SEVENTEEN BILLIONS TO SAVE EUROPE

Truman Fears Surrender To Totalitarianism Unless Large Help at Once Given

WASHINGTON, D.C. (CP)—President Truman asked United States Congress today to authorize the spending of \$17,000,000,000 to underwrite European recovery lest the people of Europe fall into despair and surrender to "totalitarian control."

The President said that, in recommending by far

UPROAR OVER CHINA ARMS

VANCOUVER—Amid a mounting wave of protest from Labor, the clergy and C.C.F. provincial party leaders, the loading of the steamer Colima with a \$1,200,000 cargo of ammunition and aircraft ground equipment, being shipped to China, has been postponed while the vessel moved into Burrard dry dock yesterday for repairs.

GRUENING SEEKS JONES ACT REPEAL

SEATTLE—Governor Ernest H. Gruening of Alaska told the Alaska committee of the Seattle Chamber of Commerce that it could remove irritations between the city and Alaska if the chamber would follow the example of Seattle's city government and endorse statehood for the territory.

Gruening also asked the chamber and the city to back legislation now pending in congress to amend the "Jones" shipping act in order to enable Canadian flag vessels to serve Alaska.

Seattle steamship companies, he said, have a monopoly on waterborne transportation and this should be ended. He said that three Seattle companies now serve the territory, but two of them are under a single ownership and are trying to drive the third out.

The Alaska governor commended Mayor William F. Devin, who was present, for improving relations between Seattle and Alaska during a trip through the territory last June.

Gruening commended a Seattle chamber declaration of policy stating that it will support all feasible means of new transportation routes to the territory from anywhere in the United States or Canada. He said that if new transportation routes can be opened up, the territory will grow more rapidly, and Seattle will continue to get the lion's share of the trade.

HINDU-MOSLEM RIOTS IN INDIA

Forty-five persons killed in Holy City of Ajmer
NEW DELHI—Home Minister Sardar V. Patel said today that 55 persons had been killed in ten days of Hindu-Moslem rioting in the holy city of Ajmer where a major Moslem shrine is located. Three were police. Patel said there had been "severe losses of property."

THE WEATHER

Synopsis
The clearing which occurred throughout southern British Columbia last night will be short-lived. A storm centre off the northern California coast is moving northeastward and will give rain in the southern coastal areas tonight and snow in the southern interior tomorrow. Showery weather prevails in the northern coastal areas. Another active storm is sweeping across the Aleutians and will give continued unsettled weather in all regions for the weekend.

Forecast
Prince Rupert, Queen Charlottes and North Coast—Overcast with showers today and tonight and intermittent rains on Saturday. Winds southerly (15 m.p.h.) today and southeasterly (25) Saturday. Little change in temperature. Lows tonight and highs Saturday—At Port Hardy, 35 and 42; Massett, 34 and 42; Prince Rupert, 35 and 42.

Northern B.C.—Cloudy today and tonight. Overcast Saturday with snow flurries. Winds light today and southerly (15) Saturday. Little change in temperature. Lows tonight and highs Saturday—At Quesnel, 20 and 30; Prince George, 20 and 30; Smithers, 15 and 30; Telegraph Creek, 10 and 20.

Canada In Aid Vital

President Truman Refers To Position of Dominion In Relieving Europe

WASHINGTON, D.C. (CP)—Canada was prominently mentioned today in President Truman's message to Congress as a possible source of continued aid to war-devastated European countries.

"If Canada gets help in meeting her deficit with the dollar area either in the form of loans or through the mechanism of off-shore purchases, difficulties in continuing to extend aid to participating (European) countries on a substantial scale will be considerably reduced," the president said.

CENTRAL FIGURES IN SEVEN-WEEK MERCY RESCUE—F.O. Bob Race, Edmonton, pilot and captain; Capt. Guy D. Artois, Montreal, and Capt. Willoughby, Toronto, were central figures in the dramatic northland rescue of the Moffett Inlet missionary, Canon J. Turner, who later died. The army-R.C.A.F. rescue team brought Canon Turner, his wife and children to Winnipeg.

Canada Assumes Active Role In U. N. Assembly

Compromise Keynote of Delegates' Work On Palestine and Other Major Problems

By ROSS MUNRO
Canadian Press Staff Writer

OTTAWA—Canada played the most active role she has even undertaken in the United Nations during the 1947 session of the General Assembly in New York. The Canadian delegation highlighted its work with a long, successful effort in support of the plan to partition Palestine into independent Jewish and Arab states as a solution for the Holy Land problem.

Keynote of the Canadian participation was compromise. On partition and several other major issues, the delegation patiently sought to reconcile divergent opinions and this policy gained exceptional success.

At the beginning of the 11-week session, External Affairs Minister St. Laurent said that support of the United Nations was fundamental to Canadian foreign policy and that Canada would fulfil its obligations in that organization.

The subsequent session saw this intentional demonstrated, with the delegation carrying a heavy burden throughout the meeting and not shirking any responsibility, no matter how onerous it was.

The Dominion faced up to practically every issue with formulated policies, even when some issues at stake were far from any direct Canadian interest.

DELIBERATIONS WERE LENGTHY
Canada's stature in the organization was increased considerably by this forthright, constructive effort in the lengthy deliberations, which began in September and finished at the end of November.

Mr. St. Laurent led the delegation at the start and he was succeeded by Justice Minister Isley, in his first important assignment as delegation chief.

Senior civil servant representative on the delegation was L. B. Pearson, under-secretary of state for external affairs, and it was Mr. Pearson who carried the ball on the Palestine question. His reputation as a skillful diplomat soared as a result.

On a four-power "working group" Mr. Pearson brought Russia and the United States together on a compromise partition plan and he went on into the 56-member Palestine committee to help push the scheme through.

But as Mr. Isley told the assembly before the final vote, Canada found many faults in the plan. She voted for it, however, because it was the best.

PROPOSAL FOR GERMAN PEACE

SYDNEY, Australia (CP)—Herbert V. Evatt, Australian minister of foreign affairs, proposed today that a meeting of all Allied nations be called to write a peace for Germany. Evatt said he would like to see the treaty-making turned over to a conference of "all countries that participated in victory at such great sacrifices."

Coalition In Doubt

VANCOUVER—Vancouver newspapers said today that there were no facts to back up the rumors that Attorney General Gordon Wismer might resign from the coalition government. Hopes, they said, were brighter today for the continuation of the coalition under Byron Johnson. Mr. Wismer is leaving tonight for Ottawa to attend a conference on juvenile delinquency.

VICTORIA—The fate of the coalition is in doubt and it was being suggested today that Premier John Hart may delay his resignation, originally intended for this Saturday, until the situation has been cleared up.

Negotiations between Minister of Finance Herbert Anscomb, Progressive Conservative leader in the coalition, and Byron I. Johnson, the newly-elected Liberal leader, reached a stalemate yesterday. Mr. Anscomb is now in Vancouver and Mr. Johnson is remaining in Victoria. Yesterday Mr. Johnson conferred with Premier Hart.

A Progressive Conservative caucus is to be held Saturday to make a final decision on the coalition. Mr. Anscomb is believed to have been standing pat for the premiership.

Swede Industrialist, Known Here, Injured

Axel Wenner-Gren, the widely known Swedish industrialist is reported to have been critically injured while motoring in Mexico recently. During the war he paid a visit to the Pacific coast, travelling on his private yacht. Few larger, or more finely fitted out and equipped private craft had been seen here, up to that time. He spent a day or so at Prince Rupert. The yacht was berthed at the Canadian National wharf.

GRAND OLD MAN PASSES

Duncan Campbell Scott Was Regarded As Peer of Canadian Poets
OTTAWA—Duncan Campbell Scott, aged 86, "Grand Old Man of Canadian Literature", generally regarded as the uncrowned poet-laureate of Canada, died today. He was former deputy superintendent-general of the Department of Indian Affairs.

RUSSIAN PLANES ARE SEEN OVER CAMBRIDGE BAY IN NORTH CANADA

WINNIPEG (CP)—Toronto sleeper Peter Dumas, who worked at Cambridge Bay, 175 miles north of the Arctic Circle and 725 miles northwest of Churchill, Manitoba, reported that two four-motored planes bearing Russian markings had flown over the area early in September.

"They were very low and we could easily make out a U.S.S.R. mark on one wing and a number on the other wing," Dumas said. Royal Canadian Air Force headquarters at Ottawa said it knew nothing of the appearance of planes in the Cambridge Bay area.

FAILURE TO AID FARMERS

OTTAWA—Hon. Earl Rowe, Progressive Conservative member for Dufferin-Simcoe, charged in the House of Commons yesterday that the government had failed in "state planning" for agriculture. The government's "half-hearted" and "half-baked socialistic policies" were causing uncertainty and unrest among the farming people and discouraging production of badly-needed food.

ROMANIAN-SLAV PACT

BUCHAREST—Rumania and Yugo-Slavia today signed a mutual assistance pact within the Russian orbit. Marshal Tito described it as "a peace pact against war mongers."

ARABS KILLED

In Palestine Village—otherwise Country Is Quiet

JERUSALEM (CP)—A Jewish spokesman said today that ten Arabs were killed today in a clash between Hagana underground and Arabs near Kfar in upper Galilee. No names were disclosed among members of Hagana, Jewish militia. Five of the dead were children and five houses were fired upon. Others were injured by shrapnel and gunfire.

Violence aroused by the United Nations' decision to partition Palestine has waned but a spokesman said "it is not clear that any peace may end at any point."

French Labor Splitting Up

Union Workers Breaking From General Confederation Following Strike

PARIS (CP)—The representative Communist minority power of the Confederation General du Travail voted overwhelmingly to split with the parent organization. Delegates believed that approximately one quarter million workers of the CGT's six million adherents made the break in protest against recent strike actions and the French syndical movement from all political parties.

The minority group, known as "Workers Force," will call a national congress to organize a movement "for total emancipation of the working class."

CAMPAIGN BY JOHN BRACKEN

Prepared to Make Issue of Government's Economic Policy

TORONTO—The Toronto Telegram says Mr. Bracken is ready to campaign nationally on the ten percent devaluation of the Canadian dollar, removal of the one-man dictatorship over the excise tax.

MAKING OF ELECTION

There were hints of a general election in the House of Commons debate last week, and there were remarks concerning the results of five by-elections. Mr. Bracken: What about the Mackenzie King? The election may come sooner than my friend expects.

Some hon. members: Hear, Mr. Mackenzie King: I am not saying that it will. Some hon. members: Oh, Oh, Mr. Mackenzie King: but I do say it is that my hon. friend, the leader of the opposition, would be the most surprised and disappointed person to see it to come at any time, in my position.

Mr. Bracken: That is your opinion, not your judgment. Mr. Mackenzie King—in which position, as leader of his party at the present time. Some hon. member: Don't worry about him.

Ships Safe In Pacific

Although Further Storms Are Brewing in Western Ocean

HONOLULU (CP)—At least three of five ships reported to be in distress yesterday were safe today as fresh Pacific storms brewed. Uncertainty still existed about the United States Army tanker El Caney and the steamship Middlesex Victory.

The 10,172-ton El Caney, with 42 men aboard, which lost her rudder south of the Aleutians earlier this week, was reported encountering winds of hurricane force.

The 7,606-ton Middlesex Victory, 300 miles off the Kuriles off of Portland, reported her forepeak flooded after cracking 16 deck plates.

The freighter Simon Benson was on her way to Honolulu under control after incoming water had swollen rice cargo to a point where it was feared the ship might break apart. The 540-ton cargo ship FX-245 was safe at Adak in the Aleutians and the 425-ton ship Luzon was also considered safe.

Twenty-Five Million More for Civil Servants, Army Pay, Veterans Pensions

OTTAWA (CP)—Prime Minister Mackenzie King announced in the House of Commons today a \$25,000,000 a year boost in the salaries of civil service clerks, pay allowances of members of the armed services, and rates of veterans' pensions and allowances. All increases will be retroactive to October 1.

Mr. King said that the increases for the civil service and clerical grades combined with cost of living bonus introduced during the war amounted to about \$30 monthly for Grade One clerks and about \$40 a month for higher grades.

Increases of total pay and allowances of the armed services will be increased an average of ten percent, varying from fifteen percent for privates to about five percent for senior officers.

Solving Jap Problem

CANADA'S "Japanese Problem," thrust into prominence six years ago with the attack by Japan on Pearl Harbor, today appears dwindling from subject of utmost concern to a perplexity with solution in sight.

But it has not diminished unaided. Canada's handling of the "problem" has been termed by some civil liberty-minded persons as "a milestone in the democratic treatment of minorities."

Of necessity, the first chapter was grim. At the outbreak of war with Japan, more than 1,000 fishing vessels of Japanese-Canadians who fished off the British Columbia coast were immobilized as a defence measure.

The Pacific war later spurred federal government regulations permitting confiscation by R.C. M.P. of automobiles, radios, cameras, guns and explosives owned by Japanese in B.C.

In 1942 B.C.'s 22,000-odd Japanese, nearly the entire Japanese population of the Dominion, were dispersed from west coast "protected areas" to points east of the Cascade Mountains. Their property was taken by the Custodian of Enemy Property and sold.

All of the Japanese in Canada today have been cleared by the government of any suspicion of disloyalty.

In 1944, the federal government promised that Canadian citizens of Japanese origin loyal to Canada would be treated "fairly and justly."

The upshot of the promise was the appointment this fall of Mr. Justice Henry I. Bird of the British Columbia Court of Appeal to hear claims from Canada's Japanese that they had suffered "serious financial losses" through the forced sale of their property by the Custodian of Enemy Property.

The appointment of the Japanese Property Claims Commission is unique in Canadian history. Charged with hearing the greatest number of complaints ever to appear before a Canadian tribunal, the investigations may last more than three years.

GOODWILL STILL POSSIBLE

THE DAWN OF CHRISTMAS approaches as the effort of the foreign ministers to solve the problem of Germany's future weakens to the point of extinction.

The salvaging of Europe remains, if it were possible, a more acute issue than ever. Yet, this wrestling with what is a vital responsibility cannot be regarded as any the less important. The struggle cannot, must not cease. Meanwhile the sorry old universe will rejoice and be glad. For it can be done, despite the uncomfortable fact that there is not all the peace on earth we would like to have and that the existence of goodwill among men is not remarkable today for its scope and fervor.

NATIONAL PARKS

THERE IS A SIMILARITY between the national park systems in Canada and the United States.

In each country the already spacious park areas have within recent date been still further extended. The lands set aside on both sides of the border can be classed as vast, yet viewed from the standpoint of the total public domain, are small indeed. But their grandeur and beauty are of priceless service in the power of the appeal to the human spirit and in the renewal of strength flowing from some of the fairest scenes in creation itself.

President Truman not long ago dedicated the Everglades National Park in Florida, and his eloquent words apply with truth and fitness.

He said in conclusion: "Here, we may truly understand what the psalmist meant when he sang, 'He maketh me to lie down in green pastures, he leadeth me beside the still waters, he restoreth my soul.'"

SOLDIER GUARDS FOR NON-STRIKING FRENCHMEN—Non-striking workers clear up a railroad station in Paris under the watchful eye of a soldier who is on hand to see that they are not molested by railroad strikers. The French national assembly frustrated a Communist filibuster in a riotous session and approved the military action of the government's anti-strike program. Premier Robert Schuman's "public security" government was empowered to call up 80,000 more reservists to reinforce the nation's anti-sabotage guard.

TELLS ABOUT TOWN PLANNING

City Engineer Speaker at Rotary Club Luncheon

The value of long-range town planning in the development of modern communities was stressed before the Prince Rupert Rotary Club Thursday afternoon by City Engineer Charles B. Howe who appealed for the support of club members in the application of such planning to Prince Rupert.

Authority to set up Town Planning Commissions was given municipalities by legislation passed by the provincial government, but the foresight and understanding of the citizens is required to make it successful, Mr. Howe said.

Revisions to the Town Planning Act of 1925, as recommended by the regional planning division of the B. C. government Rehabilitation Commission make the setting up of town planning commissions obligatory but so far no such commission has been established in Prince Rupert.

Mr. Howe urged the club members to get behind the town planning commission when it is organized.

Recognized program of such

commissions is to prepare an official master plan; to control the uses of buildings and land zoning; to control the subdivision of new areas; to establish a system of streets and roads for the smooth flow of traffic; to develop public transportation, parks, playgrounds and other public services. All interested organizations should be informed of the proceedings of the commission and its plans should be exhibited and discussed at public hearings before they are brought before city council. Instruments employed before the town planning program are the building and zoning bylaws, and while sometimes appear to work range individuals, their purpose is to create a community that is beautiful and adequate for modern living. Concluded.

COOKS VIE FOR BEST DINNER IN FINAL WEEK BEFORE XMAS COMES

It seems that all the cooks in the country are vying with each other and with themselves to prepare the best Christmas dinner they ever served.

In each family there is one general pattern for this special dinner when sons, daughters, aunts and cousins with all the children have returned to gather around the table.

According to this tradition, the main course may be turkey, goose, roast beef or some other meat or poultry. Plum pudding, mince pie or perhaps ice cream in the shape of Santa Claus has been established by precedent as the perfect dessert but there is plenty of room for variation in appetizers, garnishes and in choice of vegetables.

Home economists have several suggestions for those last-minute fixings that add so much to both elegance and savor of the meal.

Tomato Sherbet may be quickly made in the morning and will be ready in the refrigerator tray to serve as an appetizer. The parsnip salad is delicious and unusual. The pudding sauce is very light and fluffy.

Tomato Sherbet

- 2½ cups canned tomatoes
 - 6 peppercorns
 - 3 cloves
 - Bit of bay leaf
 - 1 teaspoon salt
 - 1 tablespoon sugar
 - 1 slice lemon
 - ½ teaspoon lemon juice or vinegar
 - 2 teaspoons gelatin
 - 2 tablespoons cold water
- Combine tomatoes, spices, sugar, salt and onion and simmer 10 minutes in a covered saucepan. Strain and add lemon juice or vinegar. Soak gelatin in cold water, then stir it over hot water until melted. Combine with tomato juice, pour into refrigerator pan and freeze. Stir and beat several times while freezing. Serve in small glasses as an appetizer. Six servings.

Parsnip Salad

- 2 cups grated raw parsnip
 - 2 cups diced apple (with some of red skin left on)
 - ¼ cup diced orange
 - ¼ teaspoon salt
 - ½ cup tart salad dressing
- Toss all ingredients lightly together. Chill. Six servings.

Fluffy Sauce

- 2 tablespoons sugar
 - 1 tablespoon flour
 - 1 egg white
 - ½ cup water
 - 2 tablespoons orange juice
 - 1 teaspoon orange rind
- Combine sugar and flour. Add water slowly. Cook over boiling water until smooth and thickened, stirring constantly. Just before serving (while still hot) add orange juice and rind and pour mixture slowly over stiffly beaten egg white. Blend well and serve immediately. Makes 1½ cups approximately. A very light, fluffy sauce.

NO COMPLAINTS ABOUT QUOTAS

Federal Member Replies to Representations of Chamber of Commerce

Until he receives a definite proposal to lay before the Prices and Trade Board and none has yet been forthcoming from here, H. G. Archibald, M.P. for Skeena, advises the Prince Rupert Chamber of Commerce that he is unable to do anything about the Chamber's recent request that special quotas be allowed for Prince Rupert to permit of equitable distribution of imported fruits and vegetables in this area. Fear had been expressed by local produce dealers that Vancouver would not provide sufficient produce to this area in case of a shortage under the import restrictions and had asked the Chamber of Commerce to take the matter up seeking special quotas here.

Mr. Archibald, after meeting the official responsible in Ottawa, writes to the Chamber that, in the case of maldistribution of vegetables and fruits under quota to Prince Rupert, he (the official) would probably be willing to take some action. However, until the parties involved find themselves in trouble, nothing will be done. Whenever the

Prince Rupert people feel they are not being dealt with justly, I will be glad to present a concrete proposal. Meantime I am advised in a wire from one firm in Prince Rupert that they are receiving adequate quantities of citrus fruit."

of unattractive alternatives and she felt the U.N. had to act on this vital problem.

IMPORTANT COMPROMISE

Another important contribution which the Canadian delegation made was on the "war-mongering" issue, sponsored by Russia. After a lengthy and violent debate, Canada came up with a compromise proposal, as a substitute for the vitriolic Russian resolution.

Australia and France joined with Canada in presenting the new resolution, which condemned "war-mongering," but also urged member states to "peace-monger." This resolution won the unanimous approval of the assembly and also placated the Russian bloc.

On the other major issues, the Canadian delegation participated in debates and only once abstained on a vote. This was on committee decision for the assembly to move to Europe in 1948.

Canada was elected to the security council and she will take her seat on January 1.

On the atomic energy commission, Gen. A. G. L. McNaughton represented Canada during the marathon meetings of the commission during the year.

Canadian delegates also attended the meetings of the economic and social council during 1947.

HALF TURKEYS—The sale of half turkeys could prove a boon to many a small family this Christmas. There never seems to be a sufficient number of small turkeys to meet the demand, and the thrifty homemaker who prepares a holiday meal for three or four naturally hesitates when it comes to buying a 20-pound bird.

At first thought the price per pound for these turkey portions seems out of line, home economists point out that when buying a whole turkey the housewife also is paying for head, feet and entrails, which may amount anywhere from 20 to 25 per cent of the total weight.

The experts also say that a half-cooked half turkey tastes as good as a whole turkey and is no more difficult to carve. When cooking a half turkey, cover the skin down to the backbone, tie the leg to the body and rub the cavity with butter. When making the dressing allow approximately three-quarters of a cup for each pound of turkey and mound it on a piece of parchment paper. Place the half bird over the dressing, rub the skin with fat, and roast in a shallow, uncovered pan under a tender in a moderately slow oven, allowing 20 to 25 minutes per pound.

The turkey should be basted occasionally with fat during roasting or covered with a piece of clean cheesecloth moistened with melted fat. If additional dressing is desired it may be baked in a separate casserole covered for the first three-quarters of the hour.

HOMEMADE CANDY—Homemade candy is popular at any time but with the Christmas season on hand it becomes even more of a treat. Here are some handy recipes calculated to make the homemaker a popular guest when friends come dropping in.

Mexican Fudge—Ingredients: 1 cup sugar, 1 cup milk or cream, 1 tablespoon butter. Cook sugar and milk until sugar is dissolved; then add the butter. In another pan caramelize a cup of sugar and add to other ingredients while they are boil-

ing. Cook all to soft ball stage. When cooled a few seconds beat and add 1 cup of pecans. Pour into buttered plate and mark off in squares.

Peanut Brittle—Ingredients: 3 cups sugar, 1½ cups light corn syrup, 1½ cups cold water, 3 cups raw peanuts, 1 tablespoon butter, 1½ teaspoon soda, 1 teaspoon water, 1 teaspoon vanilla.

Cook sugar, syrup and water together until it will crack when dropped in cold water from tip of spoon. Add peanuts and butter. Stir until when tasted peanuts seem well done. After removing from fire stir in soda dissolved in 1 teaspoon water and 1 teaspoon vanilla. Turn out on a hard surface and pull until thin.

Date Confection—Ingredients: 1 pound dates, 1 cup nuts, 1 cup milk, 2 cups sugar.

Cook sugar and milk till it forms a soft ball in cold water. Beat until nearly cool, add nuts and dates. After this roll in a wet cloth and, when cool, slice.

STOCKHOLM (AP)—A Swedish bacteriologist, Dr. Sven Gard, has left for Egypt where he will study methods used in combating the current cholera epidemic there. He will represent the Swedish Red Cross to discuss matters on increased Swedish medical aid to Egypt.

LOOK AT THE BIG BULOVA AD...

We have been Bulova agents for 15 years and have sold more of that make than all others combined.

Considering the number sold we have had less trouble with Bulova than with other makes.

We sell all the well known makes and have always tried to supply the make which a customer has a preference for and we find more customers ask for Bulova than any other make.

Any Bulova watch or other make which we sell will be tested and proven on our electronic watch testing machine before delivery to the wearer. This assures satisfaction.

More Than 60 Attend Christmas Dinner in United Church Hall

The warm spirit of Christmas was aglow for more than 60 of Prince Ruperts elder citizens on Thursday afternoon when they attended the fifth annual Yuletide banquet sponsored by the Womens Co-ordinating Council for the "over 70" group in the United Church hall.

Total ages of the guests who were greeted by co-ordinating council president Mrs. George Rudderham was something like 4,000 years but this appalling total did nothing to detract from the vigor with which the entertainment program was enjoyed or the meal appreciated.

The meal was a culinary masterpiece of roast turkey with an attractive variety of condiments, prepared by the members of the Co-ordinating Council from food largely donated by local business firms.

The guests, received by Council President Mrs. Rudderham and the ladies, included: Mrs. M. Hedstrom, Mrs. H. Humphreys, Mrs. Edith Comer, Mrs. Charles Kingston, Mrs. M. McLeod, Mrs. S. Cox, Mrs. Smeeton, Mrs. M. Wynne, Alderman and Mrs. George B. Casey, Mrs. R. A. McCook, Mrs. F. Leaper, Mrs. Goodall, Mrs. J. Hampton, Mrs. J. Hammond, Mrs. A. Taylor, Mrs. M. L. McKinley, Mrs. Gus Anderson, Mrs. J. Boulter, Mrs. Henry Smith, Mrs. E. Dickens, Mrs. David Crocker, Mrs. A. Halvarson, E. Shannon, W. J. Smith, J. Bergman, W. H. Pierce, Canon W. F. Rushbrook, Joseph Garon, G. St. Clair, W. King, H. Walker, V. Calderoni, R. Hancock, Arthur Thomas, John Bremner, Joseph Freestad, H. B. Eastman, Judge W. E. Fisher, A. E. Dickens, Hugh Anderson, William MacLeod, Fred Olson, S. Haudenschild, R. J. McDonald, M. Cranley, A. E. McIntyre, Archdeacon E. Hodson, S. C. Thomson, A. Halvarson, David Crocker, E. Haltman, N. Wilkinson, Theo Collart and L. Wilkinson.

The entertainment program, part of which preceded the dinner and part of which followed it, was opened with a brief address of welcome by Mayor Nora

E. Arnold. This was followed by a vocal solo, "Drink to Me Only With Thine Eyes," by J. V. Sabourin.

MACKENZIE KING IS MADE MEMBER

Alderman George Casey announced that arrangements had been made to print membership cards for the "Over 70" group and that these would be mailed shortly to all who had attended the dinner. Mr. Casey moved that a membership card be sent to Prime Minister W. L. Mackenzie King "because he has reached the distinguished age of 70." The gathering agreed.

At suggestion of Sheriff M. M. Stephens, the guests observed a moment of silence in tribute to those who had passed on during the last year. Mr. Stephens also read the names of a number of senior citizens who were unable to attend.

Community singing and vocal solos by Mrs. Ralph Smith and Mr. Merrill and a recitation by Mrs. Percy Bond rounded out the program. Mrs. J. S. Black, entertainment convener, was accompanied and provided piano music during the dinner.

The committee in charge of the dinner was under convener-ship of Mrs. L. Doiron of the Catholic Women's League and consisted of the following: Mrs. L. Doiron, Mrs. G. R. Brett and Mrs. J. Garon, Catholic Women's League; Mrs. L. Holtby, Anglican Ladies' Aid; Mrs. G. A. Hebb, Canadian Legion; Mrs. M. Waksdale and Mrs. Earl Jarrett, Salvation Army; Mrs. G. Cleone, United Church; Mrs. Percy Bond, Women of the Moose; Mrs. E. F. Saunders, Presbyterian Ladies' Aid; Mrs. T. Sollin, Lutheran Ladies' Aid; Mrs. T. J. Boulter, Eastern Star; Mrs. A. L. Haines, Rebekah Lodge.

The turkeys and vegetables, which were prepared in the homes, were cooked by Mrs. W. J. Lineham, Mrs. J. P. Moller, Mrs. Andrew Thompson, Mrs. W. Lahti, Mrs. C. C. Mills, Mrs. L. Holtby, Mrs. Earl Jarrett and Mrs. E. F. Saunders.

Transportation was provided by Sheriff Stephens, Staff Sergeant G. A. Johnson, Public Health nurses and Welfare staff.

WHERE ARAB RIOTERS THREATEN U.S. CONSULATE—This is the building which houses the U.S. Consulate in Alexandria, Egypt. Arab anti-partition rioters tried to tear the American flag from the consulate. Police arrested four of the demonstrators. 12 Jews were injured in the outburst of violence in the Egyptian city.

Timely Topics from Terrace

Harry Menzies of Prince Rupert is staying with Mr. and Mrs. W. Bailey.

A very successful sale of home-made candy was held in the Terrace Bakery Store on Saturday afternoon by the choir members of the United Church and within two hours all the candy was sold out.

Jeân Kirkaldy returned home after a week spent in Prince Rupert having dental work done. With her was Greig Forbes who will spend Christmas holidays here.

William Heath, relief operator of the Government Telegraph Service, arrived in town on Saturday to relieve George Grant at the local office. George is leaving Tuesday for Vancouver where he will spend Christmas with his wife and baby.

Mr. and Mrs. McLaren left Terrace on Saturday's train to spend the Christmas holidays with their daughter Fanny at Trail.

Mrs. C. Pratt, Irene and granddaughter travelled to Prince Rupert on Saturday's train.

Mrs. F. Clifford and Teddy journeyed to Prince Rupert on Saturday returning on Monday accompanied by Roy, who had been hospitalized since he was severely burned in an attempt to rescue his small brother Billy from their burning home last October.

SHEERNESS, Kent, England —The town clock strikes odd hours at odd times, a fault which experts blame on missiles thrown in the merriment of victory celebrations two years ago.

XMAS NUMBER OF SCHOOL REVIEW

In line with other excellent extra-curricular features which have been initiated at King Edward School by Principal Robert G. Moore and his staff is the Christmas issue of "King Edward School Review," a copy of which was delivered to the Daily News office yesterday afternoon. A five-page mimeographed production it tells of various school activities and there are a number of poetic efforts by various pupils.

NEW DOCTOR AT TERRACE

May Set Up in Interior Town in February

TERRACE—Dr. Frank McGillivray, M.D., F.A.C.S., of Long Island, New York, arrived in Terrace on Thursday to meet and confer with Dr. Stanley Mills, local practitioner, and the hospital board with a view to returning here late in February and setting up practice.

Born in Simcoe, Ont., Dr. McGillivray graduated from the Toronto University in 1911 and practiced in a Northern Ontario lumber town before going to New York where he was a master surgeon at the John Mather Memorial Hospital.

While in Terrace he was shown around the district and inspected the local hospital. On Friday evening he met and talked with the hospital board at the home of Mr. and Mrs. Ivan Frank. He left Terrace on Saturdays train and on his return, it is expected that the Red Cross Society will fulfill their promise of opening up the hospital.

BARNESLEY, Eng. —The 150-year-old Methodist church here together with its organ, pews and furniture, is to be auctioned.

... About a Speech in Alberta

Not long ago, in Alberta, the national leader of the C.C.F., Mr. Coldwell, got to talking about free enterprise in a critical way. He said: "Free enterprise is an attractive theory, but it just does not work. It promises security and freedom to all, and leaves everything but profits to chance."

A good many people will think he must have been talking about Socialism or State Capitalism and not Free Enterprise. But the report says not. So let's look at what he claims.

We can agree that the theory of free enterprise is attractive, but how about it not working? The Socialists say the United States and Canada are the last strongholds of free enterprise. Well, are people in any other country more secure or freer? Who's got a system anywhere working any better?

Everything but profits left to chance? Seems to me that the only places where profits AREN'T left to chance is in countries where the State runs everything. Nobody guarantees profits to free enterprise companies. They have to scramble, think and work to serve and please you and me—the consumers—else they lose trade and go broke. Those that please us make a profit. Fair enough? Government companies don't have to do that. They set up monopolies and say to the public: "You're coming to us. If you don't like it, what are you going to do about it?" And they can set their prices to show a profit. Quite a profit, too—as we find out if we go to buy any Christmas cheer from certain government stores!

Modern Etiquette By ROBERTA LEE

Q. What preparations should be made for a home wedding?
A. These preparations are usually the same as those made for any tea or reception. The decorations are a very important feature and there must, of course, be music.
Q. When a man brings flowers to a girl and she thanks him for them, should she also write a note of thanks?
A. This is not necessary.
Q. Is it all right for a guest to use any receptacle in sight for an ash tray?
A. No. He should always ask for one if there is none at hand.

CAROL SINGING AT CIVIC CENTRE

Massed musical talent of Prince Rupert will offer a prelude to Christmas at 9:15 Sunday evening when the choirs of all the city's churches, the band and orchestra combine in a carol singing program in the Civic Centre auditorium. The program, which is expected to last about an hour and a half, will be directed by Civic Centre Managing Secretary Don Forward. The choirs, band and orchestra will be conducted by Peter Lien. In order to enable the audience to take part in the carol singing, the words of the Christmas hymns and songs will be flashed on the screen by lantern slide. Service clubs and the schools and churches have been notified of the program and it is anticipated that there will be a good attendance.

COUPLE INJURED AS CAR UPSSETS ON ICY STREET

Mr. and Mrs. Carl Poulsen were taken to hospital shortly before 12 o'clock last night suffering from bruises and shock sustained when their light truck overturned after skidding on the icy road leading from Pacific Place to the C.N.R. wharf. Both were released from hospital at 11 o'clock this morning. Mr. Poulsen was driving his wife to the C.N.R. boat Prince Rupert and chose to take the gravel road to the wharf rather than drive down the ramp which he feared might be dangerously slippery. Half way down the road the car went out of control and slipped over a bank, overturning. Mr. Poulsen received a slight leg injury and Mrs. Poulsen sustained bruises. Both suffered from shock. The car was damaged on one side.

Mr. and Mrs. Poulsen were taken to hospital in the city ambulance for examination for possible serious injuries. They went home this morning.

SHIPPING HOLLY EAST BY PLANE

Annual Surge of Buying Season Foliage Now At Peak

VANCOUVER—The annual surge of holly buying here is at its peak and, as usual, a great many of the purchases are gifts for relatives and friends in eastern Canadian and prairie points TransCanada Air Lines east-bound flights from Vancouver carried one hundred packages of the red-berried, prickly shoots, each weighing between three and four pounds, as more shoppers became mindful of the rapid approach of Christmas Day and the long distances the packages have to travel. Some were to go as far east as Saint John, N.B.

Airline officials anticipate the shipments will continue into

next week to take care of late shoppers. At the same time they expect to handle many boxes of cut flowers.

It does not appear that any holly shortage will develop this year. However the usual shipments of mistletoe are missing as this is not coming into Canada from the United States as in past years.

Former Air Force Vessel In Service

Early in the New Year, the former R.C.A.F. transport vessel *Squamish*, bought from War Assets by a group of ex-Air Force marine veterans, will be placed in service for fish packing and general freight business from Vancouver. This is the present expectation.

SHOULD WORK HAND IN HAND

President of Petersburg Chamber of Commerce Writes—Union Steamer Service Missed!

"Canada and the United States should by all means work together in every way possible with the least of red tape and other complications," writes Earl N. Ohmer, prominent industrialist of Petersburg, Alaska, and ceremonial president of the Chamber of Commerce there, in writing to the president of the Prince Rupert Chamber of Commerce. "It appears to me and many others in Alaska that our physical and economic conditions are along the same lines and that we will both be much benefited by very close association. I am strongly of the opinion and have expressed it many times before that if there is anything like a fence between the United States and Canada we should combine our good offices and rip it down."

Mr. Ohmer refers to the good fortune that Petersburg had during a recent month or so in having the service of very fine Canadian steamers (Union Steamships *Camosun* and *Chilcotin*). "For some reason," he says, "this service has been discontinued but I trust that it will be renewed again at an early date. All our people who travelled on the fine ships were very much pleased with the accommodations and the fine service performed by all personnel aboard."

Better English
By D. C. WILLIAMS

1. What is wrong with this sentence? "We had company at dinner."
2. What is the correct pronunciation of "carrousel, or carousel" (a merry-go-round)?
3. Which one of these words is misspelled? Pinnacle, en-cumber, mediocre.
4. What does the word "deviate" mean?
5. What is a word beginning with inc that means "incapable of existing together in agreement or harmony; discordant"?

ANSWERS

1. Say, "We had guests at dinner." The other expression is colloquial.
2. Pronounce kar-oo-zel, a as in at, oo as in book, e as in ball, accent last syllable.
3. Mediocre.
4. To turn aside from a course; wander. "Neither stand still, nor go back, nor deviate."—Augustine.
5. In-compatible.

SHOE PRICES UP AS GOVERNMENT AIDS WITHDRAWN

Supplies of shoes in Prince Rupert are good but prices are going up, according to local merchants. This rise, of course, is in line with increasing costs for customers, city stores stocked up well with shoes at the old prices, which saving is being passed on by the merchants. New shipments will carry the new prices. Open-toed shoes for women are still leading the field but there is a swing away from the ultra-open styles.

"Women are going in more for pumps, once again," reports one merchant.

GREATER RANGE OF STYLES IN RUBBERS
During the war years, styles in rubbers were cut from 400 to 19, but the range is on the increase again.

Slippers, always popular gifts for Christmas, are in good supply for all members of the family. Cute, dainty slippers for children are especially attractive this year.

Because of the increasing cost of leather, shoe merchants are predicting a decided swing next spring and summer to running shoes and scampers for children.

As a further measure to offset price increases, more and more men's and women's shoes are expected to carry rubber and composition soles instead of leather.

Of course, little difficulty is expected in obtaining better grade shoes—at substantially boosted prices.

POPULARITY OF PLASTIC SHOES DROPS OFF
"Popularity of women's plastic shoes has eased off this winter," another merchant reports.

In a letter to retail shoemen, the Shoe Manufacturers' Association of Canada does not paint a bright picture for the future. The Canadian shoe industry was thrown into confusion this fall by the Canadian government's action in lifting ceilings and discontinuing subsidies on hides.

Leather prices jumped immediately. Calf leather is up more than 100 per cent and sole leather has risen about 35 per cent. Foreign leathers, used in certain types of footwear, are increasing by 35 to 50 per cent. Labor costs, too, have gone up.

SHORT SPORT

Four times Canadian chess champion and at 22 one of the worlds youngest chess masters, Abe Yanofsky of Winnipeg may soon be leaving Canada for six years to study medicine at Glasgow or London. Yanofsky, whose ambition is to become a doctor, has applications entered at universities in both cities. He must be in Glasgow within the first six months of next year to be interviewed for acceptance there, but to date London hasn't said when he must report. He already has a bachelor of science degree from the University of Manitoba, conferred in 1944 before he joined the navy for two years' service.

Abe hopes to reach Europe in time to watch the six top chess masters compete for the world's champion. He has been asked to second defending champion Dr. Max Euwe of Holland at the 12-week tournament, half of which will be played in Holland and half in Russia, beginning in April.

Last year in Holland, Yanofsky was acknowledged a chess master after finishing 14th in a field of 20 of the most prominent players. His average of victories was well above the 30 per cent required for such rating. The recognition climaxed his tour of the continent and British Isles. Although playing the game since he was 8½ years old, he doesn't eat, sleep and breathe chess. In fact, he last played in the United States open chess tournament last summer at Corpus Christi, Texas, where he finished tied for second place.

GOLD HUNT IN CANADA

Buenos Aires Cattleman Visited Jasper and Elsewhere
MONTREAL—In spite of handicaps caused by severe cold and heavy snow, Ernest L. Guillo, Buenos Aires cattleman and veteran hunter, came out of the area north of Jasper National Park recently with an elk, a mule deer and a moose with a 45-inch spread.

It was Mr. Guillo's first visit to Canada and, although advised that the hunting season was well advanced when he arrived here last November, he decided on a two-week hunt in Canada's northland. His trip was planned by J. S. McDonald, general tourist and convention agent, Canadian National Railways. After a fortnight tussle with the elements in the company of Harold Anderson, guide and outfitter, Mr. Guillo has returned to Montreal, convinced that hunting in Canada is as exciting as anywhere in this hemisphere.

Mr. Guillo, who has hunted in many parts of North and South America, once spent 25 days in the Brazilian jungle where he shot a jaguar and captured two boa constrictors for the Buenos Aires zoo.

The veteran hunter, who sails with his trophies from New York next week, plans a return engagement with Canada's wild life next year.

DICK NEUBERGER WRITES IN POST

Hyder Girls Have Many Dates, He Says

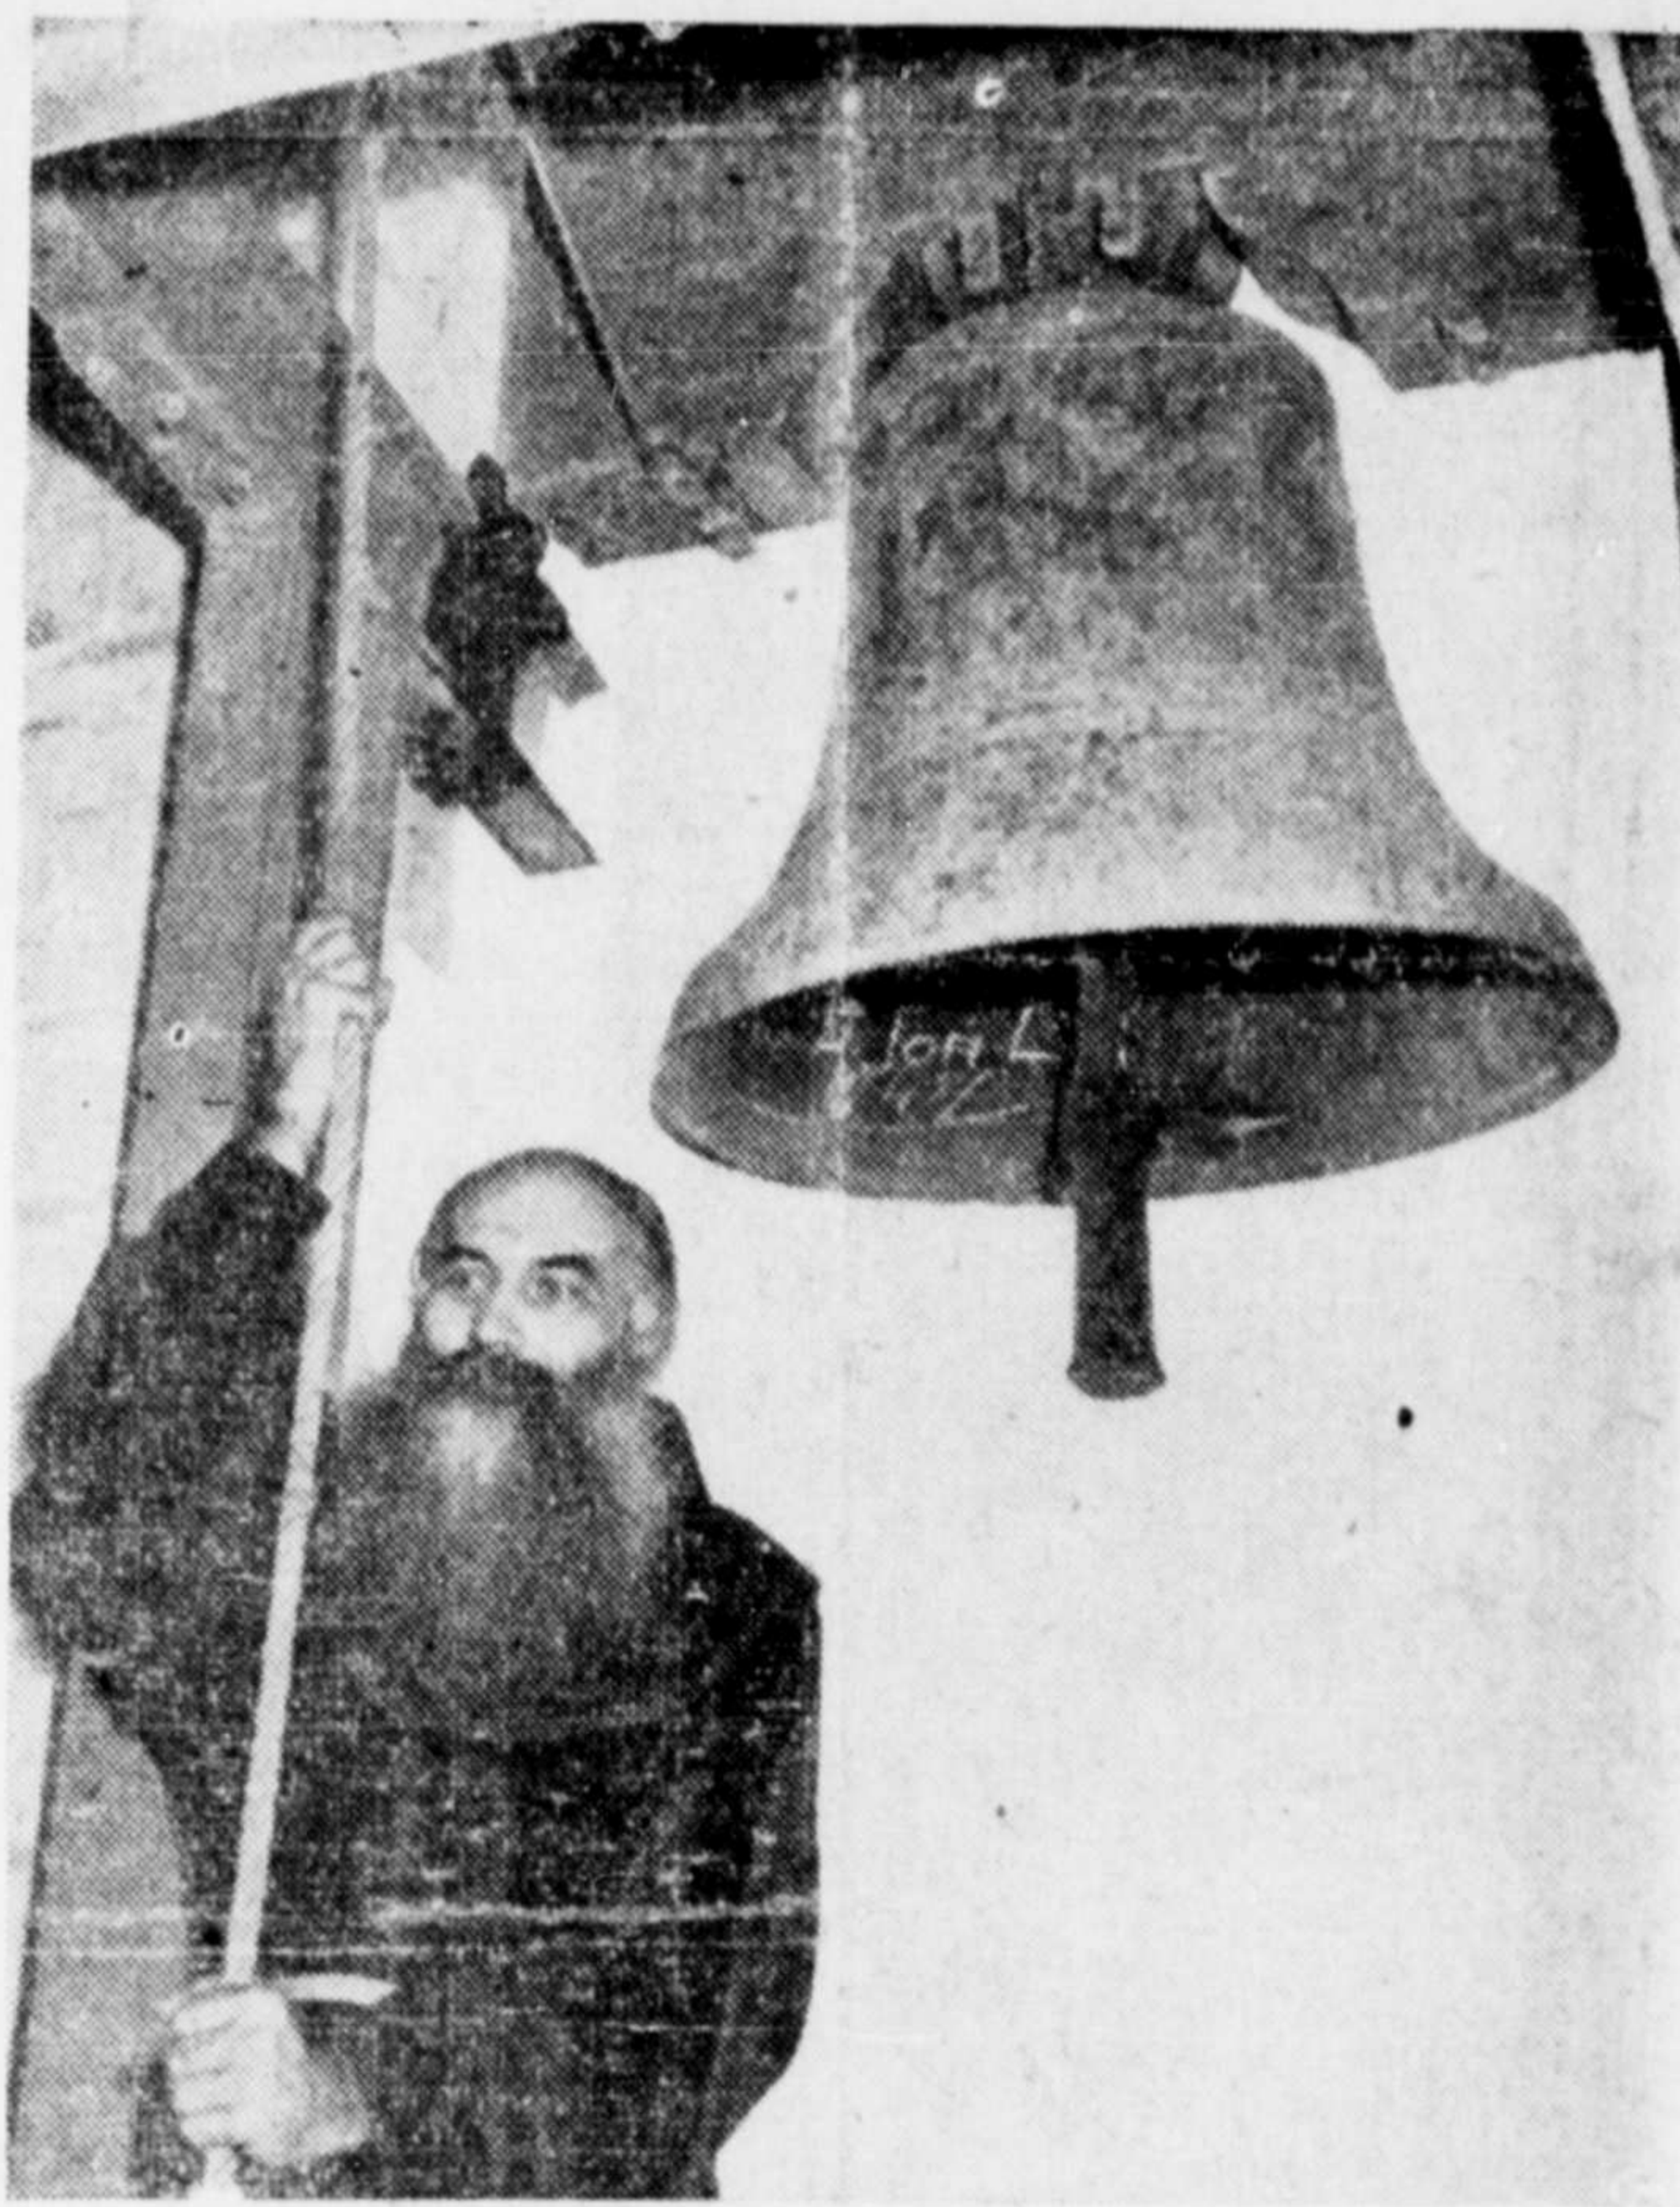

The current Saturday Evening Post prints a story by Richard L. Neuberger of Portland, Oregon, well known writer, who spent a few weeks in Prince Rupert last summer gathering material for a story on Prince Rupert. In his present story (which is dated Hyder, Alaska), the opening paragraph says: 'Alaska is one place where girls have more dates than they can handle. It is perfectly normal for a young woman to receive a dozen requests daily for the pleasure of her company and accept several of them. A willow nurse, newly arrived from the States, wrote home that she had enjoyed cocktails with one escort, dinner with another, a movie with a third, and a dance with the last of her four admirers of the evening.'

ATTACKED BY FISH

DARWIN, Australia—A diver exploring bomb wreckage was attacked by a huge groper and after a violent fight, escaped. Two weeks later the 220-pound fish was landed by three fishermen.

NOTTINGHAM, England

A woman with £1,000 (\$4,000) in the bank was fined £5 for stealing a teaspoon, jigsaw puzzle and a Christmas tree decoration worth £2.

O LITTLE TOWN OF BETHLEHEM!—Another Christmas season is upon us, a season of good cheer with thoughts of everlasting peace on earth, good-will toward men. Millions flock to the churches on Christmas to celebrate the birthday of Jesus Christ and hear once more the story of how Jesus was born of Mary in a stable manger because there was "no room at the inn. In Bethlehem, the Church of the Nativity, marking the site of the Saviour's birth, was erected by the Emperor Constantine's orders in 330 to commemorate it. Beneath the church floor is a grotto or cave, known as the Chapel of the Nativity, which is worshipped as the actual spot where the manger was located. The bell at the Church of the Nativity is rung by Brother Camillus Lika, above, who is a native of Freisburg, Texas.

RADIO AUCTION FIRST NIGHT IS WELL RECEIVED

An hour of "demand" entertainment was broadcast from the stage of the Civic Centre auditorium last night as bids for hometown talent poured in over a battery of telephones on the first night of the Junior Chamber of Commerce annual radio auction.

With a backlog of a number of bids for tonight, bids which were entered last night but did not get on the air because of the time element, Radio Auction Chairman Don Esselmont predicts that this evening's show will be even more successful than the opening night.

Bids totalling \$115 were received for the eleven items which were presented last night over Station CFPR, while almost \$20 was taken in the door prize raffles. Proceeds will be divided equally between the Civic Centre, Salvation Army and Junior Chamber.

Last night's program was broadcast with background music by the Four Dukes' orchestra and accompaniment by Andy McNaughton at the piano. Douglas Stevenson and Neil Ross were announcers.

Highlight of the program was the appearance of the Borden Street School Choir which sang three songs, "The Three Kings," "Long Ago," and "The First Noel."

Other talent presentations were: Miss Mardel Solland, piano solo; Bob Scharff singing "Mummy"; Barbara Teng, vocal solo "Alice Blue Gown"; Helen Hibbard, vocal solo "Je Vous Aime"; Lorraine Youngman, vocal solo "One Love"; Alan Forman, piano solo; Mary Lou Lund and Ivy Gillespie, vocal duet "Santa Claus Is Coming to Town."

In the door prize drawing, a 98-pound sack of flour was won by John Hougan, while a case of canned milk was won by George Murray.

The program will be on the air for an hour tonight and for two hours Saturday night.

B.C. Men Working On Luxury Ship

British Columbia men are finding steady work aboard the Corsair, the luxury yacht formerly owned by J. P. Moran. All told, there are 76 from this province employed. The Corsair is now on a cruise in Mexican waters. The Seafarers Union secretary, Dave Joyce, says the labor relations are entirely satisfactory. The owner of the yacht, which is the last word in comfort and convenience, provide transportation down to San Pedro, plus subsistence wages.

LIGHTSHIP REPLACED

LIVERPOOL, England—A boat beacon with a 4,000-candlepower revolving light, visible for 10 miles, replaced the 81-year-old lightship when the port was recently fitted with a radar system.

BIRMINGHAM, England—Richard Walker, 83, married Ethel Sharpe, 74, his next door neighbor for 20 years.

AUSTRALIA IS GOING FISHING

To Make Better Use of Natural Resources

SYDNEY, Australia—Australian caught fish may become more plentiful if plans, as at present understood, are carried through. Fish, on the Australian market, has always been relatively scarce and expensive but not because of barren seas. What the Australians propose doing is to establish trawling grounds known to exist in the Great Australian Bight, off Tasmania and New South Wales, revive the whaling industry, make greater use of aerial reconnaissance; use by-products; study conservation measures, and examine marketing and distribution methods.

PENGE, Kent, Eng.—Penge is now the most densely populated area in the county having 29.9 people an acre.
