## SUTHERLAND ANNOUNCES ACTION ON ROAD

### POWERFUL ADDRESS OF ARCHBISHOP DU VERNET TO SYNOD THIS MORNING

#### Road to Canneries is Being Surveyed; May be Started This Fall

"There is a man at work surveying the route for a road to the canneries at the mouth of the Skeena River and he will prepare an estimate of cost which will be submitted to the government and I should not be surprised if work were to commence on the building of the road this year," stated Hon. Dr. Sutherland, minister of public works, to a Daily News representative last before leaving for Prince George. "Mr. Pattullo has been hammering away at this road proposition for a long time and on every possible occasion. While we do not feel that there would be justification for building the road up the Skeena River at present, we do think the canneries should be connected with the city by road and the government would be justified in building the road that far. A survey of the routes up the Skeena River will have to be made to determine the most feasible way to connect with Terrace when the time comes to proceed, and the part of the road which is built on Kaien Island will be a part of that highway no matter which way it goes afterwards. It must go by way of Galloway Rapids."

#### TO ENCOURAGE SEA FISHING

Sum in Estimates Along With Other Amounts Tabled in Commons

The sum of \$70,000 was voted at Ottawa yesterday to assist in conservation and development of deep sea fishing. This sum was among supplementary estimates totalling \$14,711,354 which were tabled in the House of Commons, including \$50,000 for survey and investigation of a railway from a point on the Canadian National toward Peace River and a grant to the Burrard Inlet tunnel and Bridge Company at Vancouver for construction of a bridge over the second narrows, the amount not given, and \$37,000 to defray the cost of installing wireless telephone and life saving apparatus on the west coast of Vancouver Island.

#### RAILWAY TO PEACE RIVER

Senate Committee Suggests Feasibility of Line From C.N.R. to District

REDUCE FREIGHT RATES

OTTAWA, June 27.—The feasibility of the projected railway from Peace River to connect with the main line of the National railway system in order to tap the extensive fields of anthracite or semi-anthracite coal existing in Northern Alberta and British Columbia is suggested in a final report of the Senate Committee, which has been investigating Canada's fuel supply. The committee recommends that the Dominion Fuel Board be empowered to co-operate with transportation and other interests with a view to reducing freight rates and increasing to the utmost the use of Canadian coal in Canada and educating the public to the use of Canadian coal.

OTTAWA, June 27.—After opposition amendments were defeated, the bill to provide for the construction of Canadian National branch lines and a bill to empower the Government to prohibit the export of pulpwood if deemed necessary was given a third reading in the House of Commons.

Two amendments of A. R. McMaster, independent, to protest against the principle of granting bounties to encourage Canadian industries were defeated.

The Senate gave third reading to the Bank Act after several amendments had been defeated.

Dr. and Mrs. E. S. Tait sailed last night on the Chelohsin for Surf Inlet where they will spend a holiday.

#### GETS FINE, JAIL SENTENCE, AND IS ORDERED DEPORTED

Joe Pagoff, Finn, Punished For Re-entering Canada After First Deportation

Joe Pagoff, Finn, was deported from Canada once before but he ventured to cross the border from Hyder to Stewart recently and the result was that on Monday he appeared before Stipendiary Magistrate Walter Gale, was found guilty of a charge of evading the Immigration Act and was fined \$100, sentenced to six months at Okalla and ordered for deportation when he got out. He was brought to the city for trial on Saturday by Immigration Officer Cameron, of Stewart, and was turned over to the Royal Canadian Mounted Police and Dr. H. E. Tremayne, local immigration officer. Pagoff is at present in the city jail awaiting his free passage south to serve his term.

#### LABOR PARTY WOULD LEVY ON CAPITAL

Report Ready to be Filed Showing Socialist Control of Party Machine

LONDON, June 27.—The labor party's annual conference re-affirmed the principle of a levy on capital to redeem the war debt. Sidney Webb presiding advocated a gradual levy on fortunes of £5,000 and up. He said the labor party was ready to form an alternative ministry to carry on the government if called upon.

A report concerning trades union and socialist elements within the British labor party is ready to be filed showing that socialists control the party machine, though the membership is less than one per cent of the total. The total membership of the labor party is 3,300,000, a decrease of 700,000 from last year.

#### SPECIAL LEGISLATION LOCAL IMPROVEMENT

Hon. A. M. Manson Advises City in Regard to Necessary Action

At the meeting of the city council last night a letter was read from Hon. A. M. Manson, attorney-general, giving the city advice on the passing of the local improvement by-law, and also from John Dybhavn who had taken the matter up for the city at Victoria. The attorney-general advised that the city apply at the next session of the Legislature for special legislation in regard to the matter. He also advised that the inspector of municipalities would be in the city in the near future when the matter could be discussed fully with him.

#### MOHAMMEDAN BOYS KILLED IN FALL OF ORPHANAGE BUILDING

CALCUTTA, June 27.—Thirty-nine Mohammedan boys were killed in the collapse of a section of an orphanage building. Fifty-eight were injured.

#### CHANGE COURTS THIS PROVINCE

Bill Contemplated to do Away With Court of Appeals as Separate Entity

VICTORIA, June 27.—A bill proposing radical changes in the status of the British Columbia courts will be introduced in the Legislature at the autumn session this year. A group of lawyers from Vancouver and Victoria are said to be preparing a bill which seeks to abolish the present court of appeal and to compel all judges to take their turn as trial judges and to create an appellate division in which three judges shall sit on appeals as required once a month to hear appeals from the final judgments only and to create an additional court known as a divisional court consisting of two judges for disposal of interlocutory appeals to obviate delay in hearing appeals.

Except for the last mentioned court, no bench would be made up of an even number of judges. The bill also seeks to place further limitations on appeals from country court judgments, which appeals are becoming very numerous.

#### PREMIER DRURY HAS RESIGNED AND HIS SUCCESSOR ACCEPTS

TORONTO, June 27.—Premier Drury of Ontario has resigned and members of his cabinet with him to take effect on July 15. Lieut. Governor Cockshutt has called upon Hon. Howard Ferguson to form a government and Mr. Ferguson replied that he would be ready to assume the position as soon as Drury vacated.

#### Fresh Statement on Essence of Christianity in Address by Archbishop to Synod Today

The outlook for spiritual religion is full of promise, said Archbishop Du Vernet in his annual address to the Anglican Synod at St. Andrew's Church this morning. The philosophy of visible materialism is everywhere giving place to the philosophy of invisible energy. Men are beginning to realize that all energy whether it be radiant, vital, mental, or moral flows from a common source, and that this source is spiritual. It is the destiny of the material to be the manifestation of the spiritual but matter in itself can never be the ultimate reality.

God is Infinite Energy in ceaseless activity, ever creating with wisdom and goodness. The highest form of energy known to us is love, and love is always the outcome of personality. God is Love, God is Light, God is Spirit. When this is our conception of God we have no difficulty in realizing how He is unceasingly operating through all the electric energy, all the vital energy, all the mental energy, and all the moral energy in this universe. "Heaven and earth are full of His Glory."

In God, we live and move and have our being. In us, God lives and moves and manifests His Energy. In Christ, God gives us the supreme revelation of his Infinite Love. The essence of Christianity is the Spirit of Christ, and only as we possess and manifest this Spirit are we worthy of being called Christians. This Spirit should be the great bond helping to bind together all individuals, all classes, all races, and all nations in fellowship and service.

#### POPULAR TEACHER IS ABOUT TO BE MARRIED ENTERTAINED BY CLASS

Miss Helen Nickerson Recipient of Token from Primary Pupils of Borden Street School

Miss Helen F. Nickerson, who is severing her connection with the local public school teaching class to be married next week to Dick Lambie, was yesterday entertained by her class at tea at the home of Mrs. A. T. Parkin, Borden Street, and presented with a silver pie knife as a token of appreciation and respect. The presentation was made on behalf of the class by Eva Morris, one of the pupils.

#### ANNUITY FOR DR. BANTING

All Parties Join in Recognizing Work of Discoverer of Insulin Treatment For Diabetes

OTTAWA, June 27.—Recognition of his work in the discovery of the insulin treatment for the cure of diabetes was expressed by the House of Commons yesterday to Dr. G. Banting, of Toronto, when a resolution was passed giving him a life annuity of \$7,500 a year to enable him to devote his life to medical research. The vote, which was included in the supplementary estimates, was moved by Premier King, seconded by Rt. Hon. Arthur Meighen and was endorsed by Hon. Robert Forke, leader of the Progressives.

#### Oriental Immigration is Discussed in Parliament Action re Japan Delayed

OTTAWA, June 27.—An act respecting Chinese immigration as amended was given a third reading in the Senate after an important amendment of Senator Willoughby which would have permitted the wives and minor children of Chinese to be admitted to Canada was withdrawn.

Willoughby claimed this amendment would meet the wishes of the Chinese authorities and was in harmony with the prime minister's intentions.

A storm of protest from British Columbia senators that the amendment would practically be giving B.C. to China brought support from the government leader who asked that the amendment be withdrawn.

As a result of negotiations between representatives of the Japanese and Canadian governments it is expected there will be a very substantial reduction in the number of Oriental immigrants to Canada during the next few months. If this reduction should not materialize the question of further restricting this class of immigrant may be taken up at the next session of parliament. This information was conveyed in the reply of Premier King to A. W. Neill of Comox-Alberni in the House of Commons this morning when Neill asked regarding the fate of the negotiations between the two governments. B.C. wanted to know what to expect, Neill said.

Mackenzie King said that when the matter was brought up it was pointed out by representatives of the Japanese government that legislation of that kind might be misunderstood in Japan. The Japanese government while desirous of furthering the wishes of Canada wished to avoid unrest in Japan. The matter was therefore dealt with by negotiation.

After taking on fuel oil at the Imperial Oil Co.'s dock, the C. G. M. M. freighter Canadian Transporter sailed this morning at 10 o'clock direct for Yokohama, Japan, having on board nearly four million feet of lumber, 500,000 feet of which was loaded here. The Transporter completed loading at the lumber dock yesterday afternoon and went up to the oil dock at 8 this morning. Capt. E. McCoskie, harbor master, is piloting the Transporter as far as Triple Island.

#### MAGISTRATE'S SALARY DISCUSSED BY COUNCIL

Attorney-General Recommends Cut of \$300 a Year but Alderman Not Satisfied

At the council meeting held last night in the City Hall a letter was read from Hon. A. M. Manson, attorney-general, with reference to the reduction of the police magistrate's salary. The letter stated that in view of the decrease in the number of cases handled by the city police magistrate he had recommended to the Governor General that the reduction in salary be \$300 per annum be made effective as from July 1. Alderman Stephens did not think the reduction was sufficient in view of the marked decrease in city police court cases handled. The letter was referred to the Finance committee for further report.

#### TAXATION CHANGES

OTTAWA, June 27.—Bills to give effect to the changes made in the tariff and to put into effect the amended sales tax and cheque tax were given their third readings in the House of Commons today.

#### NATIONAL PRESIDENT

HALIFAX, June 27.—Miss G. E. Carmichael of New Glasgow, N.S. was yesterday re-elected president of the national council of women.

#### BANK MANAGER DIES

VICTORIA, June 27.—B. H. Rowley, manager of the Union Bank here, died late last night. He was taken suddenly ill on Monday and was operated on.

#### TIMBER TAXES WILL BE HIGHER

Premier Meets Delegation of Holders and Discussed Matter With Them

EQUALIZATION IS AIM

VICTORIA, June 27.—The taxation of timber next year will probably be based on a considerably higher aggregate valuation, Premier Oliver announced.

The premier in the morning conferred with other members of the cabinet and a deputation of timber holders headed by E. J. Palmer and J. D. McCornick regarding timber taxation. After the conference he stated that a new valuation was being fixed by a corps of cruisers working under the finance department and the work would probably be completed next year in time to form a basis for the 1924 taxation.

"In many cases the government's cruisers are finding that timber has been over valued in the past but there are also many instances of undervaluation," said the premier. "We are gradually bringing about equalization and there is no doubt that in the aggregate the new valuation will represent a substantial increase over the present."

#### PRESIDENT CANNOT VISIT CANADIAN YUKON

JUENEAU, June 27.—President Harding will be compelled owing to lack of time to decline the invitation extended him by the Legislature of the Yukon to visit that territory while he is in northern waters this summer. The president instructed President Bone today to reply in this vein to the Klondike's invitation.

#### Everyone Pleased With Message.

Everyone here was pleased with the message brought by Sir Henry Thornton. They were cheered and now they look forward to the future with renewed hope. They felt that the president of the railway was not only sincere, but that he also had the power to do that which he desired. They knew that he was backed up by the Dominion Government and that anything he set himself to accomplish he would likely carry through. The message of cheer will carry us through many a difficult situation and will tend to make us unite our efforts with one end, that of making this a real city.

#### President Careful Not To Over Promise.

President Thornton was careful not to promise more than he felt he could perform. He is a careful man and his record indicates that while he says things well, he does them even better than he says them. So we expect it will be here. We shall look forward with anticipation of improvements, gradual but steady, and we shall be glad to co-operate in aiding the railway to carry out the projects they have in hand.

#### End Of Group Government In Ontario.

Group government has come to an end in Ontario for the present and few people will regret it. It was not a success. It made for extravagance and sectionalism. While party government is often anything but ideal it was found that class government was worse.

One of the chief sins of the Drury Government was its extravagance. They spent money and caused the taxes to mount at a terrific rate. Also they aroused antagonism by the manner in which they enforced the liquor laws.

All parties in Ontario are prohibition parties. All promised to enforce the present law but there was a difference of opinion as to methods. While it is possible the new government may again give the people there a right to vote on the liquor question, they are not in any measure anti-prohibitionist, at any rate so far as the public utterances of the leaders are concerned.

The present setback to the farmer-labor coalition in Ontario will prove a setback to group government everywhere because Ontario is one of the few places that has tried it. It proved a failure, apparently, and other provinces of Canada will hesitate before making a similar mistake. It is always a mistake to think that a man can be taken from between the handles of a plow and set to conduct so large a business as a provincial government. Be he ever so able he has to learn his trade before he can practice it.

#### Will Give Hope To Local Conservatives.

The result of the election in Ontario will give hope to local Conservatives. It shows that the electorate is always liable to change and to do most unexpected things. It matters not whether it be in the city, the province or the Dominion, changes are liable to come at any time, as come they have before. People are very fickle. Also they are very forgetful. They forget the sins of the past and they no longer remember services rendered. They are accused of being ungrateful. Possibly the result in Ontario may be a lesson to other governments to refuse to play fast and loose with public funds and thus save themselves from a similar fate.

#### FRESH STATEMENT ON ESSENCE OF CHRISTIANITY IN ADDRESS BY ARCHBISHOP TO SYNOD TODAY.

(continued from page one)

scientific method of relating spiritual truths to the lives of men, women, and children, according to their age, sex, and race. Religion can now become a reality to all sorts and conditions of people, whereas before it was generally supposed that only the favored few of a mystical temperament could ever become the saints of God.

#### Modernized Gospel

If the Church is to gain and not suffer from the onward march of knowledge, we who minister must keep abreast of the times. The atmosphere of thought in which we live today is entirely different to that of the middle ages. The language of scholasticism in which much of the theology of the Church was formulated is rapidly becoming an unknown tongue. The truth of the Everlasting Gospel needs to be proclaimed in terms of modern thought.

In our methods of religion while we should be very slow to abandon customs hallowed by centuries of use, yet where these customs are steadily losing their hold it is wise to carefully modify them to better adapt them to present conditions. There is nothing sacred about the hours of eleven and seven for church services. In northern latitudes we must study what is best; not be slaves to church fashion. While the craze for brevity may be carried too far, I am convinced that there is too much reading and speaking in our church services and not enough time allowed for quiet meditation. Concentration of mind is necessary to efficacy in prayer. Shakespeare taught us this when he made the king of Denmark say:—

"My words fly up, my thoughts remain below,  
Words without thoughts never to heaven go."

#### Optimal Pause

We are so constituted that we cannot concentrate our minds for very long at a stretch. The time is coming when we shall have "the optimal pause" interspersed at intervals throughout our services. "Be still and know that I am God."

As to preaching it is appalling to think of the amount of oratorical effort that is apparently wasted every Sunday throughout the country because a better use is not made of the supreme law of the subconscious mind whereby an idea on the surface of the mind is made an energy in the depths of the soul. While we should earnestly pray that the Spirit of God may graft the words which we hear with our outward ears inwardly in our hearts, we should at the same time understand the psychological process whereby this is done.

It thrills us with hope for the transformation of character and the uplifting of humanity when we see that the Divine Spirit never fails to work in accordance with the natural laws of the human mind, which we are beginning to understand.

#### An Intuitive Act

A touching incident occurred at our last Synod two years ago. We had just carried by a standing vote a resolution of sympathy moved by Archdeacon Collison to the family of the late Rev. J. B. McCullagh when by a flash of intuitive insight I realized that we should never have our beloved Archdeacon with us at Synod again, so while he stood on the platform beside me I offered him, with deep emotion the tribute of our united esteem and affectionate regard. I am thankful that we did this while he was still with us. The memory and the spirit of this grand veteran of the Cross who spent forty-eight years of service among the Indians of this coast should always be an inspiration to this diocese.

We are glad to have his book entitled "In the Wake of the War Canoe." We are also glad to have the book written by a sympathetic friend entitled "McCullagh of Aiyansh." The story of thirty-eight years of faithful work both on the lower and also on the upper Naas River is now amongst the annals of history. Perhaps some of the younger men who are doing good missionary work in the pioneer districts of this vast diocese do not realize that they also are making history in laying the foundations of righteousness and goodness upon which will be built a law-abiding, industrious, and happy community.

#### Externals of Religion

There is much to discourage us

in this western country in the way of apparent indifference to religion but this indifference has largely to do with the externals of religion. The men of the west want reality in religion and wherever they find this they respect it. There is more scientific reading and deep thinking done among the prospectors, the miners, the loggers, the fishermen, and the settlers of this wild rugged mountainous country than is done among the fashionable congregations of eastern cities. And so even in regard to this missionary diocese with its trying problems of scattered missions and inadequate support I do not hesitate to say that the outlook for spiritual bright with hope. The Spirit of Christ will yet conquer the world. Our God is marching on, because He is working in us.

#### HOMESTAKE MINE TO OPERATE THIS SEASON

Men Already at Work on Property, Kitsault River, Alice Arm

ALICE ARM, June 27.—Major R. F. Crichton, of Vancouver, arrived in camp Thursday with a small crew of men, and will begin active development on the Homestake group of claims, located 26 miles up the Kitsault River, near the Kitsault Glacier. More men will be put on as the work develops.

Mr. Crichton was mine foreman when work was closed down on the property in the Fall of 1921. Since then no work has been done.

At the time of closing down 170 feet of tunnel work had been done. No. 1 tunnel striking the vein at a distance of 123 feet.

The present operations will consist of cutting the vein in No. 1 tunnel; and the extension of No. 2 tunnel, and of proving up and developing the mine.

This property has a nice surface lead, from 35 to 50 feet in width, carrying pyrite, chalcopyrite and galena.

The Homestake Group consists of four claims and is under bond from A. Davidson and associates to the Consolidated Homestake Mining and Development Co. of Vancouver.

ANYOX BASEBALL TEAMS PLAY DRAW

Objection Taken to Decision and Protest to be Lodged by Mine

ANYOX, June 27.—Up till the end of the fifth inning, as good a game of baseball as the most dyed-in-the-wool fan would want to see was staged on the local ball lot on the evening of the last game played in the schedule. One error was all that could be checked up against the combined teams and one hit was the best the batters could get. On two occasions in these five innings the bases were full, once in the second when, with two men down the Mine had a chance to make baseball history and fell down when Olson struck out; and again in the last of the fifth when, with two out, McKenna reached first, Ferguson walked, Whitteker and Thorley and Downs could only hit to third, retiring the side. Both teams played great ball the outstanding features of the game being Down's run after a long drive off Mealey's bat to deep left, and which was gathered in; and Cody's sensational one-hand catch of a difficult foul by Greenwell.

In the sixth, the fire-works started and the end is not yet. In their half of the sixth, the Mine got two runs across the plate by timely batting and a costly error or two on the part of the Elks. By the time they were retired, the rain began to fall. Campbell, the first man up for the Elks, had several balls pitched to him when the Umpire called the game; and as the rule states that a game called on account of rain or darkness must be governed by the standing of the teams as at the end of the fifth inning there was nothing else but to call it a draw.

The followers of the Mine objected to this, and various arguments accrued on the field, with the result that a protest has been lodged with the governing board of the Anyox Baseball League.

Batteries for this game were: Elks, Fitzpatrick and Gody; Mine, J. Ferguson and Greenwell. Umpire, W. Olsen; base umpire, J. McKenna.

Line-up: Mine—Mealey, Greenwell, C. Ferguson, Anderson, J. Ferguson, Olsen, Corkle, Stewart, Allan.

Elks—Downs, Campbell, Fitzpatrick, Greenwell, McKenna, McIntyre, Whitteker, Thorley.

ELKS FOOTBALL TEAM LOST GAME AT ANYOX

ANYOX, June 27.—After putting up a splendid game of football against the Sneller in the previous game, the Elk's team somewhat disappointed their supporters when they allowed the Mine, which had been at the bottom of the winning column, to score a win of two to nothing over them. It did not look or

Had Constipation for 6 Months Was Relieved by Milburn's Laxa-Liver Pills

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, heartburn, foul breath, sour stomach, etc.

Milburn's Laxa-Liver Pills will regulate the flow of bile to act properly on the bowels, thus making them active and regular, removing the constipation and all its allied troubles.

Miss R. C. Hunt, Port George, N. S., writes:—'I have been troubled by being constipated for the last six months.

My tongue has been terribly coated, so much so that it made my breath bad. I was talking to a friend about it, and she advised me to use Milburn's Laxa-Liver Pills, which I did, and now I am perfectly well. My tongue is as smooth as it was before I got that way, and I owe it all to your Pills, of which I only used two vials.

perform like the same team; and while "Baker" Robertson was not in the line-up for this particular game, it hardly warranted the lack of aggressiveness displayed by the angered aggregation. The Mine worked hard all the time and were rewarded by a victory justly earned, forcing the game at all stages. Evans kicked both goals for the "Muckers." Reference, J. Evans. The line-up: Mine—goal, Corkle; backs, Stewart and Spears; half backs, Garry, Payne and Currie; forwards, Twaddle, Barnes, Lange, Evans and Stubbs.

Elks—goal, Baillie; backs, Baillie and Robertson; half backs, Crawford, Scott and Carter; forwards, McKenzie, O'Connell, Robertson, Sellars and Hay.

LABOR COUNCIL IS ALREADY STARTING LABOR DAY PLANS

The Trades and Labor Council is already making preparations for the annual Labor Day celebration and it was decided at last night's meeting to ask the city council for the exclusive use of the Acropolis Hill grounds on that day. A committee was appointed consisting of Joe Gillis and Ald. S. D. Macdonald to interview various unions of the city, including the Fishermen's Union, with a view of obtaining their co-operation in making the celebration the biggest and best that had ever yet been held. Half of the proceeds of the celebration have been promised to the Nurses' Home Fund.

METHODISTS TO GET ACROPOLIS GROUNDS

A letter from the Methodist Sunday School was read at the council meeting, held in the City Hall last night, asking for the use of the Acropolis Hill grounds some time during the first or second weeks in July, the date to be arranged so as not to conflict with any previous ar-

rangements. Alderman Smith moved that the request be granted for a day which was not to interfere with any pre-arranged plans. The motion was seconded by Alderman Perry and carried.

State Comptroller Bugbee, director of the New Jersey Boxing Commission, has ordered Jess Willard to report for physical examination before Wednesday to prevent a last-minute slip-up in the Willard-Firpo bout at Jersey City, July 12.

Miss Helen Condon, of Omaha, recently broke two mid-western tank swimming records. Miss Condon established her first record in the senior 50 yard backstroke event, negotiating the distance in 42 seconds flat—2.5 of a second faster than the old mark. In the senior breast stroke she clipped a second from the old mark, when she again swam the distance in 42 seconds.

Advice has been received from New York that Sir Thomas Lipton, famous Irish yachtsman, will challenge again this year for another series of races for the America's Cup, to be raced in the summer of 1924. Charles Nicholson and William Fife, two of England's most famous yacht designers, are to collaborate on the design of the new challenger, which will be named Shamrock V.

After a day's rest Jack Dempsey is scheduled to resume his training today in preparation for the defence of his title against Tommy Gibbons at Shelby, July 1. Jack Kearns, manager of the heavyweight champion, said that Dempsey probably would work out without interruption until three days before the contest, when he will drop off all work with the gloves and do only light training to keep in condition. Manager Kearns says "Dempsey is in great shape and is better right now than he ever has been. He is four times a better fighter than he was when he met Jess Willard at Toledo."

COLTS BEAT WHITE SOX INTERMEDIATE GAME LAST NIGHT

The Colts beat the White Sox by a score of 16 to 9 in last night's Intermediate Baseball League game at the Acropolis Hill grounds. Though things were pretty even and tight until the fourth inning when the score stood 2 all, the Colts had the best of it on the whole, the White Sox loosening up and letting their opponents get ahead until the ninth when both sides blew up, the Colts getting seven runs and the White Sox five. The game was featured with several snappy double plays. The attendance was very fair. J. W. Hamilton was umpire and the teams took the field as fol-

## BURNS LAKE AND LAKES DISTRICT

Adjutant William Kerr of Prince Rupert was in our district last week making his annual appeal for funds for the Salvation Army.

Constable A. Fairbairn, of Telkwa, is in Burns Lake on official business.

E. Argent and L. Marquis arrived here on Sunday from Watertown, S. Dakota, and made a trip to the south country. The latter formerly had a trap line in the Ootsa Lake district. They will leave for various points in the state of Washington the beginning of this week.

K. Motzfeldt arrived here from Norway last week to visit V. Schjelderup, the local B.C. land surveyor, and has accepted a position on the surveying party.

J. A. Hunter, of Spokane, Washington, a large landowner of the Colleymount district, is in the district looking over his holdings, and visiting his son at Colleymount.

Mrs. F. Pinkerton, of Rose Lake, was a visitor this week to Stickhill Ranch, Uneha Valley, the home of her son Allan Pinkerton. She was accompanied by her daughter, Mrs. Ed. Cartely, of Olympic, Wash.

N. Schreiber, of Ootsa Lake, was a Burns Lake visitor on Friday.

A surveying party comprising V. Schjelderup, B.C.L.S., R. C. Mainguy, R. C. O'Hara, T. Allan, Eric Ejelstad and K. Motzfeldt, spent the week-end in Burns Lake. Mr. Schjelderup's party will leave on Monday for Pelling, working west from there to Houston, thence south to Nadina Mountain.

Last week Indians from the Babine and a number from other points spent a week celebrating

in Burns Lake, the program including dances on Tuesday, Wednesday, Thursday and Friday nights. Various racing events and three baseball matches. On Thursday night Sir Henry Thornton was the guest of the Babine Indians and on the program scheduled for his entertainment the Indians gave the Hudson Bay dance, a war dance and various other dances. Sir Henry distributed largess in the shape of fruit, candy and various other eatables dear to the Indian heart and during the evening Chief Daniel of the Babine tribe, conferred on Sir Henry Thornton the honorary degree of Railroad Tycoon of the Babine Indians. Following the time honored custom Sir Henry then danced with the chief's wife, much to the enjoyment of all present. The remark was made that Sir Henry shakes a wicked leg.

At the Indian dance last Thursday the railroad party, accompanying Sir Henry Thornton, appeared to enjoy the evening and a number took this occasion to dance with the white ladies present. Sir Henry Thornton gave an excellent exposition of one-stepping with Miss Irma Lewis.

Large quantities of a deposit that appears to be of a bituminous nature have been discovered in the district south of Burns Lake.

Johanie McKenna returned from Edmonton on Saturday morning, where he has been attending school, and will visit under the parental roof for two months.

Fay Short obtained two bear cubs from Mr. Roof, of Banskia, and is now keeping them in Burns Lake where the boys are already making great pets of them.

The hospital picnic at Francois Lake on Saturday proved a very enjoyable function and there was a large attendance from all over the district. The dance at Keefe's Hotel at night was so largely attended and there were so many on the dance floor that it was next to impossible to get around without bumping other couples. However, everyone appeared to be having a good time and the modern dances require very little room, the idea being to get the maximum of motion in the minimum of space.

Charles Drennan and William A. Pleudreleith, who have been teaching at Southbank and Uneha Valley, respectively, left Burns Lake on Sunday for Victoria. They were both very popular in a social way and their teaching gave every satisfaction. Much to the disappointment of the school boards they do not intend to return to this district to teach as they have the wanderlust and want to see new places and hunt for new worlds to conquer.

## STEWART

J. R. Munro and Pat McBride, owners with A. H. McDonald of the Munro group, which they bonded in Vancouver a short time ago, returned Saturday from the south. They say that the English syndicate who have taken over the property will commence development shortly, and meanwhile they will go up and do some preliminary work. The property is on the west side of the Salmon glacier.

Seven men are employed in installing a new telegraph line from Stewart across the Bear and altering the location of the present line in order to make it more accessible for the repair crew.

M. D. Iekis, an old timer of the district, and owner of mining claims on the Alaskan side, was seriously injured last Friday by cave-in of rock while doing assessment work near the summit above seven-mile. One of his legs was badly crushed, the bones being shattered, and he also received injuries to his scalp and face.

Alex. Fraser returned on Saturday last from a business trip to Prince Rupert.

## QUEEN CHARLOTTE ISLANDS

Two large motor boats of the Los Angeles, California company are loading cants at Buckley Bay.

It is proposed to hold the Dominion Day celebration at Massett. Residents of the surrounding country will gather there on Monday next.

Rev. J. Gillett, accompanied by Mrs. Gillett, are attending the Anglican Synod meeting making the journey to Prince Rupert on the mission launch, Western Hope.

The spring salmon trolling season has been a failure in the neighborhood of Langara island to date. The low price offered the fishermen, with the absence of parking boats, prevented the fishermen from engaging in the work.

The marriage of Luke Frank, an Alaskan and Mrs. Lucy Ingram, of Massett, took place at the Church of St. John the Evangelist, Massett, last week. The bridegroom entertained his many friends with "feasts" both before and after the wedding. The happy couple left for Howka, Alaska, on Luke Frank's large launch, which was decorated with the Stars and Stripes, floating from the masthead, and the married couple were accompanied by three launches, in which friends accompanied their fellow Haida to his home.

The crab cannery at Naden Harbor has closed down for a short season.

The steamer Prince John conveyed a number of Indian fishermen to the canneries on the Skeena river from Massett and Skidegate, on the last trip.

It is proposed to place Haida Totem Poles at Prince Rupert and New Westminster. The Board of Trade of both cities are corresponding with the owners of the large cedar Totems, with the object of showing to tourists and other visitors the weird work and carving of the island race of natives.

A resident of Massett Inlet was mulcted, in the sum of ten dollars, on a charge of neglecting to report a forest fire which started in the muskeg on property adjacent to his location. The defendant lost his house and barn in the conflagration, which started on other premises. He claims that he was fighting the fire at the time it was reported to the forest warden, to prevent the fire from spreading and will appeal the case.

Joseph Gray and Elijah Jones, two Skidegate men, are dangerously ill and are not expected to recover.

The school examinations on the islands will be held on June 27, when the summer vacation will commence.

Miss Blanche E. Ward left Skidegate for her home in Comox after teaching the Skidegate school during the past three years. The young lady has resigned much to the regret of parents and pupils.

Matthew Yeomans and Robert Bennett took seine net crews to Naas and Skeena river, on their large launches and will be engaged on the rivers mentioned during the summer months.

A monument to the memory of the late Edward Dix, will be erected in the Massett cemetery by the military authorities in recognition of the service performed overseas by the deceased, whose remains were interred at Entry Point, on Massett Inlet. The deceased was one of the Massett band of Indians who died shortly after the close of the war.

Edward Baker, of Terrace, accompanied by his cousin, paid a hurried visit to their farm property on the East coast of Graham Island.

Several residents of Queen Charlotte City and Massett, are proposing to spend their vaca-

**C**limb the mountain—stand on the peak—and before you there unfolds a panorama extending as far as your eye can reach. Stay in the valley, and your view is restricted by the surrounding hills.

This newspaper, properly used, will guide you to the mountain top. Read it and your vision is enlarged. You get a bird's-eye view of world events. You glimpse the doings of the day.

Fail to use it, and your view is limited--you remain in ignorance not only of events at home and abroad, but of much that concerns you even more vitally--news of the very things that have to do with your personal, everyday life.

Some one might be selling a new, better and more economical food; or a utensil that would add immeasurably to your comfort and well-being; or some better material for shoes or clothing--but you would never know, because of your restricted view.

You may read every line of the news columns, but if you overlook the advertising, you are still living in the valley. You remain uninformed about many things you ought to know in order to live a happy, useful, profitable life in this age of progress.

### NECKTIE DANCE IS STAGED BUCKLEY BAY

Successful Event at Mill Town on Islands on Saturday Last

BUCKLEY BAY, June 26.—The Buckley Bay Social Club last Saturday night organized one of the most successful dances ever held at Buckley Bay and much praise was due to the committee, Miss Linford, Mrs. Ward, Mr. Hancock and Mr. Maxwell.

The necktie feature and waltz contest was full of interest and surprises. The neckties were sealed in envelopes and were very amusingly auctioned off by W. H. Richardson, president of the club.

The competition in the waltzing contest was very keen and after much difficult judging, D. Maxwell and Mrs. Chas. Strigley were awarded the first prize for the best couple.

The government boat s.s. Newington called in while on her way to place a buoy on Mackie Rock just off the mouth of Justkalla Inlet. Mackie Rock is situated almost in a direct line from Buckley Bay to Port Clements. At high tide it is barely visible and was a source of much danger to gas boats.

Mr. Maybee, district manager for the Canada Life Assurance Company has been visiting Buckley Bay in connection with insurance business.

Miss Rita Martin of Massett is visiting with friends at Buckley Bay.

### ANYOX

The Anyox brass band, under the leadership of Bandmaster Varnes, delighted a big crowd of music lovers when they rendered an open air concert on Sunday evening on the children's playground adjoining the Elks' Hall. The program included March, "Old Comrades," Selection, "La Paloma," fox trot, "When My Luck Comes Rolling Along," march, "Fort Popham," waltz, "Sunset on the St. Lawrence," march, "M.W.B.," waltz, "Mellow Moon," "God Save the King."

The Parent Teachers' Association social evening held in the Catholic Hall a few nights ago was in the nature of an adieu to Mr. O'Connell of the teaching staff, and the opportunity for presenting to Mrs. W. Hoffman, president of the P.T.A., who is leaving shortly for Allenby, with a set of Dickens. The presentation was made by Principal Manner and fittingly acknowledged by the recipient. Mrs. Hoffman has been an ardent worker in school interests since the inception of the P.T.A. and a large gathering of friends were present on this occasion. In the course of the evening refreshments were served and dancing indulged in after the musical program was finished, and which included the following: solos by Dr. Harper, J. Grand study in A Flat Major, Chopin; 2. No. 6 of Consolations, Liszt; encore, Nocturne in D Flat Major, Dohler, W. F. Eve sang "Mother of Mine" a new song, the words of which are by Kipling, a song selection by Mrs. J. Conway, a duet by Mrs. Morning and Mr. Hegerty, accompanied by Mrs. O'Neill, a dramatic recital by Mrs. Lawrence, Highland Fling dance by Miss Edna Herrin and Miss Theresa Gordon, accompanied by Mrs. Herrin, a duet by the Messrs. Wilby, and a piano duet, "Tarentelle" by Hoff, Miss Leitch and Dr. Harper.

Among recent departures from Anyox for the south were Mr. and Mrs. J. Esplin and family, Mr. and Mrs. O. M. Watson and family and Mr. and Mrs. E. L. Thorsen and family. They are expecting to return. Others on holiday bent were Dr. and Mrs. Learoyd, with Miss Stewart, who were Lake Lakelse bound, in search of the elusive trout; Mrs. Bardwell, Mrs. J. J. Cody and son and Mr. Geo. Liddell, for Vancouver; Mrs. H. M. Seife, for Winnipeg; Mr. D. McVicar, for Scotland; Miss Flo Eld, for Vancouver; Mr. E. Wall, wife and family, for Victoria; Miss L. McLelland of Port Hope, Ont., who has been visiting with her sister, Mrs. F. D. Rice, left for home by the same boat, Mrs. Rice accompanying her as far as Prince Rupert.

### RESIGNATION OF MISS HILCHY REFERRED TO COUNCIL COMMITTEE

The matter of the resignation of Miss Hilchy, clerk in the city treasurer's office, came up for discussion at the council meeting last night. Superintendent Love claimed that Miss Hilchy had proved herself a very efficient clerk in handling the telephone and light accounts and considered it would embarrass the city to train another clerk at this time. Miss Hilchy, who has been getting \$80 per month, had been with the city for some considerable time but had been offered another position at a higher salary. He considered that in view of her three years service it would be in the best interests of the city to offer Miss Hilchy more money and retain her services. Ald. Stephens said that the city

treasurer would be returning from Victoria in the near future and it was a matter for him to handle. He did not think that any employee should be allowed to jump out at so short a notice. The city had to give reasonable notice to its employees and he considered it was up to them to do the same. There was no one in the employ of the city whose services were indispensable.

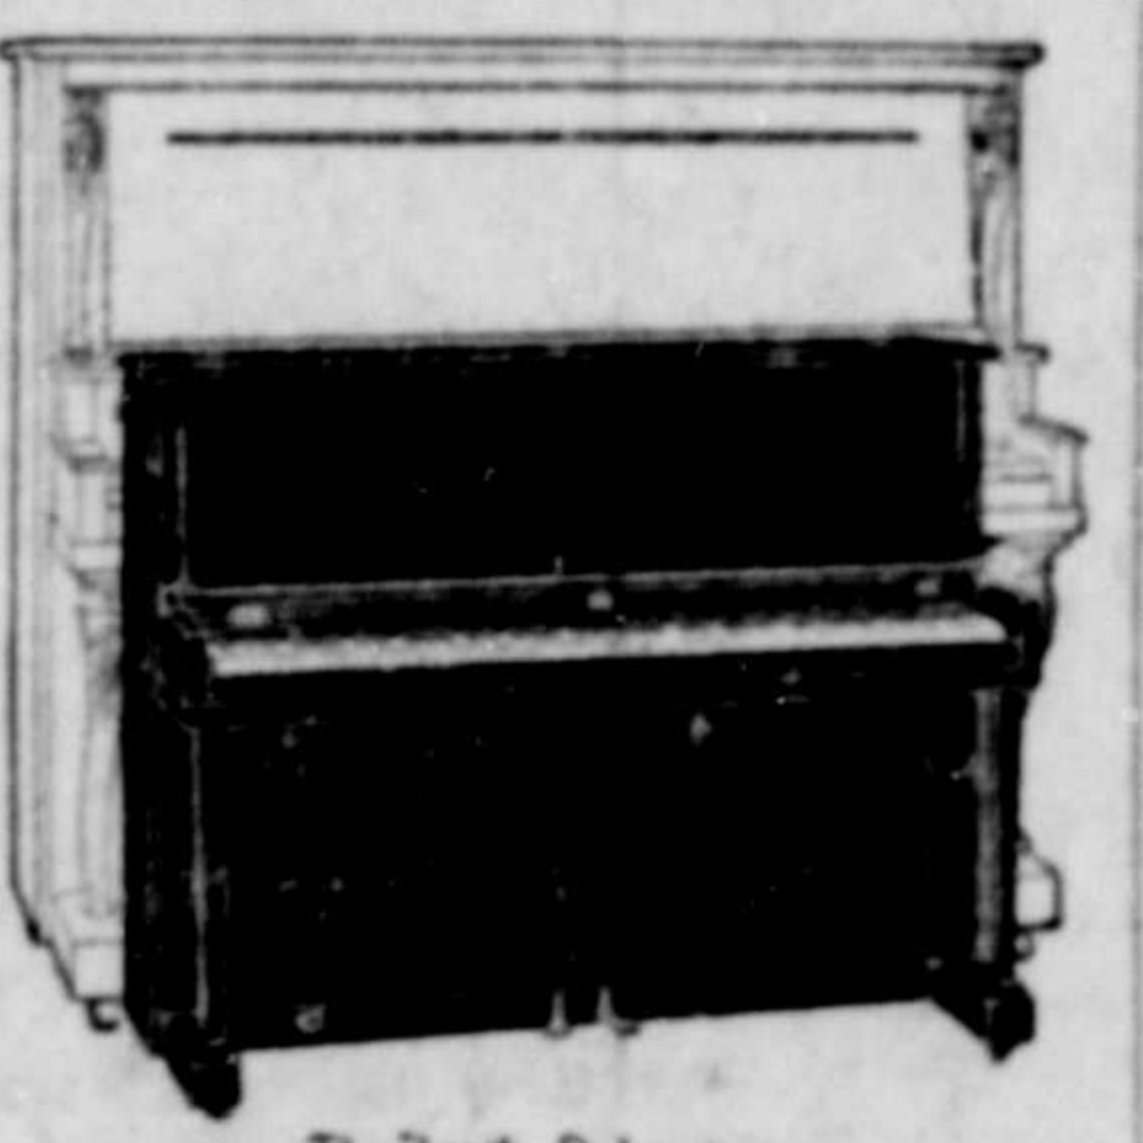

Ald. Collart moved that the matter be referred to the Finance committee for report, which was seconded by Ald. Stephens and the motion carried.

### LUTHERAN CHURCH BEING ORGANIZED

V. A. Geire, Theological Student, is Here for Purpose—Ladies' Aid to be Established at Once

V. A. Geire, Lutheran Church theological student from St. Paul, Minn., who is spending the summer here with a view to re-organizing the work and congregation of the Lutheran Church in this city, addressed a meeting of local Scandinavians last night in the Metropole Hall, outlining the purposes of his mission here. John Dybbavn presided.

While it was realized that the summer, with most of the men away, was a difficult time for the organizing of the church, it was decided to start a Ladies' Aid which will have its first meeting on July 5 at the home of Mrs. John Hanson, English Hill. In the meantime the actual organization of the church lies in abeyance though Mr. Geire will continue his efforts with this end in view.
