POLICE SEEKING MANAGER BRITANNIA MINE SEVERE PENALTIES TO BE SET FOR INFRACTION OF NEW ANTI-TRUST LAW

Both Sides Tire of Struggle in Ruhr District Result of Invasion by French to Enforce Reparations

LONDON, March 10.—Although offering no very definite promise in support of their statements, British correspondents in the Ruhr assert there is a tendency toward peace and that both sides would welcome a settlement ending the strain of the few weeks.

Both workers and industrialists on the German side are tired of the struggle, the former seeing no hope of winning and the latter feeling the pinch of lost trade and fearing the future. The French on their part are suffering scarcely less. They have not gotten what they went into the Ruhr to obtain and their industries are being seriously affected by curtailment of coal supply. Some continental countries are becoming dissatisfied at the interference with trade caused by the occupation and may unite in a protest to the French government.

DOCK VOTE AT ESQUIMALT

Thousand Also For Harbors and Rivers in British Columbia

OTTAWA, March 10.—During a discussion on the estimates for the public works department, Brigadier General J. A. Clark of Burrard protested against the suspension of work on the Vancouver drydock.

Hon. J. H. King, minister of public works, explained that large expenditures had already been made on the Victoria dock making it preferable to complete that work in preference to a dock at Vancouver.

After much discussion, in which British Columbia members ventured the votes for the Victoria drydock plus \$30,000 for a contingency fund for harbors and rivers in British Columbia were passed as well as \$5,000 for the Yukon River and its tributaries.

OTTAWA HOCKEY TEAM TRAVELS

Come to Coast to Play Winner of Series in Stanley Cup Contest

OTTAWA, March 10.—The Ottawa will play off with the Seattle team for the Stanley Cup semi-finals for the Stanley Cup having won the post series of Montreal Canadiens by three goals to two. The Canadiens defeated them last night two to one but lost the first game nothing to two, thus losing on the total number of goals.

The Western Canada League hockey season ended last night, Saskatoon defeated Calgary 6 to 3, Regina defeated Edmonton 2 to 1, and Regina had already secured first and second places respectively in the league and will play for the league championship.

PROHIBITION BILL PASSES COMMONS BY HUGE MAJORITY

LONDON, Mar. 10.—The bill sponsored by Lady Astor prohibiting the sale of intoxicants to youths under eighteen years of age for consumption on the premises where sold, passed its second reading by the vote of 338 to 56, getting the huge majority of 282.

JOHN A. BJORNSTAD DIED THIS MORNING IN LOCAL HOSPITAL

John Arthur Bjornstad, eldest son of Mr. and Mrs. C. A. Bjornstad, of Wallhalla, North Dakota, died in the General Hospital this morning at 7 o'clock.

Deceased was admitted to the General Hospital about three weeks ago suffering from what at first was believed to have been a severe cold. He came here from Usk where he had spent several months. After his admission to the hospital it was found that he had a serious affection of the spine presumably brought on by injuries sustained in a couple of automobile accidents as a result of which he had been for several months in a Minneapolis hospital. About a week ago the seriousness of his condition was fully realized and his father arrived in the city a day or so ago from the States in response to a telegram.

The late Mr. Bjornstad was 28 years of age and was born at Wallhalla, N.D., of Norwegian parentage. He is survived by two sisters and a brother besides his parents. He served in the United States army in the course of the Great War and was a member of the Masonic and Woodmen's Lodges.

The B.C. Undertakers are in charge of the remains which will be shipped on tonight's train to Wallhalla for interment escorted by the father. Members of the local Masonic lodges will accompany the body to the train.

NEW STADIUM IS LARGEST

LONDON, March 10.—Wembley Stadium, the largest in the world, is to be officially opened in April when the annual football cup final is played there before King George and the Prince of Wales. It is situated in one of the suburbs of London and will seat 126,000. The structure will be used in connection with the Empire exhibition to be held in 1924.

Mrs. Thomas Ross is visiting in the city with her parents, Mr. and Mrs. Hugh Killen. She will leave shortly for Edmonton to join Mr. Ross who was transferred to that point from Smithers in the C.N.R. service.

Investigate Combines and Trusts and Punish with Severe Penalties Infractions of Law says Resolution

OTTAWA, March 10.—A government resolution providing for the introduction of a bill to investigate combines and trusts and mergers introduced by the premier provides drastic penalties for engineering or aiding combines in restraint of trade or restricting production, controlling storage or transportation or lessening competition.

The penalty for committing any of these offenses is a ten thousand dollar fine and two years in jail for an individual and a twenty-five thousand dollar fine for a corporation.

HALIBUT PRICES ARE STILL HIGH

Mine Manager Charged Stealing \$100,000 and His Arrest is Sought

VANCOUVER, March 10.—Wanted on fifteen charges involving theft and the making of false entries in the company's books, E. H. Donohu, until February 1922 general manager of the Britannia mines, the largest copper mines in the world, is today being sought throughout the United States.

Armed with extradition papers Inspector Owen of Vancouver went to Oklahoma this week but found their man vanished.

The charges are said to involve \$100,000.

It is claimed that this is one of the strongest airships ever built.

Apples Sold For \$4 on Prairies for Which Growers Received \$1.50

OTTAWA, March 10.—Apples which in 1921 cost \$4 a box on the prairies returned British Columbia growers \$1.50 a box, according to evidence given before a special committee on agriculture here yesterday. The price of these apples to prairie retailers cost \$3.10 leaving an additional 90 cents to consumers over the wholesale price.

In his evidence, L. E. Taylor of Kelowna said he thought the co-operative marketing plan evolved by the growers was the solution of the internal troubles. The fruit growers, however, needed government assistance in reducing the cost of production and marketing.

RUPERT RATES ARE EXAMPLE

Much Quoted at Meeting of Mining Institute at Edmonton

TRAIN LOTS YET LOWER

EDMONTON, Alta., March 10.—At the meeting of the Edmonton branch of the Canadian Institute of Mining and Metallurgy, held in the post office building, much discussion of freight rates for Alberta coal was evoked by Hon. Charles Stewart's recent utterances in regard to this matter.

According to the newspaper wire service, Mr. Stewart stated that Alberta coal was too far away to be moved to Ontario with profit, the cost of transporting this province's anthracite to the east being \$16 a ton. The minister of the interior was further quoted as saying that the best solution for the Ontario fuel problems was the coking of American bituminous coal at central points in that province.

Various members of the institute spoke on the subject, and it was illustrated that instead of \$16, the present rate is \$12.50.

It was further pointed out that there was at present in effect a rate from the coal spur, near Edson, to Prince Rupert, of \$3.10 a ton. If this rate, which is a mountain rate, were applied on a ton mile base to Toronto, the rate would be approximately \$8 instead of \$12.50 which is the existing rate. The Prince Rupert rate is a rate applying to cap lots and if coal were hauled east in train lots with a fast service, it should be possible to give a considerably lower rate than the rate quoted.

A strong resolution to this effect was passed and copies wired to the Minister of Mines and the president of the Canadian Institute of Mines and Metallurgy which is now in session in Montreal.

Three years in bed until he took the wonderful Fruit Medicine

Lorne, Ont.

"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors and tried nearly everything I saw advertised for Rheumatism, without receiving any benefit.

Finally I decided to try "Fruit-a-tives"; and before I had used half a box, I noticed an improvement; the pain was not so severe and the swelling started to go down. I continued taking them, improving all the time. I can now walk about two miles and am able to do light chores around the place."

Church Union Being Opposed

In connection with the opposition to Church Union it is noticeable that the stodgy old preachers who would not be tolerated in an up-to-date church are the most opposed to Church Union. We are not suggesting that they are afraid of losing their jobs, although that suggestion has been made by people who claim to be well informed. At any rate there always have been stand patters and there always will be. When the gates of the New Jerusalem are opened and the trumpets call the faithful, there will be a number who will declare that the new city is only one of dreams or that the trumpet calls are simply the signals of Satan trying to seduce the people of God and draw them into error.

Voice Of Premier Is Heard In The Land.

Premier Oliver has been making a tour of the East carrying the message of the gospel of equal rights for west and east. He has been well received, the various Canadian Clubs and other organizations having invited him to address them. He has spoken plainly in language that cannot be mistaken. He has talked like the farmer that he is and the people everywhere have listened. There has not been even a suspicion of a titter at the way in which he manhandles his aspirates.

Concluding his tour Mr. Oliver has returned to Vancouver and has poured some final hot shot into the ranks of the enemy. He has mentioned the opposition of the C. P. R., the company for the protection of which the present rates were made effective. He has spoken with feeling and with conviction and doubtless he will very soon prove a victor, even if there should be delay in granting what he asks. He has right on his side.

British Pass Measure Protecting Youth.

The British House of Commons by a huge majority has passed the principle of a bill introduced by Lady Astor prohibiting the sale of intoxicants to youths under the age of eighteen. Even in Britain, it seems, people are beginning to recognize the evils of the liquor traffic. The very fact that almost all the members of the House of Commons consider it unfit for consumption by boys under the age of eighteen is condemnation of the whole system. It is an indication that the people there are awakening to their responsibilities and that the campaign which is in progress, looking to the eventual elimination of the sale of liquor in toto, is making some progress. It may take years to bring about the big change in Britain, but its coming there and here is considered by thinking people to be only a question of a comparatively short time.

Communal Interest In Small City.

While there are many drawbacks in living in a small town as compared with a large one, there are compensations. There is that spirit of communal interest that nothing can eradicate. The gathering of former Prince Rupert residents in Los Angeles recently shows how this works. All the people who attended the recent banquet were apparently imbued with the idea that Prince Rupert had a great future and they will either return to take part in her triumph or will rejoice in the success which is sure to come to those who stand by the old town and keep the fires burning.

REINDEER MEAT RUPERT DINNER

Menu at Los Angeles Banquet Made to Suit Northern Tastes

Further particulars of the banquet given in Los Angeles for F. G. Dawson are supplied by courtesy of C. E. Bainter. He states in a letter than a self appointed committee consisting of W. M. Law, Frank Keeley, Joe Roerig and C. E. Bainter, sent notices to all persons in Southern California, whose addresses were known, who formerly resided in Prince Rupert, that a stag banquet and smoker would be held at the Angelus Hotel, in Los Angeles, on February 20, 1923.

The following responded to the notices:

F. D. Keeley, Earl Dunn, William McIlvrey, G. F. Dalgarano, J. M. Carmichael, J. A. Macdonald, H. E. Peck, E. J. Maynard, H. O. Butler, Joe Roerig, W. M. Law, Leslie Martin, E. W. MacPhail, Fred Shaw Sr., J. J. Alexander, John Makris, Fred Shaw Jr., Leo Kendall, William Joy, D. H. Morrison, A. W. Maclean, O. M. Helgeson, E. Ripley Boyd, Joe Rousseau, Harry Morton, G. R. Fisher, V. D. Casley, J. H. Knouse, and C. E. Bainter.

Mr. Fred Dawson was the guest of the evening.

The following sent regrets:

O. B. Bush, C. D. Newton, Roy Miller, Otto Nelson, A. A. McIntyre, Frank Glapp, George Anzell, A. S. Macey, Wake Williams, Frank Knott, J. J. Sloan, H. Titus, George Milner, Nelson Dunn, John Sheil, and William Garnet.

Joe Roerig acted as chairman, and opened the banquet with "The Star Spangled Banner," followed by "The Maple Leaf Forever." Many old time stories and reminiscences were indulged in. The feeling was general that Prince Rupert has a great future. Its geographical position with reference to the Orient will be as greatly to her advantage as the Panama Canal is to the development of Southern California.

The management of the Angelus Hotel, when hearing that every one to be present was a former resident of the country adjacent to Alaska, had on the menu reindeer steak, feeling that reindeer and grizzly bear must be the meat diet of that country, and a change would not have been advisable.

During the evening a committee was appointed to call another meeting of the boys at some future date, at which the ladies will be the guests.

The evening closed with the singing of "Auld Lang Syne."

CHIEF TO SUPERVISE BOXING TOURNAMENT

Approaching Athletic Event Was Discussed at Meeting of Police Commission

Chief of Police Vickers was instructed at yesterday's police commission to personally supervise a boxing tournament which is to be put on next week by the Golf's Athletic Club. The matter came up when the chief reported receiving an application from Bert Morgan, of the Grotto Gagar Store, asking for approval of the event.

It appears that the principal number on the program is to be a finish bout between Eddie Craggs and Alex. Roy. Mayor Newton said that, from remarks he had heard, he feared the bout might come to something too severe and that he would not be willing to see it go on unless the chief was there to personally supervise it.

The commission left the matter

GASSED OVERSEAS SHELL SHOCKED and RHEUMATISM

Mr. F. M. Blaquiere, Morinville, Alta. writes:—After three years service overseas I returned to Canada almost a complete wreck. I had been gassed, and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors, but none of them did me any good for any length of time. I got so bad, in the fall of 1919, my hands were so shaky I could scarcely hold anything, and I seemed as if I had a steel band pressing on my head. The least excitement would almost drive me into fits, and my whole system seemed to be in disorder. I had cramps in my legs nearly every night, and hot and cold chills running up and down my back nearly all the time. One day I decided to try Miller's Heart and Nerve Pills, and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved.

WINNETT THOMPSON, MAN'G. DIR.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

Ben Self received a telegram this afternoon from Dick Greenwell saying that all arrangements had been completed at Anyox for the visit of the three local basketball teams there next Thursday night. The teams going north will be the Colts Senior and Intermediate and the Maple Leaf's girls.

It is possible that L. T. Dawson may not come north on the steamer Wednesday. He is to be in Montreal to attend a meeting on March 19 and if he attends that meeting and comes here he will have to leave for the East on the same evening he arrives in order to make connections. No word has been received from Mr. Dawson in regard to his plans since the telegram of a few days ago saying he would be here on Wednesday.

PRESBYTERIAN SOCIAL AND CONCERT IS HELD

Very Successful Affair Took Place Last Night in Church Hall—Interesting Program

The Ladies' Aid of the Presbyterian Church held a very successful concert and social in the Church Hall last night. There was an interesting juvenile program put on under the supervision of Mrs. R. BUSY EVENING WHEN PARENT-TEACHERS AT TERRACE IN SESSION

Committee to Purchase Athletic Equipment: Lecture on Newspaperdom: Musical Program

TERRACE, Mar. 10.—An enjoyable and profitable gathering of the Parent-Teachers' Association took place in Progress Hall Thursday evening at which a committee was appointed to purchase athletic equipment for the school. Mr. Halliwell gave a talk on "Newspaperdom" and there was a splendid general program of musical and other events.

The question of what to do with the funds of the association was discussed and it was decided to purchase athletic apparatus for the school, a committee consisting of three teachers Mr. Forster, Miss Dibb and Miss Fowler being appointed to make the purchase.

The program opened with a piano duet by Gladys Kenney and Mary Wilson and included vocal selection by Mona Grieg and Fannie McLaen; recitations by Elva Hughson, Leah Bleecher, Bessie Moore and Margaret Baker; a violin solo by May Burpison and a piano solo by Kathleen Burnett. A number which proved especial was the Highland Fling by Betty Anderson. As an encore she gave the sailor's hornpipe.

Mr. Halliwell gave a most interesting address on "Newspaperdom" which held the undivided attention of his audience, old and young, throughout. He commenced by giving a few interesting facts in connection with the history of the newspaper. It originated, he claimed, the day Eve plucked the apple and curiosity became a predominant characteristic of women and men. He told of the first newspaper which history records, which was published in Rome and of the oldest newspaper in existence, the Pekin Gazette, which dates back to the 14th Century. England first published a paper in the seventeenth century.

A few interesting personal reminiscences followed and he closed his address with a description of the qualifications required by a good journalist. At the close of the program a social half hour was spent and refreshments were served by a committee in charge.

HIDDEN RESERVE OF TIMBER IN CANADA

Sunken Logs in Eastern Rivers Never Decay, Sinkage Immense

That Canadian loggers have been unwillingly amassing a great reserve of perfectly sound logs for a more enterprising generation to collect is suggested by the Forest Products Laboratories of Canada (Dominion Forestry Branch). This reserve is to be found in the beds of those streams where log driving has been carried on for many years, in fact as long as the stream runs over them, and no better way, declare the Laboratories, could be devised to protect them from the causes of decay. Many pulp and lumber companies estimate their loss of logs by sinkage at five to ten per cent so that a stream which has been used to drive logs from the forest to the mill for twenty years should contain at least the equivalent of a year's cut of good logs.

Burdock Blood Bitters

Relieved Her of Headaches

Headache seems to be habitual with many people, and some, if any, are seldom free from it, suffering continually, and wondering why they can get no relief.

In all cases of headache the treatment should be directed to the removal of the cause, and with the cause removed the headaches will vanish.

It is impossible to find a better remedy for headaches of every description that can equal B. B. B., acting as it does on every organ of the system.

Mrs. Douglas Rischborough, 280 McKenzie St., Sarnia, Ont., writes: "Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.

KNOCKED FROM SLEIGH AND LAY UNCONSCIOUS

Terrace Man Meets With Accident But Recovers Very Quickly

Mr. Chinell was the victim of a peculiar accident on Tuesday when he was knocked from his sleigh by a falling telephone pole and lay unconscious till he was found by a neighbor.

Chinell was taking advantage of the little snow which remains driving by the side of the road, when the sleigh must have struck the pole, though he remembers nothing of it. His mind is a blank from the time he was driving as usual, till he regained consciousness. The injuries were not serious and he was able to be up and around again the next day.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

neaper the land in order that he could get a firm footing. The Joe Baker resented this intrusion and slid a little further out to sea. This put Chris in a very awkward predicament with the result that he was precipitated into the salt chuck. All had been peace and quietness aboard both the Joe Baker and Mayflower until this ghastly event happened. The yells of Chris for a lifebuoy awoke the whole works and the decks of both boats were soon crowded with pyjama clad figures. Pyjamas are part of the uniform on both these fish chasers. Jud started to dance with glee thinking that the yells in the water came from Blondin while the last mentioned was all het up with excitement thinking the yells below denoted Jud's attempt to swim the harbor. When Chris was finally hauled aboard there was naturally much wailing and gnashing of teeth on the part of the respective shipowners.

The Admiral is trying to hunt down the source of this antagonism between the two gentlemen in question. From information already at hand it would appear that Jud borrowed a pound of flapjack flour from Blondin and forgot to pay it back while Blondin borrowed a joker out of Jud's pack of cards and lost it. It is the intention of the Admiral to arbitrate in an endeavor to restore peace again between these two well known members of the fleet.

Ted Borvik has succeeded H. E. Poole as superintendent at the local plant of the Alfin Fisheries. Ted has had considerable experience in the fish business and was for some years with the Borvik Fish Company which operated in Prince Rupert in the early days.

Albert-McCaffery Arrivals The Union steamer Chilkoot will arrive in port on Wednesday next with 300 tons of coal and 20,000 feet of double dressed lumber while the C.N.R. steamer Prince John left Nanaimo on Thursday with 500 tons of coal for the Albert-McCaffery interests.

A Real Mix Up Skippers Blondin and Jud Thurber figured in a regular nautical jack-pot during the week. The information was gleaned from a secret service source so that there is no shadow of a doubt as to its truth. It appears that the good ships Joe Baker and Mayflower, of which the above named gentlemen are the respective owners, chanced to be tied in close proximity to one another at the home base. To celebrate the stupendous catches of both boats the crews were given a day off and among the crews chanced to be one named Chris. Chris is the official flapjack juggler on the Joe Baker and it is around this personage that the blood curdling story is woven. The day went off very nicely but the night seemed to have a lot of kick in it. Behold then early in the morning our hero Chris making for his snug berth at low tide. On reaching the scene of activities, that is the point at which he wished to connect with his berth, he found to his consternation that the Joe Baker was quite a little ways out from the wharf. Leaning over, Chris tried valiantly to drag the boat

Sold in Vancouver The halibut schooner E. Lipsett, Capt. Peterson, recently sold his catch of 3,000 pounds of halibut to the Canadian Fish Company, Vancouver. Cap had taken a trip in his trusty barque to Vancouver and did a little fishing enroute to while away the time. This is a case of mixing pleasure and business to the right time.

Pedersen's Tough Time The halibut schooner Tordenskjold, Capt. Paul Pedersen, which arrived in port on Tuesday last with a light catch of 35,000 pounds, reports having encountered a terribly rough sea while on the high spots. The waves rose mountains high and it was only by the superhuman efforts of the crew that tragedy

was averted. Although the catch was light for the capacity of the boat the price of 19.5c was prevailing at the Fish Exchange on arrival so that the arduous trip proved quite remunerative after all.

Booth Boosters Celebrate Wednesday being a quiet day with the Booth outfit the occasion was taken mean advantage of by Pete Solem who gave an address to his comrades in distress and members of the fleet and their friends. All this happened after the noon hour. The reception hall was prettily decorated with halibut gear and frozen herring bait. C. A. Kirkendahl poured coffee all over the table cloth while Bill Knight cut the ices with a butcher knife. Pete received the guests at the door and any loose change that chanced to drop from their pockets. A musical program was then indicated upon the assembly. Among the vocalists was Miss Cateall, sister-in-law to the Admiral, who sang the soul inspiring ditty entitled "When Beer is Given Away" with much feeling. Steve gave an exhibition of a dog begging for doughnuts as that was the only way in which he could get anything to eat. Sam Spanner, mechanical superintendent to the fleet, recited the disgraceful poem "Never Eat on an Empty Tummy." The afternoon closed with the gathering shooting craps. It was a darned good gathering plus the gang that put up the doings.

Boathouse Busy The Prince Rupert Boathouse is a veritable hive of industry and if the present pace continues the services of a traffic cop will have to be sought. The steam tug Hope is undergoing a transformation from steam to gasoline power. The old steam machinery is now being torn out and in its place will be installed a 55 h.p. Atlas engine capable of giving her a speed of between 8 and 9 knots an hour. The days of the old steamer with its attendant coal shovelling have passed away. The Hope is one of the last steam boats on the coast using the antiquated power.

The power boat Pachena, Capt. Gammon, took a scow of machinery from the Prince Rupert boathouse on Wednesday last to George town. The machinery will be used in connection with the remodelling of the Georgetown mill. On the return the Pachena brought down a scow load of fish box lumber and v-joint for the fish houses. The Provincial and Pachena, on Tuesday last, towed the Muse pile driver over to Oslund. The pile driver is to be used in connection with the building of the new landing wharf at that point by the provincial government. Launch No. 25 has been sold by the Prince Rupert Boathouse to Mr. Mackenzie of the Marine Station, Digby, and will be used by him for purely pleasure purposes. The Pachena left for Buckley Bay on Thursday with a cargo of Benzol and general freight. Harry Gilbert, the well known skipper of Lanch 23, returned from a prolonged visit to Victoria on the steamer Prince George on Wednesday last. Harry is now turning his mechanical gifts to

Sprains and Bruises

A sprain or strain is the stretching or tearing of the ligament about a joint or the fibres of a muscle. Besides the soreness there is inflammation shown in redness and swelling. Prompt rubbing with Dr. Chase's Liniment brings the blood to the surface of the skin, reduces the inflammation and congestion and takes out the soreness. After applying the liniment for Sprains or Bruises the sore parts should be bandaged or wrapped with cloth. Relief comes almost like magic when Dr. Chase's Liniment is promptly used for Sprains and Bruises and it is equally effective in the relief of other forms of pain such as rheumatism, lumbago, backache, etc.

RUHR OCCUPATION IS DEBATED BY CHURCH CLUB ON THURSDAY

An interesting debate on the question whether the occupation of Ruhr by the French was a sound policy took place Thursday evening in the Anglican Church hall, Dr. Bayne being leader of the affirmative and H. A. Phillipot of the negative. Others who took part were Sid Johnstone, George Hill, A. S. Paul, W. J. Nicholls, C. V. Evelt and Ald. Theo. Gollart. The judges were Archdeacon Rix and A. W. Healy, and they decided that the affirmative had won by a very narrow margin. Most of the speakers supported the French.

The next debate will take place a week from next Thursday, the subject being "Resolved that immigration into Canada should be restricted to English speaking nations."

VALHALLA WHIST DRIVE AND DANCE LAST NIGHT

Very Successful Affair Given by Ladies in Metropole Hall—24 Tables of Cards

The ladies of the Valhalla Lodge were responsible for a very pleasant whist drive and dance held last night in the Metropole Hall.

There were 24 tables of cards and the first prize winners were Mrs. James Sturgeon and Mr. Birkland, consolation awards going to Miss Astoria and Harry Fletcher. Refreshments were served and a dance followed to music played by Mrs. Gawthorn's orchestra.

A. Akerberg was master of ceremonies and P. Lorenzen presided at the door. The committee in charge comprised Mrs. O. A. Johnson, Mrs. George Ritz and Mrs. L. Anderson.

LOOK AT ONCE TO SIGNS OF A COLD

Colds or Grippe Should Be Promptly Checked

No person who has any regard for health, can afford to neglect a cold. You positively can't afford to say: "It's only a cold, let it run its course." Any physician will tell you this is a grievous mistake, one for which many pay the price in the form of acute disease, some with fatal results.

As soon as signs of a cold appear start taking Grip-Fix, the remedy which can be obtained at any drug store, and which will give relief in a single night. Its action on the system is almost immediate, the natural channels for carrying off systemic poisons being kept open, the feverish condition developed by colds kept down, and the accompanying muscular pains in the back and other parts relieved.

There is absolutely no secret about what is in Grip-Fix. The formula is printed on every box, show it to your family physician if you want to. Most doctors will heartily approve it.
