Mountains Slide Valleys and Bathers are Swept out to Sea When Disaster Overtook Japan

LONDON, Sept. 8.—Stories of mountains that slid into their valleys, of huge waves that swept seaward hundreds of ocean bathers at all coast resorts, of a Yokohama hotel that literally sank into the earth, and other spectacular incidents witnessed by survivors of the great disaster, are being given to the world as communication in and out of Japan is gradually restored.

The Tokio correspondent of an American paper reaching Kobe says 500 foreigners were killed, mostly in Yokohama.

BUMPER CROP IS PREDICTED

Manitoba Free Press' Annual Report Says This Year's Crop Will be Largest on Record

WINNIPEG, Sept. 8.—A yield of 152,503,169 bushels of wheat from Manitoba, Saskatchewan and Alberta is predicted in the annual crop report of the Manitoba Free Press. The Alberta yield is estimated at 118,901,525 bushels, Saskatchewan 261,610,664 bushels and Manitoba 34,990,980 bushels. The output of grain, the paper says, will be very much the largest in the history of Western Canada.

EMPRESS SAFE AT YOKOHAMA

Cannot Get Away Until Cable Which Entangled Her Propeller is Out

HONG KONG, Sept. 8.—The liner Empress of Australia is safely anchored in Yokohama harbor after an anxious time during the tidal wave when she was fouled by two steamers and her propeller became entangled with an under sea cable which must be cut away by divers before the liner can move. Meanwhile she is operating as a relief ship to the best of her ability.

POSTAL TREATY WITH IRELAND

Exchange of Money Orders Now Arranged for With Free State Government

OTTAWA, Sept. 8.—The first postal treaty with the Irish Free State was signed by Canada today when negotiations extending over months took fruit in a treaty for the direct exchange of money orders between Canada and the Irish Free State post offices.

NO VISITORS ALLOWED ENTER TOKIO UNLESS OFFICIAL BUSINESS

OSAKA, Sept. 8.—It is officially announced that nobody will be allowed to enter Tokio without official business as a measure to prevent the influx of anxious relatives seeking lost ones.

The Government is contemplating exempting from taxation for one year residents in the devastated zone.

ANOTHER CUP HERE FOR THE DOG SHOW

The directors of the Fair this morning received another silver cup to be awarded in connection with the dog show to be held next week at the exhibition building. It is nicely engraved and makes a very pretty trophy. It will be awarded to the owner of the best male dog in the show.

Legislative Library, Parliament Buildings, Mar. 31/24

Earthquakes and fires left the residential section in a mass of ruins. Dead bodies were everywhere when the flames had passed.

In Tokio 135,000 persons are without shelter but order prevails. Loss of life in the capital was not as large as was at first reported. Probably ten thousand people lost their lives in the up-town section, most of which was spared.

Word received here says the number of foreign dead is approximately 100, and half this number are British.

ITALIAN CONSULATE AT PATRAS BURNED

Greeks Clash With Natives of Italy in Demonstration Following Overt Act

ROME, Sept. 8.—The Italian consulate at Patras, Greece, was burned by a mob during an anti-Italian demonstration. The Italian colony numbering 5,000 soon organized a counter demonstration and there were victims on both sides.

Exhibition Will Hold Something of Interest for Every Citizen; Program is Most Ambitious yet

In addition to the straight exhibition features which give promise of excelling anything of the past, the carnival and sports end of the 1923 Fair program, which opens next Tuesday, will be of an ambitious nature. The Exhibition will offer something to appeal to the varying tastes of all residents of the city and district—men, women or children, from the oldest to the youngest.

Entries are rushing in from all parts of the district for the exhibition classes, all of which will be well represented. Competition for the prizes will be keener than ever. Many large district agricultural exhibits are on the way. The Fair Office is a hive of industry these days and the officials in charge are working to capacity.

The Exhibition will be formally opened by Fred Stork, M.P., at 10 o'clock on Tuesday afternoon and for five days thereafter Prince Rupert will live at the Acropolis Hill Grounds.

Crowning the Queen
The Carnival Queen contest which has been in progress for the past several weeks has attracted widespread interest and the ceremonies of crowning the queen on Wednesday morning following the street pageant will be, by no means, one of the least important features of the Fair.

The prizes in the Better Babies Contest, judging of which is now in progress, will be presented on Thursday afternoon at 4 o'clock. That afternoon will be distinctly mothers' and children's day.

The Grand Costume Mask Ball on Friday night is already being prepared for. This affair in past years has always proved one of the big features of the Fair and interest in it both on the part of those who participate and those who merely watch is more keen than ever on this occasion.

Indian Bands
The Indian bands always are appreciated and Fair time is looked forward to by many as the time when they will be again treated with the melodious efforts of the clever natives.

There are so many features that go with the Prince Rupert Exhibition that it would be impossible to mention them all or say which particular one is the most important or interesting.

IMMENSE SALE OF SEATS FOR FIGHT

Advance Bookings Amount to \$800,000 Says Tex Rickard, the Largest ever Known

NEW YORK, Sept. 8.—One week before the Dempsey-Firpo fight, the advance sale of seats approximates \$800,000 says Tex Rickard. This is the largest advance sale ever known.

A full house will mean gate receipts of \$1,250,000, of which Dempsey would get \$350,000 and Firpo \$150,000.

R. E. ALLEN IS HURT IN MILL

Will Arrive in City Tonight to Enter the Hospital, Olof Hanson Wires

John Lybhavn received a wire this morning from Olof Hanson stating that R. E. Allen, manager of the Royal Mill, Hanall, had been injured and that he would bring him to the hospital in the city by this afternoon's train. Details are lacking in Mr. Hanson's wire which asks Mr. Lybhavn to make arrangements for the ambulance and doctor to meet the train on arrival.

Mr. Hanson went up the line last evening.

OBJECTION TO GASOLINE TAX

Matter Discussed at Board of Trade Meeting and Resolution Passed

The question of the proposed imposition of a provincial gasoline tax was opposed last night by the Board of Trade in monthly general meeting. A resolution moved by C. H. Orne and seconded by Alderman Collart, which was passed unanimously, pledged the Board of Trade to join with the City Council in a protest against a tax on gasoline, benzol or distillate and to explain the reason for their stand. The money raised by the tax was intended for the upkeep of good roads but as no money had been spent on roads in this vicinity objection was taken to the tax. The resolution also suggested that if the people in the southern part of the province wished to tax themselves for their roads there would be no objection from Prince Rupert.

There was some discussion in regard to the matter. Thomas McClymont pointed out that the idea of the tax was to make those who used the roads pay for them and perhaps this was the proper thing but the objection here was to it applying to fishing boats.

Fred Stork suggested that if the people in the south wanted fine roads they should pay for them and not expect to take the money from this place to help pay for them.

S. K. Campbell said the idea seemed to be to try to catch tourists. He thought some arrangement might be made whereby boats be exempted. Boats did not use the roads.

EARTHQUAKE RESPONSIBLE FOR FAILURE

Customers of Whalen Co. in Japan Were Wiped Out of Existence

OPERATIONS SAID TO BE PROFITABLE

(Special to Daily News)

VANCOUVER, Sept. 8.—The failure of the Whalen Pulp & Paper Mills Ltd. for which a receiver in bankruptcy was appointed yesterday, is believed to have been indirectly precipitated by the Japanese earthquake although the company, it is said, was having financial difficulties for some time prior to that. Substantial customers of the company, users of Whalen pulp and paper in the earthquake zone, were wiped out of existence.

The company has been operating three mills along the B.C. coast, namely Swanson Bay Port Alice and Woodfibre, to capacity at a profit.

The assets of the firm are given as \$20,000,000 and the liabilities \$10,000,000. Application for a receiver in bankruptcy was made by A. H. Douglas, counsel for the Montreal Trust Co., bond and debenture holders of the Whalen Co. G. F. Gyles, who is appointed receiver and manager, has been given power to borrow money on receiver's certificates for the purpose of taking care of the wage claims and other preferred creditors and to carry on manufacturing operations.

BANKS FEARING RUN ON FUNDS

NAGASAKI, Sept. 8.—Considerable anxiety is felt everywhere regarding the economic consequences of the earthquake. There is one reassuring fact that Osaka, one important industrial centre, is outside the zone of disaster. Leading bankers here are optimistic as to the ability of the Japanese banks to meet all obligations providing no alarming rumors disturb the confidence of depositors in the banks. The bank of Japan is ready to assist to the maximum any banks on which a run may be made, it announced today. The building, vaults and specie and important papers of the Bank of Japan are safe.

PAIR OF JACKS IS TOWED INTO PORT

Halibut Boat Disabled When Engine Gear is Stripped—Brought in by Malamute

The Canadian halibut schooner Pair of Jacks, Capt. John Ivarson, arrived from the fishing banks this morning in tow of the schooner Malamute, Capt. A. Sunde. The Pair of Jacks became disabled when her engine gear was stripped. Repairs will be made here. The Pair of Jacks had a short catch of 10,000 pounds while the Malamute had hardly commenced fishing when called to the rescue.

COAL STRIKE IN PENNSYLVANIA IS AVERTED FINALLY

HARRISBURG, Penn., Sept. 8.—The threatened strike of miners in the Pennsylvania coalfields has been averted. The main points at issue have been arranged and a conference to draw up a contract commenced last night.

Mr. and Mrs. F. W. Mackintosh are leaving shortly for San Francisco where they plan to take up their residence.

Barnsley Speaks with MacMillan Expedition on Coast of Greenland

John Barnsley, local agent for the Union Steamship Company, was last night in communication with the MacMillan Arctic expedition on the schooner Bowdoin on the coast of Greenland. He picked them up just after midnight and not only was able to give them the first news of the Japanese disaster and other world events but also relayed several private messages for them and received some interesting items of news in regard to the place where they are laid up in winter quarters. Among the messages received were the following:

"Mrs. Letitia N. Fogg, Freeport, Maine.

"In winter quarters, ten miles north of Etah. Fine trip up. Boys all well."

"A.R.R.L. Headquarters, Hartford, Conn.
"Hearing amateur stations in all districts. Please have gang listen every night for press and list of stations heard.
"Mix (Operator)."

A message from Donald B. MacMillan, head of the expedition, referring to a tablet which had been found and was put in his cabin was also picked up.
In a direct message to Mr. Barnsley the operator mentions the time as 3:19 when it was 12:49 here. He said the Prince Rupert signals were loud.

"Arrived here August 17. You are the first station I have worked since we came north of Disco Island. Exchanged signals with a station in Maine and one in Washington. That is all. You cannot imagine how glad I am to get into communication with you. I have heard a lot of your station through the Q.S.T. (a radio magazine). I am putting up a new antenna in a week or two."
The operator said he had not heard of the catastrophe in Japan so Mr. Barnsley gave him an outline of the news.

Asked what the place was like, he said they had a foot of snow and ice was beginning to form in the harbor. Temperature was 22. He also said he was expecting to leave this morning for a walrus hunt.

MUCH COPPER HOWE SOUND

Production About Five Tons Per Man Per Day at Britannia Mines

VANCOUVER, Sept. 8.—The Howe Sound Company has brought its copper mining operations in British Columbia up to full capacity. According to a working report the Britannia Mining and Smelting Co. which is a subsidiary handled 75,000 tons of ore in June, the complete rating of the 2,500 tons a day plant which started to run only in February last. No statement of metal production has yet been given out.
Copper production costs are understood to be very low as labor efficiency is exceptionally high. Only 500 men underground are required to maintain the tonnage basis, an average of about five tons per man.

PREPARE CASE FOR GRAIN COMMISSION

Committee of Five to be Appointed to Place Rupert's Claims Before Visitors

It was left for the president of the Board of Trade to appoint a committee of five to represent Prince Rupert's case before the meeting of Grain Commissioners to be held in this city on September 18. President Gibbons at the meeting last night suggested that Fred Stork, M.P., should undertake the chairmanship of the committee, but a resolution was finally passed empowering the appointment of the committee and also authorizing the entertainment committee to function for the occasion.

THREE MONTHS FOR ASSAULT

Case of William Garey Heard in Police Court this Morning by Magistrate McClymont

William Garey, charged with assaulting Police Constable Alex Macdonald, with intent to do grievous bodily harm on Second Avenue in Westview Tuesday evening, was sentenced to three months in jail by Magistrate McClymont in the police court this morning.

Garey, on being charged, elected for summary trial. Saying that he remembered nothing of the occurrence on Tuesday evening, he pleaded guilty to the charge. E. F. Jones, city solicitor, conducted the prosecution.

Constable Macdonald, the first witness, told of his participation in the affair after being called to the scene by Ald. Collart. His evidence was much similar to that which has been already recorded. The man grappled with him and did everything possible to avoid arrest by kicking, striking, etc. He had also called him nasty names. Ald. Collart and Frank Somers assisted, the former being kicked backwards by accused, resulting in his head being cut.

Wanted "Mug-up"

Ald. Collart told of turning Garey, who came begging, away from his house. He crossed the street and soon became engaged in a quarrel with Frank Somers. The police were notified. He (Ald. Collart) went to the assistance of Constable Macdonald and Mr. Somers. During the fracas he was kicked over by accused and cut his head on a rock wall.

Frank Somers corroborated the evidence given and also told of accused committing a nuisance in the middle of Morse Creek bridge with ladies nearby. Two hours later he had come to his house and asked for a "mug-up." He objected to being told to go down town and the fight followed.

Accused said he had no evidence to give. He had been drinking and remembered nothing of the affair.

Magistrate's Warning

"From the evidence given it seems to me that you must have been somewhat under the influence of liquor," declared Magistrate McClymont. "That is no excuse for you, however. It appears that you are a dangerous man in that condition. The fact that you committed a nuisance constitutes in itself a serious crime. Then you went begging and you do not look like a man who would have to beg, only about \$30,000 of the \$78,500. These things go to show that something must have been the matter with you and that you were not in your right senses. Apart from the assault you committed, the most serious view I

take of this case is that men like you should go to a residential section and frighten women. Several occurrences of this kind have already taken place in this district and it is reaching a stage where women, not only in Section Two but in other parts of the city, are becoming greatly alarmed. Already there has been another complaint of assault laid against you which resulted in your coming into the hands of the police. You must see yourself how dangerous a man you are under the influence of liquor. I will give you as lenient a sentence as possible, namely three months, and I hope it will be a lesson to you."

In answer to a question by City Solicitor Jones, accused said he was an American citizen and a resident of Seattle.

The city solicitor announced that the matter would be taken up with the Immigration Department with a view of having Garey deported.

WILL TAKE MOVIES OF SKEENA RIVER DISTRICT FROM AIR

William C. Brennan of Vancouver, manager of the Patheoscope Co. of Canada, arrived from Jasper Park on last night's train. Mr. Brennan, who is taking scenic moving pictures of this district in collaboration with the Canadian National Railways, expects during his present visit here to take an airplane flight up the Skeena River catching views from elevation.

AWAIT ACTION ON ROAD OUT OF CITY

The matter of the proposed road out of Prince Rupert was mentioned last night at the monthly meeting of the Board of Trade. What had already been done in regard thereto was explained and letters from Dr. Sutherland and the Grand Trunk Development Co. read. It was decided before taking further action to await the decision of the board of directors of the development company.

Remarks dropped by members indicated that there was a feeling of restiveness at the delay.

PRINCE RUPERT BONDS WERE TAKEN UP WELL

Word has been received from Victoria that the bonds sold by the city of Prince Rupert in July last to Gillespie, Hart & Todd have been most favorably received. In spite of the fact that August was the holiday season the bonds were sold to the tune of \$300,000 on the short term and \$5,900 on long term.

Prosperous advertising means regular continuous advertising.

TO VISIT HER GRANDPARENTS

Instead of Going to New York, Miss Adeline Henriksen, Carnival Queen, Will Take Trip to Toronto

Instead of taking the round trip to New York City which was offered as the first prize in the Fair Board's carnival queen contest, Miss Adeline Henriksen, who won the contest, will go east to Toronto and thence back to Vancouver and Seattle returning home up the coast. She will take her mother with her and they will leave the week after the Fair to be away seven or eight weeks. At Toronto, Miss Henriksen will visit her grandparents, Mr. and Mrs. Gilmore, whom she has never seen, and in Seattle she will visit her married sister, Mrs. Johnson.

Miss Henriksen resides with her parents, Mr. and Mrs. C. Henriksen, at 229 Seventh Ave., East.

MOST COMPLETE TRAIN EVER SENT OUT IS NOW EN ROUTE WEST

Canadian Club Delegates Left Toronto at Noon Today For Victoria

TORONTO, Sept. 8.—One of the most complete trains that has ever travelled over a railway system in Canada left the Toronto Union station today at noon. This train is carrying 125 members of the Canadian Clubs of Ontario over the lines of the Canadian railways to Victoria where the annual convention of the association of Canadian Clubs is being held September 17, 18 and 19. The train consisted of twelve cars especially equipped, baggage car, a tourist car for the train crew, two modern diners, six standard sleepers, a compartment and observation car. The observation car is equipped with a radio receiving instrument equipped to distribute messages and concerts received to the passengers sitting in the observation car. Arrangements have been completed with newspapers and firms broadcasting radio concerts and they will broadcast to the train programs of entertainment and the world's news during the progress of the journey.

The dining car has been equipped with a gramophone operated by special storage batteries and passengers will be entertained with music during the meal hours. The arrangements for the installation of the gramophone batteries and of the radio sets have been undertaken by the Marconi Company.

On leaving Toronto they proceeded north to Cochrane and thence over the Transcontinental system toward Winnipeg which will be reached on Monday. During the day the delegates will be entertained at the Fort Garry Hotel and to motoring and sight-seeing tours of the city.

Visits en route will be paid also at Saskatoon and to Edmonton where the travellers will be the guests of the Macdonald Hotel and a day will be spent at Jasper Park Lodge. A stopoff of an hour will be made at the foot of Mount Robson, the highest peak in the Canadian Rockies. The party will arrive in Vancouver on Saturday morning, September 15, and proceed at once for Victoria which will be reached the same afternoon.

WHERE WILL TOTEM POLE BE ERECTED?

Several Suggestions Made as to a Suitable Site For Ancient Indian Relic

At the meeting of the Board of Trade last night the question of where to erect the totem pole which is arriving within the next few days, was discussed. A number of suggestions were made, among the places mentioned being opposite the new Court House at the foot of Second Ave. or at the entrance to the grounds wherever that might be; the centre of the intersection of Second Ave. and Second Street; on the old court house site; opposite the new Canadian National Hotel; and at the waterfront near the Canadian National Station. It

was agreed to leave the selection to the civic committee and the executive of the Board of Trade. S. K. Campbell suggested that another good pole might be secured from the Naas district and possibly a third from the interior. The one that was coming was about 200 years old and it had been suggested that it should not be painted as that might spoil it.

CANADIAN SKIRMISHER COMING FOR CARGO OF LUMBER END OF MONTH

The C.G.M.M. steamer Canadian Skirmisher, Capt. Hilton, is due here September 17 to load hemlock lumber for the Orient, Reginald Beaumont, local superintendent, reports. Four carloads of the cargo has already arrived from interior mills and is being unloaded at the lumber assembly wharf today. The re-

mainder of the 500,000 or so feet will be here shortly.

The Canadian Skirmisher has been here before, having come last year to the dry dock for overhaul. She has been recently on the Australia run but is being diverted to the Japan service. She is an oil burner.

CANADA'S DEBT

OTTAWA, Sept. 8.—The net debt of Canada on August 31 was \$2,403,596,999, an increase of \$362,000 during August and an increase of nearly sixteen million dollars during the last year.

MUNICIPAL CHAPTER FIRST FALL MEETING

Unveiling Pictures Takes Place on November 9; Gold Medal Offered

At the first meeting of the Municipal Chapter I.O.D.E., held since the summer vacation at the home of Mrs. McMordie, arrangements were made for the management of the tea room at the Exhibition during Fair Week. It was decided by the Chapter to take charge of the better babies contest at the Fair. The unveiling of eighteen war pictures in the Booth Memorial School, which were given by the chapter, will take place on November 9.

The gold medal won by Mike Raysich, of Anyox, in the English for foreigners class held last season by the N.P.I. is to be sent for. It was also voted that the chapter would offer another gold medal for his class to be competed for at the forthcoming winter session of the N.P.I. The date of the regular monthly meetings will be changed from the first Tuesday to the first Monday in every month.

FATHER ALLARD BACK AT SMITHERS AFTER TRIP TO FAR NORTH

SMITHERS, Sept. 8. — Rev. Father Allard has returned to Smithers after a two months' trip to Northern British Columbia. Going and coming by way of Prince Rupert, he visited Skagway, White Horse, Carcross, Alton, Lake Bennett, Dawson Mayo, Juneau, Wrangell and Telegraph Creek. Bishop Bunoz accompanied him into the Yukon territory.

From Telegraph Creek, Father Allard brought a painfully injured Indian boy to the hospital at Prince Rupert.

Father Allard will remain in Smithers for a few days before visiting Hazelton and Forest Dale.

Rev. Father Plamondon, assistant to Father Coe at the Fort Fraser Industrial School, had charge here during the absence of Father Allard.

FATHER OF LOCAL MAN PROMINENT IN PUBLIC LIFE IN OLD COUNTRY

The following translated from the "Avis," local paper in the city of Aalesunds, Norway, refers to the father of John Dybhavn, manager of the Royal Fish Co. and Norwegian vice-consul here:

70th Anniversary
Andreas Dybhavn, one of Borgund's most widely known and respected citizens, tomorrow celebrates his seventieth birthday.

Andreas Dybhavn is a very intelligent man and a man with clear insight in many matters. The community has therefore to a great extent made use of his services. He has served as member of the district council of Borgund for a continuous period of 36 years and was one of its most

respected and influential members. He has besides this held a number of other public offices.

Personally, he is a very fine and upright type of man who, in his long and active public life, has gained for himself a great number of friends who will greet him tomorrow and wish him all the best and most pleasant for his remaining days.

He has several children who have also made good. Among them can be mentioned Karl Dybhavn, general merchant, Aalesund; Hans Dybhavn, general merchant, Hareid; and the Norwegian vice-consul in Prince Rupert, B.C., John Dybhavn, who for 10 years has served as alderman of Prince Rupert and also several times as acting mayor. Tom Dybhavn and Anton Dybhavn of Prince Rupert are also sons. Both are following fishing.

PREVENT EXPORT OF INDIAN TOTEM POLES

At the meeting of the Board of Trade last night a resolution was passed calling on the provincial government and the Indian department of federal government to prevent the export of historic totems from the Indian villages to points outside the province.

It was pointed out that speculators had been buying many of them with the result that few were now left.

DEER SHOOTING OUT OF SEASON

Two or Three Laws Broken by Person Who Killed Young Buck on Island

Kaien Island is a game reserve and as such no hunting of birds or animals thereon is allowed. Deer are out of season until September 15 and anyone killing them is liable to a fine. Pittamping is always illegal because it is dangerous and also unfair to the deer. In spite of this a young buck was found dead yesterday, freshly killed, at the back of Kaien Island. It had its jaw broken apparently by pitlamps, it was lying in the woods some distance inland to which place it had escaped and apparently died of hunger through being unable to use its jaw.

It is understood that an attempt will be made to enforce the game laws here this year and those hunting illegally are taking considerable risks.

Sport Chat

Tonight the first bird hunters of the year will be going forth to try their luck, as the season for ducks, geese, etc. will be open with the gray dawn tomorrow morning. The fact that a good number of licenses have been taken out at the government agent's office this week indicates that several parties may be expected to depart with their shot-guns tonight. The birds are not very plentiful as yet, it is understood, but a few stray flocks have already been spied on their fall flights for the more southern regions and the nimrods expect to surprise a few lurking in their swampy haunts tomorrow morning.

With the Fair sport program next week, the best bill-of-fare of the season for baseball and football fans will be presented. A larger array of outside talent than ever before will be presented and the locals will have to extend themselves to keep the honors in the city. Two big events, one football and one baseball, are scheduled for each day of the Fair. While not officially described as such, the baseball and football series will really amount to Northern B.C. championships.

There will be a rally of football players at the Aeropolis Hill grounds tomorrow afternoon in preparation for the series with outside teams in connection with the Fair sports next week. The following team has been selected to play with the picked team that will meet the outsiders: D. Frizell; H. Hamilton and George Waugh; Hodgkinson, eGeorge Kelly and Ed. Craggs; W. Hamilton, G. Mitchell, Joyce, W. Mitchell and E. Smith.

SUBSCRIPTION LIST
JAPANESE DISASTER

At the meeting of the Board of Trade last night the opinion was expressed that some official, preferably the mayor, should start a subscription list here for the Japanese relief fund.

A communication was received at the meeting last night stating that any such contributions to be effective should be in Vancouver before September 20.

Alderman Collart stated that if the mayor did not take action before Monday he would take it on himself to do so.

Grant Mahood, president of the American Mining & Milling Co., passed through the city on the steamer Prince Rupert last night bound from Vancouver north.

"Better Than Pills For Liver Ills"

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

Admiral of the Mosquito Fleet reports that business along waterfront has been given what of a setback this week to the fact that Monday is Labor Day and a public holiday. The weather has also been of a disturbing nature on high spots and has prevented the little fellows making port, many of them compelled to take shelter in the high wharfs and seas. The holiday tie-up over last week, no fish being sold on fish Exchange on Monday, and on Tuesday morning amounted to the healthy amount of 228,000 pounds. However, Wednesday morning the landings were conspicuously absent, a state of affairs that has not existed in the market for some considerable time, and which upset the man's calculations for the week. Seven boats put into port Thursday morning with a total of 59,000 pounds and, as a result of the scarcity of halibut, high prices for both first and second class catches.

The Canadian halibut schooner Ringleader topped the list obtaining a price of 17.1c for first class fish. On the same day the American schooner Anna J. was high boat for second class fish which sold at 12.5c.

The power boat Leinsh, owned by Ald. Theo. Collart, having completed her commission with the fishery patrol service for the season, is on the Ward ways for overhaul.

Walter Shaw is reported to have joined forces with W. T. Muse in the logging game and will be engaged in the near future in towing booms of logs to various distant lumber centres with his power boat Aileen, which has been completely overhauled on the N. M. McLean ways.

The Wigwam, Capt. Claude Ketchum; Dixie Rupert, Capt. Geo. Newcomb; and Narbethong, Capt. Freeman, are absent from port on mystery trips. The secret service are making in-

quiries as to their whereabouts.

The Canadian schooner Maud was taken up on the McLean ways on Thursday morning for hull repairs and general overhaul.

Birnie in Port

The lighthouse tender Birnie, Capt. Butler, called in port on Wednesday night from Triple and Luey Islands and left on Thursday morning for Port Simpson en route on her regular schedule of lighthouse calls.

Latest Fish Story

This story is right from Khatada. It is said that no sportsman who has ever fished in this well known district has ever told a lie about fishing. Dave Stuart, Howard Steen and Geo. Abbott were up at the well-known lake over last week end and of course some wonderful catches were made. Fifty trout were caught in so many minutes which would be nearly a record if it were not for the past performances of other fishermen. Having caught the fifty trout and the darkness having fallen with a terrible crash, they were suspended from the branch of a tree in a bucket, the tree resting gracefully near the walls of the hunting lodge. The gang duly retired for the night thinking that the fish suspended so high from the ground was quite safe from molestation. In the night or rather early morning, Howard heard some uneasy noise which sounded like a rat crawling up the outside of the shack. Howard, having taken his nerves along, the noise got on them so heavily that he had to awaken Dave to get it lifted off. With a real clannish battle cry Dave seized his revolver, which was in his pyjama pocket, and fired thrice through the roof thinking this would scare the intruder. However, Howard got inquisitive and squinting through the window a little later was surprised to see something like a rat or a buffalo coming down the tree with a large trout in its mouth. In the morning, upon an examination of the bucket preparatory to breakfast, it was discovered that only the water was left therein, consequently there was no second course for the first meal of the day. The rat, or whatever animal it was, had evidently purloined the fish out of the water and had transferred it to its lair. Next, please.

Pete Meuse Holidaying

Peter Meuse, secretary to the skipper of the Canadian halibut boat Ringleader, is leaving the city over the week end upon an extended visit to his family in Nova Scotia. He expects to rejoin the high boat squad, and incidentally the little old boat, early in the spring of next year. Pete has been fishing steadily for the past twelve months so that the holiday is coming to him all right.

Flag is Flying

The flag is flying from the Altin Fisheries and there is an air of gaiety around the place while the boss is blossoming forth in a brand new button-hole of dandelions each morning. You see it was like this, Jim was the runner up for the Ald. Collart Silver Cup for the best garden in the city and any man that can

THE NEW AND ENLARGED

Boston Grill

Third Avenue

WILL RE-OPEN MONDAY

September 10, 1923

Here is Where You Eat Well—and Economically

Our restaurant has been entirely re-modelled and refitted to ensure the public an up-to-date and absolutely modern counter and table service.

SEPARATE BOXES HAVE BEEN INSTALLED FOR THE CONVENIENCE OF LADY PATRONS AND FOR PARTY USE.

The busy business man cannot afford to spend any considerable length of time over a meal. Nor can the busy woman on a shopping tour take extra time to dine.

That is one of the advantages of our restaurant. You will appreciate the quick service, as well as the choicely prepared food. Wholesome and delicious—the same kind of food that you expect to find at home—is here, but naturally your choice is unrestricted.

pull off a stunt like that is entitled to put on a little swank. One has to see the beauties of the garden in question to believe that it was possible to bring the various flowers and vegetables to such a state of perfection. Take the sweet peas for instance. These had grown so high that it was necessary to shoot the blossoms off with a rifle, while the colorings are so vivid that a pair of smoked glasses are a necessity before they can be looked at. Then passing up the garden path to the vegetables we come to the first exhibit of cucumbers, and such cucumbers. The trouble had not been to grow them, according to their tamer, but to get them stopped at it. At one time they grew up the side of the house and through the bedroom window in the night. In the morning when the boss went to put on his collar at the dressing table he was dismayed to find that the cucumbers were entwined around the looking glass.

Fish Business

During the week 366,400 lbs. of halibut has been marketed on the Fish Exchange. The highest price paid for American first class catches was 16.2c and for second 12.5c. The Canadians obtained the highest for first class landings at 17.1c, and for second class at 12.3c. The lowest price for American first class fish was 13.1c, and for second 9.1c. The Canadians obtained their lowest for first class at 13.1c and for seconds at 11.5c. The arrivals were: Atlas, Majestic, Albattross, Forward, Sherman, H. & R., Livingstone, W.T., Imperieuse, Maud, Birdie B., Nornen, Cape Spencer, Anna J., Hi Gill, Washington, Augusta, June, Ringleader, E. Lipsett, Omaney, Reliance, Gibson, Annie May, Ethel June, and W. & T.

The Canadian halibut schooner H. & R., Capt. C. Edwards, arrived in port on Tuesday morning with 4,000 pounds of the best fish in the world. According to report everything went off like a charm although the little old boat ran into some dirty weather on the return trip.

There was a young man of Kildare, who fashioned a boat from a chair, but the holes in the seat, he forgot to complete, and his trip was completed by air.

The native power boats Evelyn H. and Rosie H., arrived from the Naas district during the week with several families aboard. They will remain in port over the Fair week.

BETTER BABIES BEING JUDGED

All Doctors in City Acting as Examiners Assisted by Nurses and I.O.D.E.

All the doctors in the city are taking part in the judging of the babies in connection with the Exhibition Board's Better Babies contest. They are being assisted by graduate nurses of the city and members of the Imperial Order Daughters of the Empire which has the arrangements for the contest in hand under co-sponsorship of Mrs. Robert Blance. Judging of the various classes takes place on different days in the new store near Benson's Studio which has been rented for the purpose. Announcement of the results will be made after the Fair opens next week. A fine lot of trophies are being put up and something over 65 babies are entered. The judges prepare full certificates of each infant entered for the parents.

Yesterday babies under the age of six months were examined by Dr. J. P. Cade, Dr. L. W. Kergin and Dr. H. E. Tremayne who were assisted by Mrs. J. L. Lee, R.N., Mrs. C. Woodworth, R.N., and Mrs. J. G. Steen.

This morning babies between the ages of six and twelve months were examined Mrs. Woodworth, R.N., Mrs. Lee, R.N. and Miss Lorna Tite assisting the doctors.

On Monday morning babies between twelve and twenty-four months will be examined, Mrs. J. L. Lee, R.N., Mrs. Donaldson and Mrs. C. F. Kemp assisting.

The final class, between 24 and 36 months, will be examined on Tuesday with Mrs. G. A. Hunter, R.N., and Mrs. J. G. Steen assisting the doctors.

PARTY INSPECTED ROAD ROUTE ACROSS ISLAND TO RAPIDS

Dawson Looked Over Lands Which are to be Developed or Transferred to Provincial Government

Yesterday a small party of local citizens went around to the back of the Island to inspect the route of the proposed road to the Skeena River. They went as far as the bridge site over the Galloway rapids where a span of 250 feet will be necessary as well as an approach on either side. It is not a difficult place to bridge but even so will prove somewhat costly.

The rapids are five miles from here and the route chosen is fairly easy of construction. The worst part is that just adjoining the townsite where the going is rough. It passes two little lakes made by beaver and in one there are still a few beaver judging by the signs.

The road will not follow the beach but will be a short distance inland along the foothills of the mountain. It will be a scenic route and the cost it is estimated will be about \$7,500 a mile.

F. G. Dawson went out particularly to look over the land which is owned by the Grand Trunk Development Co. and part of which it is proposed to transfer to the provincial government as their share toward the construction of the road.

Those in the party were F. G. Dawson, Fred Stork, E. G. Gibbons, S. J. McLeod, J. H. Pillsbury, S. E. Parker, Major Taylor, P. W. Anderson and H. F. Pullen.

SMITHERS

L. R. Burr, manager for the Canada Railway News here, is away on his vacation to Vancouver and coast points.

J. E. Kirby, mining recorder, has resumed duties after holidaying in Vancouver.

After spending some time in Regina visiting friends and cavorting at Regina Beach, J. Roberts is again at his post in the office of the Assistant Master Mechanic.

"Dutch" Gline, of the provincial police at Hazelton, was a visitor in town over the holiday.

P. B. ASHBIDGE, Capt. Adtg. Adjutant.

BUCKLEY BAY GIRL FIFTH

Final Result of Carnival Queen Contest is Announced This Morning

Miss McRae, the Buckley Bay candidate, comes fifth in the Fair Board's carnival queen contest with a total of 57,100 votes and will be one of the maids of honor in next week's festivities. It is announced today by W. F. Roberge, chairman of the contest committee, following receipt of definite figures from Buckley Bay by wire.

The final result of the contest is as follows:
Miss Henriksen . . . 338,850
Miss Brown (Prince George) . . . 116,400
Miss McDonald (Anyox) 87,575
Miss May Reid . . . 64,503
Miss McRae . . . 57,100
Miss Strachan (Smithers) 29,375

The second, third, fourth and fifth candidates will be maids of honor.

Mrs. Henriksen, mother of the queen, will act as chaperon of the carnival party of young ladies.

Advocate in 'the Daily News.'

Tonight Only, Saturday, 7 and 9

The George Melford Production

"You Can't Fool Your Wife"

A photoplay with a powerful theme, startling situations, lots of good common sense and a gold mine of laughs. A picture that hits home. Society's new diversion, swimming and the tea party. Daring, sumptuous, dazzling, extravagant.

Brilliant Cast—LEWIS STONE, LEATRICE JOY, NITA NALDI and PAULINE GARON.

COMEDY—FOX NEWS-GAZETTE. Admission 35c and 10c.
