FACES ANOTHER PRISON TERM AFTER RELEASE

Like a homing bird, Clifford Pettipiece flew back to Prince Rupert Saturday afternoon, warmed no doubt by the anticipation of northern hospitality which he had missed for the last four months while in Okalla jail where he had been sent by Magistrate Vance for breach of recognizance.
Twelve hours after he stepped from the plane at Seal Cove airport he was subject of official hospitality on the part of the police who picked him up at 4.30 Sunday morning and laid two charges of supplying liquor to Indians against him.
This morning, Pettipiece faced the prospect of spending another four months in Okalla after he had pleaded guilty to both charges and had been fined \$100 and costs or two months in jail on each charge, the jail sentences to run consecutively.
Pettipiece pleaded guilty to supplying liquor to two Indian girls. The police at the same time picked up Ted Davis, who also pleaded guilty to two supplying charges and was fined \$50 with an optional month in jail on each charge. Sentences in this case also were consecutive.

SUDDEN GALE CATCHES CALIFORNIA COAST UNPREPARED—A severe storm with winds raging some 35 miles per hour hit the Los Angeles area causing some damage to the coastal section. Huge waves are pictured breaking over this fishing boat at Redondo beach as crowd gathers on shore to watch. The 30-foot craft, moored near breakwater, broke loose in the heavy winds and was dashed against the rocks. The boat, owned by G. E. Gillard, was a total loss.

CEILINGS UPON CANNED FRUITS AND VEGETABLES

SYMINGTON OF T.C.A. RESIGNS

MONTREAL, (P)—Resignation of H. J. Symington K.C. of Montreal as president of Trans-Canada Airlines was announced today. He will continue to serve as a director of the company.

No Reason For Panic Buying, Says Minister of Finance

OTTAWA (CP)—Finance Minister Douglas Abbot announced today the reimposition of price ceilings on the more important varieties of canned fruits and vegetables. He also announced that the Prices Board had been directed "to prepare to reimpose" mark-up control on fresh fruits and vegetables and canned fruit juices.
Mr. Abbott said the government had noted "with concern" that marked price increases had taken place during the past week, particularly on some processed foods, "under circumstances which cannot be justified by increased costs."
The Minister of Finance continued: "Furthermore rumors about present and potential shortages of some food supplies are being bandied about in such a manner as to intensify fear of scarcities. Such stories are having the effect of disturbing consumers and increasing pressure on prices. There is absolutely no justification whatever for any panic buying of basic foodstuffs such as has been reported in the press over the past week. Domestic supplies of such items as potatoes, cabbage, onions and carrots are fully adequate for this season of the year and for several months to come."

CALGARY BRIDE HAMMER VICTIM

Mrs. Pauline Smith, Married Only Six Weeks, Slain—Husband Sought
CALGARY, (P)—The body of Mrs. Pauline Smith, aged 27, bride of six weeks, was found with skull smashed on the bed of an attic bed-sitting room shared by her husband, Lloyd Smith, in what police termed a case of murder.
A heavy machinists' hammer was found on the bed and is said to have been the murder weapon.
Police are hunting for the husband who has been missing since late Saturday.

SCUMAN FORMS FRENCH CABINET BUT NATION IS STILL STRIKE-BOUND

PARIS (CP)—Premier Robert Schuman ended France's four-day-old political crisis early Monday by announcing formation of a coalition government but was immediately threatened with labor disorders which were expected to break out in Paris.
The sixty-one year old Schuman's government, France's seventh since the liberation from the Nazis and composed of six members of Schuman's Movement Republican Populaire, five Socialist right wingers, three middle of the road radical socialists and one Independent Republican.

NEW ROAD IN NORTH

McDames Creek Area Being Opened Up by 62-Mile Link With Alaska Highway

Opening up the country from a mineral development standpoint and making possible cheaper transportation costs into an area that was once considered so remote that it was almost mysterious, a new 62-mile road from Mile 698 (from Fort St. John) on the Alaska Highway to McDames Creek in the Cassiar country is now under construction, reports John Simpson, pioneer business and mining man of that district, who was in the city yesterday aboard the Camosun going through to Vancouver where he will spend the winter. Mr. Simpson was formerly located at Telegraph Creek where his store was burned out several years ago. Since then he has interested himself principally in mining, spending a good deal of the time at McDames which is reached from Telegraph Creek to Dease Lake and thence by boat.
Being built by a large mining company, the road from the Alaska Highway to McDames has now been constructed three miles from the east end but, with the use of bulldozers and heavy equipment, it is expected to be completed in comparatively short time. The terrain is easy for road building and there is little snow, so the work can be pushed during the winter.
Meantime, according to Mr. Simpson, at least two large companies are engaged in quite large scale development of both placer and lode gold ground in the McDames Creek area.
Around Telegraph Creek, however, mining still continues quiet as it has been ever since the start of the war.
Navigation on the Stikine River has now been closed for the winter.

Route Boy Makes Good

Route Boy Leonard Leigh Going Strong in Daily News Contest
Leonard Leigh came into the Daily News office several months ago and asked to have his name put on the list of prospective delivery boys. He was only 12 years old and scarcely tall enough to see over the counter but for all that he gave the impression of being capable so his name went down.
In the first week of November a route fell open in Leonard's neighborhood and he was given a chance to show what he could do as a Daily News carrier. Since November 4 he has seen his route grow from 77 to 98 customers. The bulk of the gain is made up of new subscribers signed up by Leonard. Fortunately for Leonard, just as he commenced delivering papers, the Daily News launched a sales contest among the carriers and for each of his new subscribers he has received a cash commission and accumulated enough points to make him leading candidate for the bicycle and cash prizes to be given away by the Daily News to the carrier with the highest number of points when the contest closes December 20.
Roy Webber, who handles the waterfront route, has the second highest number of points to date closely followed by Neil Forman, who delivers Ambrose Avenue and part of Sixth Avenue East.

EARTHQUAKE IN MONTANA

Ceilings Fall, Plaster Cracked in Many Cities of State
HELENA, Mont. (P)—A sixty-second earthquake rumbled across Montana yesterday, cracking plaster in two cities and startling residents in a dozen more.
The quake brought down a Main Street cafe ceiling in Hamilton, cracked plaster in several Butte homes and shook buildings in Helena, Harlowton, Malta, Havre, Glasgow, Kallis, and Bozeman.
There are no reports of injuries or property damage.

PACIFIC COAST SALMON PACK

Pacific coast salmon pack up to the week ending November 15 was 1,492,314 cases, according to the latest bulletin issued by the chief supervisor of fisheries, Vancouver. This year's pack is greater than last year's by more than 150,000 cases.
Greatest pack this year was of pinks, 598,175 cases, followed by chums, 449,762; sockeye, 286,185, and coho, 140,502. There were 9,904 cases of springs, 3,240 of steelhead and 4,545 of bluebacks.
Comparison of this year's pack—all varieties and all areas—with previous years is as follows:
1947—1,492,314
1946—1,339,336
1945—1,730,753
1944—1,097,557
1943—1,226,961
1942—1,773,597.

IS ELECTROCUTED

VANCOUVER—John Astbury, B.C. Electric line foreman, was electrocuted Sunday while repairing wires in Chinatown. Vernon Shuttleworth, working with Astbury, said the foreman was changing over a high power line, carrying 2300 volts, to a transformer on a pole and suddenly slumped over the wires. William Abbott, ground man, said he saw Astbury cut a wire which caused a slight flash. He did not fall to the ground as his safety belt hooked over a cross-bar and left him suspended.

PRINCE RUPERT IS FEATURED

The current number of "War Cry" devotes a couple of pages to the visit to Prince Rupert not long ago of Commissioner Charles Baugh. There are accounts of the citizens' rally and other meetings, as well as illustrations of the city and the latter shows Mayor Arnold presenting the Commissioner to the meeting. Other representative citizens are seated on the platform of the Citadel. From Prince Rupert, Commissioner Baugh travelled south. Two busy days were spent in Calgary where the Calgary Citadel Corps celebrated its sixtieth anniversary.

CAMERA CLUB SEEKS SPACE

Darkroom Facilities Required
The Prince Rupert Camera Club whose activities during the past few weeks have been hampered by lack of adequate darkroom facilities, plans to ask the Civic Centre to make available suitable space than is now provided in the improvised quarters beneath the rear of the Centre building.

know, but they are aware that their present unheated quarters are unsuitable for processing films, which is one of the continuous projects of the group. The club decided to put in a request for more space at a meeting held under chairmanship of club president Larry Moore Friday night. The present darkroom was built largely by members of the club, beneath the ground floor at the rear of the Civic Centre. However, because it cannot be heated, it is too damp and cold

for the storing or processing of film. One of the problems connected with obtaining space on the ground floor of the building is that the camera club would require exclusive use of it since they would want to install their equipment here. Exclusive space of this kind so far has been asked for by no other organization. However, despite their difficulties in this regard, camera enthusiasts in the club are keeping up their hobby and according to A. Van Meer, their instructor, some good quality work has resulted.

Question of Native Girl's Appointment

Word from Vancouver says Margaret Harris, native girl of Kispiox Reserve, was not qualified under Civil Service regulations to be appointed a clerk in the Babine Agency at Hazelton. This was the explanation given by the Indian Commissioner, D. M. MacKay, in answering a delegation from five reserves near Hazelton as to why Margaret Cameron was given the appointment. Miss Harris, said Mr. MacKay, did not have the two years experience. This was necessary under the Civil Service regulations.

WHAT IS HOME WITHOUT A GARDEN?
SAVE COSTLY GARDEN TOOLS BY CHECKING WINTER RUST

KEEP YOUR GARDEN TOOLS IN A HANDY RACK. IT IS ECONOMY.

Garden tools are precious in this inflation era. Wise gardeners take care of those they have, knowing that to replace them will cost far more than in prewar days.

Since the greatest deterioration comes when tools are idle, careful cleansing and dry storage over winter are necessary precautions.

The greatest enemy of tools is rust. This attacks the metal parts during the winter when the tools are in storage and does more damage than in the summer, when they are in constant use.

To check the rust, first clean all outside metal parts by washing thoroughly. Caked mud should be softened and removed. Then dry, and cover the metal with a thin film of lubricating grease, or oil. All bearings of wheel tools should be oiled. It is possible to obtain new handles, where the old ones have broken, and these should be set in place this fall. Spraying and dusting equipment should be cleaned thoroughly of all old spray materials. Take the nozzles of sprayers apart and clean. Oil the pumps of sprayers, and set them away without screwing down the tank caps, so that the rubber gaskets are not compressed. Dusters should be cleaned and the outside metal parts oiled, but instead of oil, powdered graphite should be used on the inside. Make a resolution when your tools have been cleaned, to keep them clean in the future. This will prolong their lives, and make a substantial saving. A rack in which every tool has its place will be found well worthwhile.

REPEAL OF JONES ACT

Territorial Attorney General of Alaska Active in Agitation

JUNEAU—R. J. Rivers, territorial Attorney-General, is urging on the Senate Public Lands committee, temporary repeal of certain portions of the Jones Act in order to permit the use of Canadian shipping in the intra-Alaska trade.

Southeastern Alaska, Mr. Rivers points out, is being deprived of considerable benefits which could be derived from the Alaska tourist trade by the present inability of American vessels to accommodate tourist traffic in large volume.

Churchill Winces At Dictatorship

LONDON, (AP)—Speaking in Parliament, Winston Churchill, Leader of the Opposition, said: "What is aimed at today is a single chamber government at the dictatorship of ministers without regard to the wishes of the people. We are approaching very near to dictatorship in Britain—dictatorship without either its criminality or efficiency. As a free-born Englishman, what I hate most is the sense of being at anybody's mercy or in anybody's power." Churchill is 73 and feeling the effects of a cold.

More than a Million Canadians WROTE THIS BILLION-DOLLAR STORY

Everywhere in Canada—in villages, towns, metropolitan centres—you can find them. They are the people—1,500,000 strong—in every walk of life who are building their futures and doing their day-to-day financing by saving or borrowing at the Bank of Montreal. Every member of this B of M family has a hand in building the resources of the Bank while he builds his own future. These resources, which amount to nearly two billion dollars, exist almost entirely because of the balances these people can show you in their B of M passbooks.

This money does not stand idle... it works constantly for the building of the nation. Here is the money that makes the wheels of commerce turn... that helps the farmer garner his crops... that helps the lumberman buy equipment and pay his men.

Here are the dollars that enable the Bank to make more than 500 personal loans every business day of the year to men and women who need money to meet emergencies and take advantage of opportunities.

Here is the credit that provides thousands of business enterprises—from the largest company to the smallest one-man show—with the ready money they need to buy raw materials for manufacture, to pay wages while awaiting returns from the sale of finished goods, and to carry out plans for expansion. To citizens on salaries... to farmers with seasonal incomes... to merchants, manufacturers and businessmen in every worthwhile line of endeavour... to municipalities, school boards and governments... to churches, hospitals and all types of public institutions... hundreds of millions of dollars are being lent by B of M managers at more than 500 branches from the Atlantic to the Pacific.

These millions of transactions add up to a billion-dollar story that makes interesting reading—not so much on account of the figures involved, but because of the human stories behind them.

For 130 years Canadians have put their trust in the B of M. Never in that time has the Bank failed to repay a dollar left in its care... never has it failed to open for business on a single banking day.

Reporting

THE FACTS BEHIND THE FIGURES

WHAT THE B of M HAS TO MEET ITS OBLIGATIONS:

| | |
|--|---------------------------|
| CASH: The B of M has cash in its vaults and money on deposit with the Bank of Canada amounting to | \$ 203,696,837.69 |
| MONEY in the form of notes of, cheques on, and deposits with other banks. | 136,768,245.65 |
| INVESTMENTS: The B of M has close to one billion dollars invested in high-grade government bonds and other public securities, which have a ready market. Listed on the Bank's books at a figure not greater than their market value, they amount to | 957,888,826.81 |
| The B of M has other bonds, debentures and stocks, representing to some extent the extension of credit to industrial enterprises for reconversion and for expansion of productive facilities in established fields. Valued at no more than the market price, they amount to | 96,866,538.42 |
| CALL LOANS: The B of M has call loans which are fully protected by quickly saleable securities. These loans amount to | 36,807,209.71 |
| QUICKLY AVAILABLE RESOURCES: The resources listed above, all of which can quickly be turned into cash, cover 78.79% of all that the Bank owes to the public. These "quick assets" amount to | \$1,432,027,658.28 |
| LOANS: During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind, including housing and construction—to farmers, fishermen, lumbermen and ranchers—to citizens in all walks of life, and to Provincial and Municipal Governments and School Districts. These loans now amount to | 421,704,063.46 |
| BANK BUILDINGS: In hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at more than 500 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at | 13,276,623.00 |
| OTHER ASSETS: These chiefly represent liabilities of customers for commitments made by the Bank on their behalf, covering foreign and domestic trade transactions. | 31,396,960.45 |
| TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS | \$1,898,405,305.19 |

WHAT THE B of M OWES TO OTHERS:

| | |
|---|---------------------------|
| DEPOSITS: While many business firms, manufacturers, merchants, farmers and people in every type of business have large deposits with the B of M, the bulk of the money on deposit with the Bank is the savings of more than a million private citizens. The total of all deposits is | \$1,783,441,647.31 |
| BANK NOTES: B of M bills in circulation, which are payable on presentation, amount to | 4,783,548.00 |
| OTHER LIABILITIES: Miscellaneous items, representing mainly commitments undertaken by the Bank on behalf of customers in their foreign and domestic trade transactions. | 29,100,538.78 |
| TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS | \$1,817,325,734.09 |
| TO PAY ALL IT OWES, THE B of M HAS TOTAL RESOURCES, AS SHOWN ON THE LEFT SIDE OF THIS STATEMENT, AMOUNTING TO | 1,898,405,305.19 |
| WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO | \$ 81,079,571.10 |

This figure of \$81,079,571.10 is made up of money subscribed by the shareholders and, to some extent, of profits which have from time to time been ploughed back into the business to broaden the Bank's services and to give added protection for the depositors.

EARNINGS—After paying all overhead expenses, including staff salaries, bonuses and contributions to the Pension Fund, and after making provision for contingencies, and for depreciation of Bank premises, furniture and equipment, the B of M reports earnings for the twelve months ended October 31st, 1947, of

| | |
|---|-----------------|
| \$ 9,579,285.29 | |
| Provision for Dominion Income and Excess Profits Taxes and Provincial Taxes | 4,156,000.00 |
| Leaving Net Earnings of | \$ 5,423,285.29 |

This amount was distributed as follows:

| | |
|------------------------------------|-----------------|
| Dividends to Shareholders | \$ 5,600,000.00 |
| Balance to Profit and Loss Account | 1,823,285.29 |

B of M EARNINGS ON THE SHAREHOLDERS' INVESTMENT

On each dollar of the shareholders' money invested in the Bank of Montreal, the Bank earned 11.81 cents in 1947.

| | |
|-----------------|------------|
| To TAXES | 5.12 cents |
| To SHAREHOLDERS | 4.43 cents |
| To SURPLUS | 2.26 cents |

BRIGGS NOW IN SEATTLE

But May Return To Prince Rupert-Southeastern Alaska Service

Phil Briggs, who last summer inaugurated a steamship service between Prince Rupert and Alaskan ports has moved to Seattle but he may not remain there indefinitely.

Briggs expected to develop a growing trade and shipping service in the north but business did not turn out as anticipated. After a few months, the freighting schedule was cancelled and the Briggs Steamship Co. ceased operating out of Juneau and Prince Rupert for the time being. Since then, the vessel he was using, the Southeastern, has been transferred to Seattle ad, throughout the winter, will be used in charter work out of the Puget Sound port where Mr. and Mrs. Briggs and their five children will reside until spring.

It is believed quite possible Briggs will return north next year and resume freight sailings. All future business, however, Briggs says, must be based on guarantees instead of promises.

FUGITIVES FROM RUMANIAN TREASON TRIAL—Constantiu Visoianu, left, former prime minister of Romania, and Grigore Niculescu-Buzesti, ex-foreign minister of that country, are shown as they arrived in New York. Both are being tried in "absentia" on treason charges in Bucharest, where it was revealed at the trial of other accused Romanians that the two statesmen were smuggled out of the country by American airplanes that landed secretly in Romania. Among those accused in the Bucharest trial is Juliu Maniu, one of Romania's most popular statesmen before the pro-Communist regime.

Mosley Gets Busy Again

Proposes African-European Link to Offset Soviet Barbarism

LONDON (AP)—Sir Oswald Mosley, former leader of the British Union of Fascists, will probably announce next week his decision on the formation of a new "union movement" to link South Africa and Europe which he intimated to his supporters in his first post-war public speech a week ago.

Since his return to public life, when he said it would take him a fortnight to decide whether to form a new political group, Mosley is understood to have discussed the move at secret conferences with his closest colleagues.

Mosley said that his politics had advanced "as far beyond both the Fascism and democracy of 1939 as the jet-propelled airplane beyond the design of the Nineteenth Century steam engine."

He repeatedly emphasized that the union of Europe with the development of Africa to help save the world "from barbarians of Soviet Russia" was the main practical idea of his new doctrine.

ISLEYS HOPE FOR UNITED NATIONS

Still Full of Life and Possibilities, Declares Mr. Isley

LAKE SUCCESS (AP)—Minister of Justice J. L. Isley said today that the present United Nations session shows the organization has "plenty of vitality" and there are no signs of decay or slow or rapid death.

Appraising the near-ending session for the Canadian Press, the head of the Canadian delegation said "feeling between delegates improved as the meetings went on."

Mr. Isley expressed his views as members of the United Nations were still deadlocked on details of Palestine partition.

Seasonable Ideas for Housekeepers

FALL DINNERS FEATURE FOWL—MORE SUBSTANTIAL MEALS NOW

When the weather turns cool, the menu-planner thinks more of the main course of more substantial meals.

Roast turkey or chicken are always worth a cheer from the family but a good chicken pie or pot pie is enjoyed with equal satisfaction and is almost an economy meal if made with fowl and if it has plenty of rich gravy.

Small fowl, weighing from 3 to 3½ pounds are plentiful just now and yield as much meat in proportion to their size as the bigger ones of 5 to 6 pounds. As an added attraction the smaller birds have a slightly higher percentage of white meat for those who prefer it.

The small fowl is an excellent buy for the family of two or three and when the group is larger two of these small birds may be better than one of the larger size.

Fowl require long slow cooking in moist heat in order to make them completely tender. Modern methods of cooking include the use of pressure saucepans and where time is a consideration cut up fowl may be cooked in 25 to 30 minutes instead of the usual 2 to 3 hours of simmering.

Fowl is sometimes roasted by a combination of steaming and baking. In this case the stuffed bird is placed in a covered pan with a small amount of water and slowly cooked until tender. To brown the bird, during the last half hour the cover is removed.

Fricassee Chicken With Sour Cream

- 1 fowl (3½ to 4 lbs.) cut into serving portions
- 3 tablespoons vinegar
- ½ cup flour
- ¼ teaspoon pepper
- 1 teaspoon salt
- ¼ cup fat
- ½ cup chopped onion
- ¼ cup chopped parsley or celery leaves
- 1½ cup sour cream

Rub fowl with vinegar and roll in mixture of flour, salt and pepper. Melt fat and brown meat on all sides in hot fat. Place browned chicken in large casserole, add onions, parsley or celery leaves and cover with sour cream. Cook covered in a moderately slow oven, 325 degrees F., until tender, 2½ to 3 hours. Six servings.

Chicken Johnny Cake
2 tablespoons chicken fat or other fat
2 cups diced cooked chicken
¾ cup corn meal
1¼ cups sifted pastry flour
1 tablespoon sugar
½ teaspoon salt
3 teaspoons baking powder
2 teaspoon celery seed or celery salt
1 beaten egg
¾ cup milk
1 tablespoon minced parsley
¼ cup melted chicken fat or other fat

Melt the two tablespoons fat in a 7x11 inch baking dish. Spread the chicken evenly over the bottom of this pan. Sift dry ingredients into bowl. Add egg, milk and parsley, stirring lightly; quickly fold in the ¼ cup melted fat. Pour batter over chicken, spreading evenly. Bake in a very hot oven (425 degrees F.) for 20 to 25 minutes. Unmold, inverted on platter, or serve from baking dish. Garnish with parsley and pimiento. Serve immediately with chicken or giblet gravy or seasoned cream sauce made with part chicken stock.

Timely Recipe

Sherried Peaches

- 8 to 10 canned cling peach halves
 - ½ cup canned cling peach syrup
 - ¼ cup granulated sugar
 - ½ cup sherry wine.
- Drain peaches. Mix syrup and sugar, bring to a boil and pour over peaches. Add sherry; cover closely and allow to stand overnight. Serve at room temperature. Serves 8 to 10.

WOMEN ABLE TO CONTROL PRICES

Calls on Consumers, Retailers, Wholesalers, Growers to Co-operate

TORONTO (AP)—Mrs. R. J. Marshall, president of the Canadian Association of Consumers, says that control of the current price flurry in home-grown fresh fruits and vegetables rests in the hands of women shoppers themselves.

Prices on many items jumped after imports from the United States were restricted last week.

Mrs. Marshall calls on consumers, retailers, wholesalers and grocers to join in a voluntary co-operative effort to halt unwarranted price rises and calls on housewives not to buy if prices are unduly increased.

PAY LAND IN CROPS

OTTAWA (AP)—Veterans living in the spring wheat area of the prairie provinces settled as full-time farmers under the Veterans' Land Act will have the option of paying for their farms on the basis of crop yield under a new order-in-council announced today by Veterans' Minister Ian Mackenzie.

Under the new arrangement the veteran may elect to pay the V.L.A. director half of his crop "in excess of six bushels per acre per year" instead of the usual cash payments. Should the crop exceed eighteen bushels per acre, the veteran would have the right to keep the payments to a maximum of six bushels per acre but also may exceed this amount if the crop is sufficiently good.

R.C.M.P. VETERAN DIES IN ALBERTA

EDMONTON—In Lethbridge last week Patrick Egan, old time member of the R.C.M.P., and particularly well known in the north during the gold rush days, passed away. He was noted for the part he took in apprehending a murderer named Brophy. This is one of the outstanding stories of Canadian police records. Paddy Egan never missed a sour dough convention, until the state of his health prevented long journeys. A sister in Halifax died there four years ago.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case of garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 6, 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. SHORT SPORT

The No. 1 question in box-fight circles in Toronto today is whether the pile of hope blocks Promoter Frank Tunney built around Lil' Arthur King in an effort to revive boxing interest there is going to come tumbling down because King has failed to live up to advance notices. Boxing sank to an all-time low in Toronto until Tunney plucked the once-sensational negro lightweight from amateur ranks a couple of years ago and built him up as headliner for professional shows. He acquired the nickname "Tiger" as he belted opponents aside but of late the talons seem to have been removed from his paws.

fighter unless it was Montreal's Dave Castelloux, and when they met the French-Canadian was well past his prime. King still seems unable to throw a right hand without throwing himself and he's still easy to hit. He hasn't learned to step forward when pitching a left.

The answer may be with King that the world is no longer the dreary, lonely, moneyless place it was when he, fresh out of an orphanage, discovered he could pick up a few dollars by banging somebody on the chin. He was desperate then and he fought like it, but since turning pro the Negro has since earned what to him is "big money." He'll be seen in action in Toronto again next month and whether or not he will be able to continue to draw cash customers depends on whether he regains the "killer" instinct that started his fistic climb.

ALASKA DRAWS MUCH INTEREST

People of United States, Frustrated and Restless, Look Northward

ANCHORAGE—Alaska and the northland generally continue to be of live interest in the United States, says Rev. Father Warren Fenn, who is back from a five-months' sojourn in different parts of the Union.

"Everyone," he remarked, "is quick to ask questions about the north, once they know you are from there. I also noticed this. There is restlessness. People appear frustrated or afraid of something. It might be due to the numerous strikes, or the shortages, or the seeming confusion and international complexities."

LIVING HAPPILY

The business of living happily is synonymous with moderation—moderation in our attitudes, moderation in our spending, moderation in our personal habits.

And, when an occasion calls for the use of whisky, moderation in drinking.

For, as the House of Seagram has so frequently pointed out, along the path of moderation lies peace of mind, the respect of our neighbours, the confidence of our business associates, security and happiness.

Men who think of tomorrow Practice Moderation Today!

Timely Topics from Terrace

Miss Annie Lips, principal of the Terrace Elementary School, and Mrs. Hamilton, also of the teaching staff, travelled by car to Prince Rupert on Friday, returning home on Saturday.

H. Noakes, school teacher here, visited Capt. J. A. Willson, the school teacher at Cedarvale, returning on Thursday's train.

Jack Barman travelled to Nash on Wednesday, returning later in the week.

Mr. Levins, school inspector, arrived in Terrace on Thursday's train and returned to his home in Telkwa on Friday.

Mrs. Vic Girard has returned from Smithers whence, with Mrs. Sherwood, she accompanied her father, Nigel Sherwood, for hospital treatment. She reports that her father is progressing favorably in hospital and will very shortly be back home in Terrace.

Mrs. A. B. Love returned to her home in Prince Rupert Thursday evening after a few days' visit with her son-in-law and daughter, Mr. and Mrs. Raymond Judd.

Mrs. Joe McConnell and family left on Thursday for Zeballos where they will make their future home.

A show for adults arranged by the National Film Board was held in the Terrace Theatre on Thursday evening. It was an excellent showing of interesting films which kept the attention of the audience all the way through. Special P.T.A. films were shown, "Citizens of Tomorrow" and "As the Twig is Bent" dealing with problem children and parents. There also were films on skiing, synthetic rubber, "What's on Your Mind?" (a psychiatric film) and a very interesting film on the reclamation of lands from the inroads of the tides of Nova Scotia. Ending the show was a "sing-song" and a cartoon. These shows will be put on every month by the National Film Board.

Miss Annie Lips, principal of the Terrace Elementary School, and Mrs. Hamilton, also of the teaching staff, travelled by car to Prince Rupert on Friday, returning home on Saturday.

Terrace Women's Institute Meet

Good Year Reported and Further Activity Planned
 TERRACE—The home of Mrs. J. Maxted was filled on Thursday evening when the annual meeting of the Women's Institute was held there. Mrs. T. Olsen, as chairman, conducted the meeting which opened with the institute creed.

The treasurer's report showed a favorable bank balance. Two Christmas parcels have been sent to families in Holland and another parcel of toys and warm garments is ready to go.

It was decided to write to the University of British Columbia Extension Department for information on "Keeping Fit," also to write to Miss Travis, of the Extension Department, concerning various classes of home arts which, it is hoped, she will be able to conduct here next spring.

Mrs. Sikler volunteered to show and teach the art of leather glove making when a class can be arranged.

The offer of the Civic Centre's clubroom for a meeting place was accepted but it was decided that, for the winter months, the members would hold their meetings in one another's homes.

SAYS NO MAN IS SELF-MADE

Dr. Douglas H. Telfer, Head of United Church in B.C. Speaks Here

"There is no such thing as a self-made man," declared Rev. Dr. Douglas H. Telfer, president of the British Columbia Conference, United Church of Canada, speaking at the evening service in the First United Church last night. "What we have owe to the assistance of others. Our life is a legacy or a trust that has been handed on to us by those who have gone before. To each new generation the dreams and aspirations of the past are handed down and we discharge our debt by contributing our best to the greater principles of life. By doing this we also keep faith with generations yet to come."

Dr. Telfer declared: "We could well adopt the guiding rule of the true scientist who feels that only his best is good enough, even though the research he is working on may not be completed for another hundred years. The generation living today is not likely to see Christianity become the guiding force throughout the entire world but we can and should add our efforts to the work done by Christians down through the centuries right back to Jesus Christ, the pioneer who gave everything and died upon the cross for us."

Referring to the things men hold in trust, Dr. Telfer stated it was possible to lose the good things of life if they are not willing to pay the price of maintenance. "We may raise a family and hope that each child will grow up and take his or her place in society, a society whose code is based on the ideals of Christianity. But if we have shirked our responsibilities to this code our children will enter a society whose moral strength has been weakened."

Dr. Telfer, who also took the

VISHINSKY IN LISTENING MOOD—Chief delegate of the Russian delegation to the U.N., Andrei Y. Vishinsky, right, is usually pictured making a fiery speech, but this time he is doing the listening. He appears very interested in the conversation of Dmitro Z. Manuisky, Ukranian delegate, just before the world organization rejected Vishinsky's "warmongering" resolution. He then proposed a milder measure, which was adopted.

Hazelton Woman Buried On Friday

Mrs. Jane Sebastian, 57-year-old Hazelton woman, died this morning at Miller Bay Hospital after a lengthy illness. She was predeceased a number of years ago by her husband. Burial will take place at Prince Rupert later this week.

SAFETY FIRST NIAGARA FALLS, Ont.

Eight daredevil workmen painting Whirlpool Rapids Bridge 200 feet above the Niagara River gorge now are wearing safety belts on instructions from the Ontario Construction Safety Association.

An example of united effort was the part being played by the Sunday School children throughout Canada who were turning in silver and coppers to a fund for the purchase of a new "Sky Pilot" mission boat for this coast. As president of the British Columbia United Church conference, Dr. Telfer is making it a point to impress each gathering he addresses with the important part they can take in the work of the church as a whole.

Following the evening service Dr. Telfer was guest of honor at a reception held in the church hall. He was introduced to each of the 40 people present by Rev. R. A. Wilson after which all joined in singing a number of hymns. Refreshments were arranged by the Women's Auxiliary.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I secure a finer grain when baking a cake?

A. Try using a wire egg whip for beating the cake. It will give a finer grain and also lighten the task.

Q. How can I mend a tear in a garment in an emergency?

A. A snag in the clothes can be mended temporarily by attaching a piece of adhesive plaster to the underside of the cloth, being sure to bring the torn edges closely together.

Q. What should be given to an invalid who is feverish?

A. If the invalid is feverish, avoid giving anything that quickens the circulation. Milk diet is largely resorted to in such cases.

Q. How can I cook meats and vegetables quicker?

A. They will cook quicker and be more tender if a pinch of cooking soda is put in the water when boiling them.
