More Hebrideans Canada Bound

Waving farewell to loved ones on the Metagama.
Life will not be a bed of roses for
those who have newly arrived and
they will have to work, and hard;
but this they can do. They are the
descendants of the "Jords of the
Isles" who by strength of arms re-
pulsed the invasions of the Scandi-
navians and Scots. Social and in-
dustrial development was retarded to
a great extent by the clan system,
but those who have adopted Canada
are well educated and a simple life
of toil in adversity through genera-
tions has given them a splendid
physique and simple dignity. Al-
though forced by hard times to leave
their homes to make new ones, most
of them are in sufficient funds and
not a few families aboard the Mont-
calm were possessed of over £1,000.
Some have stopped in Ontario but the
larger proportion of them have gone
to Red Deer, Alberta, where they
will form a small colony.

THE Hebrideans are a home loving
race of people not much given to
wandering from their native hearths,
but the arrival at St. John aboard
the Canadian Pacific steamships
Marloch and Metagama of over six
hundred sturdy men and women of
the western isles, forced by stern ne-
cessity to seek their fortunes in the
land of promise is not without prece-
dent. In the year 1802 a contin-
gent of 111 was brought from the
Isle of Mull by Lord Selkirk to de-
velop the sheep industry on St. Clair
Plains, Kent County. If times were
hard when these people left home,

MOUNT CLEMENS, May

decreasing and mills now find it
necessary to look further afield

Election Might Strengthen Liberals.

Politically, the Liberal party might gain further strength in the House of Commons by returning to the electors at this time for a mandate on their fiscal policy which is admittedly a popular one.

The budget vote of last week saw one of the closest divisions since the government has been in power but it is doubtful if that division reflected truly the public opinion of the country. The Conservatives might have been expected to oppose the budget especially since there was a live possibility of the government being defeated. However, it is questionable if the stand that many of the Progressives took against the budget would have been endorsed by their individual electorates. Thus it seems reasonable that an appeal to the people on the question would be very timely especially since the situation is getting uncomfortably close for the government politically.

On the face of it, the government has been doing good work and the people are satisfied. Everything would indicate that it would now be endorsed in a larger way than it was given power at the 1921 election. However, with the people satisfied, an election at this time might be undesirable and the government may decide to continue under the present risks. On the other hand, it might be better to have an election now and save the disorganization that would come with a sudden adverse vote.

Canada Improving Industrially And Financially.

Industrially Canada is far from standing still. Many important industrial concerns regard the outlook as materially more promising than it was twelve months ago. Twenty corporations that have published balance sheets recently have shown total net profits of \$12,269,263. This figure is \$1,932,336 over that of the previous year.

Recent banking statements show an increase in loans of \$18,000,000 in the month of March and an increase of \$6,952,260 in saving bank deposits over the corresponding period in 1922.

Outlook For Crops Is Good.

A good crop this year is being looked for by railways and business interests. In anticipation of this money is freer and business is expanding.

The most recent crop reports of both the Bank of Montreal and the Canadian Pacific Railway agree that soil and moisture conditions in the West are satisfactory. Seeding is now well under way in Manitoba, Saskatchewan and Alberta. The grain will have had a good start by the time the warm weather comes in spite of the late spring.

The heavier rainfall in central and northern Alberta recently provided moisture where it was needed and will increase the acreage to be seeded in areas affected.

The weather has been warm and dry in British Columbia. Spring opened comparatively early and a good percentage of grain and roots is already sown. Much of this is already up and growing lustily. Present indications in B.C. point to a good crop.

Some Sores To Be Healed, But Menace Still There.

Despatches from London on Saturday indicated that some recent European sore points are about to be negotiated without resort to force which had been feared. The Turko-Greek dispute has been settled and Russia has acceded to British marine demands without the necessity of a show of arms being resorted to. Some long standing Near East disputes also show signs of solution.

The big question that still passively remains a menace to the peace of Europe and which, with some startling development, may cause a general embroglio, however, still remains in about the same position. That is the French occupation of industrial Germany. As long as Germany continues to submit peacefully there will probably be peace but it will be a point of danger until some other means for meeting the French demands are found besides occupation.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

Richard Walton Tully is planning to film shortly his famous play "The Bird of Paradise." The picture will be shot in the Hawaiian Islands and may take three, six or twelve months to complete. There is much speculation as to who will take the stellar role of the Princess Luana.

For the first time in the history of the Japanese Empire a motion picture has been shown in Tokyo at the Imperial Theatre owned by the royal family and recognized as the most famous play-house in the Orient. The picture was Douglas Fairbanks in "Robin Hood" which will be shown in this city next month.

Douglas Fairbanks and Mary Pickford have purchased an additional ten acres adjoining their already extensive studio holdings at Hollywood which were inadequate for the massive sets being built for their forthcoming production, "The Thief of Bagdad," and "The Street Singer." Miss Pickford hopes to complete "The Street Singer" early in June, leaving the Fairbanks company as the only unit producing on the lot. Mary's next picture will be "Dorothy Vernon of Haddon Hall" or "Faust."

WESLEY BARRY IN THRILLING FILM

Freckled Star Plays Heroic Role in "Heroes of the Street" at Westholme tonight

Wesley Barry, the lad of the many freckles and the smile that never wears off, is announced for an appearance at the Westholme Theatre tonight and tomorrow in his latest picture, "Heroes of the Street."

In this production Wesley is seen as a plucky boy whose bravery helps him to do things at which his grown-up superiors fail. He is cast in a role that gives him unusual opportunities to reveal a side of him that was not called out in other pictures. "Penrod," "School Days," and "Rags to Riches." In them he was a mischief-loving, frolicking urchin always ready for a prank, here he is all this plus a new quality that will more endear him to his many followers among men, women and children of this city.

Humor and pathos are said to be persuasively blended in this picture.

It is the story of Mickey Callahan, very much Irish, as his name indicates, and showing it in the numerous fistie victories over fellows of corner gangs who do their best to lick him and his lucky streak. Mickey can handle them one at a time, and when they come on too fast his bull terrier "Camisole" is always ready to do a little pursuing and come back with the tag end of a pants seat. In the midst of his checkered boyish life enters a mystery and tragedy, and then Mickey changes to a serious lad out to find a certain crook and murderer.

Marie Prevost is also in the cast as well as Jack Mulhall.

"OVER THE BORDER" THRILLING ROMANCE

Story of Liquor Struggling Between Canada and United States—Natural Beauty

The picture "Over the Border," featuring Betty Compson and Tom Moore, will be seen at the Westholme Theatre on Wednesday and Thursday evenings of this week. It is a story of liquor smuggling between Canada and the United States. It also tells of the efforts of a murderer to cross the same border after passing through a cordon of police. Thirdly, it tells of the passing of two great loves over the border of misunderstanding into the happiness beyond.

It is a swift moving romance filled with thrills and many scenes of natural beauty.

PERFECT LOVERS OF SCREEN IN NEW PLAY

Norma Talmadge and Eugene O'Brien Appear Together Again in "Voice from Minaret."

Norma Talmadge and Eugene O'Brien will again be seen together in "The Voice from the Minaret," a First National picture which is coming to the Westholme Theatre on Friday and Saturday.

These two have won the appellation of "the perfect screen lovers," and motion picture fans everywhere have hailed with delight the news that they would once more be able to see O'Brien cast as leading man to Miss Talmadge.

In "The Voice from the Minaret," the star plays the part of

Lady Adrienne, wife of the governor of Bombay, while O'Brien has the role of Andrew Fabian, an Englishman who makes a trip to the Holy Land for the purpose of study, and finds love on the sands of the desert.
"The Voice from the Minaret," is declared to be the best picture in which Miss Talmadge has ever appeared.

ALTERATIONS MADE UNIVERSAL STORE

Considerable Improvements Effected For Display and Handling of Stock

The Universal Trading Co. has carried out extensive alterations to its premises at the corner of Third Avenue and Sixth Street during the past month. The idea of the alterations has been to segregate the various departments of the business. A boot and shoe department has been opened on Sixth Street, with entrance from the main store. These premises were formerly occupied by the 99 Taxi Co., and have been entirely remodelled on modern lines. In this department a complete range of ladies', men's and children's boots and shoes will be handled.

The private fitting rooms for ladies and gentlemen have been moved from the floor of the main store on to the balcony together with the boys' clothing department.

The windows of the entire store have been rebuilt which now permits of six attractive window displays.

With these alterations practically completed the Universal Trading Co. will be in an excellent position for handling their various departments of the dry goods business.

Joe Bent was a passenger for Stewart on a business trip by the Prince George on Saturday night.

Praise from the Country

Commendation from a woman who spent most of her life in the country is praise indeed, for to such cooks, cream has not been a luxury, but a necessity.

Mrs. Eleanor Rue "was raised" on a farm in Pennsylvania. She married a Canadian and came to British Columbia. Cream was such a price they could not afford it, like when she lived in the country. "We tried different canned milks until we found Pacific and I really like it better than cream now. I never made such cakes before."

The experience of Mrs. Rue is common to many others. Pacific does work better in cooking, for it is always of the same richness.

BRINGING UP FATHER

LECTURE WAS
INTERESTINGRev. Dr. John Knox Wright Show-
ed Scene of King Tutenka-
men's Tomb and Made
Explanations

Referring frequently to King Tutankamen and showing magic lantern slides of Egyptian mummies and tombs in the Valley of the Kings where the late Lord Carnarvon last year discovered the remains of the ancient monarch, Rev. Dr. John Knox Wright, secretary for B.C. of the British and Foreign Bible Society, delivered an interesting illustrated lecture on Egypt in the Presbyterian Church on Saturday evening. Rev. Dr. H. R. Grant presided, and His Grace Archbishop E. H. Du Vernet pronounced the benediction. Mrs. R. A. Harlow presided at the piano. There was a small but very appreciative audience.

Among the slides shown and explained was one showing the exact spot near Luxor, a suburb of the ancient city of Thebes, where Lord Carnarvon discovered the tomb of King Tutankamen after 40 years of searching. Dr. Wright stated that already \$10,000,000 worth of treasure had been taken out of the tombs in this vicinity. Next year when the tomb of King Tutankamen is reopened it is expected that many valuable manuscripts will be discovered giving further light on the ancient history of Egypt. The greatest ruins of the world had been discovered in the Valley of the Kings. A picture of the unwrapped mummy of Ramses II, of the same dynasty as Tutankamen, was shown in the course of the lecture.

Trip Up Nile

Dr. Wright's lecture took the form of a trip up the Nile from Alexandria to the great Assuan dam, the building of which Dr. Wright said will destroy many great ruins through the overflow. Pictures of the modern cities of Alexandria, Thebes and Memphis and the wonderful ruins including mosques, tombs, the Pyramids and the Sphinx proved highly interesting, the presentation being enhanced by the explanations clearly given by the speaker.

In closing, Dr. Wright made an appeal on behalf of the work of distributing the Bible in Egypt, where was set so much of the early Christian history. Dr. Grant, in thanking Dr. Wright, endorsed his appeal in connection with the work.

Liver Trouble
Pains in StomachMost of the misery and ill-health that
humanity is burdened with arise from dis-
orders of the liver, stomach or bowels.

If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spells, sick or bilious headaches, heartburn, water brash, etc., you should take a few doses of Milburn's Laxa-Liver Pills. They will loosen up the liver, regulate the bowels, and one up the stomach.

Mr. T. C. Hallman, Highgate, Ont., writes: "I have had liver trouble and pains in the stomach for a long time. I started to use your Milburn's Laxa-Liver Pills, and in a short time I noticed they were helping me. Now I would not be without them and cannot recommend them too highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

died at 4 o'clock on Saturday afternoon in the Methodist Church by Rev. George G. Hacker, The witnesses were Mrs. Philip Metz and Chief Kelly, of Port Simpson. Following the ceremony there quite a celebration.

Mr. and Mrs. White, who comes from Port Simpson, will reside for the summer at the Prince Rupert cannery.

The bride was attired in a full wedding dress and veil of white.

WILL REPORT ON WORK
OF EVANGELIST PRICERev. G. G. Hacker, While in South,
Took Opportunity of Mak-
ing Observations

Rev. G. G. Hacker returned to the city on Saturday afternoon after attending the Methodist Church conference at New Westminster. While in the south, Mr. Hacker also took the opportunity of making observations of the evangelical work being carried on by Dr. G. S. Price. He says that some wonderful manifestations have been made by Dr. Price but there has also been some disappointment and there are many factors to be taken into consideration in passing an unbiased opinion. Next Sunday evening Mr. Hacker will address the local congregation on his impressions of Dr. Price's work. Mr. Hacker does not expect that Dr. Price will visit Prince Rupert.

NORTHERN PAPER
TELLS OF BOXINGAlex. Roy Was Koyed in a Minute
and a Half—To Be Return
Match Here

Reporting the boxing match at Stewart last week between Alex. Roy, of Prince Rupert, and Harry Blanton, of Hyder, the Portland Canal News says:

One minute and thirty seconds sufficed for Alex. Roy when he went into the ring with Harold Blanton of Hyder for a six-round bout. Blanton, who outweighed the Rupert champion by at least ten pounds, went in to win and drove the little fellow to the

ropes, where he became entangled and took a nice knock-out. The fight was finished almost before it started. In other words it "died a'bornin'" and folks, when they got outside, were kind of dazed.

When Roy had jolled up he went over to Hyder to congratulate Blanton on his victory, and while there arranged for a return match to be held in Rupert about July 1. Then he came to the dance in Stewart. He is a good little sport and everybody likes him. Blanton is to meet Manilla in Ketchikan July 1 and is up against a tough bird, according to reports, but he will have lots of backing.

Sport Chat

If the Sons of England manage to beat the Sons of Canada in tonight's Senior League football game, all three teams in the league will be tied with one victory and one loss each. A Canadian win, however, will place that team well away in the lead. Tonight's game will be the first meeting of the two aggregations of Sons this year and each team is on its toes confident of winning. The respective supporters are pretty sure of the abilities of their proteges and chances seem good for either. With the possibility of bringing about an interesting development in the standing, there is pretty sure to be a good crowd of fans on hand.

The Sons of Canada, to date, have one victory to their credit, the Grotto a win and a loss and the Sons of England, one loss.

The Boy Scouts and the Falcons go to bat tonight at the McBride Street park in a Junior League fixture. Victory for the Scouts will put them at the head of the league tied with the Falcons. A win for the Falcons will stretch their present lead in the standing and will relegate the Scouts to the cellar in company with the White Sox. Several persons have found these Junior League games interesting and their popularity is growing. While the kids may not play as tight as the older teams there is lots of fun to be witnessed and enthusiasm is being sustained very noticeably.

Tyrus Raymond Cobb, variously yclept "The Peerless One" and "The Georgia Peach," is not yet among the bench manager class, despite his thirty-seven years and the thinning hairs on his head. Frequent predictions, first heard when he succeeded Hughie Jennings as manager of the Detroit Tigers two years ago, that he was through as a player, have

failed of fulfillment. At bat, he is the same "Peach." His eye seems as clear as in his earlier days when he was the bugbear of all pitchers in the league. He continues to meet the ball squarely, and his faculty of driving it out of reach of the fielders seems greater, if anything, this year than ever.

It is a different Cobb who guides the destinies of the 1923 Tigers from the player who flashed among the major league constellations in 1905, gaining in brilliancy and renown until in 1914 he became a .420 batter. The speed that gave Cobb a new major league record for stolen bases in 1915, with a total of 98, is waning, but in its place has come craftiness, and because he has so much speed to lose, he still is a great outfielder, still a dangerous man on the paths. From the start of this season he has had the Tigers among the league leaders. Close followers of the game have seen in Detroit the principal menace to the New York Yankees in this season's race. Cobb's heavy artillery is conceded to be the equal of the New York club's "murderers' row," and his pitching staff, considered the principal weakness of the club, has shown surprisingly well during the first month, the veteran Dauss especially appearing near the peak of his form.

Merchants Must Build "Backfire"

Can Beat Mail Order Houses at Their Own
Game if They Will Do It

ADVERTISING ONLY WEAPON

Catalogue Concerns Spend Hundreds of
Thousands of Dollars Annually to
Create Demand for Their
Merchandise

The forest ranger and the prairie farmer
have learned that they must fight fire with
fire. They know that when the all-consum-
ing forest or prairie fires are sweeping to-
ward them their only hope of safety lies in
the "back-fire." By kindling and carefully
controlling a fire of their own they force the
bigger fire to burn itself out, finding no
further fuel on which to feed.

The merchants of the small cities and
towns are learning that in waging their fight
for existence they must adopt the tactics of
the outdoor men of the West. The retail
merchants, as a whole, are beginning to
realize that they must fight fire with fire
and that to save themselves they must build
a "back-fire."

Advertising is the weapon with which
the mail order houses conduct their war-
fare on the retail merchants of the small
cities and towns. The mail order houses do
their advertising through their own cata-
logues and through certain publications
which are known as mail order advertising
mediums.

Business Built Upon Advertising

They spend thousands upon thousands of
dollars in advertising in the mail order pub-
lications. Advertising in some of these me-
diums costs as much as from \$40 to \$85
for a single inch, yet the mail order houses
find it profitable to pay these high rates.
Their business is built upon advertising and
if they were denied the use of the mails for
their advertising for a single month their
business would be destroyed.

In advertising the local merchants find
the only weapon with which they can beat
the mail order houses at their own game.
There is no longer to be found the man who
does not believe in advertising. Every
merchant believes in advertising of some
sort. The placing of a display in a show
window is advertising. The only difference
between that kind of advertising and adver-
tising in a newspaper is that where the
one reaches dozens the other reaches hun-
dreds.

Advertising Begets Confidence

The buying public has learned that the
store which takes the people into its confi-
dence through its advertising is the one in
which it may expect to get the best bargains
and the most satisfactory treatment. It
knows that the store which advertises con-
sistently and regularly has the best and
most up-to-date stocks because this store
sells its goods more rapidly than the one
which does not advertise and, therefore, is
not forced to carry over the stock from one
season another. The public knows that the
store which advertises can place lower
prices on its goods because it turns over its
capital tied up in slow-moving merchan-
dise.

The mail order house does not get its
business by merely letting the public know
that it has dry goods or hardware or gro-
ceries or some other commodity to sell. It
creates a demand for its goods by placing in
its catalogue attractive pictures and detailed
descriptions of the articles which it has to
sell. The lure of the mail order catalogue
lies in the fact that the merits, or alleged
merits, of the merchandise offered are
placed before the prospective purchaser in
the most graphic manner. The local retail
merchant has the same opportunity to do
this that the mail order house has and can
do it much more effectively that the mail
order house can. The retail merchant can
talk to the people of his community through
his home newspaper and that is something
which the mail order houses as a rule can-
not do, for the local newspapers through a
sense of loyalty to their communities and
their home merchants will not accept the ad-
vertising with which the mail order houses
would flood them if they had the opportu-
nity.

He received severe bruises to the leg, and one ankle is injured, but it is not thought any bones have been broken. He is being treated in the local hospital.

J. D. Galloway, district mining engineer, passed through the city on Sunday last having spent some time in the Cedar Creek mining district. A number of Smithers men have become financially interested in the Rainbow No. 1, Rainbow No. 2, and Bird claims in the Babines. This is the group recently taken over by James Wright from J. S. Kelly and on which some encouraging showings have recently been opened up. Wm. Foley, who is interested in other properties in that section has taken a seventh interest in the Wright holdings.

James Cronin is due to arrive in Smithers before June 1 and arrangements are now being made to take supplies in to the Babine Bonanza camp.

A. H. Morrill arrived in town from Vancouver on Saturday to take charge of the office of the Duthie mines in town. Mrs. Morrill will arrive in a short time.

While playing on the old saw-saw on Wednesday night Angus McLean was thrown to the ground. Putting off his hand to protect himself, two bones of one wrist were broken.
