Train Wreck Blame Placed

Dead Men Held Responsible For Fatal Labor Day Train Wreck at Dugald, Manitoba

OTTAWA (CP)—Violation of operating rules by the crew of an extra Minaki special excursion train of the Canadian National Railways was blamed by the Board of Transport Commissioners today for the wreck on September 1 that claimed 35 lives at Dugald, Manitoba.

The board, which conducted an inquiry last month, found that passenger extra No. 6001, westbound, had crashed into eastbound train No. 4 at Dugald station because it failed to turn into a siding as provided for under Canadian National Railways operating rules. Why this had been done could not be established as both engineer and fireman were killed.

The extra, known as the Minaki Special, was carrying passengers in nine wooden coaches, sandwiched between steel cars and the loss of life and injuries were heavy in these wooden coaches which caught fire.

The board is recommending that the Canadian National speed up with the replacement of wooden cars by steel and that the wooden cars be not run between steel cars.

DeGaulle Party Leads In French Elections

Communists Second and Socialists Third Following Municipal Voting Throughout Nation Yesterday

PARIS (CP)—Candidates nominated by General Charles DeGaulle's six-month-old "Rally of the French People" party were leading in 29 of 37 major municipalities of France today as returns from yesterday's balloting rolled in from all over France. DeGaulle's party held a substantial lead over all other parties, including the second place Communists, in early returns from municipal elections. Premier Ramadier's Socialists were third. There was a heavy vote, 15 percent higher than in 1945.

Plane With Nine Lost

R.C.A.F. Machine From Calgary Fails To Come In To Pentiction

VANCOUVER (CP)—An international search has been joined between the Okanagan district of the interior to the coast for a Royal Canadian Air Force twin-engine Mitchell bomber which has been missing since Saturday morning on a flight from Calgary to Pentiction with seven Air Force personnel and two civilians aboard.

The last heard from the R.C.A.F. plane was at 11:44 o'clock Saturday morning when it inquired from over Creston Valley about weather conditions for coming into Pentiction. The craft is believed to have had fuel enough to last until 3 p.m.

Names of those on board have not yet been announced but the civilians are believed to have been Mr. and Mrs. Harry Knight, who conduct a hotel at Pentiction and who had made a flight to Calgary with the plane.

Aboard the service craft, it was announced today were:

Mr. and Mrs. Harry Knight of Pentiction.
Flt. Lt. J. L. Macleod.
LAC B. E. Dorman.
Cpl. J. N. Sabourin.

These four R.C.A.F. personnel were all from Ottawa.
Flying Officer B. Cook.
Flying Officer A. G. Robertson, Winnipeg.
LAC W. H. Molyneux, Calgary.

When the missing plane radioed its weather inquiry to the radio range station at Creston Valley it did not give its own position.

The civilian plane between McMurray and Edmonton has also been missing since Friday.

An impenetrable ceiling, which closed down over the Okanagan Valley fruit-growing center today, hampered the intensive air search for the plane, a photographic machine. Earlier in the day from valley air strips on either side of the Rockies, armadas numbering more than twenty-five planes have resumed the hunt for the R.C.A.F. machine, a B-25 Mitchell bomber, and a light Bee, heading from Fort McMurray to Edmonton with a lone civilian flier, A. McNeir.

Hunting Is Fatal

Five Deaths in British Columbia Over Opening Week-end of Season

VANCOUVER (CP)—British Columbia duck-shooting and hunting season, which opened Saturday morning, has already brought death to five hunters, one from a shooting mishap, three from traffic accidents, and a fifth by drowning.

William Frank Isip of Victoria was instantly killed Sunday while hunting in the Lake Cowichan area on Vancouver Island. Police said he was killed by the accidental discharge of a gun carried by his cousin.

Other persons killed were:

Sidney Anfield, aged 49, Vancouver, who was returning from a hunting trip when struck by a Canadian Pacific Railway train at Port Coquitlam Saturday night.

John Rowan, 13, and Bert Caruthers, both of Vancouver, whose car plunged 800 feet down an embankment to the railway tracks near Chase in the Kamloops district Saturday.

Rudolph Sidback, 32, one of a party of six New Westminster hunters, drowned in a slough between Duck and Gun Islands early Sunday when his punt overturned.

SECOND CROP STRAWBERRIES

Prince Rupert Not Being Outdone By Vancouver or Victoria

Victoria and Vancouver have been boasting about their second crop of strawberries. Once again Prince Rupert can similarly boast. Last year there were second crop strawberries here. This year there are again. Mrs. Wilma Slater, Sixth Avenue East, secretary of the Prince Rupert Horticultural Association, reporting them in her garden. They are well formed and a luscious deep red in color. Mrs. Slater earlier in the season had a good first crop.

WHAT CAUSES MOST FIRES

The Juneau fire chief, Minard Mill, spoke during the recent Fire Prevention Week, October 6 to October 12, his views being much the same as those expressed by Chief Lock at Prince Rupert during the same week.

Chief Mill placed special stress on the danger of smoking in bed. "One of the most serious phases of the local fire problem," he stated, "is the dwelling problem. That is why so much attention is being given during fire week to the home. Here, as everywhere, the most common causes of fire are careless smoking, smoking in bed, defective chimneys and flues, careless use of matches by adults and children, needless accumulations of rubbish, defective electrical equipment and the use of combustible cleaning fluids."

PREMIER TRAMLINE TO BE SCRAPPED; TRUCKS TO CARRY ORE AND SUPPLIES

The historic Silbak-Premier Mines Ltd. overhead cable tramline which has required a crew of 40 men to keep in operation will be scrapped and heavy motor trucks used for delivering concentrates to the wharf at tidewater and bringing in supplies. In making this announcement, Dale L. Pitt, managing director, says the heavy motor truck has been developed to the point which gives it the advantage from standpoint of cost.

An improved separation system for handling lead-zinc ores has been worked out at the mine by Premier's metallurgical staff. This will increase recoveries from the lower grade ores on which the operation is now more dependent.

Operating with 240 men the mine could employ more if they were available, says Mr. Pitt.

VANCOUVER (CP)—All public transit rolling stock in British Columbia's three major cities ground to a standstill at 4 o'clock this morning as 2800 street railwaymen walked off the job in support of wage demands of 20c per hour plus the 40-hour week.

Picket lines were immediately thrown around more than 25 British Columbia Electric Railway Co. operations centres in Vancouver, Victoria and New Westminster.

The paralyzing traction strike, third in Vancouver's history, left an estimated 237,000 workers in the three centres without normal means of transport. It also halted operation of trams to suburban Lulu Island, Burnaby and Marpole district, leaving more than 1700 workers in those areas stranded from reaching work in Vancouver and New Westminster.

The strike followed a rejection by 1700-to-700 vote of the union members on a government-supervised ballot of eleventh-hour offer of the company.

There was little absenteeism among employees in downtown stores although shoppers were noticeable by their scarcity.

Minister of Labor Gordon Wismer described the strike as "legal" although "unfortunate." Requirements of Bill 39 had been complied with and the union had given assurance that the strike would be carried on in an "orderly" and "legal" manner.

The company said that it had been unable to grant the wage increase because it would have meant increasing fares to 10 cents. If the public wanted a 10-cent fare, they could advise the company. If they did not want 10-cent fares, they should tell the union.

Birt Showler, on behalf of the union, said everything possible had been done to avert a strike.

Union spokesmen said those who normally travelled to work by car and now accepted lifts would be considered "unfair" to labor.

The Army is providing transportation for members of hospital nursing staffs.

Clear skies and fine weather at least made it pleasant for the many who had to walk to work today.

RECOVER BODY FROM HARBOR

Remains of Sam Cecil, Elderly Native, Come to Surface

The body of a man identified as Sam Cecil, elderly Port Simpson native, who has been missing since September 27, was recovered from the harbor near the Imperial Oil Co. wharf Saturday afternoon by the city police.

The body was seen floating in the water by Alex Storrie who reported it to the police. Constable Harold Jonnston took it from the water.

Earlier on Saturday, Constable George Redhead had been grappling on the harbor bottom and reported hooking onto an object which broke loose before it was brought to the surface. It is believed that this may have been the body which later surfaced after being disturbed.

Coroner M. M. Stephens said that the circumstances indicated accidental drowning and that no inquest will be held.

SMALL BOY MURDERED

Brutally Slain, Body of Roddy Moore of Vancouver Is Found

VANCOUVER—Brutally bludgeoned and murdered, the body of Roddy Moore, 8-year-old Vancouver boy, missing since Friday morning when he failed to arrive at school, was found yesterday in a clump of bushes near the school he attended on Seventh Avenue at Rupert Street in the eastern section of the city. Up to last night there had been no arrests nor had anyone been questioned, the police said, although a widespread search was on.

The boy was the stepson of J. H. Turner, logging operator.

The lad had spent Thursday night at his grandmother's and alarm was felt when he failed to show up at school Friday.

Full resources of Vancouver's police department were being thrown today into efforts to effect a solution of the fiendish murder. Police admitted it was a case of murder.

The body was found shortly after noon Sunday at the bottom of a shallow depression on the Begbie School grounds.

The police said that the boy's head had been "literally pounded" into soft earth. The left side of his head had been crushed and bore the imprint of a steel heelplate.

The owner of a gillnet boat at the Cow Bay wharf spent a considerable amount of time on it.

Children who discovered the body called the police, and Ted Brue and Fire Inspector T. Leck went to investigate.

Andreas Hagblad, owner of the destroyed hotel, said he believed the body to be that of Johanson.

The body was found in a spot near the room which was damaged. It is believed the body may have been either in the bathroom or in the bedroom when the sudden outbreak of flames made escape impossible.

The body was on a concrete floor which formed part of the ground floor.

It had been a resident of the Central Hotel for two years and he lived on his boat on the waterfront of the hotel room. Police were unable to learn today whether he had any relatives in Canada.

A request will be held into the case as soon as some positive identification of the dead body is made. Coroner M. M. Stephens said this morning.

Searchlight of Publicity

THE SENSATIONAL CHARGES of "warmongering" against the United States made by Soviet delegate Vishinsky in the United Nations General Assembly recall similar charges made by Hitler against Great Britain before the last World War.

Lloyd George was one of the first to call upon the British Government to "stand up to the dictators!" Hitler hated Winston Churchill for his persistent efforts in parliament and out to awaken the government and the people of Britain to the growing menace of Nazi Germany.

The situation is very different today. The United States government and the American people are fully awake to the Hitlerian tactics and propaganda of the Soviet. Hitler did not want world war, neither does Stalin today.

Mr. Vishinsky is quite correct in accusing Americans of propaganda, but it would be more correctly termed counter propaganda. It is the propaganda of the searchlight. "Men love darkness rather than light, because their deeds are evil" and the Russian leaders are writhing and squealing under the glare of publicity.

Poland, Bulgaria, Roumania, Hungary and Yugoslavia have all been brought into subjection to the Soviet. They are termed "democracies of a special nature," but they are only transitional on the way to complete absorption.

When it is recalled that Britain, Canada and the rest of the Commonwealth went to war in the first place in fulfilment of a pledge to protect Poland against any aggressor, the present domination of that country by Russia is a piece of tragic irony.

These are facts that cannot be denied, and which Mr. Vishinsky sought to obscure with a smoke-screen of abuse and falsification against the United States. Such tactics are not even cunning. To the Western mind they are childish, and the curious thing is that a man of Vishinsky's apparent intelligence should think they could fool anybody.

Reminiscences and Reflections

Elections are coming up. One is due in Prince Rupert before the end of the year. There may be polling in Canada and British Columbia before long. In 1948, the United States electors will cast ballots. Everywhere, throughout the globe, balloting is going on or soon will.

How many remember the first municipal campaign ever held in Prince Rupert? It was brisk and bright, with no one asleep at the switch. Fred Stork was the city's first mayor. He came from Fernie in the Crow's Nest country. He ran a hardware and sheet metal establishment and spoke in an easy and persuasive way.

A favorite meeting place was the Empress Theatre, Second Avenue and Sixth Street. People came early. Opinions were spiced with definite convictions and individualism. As a rule candidates were not left long in doubt as to their chances. The ratepayers looked after that. They tramped up the winding stairs, lost no time in possessing what looked like the best seats and exchanged smiles and greetings as they shook the rain off their coats and settled down to an evening of more or less debate and some entertainment and instruction.

Any delay was promptly discouraged. Impatience would be reflected in sharp whistles and the stamping of heavy shod feet. It was at these pioneer gatherings that the late S. M. Newton, with many another public spirited newcomer, was first heard here on the public platform. Mr. Newton, who in later years was repeatedly elected mayor, came from Kingston, Ontario. His full name was Seville Martineau Newton, but everybody called him "Sam"—and he seemed to appreciate it. He had an excellent voice—sonorous, distinct and choosing his

Today in Sports

As Canada rang down the curtain on its most successful softball season in history, one pitcher emerged from behind Hamilton's mountain as the Dominion's outstanding contribution to the game—the man of perpetual motion, Russ Johnston. In Cleveland last month a Canadian team — Toronto People's—entered the finals of the world tournament for the first time. They didn't win but even United States competitors recognized Johnston's iron-man mound performances as the feature of the meet. Even his teammates won't hazard a guess at Johnston's age, but he's been burning high, fast ones across the plate for Hamilton and Toronto senior teams for 15 years or so and a conservative estimate is that he's in his 30's.

Russ hurled five games in as many days before he finally lost to the defending world champions, Fort Wayne Zollners. Competing in his ninth world tourney, the husky right-hander won six and lost one game, besides losing 12 points. But before he bowed out with his teammates, Johnston, borrowed by People's from Tip Tops of the Toronto Beaches Fastball League, set down teams from Clearwater, Fla., Washington, D.C., Handford, Calif., St. Joseph's, Mo., and Harlington, Texas. When Johnston's name appeared in the battery day after day, fans wondered why Manager Pete Glen wasn't using his other two moundsmen, Bob McCown and Gordie Wright, but there was good reason. Glen figured that U.S. teams had more trouble with Canadian pitchers than American pitchers and so he kept McCown, who came to Toronto from Columbus, Ohio, in the background. He also found that with the mound three feet further back than in the Canadian game, Wright did not have enough speed and Gordie lost his only start. Russ has hung up his softball togs for the year and headed back to his home in Hamilton where he pitched for years before moving to Toronto this spring and where he helped Hamilton teams to win several Ontario titles. A quiet, modest fellow, Johnston will tell you that the eight other players on People's line-up had as much to do with establishing softball history for Canada as he did. And maybe he's right — outfielder Herb Stricker was voted the tournament's best hitter and Jimmy Rhodes the best fielding outfielder.

Mrs. P. M. Ray is leaving on tonight's train for a trip to Smithers on legal business.

MOST PIPE SMOKERS SAY "Yes!"

Ask any pipe smoker these questions... Do you like a tobacco that keeps your tongue cool? ... a tobacco that packs easily? ... a tobacco that burns smoothly? ... a tobacco that stays lit? The answer will always be emphatically "yes!"

And that my friend is why Picobac is the most popular pipe tobacco in Canada to-day.

Picobac is the pick of the Barley crop, grown in sunny Southern Ontario, where climate and soil are the secret ingredients for a mild, cool, satisfying smoke.

Measuring six and a half feet long, the bone is thought to be a rib bone of an Imperial elephant that roamed Saskatchewan during the glacial age many thousand years ago. Try this "light test" in your living room

Sit in any chair and try to read a newspaper. Then move to another chair, and another, until you've tried to read in every chair in the room.

If you have difficulty reading in any of these chairs, add more light sources, or higher power lamps, or both. And . . . in all fixtures . . . use General Electric Lamps.

ARE WEDDED IN VICTORIA

Miss Joan Quandt Becomes Bride of Lt. Stanley Mitchell

A very interesting wedding took place recently at Victoria when Joan Eileen, eldest daughter of Mrs. M. Quandt of this city and great granddaughter of Mrs. E. A. Dawe of Victoria, became the bride of Sub-Lieut. (S) Stanley F. Mitchell R.C.N., second son of Mr. and Mrs. J. F. Mitchell of Ottawa at a double ring ceremony.

The bride, given in marriage by George Finn, was charming in a white velvet gown fashioned with a sweetheart neckline and short puff sleeves, long bodice and full skirt. Her embroidered veil, held under a heart-shaped headress trimmed with orange blossoms, cascaded to the floor. She wore long white gloves and her only jewelry was a string of pearls. She carried a shower bouquet of red roses, white carnations and gardenias to complete the ensemble.

The bride's four attendants, attired in deep red velvet gowns styled identically with her own, bandeaux of white carnations and bouvardia in their hair, long white gloves and carrying red velvet muffs trimmed with

I. Parkhouse, Mrs. M. Ross, Mrs. I. Stephens, Mrs. D. McLean, and the Misses Gladys and Joy Foster, Betty Payne, Peggy Clea, Audrey Grimbile.

white carnations and streamers, provided a vivid color contrast. The maid of honor was Dorothy Finn, with Miss May Dauphin, Miss Lorraine Mickleburgh and Miss Georgina Isbister as bridesmaids.

The groomsmen were Sub-Lieut. (S) Dennis Evans and acting as ushers were Sub-Lieut. (S) Trevor Roberts, and Sub-Lieut. (S) John Tucker, all of the R.C.N.

The ceremony was performed at H.M.C.S. Naden chapel and the reception was held in the ward room of H.M.C.S. Naden where the toast to the bride was proposed by David Crofton.

Mrs. George Finn assisted Mrs. M. Quandt in receiving about 300 guests.

The bride's table was centred with a three-tier wedding cake which was made by the Navy chef.

Miss Dorothy Finn caught the bride's bouquet before the couple left by car for Shawinigan Lake where the honeymoon was spent.

The bride travelled in a powder blue gabardine suit with brown topcoat, brown accessories and gardenia corsage.

They will make their home in Halifax.
