A.G. WARNS MOTORISTS

Must Mend Their Ways Or Get Off Highways, Says Wismer

VICTORIA — Attorney-General Gordon S. Wismer last night told British Columbia motorists that "they must mend their ways or get off the roads." And the same goes for visitors, he made it clear. Mr. Wismer was discussing amendments to the provincial Motor Vehicle Act, effective next March 31. He said that in eight years the number of road accidents in the province had doubled. To the end of September last 127 persons had been killed and 2,940 injured in 1947 traffic accidents.

AIR VICTIMS AT YAKUTAT

JUNEAU — Bodies have been assembled at Juneau of 11 persons who died in the crash of a DC-3 passenger and cargo plane near here yesterday. The twin-engine transport plane, operated by the Columbia Air Cargo Co., was demolished as it attempted to land at Yakutat while on a flight from Portland to Anchorage. It was piloted by Jay B. Haworth Jr., aged 25, and the co-pilot was T. A. Keranen, 27, both of Portland.

PRINCE GEORGE JUDGE COMING

Will Try Case In County Court—Smithers Conviction Quashed

A civil action scheduled to come up yesterday before Judge W. O. Fulton in County Court has been settled out of court. The case involved a claim by J. H. Foster, of Smithers, a baker, for \$397 wages and share of profits against George Wilson, Smithers bakery operator. A claim by Charles F. Anderson, Prince Rupert carpenter, against Loretta Barnhardt of Prince Rupert and Diamante Zarelli of Vancouver, for payment of \$379 for wages and services, was adjourned. The case likely will be heard here by Judge Woodburn of Prince George.

Judge Fulton excused himself from hearing the case on grounds that he had acted for one of the parties prior to his elevation to the bench.

A conviction against James W. Douglas, of Smithers, on a charge of assault, was quashed by Judge Fulton. Douglas was convicted in police court at Smithers of assaulting his wife on September 5.

BULLETINS TO BE CHARGED WITH MURDER

Police Stand Guard Over Hospital Cot of Taxi Driver

MONTREAL — Police stood close guard today over a hospital cot of Sylvio Albert, 36-year old Ottawa taxi driver, who was captured 24 hours after the murder of Mrs. Tillie Daprato, 34, his lover, who was found strangled in a north end rooming house Tuesday night. Albert is still suffering from self-inflicted wounds in a suicide attempt. He was reported to be in "good condition." Albert is to appear in court to be charged with the murder of the strangled woman.

Arrest was made in a rooming house in the heart of the city when the landlady heard him shout for help and rushed into his room to find him bleeding profusely from self-inflicted wrist wounds. He had also swallowed 12 sleeping tablets.

ROYAL COUPLE IN HIGHLANDS

Philip Takes Wheel and Drives Elizabeth to Aberdeen to Birkhall

BALLATER, Scotland — Relegating the chauffeur to the back seat, Prince Philip drove Princess Elizabeth through 40 miles of snow-covered Scottish Highland country yesterday to palatial Birkhall where they will spend the next three weeks of their honeymoon. The royal couple arrived at Aberdeen by train from London. Aberdeen respected their request for privacy and only about 40 teen-agers and the station manager were on hand to greet them. Outside the city, the car was stopped and the royal couple got out and climbed into the front seat, Philip driving the rest of the way with the chauffeur in the back.

Controls Are Back

On Canned Fruits and Vegetables—Mark-Up Limited Again

OTTAWA — Price ceilings, which held Canada's line against inflation in wartime but were practically swept away in post-war decontrol, rolled back yesterday on essential canned fruits and vegetables in face of an uncontrolled price spiral in those commodities. Moving to curb what Finance Minister Douglas Abbott termed unjustified increases, the Prices Board announced last night that effective today ceilings go back on canned peaches, pears, plums, beans, corn, green and waxed beans, tomatoes and tomato juice. In addition, wholesale and retail mark-ups by which margin of profit through trade is kept to limited percentage of cost will be brought back to the same as before government decontrol was announced.

WOULD INSURE PRODUCE HERE

Chamber of Commerce Moves to Make Sure City and District Shall Get Fair Share of Quotas

With a view to insuring that when quotas on imported produce and fruit and vegetable products are established following the lifting of the recently imposed embargoes, there will be an adequate supply for this city and district, the Prince Rupert Chamber of Commerce, Prince Rupert Retail Merchants' Association and the city authorities are each making representations to the department at Ottawa through the local federal member, H. G. Arehibald. At present a considerable proportion of fruits and vegetables for this area comes through jobbers in Vancouver. The fear is that, when supplies are curtailed under a system of percentage quotas based on previous supplies, this district might suffer unduly. The present move is, therefore, to insure that a fair proportion of quota will be made for this city and district. Yesterday the trade and commerce committee, W. M. Watts, chairman, moved along this line for the Prince Rupert Chamber of Commerce and other bodies are taking similar steps.

HASTINGS, Eng., — Out-of-season crocuses and snowdrops bloomed here in November.

DISORDERS IN MILAN

MILAN—Troops were ordered out in Milan today after left wing demonstrators had taken over a public building. Factory workers estimated to number about 5000 converged in the rain on police headquarters today to protest at the government's decision to remove Ettore Troilo, prefect of Milan. A speaker announced that a general strike had been declared until midnight.

FINN STRIKE OFF HELSINKI

—Strike of more than 40,000 government employees, which tied up communications, railroads, planes and ships and closed schools for two days, was called off today. Konsti Jarnefelt, chairman of the organization of Finland's civil servants, announced the end of the strike.

BRITISH BY-ELECTIONS

LONDON—The Conservative candidate retained his party's seat in yesterday's Parliamentary by-election in Yorkshire constituency of Howdenshire with a majority of 14,046 votes. In Edinburgh East the government party candidate polled 16,906 votes to retain the seat.

THE WEATHER

Synopsis Pressure continues high over the province and no significant change in the weather is in sight. The main feature in the weather picture this morning was the dense fog which blankets the southern coastal areas. The fog was expected to clear off this morning but form again tonight. Elsewhere throughout the province skies are mostly overcast with occasional light rain in the northern coastal areas.

Forecast

Prince Rupert, Queen Charlottes and North Coast—Overcast with occasional light rain or drizzle today and Saturday. Fog in patches. Winds south-east (20 m.p.h.) over Queen Charlottes and light elsewhere. Little change in temperature. Lows tonight and highs Saturday—At Port Hardy 35 and 48, Massett 42 and 50, Prince Rupert 38 and 50.

ECCELES, Norfolk, Eng., — Seventeen thousand bicycles were auctioned at the R.A.F. station here.

French Crisis and Big Four

May Have Bearing On German Peace Treaty—Negotiations Continue

LONDON — France proposed today that Russia receive \$100,000,000 from current production in Austria as part of the general reparations settlement, a qualified source said. The proposal was made by deputies of the Big Four foreign ministers seeking agreement on a treaty of independence and peace for Austria. The ministers themselves are considering the future of Germany and boundaries. An informant said that the French suggested that Russia receive a third of the production of the Zisterdorf oil field indefinitely and take over virtually all Austrian shipping on the Danube. A Russian source forecast that the Soviet Union would reject a French compromise on the issue of what constitutes German assets in Austria. The internal French political situation was reflected in the conference today when it was reported that Secretary of State George Marshall of the United States had told Foreign Minister Georges Bidault of France that the test of communist strength in France would be awaited before there was a final decision on German peace terms.

TOY GUNS AND PISTOLS MAY COME UNDER BAN IN BRITISH COLUMBIA

VICTORIA, — "Cops and robbers" games with toy guns looking too much like the real thing may soon be outlawed in Canada. Unofficially, it is learned at the legislative buildings that consideration is being given to legislation to ban the sale of toy pistols and guns. Thought is also being given now to prohibiting the gangster type of literature because of its influence on juveniles. Guns may be next.

JAP ORANGES FOR CANADA

Five-and-Half Million Comprise First Shipment In Seven Years

VANCOUVER — First shipment of Japanese oranges—5,500,000—to reach Canada since 1940 are due here today from the Orient aboard the steamship China Mail. Destined for prairie and eastern Canadian points, they will be followed by a second shipment, just as large, for coastal and western points exclusively.

AIR SERVICES CANCELLED FOR FIFTH DAY

Prince Rupert faced possibility of its fifth day without air service today as two planes on the Vancouver-Sandspit route remained grounded at Port Hardy because of fog. The Prince Rupert-Sandspit plane was still at Sandspit where it flew yesterday to meet the Vancouver flight which did not get through. Weather conditions in the southern coastal region have caused cancellation of every flight since last Saturday as air mail and express piled up at both ends waiting for the weather to clear. Canadian Pacific Airlines Agent Glen Lee was unable to say at noon whether or not there would be a flight today, although the possibility that it might get through existed up to that time. "Two o'clock will be the deadline," he said. "If we don't get word by that time, the flight will definitely be off." The Vancouver-Sandspit flight left Vancouver Friday in two sections carrying an accumulation of passengers, express and freight, but both Douglas and Lockheed planes were grounded at Port Hardy. The Prince Rupert-Sandspit plane went to Sandspit Friday afternoon, carrying five passengers for Vancouver, who are grounded at the Island airstrip waiting connection to Vancouver. Flying conditions on the northern section of the route have been good all week but the southern end, mainly in the mountainous area around Port Hardy, the weather has been unsuitable for flying. Aboard one of the planes which was grounded at Port Hardy was G. Roy Long, Grand Master of the Masonic Order in British Columbia. Mr. Long was on his way to visit lodges at Prince Rupert and Terrace and was scheduled to meet the Prince Rupert lodges last night and Terrace tonight.

SEAMEN'S STRIKE OFF

VANCOUVER — Freed from the sailing ban, two deepsea ships today prepared to sail from here despite the midnight deadline for a threatened country-wide strike of members of the Canadian Seamen's Union. James Thompson, president of the local of the Seamen's unions, said there was a good chance of the strike being averted.

More Strikes Are Crippling Economic Life

Walk-Out May Be Ended By Mobilizing of Workers

PARIS (CP) — The French government called upon an additional 80,000 conscript troops today to help meet the emergency caused by a wave of strikes which is slowly strangling the country's economic life. Informed sources said the cabinet of Premier Robert Schuman, which is in almost 24-hour session, is considering mobilization of striking railway workers, doctors, miners and mill workers. The cabinet's call-up decision brought to fifteen divisions the total military forces called up within the past week to deal with the threat of civil strife arising from communist-supported strikes involving 2,000,000 persons. The decision followed an announcement that sixty-six police commissioners, each in charge of a district, were dismissed by the government without an official explanation. The new Schuman cabinet announced that the second half of 1946 class of conscripts was being called into uniform. Half the class of 1947 was called last week. The Ministry of War refused to confirm a report that French troops on duty in the occupied zones of Germany were being brought back to Paris to reinforce local forces. Mobilization of railwaymen, dockers, miners and mill workers would mean that men thus called up for service would be under military law and liable to immediate proceedings if they refused to work. Reuters News Agency said that troops today occupied a number of Paris telephone exchanges and post offices and expelled sit-down strikers from key industry plants. Last night the Schuman government was accorded a vote of confidence by the National Assembly by a division of 322 to 186.

NOMINATION OF DAGGETT

Contest For Mayor In Civic Election Now Two-Sided Affair

The mayoralty contest in the forthcoming civic election became officially a two-sided affair yesterday afternoon when nomination papers for Ex-Mayor Harry Mark Daggett, former mayor and Labor's choice for the chief magistracy, were filed with the returning officer, City Clerk H. D. Thain. Mr. Daggett's proposer is Leon Sandvar and his seconder, James N. Forman.

MINISTER TO VISIT RUPERT

"I am anxious to visit Prince Rupert not only because of matters in which the Department of Transport is interested in that area but also and particularly because of the many developments which are taking place," says a letter received by E. T. Applewhite, secretary of the Prince Rupert Chamber of Commerce, from Hon. Lionel Chevrier, minister of transport. "I hope that on my next visit to British Columbia I shall find it possible to visit your city."

The letter from Mr. Chevrier expressed his regret at having been unable to visit Prince Rupert, as requested by the Chamber, during a recent trip to the Pacific Coast.

Making Rupert Better

EVERY TIME a new business block or dwelling of modern and substantial type stands completed, every time permanent street improvements are extended, every time more docks, public buildings and institutions become established, every time a home owner demonstrates pride in the appearance of where he lives and neatness of the grounds around it, every time anyone thinks of fresh paint or believes spotless plate glass is a good thing—Prince Rupert moves a bit nearer to an objective. And that objective is making the city one of the most handsome of the newer communities of the west.

Nature has done much. The scenic setting is frankly envied. All the people need do is go on from there.

ELIZABETH'S REQUEST

PRINCESS ELIZABETH has made the request that for the rest of the honeymoon she and her husband be left absolutely to themselves. Her Royal Highness may well ask that. Their days to come will be spent in or near the white light that beats upon a throne. Duties will be innumerable. Nothing can be shirked, neglected or forgotten. Royalty cannot afford to be other than what is expected. But even regal life, perhaps, can be sometimes burdensome. That part of the public known as "the man on the street" thinks of the splendor of an exalted state. Yet it is certain that there must come moments when wearers of purple do feel impatient, and would welcome a little blessed obscurity.

WHO HAS BEEN THERE?

OF THOSE WHO like nothing better than to argue in favor of Soviet Russia, how many have ever been in that country? Or how many have been outside of Canada or British Columbia? How many have been very far from home?

It does not follow that the fact of having travelled qualifies one to speak with authority on the economic system governing any land. Much depends on study, capacity, to interpret and judge, extent of general knowledge and experience.

To have been in other countries is, of course, always an advantage. But there are occasions when the more restricted one's range of roaming has been, the more discursive his conversation and the more positive his conclusions.

ASKS SUPPORT OF T.B. SEALS

The part which Prince Rupert people can play in the continuing campaign to wipe out tuberculosis was stressed to the Prince Rupert Rotary Club Thursday afternoon by R. E. Montador, past-president of the local Kinsmen Club, which is sponsoring the 1947 sale of T.B. seals.

Speaking at the weekly Rotary luncheon meeting, Mr. Montador explained the methods used in listing the names of all families in the district from Stewart on the north to Smithers on the east, and south to Butedale. Sale of seals last year grossed \$2,174, he said.

Collection costs in Prince Rupert in the T.B. Seal Campaigns which the Kinsmen Club has sponsored have been extremely low. Mr. Montador declared. Last year, they were 6½ per cent of the gross. Cost of handling the \$1,500,000 annual receipts throughout Canada normally are less than 10 per cent, which also is very reasonable.

Idea of Christmas seals originated with a Danish postal clerk named Tinar Holboell at the turn of the century. In 1907 Mrs. Emily Bissell of Wilmington, Delaware, used the idea to raise \$3,000 for a sanitarium. The American Red Cross adopted the scheme later. The Canadian Tuberculosis Society first used it in 1927.

Money raised through the sale of seals in British Columbia has purchased two mobile x-ray vans and a portable x-ray unit, and a large amount is spent annually in improving sanitarium. Mr. Montador said.

The death rate from tuberculosis in Canada, which had dropped continuously for many years, increased last year. Reason for the increase, Mr. Montador said, was believed to be that many soldiers who had contacted the disease during the war had succumbed last year.

This year's campaign, he said, is ahead of last year's at the same period. So far, \$535 has been turned in from the sale of seals, as compared with \$376 at the same period of 1946.

Modern Etiquette
By ROBERTA LEE

Q. If children are old enough to eat at the table with the adults, should they be kept from taking part in the conversation?

A. No; it is good training to include them in the conversation at the table. However, be sure they do have only a part of the conversation, and don't monopolize it.

Q. Isn't it out of place to have guests announced at an informal dinner?

A. Yes; this is done only at the formal dinner.

INTEGRITY Built the Jewellery Craft

BUY WITH CONFIDENCE FROM YOUR JEWELLER

Naturally, the sentiment that goes with the giving of jewellery is significant — but the ACTUAL WORTH of the jewellery you buy is equally important. So, when you invest in jewellery, choose wisely. Your jeweller is a member of an age-old craft that was founded and which has existed upon the principal that LOYALTY to patrons is as essential as the SKILL that creates it. Yes, you may buy with confidence from your jeweller.

Bulgers

Reminiscences By W.J. and Reflections

Did you ever take the trouble to try and find how far back memory will take you? Perhaps you have not the time for it takes a bit of rustling to keep up with the procession nowadays.

We gave an hour to it, the other night, and rediscovered what had been just about completely forgotten during the wanderings of a small family, "way out west." One got a kick out of it.

Butte City, Montana, in the late eighties, lived fast and worked hard, with mining the top industry as mining has always been. Smelter smoke lay heavy. Water was drawn from hydrants and packed to the kitchen. Butte's paper was The Miner. Marcus Daley and W. A. Clark—later to become a senator—were the two tycoons. Each had wealth and prestige, or sorts. Winter finds the city, as a rule, quite cold enough. Butte was comparatively new, with action, both day and night. Someone, somewhere, thought up a little song about Mr. Clark, after he had attained senatorial dignity. It went like this:

Senator Clark, of Tonopah Ditch,
Made a cool million in mining
and rich.
Hiked to New York, where a fortune he blew.
Building a palace on Fifth Avenue.
He did, too.

Seattle, mild and verdant, had about ten years to go before a ship, with a ton of gold, fresh from the Klondike, aboard, tied up at her docks. Out around Lake Union and Lake Washington, land was newly cleared. People were splitting fire wood and hauling it home. Seattle was just another town, the chief-tative on the Harbor Trustees. local issue appearing to be

whether or not a lofty snow-crowned peak would come to be known by posterity, as Mount Tacoma or Mount Rainier. There were no buildings of size. The Coedental Hotel, down around Pioneer Square, and modest enough in height was the pride of the place. There were ivy-covered cottage homes where today stand great business blocks and soaring skyscrapers. Cable cars climbed the steep hills and people stared. It was a new experience to go to school where Old Glory hung from its staff and a little kettle drum rattled at recess time.

The C.P.R. had come through and the great lone land was still lonely. The terminus of Vancouver had burned down and was struggling up again. Vancouver had a long, hard road directly ahead. Enroute east, there was a vast whiteness over the mountains around the Glacier House. It seemed that all the snow on earth had concentrated there. The prairies were vacant. There were names, however, Calgary, Medicine Hat, Regina, Moose Jaw, were dreaming their dreams, and all came true. Lithe Indians, wearing blankets and buckskin sold buffalo horns to train passengers. Fit looking fellows wearing scarlet tunics with yellow stripe down the trouser leg, could now and then be glimpsed.

The rebellion had ended three years before.

Three coastal vessels of the Union Steamship line due in Prince Rupert today was the steamer Camosun, Capt. Harry McLean, which arrived at 7:45 a.m. after a speedy run of less than 35 hours from Vancouver direct, sailing at 2 o'clock this afternoon for Ketchikan, Petersburg and Wrangell, Alaska, whence she is due back here at 9 o'clock Sunday morning to sail at 2 p.m. that day for Vancouver. Arriving at 2:15 this afternoon was the Cassiar, Capt. Alex McLennan, from Vancouver via the south end of the Queen Charlotte Islands. She will sail at midnight for Massett Inlet points whence she is due

back Sunday morning to sail at midnight that day on her return to Vancouver via the south islands. Reported due at 1 o'clock tomorrow morning from Vancouver via Ocean Falls and other coastal points is the steamer Catala, Capt. Ernest Sheppard, which will sail shortly thereafter on her return south.

MAYOR'S FUND NOW AT \$180

Donations to the Mayor's fund to send food parcels to Britain as a wedding gift for Princess Elizabeth have now reached \$180. Mayor Arnold said this morning. The fund will be used in co-operation with the Rotary Club drive for food and clothing to send to the people of Poole, England. The shipments will be sent early in the new year. Money donated to the Mayor's

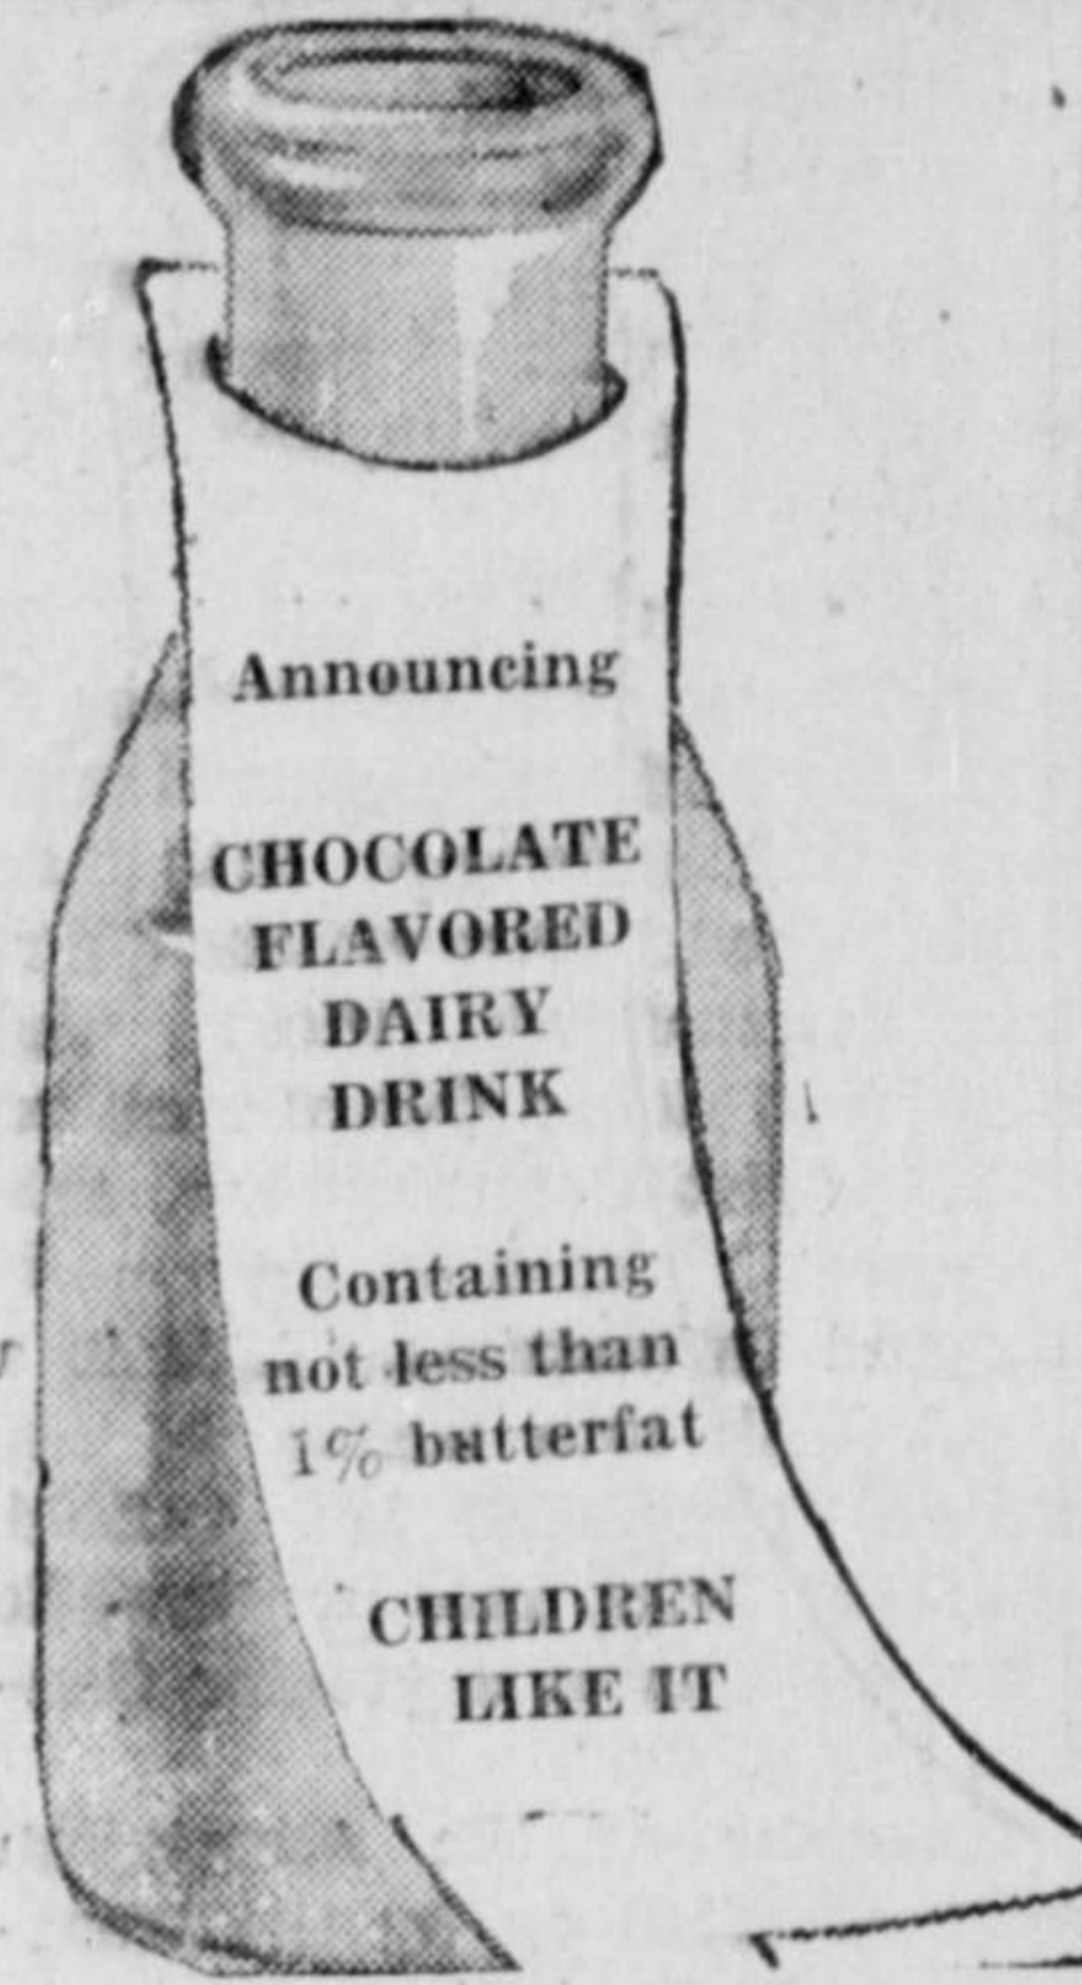

fund will be used to purchase canned Skeena River salmon which will be specially labelled before shipment. The labels will tell the people of Poole the nature of the gift.

Donations already acknowledged totalled \$115 of which \$100 was contributed by the city. The latest donations included \$50 from the Canadian Legion, \$10 from the Women's Canadian Club and \$5 from Alderman A. S. Nickerson.

Legion Christmas Tree Is Planned

The Canadian Legion, in co-operation with the Women's Auxiliary of that organization, is busy making arrangements for the Legion's annual Christmas tree which will take place on December 20. It is expected that upwards of 250 children of war veterans will attend the annual party and receive presents from the tree. As many of these children are accompanied by their parents, it was found last year that the Legion Hall was far too small to accommodate the crowd in comfort and this year, with the kind permission of the Commanding Officer, H. M. C. S. Chatham, the Drill Hall has been placed at the Legion's disposal. War veterans' children, 12 years of age and under, are eligible to attend this event.

Mrs. Harry Sheardown returned to the city this morning on the Camosun from a trip to Vancouver.

Scouts Are Flourishing

Surmounting difficulties that have been encountered in the year since its inception, the Prince Rupert Boy Scout Association has been able to put scouting in Prince Rupert on a firm basis and there are now three organized groups with a total enrolment of 83 boys in the city, it was revealed in the annual report of the district commissioner, Col. Keith Dixon, Troop of 14 boys under Scout-

at the annual meeting of the Association last night. Further expansion is confidently expected as the movement gets more firmly established during the coming year.

The three groups already established are:

No. 1—Sponsored by St. Andrew's Cathedral, Cub Pack of 16 boys under Cubmaster Rev. Basil Prockter and Assistant Cubmaster Wilfrid St. Clair.

No. 2—Sponsored by B. C. Packers, Cub Pack of 35 boys with Robert Ferguson and Robert Irvine as leaders, Scout commissioner, Col. Keith Dixon, Troop of 14 boys under Scout-

master Harry Quick and Assistant Scoutmaster Francis Stone.

No. 3—Sponsored by First Presbyterian Church, Cub Pack of nine boys under Cubmaster Allan Armstrong and Scout Troop of nine boys under Scoutmaster Roy Brain and Assistant Scoutmaster Ian Dunbar.

Paying tribute to the efforts of Scouters and committeemen for the accomplishments to date Co. Dixon expressed the need for more leaders if the Scout movement was to flourish to its full possibilities in Prince Rupert. There should be a reserve of trained leaders.

Outstanding events of the year, as outlined in the Commissioner's report, were a joint celebration of Scouts, Cubs, Guides, and Brownies in February and a visit of touring Boy Scouts from Verdun, Quebec, in August.

The report of President F. E. Anfield also outlined progress of the year and acknowledged support and assistance that had been received from various quarters—particularly those who had been doing things such as the District Commissioner, secretary and treasurer, the Scouters and Cubmasters. "This is a great task into which we are called," concluded Mr. Anfield, "making boys into worthwhile men, citizens of a greater Canada yet to be."

Finances of the Association were reported on by the treasurer, L. P. Bevington.

After the election of new members of the Association in the persons of Inspector F. B. Woods-Johnson, John McLeod, W. T. Cooper, Dr. J. A. Mac-

SAMUEL BILL IS LAID AT REST

Many Old Friends Attend Final Rites on Thursday

Many old friends gathered at St. Andrew's Cathedral Friday afternoon to pay final respects to the late Samuel Bill, Prince Rupert pioneer, who passed away this week. The simple, impressive rites were conducted by Rev. Basil S. Prockter, rector of St. Andrew's.

A resident of Prince Rupert since 1909, deceased had a wide circle of friends in the north, many of whom sent floral tributes or cards and telegrams of sympathy to the family.

During the service, quiet music was played by Peter Lien, Cathedral organist.

Interment took place in Fairview Cemetery with T. Penoff, S. Rapich, M. Munizaba, John Gurvich, Tom Pesut and E. Perotich acting as pallbearers.

Those sending flowers were: Iodor Vincich, Seattle, Wash.; Mr. and Mrs. Daniel Vulkovich

donald, Francis Stone, V. G. Houston and Sgt. L. A. N. Potterton, the following executive for the coming year was elected:

OFFICERS FOR COMING YEAR

President, F. E. Anfield.
Vice-President, Sgt. L. A. N. Potterton.

Secretary, A. Van Meer.
Treasurer, L. P. Bevington.
Executive—W. T. Cooper, V. G. Houston, Inspector F. B. Woods-Johnson and E. R. Gordon.

Col. Keith Dixon was confirmed as district commissioner and a hearty vote of appreciation was passed for his work during the past year.

The president suggested that one of the most important projects for the coming year should be a camp for the boys. Committees on finances and ways and means will be set up.

It was left to the executive to make arrangements for reorganization at the annual Boy Scout conference to be held in Victoria during the New Year holiday season.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I make a good silver polish?

A. By dissolving one ounce of powdered borax in ½ pint boiling water. Add four ounces precipitated chalk when cool, and beat until smooth. Then add one gill of alcohol. Bottle and shake thoroughly before using.

Q. How can I remedy a dry skin?

A. Cleanse the face night and morning with a good cold cream instead of using soap and water. This will keep the skin soft, and no trouble will be experienced in making the powder adhere to the face.

"I say, Old Boy, aren't you letting your enthusiasm for Grape-Nuts Flakes run away with you?"

"Not me, Brother. Chuck those orchids and get yourself a big economy package of malty-rich, honey-golden Post's Grape-Nuts Flakes. That's the lure for Miss Aloor!"

"And don't think she doesn't appreciate all the good nourishment in Post's Grape-Nuts Flakes: carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; and other food essentials."

"Post's Grape-Nuts Flakes, you know, are made of two golden grains—wheat and malted barley. They're skillfully blended, baked and then wonderfully toasted to give 'em that gloriously crisp flavor and crispness."

"And if Miss Aloor could cook, she'd appreciate those recipes on the package, for cookies, cakes, souffles, etc."

BURNS WALK OFF WITH "A" LEAGUE 5-PIN HONORS

Burns walked off with just about everything distinctive in this week's Men's "A" five pin session by cleaning up all the honors, individual and collective. Notable among their achievements was the fact that they bowled the highest team scores, both for a single game, in which they rolled up 1,185, and for three games with a score of 3,384.
The provisioners also defeated Revelers 3 games to 0, a feat that was no less outstanding because Brownwoods also blanketed Morgans and Reddy Kilowatts submerged North Star. Anyway, Burns are now perceived solidly at the top of the league, with Brownwoods and Kilowatts in second and third places respectively.
Burns also showed up to advantage in the individual scoring. J. Pinniger, a Burns player, bowled the highest single game score of the evening—350, and then proceeded to add up the highest three game total—824 at the end of the session.
Burns 3, Revelers 0.
Brownwoods 3, Morgans 0.
Kilowatts 3, North Star 0.
Mansons 2, Continentals 1.
Malkins 2, McMeekins 1.
Ambassadors 2, Home Oil 1.

SUGGESTS HOOP COACH
Editor, Daily News:
I have had the privilege during the last ten days of viewing your Civic Centre establishment and the activities therein. I should like to congratulate the community through you on having such a grand institution. I also was fortunate to see your major winter sport—basketball—in operation on two separate occasions and noted many fine athletes and the large enthusiastic group of spectators.
Judging from the playing exhibitions, do you not think it would be wise to hire a full time basketball coach? Granted you have in town a professional man, who has probably forgotten more basketball than many of us ever hope to know, but I imagine he is more devoted to his profession than a continuous basketball program. Also there is your High School Principal but he should be rather preoccupied with his own athletic programs.
The expense involved in coaching would be more than covered, by the improved type of play, spectator appeal plus the publicity which could be forthcoming. Who has not heard of the Tulsa Oilers, Wichita Brownies and Edmonton Grads? This could be for Prince Rupert too with the

community behind the major winter pastime.

Youngest Pair

YOUNGEST BOY

RICHARD L. JOHANSEN,
Grade 7 M

Richard, the youngest boy in Booth School, was born in Prince Rupert on Jan. 17, 1936. When he was five years old he started attending Borden Street School. Now he is in Booth and enjoys High School very much. Richard is a first class student. His favorite subjects are Science and Industrial Arts. He's mechanically minded and plans to make fishing his occupation.

YOUNGEST GIRL

BARBARA HYNDMAN
Grade 7 B

Barbara, the High School's youngest girl, was born in Vancouver, October 10, 1936. She has attended "Queen Elizabeth," Victoria, "David Lloyd George" School in Vancouver, and Borden Street School in Prince Rupert.

Her father is a school inspector. Academically, Barbara is an honor student, her favorite subjects being English and Mathematics. Swimming, skating and badminton are her favorite sports. Her hobby is collecting stamps. Barbara is a prolific reader—she reads everything except adventure stories.

Winter Session House Sports

Following the recent High School Assembly at the Civic Centre, individual meetings of the School's four Houses, Alpha, Beta, Gamma and Delta have been held.

In each case the meeting was brief. The main business was the choosing of members for teams to take part in inter-House competition. Timekeepers and referees were named for forthcoming games which will be volleyball and Borden ball. Mr. Williams, who was present at each meeting in turn, explained that in these games each house will be represented by a Junior, Intermediate and Senior team according to the ages of the players.

On this occasion, members of newly formed Delta House voted on their House color, maroon and white being their choice. It was agreed that a House song should be written as soon as possible.

Presidents at each meeting were as follows:

- ALPHA—Eric Moore.
- BETA—Rusty Thain.
- GAMMA—Solveig Mork
- DELTA—Vice President Bill Lees in the absence of Anne Dumas.

PERSONALITIES

Johanne Holkstra

A newcomer to this city, and now a student of Booth Memorial High School, is Miss Johanne Holkstra who came here all the way from Kalamazoo, Michigan, which is a large manufacturing centre between Detroit and Chicago.

Johanne, an attractive redhead, is fifteen years old and a student of Grade 10M. She says she has not yet formed any definite opinions about our High School but she does find teaching methods quite different from those to which she has been accustomed.

One of her five sisters also attends Booth Memorial High School. She is Swance Holkstra of Grade 9M.

Johanne claims no particular hobby, however, she takes a great interest in athletics, particularly swimming, basketball, volleyball and baseball.

Staff Members Dine With Grade 9M "Ecs"

Girls Prepare Tasty Luncheon, Serve and Entertain

Home Economics is often understood to be just cooking and sewing but it is much more than that. Home Economics itself means the efficient making of a home as witnessed by the excellent luncheon served by the Grade 9M girls, under the direction of Miss Anstey to members of the teaching staff on Wednesday. In addition to preparing a luncheon, the girls learned to serve and entertain the guests as waitresses and hostesses.

At each of the three attractively arranged tables were the following:

Table One—Louise McDonald, Norma McDonald, Margaret Keays, Alice Paulson, Mr. Kenney, Mr. Williams.

Table Two—Marion Shenton, Dorreen Bateman, Elsa Schmidt, Marie Skalmerud, Mr. Adlem, Mr. Grassall.

Table Three—Maxime Kelley, Elvina Oden, May Newton, Miss Cavalier, Mrs. Moses, Margaret Wide, Marjorie Thornton, Janet Budinich, Shirley Hudson, Miss Anstey, Miss Townsend.

SENIOR HIGH DANCE IS SET

Senior Council under Bob McChesney has arranged for a Senior High Dance to be held at the Naval Drill Hall on Thursday, December 18. It will be a semi-formal dance to which any senior student will be allowed to invite a non-member of the Senior High.

Refreshments will be served at the dance. There will also be a door prize for some lucky holder. The pianist for the evening will be Andy McNaughton.

CHELSMFORD, Eng., (C)—The names of civilian victims of the war are to be included on the Chelmsford cenotaph.

SPORT FIGURE

JIM FLATEN

Jim is a second year man on the "Green and Gold" basketball squad. He was born on October 9, 1930 in Edmonton, Alberta, and came to Prince Rupert in the spring of 1937. Jim, who is one of the main factors in the Bo-Me-Hi "Rain-makers" success this season, has taken in stride his new position at centre and his playing can only be described as "poetry in motion." Last year, playing forward, he became a favorite with the crowd because he was always available for those needed baskets. As the Senior Boys' Sports representative of Delta House and as a participant in many high school activities, Jim has become very popular with all the students.

About Old Age Pensions...

Was checking up the other day on how the three most westerly provinces in Canada treat their old age pensioners.

Coalition B.C. arranges the most... \$40 a month.

Social Credit Alberta is next with \$35 a month.

Socialist C.C.F. Saskatchewan is third with \$30 a month.

Incidentally, in Progressive-Conservative Ontario the pension is \$40 a month.

When Saskatchewan made its financial deal with the Dominion Government, it was paying an extra \$5 a month to the old age pensioners to help them get along. After Ottawa took over responsibility for 75 per cent of a basic \$30 monthly the other provinces continued to pay bonuses on the old basis but Saskatchewan economized by cutting out its bonus. It is saving about \$675,000 a year at the expense of its senior citizens.

This may be considered strange in a Socialist province but it must be remembered that Saskatchewan Government, under its socialization programme, went into various kinds of industry like making bricks, shoes, woollen blankets, box shooks, etc. If all the expenses were charged in the same sort of way as private businesses would have to charge their expenses, the province would be losing more than \$675,000 a year, according to some published comments.

Perhaps the provinces that get their money in the old-fashioned way of staying out of industry and taxing those who make a success of private enterprise aren't so backward after all.

Teachers vs. Students in Volleyball

An interesting volleyball game takes place in the school gym this afternoon when nine members of the teaching staff take on nine students in an exhibition game.

The teachers had a workout on Wednesday and are supposedly in top shape for the contest.

As volleyball has not been played to any extent in recent years in the school, the outcome of this game has not been predicted by any of the fans.

However, it should be a good game to watch.

The lineups are as follows:

TEACHERS—Messrs. Sbrocci,

Henry, Cleland, Williams, Evans, Adlem, Grassall, Kenny and Densmore.

STUDENTS—Jack Wynn, Bobbie Currie, Art Olsen, Ray Spring, Dave Smith, Frank Symes, Reg Lavigne, Percy Welter and Ted Ferman.

Preferences In Library

Animal stories rank first with Junior High students; next in line are western adventure or sea stories; and the third most popular choice is mysteries.

The majority of Grade Seven girls prefer mystery stories and the Sue Barton series. Boys in Grade Seven favor adventure books.

In Grade Eight animal stories are the favorites preferred by both the girls and boys.

Mystery stories are favored by the students of Grade Nine.

In the Junior High Grade Seven has had the largest turnover of books since September.

Recent additions to the library are the following:

- "Growing Pains" by Emily Carr.
- "Green Grass of Wyoming" by O'Hara.
- "First Radio Book for Boys" by Morgan.
- "Everyday Things in England"—two volumes.
- "Birds of America" by Audubon.
- "Understanding Yourself and Society" by Dr. Erving.
- "New Found World" by Shipper.
