### SIR HENRY THORNTON VISITS LAKE DISTRICT AND ATTENDS PUBLIC BALL

#### Canadian Transporter Arrives to Load Lumber for Japan, being First ever Shipped from Rupert

The Canadian Government Merchant Marine freighter Canadian Transporter, Capt. Watson, arrived in port from Nanoose Bay, Vancouver Island, at 11 o'clock this morning and tied up at the new ocean dock. This afternoon the vessel will go up to the Imperial oil dock to take on 100 tons of fuel oil and tomorrow morning at 8 o'clock will start to load from the lumber wharf 500,000 feet of hemlock "baby squares" for Yokohama, Japan, constituting the first shipment of lumber ever to be made from this port to the Orient.

#### DEFYING U.S. REGULATIONS

Ships Enter New York Harbor  
With Sealed Liquor For Return Trips

NEW YORK, June 22.—While treasury department officials were today concentrating their attention on the steamer Berengaria carrying liquor for her return voyage under seal, the liner Baltic slipped into quarantine with 6,182 bottles of liquor under British Government seal for the return trip in defiance of the United States regulations.

LONDON, June 22.—In connection with the arrival of the liner Berengaria at New York it is declared in well informed quarters that the British Government in no way challenges the authority of United States officials to break the seals and confiscate the liquor, it being recognized that the jurisdiction of the British government ceases once the three mile limit is passed.

#### LABOR LEADER IN PARLIAMENT

Robert Smillie Elected by Large Majority to Represent Morpeth

LONDON, June 22.—Robert Smillie, the noted labor leader, resident of the Scottish Miners' Federation, has been elected to parliament from the Morpeth district polling 20,053 against a liberal opponent who received 10,087. Morpeth is a safe labor seat.

Smillie tried previously eight times to enter parliament but without success until now.

#### FIRE RANGERS PROBABLY LOST

Tried to Stop Progress of Flames in Quebec But Failed

QUEBEC, June 22.—Several fire rangers are believed to have perished while fighting bush fires fifteen miles in length which have been burning for more than twelve days. The wind changed when within a few miles of some villages where a large number of rangers were endeavoring to stop the spread of the flames but the fire got beyond control today and several of the men are missing.

#### BIRTHS AND DEATHS

OTTAWA, June 22.—Births in Canada outside of Quebec totalled 102,552 in 1922 and deaths 68,475. In 1921 the figures were 108,979 and 67,722.

#### FLY THIS WAY ROUND WORLD

Two Aviators to Pass Near Here on Route Home

EDMONTON, June 22.—Edmonton is to be one of the stopping off points in the Frontiersmen's round the world flight to be completed by Capt. Norman Macmillan, a Glasgow man, and Capt. G. H. Malins. Both these men have fine flying records having taken a prominent part in aviation during the war.

The yacht Valaura has been secured to make preparations for the flight and she has been re-chartered the Frontiersman. She will place depots around the north Pacific all the way from Vancouver to Hong Kong, where the aviators expect to stop.

Dumps of gasoline and spare parts will be made at points about 200 miles apart. The Frontiersman is leaving Birkenhead this week and goes to the Pacific by way of New York and the Panama Canal.

Captains Macmillan and Malins are to take up the flight where they left off last year in Bengal, India, and come by way of the Pacific coast of China, Japan, Siberia, Aleutian Islands, Alaska, British Columbia and to Edmonton and thence East.

#### BOB OGILVIE'S BODY IS FOUND

Remains of Missing Manager of Canada Railway News Discovered Under Wharf

In an advanced stage of decomposition, the body of the late Robert Ogilvie, former manager of the Canada Railway News stand at the G.T.P. wharf, was found this morning on the rocks under the wharf west of No. 3 G.T.P. shed. The discovery was made by members of the B. and N. Department of the railway who were working on the wharf. They notified J. A. Lindsay who in turn notified the city police.

Sergeant Bailey was detailed to investigate and, after recovering the body, he identified it as that of the late Mr. Ogilvie from letters in the pockets of the clothes and also from a watch chain bearing the insignia of the 16th Canadian Battalion in which deceased served during the war.

The body was so badly decomposed that it was a difficult matter to establish identity therefrom. Deceased had been missing since the morning of May 21 and there was no clue to his whereabouts. His wife died about a year ago and since that time he had been known to have spells of despondency. That he might have taken his life during one of these spells was not unexpected. He was a man of about 35 years of age and had been in the city for two or three years as manager for the Canada Railway News having come here from the prairies.

Coroner Gale has been notified and he will decide whether or not an inquest will be necessary.

Thames watermen recently revived the ancient custom of "landing the pie" at Eel Pie Island, Twickenham, after a lapse of more than a century. Here is Henry VII, watching his queen cut the pie after it had been brought ashore by Ernest Barry, the famous sculler.

#### Two Ministers to Visit Prince Rupert this Year from Ottawa Hon. Ernest Lapointe Coming

That Hon. Ernest Lapointe, minister of marine and fisheries, and Hon. J. H. King, minister of public works in the Dominion cabinet, are both to visit Prince Rupert this year, that the government is carrying on without friction and will continue to carry on, and that Prince Rupert is destined for a good deal of attention in the future, were among the statements made by Fred Stork, member for this district, who arrived home last evening. Mr. Stork came to meet Sir Henry Thornton here and Ottawa as the House, it is expected, will adjourn at the end of the month. He passed the railway party at Prince George in the night and decided to come on home and be here ready to meet the visitors on their arrival.

Speaking of the session at Ottawa, Mr. Stork said a great deal of time had been spent in discussing the Bank Act revision but not very many changes had been made in it. All sorts of amendments had been offered but they were rejected by the House. Speaking of visits of the ministers, the member said Mr. Lapointe had stated definitely he would be here. He is naturally interested in Prince Rupert, being minister of marine and fisheries, and he recognizes the importance of Prince Rupert and especially of her fisheries and her future prospects from a shipping point of view. Dr. King also intends to come to the city on one of his visits to the west. The premier and four members of the cabinet will attend the Imperial conference this year and will spend most of the autumn in Europe.

Everything is going well at Ottawa, the session having been a quiet one, and Mr. Stork is glad to be back home, he says. Mrs. Stork and family returned also.

#### MRS. ROY McDONNELL DIES AT HAZELTON

Popular Interior Lady Succumbed Last Sunday — Survived by Widower and Young Son

Mrs. A. Roy McDonnell died in the Hazelton Hospital last Sunday, news of her demise coming as a shock to a host of friends in the interior. She arrived at Hazelton from Barrie, Ont., three years ago as the bride of Mr. McDonnell and was highly popular among all with whom she came in contact. Besides the widower, Mrs. McDonnell is survived by a son a few days old.

#### WOLF OF MOSCOW AND WIFE BOTH EXECUTED FOR CRIME

MOSCOW, June 22.—Ivan Komarov, known as the wolf of Moscow, and his wife were executed by a firing squad after a confession from them of their killing persons since 1921 by luring them to a tea room, robbing them of their valuables and burying their bodies in the basement.

#### HOT WAVE STILL EASTERN STATES 43 DIED YESTERDAY

CHICAGO, June 22.—In the Eastern states the hot wave continues. More than 43 deaths were recorded yesterday. Factories and schools have closed because of the intense heat.

#### FAILED IN EFFORTS FORM WHEAT BOARD

WINNIPEG, June 22.—The premiers of Saskatchewan and Alberta along with the heads of the Grain Growers' organization in the prairie provinces failed in their efforts to establish a wheat board, the Free Press learns today.

#### Sir Henry Thornton is now Big Tye since his Initiation Burns Lake

BURNS LAKE, June 22.—Sir Henry Thornton, president of the Canadian National Railways, accompanied by E. L. Decari, Col. Talbot, F. G. Dawson, J. E. Dalrymple, H. Garton, A. E. Warren, H. B. Melanson, W. T. Manders, R. Greelman, H. A. Dixon, James Horne, George A. McNicholl, J. R. Cameron, N. B. Walton and Hon. T. D. Pattullo, were entertained at Burns Lake and shown over a small portion of the Lakes district. The cars of A. M. Ruddy, C. G. Dittmer, F. R. Keefe, J. R. McCrimmon and others were placed at their disposal and a large party motored to Grassy Plains inspecting the fertile valleys and taking note of the vast timber resources en route. Dinner was served at the ranch of John E. Bostrom who was proud to entertain such a group of fellow railroad men.

Returning to Burns Lake the party were entertained at what was probably the most cosmopolitan dance that such a distinguished party had ever attended. The youth and beauty of the district were there augmented by a representation of Indians from Babine, Stuart Lake, Cunningham Lake, Francois, Uncha, Cheslatta, and all neighboring lakes. The most modern dances were interspersed with ceremonial dances of the various Indian tribes and in the course of the evening the many chiefs under the leadership of Daniel Leon bestowed the title of Wicksta Saghalie Tyhee of all the Indians of the lakes district on Sir Henry Thornton, constituting him a chief for all time to come.

Sir Henry distinguished himself by going through the many intricate steps of the Red River jig with the Babine chieftainess as a partner to the throbbing of the tom-tom and the stirring fiddling of the Stuart Lake half breeds of Hudson Bay ancestry.

When the music changed to a dreamy waltz beautifully rendered by the local talent, Sir Henry selected Miss Irma Lewis and proved that he knew more dances beside the Red River jig.

The citizens of Burns Lake decided that they would not worry him with their troubles as he saw for himself the vast possibilities of the hinterland and feel every confidence in him as a big man in every way. The district will now look for the development of the tie and pulp industries, as increased tonnage for the C.N.R. is Sir Henry's aim.

#### MONEY VOTED FOR RAILWAY

Sum May be Included for Hudson Bay Line in Supplementary Estimates

OTTAWA, June 22.—The House of Commons yesterday approved a recommendation regarding certain branch lines on the Canadian National Railway and a bill was introduced thereon. The minister of railways said he would consider including an item in the supplementary estimates to carry out the Hudson Bay Railway.

#### UNITED MOVES BACK INTO PREMISES SEIZED A FEW DAYS AGO BY LABOR AGITATOR

DUBLIN, June 22.—Liberty Hall and the head offices of the Transport Union in Rutland Square which were seized by Jim Larkin several days ago were reoccupied by the executive of the union yesterday without opposition.

#### BALLOTING ON LIQUOR TODAY IN MANITOBA

WINNIPEG, June 22.—With both sides professing the utmost satisfaction at the outcome of today's balloting and with weather conditions favorable for casting a large vote, citizens of Manitoba today are expressing their wishes as to whether Manitoba Temperance Act shall be continued in force or a moderation league's proposal for government sale and control of liquor be adopted.

#### EXPEDITION TO ARCTIC CANADA

Ship Will be Equipped to Establish Police Posts and Seek Information

OTTAWA, June 22.—The government yesterday notified the House of Commons that the steamship Franklin would be equipped by the Federal Government this year for an expedition to the Arctic islands to establish police posts and to acquire scientific information. One motion picture photographer will be carried. The expedition it is estimated will cost \$80,000.

#### LARKING LOSES OUT IN IRISH DISPUTE

Union Moves Back Into Premises Seized a Few Days Ago by Labor Agitator

DUBLIN, June 22.—Liberty Hall and the head offices of the Transport Union in Rutland Square which were seized by Jim Larkin several days ago were reoccupied by the executive of the union yesterday without opposition.

### Die From Heat In Eastern States.

It is very difficult for those who live on the Pacific Coast to realize the conditions in a big eastern city on a really hot day. The heat is not only intense but stifling. Those living there long for the cool breezes from the ocean and would give anything for the weather which Prince Rupert at present enjoys.

We often complain of our weather, but instead we should try to realize what an asset our weather is to us. In winter our harbor is open all the time and it is never so cold that we have to wear fur clothing. In summer it is pleasantly cool, yet warm enough to be comfortable. Truly our weather is one of our greatest assets.

### Horse Passing And Nearly Gone.

A visitor to Prince Rupert recently after being here two days remarked that he had not yet seen a horse. Had he remained he would doubtless have caught sight of a team or a milk wagon remnant but for practically all purposes the horse is gone from Prince Rupert. Gasoline has taken its place.

While many regret the loss of their old friends it is impossible to escape the sanitary aspect of the change. The horse was not sanitary. He could not be in a city. The streets are much cleaner today than the streets of a similar city was a few years ago. Day by day we are getting more and more sanitary and the passing of the horse as a means of transportation is one step in the process.

### Branch Lines On Canadian National.

Legislation is being passed at Ottawa authorizing certain branch lines on the Canadian National Railway. Very soon, it is hoped, there will be provision made for the building of branch lines in this section of the country, especially with a view to opening up coal mines in the district. There are all sorts of reports of coal deposits, one of which is said to be of good quality and large extent in the Kitsumkalum Valley. With coal that near, there should within the near future spring up a good coal shipping business from this port.

Fuel is a vital thing in business. While oil fuel is still being used extensively, coal is consumed in large quantities and coal export would mean a great deal to this port. The construction of branch lines is the most important factor in the development of the coal fields.

### Need Of Local Steamers Felt.

While the season is advancing, the fishing season is on and the lumber camps are operating, the need of a purely local steamer to nearby points is felt. It is hoped that Sir Henry Thornton on his arrival will have a definite statement to make on this and other subjects. A recommendation has already been made in regard to it and it is understood was favorably considered.

### Elevator Here Is Great Need.

An elevator at Prince Rupert to handle grain shipments next year is one of the things we should feature in connection with Sir Henry Thornton's visit. We need that one thing, the country needs it and the Dominion government should build it. All depends upon the recommendation of the railway president. If we can show him that it is vital to the success of the line, he will see that it is built. Never let up on the elevator is one of the things we should not forget.

## Money Waste

The middle aged man, mindful of his past will urge you not to waste small sums. He will tell you too, with a sigh of regret, what he might have accomplished had he, years ago, realized the multiplying power of trifling sums.  
Stop all the waste you can, and keep your money in a savings account where it will grow to help your future.

Double your Savings It CAN be Done.

## THE BUDGET IS DISCUSSED

Thomas McClymont Mentions Importance of Trading Through Canadian Ports

"The Budget" is a dry subject but it was explained and made extremely interesting by Thomas McClymont yesterday afternoon at the Rotary Club luncheon when he spoke at some length on the outstanding features of Canadian government finance.

Mentioning that Hon. W. S. Fielding was looked upon as an able minister of finance by all parties, Mr. McClymont suggested that the budget was a compromise one. In 1921-22 after the ordinary expenses were paid there was a surplus of \$17,000,000, but it was taken up by the railway sponge which took \$98,000,000, leaving an addition to the public debt for the year of \$81,000,000.

During the year just closed \$48,000,000 was added to the public debt. It was to be hoped that the current year would see the debt additions wiped out. In 1920 the sum of \$240,000,000 had been added to the debt but that was largely war debt.

### Taxes

As a means of bringing the revenue up one of the most irritating taxes had been the sales tax. Formerly it was a graduated tax but now it had been substituted for a straight six per cent tax placed at the point of production. One of the difficulties in this was that the commissions for handling the goods were reckoned not on the cost of the goods but on the sale price including the tax which brought the prices of the goods higher than they otherwise would be.

The speaker referred to the stamp tax and changes that had been made in it, largely as a result of evasions. The cigarette tax of \$1.50 a thousand imposed last year had brought no results, for the revenue was less than ever. This was caused not so much from a drop in consumption as from the amount of smuggling which followed the imposition of the tax.

Other revenue changes this year included the imposition of a tax of 50c a cwt. on sugar. The tax on soft drinks was reduced but a charge was made on the carbonic acid gas used in manufacture.

The copper bounty might help Prince Rupert and there was also a bounty on hemp that would probably benefit Manitoba. Five million dollars was sent out of Canada every year for binder twine of which half a million went to Ireland.

### British Preference

The extension of the British preference was an important measure. Under it ten per cent rebate was secured by the importer on goods imported through Canadian ports. In discussing this Mr. Fielding had remarked that enormous quantities of goods came through American ports whereas the summer ports of Montreal and Quebec and the ports open all the year round, Halifax and St. John and Vancouver and Prince Rupert, might well take care of them. If these goods were carried on Canadian railways the railway deficit would be wiped out and the country could begin to repay the national debt.

Reference was also made to the pulp and paper situation and the probability of steps being taken before long to stop export of pulpwood.

## BUILD LOG CABIN FOR THE BOY SCOUTS

Harold Campbell Suggests Rotary Club Members Turn Out and Help With Work

H. L. Campbell, on behalf of the boys committee of the Rotary Club, reported at the luncheon yesterday that it was proposed to erect a scout headquarters at or near McClymont Park and it was suggested that the members of the club should turn out en masse to help build it. It would be an excellent thing for the boys to have. Prince Rupert was not particularly favored in the way of playgrounds and in larger cities these places were being placed under supervision.

Mr. Campbell told of what the Rotary Club of Victoria had done in this regard. The matter will be discussed next week or at some other early date.

## Ten Years Ago in Prince Rupert

June 22, 1913.

Mr. and Mrs. R. L. Kuhn, are sailing tomorrow on the Prince Rupert for Seattle where they will spend their honeymoon. Mrs. Kuhn was formerly Miss Mabel Gray, daughter of Mr. and Mrs. J. S. Gray.

Dr. Alfred Thompson, member of parliament for Yukon, was a passenger bound for the north on the Princess Sophia today. He spent a few hours visiting with his brother, J. H. Thompson.

Herr Victor Zaleski has arrived here direct from Vienna, Austria, to join the Westholme Orchestra under the direction of George Werner.

## The Man in the Moon SAYS--

TALKING about his motor boat a local enthusiast when asked how it was conducting itself declared he could not have had more trouble if he had been married to the blessed thing.

WHILE there have not so far been many weddings this June and the prospects are not good for the few remaining days of the month, yet from appearances it would seem as if progress toward matrimony was being made in many quarters. Those who wish to know more about this should keep their eyes open.

TALKING of June reminds one of the time before the advent of domestic science when youthful vampish girls fed their trusting husbands with underdone pie, concrete angel cake, burnt buns and leather steaks.

EVEN today experimenting in cookery on young hubby is a favorite sport with some brides.

MONEY talks but its favorite expression is "Good-bye."

A DOWNEAST paper advertises "bridal parties photographed at home." That shows how far behind the times they are down east. In the west the average bridal party has no home and if it had it would not know

what to do with it.

ONE thing we would like to discover is what the average essay writer does when he is sober.

TO bar oleomargarine from the table and to continue to allow green onions seems to be an indication of the decline of the race.

All Henry Ford has to do if he wants to reach the presidential chair is to promise every voter a Lizzie if he would be elected.

FINE NEW HOUSE FOR PRINCE RUPERT MAN

Olof Hanson's Country Residence at Lake Kathlyn is Nearing Completion

SMITHERS, June 21.—The handsome new residence being erected at Lake Kathlyn by Olof Hanson is rapidly nearing completion, having reached the painting and decorating stage.

SMITHERS

The Rev. Dr. E. Longfeldt, who has been a visitor here, left on Wednesday's train for Hazelton, from which point he goes to Terrace on Friday, and on Saturday will arrive in Prince Rupert.

John Kelly, who was police chief here for a number of years, has been transferred to New Westminster, leaving for that point on Monday last.

T. Sangster is the owner and builder of a new house being erected on Broadway.

E. Hann is the contractor in charge of extensive alterations to G. Carruther's house.

F. Page, who has been visiting in Winnipeg and eastern points returned home Wednesday. He is very enthusiastic over crop conditions on the prairies and says he never saw them looking better or so well advanced, and nothing in the usual run of things can now prevent the farmers from reaping bumper crops.

The school children have again undergone a medical examination at the hands of Dr. C. H. Hankinson. Outside the usual tonsils, adenoids and teeth nothing to cause parents alarm developed. The doctor is now on a medical inspection of the schools in the Burns Lake district.

TERRACE NOTES

There is a widespread regret that Mr. Foustler, principal of the school, has decided to leave at the end of the term.

Duncan Munro is spending a few days in town.

Misses Winnie Alger, Vera MacDonell, and Norma Menzinger, of Esk, made a trip to Terrace this week and spent a few days.

Mrs. H. S. Greelman, Mrs. Farr and Mrs. Sherwood made a trip to Kalum Lake this week.

Mr. and Mrs. Ben Ager spent a few days in town returning to Amshury on Wednesday.

Miss Carmen Smith is spending a few days at Amshury as the guest of Mrs. Ager.

The regular meeting of the Women's Auxiliary of the Anglican Church was held at the home of Mrs. Burnett and was well attended.

Messrs. Wilson and Hall of Reno are spending a few days at Kalum Lake constructing a skiff for use in their work there.

WINTER'S FUR CATCH NETTED \$1,200 COLD CASH FOR INDIAN

Was Carrying That Amount in Grip as he Did Not Trust The Banks

SMITHERS, June 21.—Apparently of the belief that banks are unreliable and not to be trusted, an Indian, who was a passenger to a point east of Prince Rupert, travelled on the train with twelve hundred dollars in bills in a grip. He said he was just returning from trapping and the amount mentioned represented his winter's catch.

TELKWA

Dr. Langfeldt of Edmonton has been in the district for several days and is delighted with this part of the country.

Mrs. W. W. Noonan and children accompanied by Miss G. Owens, are spending a few days in Terrace visiting Mrs. Noonan's mother.

Several heavy rains have fallen lately, and the farmers are now feeling much more contented and hope to have good crops this fall.

Miss May Bell of Woodmere was the guest of Mrs. John Guthbert last week-end.

After several weeks about town after having cut his foot on the trail, Harry Miller has resumed his work at the Dome Mountain camp.

On Wednesday afternoon Miss Sheila Hoops entertained a number of her small girl friends in the honor of her seventh birthday.

Constable Thornthwaite of the R.C.M.P. is now stationed at Telkwa.

Mrs. Brayfield leaves on Monday for Prince Rupert to attend the annual church synod meeting.

Very Successful Affair Took Place Yesterday Afternoon at Home of Mrs. J. Lorne MacLaren

The ladies of the Catholic Church held a tea and sale of home cooking yesterday afternoon at the home of Mrs. J. Lorne MacLaren, 875 Borden Street. The affair was very successful and many ladies attended. Financial returns were not completed this morning. Mrs. MacLaren was assisted in receiving and entertaining by ladies of the church generally.

DELEGATES CHOSEN G.W.V.A. CONVENTION

H. H. Jepson and P. B. Ashbridge were chosen at last night's meeting of the Great War Veterans' Association as delegates to represent the local branch at the Dominion convention to be held in Vancouver from July 3 to July 7. Alternates are Thomas Silversides and J. Webster. The delegates will leave for the south on Saturday night or next week.

IS APPRECIATIVE OF SCHOOL OFFICIAL WHO IS LEAVING THE CITY

At the Rotary Club luncheon yesterday President Hugh Grant spoke of the loss it would be to the city if Harold Campbell, superintendent of schools, should leave. He felt that a great work had been done for the schools in the two years he had been here and if the question were a financial one the city should not be envious. The standard of the schools had been raised and Mr. Campbell was a good citizen and a good Rotarian. While Mr. Campbell himself was a great asset, he had also brought a genial and kindly wife who also was a great asset to the community.

BOUNTY ON COPPER MIGHT ADVANTAGE NORTHERN COUNTRY

Tons of unrefined copper pass Prince Rupert every month which might be manufactured into copper rods right here and which the bounty offered by the government of Canada might help, stated Thomas McLymont at the Rotary Club luncheon yesterday. The manufacture of copper is of vast importance in view of the increasing importance of the electrical developments.

It was stated that bounty was to be of advantage to British Columbia.

GIL'S DEFEATED SONS OF CANADA

Canucks Lost First Senior League Baseball Game last Night—Score 10 to 8

The Sons of Canada sustained their first defeat of the season in the Senior Baseball League last night at the hands of Gil's by a score of 10 to 8.

Gil's first at bat, made five runs to start with principally because of loose fielding on the part of the Sons and a couple of safe hits. George Hill struck out, W. Mitchell got first on an error and Bazett-Jones walked, Eason singled and scored Mitchell and Bazett-Jones, Hamilton following up with a two bagger which scored Eason. G. Mitchell got first on error and Hamilton scored and H. Frizzell got to bases on another error which scored Mitchell, V. Menzies and D. Frizzell, Sons of Canada third and first base men, were responsible for two and one of the errors respectively.

With Gil's having a good lead, the game continued in a rather listless manner, each side scoring now and then but not enough to make much change in the situation. At the end of the seventh, the Sons of Canada hopes went up when J. Sims, Farquhar and A. Mitchell filled the bases with the strongest Canadian batters following them. V. Menzies poked out a nice two bagger which scored Sims and Farquhar. Hatchford, next to bat, was wisely walked by Frizzell and the bases were full again. H. Astoria came up with a three base hit which scored Mitchell, Menzies and Hatchford. The five runs were all that the Sons were able to gather in, however, which were not enough to overcome the lead against them.

Feature Plays

Feature plays of the evening were a pretty running catch of Shaw's infield fly by Farquhar, Sons of Canada short stop, in the second inning, and a healthy big hit to left field in the third by V. Menzies which looked like a homer and should have been at least a three bagger but for the fact that the runner stumbled between second and third and as a result was put out.

Pitching honors were divided between Lidstone, of the Sons of Canada, and Howard Frizzell, Gil's, who held down the mound throughout each having eight strike outs to his credit. The Sons of Canada had their share of hits and made more big ones than Gil's. Fielding errors were principally responsible for their defeat.

Lineups and Scoring

P. Laporte and G. Walls were the umpires and the teams took the field as follows:

Gil's—George Hill, 3b; W. Mitchell, cf; S. Bazett-Jones, 1b; A. A. Eason, ss; Hamilton, c; G. Mitchell, 2b; H. Frizzell, p; W. Lambie, rf; G. O. Shaw, lf.

Sons of Canada—J. Farquhar, ss; A. Mitchell, 2b; V. Menzies, 3b; Jack Hatchford, cf; Harry Astoria, c; R. Smith, lf; D. Frizzell, 1b; D. Lidstone, p; J. Sims, rf.

OCEAN FALLS BALL TEAM CANNOT COME SO ANYOX ENGAGED

Ocean Falls has wired the Sons of Canada Dominion Day celebration committee that it will be unable to send a baseball team here as originally intended because of the fact that it has been decided to hold a celebration there. Accordingly, the committee has now made final arrangements to have a team come here from Anyox instead.

Anyox this year possesses an abundance of good players making it possible to send a first-class team here and also keep a team at home to play with Ketchikan on the same day.

ANYOX SENDING BASEBALL TEAM

Sports Arrangements Discussed by Community League at Smelter Town

TWO GAMES JULY 1

ANYOX, June 22.—The regular meeting of the Community League Council had to do mainly with the manner in which Dominion Day was to be observed. Those present were Vice-President Callanan, who occupied the chair in the absence of the president, Mr. Lewis, Secy.-Treas. Townshend, Councillors Messrs. Jones, Seidelman and Simpson.

The minutes of the previous regular meeting were read and adopted, as were the minutes of a special meeting held on June 6 in the Gymnasium for the purpose of discussing Dominion Day matters.

The Secretary's report stated that the Sports committee had met twice since the special meeting, both occasions being in the afternoon, and drafted a program for the first of July celebrations, and which was submitted to the councillors present for their approval. The Tennis Club had asked for the usual donation for the purchase of prizes for the tournament which they had decided to put on in connection with the holiday.

The swings at both playgrounds had been put in fine repair by Messrs. Woodward and Simpson, and a good job had been done. The addition to the grand stand at the ball park was completed, and is a very good job. It is the intention to have Messrs. Williscroft and Gillespie who did this work do the footpath across the Flats bridge if they can be induced to take it on.

In connection with the kindergarten matter, the secretary said he had written east for information as to salaries received by competent teachers and the approximate cost of equipment, etc. for such an institution. Tickets are on sale for the Ketchikan-Anyox ball game and the July celebrations.

The fan which was ordered and received from the Canadian West-Ingouhouse people, will be shortly installed, and is held up temporarily owing to a misunderstanding, the proper parts not arriving with the shipment.

The secretary of the Baseball League has been corresponding by wire with Prince Rupert. For the celebration of Dominion Day in that city a team of ball players is wanted. Unfortunately prior arrangements had been made with Ketchikan for one team. A second team was offered and accepted and the amount of the guarantee wanted asked for.

The Council approved the program as drawn up by the committee, and it will be printed by Mr. Moss, of Alice Arm. The Council approved the amount asked for by the Tennis Club, and that a ball team be sent to Prince Rupert for the date asked. Considerable discussion took place over the arrangements for the Dominion Day celebration.

MONEY NEEDED FOR SALT LAKE

Bathing Facilities in Bad Shape Now Constituting Danger to Children and Grown-ups

To make the Salt Lake safe as a bathing place for children and to put the dam, floats and diving tower, etc., in fit shape for use, it will be necessary to raise some \$500 immediately, officials of the Prince Rupert Swimming Club state. At present the finances of the club are in a straightened condition and there is no money with which to do the work. To raise money, the club is selling membership tickets for adults and children and, at the moderate fee being charged, many tickets will have to be sold to realize the required amount. A delegation from the club will also approach the city council with a request for a grant. The provincial government has spent several hundred dollars this year on improving the surroundings at the lake by repairing the walks and other improvements and it is felt that the city should also do something towards the cause.

The property of the club at the lake including the dam, floats and diving tower are in a dilapidated and dangerous condition at present. Because the dam does not hold back the water, the level of the lake is some 18 inches or more below what it should be. This means that there is no water on the beach that was formed for children paddling. It also means that the water is shallow near the floats constituting a danger. The floats themselves are in bad shape and logs will have to be renewed and replaced under them. The diving tower is broken and in a shaky condition, making another danger. It will be towards the improving of these facilities that the money the swimming club wants will go.

There have been considerable improvements at the Salt Lake this year but, as has already been pointed out, this work has all been done by the provincial government and does not affect the bathing facilities proper. This is work the Swimming Club, supported by the city and citizens, will have to look after.

HARVARD-YALE RACE TOMORROW

Two Big American University Rowing Teams to Compete on Thames

NEW LONDON, Conn., June 22.—(By The Associated Press).—The crews of Harvard and Yale, rivals for more than 50 years in the most picturesque of college boat races, a long, four mile pull, polished their sweeps tonight in preparation for the 56th renewal of the event, to be rowed downstream tomorrow afternoon on the Thames river.

Advance crowds of followers of the Blue and Crimson flowed into New London throughout the day giving promise of one of the gayest and greatest of regatta gatherings. Tomorrow they will find places on the long, tarpaulin covered observation trains or on the river banks, follow the progress of the even-swept boats and cheer the straining oarsmen.

Tomorrow morning the colors of the universities will be fluttered for the opening races, between the younger crews. These events are over a two-mile course between the freshmen and second varsity crews.

Yale comes to the regatta tomorrow with one of the finest crews in her rowing history. Fashioned from green timber in less than a year by a new coach, young Ed. Leader, who previously won fame with the University of Washington eight, the Blue varsity has been one of the few undefeated eights of the year. It has beaten Columbia, Cornell, Pennsylvania and Princeton. Straight-backed, indefatigable, well distributed, this Blue eight is one of Yale's greatest athletic turnouts.

Harvard too, has a good crew, although its earlier races have not been so impressive as those of Yale. The Crimson finished third in the triangular event with Navy and Princeton on Lake Carnegie and was beaten by Cornell on the Charles.

On the Mountain Top

CLIMB the mountain—stand on the peak—and before you there unfolds a panorama extending as far as your eye can reach. Stay in the valley, and your view is restricted by the surrounding hills.

This newspaper, properly used, will guide you to the mountain top. Read it and your vision is enlarged. You get a bird's-eye view of world events. You glimpse the doings of the day.

Fail to use it, and your view is limited—you remain in ignorance not only of events at home and abroad, but of much that concerns you even more vitally—news of the very things that have to do with your personal, everyday life.

Some one might be selling a new, better and more economical food; or a utensil that would add immeasurably to your comfort and well-being; or some better material for shoes or clothing—but you would never know, because of your restricted view.

You may read every line of the news columns, but if you overlook the advertising, you are still living in the valley. You remain uninformed about many things you ought to know in order to live a happy, useful, profitable life in this age of progress.

Climb out of the valley to the mountain top. Read the Advertisements.

Sport Chat

The end of English betting still seems far off. The special committee appointed to help the government decide whether it will pay to tax betting, held another public session recently and examined several police officials. Their testimony was against such a tax. Mr. Caldwell, police superintendent of Liverpool, said such a tax would only be effective on the poorer people who bet on the street and would not reach the more well to do whose betting was not so open. Theophrastus Bingham, assistant commissioner of the Metropolitan police force, said that it would require a prohibitive police force to enforce such a law fairly as the streets of London were riddled with betting. He felt that some way would be found to evade such a law anyway.

## UNION BANK IS ON SOUND BASIS

Irregularities in Foreign Exchange Cause Reorganization With Reduced Dividend

### STATEMENT IS ISSUED

WINNIPEG, June 22.—The Union Bank of Canada today issued a statement regarding its affairs. It said in part that shortly after the last annual general meeting the then general manager reported to the president and directors the discovery of certain unauthorized transactions in foreign exchange from which considerable loss resulted to the bank which loss had been fully provided for. Having regard, however, to all surrounding circumstances and in view of the change of the general management of the bank a thorough examination and revaluation of the bank's assets was later decided upon. This valuation was conducted by high executive officers of the bank, auditors and an executive officer of the Bank of Montreal loaned for the purpose. The valuation was now completed and after earnest consideration there had been a transfer from the rest account to contingent reserve of the sum of \$1,200,000 and a reduction of the dividend to shareholders of from ten to eight per cent. The institution had been placed on a sound footing, the sum of \$1,750,000 being left to the credit of the rest account. The report further stated that the officers were looking forward with confidence to the future of the institution. They secure the shareholders in their belief in the fundamental soundness of the bank's position and point out that all bad and doubtful accounts are provided for and not only is the bank's capital unimpaired but its rest account is still substantial.

## RATS WERE FED BY LADY WHO TAMED THEM

Jersey City Officials Had to Remove Corposes in Baskets After Slaughter

NEW YORK, June 22.—(By Canadian Press)—Mrs. Mary Tobin, who lives at 266 Old Bergen Road, Jersey City, recently discovered a rat in her house. Being afraid of it, she did not like to incur its enmity by appearing inhospitable, so she decided to be friendly. She tossed it bits of bread and placed a saucer of milk for it on the floor. Nothing loath to accept these evidences of good will, the rat ate the bread, drank the milk and departed. Mrs. Tobin congratulated herself on her tact in dealing with her unwelcome visitor. A day or so later, however, she was horrified by another visit from the rat, who came with a dozen companions to show his appreciation of her kindness. Mrs. Tobin was so terrified but did not know how to get rid of them, so she pursued her former plan of making friends. Each day she placed pans of milk for them about the house and generously distributed loaves of bread, some days going so far as to take no less than ten extra loaves for her comensal guests. This went on for over a fortnight, during which time the rodents made themselves thoroughly at home. Their ranks increased daily until the noise they made attracted the attention of Mrs. Tobin's neighbors, who notified health officials. But Mrs. Tobin had gone too far to draw back. Her only salvation lay in gaining the rats' affection, so, thinking to endear herself to them, she built a ladder from a hole they had made in the floor to another in the roof. This enabled the rodents to stage a "Rat Revue" in the open air every night, motorists came from far and near to witness, illuminating the "revue" with their lights. Finally health officers intervened, and prepared a banquet for the rats consisting of bread soaked in arsenic. One official stated that when he entered the kitchen the floor was covered with nearly a hundred rats, who paid not the slightest attention to him. They were, he affirmed, absolutely fearless, and one actually licked his hand. After the banquet the rats were removed in baskets.

## ACTIVITY IN MINING STILL AT SMITHERS

Duthie Examines Property in Babine: Road Building Progresses Fast

SMITHERS, June 22.—B. W. Howard, of Edmonton, Alta., was on a business trip here in connection with his mining claims on Hudson's Bay Mountain. Seen before he left for home by way of Prince Rupert and Vancouver, he stated he was very much pleased with the prospects and expects to return shortly to start development work.

J. F. Duthie, accompanied by mining engineers and experts is on a visit of inspection to the Harvey group in the Babines. It is stated that should the examination prove favorable, Mr. Duthie will purchase this group.

Work is progressing steadily on the Hudson's Bay Mountain. The new government road to the Duthie holdings is making good headway, and with the completion of the installation of the new machinery now at the mine, shipments of ore will be under way before long.

It is understood that much building activity will soon be seen on Mr. Duthie's property as he intends erecting several cottages for his employees in addition to other camp structures.

The Guggenheim people, who are operating on Dome Mountain, are stated to have an option on the Judge Group, and are to inspect and report within a short time.

## Milburn's Laxa-Liver Pills The Great Liver Regulators

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Therefore when the liver is inactive and failing to secrete bile in sufficient quantity constipation and other liver troubles soon follow.

Mrs. H. D. Hutchinson, Peterborough, Ont., writes:—"I have been using your Milburn's Laxa-Liver Pills and they have done me a lot of good.

My liver bothered me a great deal; I was drowsy and tired all the time and didn't feel like doing anything, let alone my housework. I tried everything, but your Pills seemed to do the work far better than anything I had ever taken."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
