PRICE FIVE CENTS

JAPANESE LICENSES DISCUSSED AT OTTAWA

FORTY PER CENT REDUCTION IS SUBJECT FOR DEBATE HOUSE OF COMMONS

Government is Firm on Elimination of Japanese Fishermen at Canneries

OTTAWA, March 28.—Brig.-Gen. J. A. Clark, Conservative member for Burrard, yesterday introduced a motion to adjourn the House of Commons to discuss a grievance which he said cannerymen of British Columbia had in the decision without warning to curtail licenses to Oriental fishermen by 40 per cent.

General Clark said the cannerymen had made extensive arrangements for the coming season on the strength of the understanding that the government would make no changes until next year, irrespective of what the Duff Commission might recommend in connection with a reduction of the fishing licenses. This would work a great hardship on the cannerymen.

FOOTBALL SEC. FOUND GUILTY

David Roy Released on Suspended Sentence for Pilfering Small Sums

WINNIPEG, March 28.—David Roy, former secretary-treasurer of the Dominion Football Association, was found guilty by the assize jury yesterday on five counts of theft during his tenure of office of small sums described as overcharges totalling \$780.

The jury disagreed on the original indictment of stealing \$2,770 of the association's funds.

Roy was released on suspended sentence for one year.

Owing to the bitter controversy raging in the newspapers concerning the finances in connection with the Scottish football team's tour of the Dominion, the council of the Dominion Football Association decided to forget all about the tour and even decided not to conduct an audit of the books. John Easton, president of the association, declared under cross-examination in the course of the trial. He said there was no profit from the tour for, although the Canadian tour had yielded a surplus, it had been lost in the United States.

LOCAL TEACHERS TO ATTEND CONVENTION IN SOUTH NEXT WEEK

Several members of the local public school teaching staff are sailing by the Prince Rupert on Friday morning for Vancouver where they will attend the annual convention of the Provincial Teachers' Federation which will take place in the King Edward High School, Vancouver, on Tuesday, Wednesday and Thursday of next week.

Among those planning to go from here are J. G. Brady, principal of the King Edward High School; D. H. Hartness, vice-principal of Booth Memorial School; Miss S. A. Mills, vice-principal of Borden Street School; Miss E. A. Mercer, Miss S. A. Stone, James R. Mitchell and possibly Superintendent H. E. Campbell.

Out-of-town teachers who will pass through the city tomorrow night on their way to the convention will include Miss D. G. Thompson, of Telkwa, and Miss Weatherhead and Miss Kelleher, of U.S.

FIREMAN LOSES LIFE AT FORT WILLIAM

FORT WILLIAM, March 28.—David Geron, a fireman, leaving a widow and three children, was killed in a fire which destroyed two business buildings. The property damage runs into several hundred thousand dollars.

NAT. RAILWAY STILL LOSING

Total Operating Deficit for Year \$9,765,418 Says Minister of Railways

LOSS ON WESTERN RATES

Passenger Service For Which System Was Organized did not Materialize

OTTAWA, March 28.—The Canadian National Railway gross earnings in 1922 decreased by \$6,866,509 said Hon. George Graham in the House of Commons yesterday. The yearly average mileage operated on the whole system is 22,665.

The road was organized for increased passenger service which did not materialize. The tonnage of freight was slightly higher and the average haul and train loadings improved but freight earnings fell of \$3,904,614.

The restoration of the Crow's Nest Pass rates on grain reduced the earnings during the last half year by six and a half millions but the earnings exceeded the expenses in September, October and November.

The gross operating revenue for the year was \$129,135,956. The operating expenses were \$129,872,274. The net deficit of \$9,765,418 is a big decrease in deficit.

WINNIPEG IS STOPPING FOOTBALL COMPETITIONS

Crown Prosecutor in Middle West City Rules Contests Illegal and Orders Them Discontinued

WINNIPEG, March 27.—Crown authorities moved to close down football competitions conducted by four Winnipeg papers when Crown Prosecutor R. B. Graham, K.C., announced he had written to proprietors of the papers to inform them he considered the competitions illegal under provisions of the criminal code against gambling houses.

Consultation between the crown prosecutor and solicitors for the papers affected was suggested by Mr. Graham, who stated he would take court action in the event of failure to comply with his suggestion.

Papers which may come under competition ban are the O.B.U. Bulletin, The Badge, The Review and the Western Labor News.

Action against the papers marked the second move on the part of crown authorities to suppress football competitions in which cash prizes are offered in connection with results of O.B.U. Country league football competitions. An amendment to the criminal code gave the power to close down competitions based on wins and losses. They were revived on a basis of comparative scores with previous games. This system has been continued since last fall and is now held illegal by the crown.

MANITOBA WILL VOTE LIQUOR LEGISLATION

Choice Between Control and Open Sale of Beer and Wine or as at Present

WINNIPEG, March 28.—Manitoba will have two votes on the liquor question in June, the Legislature has decided. The first will be the moderation league bill providing for government control and the second the open sale of beer and wine.

A unique fence made of basket-work in Bournemouth, England.

Execution of Russian Church Dignitaries is Postponed as Result of British Denunciation

LONDON, March 28.—The chairman of the All Russian Central Committee in Moscow today ordered the postponement of the execution of Archbishop Zelinski and Monsignor Butchavitch, says a Riga despatch.

The postponement is presumably because of the scathing denunciation in the British Parliament of the massacre of the religious leaders who were found guilty of trying to prevent the sacking of church treasures by Bolsheviks.

One British parliamentarian suggested that the British government request Russian trade and diplomatic agents in London to leave the country if the executions were carried out.

NEW DRYDOCK VANCOUVER

Is to be Completed on North Shore Under Government Subsidy

VANCOUVER, March 28.—The three million dollar drydock on the north shore of the inlet, on which \$600,000 has already been spent in preliminary work, is to be pushed to completion at once under the subsidy given the Wallace Shipyard.

The construction of the dock means work for hundreds and when finished will keep in Vancouver big ship repair jobs now going to Seattle and other ports.

The dock will carry vessels of 15,000 tons and will be 500 feet long and 132 feet wide.

LADY MARY CAMBRIDGE ENGAGED TO MARQUIS

LONDON, March 28.—Lady Mary Cambridge, at one time spoken of as a probable bride of the Prince of Wales, announces her engagement to the Marquis of Worcester, son and heir to the Duke of Beaufort.

No Wrongful Intent on Part of Pensions Board but Strongly Criticized

OTTAWA, March 28.—The Railston commission today made a report on the charges brought against the pensions board by officials of the G.W.V.A. and finds that the association failed to sustain charges of conspiracy or other wrongful intent by the pensions board in dealing with the rights of ex-service men. The report states, however, that the claim that ex-service men had been deprived of rights previously granted by parliament and that established privileges had been nullified is sustained.

The commission was appointed as the result of charges made in a telegram by certain officials of the G.W.V.A. and issued to the press charging the pensions board with "contemptible and cold blooded conspiracy to deprive ex-service men of their rights."

The commission says it believes the telegram was published in good faith and as a last resort after a prolonged endeavor to have their rights and supposed established privileges maintained or restored, but that the imputation of bad faith and extreme language used were in the light of the evidence now available not justified.

A ground for strong criticism by the commission is that the pensions board gave undue prominence to the idea that their duty was that of a trustee of public funds. This function after all was only secondary to the duty of the pension board as trustees of the rights and benefits which Canada intended for ex-service men and their dependents. These rights and benefits should not be disregarded by the pensions board.

PIONEER BUSINESSMEN OF VANCOUVER ARE DEAD

VANCOUVER, March 28.—E. W. McLean, a Vancouver realtor and old time businessman, died of heart disease in San Diego.

James M. Dale, a pioneer merchant of Hammond, who for upwards of thirty years conducted a store at Maple Ridge, died here yesterday.

SPRING SALMON WARK CHANNEL

First Large Shipment Arrived in Port This Morning on Plop

The power boat Plop, Captain J. Clauson, arrived in port this morning from Wark Channel with 300 pounds of spring salmon. This is the first landing of any quantity of spring salmon this season. After taking on supplies and doing necessary repair work the Plop will leave for the trolling grounds tomorrow.

WOMAN AND CHILD VICTIMS DROWNING NAAS RIVER CANYON

MIYANISHI, March 28.—The usual spring departure of the Indians for Fishery Bay for the salmon fishing was marked this year by a sad fatality in which a woman and child were drowned. In making the Quinaha Canyon, the small and overloaded canoe paddled by Louis Grandison, overturned and his wife and granddaughter lost their lives when they were carried away in the seething current. Attempts at rescue alive were unavailing but, after much difficulty, both bodies were recovered and the double funeral was held at Gitlakamiks on March 14. Rev. O. Thorne, Anglican missionary from Miyanshi, officiated and Constable E. G. Newham represented the Department of Indian Affairs. Most of the native residents attended the obsequies.

KETCHIKAN MILL IS WORKING TWO SHIFTS

KETCHIKAN, March 28.—The lumber mill here is working two shifts for the purposes of supplying the demand for lumber which is large at present. W. C. Mitchell, manager of the mill, says the future demand looks likely to be even better than the present.

FISH ARRIVALS

Five halibut boats marketed 54,000 pounds of fish at the Exchange this morning. First class fish brought as high as 19c, and second class took a jump when one boat was paid 12c.

The following boats marketed today:
Gony, 3,000 pounds, to the Canadian Fish & Cold Storage Co., at 19c and 10c.
Sentinel, 24,000 pounds, to the Canadian Fish & Cold Storage Co., at 19.7c and 12c.
Annie Tuck, 5,000 pounds; Thelma, 44,000 pounds, and Cape Spear, 5,000 pounds, to the Booth Fisheries Canadian Co. at 17.8c and 11c.

ANYOX READY EASTER DANCE

Community League Council Deals
With Problems Affecting
Smelter Town

ANYOX, March 28.—The regular weekly meeting of the Community League Council was held in the A.C.L. Rest Room on Friday. Present, President Lewis, Vice-president Callanan, Sec. Treasurer Townshend; Councilors, Messrs. Harper, Blaney, Simpson, Steele and Jones.

The secretary's report referred to the Easter dance and that decorations for the same had been ordered and work had started in getting other material ready. Advertising was also being prepared, and would be posted in a day or two. The roller skates ordered by the last council as samples to be tested on the gymnasium floor had arrived and would be passed around for inspection. The two pairs of skates had cost \$15.83 and \$7.96 per pair. In connection with the instructions of the council that the secretary interview Mine members of the league as to representation on the council, a number of members there were interviewed and were in favor of Mr. Ed. Blundell being the representative of the Mine members on the council. Regarding the other member for the beach, it was advisable to have somebody who would fittingly represent the home and school department on the council, and to this end Mrs. O. K. Dwyer was approached and had consented to it.

Mr. Callanan asked that Mrs. Dwyer be made a councillor. Dr. Harper asked that Mr. Blundell be made a councillor. It was thereupon moved, seconded and carried that nominations close, making Mrs. Dwyer and Mr. Blundell members of the council.

Gymnasium Deficit

The secretary called the attention of the council to the monthly deficit in connection with the operation of the gymnasium and pointed out that expenses would have to be considerably curtailed if some source or sources of revenue could not be arranged for. The samples of roller skates were passed among the councillors and a considerable discussion took place as to whether roller skating would be the solution. The skates should be thoroughly tried out on the floor, a fir one, before a large stock of skates should be ordered. This will be done, and at the same time, in case they do not prove satisfactory, the council thought it advisable to give the present instructor at the gym, notice as to the end of April. The question of dispensing with the instructor is purely for financial reasons, everybody being satisfied with the work of Mr. Cheshire.

Recreation Hall

The chair introduced the subject of Recreation Hall and caused some little discussion, which brought out a number of suggestions as to handling different matters connected with its operation. On the advice of the secretary, the council agreed to call a special meeting of the council for Monday, March 26, at which the whole business would be thrashed out with the manager of Recreation Hall.

Junior Department

The secretary suggested that a junior department of the league be instituted, so that the younger element of Anyox be represented and looked after to a considerable extent than it is at present.

place as to whether roller skating would be the solution. The skates should be thoroughly tried out on the floor, a fir one, before a large stock of skates should be ordered. This will be done, and at the same time, in case they do not prove satisfactory, the council thought it advisable to give the present instructor at the gym, notice as to the end of April. The question of dispensing with the instructor is purely for financial reasons, everybody being satisfied with the work of Mr. Cheshire.

Some mention was made by Councilor Simpson regarding the summer sport season, and Mr. Steele asked where the money derived from the different games went. The expenses of the games absorbed whatever was collected in connection with baseball and football activities. Mr. Simpson asked if the bill in connection with the joint entertainment tented, and would be posted in a day or two. The roller skates ordered by the last council as samples to be tested on the gymnasium floor had arrived and would be passed around for inspection. The two pairs of skates had cost \$15.83 and \$7.96 per pair. In connection with the instructions of the council that the secretary interview Mine members of the league as to representation on the council, a number of members there were interviewed and were in favor of Mr. Ed. Blundell being the representative of the Mine members on the council. Regarding the other member for the beach, it was advisable to have somebody who would fittingly represent the home and school department on the council, and to this end Mrs. O. K. Dwyer was approached and had consented to it.

Recreation Hall

The chair introduced the subject of Recreation Hall and caused some little discussion, which brought out a number of suggestions as to handling different matters connected with its operation. On the advice of the secretary, the council agreed to call a special meeting of the council for Monday, March 26, at which the whole business would be thrashed out with the manager of Recreation Hall.

The Easter dance was discussed and a committee on refreshments appointed, with Mr. Simpson in charge. The whole council agreed to do whatever possible to make the affair a success.

Appointments to the different departments of the league were then made by the chairman. Recreation, Harry Seidelman; choral and dramatic, Dr. Harper; drum, J. Jones; house committee, E. Simpson; home and school, Mrs. O. K. Dwyer; entertainment, J. Blaney. The officers of the league constitute the finance committee, the president and the secretary being members of all committees.

Junior Department

The secretary suggested that a junior department of the league be instituted, so that the younger element of Anyox be represented and looked after to a considerable extent than it is at present.

This was left over for future action. On the meeting being declared open several suggestions were advanced from members attending. These suggestions had to do with ways and means of enlarging the membership of the league. It was thought that if cards outlining the objects of the league were handed out by employment office officials to all starting to work, some good might result. Another suggestion was that small stickers be attached to each man's statement, the sticker to contain an appeal for support to, and membership in, the league. A debating society was also talked of, and will probably materialize.

ROYAL PURPLE EASTER SALE

Bazaar, Whist Drive and Dance
Very Successful—\$400 is
Realized

The Easter bazaar given yesterday afternoon in the Elk's home by the Ladies of the Royal Purple was a most successful affair as was also the whist drive and dance which took place in the evening concluding the day's activities. The event was patronized very satisfactorily and about \$400 was realized.

Those in charge of the booths in the afternoon were as follows: Tea Room—Mrs. William Reid (convenor), Mrs. R. J. D. Smith and Mrs. T. E. Annesley.

Candy Booth—Mrs. Arthur Bailey (convenor), Miss Palmira Astoria, Mrs. H. D. Johnson and Miss May Reid.

Fancy Work—Mrs. Fred Gilhuly (convenor), Mrs. B. Newell and Mrs. H. Atkins.

Raffles—Mrs. H. F. Glassey (convenor), Mrs. H. Hampton and Mrs. Ben Self.

Home Cooking—Mrs. Frank Dobb (convenor), Mrs. W. E. Willescroft and Mrs. R. Dowther.

Mrs. R. V. G. Lepine was general convenor for both the bazaar and the dance in the evening.

Raffle Winners

Donors and winners of the raffles were as follows:

Box of chocolates, donated by Mrs. S. J. Evans, won by Mr. Biggart.

Picture, donated by Mrs. B. Long, won by Robert Reid.

Moccasins, donated by Mrs. Morte Craig, won by Mrs. H. Hampton.

Card table cover, donated by Mrs. George Frizzell, won by Mrs. N. Stewart.

Dressed dolls, won by Margaret Fritz.

Pair of pillowslips, donated by Miss Thelma Knight, won by Mrs. B. Long.

Ham, donated by P. Burns & Co., won by Mrs. W. L. Sandison.

Box of chocolates, donated by Fred Gilhuly, won by Mrs. Tassie.

Pillow, donated by Mrs. Fred Gilhuly, won by Jack Judge.

Box of candy, donated by Mrs. Wick, won by Miss May Reid.

Dressed Kewpie, donated by Mrs. Fred Gilhuly, won by Mary Ellen Moore.

Doll, won by Mrs. William Reid.

Pair of bath towels, donated by Mrs. H. F. Glassey, won by Mrs. J. G. Steen.

Pair of day pillowslips, donated by Mrs. M. Jacobsen, won by Miss Ruby Green.

Pillow, donated by Mrs. Ralph Lepine, won by Master Roy Wicks.

Luncheon set, donated by Mrs. Ben Self, won by Mrs. M. Parker.

Half ton of coal, donated by Prince Rupert Coal Co., won by Miss P. Meagher.

Sack of sugar, won by Mrs. George Frizzell.

Side of bacon, won by Mrs. Robert Wilson.

The raffle in connection with the sunshine work will be drawn for at a later date.

Evening Function

There were 32 tables of whist in the evening and about 250 persons attended the dance. The prize-winners at cards were Mrs. A. Nelson and T. Govenlock, firsts, and Mrs. Sam Woods and A. W. Lipsin, consolations.

Mrs. Gawnthorne and H. A. Pryce played the music for the dance. A. Akerberg and M. M. McLachlan were masters of ceremony and Ralph Lepine and C. H. Elkins presided at the door. The committee in charge comprised Mrs. G. Fritz, Mrs. B. Dowther, Mrs. A. Akerberg, Mrs. Wick, Mrs. R. J. D. Smith, Mrs. John Burger and Mrs. C. H. Elkins.

FORMER MOUNTIE IS TO BE MARRIED TO TEACHER AT AIYANSH

Engagement of Miss M. Winstone
and Constable E. G. Newnham
Announced—Wedding at
Christmas

AIYANSH, March 28.—The heartiest congratulations of all the settlers here are extended to Miss M. Winstone and Dominion Constable E. G. Newnham on the announcement of their engagement to be married. The wedding, it is understood, will take place next Christmas and Miss Winstone will remain here in charge of the Indian school until the close of the term in June.

Miss Winstone, who comes from Manitoba, has won the esteem of all since her arrival here last fall, not only for her ability in teaching the Indian children here, but by her personality and charm. Her industrious energy in organizing entertainments at Christmas time redounds greatly to her credit.

Mr. Newnham arrived here last October from Prince Rupert, where he was well known and very popular amongst the war veterans and where he served as a corporal of the Royal Canadian Mounted Police. He was one of the "Old Contemptibles" who landed in France in the days of 1914 and served right through the great war. He was wounded and decorated for bravery in the field and after the armistice served for three months with the army of occupation in Germany. Before the war he was a member of the old Royal Northwest Mounted Police and served in Northern Alberta.

Soon after his arrival here as the representative of the Indian Department, he made his presence felt, and he has won the respect of whites and Indians alike, by his many good qualities; the most outstanding of which are his courage and dogged determination in tackling various difficult problems with which he has been confronted. He leaves for the mouth of the river next week and it is the hope of all here that he return to the Aiyansh district next fall.

ANYOX

Before disbanding recently, the Ladies' Auxiliary to the Hospital Board, with the accumulated funds they had on hand, purchased and presented to the Hospital for use in the ward room, a gramophone and a considerable number of records. It is needless to state that the gift is a welcome one and a continual source of pleasure to the inmates and nurses.

On Saturday, March 24, the Ladies' Aid of the Union Church held a very successful sale of home cooking and plain sewing in the Elk's building. The supplies of digestible cooking and practically sewn garments for woman and child were scarcely sufficient to meet the demand, and Rev. J. Herdman and his lady assistants are well pleased over the financial returns.

The Number Three Billiard Tournament in Recreation Hall has just been concluded. In the semi-finals Armstrong was defeated by Williscroft and Stewart by Morning. In the finals the first prize went to Williscroft and the second to Morning. Morning won the high break prize with a tally of fifty-nine, the highest run made in the three tournaments. The consolation handicap is not yet

Terrible Headaches and Dizziness

Miss S. Raphael, 237 Kenilworth Ave., Hamilton, Ont., writes: "I used to suffer from terrible headaches and dizziness. Last summer, while I was walking up a side street, I got a dizzy spell and fell in the middle of the road. An old gentleman helped me to get to where I was going and told me to get a vial of Muburn's Laxa-Liver Pills. Well, I did, and they did wonders for me. I don't know how to thank you, as I don't get headaches or dizzy spells any more."

When your liver gets sluggish and inactive your whole health suffers, and the only way to keep well is to keep the liver active and performing its proper functions by using Muburn's Laxa-Liver Pills. Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Muburn Co., Limited, Toronto, Ont.

"I Was Terribly Weak After Baby Was Born"

Mrs. H. McClure, Norwood, Ont., writes:

"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."

In the Letter Box

BANKING AND CURRENCY

Editor, Daily News:

In view of the coming revision of the Bank Act, and the published views of bankers and others in respect thereto, the question becomes one that concerns all.

A banking system, wherein chartered banks are required to have a large capital stock, and make use of a system of branches, makes for security and has much to commend it. A local bank depending on a single community for its success or failure is not in such a favorable position, its failure in the past has reduced so many to a state of poverty, that it is a wonder it is being advocated. Credit is a good thing to have, but a bad thing to use, except judiciously, and it seems clear that the larger bank with its branches has a decided advantage over the smaller institution in extending credit. When the tendency of banking is towards monopoly, the answer is regulation and not dissolution as the banking system can be regulated and controlled by legal enactment.

Issuing of Notes

However, the economic laws take precedence, and if sound, any legislative act governing it must conform absolutely to these laws. The issuance of legal tender notes is not necessarily a function of a bank. It has however, become a practice and it is perhaps a safer system than where government banks issue without limit a form of shoddy paper. This paper having little value and purchasing power, yet retaining its full legal tender status, permits of the payment of debts and fixed incomes, contracted in good faith and on the basis of gold with a worthless currency which means repudiation, or more properly speaking legalized robbery. The issuance of notes by banks is not a special privilege, as any one has a right to issue notes against capital; but it is the legal tender and non-interest bearing qualities conferred upon the note circulation of banks that places them in the category of privileged institutions.

When, however, the fact is considered, that a bank incurs a liability to the extent of its note circulation this privilege is seen to be greatly modified, as in order to obtain the benefits arising from its note circulation it must encumber its assets. So with a farmer having property of the value of say ten thousand dollars, and would issue a note secured by a mortgage for an equal amount. This would not, "in fact," mean doubling his capital, yet many claim the banks are doing this by issuing notes.

Loaning Deposits

From this distance it seems that the banks' greatest source of revenue comes from loaning deposits. To confer upon a bank the right to issue notes and have taken it down to Quinville near Tatlow, where they will bank in the sunshine and learn much of what is going on in the outside world.

Tom Heaslip is about to erect a dwelling on his ranch west of town.

government bank the exclusive right to issue legal tender notes sufficient for requirements, as advocated by many, would, under present conditions without doubt reduce the exchange value of the dollar to the level of the present 50 cent piece. Then, if its legal tender status did not conform to its value, serious losses would occur. It is noted that the claim is made that the bank notes are neither backed by, nor redeemable in gold, but in goods of value. Rather indefinite. What are goods of value? What kind of goods are dollars? The bank note contains what is virtually a contract to make payment without qualifications in dollars.

The question then arises what is a dollar? Where the gold standard has been set up and the dollar is the monetary unit the statute defines it as 23.22 grains of fine gold. When coined it becomes the unit of value, the standard gold dollar. Unless this law is repeated, no matter what is understood, the dollar means only a gold dollar, when applied to the redemption of a circulating medium. If repeated, then some other unit of value must needs be established otherwise the dollar would have no legal status and consequently no meaning, and promises to pay in dollars might as well be made in soap bubbles.

Value of Paper Money

Not long ago the value of the paper dollar faded, when measured against gold, and it is maintained today at its present rating chiefly because of the high prices prevailing in the U. S. which reduce the purchasing power of the American dollar, and thereby increase the exchange value of all foreign currencies. The bank note's legal tender quality gives it standing as money, yet having an intrinsic value, in order to prove its promissory value it should be redeemable in some definite thing having a recognized and approximately fixed value.

The world has had an experience with so-called paper money that has resulted in the impoverishment of millions, but that it will profit by such is doubtful. The time is past when money should be regarded as a mere medium of exchange (the mark is an instrument of exchange) as the only form of wealth in the possession of many is money.

Value for Value

A legitimate transaction is based on the exchange of something having value for something having like value; but when the transaction rests on the exchange of something of value for another thing without it, it takes on a fraudulent character. The value of the monetary unit cannot be recognized by sense perceptions, but requires an act of the intellect to determine its presence—hence the delusions that arise in respect to forms of money. The most noticeable of these, being, that value can be legislated into a thing, which cannot for a moment be defended. Another, is by overlooking the fact, that a medium of exchange without value, cannot measure the value of other things. The more plentiful money is, the cheaper it becomes, gold not excepted, and the large quantities of gold in the United States in excess of

requirements constitute a standing menace to the prosperity of this country as well as to its own.

Gold may have a local value and under such circumstances decreases, which invariably results in inflated prices. At the present time all prices are rising in unison there, which is an indication that the value of the medium of exchange is depreciating and such advances could not take place except that the monetary conditions were favorable. The law that one extreme follows another has many precedents and one ending. Owing to the fact that the U.S. holds so much gold and the world being its debtor, gold must flow in that direction for years to come, will prevent the world from resuming a gold-redemption basis.

Silver Basis

A substitute is necessary to bring about normal monetary conditions, and this substitute which can supplant to a certain extent the use of gold is silver, and can be used as follows: Deposit certificates can be issued against uncoined silver held in reserve for redemption purposes, by a Government. It would be redeemable in silver bars at the market price at time of redemption based on a gold valuation. This would ensure circulation on a parity with legal tender notes that were interchangeable with gold, and establish their promissory value, and enable them to stand the test of a suspension of specie payments, better than either bank or Dominion notes. The value of all things changes so does the price of silver, consequently the reserves should be maintained at a high per centage of the certi-

cate circulation. As a safeguard against depressed prices the right to redeem certificates with legal tender notes should be reserved and the issuance of certificates against deposits of silver should be optional. When a country suspends gold payments, the price of silver held as reserves could be expressed in terms of paper currency thereby providing for the circulation of certificates at par with the note circulation. The use of silver for such purposes could be made almost unlimited and its increased use would increase and tend to stabilize its price, and would permit the withdrawal of Dominion notes from circulation thereby relieving the strain on the gold reserves. If silver were used extensively it would have the effect of blunting the inclination to accumulate and hoard gold, which are the real causes of the world's monetary troubles. D. J. SULLIVAN. GUERNSEY HERD ARRIVES TODAY

Dairy Remodelled With Every Latest Sanitary Improvement

A herd of some twenty government tested Guernsey dairy cows are arriving in the city today on the steamer Prince Rupert from Chilliwaack for the Standard Dairy. The cattle have been specially chosen for their excellent milk giving qualities and are of the type most suited to this particular climate.

The Standard Dairy premises situated on Second Avenue, have been entirely remodelled. The cow stable, measuring 24 feet wide by 60 feet long by 10 feet high, is cement and plastered from top to bottom and gives a stabling capacity for twenty cows. Two isolation stalls have also been added for the accommodation of any sick cattle. The ventilation has been particularly attended to and consists of eleven windows, two roof ventilators, and five open air ducts at the foot of the stalls. This permits of a free passage of air both day and night. Cement drinking and drainage troughs have also been fitted. The drinking troughs are of the latest pattern and allow of fresh running water constantly passing through.

The feed bins for the cattle are all operated from the loft above mechanically, which safeguards against dust and dirt getting into the feed. The boiling and bottling room has been cemented and plastered, and the latest type of cleaning and bottling machinery has been installed. The entire milking of the cattle will be done by machinery. With these alterations the Standard Dairy is now one of the most up-to-date and completely sanitary dairies in the province.

The remodelling, cement and plaster work has been carried out by Mitchell & Currie.

NAAS RIVER

Mr. and Mrs. Wolf-leger, accompanied by Mrs. Wynnes, are returning to the Naas Valley early next month after having spent the winter in Idaho.

Capt. and Mrs. Jackson, who left here last fall for Stewart where Capt. Jackson now holds a responsible position, are expected to arrive here on a trip during the summer.

WHO FIRST FELT "LIKE A FIGHTING COCK"?

COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated inseparably with Beecham's Pills, as the pills are with good health.

At All Druggists—25c and 50c

VANDERHOOF

The Kildare Mining Co., of Ottawa, is preparing to resume operations on its mining property on Manson Creek, which has not been worked since before the war. Messrs. Bangert and Beach, representing the company, passed through here last week on their way to the property on a trip of inspection. They expect to go in with an outfit in June.

Plans are in hand for the development of sportsmen's and tourists' resort on Stuart Lake and the Stuart Lake Fish & Game Club has been fully organized with the following officers: G. Geggie, president; E. B. Smith, vice president; H. M. Hood, managing director, and Dr. Conrade, R. A. Godson and Lewis Hurry, directors.

Miss Leona Gilbert and Norman Williams were married last week at Chilo by Rev. George J. Gray.

J. Wilson, of the forestry service who has made his headquarters here all winter, returned last week to his home in McBride.

Fred Whyte, the Ellisby farmer and athlete, has left for Vancouver where he will spend the summer.

Dr. W. Ross Stone has installed the first radio outfit in this district. He has been having good results and has heard concerts from cities in Florida and Texas.

Ten Years Ago in Prince Rupert

There is quite a rush to get on the Dominion voters' list. Registration forms are being given out by G. R. Naden, P. W. Anderson, F. H. Mobley, A. J. Morris, D. A. McKinnon, A. W. McLean, H. B. Campbell, George J. Frizzell, J. J. Sloan and J. R. Morgan.

Morley Donaldson, vice president and general manager of the Grand Trunk Pacific Railway, told a delegation from the Prince Rupert Board of Trade today that the railway company would be willing to assist the provincial government in the building of a road around the Island.

Mrs. Anna Jacobs and her two children arrived here today on the steamer Spokane from Seattle. Mrs. Jacobs, when getting aboard the Spokane at Seattle, thought it was bound for San Francisco and the steamer was several miles out at sea when her mistake was discovered. She debarked at the first port out of Seattle, Prince Rupert. Mrs.

WINNIPEG INCOME TAX WILL GO OUT

No Hope of Bill Passing the Legislature is Latest Announcement

WINNIPEG, March 27. — It is announced definitely by the Bracken government there is no possibility of the income tax proposed by the city of Winnipeg being put through the legislature.

The government intends to pass through a provincial income tax, and it is pointed out, three taxes of this variety would be unthinkable.

The government group is solidly behind the decision not to allow the Winnipeg tax to go forward.

Rumors were current at the buildings concerning a move on the part of Hon. F. M. Black to obtain a share of the federal tax in place of the provincial levy. These were not confirmed by any official of the government.

The draft contains practically the same provision as the original bill of 1918, but is distinguished by the provision for an off-set of realty taxes against income tax and by the variations of the percentages. In this bill council takes cognizance of the fact married persons are called upon to bear heavier financial burdens between certain ranges of incomes than the single person and has fixed a different range of increases. Under the new bill the unmarried person gets an exemption of \$1,000 and on the first \$1,000 of taxable income pays two per cent. His tax increases from two per cent. to 5 1/2, where-

as the married person gets \$2,000 exemption and pay a tax grading from one per cent to four per cent.

MANITOBA MAY GIVE GRAND JURIES SHORT SHRIFT THIS SESSION

WINNIPEG, Mar. 27.—If a resolution to be brought down by the government during the present session is carried by the legislators grand juries in Manitoba will become an institution of the past and an annual saving, estimated by the attorney-general's department at \$50,000, will be effected.

Hon. R. W. Craig, K.C., attorney-general, stated such a resolution would be introduced and added he would strongly support the policy of eliminating grand juries.

The policy contained in the resolution would be to have cases go direct to a judge or petit jury from the preliminary hearing. No "true bills" or "no bills" would be required.

The tremendous expenses of paying for the grand jurors and, also, the witnesses who appear before them and give evidence, would thus be avoided. On the basis of last year the saving in the eastern judicial district would be \$30,000. The remainder of the province would raise the total to \$50,000.

Her Three Children HAD whooping Cough

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but it is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

DR. WOOD'S NORWAY PINE SYRUP is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. H. W. Mahar, Kentville, N. S., writes: "My three children had whooping cough. I tried every medicine I could think of, until an old gentleman told me to try Dr. Wood's Norway Pine Syrup. Before they had one bottle taken the cough seemed better, and after two bottles they were about well. It loosened the cough and relieved them of that hard, distressing and strangling feeling that goes with it."

"Dr. Wood's" is 35c and 60c a bottle. Put up only by The T. Milburn Co., Limited, Toronto, Ont.
