DISCOVERY IN JAVA REVIVES SPECULATION BY WORLD'S PALEONTOLOGISTS

Road from Prince Rupert to Prince George is Planned by Dr. Sutherland under his Budget

(Special to Daily News).
VICTORIA, Dec. 6.—Hon. Dr. Sutherland's twenty million dollar five year road program to cover the province with a network of roads and highways was announced yesterday in the Legislature. It includes the construction of a road between Prince Rupert and Terrace.

Among the other roads included in the budget is one from Quesnel to Prince George to connect up the interior valleys with the south by way of old Cariboo road; a section from Prince George westward to Vanderhoof; from Endako to Burns Lake; and another section from Hazelton west to Terrace. That, with the Prince Rupert-Terrace section, include the whole of the Central British Columbia highway from Prince Rupert to Prince George and south to the Fraser Valley, giving a road through to Alberta or to the coast, as soon as the proposed southern sections are completed.

BRIDGE BURNED NEAR LUCERNE

This Was Cause of Engine Wreck on Tuesday—No One Was Hurt—Line is Open Again

Further advices received at the local office of the Canadian National divisional superintendent relative to the bridge near Lucerne from which a freight locomotive fell and was wrecked on Tuesday indicate that the collapse of the bridge was due to fire which followed the derailment of the engine on the bridge. Nobody was injured.

It was expected that the line would be open again at noon today. The train due to arrive here tomorrow evening will thus get through but it may be late. A stub train came in from Prince George last evening and there will probably be another this afternoon. The train leaving here last night should get through without delay.

PRINCE ALBERT IS CHARGED CUTTING THE PACIFIC CABLE

VANCOUVER, Dec. 6.—Solicitors in San Francisco have advised solicitors in Vancouver that a damage suit for \$100,000 is about to be entered by the Postal Telegraph Company of the steamer Prince Albert and the Western Freighters, in connection with the break in the cable between San Francisco and Honolulu.

The break in the cable was about fifteen miles west of Montara. Reports from the repair ship state that the cable had been cut in two with an axe, evidently after having been raised to the surface.

FOUR AMERICAN BOATS SOLD HALIBUT TODAY

Transactions at Fish Exchange This Morning Totalled 198,000 Pounds

Four American halibut schooners sold catches totalling 198,000 pounds at the Fish Exchange this morning. There were no Canadian arrivals.
The following were the sales: Radio, 80,000 pounds, at 13.4c and 8c, to the Allin Fisheries. President, 38,000 pounds, at 13.6c and 8c, and Harding, 25,000 pounds, at 13.7c and 8c, to the Canadian Fish & Gold Storage Co. Seymour, 55,000 pounds, at 13.4c and 8c, to the Pacific and Booth Fisheries Canadian Co.

In addition to the main highway as outlined, there are to be roads at Francois Lake, extension of roads to North Atlin and settlers roads on Queen Charlotte Islands.

The whole scheme is a comprehensive one and when carried out will put central British Columbia in line for the tourist business from the south as well as opening up the country to settlers and bringing about better living conditions everywhere.

The idea of bringing in a five year budget is to insure continuous construction along a definite plan with a definite end in view. It will put the province in the line of development with the states to the south, where active road construction is going on all the time, huge sums being spent in opening a network of highways and local roads.

Permission has been granted in the Vancouver courts to G. F. Gyles, receiver for the Whelan Pulp & Paper Co. Ltd., to commence suit or any other proceedings necessary to recover a boom of logs containing over a million feet held by the Hecate Straits Towing Co. at Swanson Bay. The boom was towed from the Queen Charlotte Islands but the towing company refuses to surrender it until its account of approximately \$22,000 is paid by the Whelan Co.

LAWSUIT OVER BIG BOOM OF LOGS AT SWANSON BAY MILL

Holding up the important news of the British election, the federal by-election in Halifax, etc., for which the public is anxiously waiting, both land telegraph lines between here and Vancouver have been out of commission for the past 24 hours and the wireless station is so congested with business that it has been impossible to get anything through. Election returns will be bulletined by the Daily News as soon as they arrive.

IMPORTANT NEWS DELAYED; WIRES FROM SOUTH DOWN

Holding up the important news of the British election, the federal by-election in Halifax, etc., for which the public is anxiously waiting, both land telegraph lines between here and Vancouver have been out of commission for the past 24 hours and the wireless station is so congested with business that it has been impossible to get anything through. Election returns will be bulletined by the Daily News as soon as they arrive.

TENDERS FOR FIFTH AVENUE

City Engineer Much Below Estimates of Contractors Who Bid on Work

The local improvement by-law providing for the grading of Fifth Avenue East was finally considered and adopted and tenders for the work were opened at a special meeting of the city council yesterday afternoon. The bids were referred to the Board of Works for tabulation and report. There are five tenders including that of the city engineer which was very noticeably lower than the others. A sixth bid was out of order being accompanied by no deposit.

The tender totals for the job were as follows: Angelo Antonello, \$8,219.95; C. K. Ytreberg, \$10,344.25; A. Dominato, E. Pettenuzo and D. Santerbane, \$1,001.56; city engineer, \$6,363.18. C. T. Lundquist's tender was for the work by classification and no total was given. The tender of John McLean, Angus McLeod, etc., which was accompanied by no deposit, totalled \$12,000.

In classes of work the bids were as follows: Angelo Antonello—excavation, \$1.20 per cu. yd.; fill, \$1.50 per cu. yd.; grubbing, \$2.10 per cu. yd.; curb and ties per board foot, 25c; local crushed rock, per cu. yd., \$4; local sand, per cu. yd., \$2.25.

C. K. Ytreberg, excavation, \$1; fill, \$1.95; grubbing, \$1.65; curb and ties, 20c; local crushed rock, \$4.90; local sand, \$2.35.

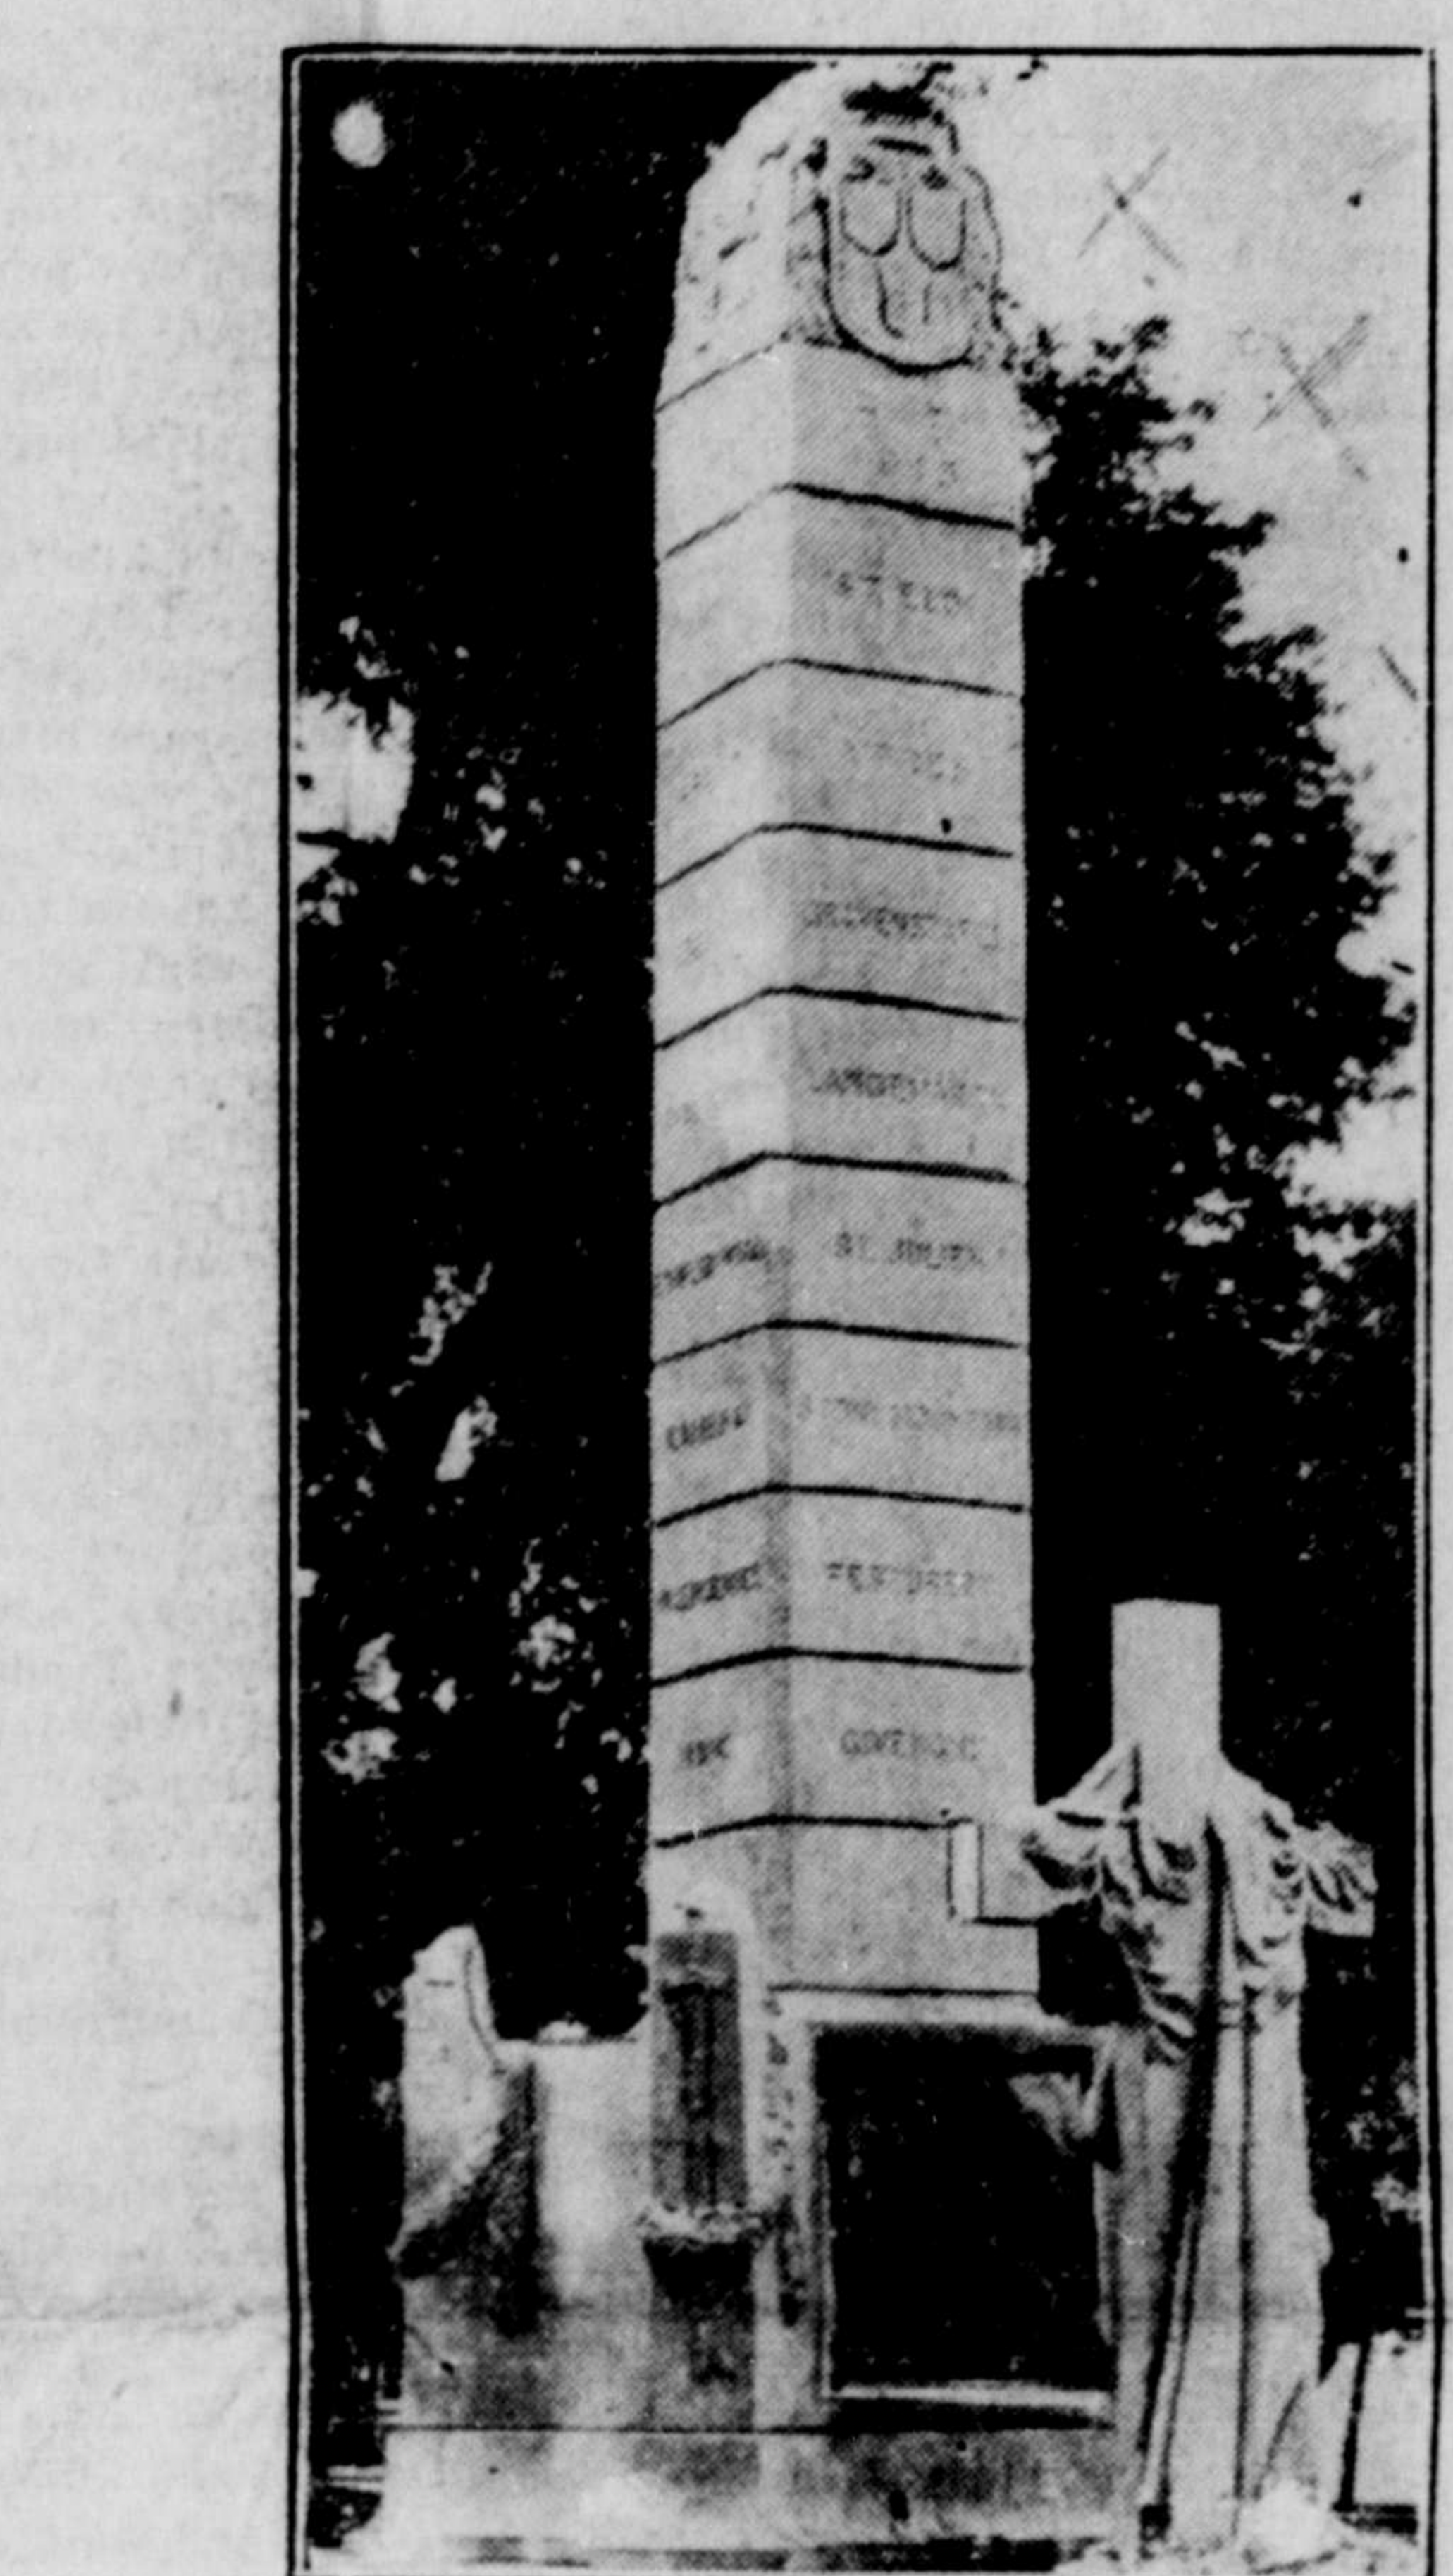

A. Dominato et al—excavation, \$1.05; fill, \$2; grubbing, \$2.10; curb and ties, 12c; local crushed rock, \$4.65; local sand, \$2.50.

C. T. Lundquist—excavation, \$1; fill, \$1.65; grubbing, \$2.70; curb and ties, 15c; local crushed rock, \$4.85; local sand, \$2.65.

City engineer—excavation, \$1.10; fill, 95c; grubbing, 85c; curb and ties, 16½c; local crushed rock, \$2.90; local sand, \$1.20.

Ald. Collart doubted if the city engineer could do the work for the bid he had quoted. Ald. Perry was confident that he could.

Those present at the meeting were Mayor Newton, Ald. Perry, Ald. Munro, Ald. Mackenzie, Ald. Collart, Ald. Stephens and City Solicitor Jones.

The fifth anniversary of the signing of the armistice was celebrated in Fredericton, N.B., by the unveiling of a memorial to those who had fallen in the Great War.

HE REFUSES LEADERSHIP

General McRae Does Not Wish It Said That He Bought Premiership

(Special to Daily News)
VANCOUVER, Dec. 6.—Gen. A. D. McRae this afternoon refused leadership of the Provincial Party at convention here on grounds that he declined to lay himself open to possible future charges of buying the premiership owing to the financial assistance given by him in organizing the party.

It is now proposed to pay back General McRae what he has given, offer him the presidency of the association and the party leadership when a general election looms up.

General McRae has given the Provincial Party \$35,000 and has obligated himself for \$40,000.

ELEVATORS AT OTHER PLACES THAN VANCOUVER

Answering a question in the Legislature a few days ago Hon. A. M. Manson said facts had been disclosed in connection with the grain rates equalization fight that would warrant Prince Rupert, Victoria, Port Mann, Kamloops, and New Westminster looking to the time when grain elevators will be built there.

WOMEN IN AUSTRIA

VIENNA, Dec. 6.—A revision of the census shows that Austria has an excess female population of 238,475. The total population of 6,526,661 includes 3,382,568 women and 3,144,093 men.

WINDING UP OF LOCAL COMPANY IS PROPOSED

Directors of Prince Rupert Housing Take Steps to Ascertain Views of Shareholders

At a meeting of the directors of Prince Rupert Housing Ltd. held yesterday shareholders in the company were urged not to sell their stock for less than par, it being reported that someone was trying to buy it for less and thus get control of the company. A circular letter has been sent to the shareholders asking if they favor winding up the company and thus making absolutely sure of getting back their principal together with savings bank interest during the winding up process. If the shareholders favor this, a meeting of shareholders will be called to make formal disposition of the company.

The company was formed several years ago to make building loans for those desirous of erecting homes during a period when houses were scarce. Since its inception the funds of the concern have been kept working and close to thirty buildings have been erected as a result of the activities of the company.

JAPANESE FISHERMEN JOINT ASSOCIATION TO LOBBY AT OTTAWA

NEW WESTMINSTER, Dec. 6.—Japanese engaged in the fishing industry at Steveston are joining with the Fraser Valley Japanese fishermen in a new protective association, one of the aims of which will be amendments to existing fishing licenses, if they are able to get it passed in Ottawa. Paid lobbyists will attend the Dominion capital for the purpose.

Neither Darwin nor Bryan Right in Regard to Origin of Man is Opinion of Modern Scientists

PEKIN, Dec. 6.—There is no missing link between man and the monkey tribe but man is first cousin to the monkeys, according to Professor Dubois, the famous Dutch paleontologist. Scientists are reviving their theories as a result of the discovery in Java recently of bones of the Trilil man.

The Trilil man of Java, known to science as the Pithecanthropus Erectus, or upright man-ape, is supposed to antedate by thousands of years any other fossils of man ever found. Discovered by Professor Dubois more than 30 years ago the details of the find have been kept virtually a secret. It was known that the skeleton, largely reconstructed, bore a resemblance to both man and the higher apes, but in many respects differed from both.

DELEGATE FROM RUPERT SPEAKS

(Special to Daily News)
VANCOUVER, Dec. 6.—"There are inspectors in the north who do not know a trout from a whale," declared Delegate McKay of Prince Rupert at the Provincial Party convention here during a speech in which he declared patronage was rampant in the fisheries departments.

STORMY WEATHER NOT EXCLUSIVE TO RUPERT

The stormy weather conditions including strong winds and heavy rains which have been prevailing recently have been by no means exclusive to Prince Rupert according to officers of the steamer Prince George which arrived from the south yesterday afternoon. The vessel had a very stormy passage all the way up the coast from Vancouver. At Ocean Falls there has been a very heavy precipitation during the past few days with the result that the new dam there is filled within fifteen feet of the top or higher than the level of the old dam.

EDMONTON ELEVATOR WILL CLEAN GRAIN SHIPMENT THIS WAY

EDMONTON, Dec. 6.—When the Edmonton grain elevator is built it is very probable that shipments of grain will be made from this city to the Orient by way of Prince Rupert. Most of the grain for the Orient is handled in sacks here after being cleaned and shipped through by the company's own steamers.

WOMEN EXPRESS THEIR CONFIDENCE IN MANSON

VICTORIA, Dec. 6.—"Resolved that this district conference of Vancouver Island Women's Institutes express its appreciation of the action of Attorney General Manson in his attempt to inquire exhaustively into the whole matter of the Royal Canadian Mounted Police administration in connection with the drug traffic," was the wording of a resolution passed unanimously by the W.I. conference at its final session here.

Mrs. F. W. Stacey and child of Prince George passed through the city yesterday afternoon en route to the interior after having spent a visit at New Westminster.

"I Had Bilious Attacks and Stomach Weakness"

Mrs. Wm. Robinson, Yonker, Sask., writes: "I suffered from stomach and liver trouble, and used to have bilious attacks so bad that I could do nothing for weeks at a time. My stomach would be so weak that not even a drink of water would stay on it. On my sister's advice, I began to use Dr. Chase's Kidney-Liver Pills, and must say that they have made me feel like a new woman."

Dr. Sutherland's Highway Scheme.

The scheme for building roads all over British Columbia on a set plan extending over a period of five years will meet with general appropriation from the people of British Columbia. Under the scheme northern and central British Columbia are to get a good share of the appropriations with a view to the building of a highway through from Prince George to the coast at Prince Rupert. This highway, when completed, will be one of the greatest tourist arteries in the country. It will link up this city with the interior in a way that will draw the people closer together and tend to more community of interest. With a motor road to Terrace Prince Rupert people would drive to that delightful centre for a game of golf and return the same evening.

If it is found possible to build the highway up the Skeena gorge, one of the most beautiful scenic routes in the world will be opened up. It will excel anything the Columbia valley has to offer, and it today is looked upon as the greatest scenic motor road in the country.

The linking up of the farming communities of the interior will be a great benefit to the settlers and will tend to make farm life more attractive.

If Dr. Sutherland can carry out his plan, we venture to suggest he will have the wholehearted support of the whole of central British Columbia.

Prevent Export Unmanufactured Timber.

The report of the debate and division in the Legislature might lead some people to suppose that the British Columbia government is in favor of the export of logs from this province as a general policy. This is not the case. There is a provincial embargo which prevents the export of logs from provincial lands held under timber leases and most of the land in the province is held that way. There are, however, a few old crown grants from which timber may be exported and in connection with which the provincial government has no control.

The provincial government has no power to place a duty on logs exported neither can the province prevent the export of logs except from their own leased lands. All matters of trade and commerce come under the powers of the Dominion.

An example of the attitude of the provincial government was seen a couple of years ago when a local firm had some cedar logs that could be marketed to advantage abroad. The government refused to permit the export of these logs, even though one of the owners was a partner of a member of the provincial cabinet.

Don't Forget Those Who Have No Homes.

Christmas will be here soon and those who have many friends will enjoy the season in the old fashioned way. There are some, however, who have not many friends. There are people who are away from home and to whom an invitation to Christmas dinner means a great deal.

There are possibly families where, owing to sickness or other causes, the earner has been unable to provide for the festive season. This is the time to look around for such and to make preparations so that they may be able to enjoy the Christmas festival as well as others. The chief joy of Christmas comes in sharing the joy with others.

Thirteen Days in Which To Shop.

There are only thirteen more shopping days before Christmas and those who contemplate making purchases might do well to remember that fact. During the last few days before the holiday, the shops will be crowded and the salesmen very busy. It will be much more difficult to make good selections of Christmas gifts under those conditions. The best thing to do is to make the Christmas purchases now while there is a good selection of articles and while the salesmen have time to wait on customers.

The Man in the Moon SAYS:-

RAIN and wind Skies all drear That's the kind of weather here. Then at last The rain is past And the sky once more is clear.

Slicker goes off, Rubbers we doff And who cares a hang for the season. We're suckled in hope Taught never to mope But to fail to forget is high treason.

RESPONSIBILITY will never settle on your shoulders as long as there is a chip there.

THE ideal husband is the one who shaves just as regularly after marriage as he did before.

DISCRETION is the art of receiving Christmas presents without indicating the true feelings of the recipient.

Ten Years Ago in Prince Rupert

The city council will submit a bylaw to the people at the next election on the question of granting a franchise to the Prince Rupert Hydro-Electric Co. for supply of light and power to the city. At a meeting yesterday afternoon Ald. Naden, Ald. Leek and Ald. McCaffery voted in favor of submitting the by-law and Ald. Matland, Ald. Kerr and Ald. Dybhavn voted against. Mayor Pattullo gave the casting vote in favor of preparing the bylaw.

Fred Watrin, A. F. Knight, G. A. McNicholl, J. W. Potter, I. Vanderly, L. M. DeGex, D. O. Keyser, Albert Davidson, Gilbert Burrows and Percy Margetts were elected to membership in the Prince Rupert Board of Trade last night at the first meeting of the board held in the new publicity bureau on Second Avenue.

The Sons of England lodge of this city has elected the following officers: Past President, A. H. Silversides; President, T. W. Silversides; Vice President, Frank Salter; secretary, H. Birch; treasurer, C. T. Heward; chaplain, C. F. Kemp; inside guard, Henry Smith; first guide, W. H. Kirk; second guide, C. Case; third guide, W. P. Garnett; fourth guide, J. Hutchison; fifth guide, Albert Wilde; sixth guide, William Booth; pianist, W. J. Briggs; auditors, E. D. Johnson, A. Cuthbert and S. M. Newton; trustees, W. J. Briggs, E. H. Honeyman, and A. E. Clarke; delegate, F. A. Ellis.

BLACKS OF SOUTH AFRICA FORM UNION

JOHANNESBURG, Dec. 6.—The blacks of South Africa are adopting labor union methods. A number of farmers who required native labor recently went to Mochudi, across the Transvaal border of Bechuanaland protectorate, and put their case before chief Isang. The chief replied that his people were organizing a native labor union with a view to regulating wages and as soon as it was formed the farmers could apply to it and get all the native labor they wanted.

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape.

While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectively banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

B.B.B. is manufactured only by The T. S. M. Co., Limited, Toronto, Ont.

CANADIANS IN POLITICAL LIFE GREAT BRITAIN

Sir Hamar Greenwood, Colonel Grant Morden and Number of Others are Candidates

LONDON, Dec. 6.—By Canadian Press.—To many Canadians who are watching the present political battle in the United Kingdom with more than ordinary interest, both because of the realignment of political parties and of the tariff issue, which affects the Dominion owing to the Baldwin Government's promise of the extension of the preference, there is an added interest in the fact that among the candidates for parliament are several Canadians. These include men whose names are known throughout the Dominion. Some of them have been in British public life for some time and others are comparative newcomers in the arena of party strife.

Sir Hamar Greenwood is perhaps the outstanding Canadian in the contest. He was a Liberal member of the British House of Commons for York from 1906 to 1910, and for Sunderland from 1910 to 1922. He was defeated in Sunderland in the last general election but is again the Liberal candidate in that constituency. Sir Hamar, upon whom a baronetcy was conferred in 1915, is an English Privy Councillor and also an Irish Privy Councillor. He was Chief Secretary for Ireland in the last phase of the unsettled Irish situation prior to the establishment of the Irish Free State. He has been Under-Secretary of State for Home Affairs and Secretary of the Overseas Trade Department. He is a barrister and member of Gray's Inn and a barrister of New Brunswick. An ex-newspaper man, and of a very charming personality, he has a host of friends throughout Canada.

Company Promoter Lt.-Col. Walter Grant Morden is another Canadian of prominence in the election. A Conservative in politics, he has represented the Brentford and Chiswick division of Middlesex since 1918 and is again a candidate for that constituency. Col. Morden is noted as a promoter of big enterprises and a financier. He is the founder of the Canada Steamship Lines, Limited, and the British Empire Steel Corporation, Ltd. He founded the British Commonwealth Union.

Captain Drummond MacDonalld, barrister of the Inner Temple, London, a relative of the late Sir John A. Macdonald, is a Canadian contesting the Isle of Wight in the Conservative interest against Major-Gen. J. E. B. Sealey, Liberal.

Lt.-Col. Maurice Alexander, C.M.G., M.P., formerly of Montreal, a barrister of the Middle Temple with a distinguished war record, is seeking re-election as a Liberal in Southeast Southwark. Col. Alexander, a member of the law firm of Davidson, Wainwright, Alexander, & Elder, Montreal, served in the war from 1914 to 1917 with the Canadian Expeditionary Force.

Montreal Man Lt.-Col. Andrew Hamilton Gault, formerly of Montreal, who organized, equipped and commanded the Princess Patricia's Canadian Light Infantry and won distinction in the war during which he was severely wounded and was mentioned in despatches, is standing as the Conservative candidate in the Taunton Division of Somersetshire in opposition to the Liberal member, J. Hope Simpson.

Rt. Hon. Thomas James McNamara, former Minister of Labor and former Financial Secretary to the Admiralty, is a native of Montreal and has been prominent in public affairs in England for many years. He was returned for Northwest Camberwell in 1922 as a National Liberal, and is now the Liberal candidate for the riding.

A. W. Haycock, the Labor candidate in Winchester, is a son of Joseph Haycock, of Adolphustown, Ont., leader of the Patrons of Industry when that organization was fighting to make itself felt politically in Ontario.

Major John Elsdale Molson, M.D., Coalition-Unionist member

PLAYER'S NAVY CUT CIGARETTES. Advertisement featuring an illustration of a battleship and a pack of Player's Navy Cut Cigarettes. Text includes 'Super-Quality' and 'More Sold than all other brands combined'.

of the House of Commons for Gainsborough since 1918, where he is offering himself for re-election with Conservative interest, is a son of the late Samuel Elsdale Molson, Montreal.

Here and There

Exports in Canada's inter-Empire trade last month exceeded imports by over \$12,000,000. Against imports from 28 countries belonging to the British Empire, amounting to \$15,713,000, Canada exported goods amounting to \$27,888,000.

Noel Victor Fearnough, aged seven weeks, son of a farmer of Morrin Alberta, the youngest child on record to travel alone, left pool, England, in charge of officials of the Canadian Pacific Railway and Steamship Lines throughout the trip.

An experiment in shipping Canada peaches to England has proven successful. The peaches were packed in small boxes and placed in cold storage, reaching London in fine condition. There is likelihood of an increased demand for Canadian peaches.

Representative of the best sheep and swine blood of Great Britain, 33 animals imported from the Old Country arrived in Regina, Saskatchewan, recently. There were 19 sheep and 16 hogs in the shipment. The animals were bought by the government for farmers in the province.

Canada's highest lookout station has been completed and will be ready for use next year. It is situated on Mount Carlier, near Revelstoke, British Columbia, and is 8,623 feet above sea-level. It will be used for the detection of forest fires and for meteorological and other observations.

The Canadian McIntosh red apple is the champion dessert apple in the British Empire, so judges at the Imperial Fruit Show, which opened in Manchester, recently, adjudged. They also decided that Cox orange pippins, from British Columbia, on the whole, are the best of the sixteen exhibits from overseas, and winners, therefore, of the "Daily Mail's" fifty-guinea cup.

What is declared to be a world's record for the transportation of grain has just been achieved by the Canadian Pacific Railway. In one period of 24 hours there were moved from Winnipeg for the head of the lake 1,776 loaded cars. The best previous record, also held by the Canadian Pacific Railway, was 1,759 cars, moved east on October 25th, 1921.

One thousand young buffalo will be taken from the Dominion park at Wainwright, Alberta, and turned loose in the north in the region in which wood buffalo are found, Hon. Charles Stewart, Minister of the Interior, announces. This will prevent the slaughter of these animals made necessary by the increasing size of the Wainwright herd.

A dispatch from London says that the gold medal of the British Dairy Farmers' Association has been awarded to the Government of Ontario for its collection of dairy produce, including bacon, dead poultry and eggs, at the Dairy Show held there recently. First prize in the colonial farming section, namely the silver medal was won by the Ontario Beekeepers' Association of Guelph, and the bronze medal was awarded to H. Leclere, of Montmagny, Quebec.

Details have just been announced concerning the "Aorangi," the new motor ship that is being built by the Union Steamship Company of New Zealand. The motorship is under construction at the Clyde yards of the Fairfield Shipbuilding Company and when completed will be the largest motorship in the world, having a displacement of 20,000 tons. On the Pacific she will exceed in size only by the "Empress of Canada" and the "Empress of Australia," of the Canadian Pacific Railway Company, which is her agent.

All grain shipment records for the prairie provinces have been shattered during the past two months. Since the commencement of the crop year, September 1st, loadings totalled 121,596 cars, representing 169,653,085 bushels, against 153,795,320 bushels handled in the same period last year. Of this quantity the Canadian Pacific loaded 63,469 cars, representing 100,367,085 bushels, against 84,071,320 bushels during the 1922 period.

GIRLS AT UNIVERSITY DISCUSS PARTIES AND MEN AND THEATRES

CHICAGO, Dec. 6.—University of Chicago co-eds, meeting recently to discuss men, dances, parties and proper introductions, decided that "all men are talkers; some of them serious and dull; some of them frothy and dull, and others trivial and full."

A movie with the right man is more desirable than grand opera with a "sap," said the girls. They expressed themselves in favor of three dates a week, preferably theatre dates. Two shows are regarded as better than one theatre-and-supper date.

FISHING SMACK IS LIFTED FROM WATER BY MYSTERIOUS POWER

LONDON, Dec. 6.—While trawling about 30 miles from Bery Head recently, the Brixham fishing smack Floweret was struck by some mysterious atmospheric phenomenon, says the correspondent of the Daily News. The bows of the smack were damaged, the upper planks being torn from their fastenings and the bow decks were sprung. The smack appeared to be lifted bodily out of the water through the shock.

Skipper Grees stated that the crew felt what was like a severe electric shock, the air had a sulphurous smell and the cabin appeared for the moment to be ablaze with blue fire, which was extremely vivid.

FLYING PROMISES TO BE COMMON IN ALASKA

Number of Aviators Planning to Enter Commercial Field in that Territory

KETCHIKAN, Dec. 5. — From present indications it looks like Alaska will have plenty of flying machines next year.

Besides Jean Vanophem of the Juain mine who recently left for Europe with the expressed determination of returning with two French planes and pilots to put on a service between Seattle and Skagway, with Ketchikan a point of call, another company headed by R. Campbell has announced that it will begin a service of dirigibles, and a young aviator by the name of Harvey, recently in Ketchikan, is said to be figuring on a mail contract for flying machines in Alaska.

The naval flight around the world next year will cross parts of Alaska.

Ketchikan business men and others are very much interested in the announced intentions of the various promoters to establish air route from the outside with the various types of Alaska. Some believe that the great distances between populated centres will prove the biggest factor in giving flying machines business in the Northland.

While time does not figure so largely as a factor in carrying on the average business in Alaska as it does outside, still there are many emergencies arising where time may prove an essential factor, in which cases the flying machine would prove most useful.

SHOT HER HUSBAND ACCORDING TO PACT

CHICAGO, Dec. 4. — A prenuptial agreement that if either left the other or proved unfaithful the offending party should be punished by death has been revealed by Mrs. Mary Bulavski, 30 years old, who shot and probably fatally wounded her husband, Simon.

"We agreed," the woman told the police, "that if either left the other after we married death would be the punishment. Simon said he was going to leave me. I went to my room and got the pistol and shot him. It was what we had agreed to before we were married."

LARGEST OBSERVATORY BE BUILT IN FRANCE GIFT OF RICH HINDU

GENEVA, Dec. 6. — What will be the largest observatory in the world, with a telescope more powerful than that at Mount Wilson or Victoria, B.C., is to be built on Mount Saleve, located on French territory, a few miles from Geneva.

The observatory will be the gift to France of the Hindu mil-

HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. O. E. Fitzgerald, 106 Ross St., St. Thomas, Ont., writes:—"In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away.

I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old."

Milburn's Heart and Nerve Pills are for a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

lionaire, engineer and scientist, Assan Dina, and his wife, who was Miss Mary Wallace-Shillito, of Cincinnati. The building, instruments and installation will cost \$6,000,000.

The telescope lens will have a diameter of 105 inches, or five inches greater than the Mount Wilson instrument.

MAIDS AND DAUGHTERS OF ENGLAND ELECTION OF OFFICERS FOR YEAR

SCHEDULE OF GAMES JUNIOR BASKETBALL

Four Teams of School Boys Playing This Winter Under Supervision of Miss S. A. Mills

A schedule of games for the winter months has been arranged for the Junior Basketball League consisting of school boys of the city. The games are played in the Elks' Home under the supervision of Miss S. A. Mills, principal of Borden Street School, and the time table is as follows:

- December
- 7—Stars vs. High School.
- 10—Colts vs. Stars.
- 14—Blue Birds vs. High School.
- January
- 7—High School vs. Colts.
- 11—Colts vs. Blue Birds.
- 14—Stars vs. High School.
- 18—Colts vs. Stars.
- 21—Blue Birds vs. High School.
- 25—Stars vs. Blue Birds.
- 28—High School vs. Colts.
- February
- 1—Colts vs. Blue Birds.
- 4—Stars vs. High School.
- 8—Colts vs. Stars.
- 11—Blue Birds vs. High School.
- 15—Stars vs. Blue Birds.
- 18—High School vs. Colts.
- 22—Colts vs. Blue Birds.
- 25—Stars vs. High School.
- March
- 1—Colts vs. Stars.
- 4—Blue Birds vs. High School.
- 8—Stars vs. Blue Birds.
- 11—High School vs. Colts.

The first game played last week was won by the Junior Colts over the Blue Birds by a score of 18 to 6.

Sport Chat

The first half of the men's section Fraternal Whist League schedule is nearing a close. Tonight the games will be as follows: Oddfellows vs. Knights of Pythias; Moose vs. Sons of England; Knights of Columbus vs. Sons of Canada. The last game before Christmas will be next Thursday evening between the Great War Veterans and Sons of England. With each team having played eight games, the second half of the schedule will be opened after the New Year. Depending on their game tonight with the Sons of England, the Moose will either be exclusively in first place or will be tied in that position with the Elks while the Sons of England have a chance of sharing that position also if they win the game tonight and also next week's. The chances of the Knights of Pythias, now running in fourth place, are also good to eventually come out on top though they cannot do so now in the first half.

The Badminton Club has inaugurated a ladder competition in which every member is scheduled to take part. The names were drawn Tuesday night and several challenges issued immediately and the games played. The competition is for

the purpose of deciding which are the better players in the club as any member may challenge the one next above him in the ladder.

General improvement in fielding was noticeable in the American League during the season of 1923. Regardless of other departments of the game, the defensive quality of the Yankees had much to do with winning the pennant and the world's series. The league champions led all other teams of the League in fielding with a mark of .997. St. Louis, even without Sisler, finished second while Chicago brought up third, Detroit, Washington, Philadelphia, Cleveland and Boston followed in order.

Of those first basemen who participated in more than 100 games in the American League during the past season, Judge of Washington was the leader in fielding. Aaron Ward of New York was the leader of the second basemen after a sensational season's performance. The work of Dugan of New York in that class and Scott also of the Yankees finished with the leadership of the shortstops. Will again of the Yankees was leader of the outfielders. Harold Ruel of Washington led all the catchers in putouts with 528 and seven pitchers finished with clean records in fielding, the record of Dauss, the Detroit hurler, with a mark of .990 after having taken part in 50 games being outstanding.

ELKS BAZAAR AND CARNIVAL

Event Closed with Dance Last
Night—Raffle Results

The grand Old Time Carnival and bazaar which has been in progress for the past two days under the auspices of the Benevolent and Protective Order of Elks and Ladies of the Royal Purple came to a fitting close last night with a very successful dance which was attended by 100 couples or more. Eddie Craggs was master of ceremonies and W. E. Willisroft was on the door. Music was furnished during the first half by Pryce's Orchestra which were relieved about midnight by the Westholme orchestra. Refreshments were served under the supervision of Mrs. Carrall.

The total takings at the carnival and bazaar were in the neighborhood of \$2,100 and the net proceeds will be about \$1,300 it is expected. A good portion of this money will go towards the annual Christmas Cheer work of the Elks.

The Raffles

The result of the raffles were as follows:

Ham, donated by P. Burns, Ltd. won by Mrs. G. F. Archer.
Tin of biscuits, donated by Lipsell-Cunningham Co. won by H. H. Hawkin.

Cake from St. Regis Cafe, won by J. H. Thompson.

Box biscuits from Mrs. Cunningham, won by Mrs. H. Hampton.

Box home made candy, from Mrs. Frizzell, won by Harvey Fraser.

Box of chocolates from Bert Morgan, won by D. Mike.

Sweater from Jahour Bros. won by D. Gowthorne.

Child's knitted dress from Ladies of Royal Purple won by Mrs. Akerberg.

Tray cloth from Mrs. Self, won by Mrs. H. F. Glassy.

Pillow cases from a lady of the Royal Purple won by Mrs. Dibb.

Box of stationery from Mrs. Dibb won by Elsie Kenney.

Sweater from Ladies of Royal Purple won by M. E. Liedstone.

Child's dress and slip from Mrs. Frizzell, won by Miss May Pringle.

Guest towel from Ladies of Royal Purple, won by Geo. Finley.

Manicure set from Ormes Ltd. won by J. N. Morrison.

Doll and Buggy from Mrs. Gawthorne won by Miss Jean Ross.

Doily Roll from Mrs. Gilhuly won by Mrs. D. A. Mann.

Hand painted breakfast cloth from a lady of the Royal Purple won by C. J. Graham.

Down pillow from Mrs. Willisroft, won by Mr. Cromp.

Lunch set from Ladies of Royal Purple, won by H. H. Daggell.

Day pillow slips from Ladies of Royal Purple, won by Mrs. A. Wicks.

Pair Bath towels from Ladies of Royal Purple, won by J. G. Steen.

Peacock cushion from Mrs. Dibb, won by Mrs. D. McLeod.

ATTRACTIVE BAZAAR SALVATION ARMY IS IN PROGRESS TODAY

Large Variety of Articles For Sale and Proceeds go to Relief of Needy

A very attractive affair is the bazaar held by the Salvation Army Ladies' Home League which opened this afternoon at 3 o'clock in the Citadel on Fraser Street. The various booths and tea tables have been daintily decorated and there is a wide assortment of articles for sale. The proceeds of the affair will go towards the work of the Army

among the needy this winter. In charge and assisting at the various departments are the following ladies:
Home cooking—Mrs. Harry Smith, assisted by Mrs. J. W. Exley.
Candy—Miss Doris Smith.
Tea tables—Mrs. McLean, assisted by Mrs. George Waddell, Mrs. Hamilton, Mrs. Forrest, Mrs. A. H. Bayne, Miss Ravens, Mrs. Pierce and other ladies.
Plain sewing and fancy work—Mrs. Cadwallader, assisted by Mrs. Whatman Sr.
Mrs. Coleman is in general charge.

The following were among the passengers on the C.N.R. steam-
er Prince George, Capt. Harry Nodden, which arrived from the south at 3 o'clock yesterday afternoon:
For Prince Rupert—S. L. Warrior, T. M. Black, C. Russell, J. Mowat, R. W. Riley (for Terrace), Miss G. C. Ford, C. H. Gordon, H. E. Golbourne, R. D. Kendrick, Miss Violet Cameron, Mrs. Coleman, J. Ritchie, D. Ritchie, Mrs. F. W. Stacey (for Prince George), C. Nevison, W. S. Harris (for New Hazelton), W. B. Macdonald, R. G. Swan, J. Macauley, Mr. and Mrs. A. C. McDougall and Mr. and Mrs. A. Lionel Holtby.
For Anyox—G. W. Greenwell, Mr. and Mrs. C. T. Cook and Mrs. R. Stewart and child.

Your Friends

If there is one thing we do appreciate in this world it is our friends and to find a charming and sincere way in which to tell them so is a problem that is not easy to solve. There is, however, one season of the year when expression of appreciation and friendliness is appreciated.

The Xmas Season

No token of friendship is more effective than a LASTING GIFT no matter how small. It gives the sterling ring of sincerity as nothing else can do in the years to come.

OUR LARGE RANGE OF JEWELLERY,

Diamonds, Watches, Clocks, Silverware, Cut Glass, China, Genuine Ivory, Umbrellas, Brassware, Lamps, Leather Goods, Amber Cigar and Cigarette Holders, Pipes and Novelties.

Will Solve Your Problems.

Quality, Service and Value is Our Motto.

MEXICO LIKELY GO DRY SOON

Will be Great Help in Enforcing Prohibition in United States

WASHINGTON, Dec. 6.—Mexico is headed for prohibition, according to the Board of Temperance of the Methodist Episcopal church.

According to statements put out on the authority of this body, investigators have recently gone into Mexico in its behalf. They report that the dry cause is making great progress in that country, that the great province of Chihuahua in the northern part is on the verge of going dry and that President Obregon of Mexico and many of the leaders of the government are dry. It is said that the new administration of Mexico, to succeed the Obregon government, will be dry whether Calles or Huerta is elected and that each of these men inclines toward prohibition.

It appears that the prohibition cause in Mexico is being urged on by dries from the United States. If assertions of the Board of Temperance are not overdrawn, Mexico is likely to line up with the ranks of the prohibition countries in the near future.

For the United States, the matter possesses no small importance. Should Mexico go dry it will make a great difference in the amount of liquor smuggled into this country over the southern border. It would simplify the problem of enforcement for the federal prohibition officers, provided, of course, there was strict enforcement in Mexico. It would leave the dry agents more free to watch the coast lines and the Canadian border.

Word was received just before going to press that the train inbound tonight would be five or six hours late.

When you buy advertising you buy CIRCULATION, and see that you get it.

Oh no, Mother, there is no need to worry about Jim's health. These symptoms of piety and unnatural goodness are quite reasonable. You know what's coming next month.

Father need not worry about his pocket book either. Children demand things that are new and interesting and modern, rather than expensive gifts.

Yes, it is true he has a lot of young people to remember and buy presents for, but hundreds of factories know this and have been making things for twelve months to help him out of his difficulties.

From the new fur or the new winter suit you are hoping he may buy for you, to the tiniest toy for the smallest of the babies the advertisements in the paper should be your guide.

At this time of year when you are planning ahead, let your thinking be of some value.

ARCTIC EXPEDITION PROVES INTERESTING

Call Was Made on Donald B. McMillan Party on Ellesmere Island

OTTAWA, Ont., Dec. 6.—(Canadian Press).—Ottawa has followed with great interest the fortunes of the past summer's Canadian arctic expedition, which adds another chapter to the checkered history of the northward course of Empire.

The expedition, under J. D. Craig, supplemented the work inaugurated in 1922 which had for its object the preservation of Canadian sovereignty, the introduction of law and order and the enforcement of existing regulations. A distinct feature of the trip was the introduction of British justice in the Franklin district in the person of Justice L. A. Rivet, who conducted a trial at the Mounted Police building at Pond's Inlet. Nook-kud-lah and James, a trapper, had been at daggers drawn for a considerable period and the former got rid of the trapper according to his primitive way of doing things. After due deliberation, it was decided to have Nook-kud-lah confined to the Stony Mountain Penitentiary, Manitoba, for ten years, and an accomplice was sentenced to two years' detention at Pond's Inlet under police supervision.

Mr. Craig and Captain Bernier are immensely pleased with the trip and its outcome. The ship covered 7,500 miles and its itinerary included a stop at Greedy Harbor, Labrador; Godhavn, Greenland, Craig Harbor, Ellesmere Island and Etah, Greenland, the farthest point north touched by the boat. Here the expedition conducted by Donald B. McMillan was encountered, which made a delightful break in the ship's routine. Owing to ice conditions, it was impossible to establish a police post at Cape Sabine.

FUNERAL SERVICE

For Late Miss Amanda Bolden Was Held This Afternoon—Shipping Remains Tonight

Funeral services for the late Miss Amanda Bolden, who died early in the week, were held this afternoon at Hayner Bros. chapel, Archdeacon G. A. Rix officiating. The remains will be shipped this evening to Vancouver for burial. Those sending flowers included Mrs. Childs, Miss Larsen, Miss Ramsay, Miss Harris, Miss La Rose, Hayner Bros., Billy and Jean, Emma and Frankie, Mr. and Mrs. Charles Burnham and James.

LIVING COSTS IN GERMANY CAUSE OF WORRY TO WOMEN

BERLIN, Dec. 6.—The high cost of living hounds Germans from the cradle to the grave.

Layettees for the baby are so expensive few families can afford them. A child's shirt cost from 12 to 20 billion marks in November. Even a second-hand perambulator costs 30 gold marks, and the mid-wives and doctors have all placed their fees on a gold-mark basis.

It costs trillions of marks to outfit a new arrival in a German family these days of declining paper marks, and the trillions are lacking in all families excepting those of profiteers.

A girl baby is more of a tragedy than a boy baby in the average German family today, because of the dowry which must go with every German girl who finds a husband. No girl without a dowry can avoid being an old maid in Germany, and there is little prospect of the average German family accumulating enough surplus to endow daughters with sufficient linen and money to make them attractive to German men who have a large assortment of women to choose from because of the great excess of the female population.

NEW LAMP BURNS 94% AIR.

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 579 McDermot Ave., Winnipeg, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Phone 84 Cash & Carry
