RESISTING JEWISH REFUGEES DUMPED AT HAMBURG

Lower and Rougher Phase of S-S-Yank Relations Is Seen

CLEANS UP SENIOR BALL THREE STRAIGHT

Minor Simundson, Savoy's steady-going centre fielder, became the city baseball play-off hero Sunday evening when his hit drove Herbie Morgan home making a nine-all deadlock with Moose in the ninth inning of the third game of the series. Savoy had won the afternoon game, 8 to 3. The first game had been won by the hotel men 3 to 2. They thus took the series straight. The final game was a tough one for the Moose as they had had Savoy dig dirt all the way to the left field when the hotel men tallied three runs and tied things second. Neither team scored in the second inning but Moose added another run and Savoy three in the third to make the score 5 to 4. Dahl scored for Moose when he got a hit, stole second and third and registered on McNiece's single over short stop. Savoy tallied when B. Simundson singled, stole second, and crossed the plate on Davis' one bagger through second. Pavlikis sent Davis in with a triple base hit to left field. Pavlikis scored when McNiece juggled Foster's drive. In the fourth inning Moose collected two runs. Dunbar walked, Rosedale drove one through Arney, McKinnon singled, Abel hit over second and Dunbar came home on it. Dahl popped out, Henry drove a hot one to Arney who recovered and tagged third forcing McKinnon out but allowing Rosedale to score. Savoy also tallied two runs in the fourth when Morgan, replacing Postuk, singled, Bill duplicated, M. Simundson filled the bases when McKinnon muffed his drive and Davis clouted a deep single bringing home Morgan and Bill. (Continued on Page Four)

WASHINGTON, D.C. (CP)—Diplomatic officials predicted today that American relations with Russia are likely to enter a new and rougher phase at the United Nations general assembly opening in New York next week. A whole series of dramatic developments, heightening Russo-American differences and bearing vitally upon related problems of the European economic crisis, are in prospect before and after Secretary of State George Marshall leads the American delegation to the Assembly meeting. Foremost among these developments will be the Truman administration's decision on whether to call a special session of Congress to consider a temporary aid fund for Europe. This would be an advance against billions which the administration hopes Congress will provide early next year for a long-term Marshall recovery program.

AIRCRAFT MISSING

United States Machine Believed to Have Met With Disaster off Queen Charlottes

A United States aircraft which left Annette Island today for Rose Harbor is missing and may have come to grief in the vicinity of Rose Harbor off the south end of Queen Charlotte Islands, according to fragmentary reports in the hands of the provincial police.

First word of a possible aircraft mishap in this vicinity came this morning with the receipt of advice that a United States Army aircraft flying at 17,000 feet, had sighted a light single-engined plane painted yellow "disappear into clouds in a trail of smoke" at 9:45 miles east of Rose Harbor. There was no other identification up to mid-afternoon. It is believed to have been an American plane flying independently.

The Royal Canadian Air Force and the United States Coastguard were advised and the latter have already had a flight out from Annette Island to the region. It was turned back by bad weather. Coast stations and shipping have been advised to be on the look-out for further trace or information.

Cholera Hits At Refugees

NEW DELHI, (CP)—Dreaded cholera struck today among thousands of fleeing refugees trekking across hot, dry plains of partitioned Punjab where in the last three weeks an estimated 200,000 have died in the bloody religious war.

In a dispatch from Lahore, Reuters News Agency said the disease hit the mass exodus of refugees already weakened by exposure, under-nourishment and exhaustion.

Barbed wire enclosures, under police guard, were hurriedly set up at the border town of Kasur, 40 miles southeast of Lahore, as a preventative measure for Moslem refugees arriving from east Punjab who will be quarantined until they are inoculated.

COAL STRIKE IS SPREADING

BARNESLEY, England.—A strike in Britain's nationalized coal mines spread from southern to western Yorkshire mines today, reversing the partial back to work movement which had given rise to hopes for settlement. Two thousand miners at Prince of Wales colliery, Pontefract, began a sympathy walk-out at the start of the afternoon shift. The colliery is the first in West Yorkshire to be affected. It has a weekly production target of 11,800 tons. At Grimethorpe, where the strike started, 2200 miners rejected an appeal to return to work. The total of miners idle today is 43,000.

British Soldiers Use Force Making Them Quit Vessel

HAMBURG (CP)—British soldiers, swinging truncheons, bodily dragged resisting Jewish refugees of the Exodus 1947 from a British transport today and loaded them on trains which carried them to Poppendorf displaced persons' camp near Luebeck. The first train reached Poppendorf late, after being stopped enroute, a British official said, because the refugees had torn the iron bars from the windows, apparently for use as weapons. Armored cars were standing by at Poppendorf but the refugees refused to leave the train.

Bulletins

WOULD BOMB LONDON
LONDON—The wartime air defence system went back into operation over London today following threats from France that Jewish terrorists planned to bomb London. Security police in Paris, meantime, turned over to the public prosecutor today dossiers involving an American rabbi, Burach Korif, 33, and two other persons in what detectives said was a plot to drop 10,000 Jewish propaganda leaflet "bombs" from an airplane on London.

MISS AMERICA CONTEST
ATLANTIC CITY—Margaret Marshall, 18-year old honey blonde from Toronto, placed third Saturday behind Miss America 1947, Barbara Jo Walker of Memphis, Tennessee. Miss Marshall captured the coveted bathing suit contest.

CAPS WIN LEAGUE
VANCOUVER—Vancouver Capilano captured the Western International League baseball pennant Saturday when rain forced cancellation of a Victoria-Spokane doubleheader. The cancellation ended Spokane's last hope of overtaking the pace-making Vancouver Club.

VANCOUVER CAFE ROBBERY
VANCOUVER—Expert safe crackers netted themselves \$1,500 when they broke into a small safe in Purdy's cafe here early Sunday. Investigating police said the robbers pried the dial off with a crow bar, put nitro-glycerine in the slots and covered the front of the safe with wet towels to deaden the sound of the explosion.

U.N. Help For Jews

Palestine Committee Calls For Assembly Action
LAKE SUCCESS, (CP)—The United Nations Palestine committee declared unanimously today that immediate help for 250,000 distressed European Jews would ease considerably the problem of the Holy Land. The committee called on the United Nations general assembly centres as a "vital pre-requisite to settlement of difficult conditions in Palestine."

Week of Destiny

LONDON.—Prime Minister Clement Attlee, facing what the British press called "Britain's week of destiny," returned to 10 Downing Street today to resume the reins of government an approved final details of a revolutionary export-boosting plan proposed by Sir Stafford Cripps, president of the Board of Trade. During the potentially history-making next five days, London, for many officials, will be a multi-ringed circus of national and international discussion aimed at breaking dollar difficulties.

Storm Hits South Coast

Tempest Wrecks Vessels—First Real Autumn Sea Fury
VANCOUVER, (CP)—Storm-lashed seas continued to pound the Lower Mainland of the Pacific Coast today, raising fears for the safety of several fishing boats operating off the southern tip of Vancouver Island while the United States Coastguard announced that twelve persons had been rescued from a powerless fishing boat, the Tradewinds Sea Fisher, about sixteen miles north of Depoe Bay, Oregon. The cutter Bonham towed the Sea Fisher to Depoe.

Saturday night the Northwest's first autumn storm sank the Seattle fishing vessel Smokey off Vancouver Island but the Canadian troller Dash in took off two men aboard and landed them safely at Bamfield on the West Coast. Coastguard officials at Seattle said the 50-foot vessel Quest sought help Saturday night when her engine was disabled and a motor lifeboat stood by overnight until repairs were made, the Quest proceeding safely under her own power. Also off Grays Harbor the Alice B. put in a call for help and the cutter McLane towed the disabled craft to port.

British Timber Party Coming; Local Entertainment Arranged

Chairman George C. Mitchell and his lumber committee of the Prince Rupert Chamber of Commerce completed arrangements at a week-end meeting for entertainment of forty important British timbermen, members of the United Kingdom Timber Trades Federation, who will visit Prince Rupert this Wednesday in the course of a tour of Canada to study the timber industry of this country in relation to trade with the British Isles. The British Columbia portion of the tour of the Dominion is under the auspices of the provincial departments of Trade and Industry and Lands and Forests.

Arriving here Wednesday morning on the steamer Prince Rupert from Vancouver, the visitors will be entertained at a specially arranged fish luncheon by the Prince Rupert Chamber of Commerce after which they will leave by bus for Port Edward to visit Nelson Bros. Fisheries Ltd. salmon cannery. Following an inspection of the plant, refreshments will be served in the cannery mess house. They will leave by train in the evening for Prince George where two days will be spent visiting lumber manufacturing plants.

If time permits, other courtesies will be extended the party here, including drives around the city to visit local export shipping installations.

William A. McAdam, British Columbia Agent - General in

London, is coming here with the party. The party consists of:

J. Alsford, Jr.—Chairman and managing director, J. Alsford, Ltd., Feltham; L. A. Bayman—Chairman, Geo. E. Gray, Ltd., Ilford; chairman London Softwood Importers' Section of T.T.F.; J. H. Boothman—Chairman and managing director, Peerless Built-in Furniture, Ltd., Perivale; J. Buchanan, of Robert Melville and Co., Ltd., Falkirk, oldest timber merchants in Scotland; P. M. Combes—Managing director P. M. Combes, Ltd., Eastleigh; joint managing director, J. T. Sydenham and Co., Ltd., Poole and Portsmouth; president Hants and Dorset Timber Trade Association; N. H. Croxford—Assistant managing director, Price, Walker and Co., Ltd., Gloucester; director, Price, Walker, Croxford and Co., Ltd., Bristol, and other companies.

H. W. Daniels—Founder of H. W. Daniels, Ltd., London; A. C. C. Darby, M.C.—Deputy chairman and joint managing director, Denny, Mott and Dickson, Ltd.; chairman, John Stenning and Son, Ltd.; director, Louis T. Leonowens, Ltd.; past chairman, English Timber Merchants' Association; 1939-41, assistant controller Timber Control; 1941-45, senior deputy director, Home Timber Production Department; W. S. Davidson—Manager Denny, Mott and

BING CROSBY WINS GOLF TITLE AT JASPER IN THRILLING FINISH

JASPER PARK—Bing Crosby, world famous screen star, crooner and good sportsman, pulled the greatest stunt of his spectacular career here on Saturday afternoon when he won the eighteenth annual Totem Pole golf championship with a birdie that flew from the back of the green right into the cup. His final opponent was Gordon Verley of Uplands Golf Club, Victoria. He had put his third shot 18 inches from the cup with a magnificent 50-foot putt and was dead for a par four. Crosby put his second over the green.

With close to a thousand people densely packed around the eighteenth green and the match all squared at the 36th hole, Bing

proceeded to chip the ball back. It took a couple of bounces and galloped right into the cup in one of the most electrifying shots ever seen on a golf course as it carried with it the championship of 1947. The crowd went wild and almost mobbed the famous crooner. "The greatest golf thrill of my life," said Bing.

Poliomyelitis

IN VIEW OF THE EPIDEMIC of acute anterior poliomyelitis, known in short as polio and otherwise as infantile paralysis, and the general discussion of the nature of the malady and means of avoiding and treating it, some facts, as officially given out on the subject are of timely interest even in Prince Rupert where, we are thankful to say, there has been no polio reported as yet.

Polio is a virus disease, the incubation time of which—that is the time between entry of virus into the body and appearance of first symptoms—is usually between four and ten days. Personal contact—such as sneezing, coughing and talking—is the likely means of transmission and the entrance to the body is at three levels—nose and back of throat, voice box, wind pipe and bronchial tube and the digestive tract from back of the throat to lower bowel.

Parts of the body involved are the intestinal tract, muscles and nervous system. Symptoms are headaches, moderate fever, upset stomach, loose stools, obstinate constipation. Weakness of a particular group of muscles demands immediate medical care to avoid or limit crippling.

It is known:

That flies carry the polio virus.

That the virus is found in infected sewage.

That such sewage can contaminate drinking water.

That convalescent serum is not effective in preventing paralysis and is not recommended.

That spraying of the nose (olfactory or smell nerve) is an objectionable procedure and is not effective in preventing polio and, therefore, is not recommended.

That extreme fatigue; uncleanness (dirty hands at meals and not washing after toilet functions); chilling from staying in cold water, all predispose to making an individual more susceptible to a polio infection.

The active child is more prone to extreme fatigue than the quiet child; therefore the active child should be watched carefully and fatigue avoided.

It is not known how the polio virus is transmitted although it is surmised that it is by direct contact, carriers, droplet borne infection; and possibly water, fresh fruits, vegetables and foods contaminated with polio virus.

Here are some anti-polio suggestions:

Avoid contact with known cases of polio.

Keep out of crowds during an epidemic.

Remember that the active child is most susceptible, if allowed to play to the point of fatigue.

Avoid physical fatigue and exhaustion.

Do not swim in polluted water.

Avoid chilling by staying too long in cold water.

Keep hands clean by washing before meals and after going to the toilet.

Keep garbage and waste covered, so as not to attract flies.

Insure proper disposal of human excreta.

Protect food from exposure to flies and insects.

Wash fresh fruits and new vegetables before eating.

Stay away from persons with nose and throat infections, and avoid operations for removal of tonsils and adenoids during a polio epidemic season.

Remember that stomach flu; summer complaint; dysentery or any infection of the bowels, may predispose to a polio infection.

Be on the alert for symptoms. Any infection during a polio epidemic season should be viewed suspiciously until proven not polio.

* * *

BRICKBATS NOW BOUQUETS

IT MUST BE EMBARRASSING, after about forty years of veiled and forthright slander, for this fair city to read all the complimentary references about manifold advantages, beauty of situation and promise of great things to come. Many a long year it seemed as though a conspiracy existed to think up some new designation calculated to cause resentment. One could not but suspect rivalry.

Prince Rupert, the place where it rains all the time. That spot up north, God forgot! Prince Rupert! What on earth is taking you there? Prince Rupert, the Sunless City. Prince Rupert, the Siwash Village! There is an old and a salty saying that, a community or an individual is knocked long enough and hard enough, the knocks will all begin turning into boosts with unbroken progress thereafter. It's beginning to look that way for Kaien Island.

* * *

Insurance companies often come across unique evasions on the forms applicants fill out. One man, in the space asking the cause of paternal death, wrote: "Father was taking part in a public function and the platform gave way, ending his life." Subsequent investigation disclosed that his father had been hanged for cattle rustling.

SCHOOL TEACHER AT MILLER BAY

With the patient population now increased to 135, the work at Miller Bay Hospital for natives is constantly expanding. Dr. J. D. Galbraith, the medical superintendent, reports. Latest acquisition to the staff is a school teacher, Mrs. Hughes from Montreal. She conducts classes for the children patients, some in groups and others by bedside tuition.

Col. S. D. Johnston, M.C., V.D., who has been motoring through the interior with Col. C. W. Peck, V.C., D.S.O., is expected to return to the city today. Col. Peck will leave Prince George today by train for extensive travels in the east that will take him to the Atlantic Coast.

Canadian Newspapers

From the Monthly Letter of Royal Bank of Canada
INSTALMENT NO. 3

THE EDITOR'S PROBLEMS

All kinds of people buy newspapers, people of all ages, creeds, callings and tastes. They bring to bear upon the editor varying amounts of suggestion, advice and demands. It takes just as much courage for an editor to start publishing a new feature today as it did to start Daniel Defoe's revolutionary "Robinson Crusoe" as a 165-week serial in the Saturday Post 200 years ago.

But that is nothing compared with the courage needed to discard a feature. Complaining letters from a vocal minority carry greater weight than any statistical survey.

Editors are always short of space. They have to be drastic about cutting down some things in order to give representation to many things, though sponsors or writers of the mutilated ar-

ticles may cry to high heaven against the sacrifice. As Philip Gibbs made one of his characters say in "Street of Adventure": "If there was an earthquake at Tooting Bec, and if all the animals at the zoo broke loose and dined off the population round Regent's Park, you can't get more than 64 columns in an 8-page paper. That's simple arithmetic.

A complaint heard now and then is that the quantity of advertising over-shadows the space given to news and features. An examination of two weeks' issues of newspapers published in Montreal, Vancouver, Toronto, Winnipeg, Halifax and Calgary shows the recent average to be pretty nearly the standard of many years: 42 per cent news to 58 per cent advertising. The accepted proportion, according to the textbooks, was 40 per cent news and 60 per cent advertising.

To squeeze into this limited space a selection of news and features that will be of service to his readers, the news editor needs a particularly well-developed ability to go outside himself. In the course of a day he handles a great mass of copy that insofar as he is personally concerned is absolutely dead. He must, therefore, project himself into the place of his readers, decide what they wish to hear about, know what they are talking about, and weigh the relative importance of this and that desire.

Editors know they can't satisfy everyone. Away back in 51 B.C.

Cicero complained that his professional news correspondent was giving too much of sporting events and not enough about the political situation. People seem, as a rule, to prefer reading about a dog fight on their own street rather than about a war in the Gran Chaco. The day Mussolini became dictator of Italy, the news was crowded off United States front pages by the Halls Mills murder case. When Dempsey knocked out Firpo that was all the Spanish news America could stand, and it eclipsed the military coup in Spain under Primo de Rivera. The assassination of the Austrian Archduke, which set alight the first world war, was given only an inch space in most newspapers. "Interesting" news, which probably means news that touches their personal lives or experiences or knowledge, attracts the mass audience, while, regrettable as it may appear in this enlightened age, the merely important is addressed to small publics.

SERVING CANADIANS  THROUGH CHEMISTRY

Chemistry?

...WHAT IS ITS RATING?"

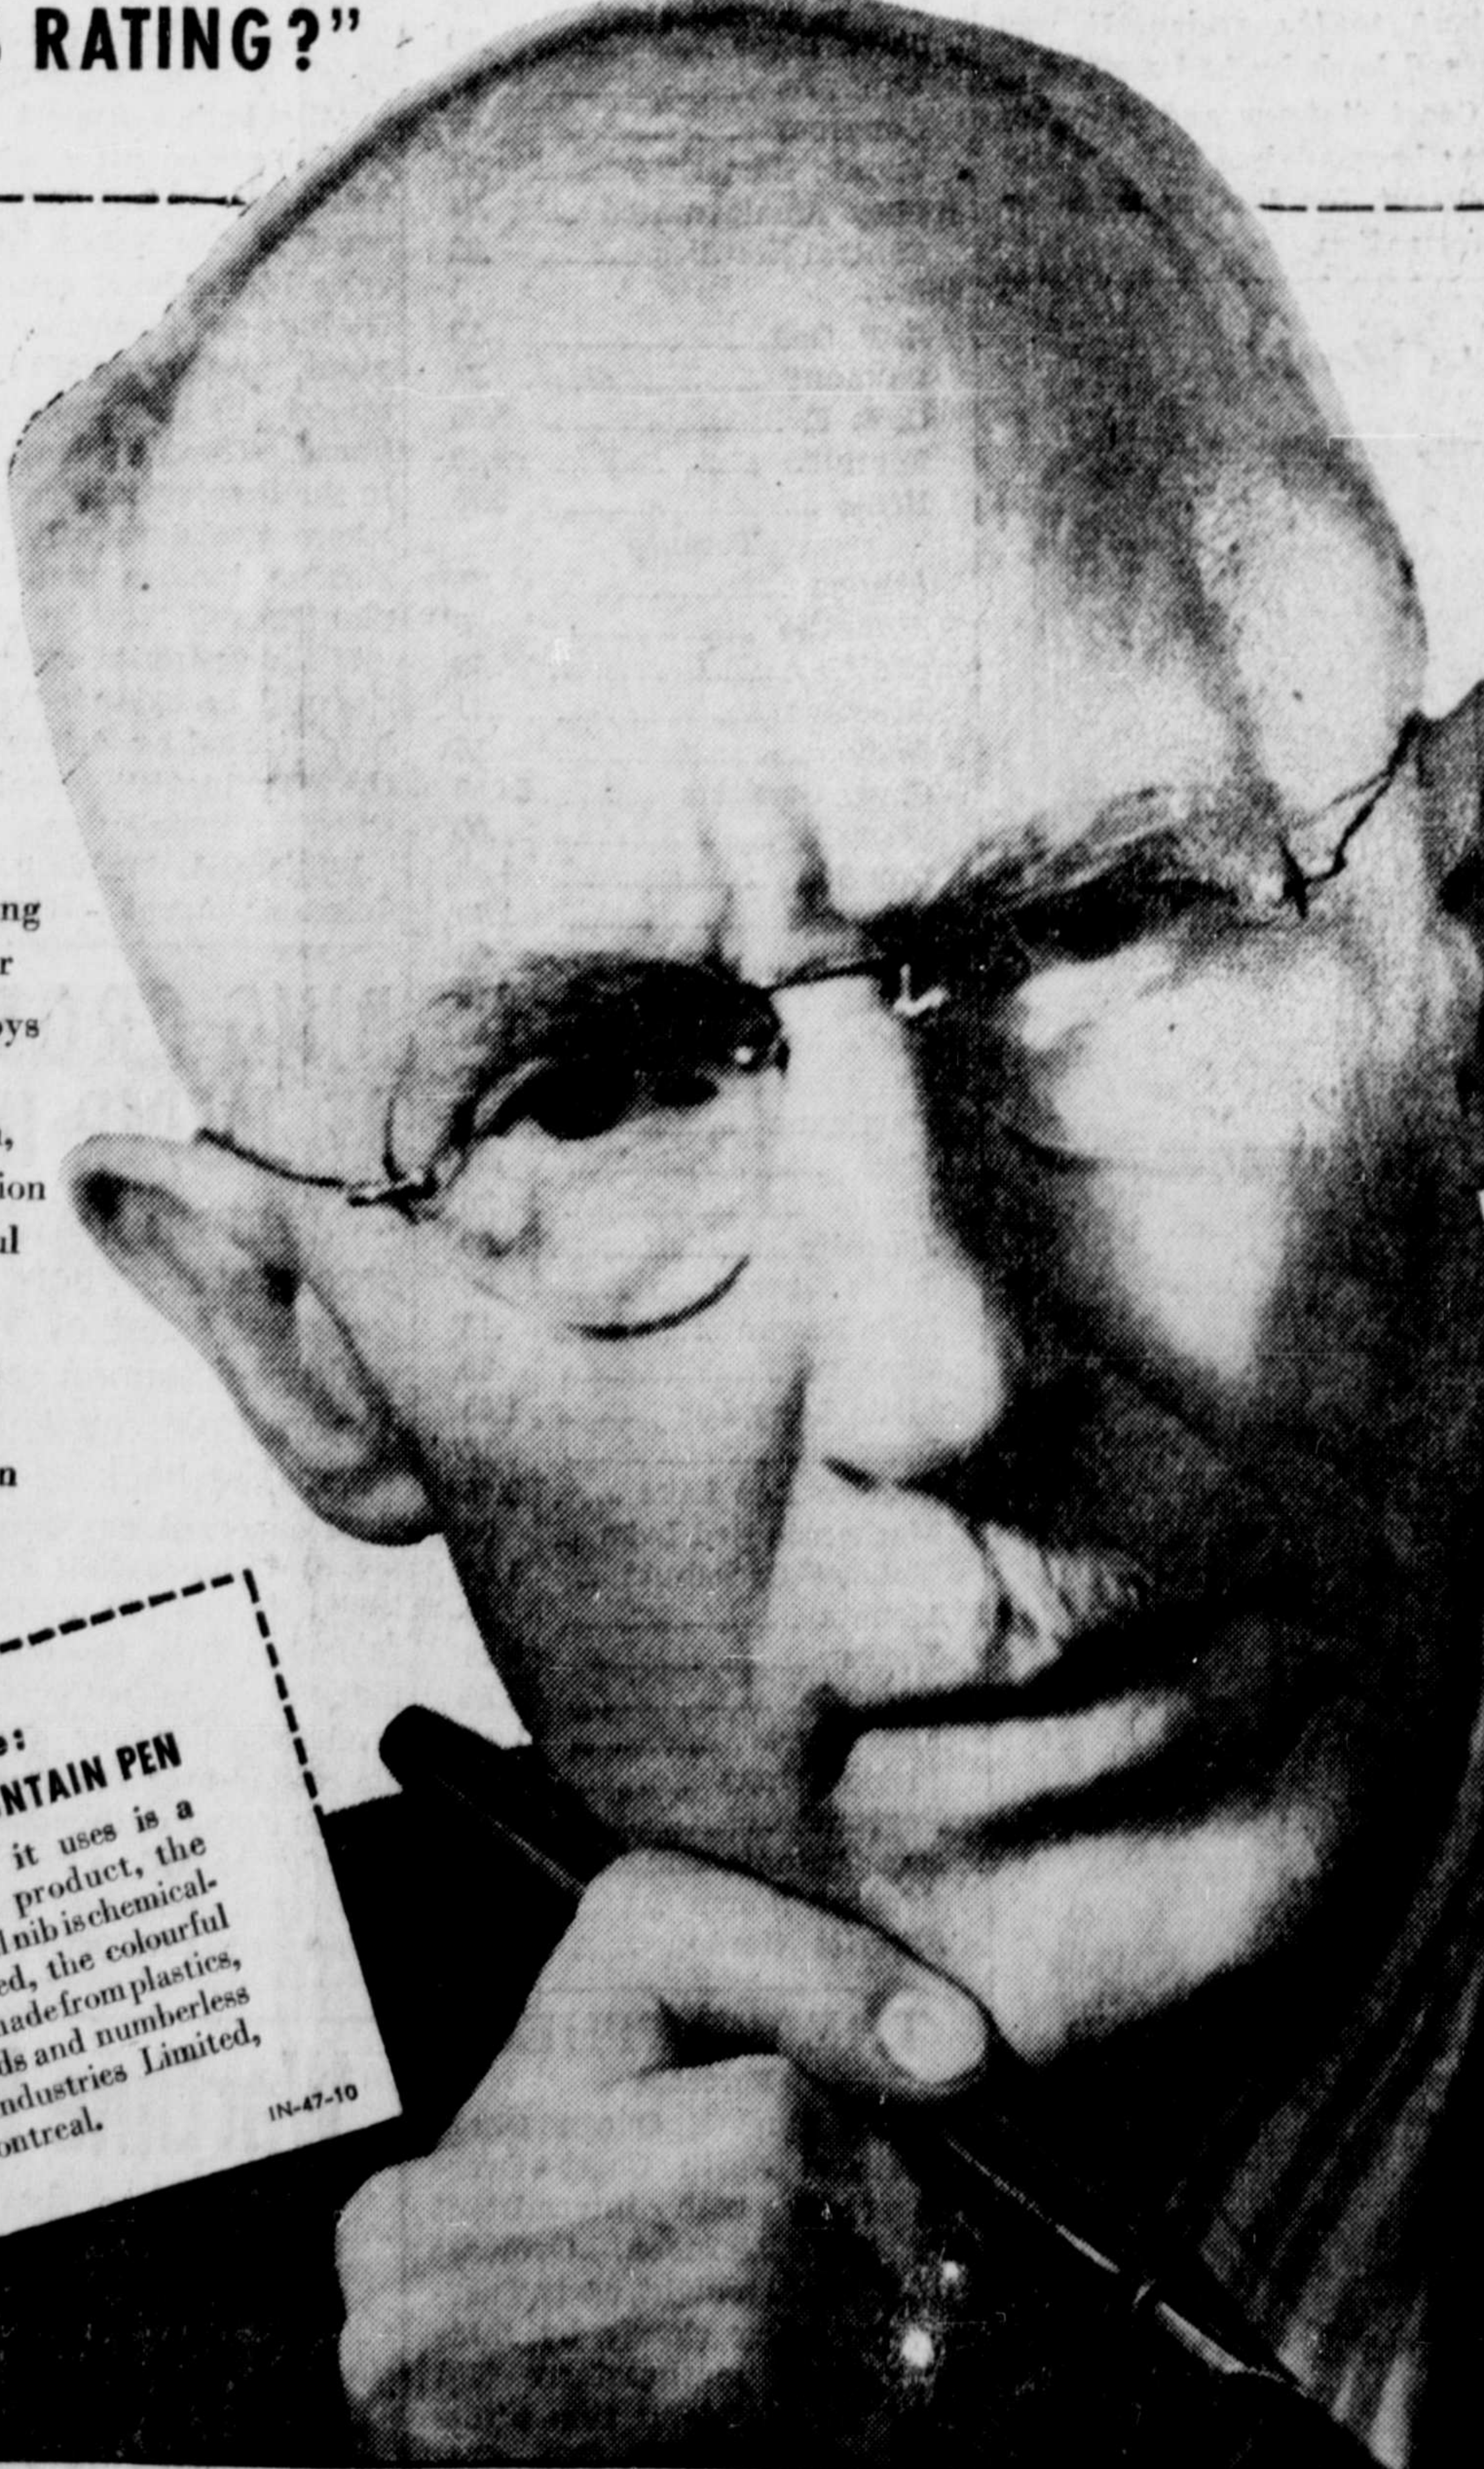

...well might the accountant ask this question, for a very few outside of the laboratory itself realize the scope and benefits of this enterprising business.

Chemistry enters into the making or treatment of practically everything we use or wear. It purifies the water we drink, fertilizes our fields, destroys pests. It brightens our lives in the form of paint; comes to us as nylon, "Cellophane", explosives, ammunition and in a growing stream of colourful plastic products.

Yes, chemistry has a high rating in the fields of utility and beauty... with the C-I-L oval as symbol of an organization devoted to serving Canadians through chemistry.

For instance:
YOUR FOUNTAIN PEN
THE INK it uses is a chemical product, the fine metal nib is chemical, treated, the colourful barrel made from plastics, barrel made from plastics, stand and numberless similar products. Canadian Industries Limited, Head Office, P.O. Box 10, Montreal. IN-47-10

McGEER FUNERAL WAS IMPRESSIVE

Local Man Tells of Rites For Late Mayor and other Incidents in Vancouver

"I never expect to see a larger funeral" remarked Noel Jones speaking yesterday of the rites in Vancouver of the late Mayor Mr. Jones returned last week from a business trip south.

"There was not space in the church for all of the flowers," he remarked, "and an immense crush of people along the streets."

For the comparative brief time Mr. Jones was away, the trip covered several other outstanding events, notably a fire that at one time threatened to sweep False Creek waterfront, and the attempted hold-up of a bank and fatal shooting of the manager. The hunt for the bandit was immediate and on a very large scale indeed, but the most strenuous of efforts all went in vain. The gunman, to date, is still at large.

TAXI MEN ORGANIZE

Prince Rupert Taxi Owners' Association was organized at a meeting on Sunday in the office of Brown & Harvey. One of the objectives of the organization is to set a schedule of tariffs on the basis of city zoning with approval of the city council to be sought.

Officers of the association are: President—Libero Basso-Bert. Vice-President—Frank Montasano.

Secretary-Treasurer—Chevill McIntyre
Executive—Fred Jensen, Paul Postula, Bert Wouden, George Ross and Wilfrid Boland.

Mr. and Mrs. Jack Lindsay jr. and son are leaving by car Monday for the interior. They expect to go east as far as Burns Lake and Jack hopes to do some hunting when he gets there.

Is your photo in the window at 153 Third Avenue West. (211)

Mr. and Mrs. Frank Hicks left at the end of the week for a two weeks' motor holiday trip to Vancouver.

Mr. and Mrs. Alex Storrie returned to the city on the Coquitlam yesterday afternoon from a trip to Vancouver.

Mr. and Mrs. Robert Shrub-sall, who have been on a trip to Vancouver, returned to the city from the south on the Coquitlam last evening.

Miss Mary Armstrong, who has been on a vacation trip to Vancouver and the southern interior, returned home from the south on the Coquitlam last evening.

Meeting of Executive Committee, Canadian Legion tonight, 8 p.m. Regular monthly meeting at Legion Hall (with initiation of new members) Wed., Sept. 10th, 8 p.m.

William Jefferson left Friday on the steamer Catala for Vancouver, from where he will fly to New York and later visit at Guelph, Ontario, and Trans-Quille.

R. E. Legg, mining engineer for the Conwest Exploration Co., Ltd. and former resident of Prince Rupert, left by air Saturday for his home in Vancouver after spending a few days visiting old friends.

Constable Rogers of the Provincial Police was in town at the week-end enroute to Terrace where he will resume his duties after spending some time relieving at Queen Charlotte City.

E. A. Hill, sales manager of Central Mortgage and Housing Corporation, who has been here for the past few days in connection with the putting of wartime houses on the market, is sailing by the Princess Adelaide tonight on his return to Vancouver, accompanied by J. L. McEwan, local administrator, who is going south for a brief business trip.

Miss Kathleen Hills, who has been on a trip to Vancouver, returned home on the Coquitlam last evening.

Edith L. Bowman, A.T.C.L. Teacher of Piano. Opening for 10 pupils commencing week of September 15. Phone Blue 785. (210)

Charles Graham, inspector of mines, is sailing tomorrow afternoon on the Coquitlam for a trip to the Namu district on official duties.

W. E. Denning, of the liquor vendor's store staff who has been on vacation at the Friz-zell Hot Springs, is visiting Vancouver before returning to his duties.

Mrs. G. R. S. Blackaby and sons, who have been spending the summer at Lake Kathlyn, returned to the city Friday evening.

Archie Shiel, president of Pacific American Fisheries, who has been on a visit of inspection to company plants in Alaska, and Mrs. Shiel were in the city on the Princess Norah Saturday afternoon southbound from Juneau to their home in Seattle.

Members of the Prince Rupert Gyro Club will join with the Prince Rupert Chamber of Commerce this week in a luncheon at the Commodore Cafe on Wednesday for the visiting party of British timber men which is touring the province. The Gyro Club was in regular monthly executive session today.

LONDON—Britain has scrapped 154 naval vessels, including Warspite and aircraft carrier Argus, since the end of the war.

SERIES IS EVENED UP
Gordon & Anderson Defeats High School 1-0

In a very keenly fought and well-played game Saturday evening in the Men's Fastball playoffs, Gordon & Anderson squeezed out a one to nothing victory over High School, and the best of three series now stands tied at one game each.

From the start it was evident that both teams were out to win. Players backed up good pitching with good fielding and hits were hard to get. In the first High School inning, Scherk, first man up, hit safely but died on third. In their second inning Forbes got on base on a walk and Kennedy on an error, but Forbes was left on second base when Kennedy was out for a lead-off. High School got Forman on base in the third on an error but he was able to make no farther than second.

Shier hit safely in the fourth but made no farther than third. No one got on base in the fifth. In the sixth, Forman and Sharpe both hit safely but were left stranded on third and second and in the seventh the students were not able to get on base.

Gordon & Anderson had an even more difficult time in getting on the bases. They didn't even get a man on in the first or second.

In the third, James single and Kneale made first on Hartwig's error but both were left on bases. The storemen got the only run of the game in the fourth when Moxley made first on Forbes' error and later came home on a very close play at the plate. They got a man on base in the fifth and one in the sixth.

Moxley gave up four hits, walked one and struck out six Olson had an even better record. He yielded only two hits, walked none and struck out six.

The rubber game between these two teams on Wednesday next should provide a real thriller.

TENDERS
SEALED TENDERS, addressed to the undersigned and marked "Tender for Arctic Patrol Ship" will be received up to 12 o'clock noon, Friday, October 17, 1947, for the construction of a Steam Twin-screw Welded Steel Ship for Arctic Navigation—Length 275', Breadth 50', Depth 26'. Plans, specifications and labour conditions in the matter may be obtained by bona fide shipbuilders capable of carrying out the work, on application to the Chief Purchasing Agent, Department of Transport, Ottawa, Ontario, or from the Agent, Department of Transport, 1002 Wharf Street, Victoria, B. C.

Each tender must be accompanied by a security deposit to the amount of 5% of the total amount of the tender, such security to be in the form of a certified cheque on a chartered Canadian bank, made payable to the order of the Receiver General of Canada, and/or Dominion of Canada Bonds, at par, and/or Bonds of the Canadian National Railway Company or its subsidiary companies unconditionally guaranteed by the Dominion of Canada, at par. Such security will be forfeited in the event of the tenderer refusing to enter into a contract on the basis of his tender, if called upon to do so, or failing to satisfactorily complete such a contract. Security deposits of unsuccessful tenderers will be returned.

Any tender not accompanied by a security deposit as described will not be considered.
The Department does not bind itself to accept the lowest or any tender.
F. T. COLLINS,
Secretary,
Department of Transport,
Ottawa, August 30, 1947. —210

IN THE SUPREME COURT OF BRITISH COLUMBIA

BING IN JASPER TOURNEY

Getting himself in shape for the 18th annual Totem Pole Golf Tournament, which he won yesterday in a spectacular finish, Bing Crosby, world's No. 1 crooner, picked up a tough opponent for his first game, played shortly after his arrival on a month's golfing-fishing-hunting vacation. Bing shot a 75, but lost the match. Former National Hockey League star, Leroy Goldsworthy, golf pro at Jasper Park Lodge, who will coach Buffalo Bisons this winter, chose that day to burn up the course with a 32-37 for a two-under par 69. Partnering the screen and radio celebrity was S. Davidson Herron, Pittsburgh investment dealer, U. S. National Amateur Champion in 1919 and Walker Cup player in 1923. Mrs. Herron teamed up with Goldsworthy in the friendly match. Seen here, left to right, are: Goldsworthy, Herron, Crosby and Mrs. Herron.

NAVY STARTS UP TONIGHT
Parades of Both Reserve Division and Sea Cadet Corps Being Resumed

Local division of the Royal Canadian Navy Reserve and Sea Cadet Corps will resume their weekly drill parades for the season tonight, the parades being combined so that senior reserve men can be used for training the cadets as well as the reserve.

The local permanent staff of the Royal Canadian Navy, numbering ten under Lieut. Eric Jones, RCN, will be available for the training of both reserve division and cadet corps.

The naval division now numbers twenty-five and the cadet corps, sixty.

All training equipment has now arrived and been set up. The season's program includes provision for sports, for which equipment has been received, and, if sufficient players are available, there will be a naval entry in the basketball league.

There will be regular sports activities of other kinds. A moving picture projector is also among the new equipment.

SAVOY WINNERS
(Continued from Page One)

The fifth was barren for both teams but Moose gathered two more runs in the sixth when McNiece lammed his second double sacker of the game letting Abel and Henry trot across the plate.

There was no score in the seventh but Savoy evened things up in the eighth with three earned runs. Sharpe opened the inning with a single and the next three men up, B. Simundson, M. Simundson, and Davis followed suit.

In the ninth Moose came dangerously close to scoring again when, with two men out, Linney single, stole two bases and was in a position to score when Sparks, who got on with a walk, was caught trying to make second.

The final and winning run was scored by Morgan. Arney started things with a single. Morgan went to first when he was hit by a pitched ball and the next man up, Sharp, was fanned by Maundrell. B. Simundson got a walk. Arney got caught trying to go home and Minor Simundson pulled himself out of the season's biggest hole with a hit over first base.

EASY WIN IN AFTERNOON
Savoy took the second game of the Prince Rupert Baseball playoffs 8 to 3 when they trounced the Moose club Sunday afternoon making it two straight for the hotelmen. The afternoon game, top half of a double-header, was a re-play of Tuesday night's game which was called on account of darkness when the score was two-all in the ninth.

Lindsay, twirling for Savoy, held the lodgements scoreless until Sparks came up in the sixth and drove one deep into centre field that brought three men home.

Savoy, batting first, tallied a run in the initial inning when lead-off man M. Simundson got a single, went to second on B. Simundson's sacrifice, stole for third and made home when Dunbar threw one wide with third baseman Linney away out of position.

The second was Savoy's biggest inning with Gurvich pounding out a triple sacker to drive Morgan, who got on with a double base clout and Arney, who earned a base with a single, both home. Gurvich came in when M. Simundson drove one out to McKinnon who played the ball to Dunbar at first.

Pavlikis scored for Savoy in the third when he hit a single, stole second and romped across the plate on Lindsay's two-bagger. In the fourth inning the hotelmen toured the sacks for two more runs. With two men away and none on, M. Simundson slammed a twin-sacker over third base. On B. Simundson's single Minor went to third and Pavlikis gave both runners a trip home by pounding out a two-base hit into left field.

Neither team scored in the fifth and up to the sixth Moose only managed to get six men on base and only one into scoring position which was McKinnon in the first inning.

Rosedale, who had pitched nine innings last Sunday and another nine Tuesday night, was replaced by McKinnon in the sixth after Savoy had collected 7 runs and 13 hits. McKinnon went into a hot spot with three men on bases, two out and Lindsay to bat but retired the side

when Lindsay strikes. In their last game, McKinnon and went down. Abel went down. Davis, Lindsay free like to have advanced base. Single over men out, and came through wall that was the head of the Simundson's. Three runs for Gurvich were run in the eighth for two bases when M. Simundson Sparks to Henry on McKinnon's handling B. In the fourth pitched the above

Reminiscences
By W.J. and Reflections
If new comers to Prince Rupert ever notice the height and number of retaining walls, they will be able to visualize what a job it was to even make a beginning in city building here. Consider, for example, the immediate neighborhood of Third Avenue and McBride Street. There used to be a good sized gulch there as well as a flinty hill that took plenty of sweat and dynamite to remove. It is perhaps not overstating the case to suggest that between the areas bounded by McBride and First Streets and Second and Fourth Avenues, the thousands of blocks of stones used in making these walls could have built "when knighthood was in flower" a substantial castle.

303 Cabs
I would like to take this opportunity to announce to my many friends and patrons that I have left 123 Taxi and will be operating 303 Cabs from the 3 Sisters Cafe. Your continued patronage will be sincerely appreciated.

Robert Macnicol Of Legion Here

In the course of a tour of Canadian Legion branches in Central British Columbia, Robert Macnicol, former executive secretary of the Legion and now public relations officer, arrived in the city on the Coquitlam yesterday afternoon from Vancouver and proceeded through to Stewart where he will spend the coming week. Returning here on Tuesday of next week, he will be the speaker at a gathering for all local ex-service men and women in the Civic Centre that evening. On Wednesday evening of next week he will proceed to the interior to visit branches at Terrace and other points. Mr. Macnicol is accompanied by his wife on the trip north.

val of the steamer by President Vic Houston and officers of the local branch of the Legion and escorted to the Canadian Legion Hall where he met members of the 1948 Legion Convention Committee under the Chairmanship of J. S. Wilson and discussed matters in connection with transportation, billeting, and local facilities for holding a Legion Convention here next Spring.

It is expected that Senator Hugh Butler and his United States Senate committee on public lands, which visited Prince Rupert recently on their way to Alaska, will join the Princess Louise at Juneau or Skagway on the present trip south, being due here this coming Saturday.

APPRENTICESHIP IS DISCUSSED

Local Employment Advisory Committee Hears Inspector Of Apprenticeship

A special meeting of the local Employment Advisory Committee was held Friday in the Employment Insurance Office to give the members an opportunity to meet E. A. Ivay, Inspector of Apprenticeships of the British Columbia Provincial Department of Labor.

Mr. Ivay told of the history of the Apprenticeship Act. It was passed in 1935 and its implementation was started in 1937. The outbreak of the war interrupted its application but now steps were being taken to put its provisions in force and with the increased knowledge of its advantages for both employers and the employed, it was ex-

pected that much wider use would be made of it.

Already twenty-two trades are covered by the act. It applies to any person over the age of fifteen. There are definite obligations assumed by the apprentice as well as by the employer. Terms must be approved by the Provincial Apprenticeship Committee and registered with the Director of Apprenticeship. Basic minimum rates of pay are laid down but an employer may pay higher rates. Circulars supplied to the meeting listed the trades designated under the Apprenticeship Act, the length of apprenticeship, varying from two up to six years.

Discussions with Mr. Ivay brought up many points. The objective of the act is to give schooling in the theory as well as practice in the trades. Under an agreement between the Provincial and the Dominion Governments there is provision for financing the scheme. For apprenticeships at outside points correspondence courses are provided through the Department of Education. The response throughout the province cannot be considered adequate. A total of 1,056 has been registered in Vancouver, Victoria and New

Westminster. One reason for lack of interest is the rate of pay for beginners. The high wages paid during the war make many youths unwilling to start to learn a trade at the rates of apprenticeship. They are too shortsighted to see that an apprenticeship is a period of learning and that higher wages should not be expected till the learner has become qualified.

Many local conditions were also discussed. As Mr. Ivay will be in the city for a couple of weeks he will be able to discuss the different aspects of the questions with individual employers. In order that the fullest use may be made of the visit, Mr. Ivay will meet the committee at its next regular meeting on September 19.

Present as guests at the meeting were Robert Cameron, superintendent dry dock and shipyard; A. P. Crawley, boatbuilders; James Bremner (jr.), bricklayer; J. C. Gilker, Canadian Fish and Cold Storage; Percy Bond, Trades and Labor Council; Art Phillips, and the following members of the committee: S. Black, James Nicoll, H. J. Whiffin, E. Victor Whiting with J. S. Wilson, chairman of the local committee, presiding.

NEW SUPERIOR LEJAC SCHOOL

Father James Mulvihill, for several years in charge of Kakiw's residential school near Victoria, has been appointed superior of Lejac school on Fraser Lake in the central interior and will be installed on Wednesday of next week by Most. Rev. Anthony Jordan, O.M.I., Bishop of Prince Rupert. Bishop Jordan, who has recently returned from a trip to Rome and Britain, is now in Vancouver and will be flying north to Prince George in a few days, accompanied by Father Mulvihill. Father Mulvihill will succeed Father Alex Simpson, O.M.I., who is moving into Prince Rupert.

Heinz vinegar— best bet for relishes for winter

RECIPE

CELERY RELISH

Chop 4 green peppers, 1 sweet red pepper and 2 lbs. (12 medium) onions. Combine $\frac{1}{2}$ cup salt, $2\frac{1}{2}$ cups sugar, $\frac{1}{2}$ cup mustard seed and 1 teaspoon turmeric. Blend in $1\frac{1}{4}$ cups light corn syrup, $3\frac{3}{4}$ cups Heinz Distilled White Vinegar and $1\frac{1}{2}$ cups water. Heat to boiling, covered. Add chopped peppers and onions, and 4 quarts (9 medium stalks) sliced celery. Simmer, covered for 3 minutes. Quickly pack one hot, sterilized jar at a time. Fill to $\frac{1}{2}$ " from top. Be sure Vinegar solution covers the vegetables. Seal each jar at once.
Yield: 10 pints.

SHIPS AND WATERFRONT

With a fair-sized list of passengers although round trip tourist traffic is now falling off, Union steamer Coquitlam, Capt. John Boden, arrived in port at 5:45 last evening from Vancouver and sailed at 9 o'clock for Stewart, Alice Arm and other northern points. The vessel is due back here tomorrow morning to sail at 1:30 p.m. for Vancouver and waypoints.

Hughes, arrived in port at 5 o'clock Saturday afternoon, continuing her voyage with departure at 7 p.m. The Norah brought in 114 passengers of whom five debarked here. She also had three cars for here, two from Ketchikan and one from Haines. They will be driven East over the Highway from here by their owners.

Running a day rate after having waited over in Vancouver until after Labor Day for the sailing north, Union steamer Cassiar, with Capt. Lorne Godfrey back in command, arrived in port at 10:30 Saturday night from Vancouver via the south end of the Queen Charlotte Islands and sailed at midnight for Massett Inlet points whence she returned here this morning to sail at midnight tonight on her return to the southern Queen Charlottes and Vancouver.

Southbound from Skagway to Vancouver, C. P. R. steamer Princess Norah, Capt. Graham

Why is Bulger's a Good Place to Buy a Watch?

We have been watch specialists for over forty years.
We have repaired and studied and sold watches in Rupert since 1915.
We have had a chance to know which are the good watches out of eleven hundred watch factories.
We sell our watches at the standard nationally advertised prices for all the well known makes.
We are able to advise you as to the best watch for any special use you may want a watch for.
We will not knowingly sell you an unsatisfactory watch.

And we have the WATCHMASTER, an electronic machine which listens to the heart beats of a watch and prints them on a paper record so you can see for yourself the difference in watches.

An Announcement of Interest

Miss Margaret McLeod, optometrist of Vancouver, announces the opening of her permanent office at Manson's Jewelers.

Miss McLeod graduated from the Ontario College of Optometry in 1943 and after an association with prominent Toronto optometrical group she returned to her home province. Miss McLeod has since been associated with Dr. Harry Perrin, optometrist in Vancouver.

She is well trained in the practise of Optometry and has had considerable experience. She is of a family prominent in optometry in B.C. many years. Her father, Mr. Murdoch McLeod, has an extensive practise throughout B.C. and her brother, Clyde, is a prominent optometrist in Pentiction, B.C. Miss McLeod has installed the most modern equipment for the examination of eyes and a conscientious service will be given.
