Repentance" and did a balancing act which would be hard to duplicate unless with years of training. "Dusty" Smoke made a great hit when he sang "That Old Irish Mother of Mine," and was pretty well exhausted after answering the

Waterfront Whiffs

(Continued from Page 5) many encores. Geo. Richmond did a star turn with his rendering of "A Little Piece off the Top," which would have put many professional singers to shame. Jack Perry's exhibition of step dancing was a tit-bit and the concertina solos by Jack Bond were an inspiration. Harry Welford's performance on the violin was simply great.

At this juncture the convention sat down to business electing Geo. Richmond as chairman. Several important matters were on the agenda but the first one proved a stumbling block. The first item read "A Scheme to move London from the smoke." The subject was gone into at much length but nothing definite was arrived at owing to a commotion caused by the gold fishes getting into a scrap. The sudden interruption so unhinged the minds of the delegates that after parting the combatants the convention was adjourned for further hilarity.

W. H. Waldorf then called for volunteers to be mesmerised and guaranteed to put anyone in the hall under the influence, which was really beside the point. However, four men eventually took their seats in front of the "professor." If anyone had any doubts as to the capabilities of professor Waldorf, put them under the hypnotic influence they soon changed their tune when he got going. With fiery eyes and shaking ears the professor soon had the bunch doing as he bid. So complete was the influence that one of the victims snatched up and drank a glass of water. A. J. Bishop then kindly relieved Sid Thompson for a few minutes of the orchestral responsibilities, giving a splendid pianoforte rendering of "This Cold, Cold World," by the Russian com-

MOTHER FINDS VICKS HANDY FOR MANY ILLS

Mrs. Brown of Brandon Finds It a Most Useful Remedy

Mrs. John Brown, of 426 24th street, Brandon, Manitoba, writes: "I have eight small children, aged from one to twelve years, and can certainly say that Vicks is the only cold remedy that I have in the house all winter. If the cold is in the child's head I just put a little up each nostril and it gives relief in a short time. If it is in the chest I rub Vicks well in at night and by morning the cold has almost disappeared. I also use Vicks for chilblains and for burns; in fact, I use it too for severe headache and find relief in a very short time. I always recommend Vicks to my friends especially those who have children."

Vicks confers as a salve—the external direct treatment for all cold troubles—absorbed like a liniment and inhaled as a vapor. It is the modern direct treatment for all cold troubles—the successor to goose grease, camphorated oil, liniments, poultices and plasters.

Used for croup and children's colds, Vicks gives remarkably quick results and also avoids nauseating internal dosing. Just as good for adults and for skin inflammations, such as cuts, burns, bruises, bites and stings.

At all drug stores 50c a jar. For a free test size package, write Viek Chemical Co., 344 St. Paul St., W., Montreal, P.Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

poser Ivmy Coteoff. Major MacGregor, V.C., in a fine speech, and on behalf of all present thanked Mr. and Mrs. Shrubbs for their splendid hospitality. The delegates voted to a man to hold the next convention at the same spot if at all possible. The singing of "For They are Jolly Good Fellows" and Auld Lang Syne brought a night of joyous entertainment and good-fellowship to a fitting close.

Algy's Mistake

Algy Hunter, the popular customs officer at the Provincial dock, made an unpardonable mistake during the week which may yet result in court martial proceedings. When a customs bloke mistakes an oil tanker for a fish packer it's high time he either consulted with his optician or purchased a powerful telescope. It was like this, Algy was expecting the arrival of the American freighter Virginia IV., with a cargo of frozen fish for eastern shipment and not having seen the boat before he conjectured in his mind that it would be a colossal layout. It so happened that the Imperial Oil Co.'s tanker J. A. Moffatt hove into port about the time the Virginia was expected. Upon sighting the tanker Algy became all excited and yelled for everyone around the dock to man their action stations. Imagine Algy's chagrin when the nautical "Doc" told him it was the oil tanker and that the Imperial Oil Co. had not gone into the fish packing business as far as was known.

New Restaurant Opens

The Seaside Lunch Counter, under the management of Cy Nickerson, is the latest addition to the waterfront business houses. The restaurant is situated next door to the McLean shipyards. Cy Nickerson is one of the best known cooks in the halibut fleet and is a past master in the art of serving the most popular Canadian, American, French and Italian dishes. The interior of the restaurant has been fixed up on the most modern lines and nothing but the best of everything will be on hand for the hungry man at the lowest possible prices. This new lunch counter will undoubtedly prove a popular rendezvous for the members of the fleet.
