GERMANY STILL IS CENTRE OF INTEREST

PRINCE RUPERT USED IN ARGUMENT OVER FREIGHT RATES AT OTTAWA

Strike is Called off in Germany and Country is Settling Down New Chancellor States Position

BERLIN, Aug. 14.—Germany's note to the allied reparations commission announces that Germany must cease rendering all reparations in kind for the time being because Germany needs all its resources to ward off starvation of the people. The note attributes the budget deficit and inflation of the currency to the financing of deliveries already made under the reparations commission orders.

Leading newspapers in Germany are almost unanimous in approving the chancellorship of Dr. Stresemann and do not regret the loss of Cuno.

Reports of rioting and communistic activities continue and drastic police action against the rioters is reported from many parts of Germany.

AIX-LE-CHAPPELLE, Aug. 14.—Twelve persons were killed and more than eighty injured when the crowd last night attempted to storm police headquarters and rescue prisoners during the day when the police broke up the food shortage demonstration.

BERLIN, Aug. 14, 11 p.m.—The entire strike in the city is called off by the communists and all transportation lines are resuming operations.

Reports received from all parts of the country indicate an end of the strikes and improvement in conditions.

BERLIN, Aug. 14.—Dr. Gustav Stresemann, the new German chancellor, outlined a statement today in the Reichstag. The conditions under which Germany is ready to abandon passive resistance in the Ruhr are:

Complete restoration to Germany of her right of control over the Ruhr.

Re-establishment of conditions in Rhineland envisaged her under the Versailles treaty.

Liberation of every citizen imprisoned.

SALT LAKE CITY SUFFERS FLOODS
MINE EXPLOSION
Double Tragedy in Neighborhood of Mormon Centre

SALT LAKE CITY, Aug. 14.—As a result of an explosion in a coal mine at Kennerly, Wyo., 150 miners were trapped.

Eight bodies of persons killed or drowned as a result of a series of cloudbursts in the vicinity of this city and Ogden have been recovered up to 11 this morning. Three are missing. Property damage is a million dollars.

PROVINCE SOLD TO SOUTHAMPS
Lieut. Governor Parts with Control of Vancouver Paper to Big Company

(Special to Daily News)
VANCOUVER, Aug. 14.—Southams Ltd., the noted Canadian newspaper proprietors, have purchased control of the Vancouver Daily Province from Hon. Walter Nichol, Lieut. Governor, for a million dollars cash for 51 per cent of the shares. Mr. Nichol retains 49 per cent.

It is believed the property has a total value of two million dollars with profits at \$300,000 a year.

E. S. Butterfield, inspector of weights and measures, sailed for Ocean Falls on the Prince George last night.

DUTHIE OPTIONS MINING CLAIMS IN BABINE DISTRICT

SMITHERS, Aug. 14.—J. F. Duthie, who recently sold the majority interest in his Hudson Bay properties to the Federal Mining & Smelting Co., and who went south a few days ago, has bonded the mineral claims in Highland Basin in the Babine owned by M. Kane and T. King. These claims are eighteen miles from Smithers. Already a crew of men has been put to work and development will be pushed as fast as possible.

FRENCH WILL STAND FIRM

Poincare Will Return Courteous Refusal to British Suggestions

ENTENTE BOUND TO END

PARIS, Aug. 14.—Premier Poincare, who returned to Paris last night, informed his collaborators at the foreign office, that he intends "in the most courteous manner possible" to reply by point to the note of Lord Curzon on the reparations question.

Although the reply will be courteous it is asserted in foreign office circles that it will be a stout reaffirmation of the French viewpoint and flat rejection of the British suggestions.

The reply will be sent as soon as possible, probably before the end of the week.

Although it is no longer assumed in official quarters that the entente may survive the present difficulties, the situation is taken with perfect calm in Government circles as well as by the press and public.

TWENTY-THREE KILLED NEAR FAMOUS SHRINE

LOURDES, France, Aug. 14.—Twenty-three persons were killed and seven injured when a motor coach filled with excursionists plunged down a 150 foot ravine in the Pyrenees Mountains near St. Gauveur.

NEW CLERK OF HOUSE AT OTTAWA APPOINTED

OTTAWA, Aug. 14.—Ernest Lemaire, superintendent of supply and equipment of the post office department and at one time secretary to Sir Wilfrid Laurier, has been appointed clerk of the Privy Council and of the House of Commons, succeeding the late Rudolph Bourdeau.

Mr. Lemaire has been with the civil service since 1883.

Dr. O. Darwin, superintendent of Methodist missions, sailed for Port Simpson on the Prince Albert last night.

To the world's champion cowboy goes this Roosevelt Trophy, the contest for which started on a point basis at the Cheyenne Frontier Days in July and will be completed at the famous Pendleton Roundup in September.

If Rate Barrier is Removed Prince Rupert will be used and G.T.P. Road Justified

OTTAWA, Aug. 14.—If given a chance, the western provinces and the Pacific coast would justify the construction of the Grand Trunk Pacific Railway to Prince Rupert but it could not be justified so long as there was a rate barrier to the development of traffic declared Gerald G. McGeer, K.C., of Vancouver, in addressing the Privy Council this morning while arguing for British Columbia in rebuttal of the replies of the railways in the B.C. freight rate appeal case.

Counsel for Alberta in order to save time waived the right of argument and the closing address for the two provinces was made by Mr. McGeer.

The removal of three kinds of discrimination was asked for by Mr. McGeer. In the first place, he asked that a sugar refiner in Vancouver be put on an equal rate basis with a sugar refiner in Montreal. In the second place, he declared that manufacturers in Vancouver should be on equality with those in Winnipeg in distributing in common territory. In the third place, Vancouver should be put in a position to serve the hinterland which was naturally tributary to it.

Mr. McGeer argued that where discrimination injured an individual or a locality it was illegal and it was the bounden duty of the railway commission to interfere. He drew attention to the fact that eighty-one per cent of the wheat acreage of the Dominion lay to the west of the Saskatchewan-Manitoba border and asked whether it was economical to ship that wheat through the ports of Montreal and St. John. The false rate structure which made this possible, he said, had created a movement of trade through the United States. The discrimination was not in favor of the Canadian East but rather the American East.

SIBERIAN PRINCE ONCE MORE AFLOAT

SEATTLE, Aug. 14.—The steamer Siberian Prince, which went on the rocks near Victoria July 29 was floated at five o'clock last evening, the cargo having been previously lightened. The vessel was due at Esquimalt Tuesday for overhaul.

Record Pack of Sockeye Skeena River this Year 30,000 Cases ahead 1922

The sockeye pack on the Skeena River this year bids fair to be a record breaker. With the fishing season for this species still ten days to go, the total pack of sockeyes up to the end of last week was 165,270 cases. This is over 30,000 cases more than was packed up to a corresponding date last year. In 1918, the record year to date, 123,332 cases were packed. With the run continuing as it has been just recently, this figure will be reached if not exceeded.

The pack of pinks on the Skeena this year is just about double of last year. So far 94,998 cases have been put up as compared with 49,700 cases on a corresponding date last year. The coho pack is also ahead this year, 7,656 cases having been recorded so far as against 3,398 cases last year.

The spring pack is down about 1,000 cases. Chums and steelheads are also down but these varieties do not constitute a very important factor of the total pack.

Sockeye fishing will continue on the Skeena River until August 24 at 6 p.m. Cohoes have not commenced to run in large quantities.

Naas River
The sockeye pack on the Naas River to date, 13,008 cases, is not half of the figure for the corresponding date last year, 28,094 cases. Pinks are also down about 20,000 cases. Incapases are shown only for steelheads, cohoes and chums and they are not large.

SEVEN HALIBUT BOATS SELL 106,500 POUNDS

Canadian Boats Received Higher Prices at Fish Exchange this Morning

CANNED SALMON MOVING SOUTH

All Vessels from Alaska Loaded With Fish and Fish Products

SEATTLE, Aug. 14.—The full rigged ship Benjamin F. Pankard of the Northwestern Fisheries Company left Nakenek Thursday with 62,000 cases of salmon.

The barque Guy C. Cross departed from Nushagak August 4, with salmon and the full rigged ship St. Paul is to leave Kensi this week similarly laden.

Alaska fish and products now occupy practically all available cargo space in vessels coming to Seattle from Alaskan points and this situation promises to exist for the next month. The Alameda with a big list of passengers is due today with an entire cargo of fish and fish products, the latter including oil and fertilizer. The cargo includes nearly 70,000 cases of canned fish. Nearly one million dollars worth of canned salmon will arrive in Seattle this week.

GASOLINE RATE WAR GOING ON IN STATES

Standard Oil Undersells all Other Concerns and Characterized as Ruinous

CHICAGO, Aug. 14.—The price war in gasoline affecting thirteen states in the middle west resulted in the Standard Oil Company reducing the price six and one sixteenth cents a gallon to 16.4 cents.

Independents who recently forced down the price say they can only reduce five cents and not sell at a loss. They describe the Standard Oil price as ruinous to the industry.

Editor Visits Skidegate, Tl-II and Port Clements and Tells of his Trip on Queen Charlottes

(By H. F. Pullen)

Perhaps it would be better to tell in some detail of the trip from Massett Inlet to Queen Charlotte City... After spending a little time at Old Massett with Thomas Deasy, Indian agent, seeing his wonderful collection of totems and hearing him tell of the possibilities of the Islands; after inspecting the washing of the black sands and seeing the garden at Old Massett; after driving with Charlie Spence to the North Beach where are miles of hard sand on which horses can be driven as on a road; and after experiencing the splendid activity of the soil here let me tell of the trip to Port Clements.

One of the Best Places

Of course every place I visited was the best on the Islands. I am freely willing to admit that. One of these best places was Port Clements. Looking out from the dock as the launch that carried me pulled away on its return, I felt for the moment that I had not yet visited so lovely a spot. Then as I wandered inland to find a stopping place and to make one or two visits, I found many deserted buildings, two deserted mills, and a generally deserted appearance to the place. There was a big pool room, restaurants, hotels and stores that had been, but few were now in operation. Yet one could well understand the reluctance of those who bought property there to leave such a place. The soil was undoubtedly rich and productive, the climate excellent, the scenery most attractive, yet the people had gone because there was no way in which they could earn a living. With the closing of the mills, the means of livelihood had been taken away. This is one of the strongest arguments in favor of the closed town, especially in connection with lumbering operations which are always more or less uncertain. To sell people town lots in a town dependent on a mill alone is almost criminal.

A Model Garden

In order to illustrate the pro-

muskeg, not low and swampy but high and mossy where in wet weather one could sink to the knees in wet moss. At present the road is slashed and burned. When it is constructed, it will open some lands that should be settled and should bring returns to the settler. It will likely be several years, however, before it is built right through as it is a difficult road to construct, and it is not likely that any government would spend the amount of money required for it in any one year, or even in two or three. By doing a little every year it will not be a burden to the taxpayer.

Biggest Ranch Seen

As Mr. Ward was not at home, I did not stop at the first house at the eastern end of the trail except to get a drink of water, but continued another two miles to the Richardson place, the largest ranch I saw anywhere on the Islands. It is on the little Tl-II stream and the open meadows and productive fields brought back memories of days gone by, of seeding and cultivating, of haying and harvest in older settled communities. I spent a day and two nights at that farm, revelling in all the seductions of the countryside, hospitably entertained and leaving with regret. I did not ask how many acres there were in the farm or how many cattle Mr. Richardson had in his herd, for I did not want to know. What I saw was a herd of fine cows and young stock, a heavy crop of hay being cut in the fields, large flocks of tame geese up the stream, raspberries ripening in the garden, and beauty everywhere. I wandered over the farm, looked across the straits from the beach to try and see Kaien Island and failed, helped gather some hay in the fields, played bridge with the family in the evening and left early in the morning, regretting having to leave such enjoyable surroundings. For a real holiday, give me a week on a farm where the people are the right sort.

Some Ranches Deserted

Richardson's place is about three or four miles south of the Richardson farm and I met Mr. Turner there at eight o'clock in the morning and rode in his wagon to Skidegate. It was a great ride. The road was excellent, quite good enough for an automobile, the woodland glades were dreams of delight, the beaches, the glimpse of little ranches hewn out of the forest, the wireless station at Lawn Hill with its improvised aerial, all were interesting, but some of the ranches were deserted, many of the people who formerly lived there had gone because they found the task too big, the loneliness too great and the market for produce, if they ever raised any, too uncertain. Just now there is plenty of demand for fruit, vegetables, meat and other farm produce and prices secured are higher than those paid in Prince Rupert, in many cases.

At W. Duncan's place we found fine oats growing in the field, vegetables in the garden and we each ate a big bowl of the finest strawberries in the world. They were not the largest but for luscious flavor they could not be surpassed. Mr. Duncan has a fine frontage of the sea and in his spare hours he washes gold from a mining claim he has on the place. He was an old friend of Mr. and Mrs. Frank Mobley and delighted to tell of old time escapades, of hunting trips and of the early history of that part of the province.

Black Slate Totems

As in the north end of the Island there are two Massett's so in the south there are two Skidegates. One is the Indian village, the finest on the coast, and the other is the white settlement. The chief interest centres in the Native village where those wonderful black slate totems are carved by clever men, an art in which they excel and which it is hoped by everyone will be continued. If the native people realize that the handicraft is a unique one and one by which they could not only earn winter money but could preserve their identity as a people, they would never let go such a valuable accomplishment. At Skidegate Rev. William Allan is in charge of the spiritual welfare of the village and Miss Andrews is the nurse in charge. A new school teacher is being appointed.

Skidegate Inlet

Skidegate Inlet is a picturesque place. It is full of possibilities some of which will probably mar its simple beauty. At present there is a little town on its shore

known as Queen Charlotte City, there is Alford Bay cannery not operated this year. There is the Slate Chuck coal mine being developed, there is the fertile and beautiful Sand Spit at the entrance, there is a fine deposit which has been officially examined recently and which will probably be worked soon, there are bird islands where gulls and guillemots and oyster catchers nest, there is some of the finest spruce and hemlock in the world along its shores and it has possibilities as a holiday resort which few places can equal. There is bound to be great activity at Skidegate Inlet soon.

Queen Charlotte is the centre of things for the Inlet. There is a hotel, several stores, an unused mill, a telegraph and telephone office and scenery unsurpassed. There are a lot of fine gardens growing everything that is grown anywhere on the coast. John L. Barge is the mining recorder and he has the show garden of the place. It has almost everything that can be desired including chestnuts, filberts, tomatoes and various other signs of luxurious living. Many of the houses have joney suckle growing on the porches or in the gardens and nobody there seems to hurry or to worry. They do business with the logging camps and others and seem to be making a good living.

Useful Hospital

One feature of Queen Charlotte is the hospital in charge of Dr. and Mrs. Palmer. Dr. Palmer is a regular physician and Mrs. Palmer is an English trained nurse and together they look after the institution and are gradually improving it and making it an up-to-date little village hospital. It is plenty large enough to answer the calls made upon it and it is capable of considerable extension as the needs require. The hospital garden is coming to be a feature of the place and residents of the village say that Dr. and Mrs. Palmer have done wonders in the year they have been there. More money is needed however to make the institution more effective.

The increased steamship service will be heartily welcomed by people everywhere on Queen Charlotte Islands. The poor service and high rates charged were the chief grounds of complaint by the people there. They also were anxious to get road extensions just as everyone in every other part of the province is asking.

The people on the Islands are proud of their heritage, they are confident of the future, they are mostly optimists, and are particularly jealous of the reputation of their climate and resources. They have reason for all these things. Development will be slow but sure but the Garden of the Pacific is bound to win out in the end.

Baby cutting Teeth was very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety.

There is no remedy so safe and effective for the teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsement of so many Canadian mothers during the past 78 years it has been on the market.

Mrs. C. W. Myers, Clansville, Man., writes:—"My baby girl was very sick with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me out a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few doses and the next day she was much better, and in a couple more days she was as well as ever."

"Now, I always keep 'Dr. Fowler's' in the house and recommend it to all those troubled with diarrhoea."

MUNICIPAL ACT REFORMS URGED

Local Council Wants Power to Refuse Licenses and More Control of School Board

That the Municipal Act be so amended as to give the municipality power to refuse licenses and that provision be made for the payment of surpluses over the assessed price at tax sales to the registered owner instead of the last holder of agreement of sale, that the School Act be so amended as to give the city council clear power to control estimates and expenditures of the school trustees and that the Hospital Act be amended to show more clearly in respect of whom the municipality should make payments and that indigents be defined are among the recommendations that the city of Prince Rupert will make to the legislature through the medium of the resolution committee of the U.M.C. Municipalities which will hold its annual convention here next week.

A motion to this effect was passed at the council meeting last night.

Mrs. O. F. Randall and little daughter, Miss Lillian Mae Randall, are returning to Nanaimo on the Gardena this afternoon after having spent the past month here visiting with Mrs. G. A. Hunter, Atlin Avenue.

The city council is calling for tenders for the purchase of the old city launch on Shawatlan Lake. The craft is 30 feet long and has a 10-horse-power Fairbanks-Morse engine. The utilities committee recommend that it be sold.

The city treasurer was authorized by the council last night to sell all Victory Bonds in the city's sinking funds other than those that are required to be left. The city holds \$51,700 worth of bonds in its sinking fund and all that are necessary are \$17,882 worth.

The finance committee notified all city departments at last night's council meeting that they should observe care as to unnecessary expenditures. When revenue was exceeded all work should be discontinued. No over expenditures would be countenanced.

Owing to illness brought about by overwork, Commander Hodder, head of the Salvation Army for Western Canada, has been forced to abandon his trip to British Columbia which would have brought him here next Monday. Col. McLean of Winnipeg is coming however and he will give a lecture while here.

A letter from Premier Oliver asking for suggestions on Mrs. Mary Ellen Smith's town planning bill, which was left unfinished at the last session of the legislature, was received at last night's council meeting. The matter was deferred for two weeks until after the convention of the Union of B.C. Municipalities has been held.

The silent policemen which the city council is to instal on down town streets will be placed as follows: McBride Street and Third Avenue; Second Street and Third Avenue; Second Avenue and Second Street; Fulton Street and Third Avenue; Sixth Street and Third Avenue; Sixth Street and Second Avenue. Provision for these traffic marks was made by the council last night in reconsideration of its Streets By-law.

The only division at last night's council meeting occurred when Ald. Munro moved that the clause in the Street's Bylaw requiring vehicles to park on the right hand side of the street with reference to the direction in which they are travelling be deleted. Voting with Ald. Munro were Ald. Mackenzie and Ald. Smith. Against were Ald. Perry, Ald. Macdonald and Ald. Stephens. Acting Mayor Gollart gave the casting vote in favor of retaining the clause.

**WOODWORTH LAKE
DAM IS LEAKING**

Superintendent of Utilities Au-
thorized by City Council
Last Night to Make
Temporary Repairs

The superintendent of utilities
was authorized by the city coun-
cil last night to make temporary
repairs to the Woodworth Lake
dam which was reported to be
leaking.

The report of the superintend-
ent on the matter said the dam
was leaking in the front and at
the sides. There was no im-
mediate danger but repairs of at
least a temporary nature should
be made.

Ald. Macdonald said that the
dam was to be thoroughly ex-
amined and a more detailed re-
port would be forthcoming at a
later date.

**MORE POWER AT
WOODWORTH LAKE**

Report on Capabilities is Re-
ceived by City Council from
Consulting Engineer

Woodworth Lake is capable of
producing power up to 3,500
horse power and the city would
be safe in installing two gener-
ators like the present one at
the power house according to a
report by J. E. Ross, superin-
tendent of lighting for the city
of Seattle and consulting engi-
neer for this city which was
submitted to the city council last
night by the utilities committee.
Such an extension would in-
crease the capacity of the dam
and would provide a water supply
for a population of 100,000 peo-
ple.

The report was filed for future
reference. Ald. Macdonald stating
that it bore out the opinion of
Superintendent Love.

same purpose.

Notices have been posted all
over Port Essington explaining
the situation and urging all to
help in this very necessary work.

**TENNIS TOURNAMENT
HELD AT HAZELTON**

Visitors From Smithers Carry off
all Games Except Ladies'
Doubles

SMITHERS, Aug. 14.— Satur-
day morning dawned in a very un-
pleasant manner. Rain fell heavily
during the previous night, and
when the local tennis experts
gathered at the station to make
the trip to Hazelton to match
their talent with the pick of the
latter town, rain was still driz-
zling down, but enthusiasm was
high, and no tonic was needed to
put the players in good spirits.
Those journeying and taking
part in the tournament were Mr.
and Mrs. P. Chapman, Mr. and
Mrs. N. Kilpatrick, Miss Dood-
son, J. G. Stephens, G. A. Haffer-
nan, S. Arnold and H. Welch.
The Smithereins, who were met
by representative Hazeltonians at
the station, were taken in hand,

and despite the dismal weather
not a dull moment was spent until
the eastbound train left in the
morning.
Friendly games of badminton
were indulged in during the af-
ternoon, and owing to incessant
rain it was impossible to start the
tennis series until 6:00 p.m., when
as if in reproach at being held
in restraint the players unloosed
themselves and fast play resulted.
Following were the results of the
games, the Smithers players
being mentioned first:

Men's Doubles

J. G. Stephens and G. A. Haffer-
nan beat J. Turnbull and G.
Galloway 6 to 2.

Mixed Doubles

H. Welch and Mrs. N. Kilpat-
rick beat E. Goddard and Miss M.
Hobury 6 to 3.

Ladies' Doubles

Miss Doodson and Mrs. Chap-
man were beaten by Miss Mc-
Catehon and Mrs. Anderson 4 to 6.

After the tournament a dance
was held in honor of the visiting
team. A good crowd attended
and the pleasure of the dance was
such that the few short hours un-
til midnight passed all too quickly
when the visit terminated with
expressions of thanks and appre-
ciation for the good time enjoyed
by the visitors.

Sport Chat

Weather permitting, the Grotto
and Sons of England will meet
this evening on the Aeropolis
bill grounds in the sixth and
last game of the Stuart Shield
soccer series. The Sons, three
points ahead in the standing,
have already a cinch on this par-
ticular piece of silverware but
interest will attach itself around
the fact that, if the Grotto are
successful in winning tonight,
they will emerge from the undis-
puted claim to the cellar and
will share that position with the
Sons of Canada. Anyway, a
good game is assured which will
be worth the while of the fans
to witness.

The Sons of England team will
be selected from the following
list of players: Frizzell, Lambe,
Farquhar, Tinker, Kelsey, Hodg-
kinson, Craggs, Johnson, Mac-
kintosh, Lord, Hamilton, Hodg-
son and Cameron.

Prince George Veterans elimi-
nated the McBride football
team from the Perry Challenge
Cup series last week by a score
of 2 to 1. It is a sudden death
competition and possession of
the trophy will be determined
in a contest between the Veter-
ans and Caledonians at Prince
George on Labor Day. Last
week's game took place on
McBride home grounds.

Salmon will not exceed 200,000.
It is also stated that the Bering Sea
and Western Alaska red salmon pack
will be about 400,000 cases short of last
year's pack.

ANNUAL MEETING OF SMITHERS METHODISTS

Clergy Present Following District Meeting Earlier in the Day

SMITHERS, Aug. 14. — In the Methodist Church on Thursday was held the annual congregational meeting and social.

Her rendering of this popular number was much applauded and as an encore she sang "Teach me to Pray."

SMITHERS

Miss Welch and Miss Hanna spanned the local tennis courts to Hazelton on Saturday.

Members of Isaac Watton on the trip to Hazelton, after dangling their bait to the members of the finny folk in the dance in honor of the visiting tennis players.

The real estate situation as a whole is fair. The opening of a new government road is putting hitherto inaccessible property on the market.

Mr. J. H. Byrne, who was the driver of Mrs. D. C. Simpson, on the Bay Mountain, has returned to town.

Mr. and Mrs. H. Darling have been on an extended trip to East-Canada. They will visit Toronto, Ont., en route.

Among those returning to town for summer vacation are Mrs. Doodson, Vera and Charles.

Mr. Connery has leased ex-chief constable Kelly's house on Third street and will shortly move his family from Jasper.

Mr. and Mrs. E. Conn and family, who recently left Smithers for Regina, have forsaken the prairies for the lure of the mountains and are back in town.

Mr. J. Wheatley, who was recently transferred to Vancouver on the railway service, is on a return visit to town.

Hollinshead, trainman, has been the dust of Smithers on his feet and returned to home hat.

Mr. P. Downey has a gang of men at work on the foundation of the new school building. The frame work will be put up this week.

PRINCE GEORGE

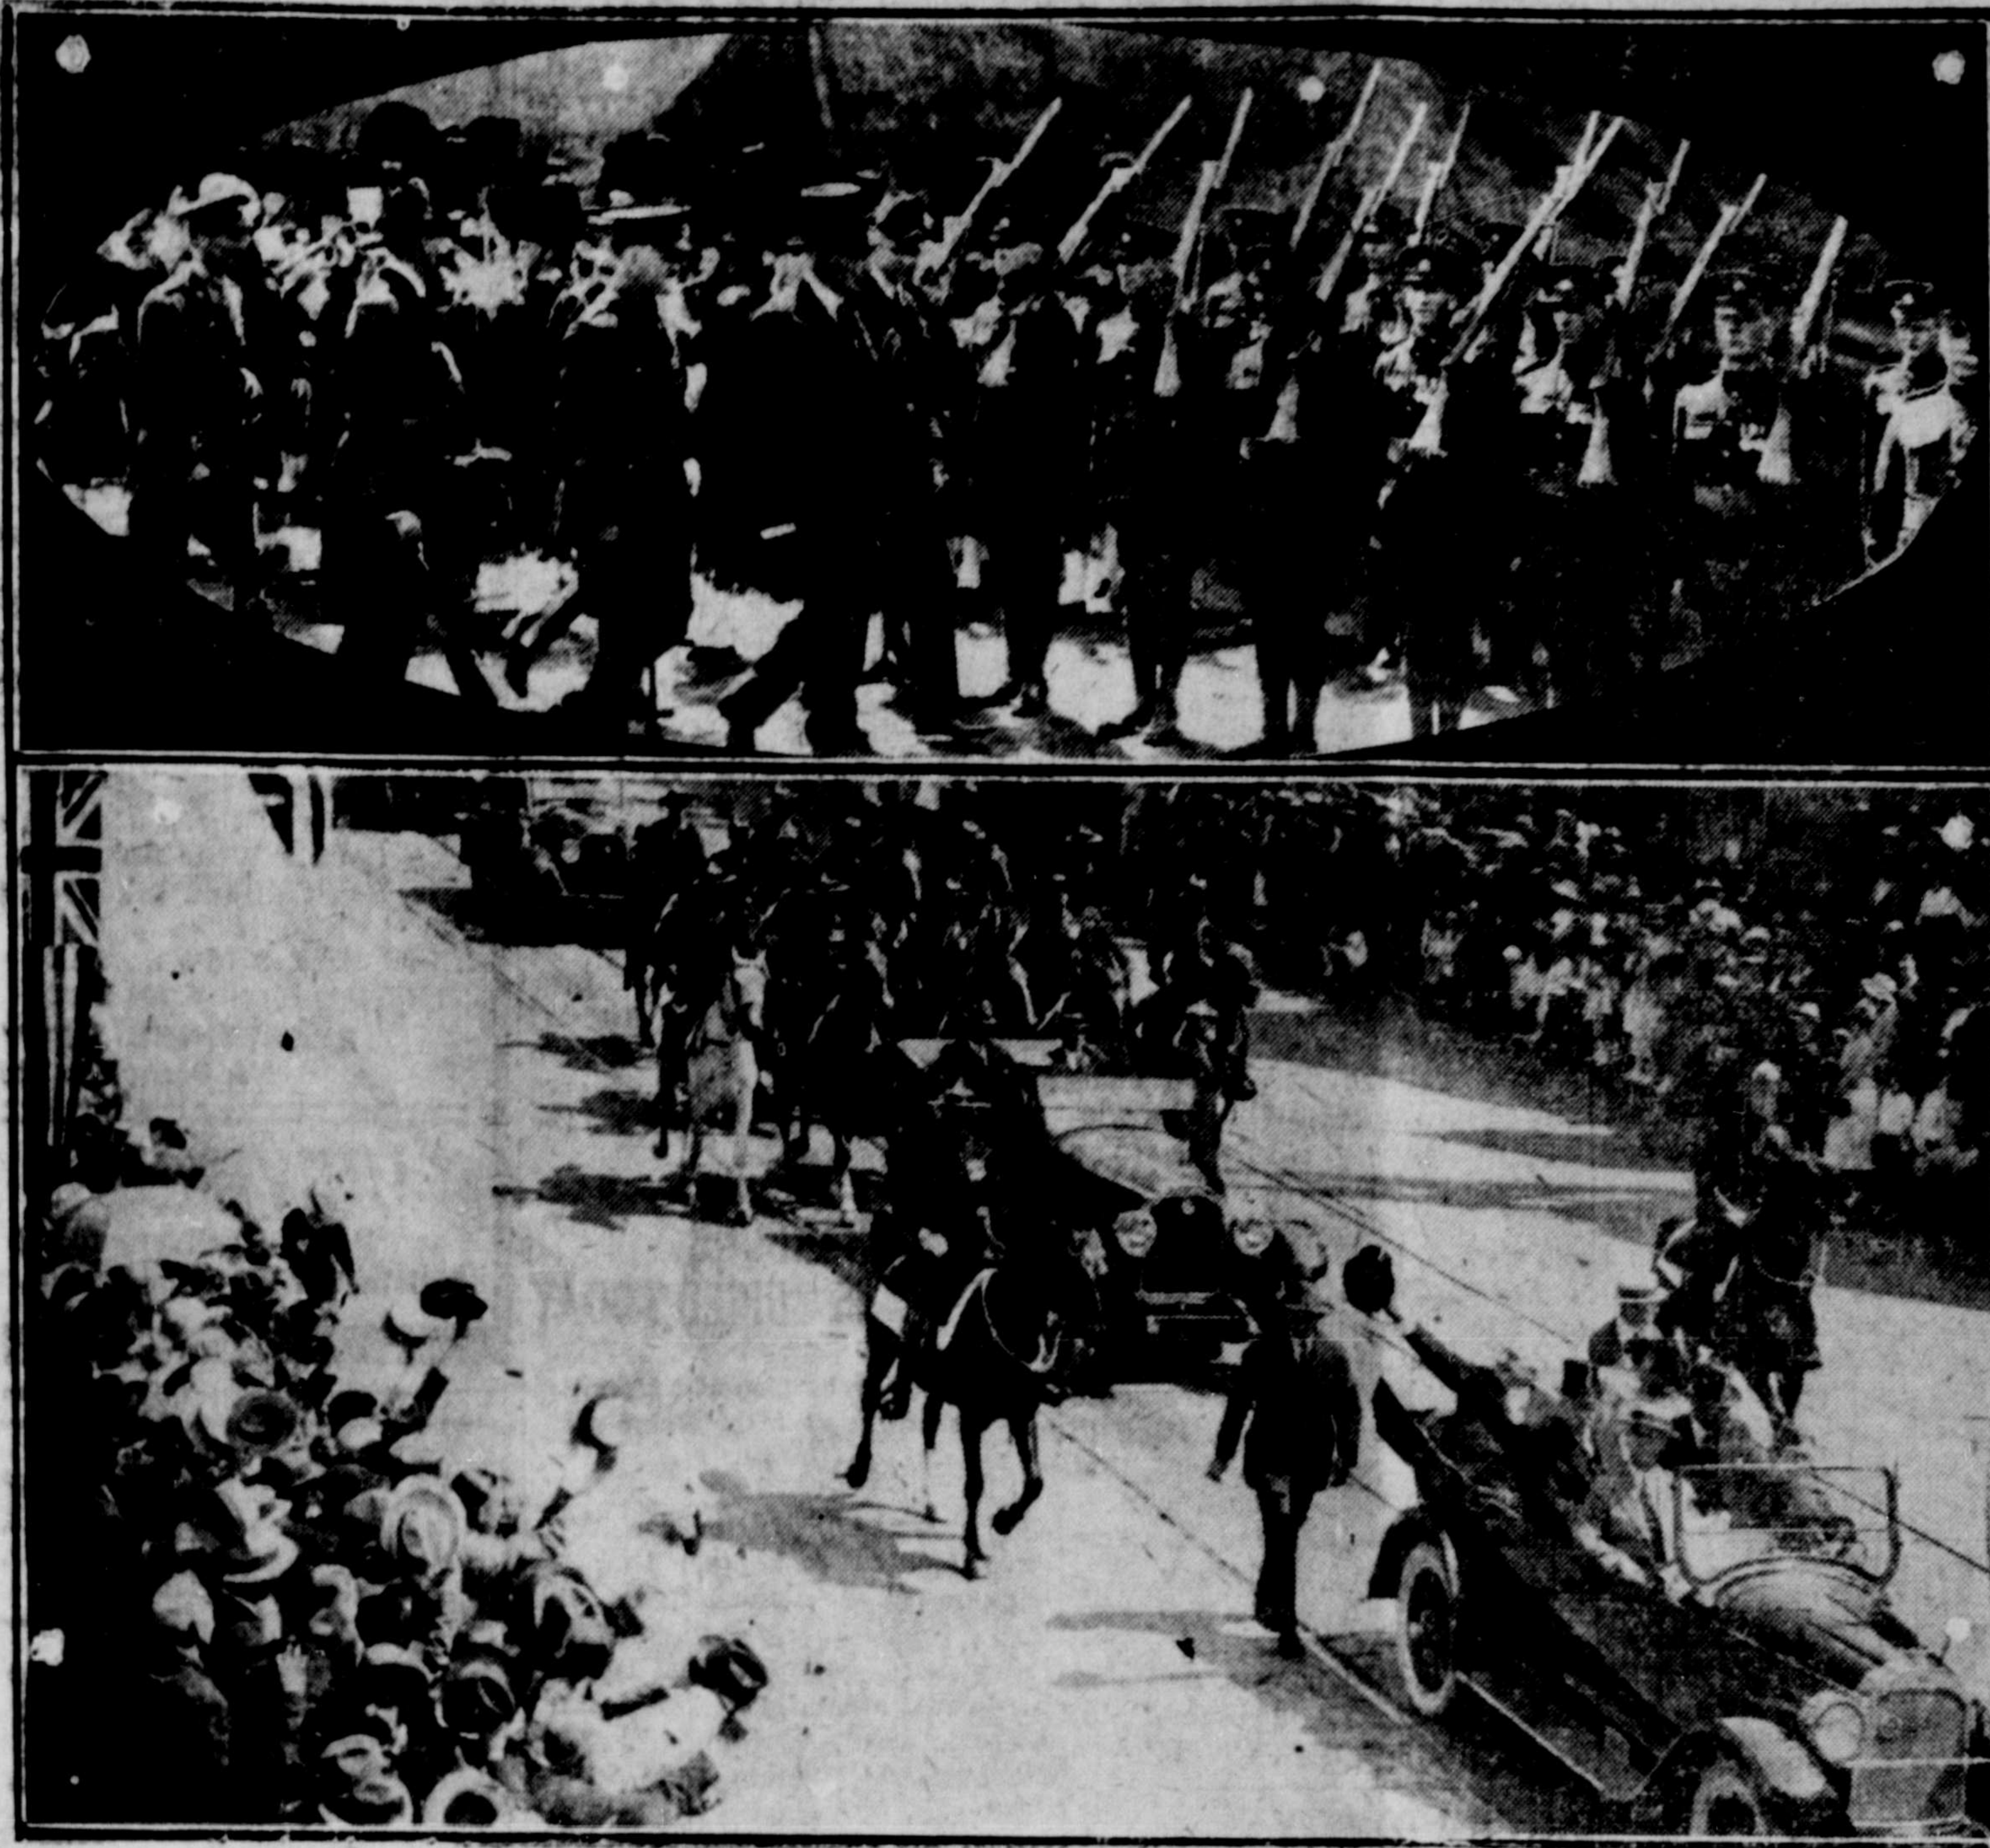

Capt. Hood of this city is to develop a summer resort at the mouth of Stuart Lake.

The cement pipe-making plant of the Canadian National Railway is turning out twenty pieces of pipe a day.

After an illness of several months, Mrs. Agnes Rowe died last Wednesday at the Hazelton Hospital.

Mrs. K. Hallberg and child have returned to Prince Rupert after spending a fortnight visit-

pipe used on the railway between Prince Rupert and Jasper is to be made here.

Ross S. Tapp of Eburne has been appointed principal of the Fort George school succeeding F. E. Anfield who has taken a position in Ottawa.

N. C. Jorgensen is back in Prince George after spending a holiday in Montana. He saw the big fight between Tommy Gibbons and Jack Dempsey at Shelby and also invested some money in oil propositions.

Edward Gray, who was leading his way East on a train near here last week, fell from a car and was run over. His leg had to be amputated in the local hospital.

Work is steadily advancing on the Giscome-Prince George road and it should be finished before the winter. It will give the thousands of employees of the Giscome mill direct access to the city.

A dance was given in the Riffs-Kiefer Hall on Friday evening in the interests of the candidature of Miss Kathleen Brown in the Prince Rupert Fair Carnival queen contest.

Rev. W. Graham, for many years Presbyterian minister here, is leaving this week for Ladysmith, Vancouver Island, to which point he has been transferred.

F. J. Claxton of Central Fort George celebrated his eighty-fourth birthday last week by entertaining 28 local young ladies at his residence.

NEW HAZELTON

Committees have been appointed for Hazelton, New Hazelton, South Hazelton, Hazelton Hospital, Kispiox, Cherry Point, Mud Creek and Cedarvale to prepare exhibits to make up the big district exhibit which Hazelton is to send to the Prince Rupert Exhibition this fall.

After an illness of several months, Mrs. Agnes Rowe died last Wednesday at the Hazelton Hospital. She had resided for several years in the Kispiox Valley and is survived by a son, Reginald Rowe, at Kispiox, and a daughter, Mrs. P. McPhee, Smithers.

Mrs. K. Hallberg and child have returned to Prince Rupert after spending a fortnight visit-

ing with Mr. and Mrs. Bergman. Miss V. Bird of Forestdale, formerly of the Hazelton Hospital staff, is visiting with Mrs. H. A. Harris.

Miss Beatrice White of the Prince Rupert Hospital staff was here last week attending her sister of Terrace who was in the Hazelton Hospital.

News of weddings of former Hazelton residents has reached here. William Weeks formerly of the Yukon Telegraph staff north of here, was married last month in Gloucester, England, near where he is now farming. George Swan, another old timer was recently married to Miss Dalby and they are living at Fanny Bay, Vancouver Island. Miss Mary Olsen, also well known here, was recently married in San Francisco.

TERRACE NOTES

Mrs. Lamb and her child are visiting Mrs. Scott Anderson.

Miss McLeod who has been visiting Alec Kerr left for Prince Rupert Friday.

Olaf Hanson and R. E. Allen made a business trip to Terrace last week.

Miss Woods of Prince Rupert is visiting Mrs. McDonald.

J. Swan is a pioneer horticulturist here. He is growing flowers for the market and is making shipments to Prince Rupert. His garden is beautiful, the

asters making an especially fine display.

Mrs. Joe Cook and her daughter Girlie left for Anyox to join Mr. Cook who has been there since last winter.

Mrs. Val Garding and family have also moved to Anyox.

Mrs. Fred Nash, Miss Jessie Nash and Sonny Nash are visiting Massett.

Mr. and Mrs. Bob Joatls and family have returned from Smithers where he was relieving Mr. McMarlin in the Geo. Little lumber yard.

Mrs. Grieg and family, Mrs. Bleecker and Miss Leah Bleecker and Mrs. Munro returned on Thursday from Kalum Lake where they spent a most enjoyable holiday camping.

Miss Alberta White left for the Hazelton Hospital last week accompanied by her sister Miss Beatrice White who has been at home for some weeks convalescing after a serious illness.

Jimmy Turnbull of Hazelton made a business trip to Terrace last week.

Bobby Henwood paid a flying visit to Hazelton last week.

Mr. Hartman of Clarksburg, Ont., is a guest of Rev and Mrs. T. J. Marsh this week.

Work on the Terrace bridge is expected to start next week.

Shortly before she left for Anyox Mrs. Joe Cook was the guest of honor at a farewell dance given in the Lakelse Community Hall by Fred and Bert Michaud.

HAMILTON DOUGLAS IS BEFORE COUNCIL

Wanted to Know What Was Being Done in Regard to His Offer for Tax Sale Lots

Ex-Ald. Hamilton Douglas appeared before the city council last night in connection with his offer to purchase a double corner on Beach Place at Eleventh Street for \$280. He stated that a tax sale lot in Section 2 had been sold for \$150 when it had \$748 taxes against it. The lots he was offering \$280 for had \$794 taxes against them. He considered this a fair offer in view of the other transaction. Acting Mayor Collart pointed out that the lot in Section 2, was 75 by 25 feet and was not worth as much as the 50 by 100 double corner in Section 1.

Ald. Stephens said that as far as he was concerned, tax sale lots would be sold for their value and not on the basis of percentage of delinquent taxes as Mr. Douglas had suggested. The city should get a fair price for its lots regardless of the taxes against them.

Mr. Douglas wanted the council to vote on the offer there and then. Ald. Stephens informed him that the finance committee had not yet made a report and was not going to be rushed into it by Mr. Douglas or anyone else.

City Solicitor Jones informed Mr. Douglas that the lots would have to be advertised for sale and could not be sold by the council in the manner suggested by him.

LIMBS AND BODY ALL SWOLLEN

"Fruit-a-tives" Relieved Both Dropsy and Sick Kidneys

The Wonder of Fruit Medicine

Those who know they have Kidney Trouble—who suffer with pain in the back—who are up frequently at night—will welcome the news that "Fruit-a-tives", the wonderful medicine made from fruit juices and tonics, will positively relieve Kidney and Bladder Troubles—as proven by this letter. "Our little girl had Kidney Trouble and Dropsy—her limbs and body were all swollen. We decided to try "Fruit-a-tives". In a short time, the swelling went down. Now, she is the healthiest one of the family."

ing in the building be improved with a view to safety was adopted.

Ald. Macdonald, chairman of the utilities committee, reported having met the Exhibition committee on the question. The wiring in the building was in a dangerous condition and had never been permanent or done the way it should have been. It would cost about \$50 in labor to put the wiring in good condition and it could be done by city men in spare time. Enough wire could be salvaged from the building to cover any new material that might be used. Thus the present dangerous system could be made permanent and safe. As things were now, there was danger of fire.

The proposition was accepted by the council on motion of Ald. Macdonald and Ald. Smith.

CITY IS TO REWIRE EXHIBITION BUILDING

Labor Will Cost \$50 and Enough Wire Will be Salvaged to Cover any New Material Necessary

The city utilities department was authorized by the council last night to rewire the Exhibition building at a cost not to exceed \$50. A report from the utilities committee recommended that the condition of the wiring

BEEF SITUATION IN INTERIOR DISTRICTS

Local Demand Seems Likely to Take Care of Most of Beef Offering This Year

A report to the council of the Board of Trade yesterday showed that the number of beef cattle marketable this autumn will be less than last year. Over four hundred heaves will be available however but the local market is expected to take care of a great many of them. Mining development at Smithers and Telkwa has increased the population and consequently increased the demand for beef.

The committee of the Board of Trade is still watching the situation and will take action if it is found necessary.
