CRUISER SQUADRON TO VISIT CANADA SOON

TWELVE MILE TERRITORIAL LIMIT CONSIDERED IN LONDON BY CONFERENCE

EDITORIAL

OUR OWN MINISTER.

The minister of marine and fisheries is here today and the people of Prince Rupert will treat him with their usual open hearted hospitality. He is our own minister. As a seaport he is particularly interested in us through being minister of marine and as the premier fishing port of the Dominion he has a fatherly care for us owing to the fact that he is minister of fisheries.

Everyone hoped Mr. Lapointe would have been with us last year but he was unable to make the trip. Now he is here and we want him to go away imbued with a sense of our importance as a seaport and as a fishing centre.

Many people would have liked to hear Mr. Lapointe speak at a public meeting. He made a great impression at the time of his last visit and doubtless he would have done the same again. What is more important, however, is that he should thoroughly inform himself of the local situation in regard to grain shipping, possibilities, the Oriental trade, docking and other facilities, the fishing industry and fish marketing. There is no political campaign on and at any rate there is no need of a minister speaking here for political reasons. It is much more important to the people here that the minister shall absorb rather than give out. The time is limited and there is a great deal to see and hear.

Fisheries

It might be well just at this time to draw attention to the fishing industry. Doubtless Mr. Lapointe is well posted on our resources along this line but we wish him to remember that last year there was shipped from this district approximately sixty million pounds of fish made up of twenty-five million pounds of halibut, thirty-three million pounds of salmon and four and a half million pounds of herring in addition to cod and various kinds of flat fish and shell fish. While halibut and salmon are the staple fish products at present it is expected there will be development along other lines and that the cod and herring and crabs and clams will also be utilized to a very much greater extent than they are today and also that the sole may be exported in steadily increasing quantities.

Distance From Ocean Ports

A fact that needs to be constantly impressed upon visitors is that Prince Rupert is nearer to most of the ports on the Pacific Ocean than any other Canadian port. Visitors do not realize it. They think we are so far north that we are almost out of the world. They forget that we are on the same parallel of latitude as Liverpool, and Liverpool is one of the largest shipping ports in the world. It has a distinct advantage in trans-Atlantic shipping just as we have the advantage in trans-Pacific shipping. While Prince Rupert is nearly five hundred miles nearer Yokohama than Vancouver she is also nearer to Vladivostok, to Shanghai, Hong Kong, Manila, Honolulu, Melbourne and Sydney, Australia. The distance to the Panama Canal is only about one hundred and eighty miles farther from this port than from Vancouver and we have the same terminal rates for produce from the prairies to the coast and doubtless will get the same rate for our ocean traffic to the United States.

British Battle Cruiser and Light Squadron to Visit Canada on Cruise

LONDON, Oct. 17.—Lieut.-Col. Ainsley, first lord of the admiralty, opened a discussion on naval defence at this morning's sitting of the Imperial Conference. Various Dominions' representatives were presented and subsequently participated in the discussion, it was announced.

H.M.S. Hood and the Repulse with a light cruiser squadron will visit Canada on an Empire cruise.

The Hood is a battle cruiser of 41,200 tons, and was launched in 1918.

NO ELECTION SOME TIME

Talk Is Premature as Government Has Two Years Yet to go Says Oliver

VICTORIA, Oct. 17.—Addressing the Liberal Association, Hon. John Oliver corrected an impression which had gone abroad that an election was likely to take place in the near future. "The government has two years to go," declared the premier, "and all this talk about an election is premature. The government will be in no hurry to go to the country," he said.

U.S. PLANNING STOP FLOW OF IMMIGRATION

Will Have Officials at Canadian Ports and Those Not Admitted Will be Returned

WASHINGTON, Oct. 17.—In an effort to avoid the rush of immigration that clogged the ports of entry along the Canadian border, United States immigration officials plan to make full use of an old agreement with the Canadian Government whereby immigrants admitted in monthly quotas came into effect. This allows the United States to inspect arrivals for U.S. ports at a Canadian port of entry. The quota law will be applied at the Canadian ports and immigrants in excess of the quota will be returned to Europe from the Canadian ports.

ROSE PRINCE WON CZECHOWITCH STAKES NEWMARKET TODAY

NEWMARKET, Oct. 17.—A. K. McComber's Rose Prince won the Czechowitch Stakes here today. Aga Khan's Teresina came second and Sir A. Bailey's Ceylonese third. Twenty-nine horses ran over a two and a quarter mile course.

Kingdom or the Eastern States or Eastern Canadian ports.

Because of these facts Prince Rupert is bound to develop, especially in view of the vast timber and mining resources not to forget one of the greatest agriculture.

Prince Rupert people will think that we sometimes over-stress these facts but they must always be borne in mind and the more we think of them and dream of them, the better we will get the same rate for our ocean traffic to the United States.

DOCTORS KEEP LLOYD GEORGE IN BED TODAY

Leaves Mouth of Columbia River With Jury Rudder Following Damage

PORTLAND, Oct. 17.—Steam schooner Claremont, which was disabled off the mouth of the Columbia River late yesterday with a damaged steering gear, was able today to proceed to San Francisco with a jury rudder, according to word received here. There is no immediate danger and no assistance is required, radio messages say.

MOROS GIVE TROUBLE PHILLIPINE ISLANDS

Members of Phillipine Constabulary and School Teachers Are Killed

MANILA, Oct. 17.—Unrest amongst Moros in Mindanao provinces is becoming serious and United States troops have been asked to intervene. Two school teachers, one supervisor, one lieutenant and eight privates of the Phillipine constabulary were killed in the riots.

WILL BE OPEN SHOP AT VANCOUVER IT IS DECLARED TODAY

(Special to Daily News)

VANCOUVER, Oct. 17.—"When this strike is over there will be no longshoremen's union here," declared a prominent shipping man here this morning. "This will be an open port for labor. The rate of wages will be continued but no union will be recognized in future. The reign of the union on the waterfront is over."

J. A. Stephen, assistant provincial public works engineer for Alton district, and G. A. Young, road superintendent, reached the city on the Cardena yesterday afternoon and are proceeding to night by the Prince George to Anyox.

BOTH KILLED WITHOUT WORD

Sheriff and Constable Fought Silent Duel on Main Street of Town

MARSHALL, Texas, Oct. 17.—Sheriff Rogers and Constable Proctor met on Main Street of Jefferson, Texas, and shot and killed each other without speaking a word.

The sheriff had given the constable papers to serve on a law-breaker and the constable forgot to do it. The sheriff was fined in consequence and the duel was the result.

Government Ownership Railways Only in Extreme Cases Urges Sir Henry Thornton at Boston

BOSTON, Oct. 17.—Government ownership of railways should be resorted to only when the railroads could not be made to pay and to render adequate service to the public under private ownership and management, Sir Henry Thornton, president of the Canadian National Railways, said at a banquet of the Traffic club of New England.

Sir Henry said that one of the most important phases of the railroad industry in the United States and Canada was the attitude of employees of the road to whose temperament and welfare those wielding power in the sent administration was encouraged.

Sir Henry said the outlook for the railroads now constituting the Canadian system under the pre-

aging despite the fact that in the first seven months of 1922 the receipts of the system did not meet expenses by two million dollars.

Notice to Delinquent Debtors

The response within the city made to last week's advertisement regarding the sale of delinquent debtors' accounts has rendered it needless to offer for sale many of the accounts submitted. Consideration for out-of-town debtors who have not had sufficient time to protect themselves by settlement of their accounts has decided us to defer the offering for sale of any such accounts for a matter of two weeks.

Other accounts since submitted from the Association's members with debtors who have neglected to pay same are now being compiled and will also be offered for sale to the highest bidder.

All accounts have been certified by the merchants entering same, as any intending purchaser of these accounts will be fully protected by this Association, and purchasers may offer same to debtors in lieu of wages or any other debt.

All correspondence in connection with this notice please address to the Prince Rupert Retail Merchants' Association, Box 146, Daily News Office.

TRUSTEES MEET IN CONVENTION DUNCAN TODAY

Presidential Address Yesterday Urges Institution of More Consolidated Schools

DUNCAN, Oct. 17.—Consolidated schools in order that a better chance in life should be given the country child, president Joe Harwood of Vernon urged in a presidential address at the 20th annual convention of the British Columbia school trustees association, which began here yesterday.

"I found in my travels in rural districts some of the brightest children. If they had the same privileges as city children they would make a great mark in life because they are away from three evils, the picture shows, the motor car and excitement that distracts the mind."

"If it were possible, but I know it is not, I would like to see on the statute books of British Columbia a law that no child should go to the pictures on school days," said Mr. Harwood.

The sessions, which will last for three days in all, is being attended by fifty trustees and visitors, among the latter being F. G. King, president of the Alberta school trustees association.

The gathering yesterday in addition to hearing the presidential address confined its activities chiefly to the naming of committees and other preliminary business.

MINISTER WILL BE BUSY MAN

Hon. Ernest Lapointe to Address Board of Trade at Luncheon and Receive Delegations

Arriving here by the steamer Prince George this evening at 7 o'clock and leaving on tomorrow night's train at 6:45 for Edmonton, the twenty-four hour visit of Hon. Ernest Lapointe, minister of marine and fisheries, in Prince Rupert will be well filled with business and social engagements of private and public nature. The minister is accompanied on his trip by Madame Lapointe and his secretary, Mr. Langlois.

This evening Hon. and Madame Lapointe will be entertained by Mr. and Mrs. Fred Stork at their home on Athlin Avenue. The formal opening of the annual Catholic bazaar this evening at 8 o'clock is also on the minister's engagement list in the city. The affair is already in progress having been opened to the public at 2 o'clock this afternoon.

Tomorrow morning at 11 o'clock Mr. Lapointe will receive various delegations at the office of Adam Mackie, inspector of fisheries, and will be there until 1 o'clock. Then he will attend the Board of Trade luncheon in his honor at the St. Regis Cafe. An inspection of the waterfront will follow before the minister and his party entrains for the East.

Few Registered As Householders.

Unless the householders of the city who are not property owners wake up to the fact that they should register, they will find themselves without votes at the next municipal election. They must register every year, yet today, although it is only just two weeks before the list closes, only six have visited the city hall and filled in the registration forms.

Usually there are a lot of people who wish they had votes when the election day approaches. There is only one way they can get such vote. One is to buy a piece of property and register it and the other is to visit the city clerk at the city hall and register as a householder. There is a slight matter of poll tax for those who do not own real estate but that has to be paid anyway.

Every citizen, male or female, should take an interest in the government of the city. Usually when things go bad it is owing to ~~laxity~~ on the part of voters. Until the mass of the people understand the art of government and take an active part in it, we cannot expect that public questions will be dealt with sanely.

Women Lax In
Their Duties.

For many years there were women who were always asking to become real citizens and yet today if it is found that it costs a couple of dollars to become a citizen most women prefer to give up the right. The only way to have women really interested themselves in public life is to tax them the same as men, married or single. Then they will soon turn out to vote and see that the candidates they elect are men or women who will watch the finances. As a rule women are more careful of money than men, yet when it comes to spending city money they care nothing about it.

Women are apt to forget that they are citizens and for that reason fail to register.

Australia's Plan For Price Control.

Is it possible to stabilize prices? As long as people are allowed to exchange commodities there will be variations in price. Things that are difficult to obtain and much in demand are bound to be dear, while things that are not wanted and of which there is abundance will be cheap, whether the value is measured in gold, in notes or tokens or on other commodities. Australia has an ambitious scheme to lay before the Imperial Conference but it is an experiment and the difficulty with experiments is that they seldom work the way their originators expect. There are so many issues which cannot be foreseen that it is impossible to know how a plan will work unless it has been actually tried.

Is Your Money All Working?

Idle money is as useless as idle people. In England people have been storing gold for many years, the despots say, and now at last they are beginning to realize the futility of what they did. When the war came they were frightened and hid away what gold they had and some of them had a great deal. Some of it was buried and all sorts of secret hiding places were utilized. For something like nine years they have clung to this money and got no interest on it. They still have it but the purchasing power of their money has dropped and the interest compounded for nine years has been lost with the result that they have lost a good deal more than half their potential wealth.

It never pays to keep much money locked away. It is impossible to get gold here just now, but even if it could be obtained it would be foolish to keep it. The same is true of bank notes. What people should keep, if they wish to hoard, is Dominion Government or some other good bonds. These bear a good rate of interest and by reinvesting the interest money can be accumulated very fast.

FARMERS CAN SOLVE THEIR OWN TROUBLES

Minister of Agriculture Objects
to Paternalism and Abhors
Agitators

VICTORIA, Oct. 17.—Solution of British Columbia's major agricultural troubles is within the grasp of the farmers themselves. The hard times prevailing in the farm districts of the province are merely a reflection of the depression in which farmers find themselves at present throughout the world. Closer co-operation and better organized marketing are the two agencies that will hasten a return of agricultural prosperity more than anything else.

These are the opinions of Hon. E. D. Barrow, minister of agriculture, expressed in a statement to The Colonist. He declared himself as being opposed to government financing and "paternalism" to the farmers to a greater extent than already provided for, and said the farmers should be given an opportunity of steering their own course out of the so-called agricultural crisis in British Columbia.

The Blame

"The men on the land—I won't call them farmers—who are making the big cry against conditions today are the misfits and never-do-wells who probably couldn't make good under the best of conditions," said Mr. Barrow. "The real farmers are sawing wood and keeping their minds on business. They know the problem is theirs and that it's their job to get busy and work out a solution. Those who are loudest in their protests and who make the strongest fight for government assistance are usually the theorists who think they know it all; who have merely a textbook knowledge of agriculture and who couldn't pull a stump or milk a cow if they were offered a bonus for doing it. Such men are natural trouble makers and there is no use in listening to them.

Would Deport Them

The farmer who won't cooperate belongs to the same class. It is a pity that there is no law to deport them, because they are absolutely worthless. Any man who will not join his neighbors in a reasonable cooperative effort to benefit his community has no business in that community and should be driven out. There are men of that class in British Columbia of all nationalities. No particular group is more at fault than the other. The only way for us to deal with them is through education, and it requires a tremendous amount of tact and diplomacy to avoid antagonizing them worse than ever. The farmer's psychology is a peculiar thing, and no city man can understand it.

"We have witnessed this year in the Okanagan an instance where a big co-operative movement, organized on a sound foundation, was seriously undermined by a few outsiders who refused to join the organization and sent in their produce to market without any consideration for the marketing program of the community. So long as there is that spirit among the farmers, even though it be confined to only a numerically insignificant minority, it will be impossible to realize a full measure of agricultural prosperity in British Columbia."

Can Get Loans Now

Mr. Barrow pointed out that it was still possible for farmers to receive loans under the Land Settlement Act, although few applications were being received, because the government refused to consider applicants who had already got themselves in serious financial trouble.

"The farmers who get along the best are those who don't lean too much on the government for support," said the minister. "It is our policy to keep agriculture in the realm of private business and free from government paternalism. It is only in that way that the resourcefulness and independence of the main body of British Columbia farmers can be maintained."

W. C. Orchard, C.P.R. general agent, sailed last night by the Cariboo for Vancouver where he will join Mrs. Orchard and proceed on a month's holiday trip to California.

Will Your Boy Be Educated?

Of course he will, because you want to see him grow up to be a "real" man. When he gets out into the world and makes his mark, what pleasure and satisfaction it will bring to you!

But there is just one consideration—suppose you do not live until he is fitted for his life's work. This thought has escaped many a man. It is the chief reason ninety per cent. of children never complete their High School course.

The matter can easily be arranged—an education guaranteed to your children—through life insurance.

It is one of the great pleasures of life insurance representatives to be able to advise fathers and mothers how to provide for the education of their children, who will afterwards pay honor to their parents, holding them in high regard for this chance in life.

LIFE INSURANCE IS "THE LOVE THAT NEVER DIES," AND WHEN EXTENDED TO YOUR CHILDREN REACHES ONE OF ITS HIGHEST FORMS OF EXPRESSION.

LIFE INSURANCE SERVICE.

LABOR TAKES NO ACTION

Feeling Divided on Question of
According Support to Pro-
vincial Party

The result of a meeting held in the Carpenters' Hall last night to consider what part local Labor should take in connection with the establishment and support of the Provincial Party in this city was the unrecorded decision that no action should be taken therewith. Feeling seemed to be divided, some wanting further consideration of the matter and others feeling that the interests of labor would best be served by a straight Labor candidate. T.

Ross Mackay, who presided, urged that there be no delay in view of the fact that the Provincial Party would be having an organization meeting in the city at an early date. The attendance at the meeting was small.

Besides the chairman, among those speaking were George B. Casey, George Rudderham, J. W. Exley, P. Sullivan and Alex. McLellan.

Mr. Casey felt that as far as Labor was concerned it would be best to have Rev. J. S. Woods worth, M.P., for Winnipeg, and Rev. Wm. Irvine, M.P., of Calgary, who are now on the coast, come here and organize a branch of the Federated Labor Party and have a straight Labor candidate. George Rudderham also favored a straight Socialist candidate. J. W. Exley criticized the

political activities of T. Ross Mackay and P. Sullivan came to the defence of the latter.

Cards and Dancing at Metropole
Hall Last Night with 125
People Present

Cards and dancing were enjoyed last night at a gathering held in the Metropole Hall under the auspices of the Women of the Mooseheart Legion. About 125 persons were present and a most enjoyable time was spent.

For the whist games the winners were Mrs. J. Pitts and Alex. Strachan, while the consolation

prizes went to J. Iverson and Louis Astoria.

Dainty refreshments were served by a committee of ladies consisting of Mrs. Foss, convenor, Mrs. Kerr and Mrs. Christianson. Mrs. J. Hatchford was at the door and the master of ceremonies for the dancing was Joe Slaggard with the Westholme Orchestra providing the music.

BIG BAZAAR IS ON TODAY

Catholic Ladies' Annual Affair
Commencing this Afternoon
is Most Attractive

More attractive than ever and bidding fair to be even more successful than the many popular events of a similar nature held in the past under the same auspices, the annual event of the ladies of the Catholic Church is in progress today in the Old K. of P. Hall and will continue tomorrow. While Hon. Ernest Lapointe, minister of marine and fisheries, will formally open the affair this evening at 8 o'clock, the doors were opened to the public at 2 o'clock this afternoon when Father P. J. McGrath made a few suitable remarks.

The hall presents indeed a bright scene and the various tables and booths are stocked with a wider range of articles for sale than ever before. The decorations of bunting, foliage and flowers have been artistically arranged and are a feature. As the affair progresses, musical numbers will be rendered.

Country Store

At the country store, decorated in lavender and yellow, there are offered vegetables, fruit, groceries and all manner of novelties and the raffles are also being held there. Mrs. Fred Moersch is convenor of this department being assisted by Mrs. Jack Keefe, Miss Adams and Mrs. J. J. Muldoon.

The fancy work booth, decorated in white and pink, is in charge of Mrs. J. Lorne MacLaren assisted by Mrs. S. Batchelor, Mrs. B. Gurnett, Mrs. M. P. McCaffery and Mrs. Charles Balagno. There are all manner of dainty articles for sale in this department.

The candy booth has a great variety of tempting delicacies. It is decorated in green and yellow and is in charge of Mrs. J. J. Pitts, who has assisting her Mrs. Griffith, Miss Pulmira Astoria, Miss Mary Astoria and Miss Duncett.

Tea Room

The tea room, home cooking booth and fish pond take up one entire side of the hall and are most elaborately decorated with purple, pink, green and white predominating. In charge of this section is Mrs. J. G. Gavigan, assisted by Mrs. Ed. Lawler, Mrs. Lawrence Lawler, Mrs. W. Gratton, Mrs. Lewis and Mrs. D. W. Morrisey.

Father McGrath, ever popular at such affairs as this, is giving the bazaar his general supervision and assistance.

Matt Larsen, charged with supplying liquor to an Indian named Joseph Wright, was remanded until tomorrow in the police court this morning. Another witness for the defence is to be called. Milton Gonzales appears for Larsen.

Hiltchey, is sailing tomorrow night by the steamer Prince George for Vancouver where she will visit her son in the Shaughnessy Military Hospital after which she will proceed to her home in Georgetown P.E.I. where she will remain.

Nearly twenty members have already joined the newly organized Badminton Club and it is expected that by Saturday night when the next meeting is held in the Daily News Office, upstairs, there will be fully thirty members. That will be sufficient to carry on and meet all financial obligations in connection with hall rent and other expenses.

The city council met last night in committee of the whole on the Fifth Avenue East grading by-law and decided to have the work on Bay's Cove Circle done by fill instead of trestle. The lifetime of the by-law will be ten years. The by-law was given its third reading and there will be another meeting this afternoon to reconsider and finally adopt it.

BRINGING UP FATHER

UNEXPLAINED BY SCIENTISTS

**Old Time Skipper Says Reason
For Ships Going Ashore Is
Not Understood**

LOS ANGELES, Oct. 17.—Neither tidal wave nor currents of seismic origin, but some other strange force was responsible for the recent wreck of seven United States destroyers and the crash a few days later of the super-dreadnaught Texas and the freighter Steel Seafarer in the waters off Point Arguello, north of Santa Barbara, Calif., according to Captain Alfred Davis, a mariner of the old school who sailed his clipper around the Horn a decade ago.

The west entrance to Santa Barbara channel, between Point Concepcion and San Miguel islands, always has been in ill repute among seafaring men, said Captain Davis. Its nickname, "the graveyard of ships," was earned about the time of Cabrillo, who there lost his life and was buried on one of the channel islands, according to stories which have become legends. It is said at no other point on the Pacific have so many ships met disaster, and always the cause remained a mystery.

Many Wrecks

Captain Davis said he recalls many wrecks along the coast near Point Arguello dating back to the time of the mystery disaster of the Golden Horn. Always, said the old sea captain, those who escaped alive from the wrecks, when any escaped, have had the same story to tell, of suddenly becoming enveloped in a fog and then, without warning, crashing on rocks. Invariably, he said, the navigators had thought themselves in mid-channel, their instruments showing them to be on a safe course, when in reality they were miles from their course.

Rather Uncanny

"Something unexplained by scientists," declared Captain Davis, "beckons the ships to shore, and every man who has sailed this coast for any length of time knows that something will get him if he doesn't watch out."

The national automobile racing championship for 1923 will probably be determined tomorrow at Kansas City when leading drivers of the racing world will pilot the roaring motors about the wooden saucer in a 250 mile speed classic. Eddie Hearne, now leading in points for 1923 racing laurels, will defend his lead and his most dangerous contender Jimmie Murphy, will also be there. Other drivers include Harry Hartz, Tommy Milton, Earl Cooper, Bennett Hull, Dave Lewis, Johnny Wonderlich, Harlan Fenger, Frank Elliott and Leon Duray. Twenty-five thousand dollars in prizes will be divided. First place will draw \$9,000; second, \$4,500; third, \$2,500; fourth, \$1,750; fifth, \$1,250; sixth, \$1,000; seventh, \$800; eighth, \$700; ninth and tenth, \$500 each.

SEVERAL JOBS ARE OFFERING AT BUREAU

Employment Situation Here Is
Satisfactory But No Cause
for Influx of Labor

The employment situation in the city and district is still very satisfactory. J. M. Campbell, local agent of the Employment Service of Canada, reports. The question is not to find jobs for men but to find men for jobs although, as occasion arises, a supply is generally forthcoming. There is no justifiable cause for an influx of labor and likely will not be this winter.

Today there are several jobs offering at the Bureau. Six carpenters for Anwoy and two for the Terrace bridge are wanted. The Duthie Mine at Smithers has ordered four machine miners and George Little wants two teamsters for his mill at Terrace. The Hanson Timber Co. requires ten tie makers at Decker Lake and the Granby Co. has wired for five loggers to go north to Anwoy tonight.

On Sunday night eight loggers were sent from here to the Abbottsford Logging Co.'s camp at Alice Arm and during the week thirty tie makers and swamplers have been despatched to various camps up the line. Some sawmill workers were also sent lately to Hanall.

FORMER ANYOX MAN WEDS MISS FARRELL

Ceremony Took Place at Home of Bride's Parents, Rev. J. Herdman Officiating

ANYOX, Oct. 17.—A wedding of considerable interest to residents of Anyox took place last week when W. Legge, formerly of Anyox Mine and now of Alberni, B.C., was united in marriage to Miss Gladys Farnell, daughter of Mr. and Mrs. R. W. Farnell. Rev. J. Herdman officiated, the ceremony taking place at the residence of the bride's parents. The bride's maid was Miss H. Wilson and the groom was attended by Alex. Wilson as best man. The bride was given away by her father, and appeared charming in a dress of white satin and wearing a bridal veil of orange blossoms. Her bouquet was of pink and white chrysanthemums. Mrs. E. Swanson played the wedding march, the guests including Mrs. J. T. Wilson, Mrs. Max Nord, Mrs. T. Leslie, Mrs. Jenkinson, Mrs. A. Swanson, Mr. and Mrs. R. Ferguson, Mrs. Wharton, Mr. and Mrs. Alex. Seaton, Mrs. J. Herdman, Mrs. T. Wilkinson, and Miss Anderson. The happy couple will spend their honeymoon in the south.

NEW SUPERINTENDENT HIDDEN CREEK MINE

Several Officials Get Promotions at Anyox Recently

ANYOX, Oct. 17.—Succeeding J. Tuttle Jr. as superintendent of the Hidden Creek mines, J. A. Swanson is receiving the congratulations of the camp. Mr. Swanson has been with the Granby Company continuously for 26 years and the appointment is a very popular one, and is a just recognition of ability and services rendered.

Mr. Swanson entered the employ of Granby at Phoenix in 1898, when that camp was in its infancy. He was one of the underground gang, became timber boss, shift boss and mine foreman in turn, coming to Anyox when the company first took over control of the properties which have since developed into the biggest copper operation in the Empire.

Mr. Swanson will have as his assistant superintendent W. Coulter, who has been with the Granby Company almost continuously since 1914, when he was in charge of the It Mine, a Granby property on Prince of Wales Island, about thirty-five miles west of Ketchikan.

The new mine foreman is Mr. Victor Bengson, who was assistant mine foreman at Hidden Creek for the past three years.

ALICE ARM

News of the reported optioning of the Dolly Varden mine by New York capitalists is welcomed here and it is hoped that it will mean an early resumption of the operation of the mine and railway. The Dolly Varden has been closed since December 1920 except for a little development work in 1921 and the shipping of 1874 tons of ore yielding 45,648 ounces of silver.

A Social League has been formed in Alice Arm with the following officers: President, C. Drennen; vice-president, Mrs. R. F. McTinnis; secretary treasurer, T. W. Falconer; chairman, E. Moss.

W. F. H. Thompson, organizer for the Loyal Order of Moose, was in town last week signing up new members. They were initiated in the Welcome Pool Room on Sunday. A number of Anyox members and officers were present.

ANYOX

Anyox residents arriving from holidays recently include Mrs. W. Jones and son from an extended visit to England; Mrs. Murray Gerard, from the south; Mrs. R. Stewart and daughter, from Victoria; Mr. and Mrs. O. G. McIntyre from a honeymoon spent in Vancouver; Mrs. E. E. Patton and family, Mrs. J. A. D. Stewart, Mrs. O. Wilson and A. Sinclair from Prince Rupert.

TELEPHONE SPECIALS

Shop by Phone to Save Time and Money.

Convinced that by telephone we can sell for less than otherwise, we have decided to put our theory into practice by means of "The Telephone Special."

The special prices quoted in this ad. apply only on orders phoned in, as we have proven beyond doubt that the overhead cost of selling which is the largest item in the expense column of the retail grocery business today is reduced by more than one-half when orders are taken on the phone as compared to those taken on the floor of the store. In other words our records for the past six months prove that the average clerk on the phone can accomplish more than three clerks of average ability in the store, consequently we feel that it is only fair that we pass this saving along to those who shop by telephone.

Shop by Phone to Save Time and Money.

This method along the lines we have explained above, completely explodes many of the time worn and accepted trade principles of the past, and we venture to predict that just as modern inventions have supplanted the methods of olden days, effecting big reductions in cost of manufacture, so also will our policy of lower prices to those who shop by phone supplant the time-wasting method of personal shopping.

Every home should have a phone. No longer is the telephone considered a luxury. It is an absolute necessity, and no household can afford to not have a phone. Make the phone pay its way. It will save shoe leather and possibly a big medical bill from exposure on a shopping trip when the weather is bad. It brings every merchant in this town right to your door, no matter how far away you live.

No Half Way Measure Can Continue Here Longshoremen Are Notified

Local shipping officials this morning notified the I.L.A. that there would be no half way method in connection with the longshoremen's strike. The men would either have to handle the cargoes of all ships or none at all.

Notification to this effect was given at a conference between N. B. Walton, C.N.R. superintendent; Reginald Beaumont, C.G.M.M. local superintendent; A. S. Paul, manager of the Pacific Stevedoring Co.; F. W. Reich, secretary of the local longshoremen's union; and Charles Lang, also of the union.

Asked by the officials what the intention of the union was, the union representatives stated that they would not unload ships loaded by unfair labor as long as the strike was in progress, but they would handle other freight. They were notified that they would have to handle everything or nothing.

The shipping concerns expect to have no difficulty in handling the boats here. Volunteer labor will be used until the strike is ended.

HOARDED GOLD IS BEING PAID INTO ENGLISH SAVINGS

LONDON, Oct. 17.—Gold which has been hoarded for years is being dug up in this country and paid into the savings banks. People in town and country, men and women, are finding gold with which to purchase savings bank certificates. For many years this gold has lain idle and the interest which it would have brought has been lost. Compounded in many kinds of securities this money would almost have doubled itself in ten years.

WELL KNOWN FIGURE ON STREET ARRESTED

Alex. Stewart Pleaded Guilty to Vagrancy Charge This Morning in Police Court

Alex. Stewart, well known character of the city street, fell into the hands of the police last evening and this morning pleaded guilty in Magistrate McClymont's court to a charge of vagrancy. Sentence was reserved until tomorrow.

Stewart's arrest was made last night following a phone call from Joe Sigmund, Graham Avenue, who said that a man was lying on the street in front of his house apparently dead. Sergeant McGlinchey summoned Dr. J. P. Gade, city doctor, and Constable Macdonald and proceeded to the scene. Stewart was found prone on the street in a very intoxicated condition. He was taken to the lock-up instead of the morgue.

ESQUIMALT ANXIOUS TO BID ON VESSELS FOR C.P.R. FLEET

VICTORIA, Oct. 17.—At a meeting of the Esquimalt Board of Trade at the Sailors' Club recently, R. H. Pooley, M.P.P., and Reeve Lockley, were appointed a committee to interview Norman Yarrow, of Yarrows, Ltd., in regard to the feasibility of building the two new ships for the Canadian Pacific Railway in British Columbia. The committee was instructed to enlist the co-operation of the Chamber of Commerce, and to make every effort to convince the Canadian Pacific Railway officials that Pacific coast yards should be given an opportunity to bid on this work.

BRITISH FARMERS ASKING PROTECTION

LONDON, Oct. 17.—The British farmers declare that unless they get a measure of protection so that they can afford to raise grain they will turn millions of acres of arable land into pasture. This will release a large part of the present employed and accentuate the critical unemployed situation here.

The present government is said to be pledged to free trade at present so it is difficult to know what will happen.

ANXIETY IN INDIA OWING TO CRIMES

Political Plotters Said to be Involved in Acts of Violence

CALCUTTA, Oct. 17.—In prolonging the Bengal Legislative Council, Lord Lytton, the Governor, voiced a note of anxiety and warning regarding the recent rerudescence of violent crime in Calcutta and other parts of the province. These outbreaks are attributed to the work of secret revolutionary societies, having as one of their aims the assassination of government officials.

"The crimes of violence which have in the last few months deeply shocked the public of Calcutta have been generally assumed to have been the acts of ordinary criminals. The latest murder in the post office at Santakotia and the trial and conviction of one of the gang who committed the murder has revealed to the public the workings of organized revolutionary societies of which Bengal has had such an unhappy experience in the past. The revival of a menace, which many will remember as a hideous nightmare, and which everyone had hoped had gone forever, has created a situation in which the government will require, to an exceptional degree, the support of the public.

"The contaminating influence of these gangs of fanatical idealists, who adopt terrorism through robbery and assassination as their weapon, is a danger to the younger generation from which no family can feel altogether immune."
